

# Journal of the Senate

SECOND REGULAR SESSION

---

**FIFTY-EIGHTH DAY—MONDAY, APRIL 28, 2008**

---

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

“Make it a practice to judge a person and things in the most favorable light at all times, in all circumstances.” (St. Vincent de Paul)

Gracious Lord, as we begin a new week let us be discerning in all that comes before us, whether it be people of varied backgrounds or bills we must come to understand and make a decision about or our policies that are reflected in what and who are winners and losers in such a competitive arena. In all things let us follow the path You desire for us. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

HOUSE COMMITTEE SUBSTITUTE FOR  
HOUSE CONCURRENT RESOLUTION NOS. 43 and 46

WHEREAS, The Boeing Company Integrated Defense Systems (Boeing), based in St. Louis, Missouri, has been building and maintaining

refueling tankers for the United States Air Force (USAF) for 50 years and has more experience building tankers than any other company in the world; and

WHEREAS, Boeing has proposed the KC-767 as a replacement for the KC-135 Stratotanker, an American-made tanker that has been in use since 1958; and

WHEREAS, the KC-767 meets or exceeds all USAF requirements, including range and fuel offload capabilities, mission flexibility for carrying patients, passengers, and material; and

WHEREAS, the KC-767 will interoperate with 99% of USAF's existing equipment, saving an estimated \$4 billion in lifecycle costs, and will operate from existing infrastructure throughout the world saving the expense of costly runway, tarmac, and hangar expansion required for a larger plane; and

WHEREAS, the KC-767 would have created or sustained 44,000 jobs in 40 states with 300 suppliers; and

WHEREAS, on February 29, 2008, the USAF announced the selection of European Aeronautic Defence and Space Company (EADS), a company based in France, and its partner Northrop Grumman Corporation, for a contract to replace aerial refueling tankers, a contract that could reach in excess of \$100 billion in value; and

WHEREAS, the U.S. Government has a WTO lawsuit pending against EADS regarding illegal subsidies that have caused great harm to U.S. Industry; and

WHEREAS, EADS routinely sells military products and technology to countries on the U.S. Embargo list; and

WHEREAS, the EADS tanker is wasteful and bad for the environment as it burns 24% more fuel and pumps 30% greater emissions into our environment than the KC-767; and

WHEREAS, EADS and Northrop Grumman have never jointly built a tanker aircraft or delivered an air-to-air refueling boom, while Boeing has built and upgraded over 2,000 operational tankers and delivered over 1,800 air-to-air refueling booms; and

WHEREAS, given the current state of the U.S. economy, taxpayer dollars should not be used to fund the economic growth of European countries, while America loses 44,000 quality jobs associated with the KC-767; and

WHEREAS, relying on a foreign supplier of military equipment is unwise and not in the national security interest of the country:

NOW, THEREFORE, BE IT RESOLVED that the members of the House of Representatives of the Ninety-fourth General Assembly, Second Regular Session, the Senate concurring therein, hereby urge the United States Air Force to reconsider its decision to replace the KC-135 refueling tanker with a tanker supplied by a foreign company that is substantially built in foreign countries; and

BE IT FURTHER RESOLVED that the General Assembly strongly urges the President of the United States and Congress to immediately and vigorously investigate the proposed outsourcing of taxpayer-funded jobs, and its impact on the U.S. economy and the procurement process that made possible this transfer of billions of dollars to foreign workers; and

BE IT FURTHER RESOLVED that the General Assembly urge the President of the United States and Congress to investigate and thoroughly review the benefits, costs, and national security risks associated with contracting for the design and construction of high-technology military equipment and systems in and by foreign nations which may not always share U.S. interests, objectives, and missions; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for the President of the United States, the United States Secretary of Defense, the Secretary of the Air Force, and each member of the Missouri Congressional delegation.

In which the concurrence of the Senate is respectfully requested.

Also,

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and adopted **HCR 15**.

