## PREFACE

The Senate Appropriations Committee is pleased to present this Annual Fiscal Report. It is designed to provide legislators, legislative and departmental staff, and the public detailed information about the appropriations and budget process that occurred during the 94<sup>th</sup> General Assembly, 2nd Regular Session (2008) as well as information about fiscal and budget issues for previous years.

The Report is divided into five sections. Section I, **FY 2009 Statewide Budget Information**, provides a summary of Missouri's \$22.4 billion operating budget for Fiscal Year 2009. This section includes appropriation bill totals for operating and capital improvements. In addition, this section contains an appropriation veto summary, the fiscal year general revenue estimate, a full time equivalent (FTE) summary by department and several charts and graphs depicting revenue and appropriation information.

Section II, **FY 2009 Departmental Budget Information**, provides detailed information on each state department. Information includes the appropriation amount, percentage increases or decreases, and the major changes from the previous fiscal year. This section also contains pie charts that display information unique to each department.

Section III, **Missouri State Finances**, provides historical expenditure information on the state's operating and capital improvement budgets. In addition, information is presented regarding past revenue collections, an analysis of state tax credits, bond indebtedness, and the distribution of gaming, lottery and tobacco settlement revenues.

Section IV, **Legislation**, provides a fiscal impact summary of legislation enacted in 2008. Detailed summaries are provided for Senate Bill 711 (Gibbons) related to property tax, Senate Bill 718 (Kennedy) related to economic development, and Senate Bill 1081 (Nodler) quality assurance and safety in the Division of Mental Retardation and Developmental Disabilities Community Programs.

Section V, **Topics of Interest**, provides information about a wide variety of subjects of current interest. This section contains information related to the highway fund cap, court ordered desegregation, state employee pay plan history, state rankings and performance, budget reserve fund, total state revenue calculation, budget process overview, and the calendar of floor action on appropriation bills.

We hope that the Annual Fiscal Report will provide the reader with a wide range of interesting topics regarding the Missouri state budget and finances. If you have any comments or suggestions please send them to Dan Haug, Senate Appropriations Committee Staff, Rm. ## **FISCAL YEAR 2009 STATEWIDE BUDGET INFORMATION**

# BUDGET PROCESS OVERVIEW

## STATE OF MISSOURI

---

### **I. Department Budget Preparation**

- A. State agencies prepare budget requests during summer and fall for the following fiscal year in accordance with guidelines issued by the Office of Administration's Division of Budget and Planning.
- B. Budget requests are submitted to OA-Budget and Planning by October 1. Copies are submitted to the legislature at the same time.

### **II. Governor Recommends Executive Budget**

- A. After analysis by OA-Budget and Planning, the Executive Budget is published in mid-January.
- B. Governor gives State of the State and Budget Message to a Joint Session of the Legislature in the first few weeks of the legislative session in January.
- C. Appropriations Bills, the first twenty or so House Bills, are introduced by the Chairman of the House Budget Committee.

### **III. House Appropriations Committees Operating Budget Hearings**

- A. After introduction, Appropriations Bills are referred to the House Budget Committee for assignment to the appropriate House Appropriations Committee.
- B. Each House Appropriations Committee (General Administration and Transportation, Education and Public Safety, Natural and Economic Resources, Health and Mental Health, and Social Services and Corrections) holds budget hearings in late January or early February for agencies to testify on their budget requests and the Governor's recommendations.

### **IV. House Action on Emergency and Supplemental Appropriations**

- A. House Budget Committee conducts hearings on emergency and supplemental requests for the current year early in the session. Emergency and supplemental appropriations are for unforeseen changes in circumstance in the current fiscal year. The legislature takes action only on the requests recommended by the Governor.
- B. House Budget Committee "marks-up" emergency and supplemental appropriation bills and sends House Committee Substitutes to the full House for action.

**V. House Appropriations Committee Operating Budget Recommendations**

- A. House Appropriations Committees “mark-up” the operating budgets and staff prepares House Committee Substitute bills to reflect the committee recommendations.
- B. House Appropriations Committee Chairmen present recommendations to the House Budget Committee.

**VI. House Budget Committee Acts on Operating Budget**

- A. House Budget Committee either accepts the House Appropriations Committee recommendations, alters the recommendations, or rejects the recommendations with instructions for the House Appropriations Committee to reconsider the proposed budget.
- B. House Committee Substitute Appropriations bills as approved by the House Budget Committee are sent to the full House of Representatives with a committee recommendation.

**VII. House Floor Action on Operating Budget**

- A. All appropriations bills for the operating budget are brought before the House of Representatives.
- B. House Committee Substitute (or House Substitute) bills as perfected by amendment and floor vote are sent to the Senate, usually with one-third of the session remaining.

**VIII. House Action on Capital Budget**

- A. House Budget Committee conducts hearing and “marks-up” capital budget for recommended House Committee Substitute Bills. The capital budget uses a biennial appropriations process for major, multiyear projects. During the second year of the biennium, funding is provided for critical projects not envisioned at the time of the adoption of the biennial budget.
- B. Full House passes House Committee Substitute (or House Substitute) bills and sends to the Senate.

**IX. Senate Appropriations Committee Operating Budget Hearings**

- A. Senate Appropriations Committee conducts budget hearings and reviews in late January.
- B. Senate Appropriations Committee “marks-up” operating budget, prepares recommendations, and staff prepares summaries of action for presentation to the full Senate.

**X. Senate Appropriations Committee Action**

- A. Senate Appropriations Committee conducts hearings and “marks-up” emergency and supplemental appropriations to prepare Senate Committee Substitute for House Committee Substitute appropriations bill on emergency and supplementals.

- B. Senate Appropriations Committee conducts hearings and “marks-up” capital budget for Senate Committee Substitute bills.

**XI. Senate Action on Appropriations**

- A. Full Senate either adopts Senate Committee Substitutes, amends Senate Committee Substitutes, or adopts Senate Substitute bills for appropriations on emergency and supplemental, operating, and capital budgets.
- B. The Senate returns the appropriation bills to the House of Representatives for acceptance or for the House to make a request for conference to settle differences.

**XII. Conference Committee(s) on Appropriations**

- A. Conference Committees, consisting of five (5) members from the House of Representatives and five (5) members from the Senate, meet to achieve compromises, settle differences and adopt Conference Committee Substitute appropriations bills.
- B. Conference Committee bills are then returned to the full House and Senate to be Truly Agreed to and Finally Passed.

**XIII. Governor’s Line-Item Veto**

- A. Truly Agreed To and Finally Passed appropriations bills are sent to the Governor for signature.
- B. Governor either signs an appropriations bill, vetoes entire bill, or line-item vetoes part or all of sections or lines in the bill. Appropriations for payment of principal and interest on public debt and appropriations for free public schools cannot be vetoed under the Missouri Constitution. The Governor must act before July 1 and on that date the appropriated moneys may be expended.

