May we, in a like manner, live and do those things that are worthy not of praise but of recognition for what and how they help our neighbors and state. Plan forms, rate filings, and supporting data included in the definition of public record under section 610.010 shall be posted and available to the public on the department’s website.

7. In accordance with the procedures set forth in section 376.466, the director shall review the proposed rates, the information submitted in support of the proposed rates, and any supplemental information requested by the director or otherwise submitted to the director regarding the proposed rates and make a determination as to whether the rates are excessive, inadequate, or unfairly discriminatory within thirty days from the date of the filing by the health carrier.

8. The director may promulgate rules to implement the provisions of this section. Such regulations may, among other things, clarify or explain the form and content of the information required to be submitted under this section. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after the effective date of this section shall be invalid and void.

376.466. 1. Concurrent with the filing of a significant rate increase for approval by the department, a health carrier shall notify in writing all affected enrollees and policyholders of the proposed significant rate increase. Such notice shall specify the rate increase proposed that is applicable to each enrollee or policyholder, and shall include the ranking and quantification of those factors that are responsible for the amount of the rate increase proposed. At the hearing, the health carrier may provide additional information in support of its proposed significant rate increase and any member of the public may provide information in support of or in opposition to the proposed significant rate increase.

3. The director shall solicit public comments on each proposed significant rate increase and shall post without delay all comments received on the department's website prior to approval or disapproval of the proposed significant rate increase.

4. The director shall consider the public testimony and comments received for consideration in determining whether to approve or disapprove such significant rate increase proposals.

5. Within twenty days of the hearing described in subsection 2 of this section, the director shall review all of the information submitted to determine whether the proposed significant rate increase is justified. No rate shall be considered justified that is excessive, inadequate, or unfairly discriminatory. If the director determines that the rate is justified, the director shall issue an order authorizing the health carrier to use the premium rate as proposed. If the director determines that the rate is not justified, the director shall issue an order prohibiting the use of the premium rate as proposed. The health carrier, or an enrollee or policyholder under section 376.468, may appeal the director's decision under chapter 536.

6. Within ten days of the director's decision and notice to the health carrier of such decision, the health carrier shall notify in writing all affected enrollees and policyholders of the determination of the director regarding the premium rate increase.

7. The director shall adopt regulations to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section, section 376.465, and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after the effective date of this section shall be invalid and void.