HOUSE CONCURRENT RESOLUTION NO. 15

Whereas, the Commercial Motor Vehicle Safety Act of 1986 was signed into law with the goal to improve highway safety by ensuring that drivers of large trucks and buses are qualified to operate those vehicles and to remove unsafe and unqualified drivers from the highways; and

Whereas, the federal Act retained a State's right to issue a driver's license, but established minimum national standards which States must meet when licensing commercial motor vehicle drivers; and

Whereas, the federal Act corrected the situation that existed prior to 1986 by making it illegal to hold more than one license and by requiring States to adopt testing and licensing standards for truck and bus drivers to check a person's ability to operate the type of vehicle the driver plans to operate; and

Whereas, since April 1, 1992, drivers have been required to have a commercial driver's license (CDL) in order to drive a commercial motor vehicle. The Federal Highway Administration (FHWA) issued standards for testing and licensing of commercial motor vehicle drivers which require States to issue CDLs to their commercial motor vehicle drivers only after the driver passes knowledge and skills tests administered by the State related to the type of vehicle to be operated; and

Whereas, drivers need CDLs if they are in interstate, intrastate, or foreign commerce and drive a vehicle that meets the federal definition of a commercial motor vehicle; and

Whereas, States develop their own tests which must be at least as stringent as the federal standards; and

Whereas, this restriction does not prohibit States from allowing a person 19 years of age to qualify for a CDL, because it is limited to intrastate operation only. Such a restriction prohibits a person between the ages of 19 and 21 with a CDL from the interstate operation of a commercial motor vehicle; and

Whereas, the establishment of a controlled pilot program by the Federal Motor Carrier Safety Administration (FMCSA) lowering the federal minimum age for commercial motor vehicle drivers in interstate commerce from 21 to 19, which would include behind the wheel training, mentoring, and an evaluation component, would be the first step in advancing the program while still promoting highway safety; and

Whereas, a FMCSA controlled pilot program for 19 to 21 year-olds has the potential of relieving a severe commercial motor vehicle driver shortage in the States and Nation, and creating excellent career opportunities:

Now, therefore, be it resolved that the members of the House of Representatives of the Ninety-fourth General Assembly, Second Regular Session, the Senate concurring therein, hereby urge the Federal Motor Carrier Safety Administration to establish a controlled pilot program to evaluate the potential of lowering the age requirements for interstate commercial motor carrier drivers from 21 to 19 years of age; and

Be it further resolved that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copy of this resolution for the Administrator of the Federal Motor Carrier Safety Administration, John H. Hill, and each member of the Missouri Congressional Delegation.

In which the concurrence of the Senate is respectfully requested.

Also,

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and adopted **HCR 34**.

HOUSE CONCURRENT RESOLUTION NO. 34

Whereas, the health and safety of our children is of highest concern to the citizens of Missouri; and

Whereas, promoting safe and healthful walking and bicycling to school is important to Missouri students, parents, and teachers, and has been shown to improve student's health and academic performance; and

Whereas, hundreds of children could be saved from harm each year if communities take steps to make pedestrian safety a priority; and

Whereas, driving students to school by private vehicle contributes to traffic congestion and air pollution, creating over 25% of community traffic at the beginning and end of each school day; and

Whereas, lack of physical activity plays a leading role in rising rates of obesity, diabetes, and other health problems among children, and

walking or bicycling to school offers an opportunity to build healthful physical activity into a child's daily routine; and

Whereas, the number of children walking and bicycling to school has decreased dramatically in recent years, with less than 10% of students walking or bicycling to school now compared to 50% just 30 years ago; and

Whereas, the MoDOT Safe Routes to School program is helping dozens of Missouri communities make the neighborhoods near their schools safer and more inviting for walking and bicycling, and developing programs to encourage parents and students to walk and bicycle to school; and

Whereas, an important role for parents and caregivers is to teach children about pedestrian safety and become aware of the difficulties and dangers that children face on their trips to school each day and the health and environmental risks related to physical inactivity and air pollution; and

