Amend Senate Bill No. 255, Page 1, Section 172.030, Line 1, by inserting immediately after "172.030." the following: "**1.**"; and further amend line 3 by striking the opening bracket "[" and further amend line 4 by striking the following: "]" at least one but no more than two persons"; and further amend line 5 by striking all of said line and inserting in lieu thereof the following: "upon said board from the same congressional district, **except as provided in subsection 2 of this section**, and no person shall"; and further amend line 8 by inserting after all of said line the following:

"2. In the event the state of Missouri loses a congressional district following redistricting based on the 2010 census, the ninth member of the board shall be a student curator who shall have the right to vote on any matter before the board, including the hiring or firing of the president of the University of Missouri system, the chancellors of each of the university campuses, the general counsel of the university, the secretary of the board of curators, and all other general officers of the university. The student shall be enrolled full time in a program of study leading to a post-baccalaureate degree. However, the student curator shall be excluded from all other decisions regarding hiring or firing of faculty or staff. The student curator may be from any congressional district, and his or her district

may be the same as one member of the board. The first student curator shall be appointed in January 2011 and shall serve a two-year term provided the person maintains the status of a full-time student. The student curator appointed under this subsection shall replace the nonvoting student representative appointed under section 172.035; however, such student curator shall be appointed in the manner prescribed in section 172.035, and he or she shall meet all other requirements of section 172.035.

172.035. 1. The governor shall, by and with the advice and consent of the senate, appoint a student representative to the board of curators of the University of Missouri, who shall attend all meetings and participate in all deliberations of the board. Such student representative shall not have the right to vote on any matter before the board, **unless the student representative position on the board is converted to a student curator position, as provided under section 172.030.**

2. Such student representative shall be a full-time student at the university as defined by the board, selected from a panel of three names submitted to the governor by the student government presidents of the campuses of the university, a citizen of the United States, and a resident of the state of Missouri. No person may be appointed who is not actually enrolled during the term of such person's appointment as a student at the University of Missouri.

3. The term of the student representative shall be two years, except that the person first appointed shall serve until January 1, 1986.

4. If a vacancy occurs for any reason in the position of student representative, the governor shall appoint a replacement who meets the qualifications set forth in subsection 2 of this section and who shall serve until the student representative's successor is appointed and qualified.

5. If the student representative ceases to be a student at the University of Missouri, or a resident of the state of Missouri, or fails to follow the board's attendance policy, the student representative's position shall at once become vacant, unless such absence is caused by sickness or some accident preventing such representative's arrival at the time and place appointed for the meeting.

6. The student representative shall receive the same reimbursement for expenses as other members of the board of curators receive pursuant to section 172.040.

7. Appointments made under this section shall be made in rotation from each of the four campuses of the University of Missouri, beginning with a student from the Columbia campus, next from the Rolla campus, next from the Kansas City campus, and then from the St. Louis campus. **If after August 28, 2009, the university adds another campus or campuses, then such campus or campuses shall be inserted into the aforementioned rotation following the St. Louis campus in the order in which such campus or campuses are admitted into the university.**

8. Unless alternative arrangements for payment have been made and agreed to by the student and the university, the student representative shall have paid all student and tuition fees due prior to such appointment and shall pay all future student and tuition fees during the term of office when such fees are due.

172.040. **Except as provided in subsection 2 of section 172.030 for student curators,** the term of service of the curators shall be six years, the terms of three expiring every two years; the first expiration occurring on the first day of January, 1911, and succeeding expirations of three members every two years thereafter. Said curators, while attending the meetings of the board, shall receive their actual expenses,

which shall be paid out of the ordinary revenues of the university.

172.060. **Except as provided in subsection 2 of section 172.030 for student curators**, all appointments to fill vacancies, except such as may be made to fill out unexpired terms, shall be for the term of six years, and until the successors of such appointees shall be appointed and qualified.

173.005. 1. There is hereby created a “Department of Higher Education”, and the division of higher education of the department of education is abolished and all its powers, duties, functions, personnel and property are transferred as provided by the Reorganization Act of 1974, Appendix B, RSMo.

