

# Journal of the Senate

SECOND REGULAR SESSION

---

**FORTY-SEVENTH DAY—MONDAY, APRIL 2, 2012**

---

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

“How much of God’s sunshine has entered your life? How much time have you spent in the radiance of his presence?” (E. Townley Lord)

As we begin a new week we are so mindful of the draining pressures and demands that are beginning to increase around us. Help us Lord, for we need You to give us quietness and patience as we seek Your blessings in all that we do here. We recognize that the surest spiritual search is made in silence, so help us find such quietness in each day to wait upon You so that we might be refreshed for what lies ahead. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The Journal for Thursday, March 29, 2012 was read and approved.

The following Senators were present during the day’s proceedings:

## MESSAGES FROM THE HOUSE

The following messages were received from the House of Representatives through its Chief Clerk:

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and adopted **HCS** for **HCR 30**.

HOUSE COMMITTEE SUBSTITUTE FOR  
HOUSE CONCURRENT RESOLUTION NO. 30

WHEREAS, over the course of the Spring and Summer of 2011, unprecedented releases of water upstream by the U.S. Army Corps of Engineers have caused extensive pressure on the river levees in the state of Missouri that protect many communities, businesses, and prime agricultural lands; and

WHEREAS, in the face of this tremendous pressure some of Missouri's levees have been intentionally and unintentionally breached, resulting in widespread flooding, which has proved devastating to many Missouri homes, farms, families, and livelihoods; and

WHEREAS, last summer, the U.S. Army Corps of Engineers intentionally breached the Birds Point levee in southeast Missouri which resulted in the flooding of 130,000 acres of mostly agricultural land; and

WHEREAS, Missouri families have suffered unprecedented losses as a result of this situation and many Missouri farmers have experienced

a complete and total loss of agricultural production, resulting in decimated farm incomes and ravaged local economies; and

WHEREAS, according to a June 2011 report drafted by the Food and Agriculture Policy Research Institute of the University of Missouri, the breach of the levee and subsequent flooding of crop lands in Southeast Missouri has resulted in economic losses totaling \$60.6 million, a combination of forgone net returns and incurred production expenses in the affected area; and

WHEREAS, according to the University of Missouri Extension, the southeast Missouri region produced the following shares of the state's total production of specific agricultural commodities in 2010:

- 1) 100% of total cotton production in Missouri;
- 2) 99.6% of total rice production in Missouri;
- 3) 52.9% of total wheat production in Missouri;
- 4) 21.4% of total grain sorghum production in Missouri;
- 5) 18.1% of total soybean production in Missouri;
- 6) 15.4% of total corn production in Missouri; and

WHEREAS, with the agricultural production of southeast Missouri accounting for approximately one-third of the state's total economy, the catastrophic results of the flooding of agricultural land due to the intentional breach of the Birds Point levee in southeast Missouri has a significant economic impact for the entire state. This complete and total loss of agricultural production at a time when our state's economy is experiencing recession can only exacerbate the state's current economic hardships; and

WHEREAS, the flood waters have not yet receded in some parts of Missouri and continue to disrupt the lives of hard-working Missourians; and

WHEREAS, even after the flood waters recede, much work will need to be done to restore the productivity of the damaged agricultural land and repair the ruined homes and businesses; and

WHEREAS, the U.S. Army Corps of Engineers is charged with management of the nation's rivers and flood control is one of the primary purposes for which the rivers are to be managed; and

WHEREAS, the original flood plan was authorized in 1928 in response to severe flooding of the Mississippi River in 1927. The U.S. Army Corps of Engineers is obligated to re-examine the flood plan in light of the devastating losses, both short-term and long-term, suffered in this state as a result of the unprecedented releases of water upstream and the intentional breach of the Birds Point levee by the U.S. Army Corps of engineers during the Spring and Summer of 2011:

NOW THEREFORE BE IT RESOLVED that the members of the House of Representatives of the Ninety-sixth General Assembly, Second Regular Session, the Senate concurring therein, hereby strongly urge the U.S. Army Corps of Engineers to:

- 1) Re-examine the flood control operations for the Missouri and Mississippi rivers; and
- 2) Manage the rivers in such a way as to avoid the devastating flooding disasters that have occurred this year; and
- 3) Rebuild the damaged levees to at least their previous heights as expeditiously as possible; and

BE IT FURTHER RESOLVED that the members of the Missouri General Assembly encourage communities, families and other stakeholders to work together to restore the prime agricultural lands that have been damaged by the recent flooding so that the productive value of these lands is not irrevocably lost; and

BE IT FURTHER RESOLVED that the members of the Missouri General Assembly strongly encourage the members of the Missouri Congressional delegation to actively support policies for the management of the Missouri River that minimize devastating flood events such as those that have been experienced by so many Missourians this summer; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copy of this resolution for the Secretary of the U.S. Army and the members of the Missouri Congressional delegation.