**XIV. Governor’s Control Over Expenditure Rates**

- A. Governor controls the rate of expenditure against appropriations through the allotment process.
- B. An initial reserve plan is the statutorily required 3% withholding on appropriations to be expended upon approval of the Governor.
- C. Governor may further withhold funds to reduce expenditures below appropriations whenever actual revenues are less than estimates on which the appropriations are based.

**XV. Legislative Override of Governor's Veto**

- A. Legislature may override Governor's veto of bill or line-item by a two thirds majority in both the House and Senate during the following legislative veto session held in September.
- B. Process begins again.

## CONSENSUS STATE REVENUE ESTIMATE & RECEIPTS FY 2006 thru FY 2009

The consensus revenue estimate calculated by the Office of Administration and the General Assembly attempts to provide an accurate revenue forecast for the upcoming fiscal year, based upon projections of both the national and state economic conditions and trends. The revenue estimate is one of the first areas that is analyzed before the state budget is formulated and is usually finalized in the December preceding the next fiscal year.

## **State of Missouri Bonded Indebtedness**

The General Assembly is authorized by constitutional and statutory provisions to authorize the issuance of debt for various purposes. The Board of Fund Commissioners and the Board of Public Buildings are responsible for managing the state's issuance of general obligation instruments and revenue bonds, respectively. In addition, the General Assembly has created several financing authorities responsible for raising capital via debt issuance for specific purposes.

### **General Obligation Instruments**

The State of Missouri presently has several outstanding issues of Water Pollution Control (WPC), Third State Building (TSB), Fourth State Building (FSB), and Stormwater Control Bonds (SWB) general obligation bonds. WPC bonds provide funding for various projects aimed at protecting the environment through the control of water pollution. TSB bonds provide funding for necessary improvements to state buildings and property. FSB bonds provide funding for improvements of buildings and property of higher education institutions, the Department of Corrections, and the Division of Youth Services. SWB bonds provide funds for state use to protect the environment through the control of stormwaters. All are secured by a pledge of the full faith and credit of the state of Missouri.

The Constitution of the State of Missouri establishes limits for WPC, TSB, FSB and SWB bonds. The constitutional limit on WPC bonds is \$725 million (Article III, § 37(b), 37(c), 37(e), Missouri Constitution). The constitutional limit on TSB bonds is \$600 million (Article III, § 37(d), Missouri Constitution). The constitutional limit on FSB bonds is \$250 million (Article III, § 37 (f), Missouri Constitution). The constitutional limit on SWB bonds is \$200 million (Article III, § 37(h). The amount of WPC bonds that remain authorized but not yet issued is \$210,505,760. There is no remaining amount of authorization to be issued for the TSB and FSB bonds.

### **Revenue Bonds**

Upon approval of the General Assembly, the Board of Public Buildings is authorized to issue revenue bonds for state building projects to house state agencies. The total statutorily authorized issuance amount is \$945,000,000. The Department of Natural Resources (DNR) is also authorized to issue revenue bonds with the General Assembly's approval. DNR uses revenue bond proceeds for the acquisition and/or development of park facilities.

Revenue bonds are secured by revenues generated from the projects they finance and are not backed by the full faith and credit of the state. Section 8.420, RSMo, limits revenue bond issuance by the Board of Public Buildings to \$825 million. Sections 253.210-253.280, RSMo, limit revenue bonds issued by DNR to \$5,167,000 for state parks.

Both the Board of Public Buildings and DNR are allowed by statute to issue bonds for the purpose of refunding outstanding issues. As with general obligation bonds, revenue bonds are refunded when lower rates of interest are available.

In May of 2001, the Board issued \$173,870,000 principal amount of State Building Special Obligation Bonds, Series A 2001 for the purpose of financing the Jefferson City Correctional Center, the Western Missouri Mental Health Center, and the Department of Natural Resources Office Building, to purchase a building presently being leased by the State and pay certain costs of issuance of the Bonds. In 2003, \$387,425,000 was issued to reimburse General Revenue for costs of various capital improvements projects and new construction for a state health laboratory, University of Missouri – Kansas City Pharmacy building, and a University of Missouri – Columbia Life Sciences building. Bonds will be issued in 2006 or 2007 for the replacement women’s correctional facility located in Chillicothe.

### **Other Debt Issuances**

On August 15, 1991, the St. Louis Regional Convention and Sports Complex Authority issued \$132,910,000 of Convention and Sports Facility Project bonds for the eastern expansion of the existing Cervantes Convention Center in St. Louis. These bonds are limited obligations of the Authority and do not constitute a pledge of the full faith and credit of the state. However, under a financing agreement dated August 1, 1991, appropriations are made from General Revenue to pay the principal and interest due each year. The Regional Convention and Sports Complex Authority issued \$121,705,000 of Convention and Sports Facility Refunding Bonds in December 1993 and issued \$116,030,000 of Convention and Sports Facility Project and Refunding Bonds Series A 2003 on August 1, 2003. Payments are to conclude in fiscal year 2022. Annual appropriation is \$2,000,000.

Section 67.641 RSMo establishes appropriations up to \$2,000,000 annually to be paid from the state general revenue fund to each convention and sports complex fund created pursuant to Section 67.639. In 1997 Section 67.641 RSMo was revised and annual state contributions were increased from \$2,000,000 to \$3,000,000. In fiscal year 1991 the Kansas City Convention Center (Bartle Hall) began receiving \$2,000,000 annually from the State. Payments will continue until fiscal year 2015. In fiscal year 1991 Jackson County Convention Center (Kauffman/Arrowhead Stadium) began receiving \$2,000,000. In fiscal year 1998 the amount was increased to \$3,000,000 and will continue until fiscal year 2015.

On November 1, 2001, the Missouri Health and Education Facilities Authority (MOHEFA) issued \$35,000,000 of Educational Facilities Revenue Bonds Series 2001 to finance the University of Missouri – Columbia Arena Project. The State’s debt service payments began in fiscal year 2005 when the first principal payment was due. Interest amounts due prior to fiscal year 2005 were paid from interest capitalized from the bond proceeds. Payments will continue until fiscal year 2022.

On September 1, 1997, the Missouri Highway 179 Transportation Corporation issued \$22,930,000 of highway revenue bonds for the purpose of acquisition of right-of-way and construction of an extension of Missouri Highway 179 from U.S. Highway 50 to Route B in Cole County, Missouri. At the same time, the Highway and Transportation Commission entered into a financing agreement to make payment to the Corporation in amounts sufficient to pay principal and interest due on \$18,385,625 of bonds. These bonds are not an obligation of the Corporation and do not constitute a pledge of the full faith and credit of the State. The City of Jefferson and the County of Cole will pay the remainder of the debt service requirements.

