SECOND REGULAR SESSION

THIRTIETH DAY—TUESDAY, MARCH 4, 2014

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

“Therefore all the faithful will make their prayers to you in times of trouble; when the great waters overflow, they shall not reach them.”
(Psalm 32:7)

Merciful Lord, we are grateful for those who You have called to clear our roads and make travel possible for Missourians, for their willingness to work through evening’s darkness and through the gray of a new day. Once again we have driven through a landscape of ice and snow and are grateful for Your protection in bringing us safely here. Continue Your protection for all who travel and bless our efforts here this week. In Your Holy Name we pray. Amen.

HOUSE CONCURRENT RESOLUTION NO. 4

WHEREAS, high oil prices are having a major detrimental impact on families, farms, and businesses in Missouri and are likely to undercut the prospects for an economic recovery; and

WHEREAS, the United States currently imports almost half of its oil and petroleum products, making it dependent on foreign sources and subject to interruptions and price fluctuations stemming from geopolitical forces; and

WHEREAS, such instability has damaging consequences both for our economy and our national security; and

WHEREAS, the United States Geological Survey estimates a resource of up to 27 billion barrels of oil in the Chukchi and Beaufort seas of Alaska, providing a vast domestic oil reserve, but opposition and regulatory hurdles are keeping energy producers from accessing these resources; and

WHEREAS, the TransCanada Keystone XL pipeline project seeks to link expanded oil production from the Canadian oil sands to refineries in the United States and to facilitate the flow of oil from the Dakotas to the Gulf Coast, thereby decreasing our dependence on oil from outside of North America; and

WHEREAS, Canada is a close friend and ally, with whom we share links of infrastructure and energy networks and other ties, so that dollars spent on Canadian oil will likely contribute to the success of the American economy; and

WHEREAS, the TransCanada pipeline project is projected to create construction and manufacturing jobs in the United States, adding

billions of dollars to the United States economy:

NOW THEREFORE BE IT RESOLVED that the members of the House of Representatives of the Ninety-seventh General Assembly, Second Regular Session, the Senate concurring therein, hereby call upon President Barack Obama and administration officials to:

(1) Support the increased importation of oil from Canadian oil sands and to approve the newly routed TransCanada Keystone XL pipeline to reduce our oil dependency on unstable governments, strengthen ties with an important ally, and create jobs for American workers;

(2) Support and facilitate permitting for oil production off the northern coast of Alaska to decrease our dependence on foreign oil and spur investment in the American economy; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for President Barack Obama, Vice President Joe Biden, Secretary of State John Kerry, United States House of Representatives Speaker John Boehner, and each member of the Missouri Congressional delegation.

In which the concurrence of the Senate is respectfully requested.