In which the concurrence of the Senate is respectfully requested.

Also,

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has

taken up and adopted **HCR 25**.

HOUSE CONCURRENT RESOLUTION NO. 25

WHEREAS, the practice of school nursing began in the United States in 1902, when the initial role of the school nurse was to reduce absenteeism by intervening with students and families regarding health care needs related to communicable diseases; and

WHEREAS, today, professional school nursing is a specialized practice that advances the well-being, academic success, and lifelong achievement of students. To that end, school nurses facilitate positive student responses to normal development, promote health and safety, intervene with actual and potential health problems, provide case management services, and actively collaborate with others to build student and family capacity for adaptation, self-management, and self-advocacy, and learning; and

WHEREAS, seven roles have been identified by the National Association of School Nurses:

- (1) Providing health care to students and staff;
- (2) Providing leadership for the provision of health services;
- (3) Providing screening and referral for health care;
- (4) Promoting a healthy school environment;
- (5) Promoting health;
- (6) Serving in a leadership role for health policies and programs;
- (7) Serving as a liaison between school personnel, family, community, and health care providers; and

WHEREAS, under optimal conditions, all public schools should have a school nurse on staff; and

WHEREAS, today, school nurses are facing increased pressures from every direction. Overwhelming amounts of paperwork, strict administrative policies, diminishing school budgets, and serious concerns regarding legal liabilities leave an insufficient amount of time and resources to provide students with the quality of care they deserve; and

WHEREAS, as schools grapple with mandates from the federal government to vaccinate students, many districts have few or no nurses to prevent or respond to outbreaks, leaving students more vulnerable to viruses that spread easily in classrooms and take a heavier toll on children and young adults; and

WHEREAS, a 2008 survey by the National Association of School Nurses found that only 45% of public schools have their own full-time nurse, another 30% have a part-time nurse, and 25% don't have any nurses at all; and

WHEREAS, given the vital role of our professional school nurses, school districts should recognize the dedication and contributions made by professionals:

NOW THEREFORE BE IT RESOLVED that the members of the House of Representatives of the Ninety-sixth General Assembly, Second Regular Session, the Senate concurring therein, hereby recognize the important health and educational services that professional school nurses provide and strongly urge every school district in this state to recognize the dedication of professional school nurses and the valuable role they play in Missouri schools; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copy of this resolution for each school district in Missouri.

In which the concurrence of the Senate is respectfully requested.

Also,

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and adopted **HCR 11**.

HOUSE CONCURRENT RESOLUTION NO. 11

WHEREAS, the State of Missouri has a proud agricultural tradition, with the first farms in this state established around 1725 by French settlers in the St. Genevieve area; and

WHEREAS, today in Missouri, according to the 2007 Census of Agriculture:

(1) 66% of Missouri's total land area is farmland;

(2) 53% of Missouri's total agricultural receipts came from livestock;

(3) Missouri ranks 2nd in the nation in the number of farms, with 108,000 farms. The average farm size is 269 acres, with 86% of all Missouri farms having less than 500 acres of land;

(4) 88% of all farm operations in this state were owned by individuals, families, or sole proprietors. Only 0.3% were owned by nonfamily corporations;

(5) Missouri has \$7.51 billion value in agricultural products sold each year, with cattle and calves, hogs, and turkeys as Missouri's top livestock crops; and

(6) Missouri ranks 14th in the nation in total value of agricultural products sold. In 2009, 30% of Missouri's top agricultural production was in cattle and calves (16.1%), hogs (10%), and turkeys (4%); and

WHEREAS, in 2009, Missouri ranked 12th in the nation in agricultural exports, with livestock animals and meat as the 3rd highest agricultural export in the state; and

WHEREAS, with animal agriculture playing such a vital role in the lives of Missourians, it is appropriate to set aside one day to celebrate Missouri's animal agriculture industry in Missouri:

NOW THEREFORE BE IT RESOLVED that the members of the House of Representatives of the Ninety-sixth General Assembly, Second Regular Session, the Senate concurring therein, hereby designate October 3, 2012, as "Missouri Animal Agriculture Day" and encourage all citizens of this state to commemorate the day by eating and enjoying the fine meat selections raised in Missouri, including beef, pork, chicken, and turkey, as well as our wild game of deer, turkey, rabbit, and elk, and the many fish from our lakes, rivers, streams, and creeks.

In which the concurrence of the Senate is respectfully requested.

Also,

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and passed **HB 1593**, entitled:

An Act to repeal section 135.680, RSMo, and to enact in lieu thereof three new sections relating to the Missouri Angel Investment Incentive Act.

In which the concurrence of the Senate is respectfully requested.

Read 1st time.