The Missouri Highways and Transportation Commission authorized by the State Highway Act, issued \$250,000,000 of State Road Bonds Series A 2000 dated December 1, 2000, for the purpose of providing funds to finance project costs for highway construction and repairs scheduled in the five-year plan, to fund capitalized interest on the series, and to fund related issuance cost. The principal and interest of the State Road Bonds are payable solely from the State Road Fund's revenues as provided in the Missouri Constitution. In October 2001, \$200,000,000 of Series A 2001 State Road Bonds were issued and in June 2002 \$203,000,000 of Series A 2002 State Road Bonds were issued. The Commission also issued an additional \$254,000,000 of Series A 2003 State Road Bonds in November 25, 2003. On July 1, 2005 the Commission issued \$278,660,000 of Series A 2005 First Lien State Road Bonds and additionally issued \$72,000,000 of Series B 2005 Third Lien State Road Bonds. The Commission issued \$296,670,000 of Series A 2006 First Lien State Road Bonds dated August 1, 2006. Series B 2006 First Lien State Road bonds was issued in the amount of \$503,330,000 by the Commission on August 1, 2006. The Commission issued Series 2006 Senior Lien Refunding State Road Bonds dated December 1, 2006. This refunded \$135,980,000 of Series A 2000, \$105,075,000 of Series A 2001, \$109,165,000 of Series A 2002, and \$57,390,000 of Series A 2003. The Commission issued \$526,800,000 of Series 2007 Second Lien State Road Bonds dated September 12, 2007.

On December 15, 2002, the Conservation Commission sold Certificates of Participation (Conservation Commission Project) Series 2002 in the amount of \$4,700,000 to lease/purchase the Conservation Campus in Cape Girardeau from the county. The state's obligation under the certificates of participation does not constitute a general obligation or other indebtedness of the state. The certificates of participation represent proportionate ownership interests of the certificate holders in a lease agreement. The certificates do not constitute a pledge of the full faith and credit of the State.

### **Lease/Purchase Agreements**

On March 1, 1994, Missouri Public Facilities Corporation sold Certificates of Participation (Acute Care Psychiatric Hospital Project) Series A 1994 in the amount of \$22,250,000. The State of Missouri entered into a lease/purchase agreement to lease the acute care psychiatric hospital. The certificates of participation represent proportionate ownership interests of the certificate holders in the lease agreement. The certificates do not constitute a pledge of the full faith and credit of the State. Payments under the lease agreement have been structured in amounts sufficient to pay principal and interest on the certificates.

On April 1, 1995, the Missouri PRC Corporation sold Certificates of Participation (Psychiatric Rehabilitation Center Project) Series A 1995 in the amount of \$19,190,000. At the same time, the State of Missouri entered into a lease/purchase agreement to lease the psychiatric rehabilitation center. The certificates do not constitute a pledge of the full faith and credit of the State. Payments under the lease agreement have been structured in amounts sufficient to pay principal and interest on the certificates, and are subject to annual appropriation by the General Assembly.

On July 1, 1995, the Northwest Missouri Public Facilities Corporation sold Certificates of Participation (Northwest Missouri Psychiatric Rehabilitation Center Project) Series B 1995 in the amount of \$14,795,000. The State of Missouri entered into a lease/purchase agreement to lease the psychiatric rehabilitation center. The certificates do not constitute a pledge of the full faith and credit of the State. Payments under the lease agreement have been structured in amounts

sufficient to pay principal and interest on the certificates, and are subject to annual appropriation by the General Assembly.

On May 27, 1999, the Missouri Public Facilities Corporation II sold Certificates of Participation (Bonne Terre Prison Project) Series A 1999 in the amount of \$106,190,000. At the same time, the State of Missouri entered into a lease/purchase agreement to lease the prison. The certificates of participation represent proportionate ownership interests of the certificate holders in the lease agreement. The certificates do not constitute a pledge of the full faith and credit of the State. Payments under the lease agreement have been structured in amounts sufficient to pay principal and interest on the certificates, and are subject to annual appropriation by the State legislature.

On March 1, 2005, the State issued Refunding Certificates of Participation Series A 2005 in the amount of \$120,490,000. The Refunding Certificates of Participation refunded \$13,945,000 of Missouri Public Facilities Corporation Certificates of Participation (Acute Care Psychiatric Hospital Project) Series A 1994, \$13,400,000 Of Missouri PRC Corporation Certificates of Participation (Psychiatric Rehabilitation Center Project) Series A 1995, \$9,915,000 of Northwest Missouri Public Facilities Corporation Certificates of Participation (Northwest Missouri Psychiatric Rehabilitation Center Project) Series B 1995 and \$83,480,000 of Missouri Public Facilities Corporation II Certificates of Participation (Bonne Terre Prison Project) Series A 1999. The certification of participation represents proportionate ownership interests of the certificate holders in the lease agreement. The certificate does not constitute a pledge of the full faith and credit of the State.

On November 1, 2005 the Missouri Development Finance Board issued Missouri Development Finance Board Leasehold Revenue Bonds Series 2005 in the amount of \$28,995,000. The Board issued the bonds to finance the purchase of three buildings in St. Louis (Florissant, St. Louis, and Jennings). The Board additionally issued \$9,865,000 of Leasehold Revenue Bonds Series 2006 on May 1, 2006 for the purchase of a building in St. Louis. The State has entered into a lease with the Board.

### Tax Credit Impact on Treasury

## GAMING & GAMING COMMISSION REVENUE

Senate Bill 10 & 11 (86<sup>th</sup> General Assembly, 1<sup>st</sup> Regular Session, 1994) created the Missouri Gaming Commission, which became responsible for the licensing and regulation of excursion gambling boats throughout the state. After June 30, 1994, this act also provided for the transfer of responsibilities of licensing and regulation of bingo activities to the Gaming Commission.

Revenues generated from the gaming industry provide for the operation of the Missouri Gaming Commission (§ 313.835 RSMo), as well as providing a portion of the funding for education throughout the state (§ 313.835 RSMo; Article IV, Section 15, Missouri Constitution). The following information outlines how gaming revenues are divided between the State Education Fund and the Gaming Commission.

### Gaming Revenue in Missouri

The following summarizes how the funding mechanism allocates dollars to both the operation of the Gaming Commission and to the State Education Fund.

- There is a \$2 boarding fee, paid either by the gambler or the casino, \$1 of which supports the operation of the Gaming Commission, with the other \$1 going to the local government.
- 80% of the gamblers' losses goes to the boat, while 2% goes to the local government. The remaining 18% (Gaming Tax) is allocated to the Classroom Trust Fund for education.