Whereas, community members and leaders should make a plan to make immediate changes to enable children to safely walk and bicycle in our communities and develop a list of suggestions for improvements that can be done over time; and

Whereas, children, parents, and community leaders around the world are joining together to walk to school and evaluate walking and bicycling conditions in their communities; and

Whereas, Walk and Bicycle to School Month in October and Walk and Bicycle to School Week the first week in October have proven to be helpful in encouraging children to safely walk and bicycle to school and in creating and promoting local Safe Route to Schools programs across the United States and throughout the world:

Now, therefore, be it resolved that the members of the House of Representatives of the Ninety-fourth General Assembly, Second Regular Session, the Senate concurring therein, hereby recognize the month of October 2008 as "Walk and Bicycle to School Month", the week of October 6-10, 2008, as "Walk and Bicycle to School Week", and October 8, 2008, as "Walk and Bicycle to School Day" in Missouri; and

Be it further resolved that the General Assembly urges all students, parents, teachers, administrators, schools, and school districts to participate in these events.

**In which the concurrence of the Senate is respectfully requested.**

Also,

**Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and adopted **HCR 35**.**

**HOUSE CONCURRENT RESOLUTION NO. 35**

Whereas, the bicycle is a viable and environmentally sound form of transportation and an excellent form of recreation; and

Whereas, millions of Missourians will experience the joys of bicycling during the month of May through educational programs, races, commuting events, trail work days, helmet promotion, charity events, or just getting out and going for a ride; and

Whereas, Missouri's Katy Trail attracts hundreds of thousands of bicyclists each year from all 50 states and from across the globe, providing economic, health, and scenic benefits to the citizens of Missouri and the world; and

Whereas, Missouri hosts four major cross-country bicycle tourism routes that attracts thousands of cross-country and local bicyclists each year, including the Mississippi River/Great Rivers Trail, the American Discovery Trail, the Lewis and Clark Trail, and the TransAmerican Trail; and

Whereas, the Tour of Missouri bicycle race is poised to again bring hundreds of world-class athletes and thousands of bicycle tourists to Missouri on September 8-14, 2008, and put Missouri's bicycling attractions and scenic countryside before a world stage; and

Whereas, these bicycling activities and attractions have great potential to have a positive impact on Missouri's economy and tourism industry and to stimulate economic development by making the state attractive to businesses and citizens who enjoy the out of doors and healthy lifestyles; and

Whereas, creating bicycle-friendly communities has been shown to improve citizens' health, well-being, and quality of life, to boost community spirit, to improve traffic safety, and to reduce pollution and congestion; and

Whereas, May has been declared National Bike Month for each of the last 52 years, and is so again in 2008; and

Whereas, the League of American Bicyclists, the Missouri Bicycle Racing Association, the Missouri Bicycle Federation, bicycle clubs, schools, parks and recreation departments, police departments, hospitals, companies and civic groups through Missouri will be promoting bicycling as a leisure activity as well as an environmentally-friendly alternative to the automobile during the month of May 2008; and

Whereas, the education of bicyclists and motorists as to the proper and safe operation of bicycles is important to ensure the safety and comfort of all users; and

Whereas, the Missouri Bicycle Federation, the Kansas City Share the Road Safety Task Force, St. Louis TrailNet, the St. Louis Regional Bicycle Federation, GetAbout Columbia, the Columbia PedNet Coalition, Velo Girardeau, SpringBike, Ozark Greenways, Parkland Cyclists, St. Joseph Bicycle Club, Quad States Trails of St. Joseph, and other organizations across the state will promote bicycle safety during the month of May 2008:

Now, therefore, be it resolved that the members of the House of Representatives of the Ninety-fourth General Assembly, Second Regular Session, the Senate concurring therein, hereby recognize the month of May 2008 as "National Bike Month and Bicycle Safety Month", and the week of May 12-16, 2008, as "Bike to Work Week"; and

Be it further resolved that the General Assembly urges all who support bicycling to participate in the events planned and urges all road users to share the road safety with bicyclists.

In which the concurrence of the Senate is respectfully requested.
