FIRST REGULAR SESSION

---

FIFTY-THIRD DAY—THURSDAY, APRIL 12, 2007

---

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

“The present moment holds infinite riches, but you will only enjoy them to the extent of your faith and love. The more a soul loves, the more it longs, the more it hopes, the more it finds.” (Jean-Pierre De Caussade)

Gracious God, this day holds much for us to do and think about and then to act upon and it will be busy and have distractions; but we would ask that after they are completed, You would help us shift our minds and hearts to our important relationships with those You have given us to love. Help us use this weekend to enrich our souls and draw closer to You and our families as we celebrate the possibilities You provide us. In Your Holy Name we pray. Amen.

#### SENATE AMENDMENT NO. 2

Amend Senate Substitute No. 2 for Senate Committee Substitute for Senate Bill No. 204, Page 1, Section A, Line 3, by inserting immediately after said line the following:

"142.031. 1. As used in this section the following terms shall mean:

(1) "Biodiesel", fuel as defined in ASTM Standard D-6751 or its subsequent standard specifications for biodiesel fuel (B100) blend stock for distillate fuels;

(2) "Missouri qualified biodiesel producer", a facility that produces biodiesel, is registered with the United States Environmental Protection Agency according to the requirements of 40 CFR 79, and:

(a) Is at least fifty-one percent owned by agricultural producers who are residents of this state and who are actively engaged in agricultural production for commercial purposes; or

(b) At least eighty percent of the feedstock used by the facility originates in the state of Missouri. For purposes of this section, "feedstock" means a Missouri agricultural product as defined in

section 348.400, RSMo.

2. The "Missouri Qualified Biodiesel Producer Incentive Fund" is hereby created and subject to appropriations shall be used to provide economic subsidies to Missouri qualified biodiesel producers pursuant to this section. The director of the department of agriculture shall administer the fund pursuant to this section.

3. A Missouri qualified biodiesel producer shall be eligible for a monthly grant from the fund provided that one hundred percent of the feedstock originates in the United States. However, the director may waive the feedstock requirements on a month-to-month basis if the facility provides verification that adequate feedstock is not available. A Missouri qualified biodiesel producer shall only be eligible for the grant for a total of sixty months unless such producers during the sixty months fail, due to a lack of appropriations, to receive the full amount from the fund for which the producers were eligible, in which case such producers shall continue to be eligible for up to twenty-four additional months or until they have received the maximum amount of funding for which such producers were eligible during the original sixty-month time period. The amount of the grant is determined by calculating the estimated gallons of qualified biodiesel produced during the preceding month from [Missouri] agricultural products, as certified by the department of agriculture, and applying such figure to the per-gallon incentive credit established in this subsection. Each Missouri qualified biodiesel producer shall be eligible for a total grant in any fiscal year equal to thirty cents per gallon for the first fifteen million gallons of qualified biodiesel produced from [Missouri] agricultural products in the fiscal year plus ten cents per gallon for the next fifteen million gallons of qualified biodiesel produced from [Missouri] agricultural products in the fiscal year. All such qualified biodiesel produced by a Missouri qualified biodiesel producer in excess of thirty million gallons shall not be applied to the computation of a grant

pursuant to this subsection. The department of agriculture shall pay all grants for a particular month by the fifteenth day after receipt and approval of the application described in subsection 4 of this section.

4. In order for a Missouri qualified biodiesel producer to obtain a grant from the fund, an application for such funds shall be received no later than fifteen days following the last day of the month for which the grant is sought. The application shall include:

(1) The location of the Missouri qualified biodiesel producer;

(2) The average number of citizens of Missouri employed by the Missouri qualified biodiesel producer in the preceding month, if applicable;

(3) The number of bushel equivalents of Missouri agricultural commodities **and non-Missouri agricultural commodities** used by the Missouri qualified biodiesel producer in the production of biodiesel in the preceding month;

(4) The number of gallons of qualified biodiesel the producer manufactures during the month for which the grant is applied;

(5) A copy of the qualified biodiesel producer license required pursuant to subsection 5 of this section, name and address of surety company, and amount of bond to be posted pursuant to subsection 5 of this section; and

(6) Any other information deemed necessary by the department of agriculture to adequately ensure that such grants shall be made only to Missouri qualified biodiesel producers.

5. The director of the department of agriculture, in consultation with the department of revenue, shall promulgate rules and regulations necessary for the administration of the provisions of this section.

6. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created

under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.

7. This section shall expire on December 31, 2009. However, Missouri qualified biodiesel producers receiving any grants awarded prior to December 31, 2009, shall continue to be eligible for the remainder of the original sixty-month time period under the same terms and conditions of this section unless such producer during such sixty months failed, due to a lack of appropriations, to receive the full amount from the fund for which he or she was eligible. In such case, such producers shall continue to be eligible for up to twenty-four additional months or until they have received the maximum amount of funding for which they were eligible during the original sixty-month time period.”; and

5. To the maximum extent practicable, the department shall obtain funding for the incremental cost of the blended biodiesel fuel from

the biodiesel fuel revolving fund established in section 414.407.