### Contribution of Gaming Proceeds (18% tax) to Education

	FY 2007	FY 2008	FY 2009 (estimated)
Gaming Revenue	\$1,599,686,340	\$1,655,035,772	\$1,655,035,772
Gaming Proceeds to Education	\$287,943,541	\$297,906,439	\$297,906,439

**Appropriations of Gaming Commission Fund Revenues (\$1 boarding fee) \*\***

	<u>FY 2007</u>	<u>FY 2008</u>	<u>FY 2009</u>
Juvenile Court Diversion	\$500,000	\$500,000	\$500,000

<b>TOTAL</b>	<b>\$68,116,442</b>	<b>\$73,165,532</b>	<b>\$73,165,532</b>

NOTE: The amounts listed above for the Veterans Commission Capital Improvements Trust Fund, National Guard Trust, MO College Guarantee are transferred amounts from HB 8. The remaining items; Juvenile Court Diversion (HB 11), Early Childhood (HB 2, 10, 11), Compulsive Gambling (HB 10), and Administrative Expenses (HB 8) are appropriated dollar amounts.

# FY 2009 Lottery Sales Estimate

The Missouri State Lottery was created by voter approval of Constitutional Amendment No. 5 on November 6, 1984. Section 39(b) of Article III of the Missouri Constitution requires that a minimum of 45% of money received from the sale of Missouri state lottery tickets shall be awarded as prizes. The Constitution was further amended on August 4, 1992 to dedicate net lottery proceeds solely to public institutions of elementary, secondary, and higher education.

## TOBACCO SETTLEMENT PROCEEDS

In 1997, the state of Missouri sued 18 tobacco companies on the basis of violations of the Missouri Merchandising Act and antitrust laws, as well as for reimbursement for health care costs and a variety of other claims. In November 1998, Missouri entered into the Master Settlement Agreement ("MSA") in resolution of the litigation in the Circuit Court of the City of St. Louis. Missouri agreed to dismiss all claims in exchange for a series of monetary payments, continued for at least 25 years, and non-monetary benefits, such as a prohibition against certain tobacco advertising. The court approved the settlement on March 5, 1999. Several parties, including public hospitals and other political subdivisions of the state, appealed the MSA and the denial of motions to intervene in the case at the trial level. The Missouri Court of Appeals, Eastern District, upheld the decision of the trial court to approve the settlement, and the Missouri Supreme Court accepted the transfer of the appeal. The Missouri Supreme Court issued its opinion approving the settlement on December 12, 2000.

### **Settlement Proceeds**

The MSA provides that tobacco companies will make payments into an escrow account from which moneys will be disbursed to the state. Missouri's share is estimated at \$4.5 billion over 25 years. This estimate includes adjustments, reductions and offsets, which are calculated on a yearly basis. A schedule of payments and the estimated revenues is shown below.

<u>Fiscal Year</u>	<u>Amount (in millions of dollars)</u>
FY 2001	\$ 338.2 (actual)
FY 2002	\$ 172.7 (actual)
FY 2003	\$ 166.9 (actual)
FY 2004	\$ 143.1 (actual)
FY 2005	\$ 144.9 (actual)
FY 2006	\$ 133.1 (actual)
FY 2007	\$ 140.2 (actual)
FY 2008	\$ 155.3 (actual)
FY 2009	\$ 166.4
FY 2010-2025	<u>\$2,954.0</u>
Total	\$4,514.8

The payments received in FY 2006 were \$20.9 million lower than anticipated due to funds being withheld until a pending lawsuit filed by the tobacco companies regarding changes in market-share are resolved. It is possible that the outcome of the suit will result in reductions in future payments.

### **Account Structure**

The Governor issued an Executive Order (01-05) on February 12, 2001, creating a Healthy Families Trust Fund within the state treasury. The Executive Order created five sub-accounts within the Fund: Early Childhood Care and Education Account; Life Sciences Research Account; Tobacco Prevention, Education and Cessation Account; Health Care Treatment and Access Account; and Senior Catastrophic Prescription Drug Account. The Executive Order did not appropriate any funds or dictate any percentages for funding allocations to any account. It directed the Office of Administration to receive and expend tobacco settlement money in accordance with the budget submitted to the General Assembly as amended and truly agreed to and finally passed bills signed by

the Governor.

Executive Order 06-22 issued on June 22, 2006 abolished the five sub-accounts and established that the Healthy Families Trust Fund would expend all payments as appropriated in the budget. The rationale behind the change was to eliminate administrative overhead and double exposure of the funds to the state's cost allocation plan. According to the Office of Administration, this change will have no budgetary impact.

### **FY 2002 Expenditures**

Due to budget shortfalls that occurred during Fiscal Year 2002, much of the tobacco settlement monies were withheld from the programs they were appropriated for and subsequently transferred to General Revenue. Final expenditures amounts are as follows:

Health Care	\$ 79.2 million
Early Childhood	\$ 9.7 million
Life Sciences	\$ .4 million
Tobacco Prevention	\$ .7 million
Prescription Drugs	\$ 63.2 million
Endowment Fund	\$ 0
Cost Allocation Plan	\$ 2.5 million

## **LEGISLATION**

## **ESTIMATED FISCAL IMPACT OF LEGISLATION FOR FY 2009 – FY 2011**

61 Senate Bills, 56 House Bills, 1 Senate Joint Resolution, 4 Senate Concurrent Resolutions, and 4 House Concurrent Resolutions were “Truly Agreed To and Finally Passed” during the 94<sup>th</sup> General Assembly, 2<sup>nd</sup> Regular Session, (2008). The Governor vetoed three Senate bills and one House bill.

Presented on the following pages is a summary of the estimated fiscal impact over the next three years (2009-2011) of the legislation signed by the Governor. Numbers shown in parenthesis, such as (100,000), represent a new cost to the respective fund. Positive numbers, such as 100,000, indicate a savings to the respective fund.

The information given on the following pages is based on information taken from the fiscal notes prepared for each bill by the Oversight Division, Committee on Legislative Research. Numbers do not include the appropriation bills. When the fiscal impact of a bill included a range, the higher figure for costs and losses, and the lower figure for income were used in calculating the fiscal impact. Actual costs may be higher or lower, depending on the actual appropriations. The totals listed for House and Senate bills do not include the unknown figures.

Detailed information on individual bills, including the fiscal note, can be obtained by contacting the Senate Appropriations Staff or accessing the Senate web page at [www.senate.mo.gov](http://www.senate.mo.gov) and the House web page at [www.house.mo.gov](http://www.house.mo.gov).

## **SB 711 – (Property Tax)**

This act modifies laws regarding property taxation by requiring tax rate rollbacks by all political subdivisions in reassessment years, changing the way voter-approved tax increases are applied to assessed values, changing the time line for the assessment and appeal of property taxes.

The imposition of penalties and interest on the erroneous payments of property taxes is prohibited when there is clear and convincing evidence that the county made an error in determining the tax amount due. Any penalty or interest paid by the taxpayer will be refunded upon the discovery of the error or omission.

