AN ACT

To repeal section 178.550, RSMo, and to enact in lieu thereof two new sections relating to career and technical education.

Be it enacted by the General Assembly of the State of Missouri, as follows:

Section A. Section 178.550, RSMo, is repealed and two new sections enacted in lieu thereof, to be known as sections 170.029 and 178.550, to read as follows:

170.029. 1. The state board of education, in consultation with the career and technical education advisory council as established in section 178.550, shall establish minimum requirements for a career and technical education (CTE) certificate that a student can earn in addition to his or her high school graduation diploma. Students entering high school in school year 2017-2018 and thereafter shall be eligible to earn a CTE certificate.

2. The state board of education shall establish CTE requirements intended to provide students with the necessary technical employability skills to be prepared for an entry-level career in a technical field or additional training in a technical field. The provisions of this section shall not be considered a means for tracking students in order to impel students to particular vocational, career, or college paths. The state board of education shall work with local school districts to ensure that tracking does not occur. For purposes of this

16 section, "tracking" means separating pupils by academic ability into
17 groups for all subjects or certain classes and curriculum.

18 3. Each local school district shall determine the curriculum,
19 programs of study, and course offerings based on the needs and
20 interests of the students in the district. As required by Missouri's state

23 individual school districts to stipulate the minimum number of CTE
24 offerings. Each local school district shall strive to offer programs of
25 study that are economically feasible for students in the district. In
26 establishing CTE offerings, the district may rely on standards, technical
27 coursework, and skills assessments developed for industry-recognized
28 certificates or credentials.

29 4. No later than January 1, 2017, the department of elementary
30 and secondary education shall develop a process for recognition of a
31 school district's career and technical education program that offers a
32 career and technical education certificate.

33 5. The department of elementary and secondary education shall
34 promulgate all necessary rules and regulations for the administration
35 of this section. Any rule or portion of a rule, as that term is defined in
36 section 536.010, that is created under the authority delegated in this
37 section shall become effective only if it complies with and is subject to
38 all of the provisions of chapter 536 and, if applicable, section 536.028.
39 This section and chapter 536 are nonseverable, and if any of the powers
40 vested with the general assembly pursuant to chapter 536 to review, to
41 delay the effective date, or to disapprove and annul a rule are
42 subsequently held unconstitutional, then the grant of rulemaking
43 authority and any rule proposed or adopted after August 28, 2016, shall
44 be invalid and void.