2. The commission on higher education is abolished and all its powers, duties, personnel and property are transferred by type I transfer to the “Coordinating Board for Higher Education”, which is hereby created, and the coordinating board shall be the head of the department. The coordinating board shall consist of nine members appointed by the governor with the advice and consent of the senate, and not more than five of its members shall be of the same political party. None of the members shall be engaged professionally as an educator or educational administrator with a public or private institution of higher education at the time appointed or during his term. The other qualifications, terms and compensation of the coordinating board shall be the same as provided by law for the curators of the University of Missouri, **except that no member of the coordinating board shall be a student**. The coordinating board may, in order to carry out the duties prescribed for it in subsections 1, 2, 3, 7, and 8 of this section, employ such professional, clerical and research personnel as may be necessary to assist it in performing those duties, but this staff shall not, in any fiscal year, exceed twenty-five full-time equivalent employees regardless of the source of funding. In addition to all other powers, duties and functions transferred to it, the coordinating board for higher education shall have the following duties and responsibilities:

(1) The coordinating board for higher education shall have approval of proposed new degree programs to be offered by the state institutions of higher education;

(2) The coordinating board for higher education may promote and encourage the development of cooperative agreements between Missouri public four-year institutions of higher education which do not offer graduate degrees and Missouri public four-year institutions of higher education which do offer graduate degrees for the purpose of offering graduate degree programs on campuses of those public four-year institutions of higher education which do not otherwise offer graduate degrees. Such agreements shall identify the obligations and duties of the parties, including assignment of administrative responsibility. Any diploma awarded for graduate degrees under such a cooperative agreement shall include the names of both institutions inscribed thereon. Any cooperative agreement in place as of August 28, 2003, shall require no further approval from the coordinating board for higher education. Any costs incurred with respect to the administrative provisions of this subdivision may be paid from state funds allocated to the institution assigned the administrative authority for the program. The provisions of this subdivision shall not be construed to invalidate the provisions of subdivision (1) of this subsection;

(3) In consultation with the heads of the institutions of higher education affected and against a background of carefully collected data on enrollment, physical facilities, manpower needs, institutional missions, the coordinating board for higher education shall establish guidelines for appropriation requests by those institutions of higher education; however, other provisions of the Reorganization Act of 1974 notwithstanding, all funds shall be appropriated by the general assembly to the governing board of each public four-year institution of higher education which shall prepare expenditure budgets for the institution;

(4) No new state-supported senior colleges or residence centers shall be established except as provided

by law and with approval of the coordinating board for higher education;

(5) The coordinating board for higher education shall establish admission guidelines consistent with institutional missions;

(6) The coordinating board shall establish policies and procedures for institutional decisions relating to the residence status of students;

(7) The coordinating board shall establish guidelines to promote and facilitate the transfer of students between institutions of higher education within the state and shall ensure that as of the 2008-09 academic year, in order to receive increases in state appropriations, all approved public two- and four-year public institutions shall work with the commissioner of higher education to establish agreed-upon competencies for all entry-level collegiate courses in English, mathematics, foreign language, sciences, and social sciences associated with an institution's general education core and that the coordinating board shall establish policies and procedures to ensure such courses are accepted in transfer among public institutions and treated as equivalent to similar courses at the receiving institutions. The department of elementary and secondary education shall align such competencies with the assessments found in section 160.518, RSMo, and successor assessments;

(8) The coordinating board shall collect the necessary information and develop comparable data for all institutions of higher education in the state.

The coordinating board shall use this information to delineate the areas of competence of each of these institutions and for any other purposes deemed appropriate by the coordinating board;

(9) Compliance with requests from the coordinating board for institutional information and the other powers, duties and responsibilities, herein assigned to the coordinating board, shall be a prerequisite to the receipt of any funds which the coordinating board is responsible for administering;

(10) If any institution of higher education in this state, public or private, willfully fails or refuses to follow any lawful guideline, policy or procedure established or prescribed by the coordinating board, or knowingly deviates from any such guideline, or knowingly acts without coordinating board approval where such approval is required, or willfully fails to comply with any other lawful order of the coordinating board, the coordinating board may, after a public hearing, withhold or direct to be withheld from that institution any funds the disbursement of which is subject to the control of the coordinating board, or may remove the approval of the institution as an approved institution within the meaning of section 173.1102. If any such public institution willfully disregards board policy, the commissioner of higher education may order such institution to remit a fine in an amount not to exceed one percent of the institution's current fiscal year state operating appropriation to the board. The board shall hold such funds until such time that the institution, as determined by the commissioner of higher education, corrects the violation, at which time the board shall refund such amount to the institution. If the commissioner determines that the institution has not redressed the violation within one year, the fine amount shall be deposited into the general revenue fund, unless the institution appeals such decision to the full coordinating board, which shall have the authority to make a binding and final decision, by means of a majority vote, regarding the matter. However, nothing in this section shall prevent any institution of higher education in this state from presenting additional budget requests or from explaining or further clarifying its budget requests to the governor or the general assembly; and

(11) (a) As used in this subdivision, the term "out-of-state public institution of higher education" shall

mean an education institution located outside of Missouri that:

- a. Is controlled or administered directly by a public agency or political subdivision or is classified as a public institution by the state;
- b. Receives appropriations for operating expenses directly or indirectly from a state other than Missouri;
- c. Provides a postsecondary course of instruction at least six months in length leading to or directly creditable toward a degree or certificate;
- d. Meets the standards for accreditation by an accrediting body recognized by the United States Department of Education or any successor agency; and
- e. Permits faculty members to select textbooks without influence or pressure by any religious or sectarian source.