Voter-approved property tax rate increases must to be applied to a political subdivision's most recent total assessed valuation, as certified by the city or county on or before the date of the election. Every political subdivision in a reassessment year must roll back its prior year's tax rate regardless of whether the political subdivision was levying the tax at its tax rate ceiling. A political subdivision may modify its tax rate, not to exceed its maximum authorized voter-approved levy, through the adoption of an ordinance, resolution, or policy statement in a non-reassessment year. All counties and the City of St. Louis must allow public testimony at the public hearing prior to setting the tax rates.

The income exemption for married claimants, under the property tax credit program, is increased from two thousand dollars to four thousand dollars for claimants that own and occupy their homestead for the entire year. The maximum award under the property tax credit program is increased from seven hundred fifty dollars to eleven hundred dollars for homeowners. The maximum upper limit and minimum base amounts, for the property tax credit for calendar year 2008, are extended to all subsequent calendar years. For homeowners claiming the property tax credit, the maximum upper limit is increased to thirty thousand dollars.

The act modifies the definition of "Agricultural and Horticultural Property" for purposes of real property tax to include real property used for showing of horses.

Charter counties and the City of St. Louis will set their tax rates by October 1st instead of September 20th. Assessors for the City of St. Louis and all charter counties must notify taxpayers by June 15th of real property assessment increases and the county provide an estimated tax liability for the property beginning January 1, 2009. Assessors for non-charter counties must notify taxpayers by June 15th of real property assessment increases and the county has to provide an estimated tax liability for the property beginning January 1, 2011. Assessors are required to provide the city or county clerks with assessment books by March 1st of each year to assist with determining the estimated tax liability on properties with increased assessed valuations. The clerks must make abstracts of the assessment books showing the aggregate amount of different types of property and the valuation of each type for each political subdivision levying taxes on property.

Governing bodies of political subdivisions have to informally project non-binding tax rate levies from the information provided in the abstracts and provide the projected levies to the clerk by April 8th of each year. County collectors must calculate the projected tax liability for each property for which the assessor intends to provide a notice of increased assessed valuation by April 30th by utilizing the projected tax levies. A political subdivision's tax levy will be reduced by twenty percent for the tax year if it fails to provide projected tax levies by April 8th, unless the failure is a direct result of a delinquency in providing, or a failure to provide, the required information by either the clerk or the assessor.

The date that the St. Louis County Board of Equalization convenes is moved back from the first Monday in June to the second Monday in July. The State Tax Commission must develop or enter into contracts for the development of computer software programs which will produce the notice of projected tax liability. Any collector that files a request with the commission before December 31, 2009, will be provided with the computer software programs. The circuit court clerk must send the county collector a notice when a taxpayer timely files an appeal seeking exemption of a final decision of the local board of equalization. The notice must contain the taxpayer's name, the case number assigned by the court, and the parcel or locator number of the property being appealed. The notice to the collector must state that the taxes in dispute are to be impounded. The commission to send the county collector a notice of appeal when a taxpayer timely files an appeal. The notice must contain the taxpayer's name, the appeal number assigned by the commission, the assessed value provided to the local board of equalization, and the assessed value proposed by the taxpayer if the values are available to the commission when the appeal is filed. The notice must also specifically state that the taxes in dispute are to be impounded, and if the notice is filed in an odd-numbered year, it will serve as notice to the collector to impound taxes for the following even-numbered year if no decision has been rendered in the appeal. Taxpayers are relieved from the requirement of filing a statement of protest if the taxpayer filed an appeal from a local board of equalization to the commission or circuit court.

The act repeals the requirement that operators of rental and leasing facilities provide a description of the personal property located within the rental or leasing facility to the county assessor where such rental or leasing facility is located for property tax purposes. The provision authorizing the imposition of a penalty for an owner of a rental or leasing facility's failure to provide the property lists is also repealed. Owners of marinas and other comparable facilities which provide dockage or storage space for boats, vessels, floating homes, and floating structures will no longer be required to provide documentation including the lessee's name, address, county of residence, and a description of the personal property located within the marina or comparable facility to the county assessor where such marina or comparable facility is located for property tax purposes.

The requirement that certain counties and the City of St. Louis must deduct a percentage of all ad valorem property tax collections and deposit the amount into the county's assessment fund is extended from December 31, 2009, to December 31, 2015.

Effective July 1, 2009, the percentage deducted is increased from either one-eighth of one percent or one-quarter of one percent to either one-eighth of one percent or one-half of one percent and the income limits are increased from one hundred thousand dollars to one hundred twenty-five thousand dollars in any year for first classification and charter counties and from fifty thousand dollars to seventy-five thousand dollars for second, third, and fourth classification counties. If the commission withholds state assessment reimbursement funds from a county for three consecutive quarters, the extra one-eighth of one percent or one-half of one percent collection revenues in the county assessment fund will be forfeited and returned by the county to the political subdivisions within the county. The act changes which counties of the first classification are required to withhold one percent of all ad valorem taxes to be deposited into the county's assessment fund.

For homestead preservation tax credits filed between Dec 31, 2008, and Dec 31, 2011, the homestead exemption limit will be based on the increase in tax liability from the base year to the year prior to the application year. For applications filed on or after January 1, 2012, the homestead exemption limit will be based on the increase to tax liability from two years prior to application to the year immediately prior to application. The term "base year" means the year prior to the first year in which the eligible owner's application was approved, or 2006, whichever is later. Under current law, in the event the general assembly fails to appropriate sufficient moneys to fully fund the homestead preservation tax credit, the exemption limit is increased thereby limiting the number of otherwise eligible applicants which will receive a credit. This act would allow for a pro rata allocation of tax credits among all eligible applicants in years in which state appropriation is insufficient to fully fund the homestead preservation tax credit program.

The true value in money for assessment purposes of any possessory interest in real property on or adjacent to a certain commercial airport and owned by a political subdivision will be the true value in money of the possessory interest in the real property less the total costs paid toward any new construction or improvements on the property if included in the possessory interest, unless paid by the political subdivision, regardless of the year the costs were incurred.

Beginning January 1, 2009, subject to appropriation a taxpayer may receive a property tax credit for expenses incurred to manufacture, maintain, or improve a freight line company's qualified rolling stock up to the amount of such taxpayer's tax liability. The state will, subject to appropriation, annually reimburse a political subdivision for any loss in revenue resulting from utilization of the tax credit.

The act modifies several provisions of law regarding the notification of appeal of assessment and the impounding, investing, and refunding of protested tax payments. School districts which levy a tax rate below the performance levy due to mandatory roll-backs will continue to be eligible to receive grants currently provided to small school districts. Political subdivisions with voter-approved rate increases subsequent to setting their most recent tax rate are exempt from the provisions regarding the mandatory rollback in reassessment years. The requirement that the commission notify each

school district of the equivalent sales ratio for the previous year which was adopted to determine the equalized assessed valuation of the property and the equalized operating levy of the school district for distributions under the previous school foundation formula is repealed. The position of taxpayer advocate is created, within the state tax commission, to represent and protect the interests of taxpayers regarding property taxation.

The act requires the director of the Department of Revenue to collect a maximum fee of one half of one cent per motor vehicle or driver license record for batch/bulk customer requests that meet the criteria enumerated in the Drivers Licence Privacy and Protection Act.

.

## **SB 718 – (Economic Development)**

This act increases the annual cap on the amount of tax credits the Department of Economic Development may authorize for the Enhanced Enterprise Zone Program from fourteen million dollars to twenty-four million dollars. The fiscal year cap on economic development tax credits that are approved as part of the Neighborhood Assistance Program is increased from four million dollars to six million dollars.

Any commission created by a city, town, or village in such counties shall, within 15 days of receiving a redevelopment plan and a request by the applicable city, town, or village, fix a time and place for the required public hearing. The hearing shall be held no later than 75 days from the commission receiving the plan and request. The commission shall vote and make recommendations to the governing body of the city, town, or village requesting the hearing within 30 days after the hearing. If the commission fails to vote within 30 days, the plan will be deemed rejected.

Changes may be made to the redevelopment plan without further hearing provided there is no enlargement of the boundaries of the redevelopment area, substantial effect on the general land use, change in the nature of the redevelopment project, or increase in the total redevelopment costs approved by the commission to be paid by TIF, excluding interest and finance costs, by more than 10% and notice of such changes is given to each affected taxing district by mail and publication in the newspaper.

After adoption of an ordinance approving a redevelopment plan, alterations to the plan may be made provided they do not: enlarge the boundaries of the redevelopment area, substantially affect the general land use, change the nature of the redevelopment project, or increase the total redevelopment costs approved by the commission to be paid by TIF, excluding interest and finance costs, by more than 10% may be adopted.

The director of the Department of Economic Development is authorized to issue letter rulings regarding the New Markets Tax Credit Program. The letter rulings are binding in a court of law and must be issued within sixty days of a request. The department can refuse to issue the letter ruling for good cause, but must explain the reason for refusal. Letter rulings are closed to the public, however information can be released as long as anything which would identify the applicant or is otherwise protected is redacted.

Any applicant for state tax credits who purposely and directly employs unauthorized aliens must forfeit any tax credits issued to such applicant which have not been redeemed, and any tax credits redeemed by such applicant will be recaptured for the period of time in which the applicant employed unauthorized aliens.

Currently, some demolition activities associated with Brownfield redevelopment are separate from remediation activities. The act specifies that all demolition activities are part of remediation and allows remediation tax credits to include up to one hundred percent of demolition costs that are not directly part of the remediation, but which are necessary to accomplish the planned use of the facility. Demolition may occur on

adjacent property that independently qualifies as abandoned or underutilized and is located in a municipality with fewer than 20,000 residents.

Currently, the Department of Economic Development cannot issue more than forty million dollars in tax credits annually under the Quality Jobs Act. The act increases the cap on the annual issuance of tax credits to sixty million dollars. Under current law, tax credits for job retention projects are only authorized through August 30, 2007. The act extends the authorization to August 30, 2013. Under the Quality Jobs Act, a project facility may include separate buildings if they are located within one mile of each other. The act allows a project facility to include separate buildings within the same county. Companies which lease or own facilities that produce electricity derived from qualified renewable energy sources, or which produce fuel for the generation of electricity from qualified renewable energy sources are allowed to participate in the quality jobs program as a technology business project if all other requirements of the program are met. Qualified renewable energy sources include open-looped biomass, close-looped biomass, solar, wind, geothermal, and hydropower but not ethanol distillation or production or biodiesel production.

## **SB 1081 – (Quality Assurance and Safety in the Division of Mental Retardation and Developmental Disabilities Community Programs)**

This act modifies provisions relating to quality assurance and safety in the Division of Mental Retardation and Developmental Disabilities Community Programs.

### **FAMILY CARE SAFETY REGISTRY**

This act amends the Family Care Safety Registry to include protections for the developmentally disabled and requires the registry to contain information on mental health workers. This act also adds direct care staff from the Division of Mental Retardation and Developmental Disabilities (MRDD) community programs to the list of health care and mental health providers who are required to report suspected cases abuse of a patient, resident, or client of a mental health facility. The Department of Mental Health shall conduct such abuse and neglect investigations. SECTIONS 210.900 TO 210.927

### **GOOD SAMARITAN**

This act modifies the good Samaritan statute to include suicide prevention intervention rendered in good faith by a qualified counselor or any other person to the list of care or services rendered in an emergency situation that are immune from civil liability. SECTION 537.037

### **MENTAL HEALTH COORDINATORS**

Under current law, mental health coordinators must be employed by the State of Missouri. This act provides that such coordinators may be contract employees or work for community health providers. SECTIONS 630.045 AND 632.005

### **REPORTING AND INVESTIGATING OF ABUSE AND NEGLECT**

Under this act, the department shall promulgate rules as necessary for reporting and investigating complaints of abuse and neglect. SECTION 630.050

### **RELEASE OF INFORMATION**

This act also specifies that the release of client information must be consistent with requirements of the Federal Health Insurance Portability and Accountability Act of 1996 (HIPAA). SECTION 630.140

### **MENTAL HEALTH FACILITIES AND GROUP HOMES**

All group homes and mental retardation facilities shall be subject to all applicable federal and state laws, regulations and monitoring. All MRDD community providers shall be subject to the same training requirements established for state mental health

workers with comparable positions in public group homes and mental health facilities. In addition, any employee, including supervisory personnel, of a group home or mental retardation facility who has been placed on the department's disqualification registry due to a substantiated finding of abuse or neglect shall be terminated. The facilities or homes are also required to report staff turnover to the Department of Mental Health and the General Assembly. The Department of Mental Health shall not transfer any person to any group home or mental retardation facility that has received a notice of noncompliance, until there is an approved plan of correction. SECTIONS 630.165, 630.167, 633.300 TO 633.309

## MENTAL HEALTH DISQUALIFICATION REGISTRY

This act adds persons who have been convicted of or pled guilty to vulnerable person abuse to the list of person who are disqualified from holding any position in any public or private mental health facility or program. In addition, this act adds persons who have been convicted of or pled guilty to any offense requiring such person to register as a sex offender to the list of persons who are disqualified from holding any direct-care position in any public or private mental health facility or program. SECTION 630.170