(b) No later than July 1, 2008, the coordinating board shall promulgate rules regarding:

a. The board's approval process of proposed new degree programs and course offerings by any out-of-state public institution of higher education seeking to offer degree programs or course work within the state of Missouri; and

b. The board's approval process of degree programs and courses offered by any out-of-state public institutions of higher education that, prior to July 1, 2008, were approved by the board to operate a school in compliance with the provisions of sections 173.600 to 173.618.

The rules shall ensure that, as of July 1, 2008, all out-of-state public institutions seeking to offer degrees and courses within the state of Missouri are evaluated in a manner similar to Missouri public higher education institutions. Such out-of-state public institutions shall be held to standards no lower than the standards established by the coordinating board for program approval and the policy guidelines of the coordinating board for data collection, cooperation, and resolution of disputes between Missouri institutions of higher education under this section. Any such out-of-state public institutions of higher education wishing to continue operating within this state must be approved by the board under the rules promulgated under this subdivision. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly under chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

(c) Nothing in this subdivision or in section 173.616 shall be construed or interpreted so that students attending an out-of-state public institution are considered to be attending a Missouri public institution of higher education for purposes of obtaining student financial assistance.

3. The coordinating board shall meet at least four times annually with an advisory committee who shall be notified in advance of such meetings. The coordinating board shall have exclusive voting privileges. The advisory committee shall consist of thirty-two members, who shall be the president or other chief administrative officer of the University of Missouri; the chancellor of each campus of the University of Missouri; the president of each state-supported four-year college or university, including Harris-Stowe State University, Missouri Southern State University, Missouri Western State University, and Lincoln University;

the president of Linn State Technical College; the president or chancellor of each public community college district; and representatives of each of five accredited private institutions selected biennially, under the supervision of the coordinating board, by the presidents of all of the state's privately supported institutions; but always to include at least one representative from one privately supported community college, one privately supported four-year college, and one privately supported university. The conferences shall enable the committee to advise the coordinating board of the views of the institutions on matters within the purview of the coordinating board.

4. The University of Missouri, Lincoln University, and all other state-governed colleges and universities, chapters 172, 174 and 175, RSMo, and others, are transferred by type III transfers to the department of higher education subject to the provisions of subsection 2 of this section.

5. The state historical society, chapter 183, RSMo, is transferred by type III transfer to the University of Missouri.

6. The state anatomical board, chapter 194, RSMo, is transferred by type II transfer to the department of higher education.

7. All the powers, duties and functions vested in the division of public schools and state board of education relating to community college state aid and the supervision, formation of districts and all matters otherwise related to the state's relations with community college districts and matters pertaining to community colleges in public school districts, chapters 163 and 178, RSMo, and others, are transferred to the coordinating board for higher education by type I transfer. Provided, however, that all responsibility for administering the federal-state programs of vocational-technical education, except for the 1202a post-secondary educational amendments of 1972 program, shall remain with the department of elementary and secondary education. The department of elementary and secondary education and the coordinating board for higher education shall cooperate in developing the various plans for vocational-technical education; however, the ultimate responsibility will remain with the state board of education.

8. The administration of sections 163.171 and 163.181, RSMo, relating to teacher-training schools in cities, is transferred by type I transfer to the coordinating board for higher education.

9. All the powers, duties, functions, personnel and property of the state library and state library commission, chapter 181, RSMo, and others, are transferred by type I transfer to the coordinating board for higher education, and the state library commission is abolished. The coordinating board shall appoint a state librarian who shall administer the affairs of the state library under the supervision of the board.

10. All the powers, duties, functions, and properties of the state poultry experiment station, chapter 262, RSMo, are transferred by type I transfer to the University of Missouri, and the state poultry association and state poultry board are abolished. In the event the University of Missouri shall cease to use the real estate of the poultry experiment station for the purposes of research or shall declare the same surplus, all real estate shall revert to the governor of the state of Missouri and shall not be disposed of without legislative approval.”; and

Further amend the title and enacting clause accordingly.

Senator Smith moved that the above amendment be adopted.

Senator Nodler raised the point of order that **SA 2** is out of order as it goes beyond the scope and title of the bill.

The point of order was referred to the President Pro Tem who ruled it well taken.
At the request of Senator Pearce, **SB 255** was placed on the Informal Calendar.