## SECURITY DEVICES

Under current law, physical and chemical restraints cannot be used on patients, residents or clients of a mental health facility or mental health program except under certain circumstances. This act allows security escort devices to be used on individuals who have been civilly committed when they are transported outside a mental health facility if the head of the facility or the attending physician finds it necessary to protect the health and safety of the individual or others or to prevent escape. Security escort devices shall be used on individuals who have been civilly committed under the sexually violent predator statutes or who have been criminally committed when they are transported outside a mental health facility, unless it is determined by the head of the facility or the attending physician that it is not necessary to protect the health and safety of the individual or others or to prevent escape. The head of a mental health facility may also use extraordinary measures to ensure the safety and security of patients, residents, clients, or others during times of natural or man-made disasters. Use of the security escort devices or the extraordinary measures during the circumstances described in this act shall not be considered restraint, seclusion or isolation as generally prohibited by statute. SECTION 630.175

## CIVIL LIABILITY

Also under current law, certain mental health care professionals are immune from liability for detaining, transporting, conditionally releasing or discharging a person under the mental health or guardianship statutes at or before the end of the period for which the person was admitted or detained for evaluation or treatment so long as such duties were performed in good faith and without gross negligence. This act adds investigating to the list of actions immune from liability. SECTION 632.440

## ICF-MR PROVIDER REIMBURSEMENT

This act also provides that beginning July 1, 2008, each Intermediate Care Facilities-Mentally Retarded Facilities (ICF-MR) in this state must pay, in addition to all other fees or taxes required by law, a ICF-MR provider reimbursement based on a formula set forth in rules promulgated by the Department of Social Services. The provisions relating to the provider reimbursement allowance shall expire on June, 30, 2009. SECTION 633.401

There is an emergency clause for the ICF-MR provider reimbursement provision.

**TOPICS  
OF

## **Cap on Highway Fund Appropriations To Non-Highway Agencies**

Legislation (SB 135, 63) authorizing a 4-cent motor fuel tax increase effective July 1, 1987, established a cap on expenditures from the Highway Fund by other non-highway agencies (§226.200 (3) RSMo). The cap was set at the FY 87 expenditure level and was approximately \$119.6 million. The bill required that when expenditures from the Highway Fund exceeded the cap, the fund must be reimbursed from General Revenue the next fiscal year.

The motor fuel tax increased to six cents in 1992 with the passage of HB 1247, in which the fixed ceiling of \$119.6 million was changed to a flexible ceiling (§142.372 RSMo). Therefore, the growth in funds allocated to non-highway agencies could increase by the same percentage as the overall increase in state highway revenue sources.

During the 2000 legislative session, the passage of House Bill 1742, re-established a fixed cap (§ 226.200 RSMo). This action will require the reimbursement of General Revenue funds to the Highway Fund when expenditures exceed the FY 01 level of expenditures.

During the 2002 legislative session, the passage of House Bill 1196 provides for the removal of the cap beginning in fiscal year 2004 for the Mo. State Highway Patrol for enforcement related activities, and actual costs incurred by the Office of Administration for or on behalf of the Patrol and employees within the Department of Transportation. In addition, beginning in fiscal year 2008, any activities of the Patrol that are not related to the enforcement of laws pertaining to motor vehicle and usage of the highways shall be supported with general revenue, or other applicable funding sources. This legislation also maintains a cap, which is set at the fiscal year 2001 level for the Department of Revenue, and other non-highway related agencies that are currently authorized to receive funding support from the State Highways and Transportation Department Fund.

The Department of Public Safety and Department of Revenue utilize a significant portion of Highway Fund revenue allocated for non-highway related purposes. The Department of Public Safety is compensated for patrolling the state's highways. Likewise, the Department of Revenue is compensated for implementing state motor vehicle and driver statutes. Other agencies receive Highway Fund revenue for work that relates to the state's highway system.

In 2004 Article IV, Sections 30(a), 30(b), 30(c), and 30(d) were amended such that:

- Cap the Department of Revenue's cost of collection at actual cost not to exceed 3% of the amount of highway funds collected.
- Cap the Highway Patrol's use of highway funds to actual costs of administering and enforcing any state motor vehicle laws and traffic regulations.
- Redirects the 50% of the motor vehicle sales tax that goes to general revenue to the State Road Bond Fund over a four-year period beginning July 1, 2005.

# COURT ORDERED DESEGREGATION AGREEMENT FISCAL YEAR 2008

Certain state payments formerly made to the Kansas City and St. Louis school districts under court order have been reallocated pursuant to the provisions of SB 781 (1998), Section 162.1060 RSMo, and the terms of the 1999 settlement agreement in the St. Louis Desegregation case (Liddell v. the Board of Education of St. Louis City). In prior years, the state was required to expend moneys in order to improve the quality of education in St. Louis and Kansas City, in order to comply with the orders of U.S. District Courts for Eastern and Western Missouri. Prior to 1993, desegregation payments were made pursuant to federal court order and were not appropriated. Subsequently, these payments have been appropriated to the Department of Elementary and Secondary Education.

The 1999 settlement agreement provides for \$180 million in capital to be paid to the St. Louis Public Schools beginning in FY 2000. Payments are to be made as follows:

July 1, 1999	\$28.5 million	July 1, 2005	\$13.0 million
July 1, 2000	\$25.0 million	July 1, 2006	\$12.0 million
July 1, 2001	\$20.0 million	July 1, 2007	\$11.0 million
July 1, 2002	\$20.0 million	<b>July 1, 2008</b>	<b>\$10.0 million</b>
July 1, 2003	\$16.5 million	July 1, 2009	\$9.0 million
July 1, 2004	\$15.0 million		

A total of \$50 million was paid to the Voluntary Inter-District Choice Corporation in two payments. The first payment was made in fiscal year 2000 and the second payment in fiscal year 2001.

Listed below, are the expenditures of the St. Louis Desegregation Plan and the Kansas City Desegregation Plan that were mandated by court order. The following information is as of June 30, 2007.

## **RECENT LITIGATION**

The St. Louis City School District has also filed suit claiming that the amount of funding appropriated through the foundation formula in FY 2003 and FY 2004 are below the minimum levels provided for the settlement agreement. On June 23, 2006, the Circuit Court of St. Louis County issued a decision finding that the State of Missouri has complied with its payment obligations under the St. Louis Desegregation Settlement Agreement. The district appealed the Circuit Court's decision to the Court of Appeals, which upheld the Circuit Court's ruling. On May 22, 2008 the district filed a notice of record to appeal the decision to the Missouri Supreme Court.

## STATE EMPLOYEE PAY PLAN HISTORY

**FY 1980 – FY 2009**

The pay plan is created by the Personnel Advisory Board (PAB) and reviewed by the Ad Hock Task Force on Total Compensation. The task force recommendations are integrated into a final plan the PAB submits to the Governor's office and to Budget and Planning. The Governor makes a final recommendation to be reviewed by the legislature.

## **BUDGET RESERVE FUND**

**Legal Basis:** Article IV, Section 27 (a) of the Missouri Constitution

**Description:** The fund was authorized by constitutional amendment on the November 7, 2000 ballot. The amendment required the transfer of the fund balances from the Cash Operating Reserve Fund and the Budget Stabilization Fund to the newly created Budget Reserve Fund. The Budget Reserve Fund is exempt from the biennial transfer of the balance and earned interest to the General Revenue Fund.

**Purpose:** The fund can be used for cash flow insufficiencies or budget stabilization.

**Cash Flow Insufficiencies** – The Commissioner of Administration may transfer amounts from the Budget Reserve Fund to any state fund if the fund balance is insufficient to maintain appropriated levels. Any cash flow transfers must be repaid to the Budget Reserve Fund, with interest, on or before May 15<sup>th</sup> of the fiscal year.

**Budget Stabilization** – If the Governor reduces a department’s appropriation level due to a revenue shortfall, or if funds are required to assist the state due to a disaster, the Governor may request appropriations from the Budget Reserve Fund.

The General Assembly must approve the request with a two-thirds vote from both houses.

No more than one-half of the fund balance may be appropriated for this purpose at any one time.

A minimum of one-third of the amount appropriated must be repaid, with interest, in each of the three following fiscal years.

**Fund Balance Limits:** The fund’s balance is capped at 7.5% of net general revenue receipts or 10% if approved by the General Assembly for the purpose of increasing the fund balance.

Net general revenue collections are defined as “all revenue deposited into the General Revenue Fund less refunds and revenues originally deposited into general revenue but designated by law for specific distribution or transfer to another state fund.”

Excesses above the caps are transferred back to the General Revenue Fund. If the balance is less than 7.5% then the difference stands appropriated and transferred from the General Revenue Fund to the Budget Reserve Fund.

## Calculation of Total State Revenue

In November, 1980, Missouri citizens approved an amendment to Article X of the Missouri Constitution limiting the amount of tax revenue the State may collect in any fiscal year. The amendment, referred to as the Hancock Amendment, established a ratio between personal income and total state revenues for fiscal year 1981 and used that ratio to set the Total State Revenue (TSR) limit for subsequent years.

The ratio is .056395. For FY 2008, this ratio is applied to the United States Department of Commerce's calculation of Missouri personal income for calendar year 2006 to establish the fiscal year 2008 revenue limit.

The Hancock Amendment defines total state revenues as "all general and special revenues, license and fees, excluding federal funds as defined in the budget message of the Governor for fiscal year 1980-1981." Because the limit is actually on the General Assembly's power of taxation, revenues generated by taxes approved by voters after the adoption of the amendment are excluded from the calculation of TSR. Revenues generated by any agency acting on voter approval, i.e., the Missouri Lottery, are excluded. Also, the calculation excludes refunds of any tax included in TSR.

If in any fiscal year, TSR exceeds the limit by 1% or more, the amount of the excess is to be refunded pro rata based on the taxpayer income tax liability reported on the annual Missouri income tax returns filed in the following year. If the limit is exceeded by an amount of less than 1%, the excess is transferred to the General Revenue Fund.

In any fiscal year, the revenue limit may be exceeded if: the Governor asks the General Assembly to declare an emergency and the nature of the emergency and its cost to the state are clearly specified by the Governor; and the General Assembly declares an emergency by a two-thirds majority vote. The emergency must be declared prior to the expenditure of any "excess" revenue. Refunds resulting from provisions of the amendment cannot be the subject of any request to declare an emergency.

The Hancock Amendment includes further provisions limiting tax increases of political subdivisions and limits state government's flexibility to reduce support or impose new responsibilities on to local governments. This material is beyond the scope of this text. Interested persons should refer to the Missouri Constitution, Article X, §§ 21 and 22.

The Tobacco Master Settlement Agreement Proceeds have been determined by the Office of Administration – Budget and Planning to be recovery costs for Medicaid expenses related to smoking and, therefore, exempted from Total State Revenue.

Article X, Section 18(e) states that in any one year the general assembly shall not increase taxes or fees by more than \$50 million adjusted for growth in Missouri personal income or 1% of Total State Revenue, whichever is less. For 2009 the adjusted limit is approximately \$90 million. If the general assembly increases taxes or fees by more than the limit, the largest tax or fee increases must go to a vote of the people.

It is unlikely that the Hancock Amendment will be triggered in the foreseeable future. The state is currently over \$1 billion dollars below the refund threshold, and Article X, Section 18(e) of the Missouri Constitution mandates that the people must vote any major tax increase, and therefore it would be excluded from total state revenue.

## THE FOUNDATION FORMULA

FY 2009 represents the third year of state appropriations to school districts based on the new foundation formula passed in the 2005 session (SB 287).

The new foundation formula is a student-focused, successful-school model based on characteristics of those districts meeting all performance standards reflected in the Annual Performance Report (“performance districts”). Based on those districts, it establishes a “state adequacy target” (\$6,117 for FY 2009) to ensure that all districts with a tax levy of at least the performance levy (\$3.43) have that amount of money behind each student. The state adequacy target will be recalculated every two years using the most current list of performance districts, however by statute the state adequacy target cannot decrease.

- Formula payments are calculated on a per-student basis. The formula also provides additional funding through student weighting for districts whose percentage of free or reduced lunch, special education, or English proficiency students exceed the respective percentages in the performance districts. The new formula does not provide additional weight for summer school attendance.
- The state adequacy target includes expenditures from the following categories of state funding. Thus these items will no longer be funded separately:
  - Line 14 of current formula (“At-risk” programs)
  - Exceptional pupil aid (Special Education categorical)
  - Gifted education (Gifted categorical)
  - Remedial Reading categorical
  - Fair Share fund
  - Free Textbook fund
- The local revenue deduction utilized in the formula is calculated by taking \$3.43 times the 2004 assessed valuation in the school district, regardless of the district’s actual levy. The \$3.43 amount is called the performance levy. The district's local effort deduction is frozen so that growth in local collections will be retained by the district without offsetting state aid payments.
- A dollar value modifier (DVM) is used to recognize increased operating costs in some districts, primarily in metropolitan regions.
- The formula is phased-in over seven years beginning in FY 2007.
- Districts are guaranteed to receive a minimum state funding amount per student - the amount received per student in FY 2006. This amount will be adjusted upward for districts with a DVM greater than 1.0.

- A “Small Schools Fund” is established to distribute an additional \$15 million annually among districts with 350 students (average daily attendance) or less. Ten million of this is to be distributed strictly on a per-ADA, with the other five million being distributed on a weighted basis to those small districts with levies greater than the \$3.43 performance levy.
- Revenues from gaming will be accounted for separately through the Classroom Trust Fund, also established by the act. Districts are given nearly unlimited flexibility in using these funds.
- The act creates option districts, which may forgo state aid in return for regulatory relief.
- SB 287 also increases the statutory minimum teacher’s salary to \$22,000 in 2006-07, increasing to \$25,000 in 2009-10. The minimum for a master’s degree teacher with 10 years experience is \$30,000 in 2006-07 and \$33,000 by 2009-10.
