

Journal of the Senate

FIRST REGULAR SESSION

SIXTY-FOURTH DAY - FRIDAY, MAY 5, 2023

The Senate met pursuant to adjournment.

President Kehoe in the Chair.

Senator Roberts offered the following prayer:

As we approach the final week of this legislative session, we come with humble hearts, seeking guidance and wisdom. We are thankful for the opportunity to serve the people of our great state and for the privilege of working together for the common good. As we look back on the work we have done over the past weeks and months, we recognize that there have been times of disagreement and conflict. We ask forgiveness for any actions or words that may have caused harm or division. And as we approach our final week, we pray that You would help us to put our differences aside and to work together in unity and harmony. Give us the strength and courage to finish strong, to press on towards our goals with determination and resolve. May our actions and decisions be guided by love and wisdom, and may they reflect our commitment to the well-being of all our constituents. We pray for blessings on our state, for the prosperity and peace of our communities and for the health and well-being of all our citizens. May Your light shine upon us, illuminating our path and guiding us toward a brighter future. We offer this prayer in Your holy name, with gratitude for Your presence in our lives. Amen.

The Pledge of Allegiance to the Flag was recited.

CONCURRENT RESOLUTION

Senator May offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 19

Whereas, the United States economy is today plagued by a growing gap between the rich and the non-rich; by a global recession and credit crisis; by debilitating waste and under-employment of human talent; by inadequate growth alongside shackled technological potential; by record-level trade and governmental budget deficits; and by an estimated "hidden debt" of fifty-six trillion dollars, or four hundred eighty-three thousand dollars per household, in future Social Security and Medicare entitlements, added to historically high federal debt being imposed on young Americans and generations not yet born; and

Whereas, the sustainable growth and energy self-sufficiency of the American economy in the twenty-first century will require trillions of dollars each year of new and improved, life-enhancing technology, rentable space and physical infrastructure; and

Whereas, the Joint Economic Committee of Congress, as early as 1977, has declared broad-based ownership of new capital as an effective strategy for raising national productivity; and

Whereas, the national goals of equal economic opportunity and widespread capital ownership have been blocked by artificial barriers erected in monetary, tax, and inheritance policies; and

Whereas, this policy objective has been frustrated by the systemic concentration of economic power and exclusionary access to future capital credit to the advantage of the wealthiest Americans; and

Whereas, the Federal Reserve System has stifled the growth of America's productive capacity through its monetary policy, by monetizing public-sector growth and mounting federal deficits and bailouts of mortgage loan sharks and their Wall Street syndicators; by favoring speculation over investment; by shortchanging the capital credit needs of entrepreneurs, inventors, farmers and workers; by increasing the

dependency of families by burdening them with usurious consumer credit; and by perpetuating unjust capital credit and ownership barriers between rich Americans and those without savings; and

Whereas, there is a fundamental difference between asset-backed credit for productive uses and debt-backed credit for non-productive uses, consumption, or speculation; the first being critical for stimulating private sector investment, savings, and the supply of new marketable wealth, and the second being used to give people more inflated dollars to chase the same supply of existing wealth; and

Whereas, the Federal Reserve Board is now empowered under section 13, paragraph 2 of the Federal Reserve Act to reform monetary policy to discourage non-productive and speculative uses of credit, to encourage accelerated rates of private sector growth, and to promote widespread individual access to productive credit as a fundamental right of citizenship:

Now, Therefore, Be It Resolved that the members of the Missouri Senate, One Hundred Second General Assembly, First Regular Session, the House of Representatives concurring therein, hereby call on the U.S. Congress to enact the proposed Economic Democracy Act as a national "just free market" policy to foster life-long capital ownership self-sufficiency as a fundamental right of citizenship and as a means to achieve true economic independence for all citizens; and

Be It Further Resolved that the Act would amend the Federal Reserve Act (1) to require the Federal Reserve Board to stop monetizing government debt through its buying and selling of U.S. Treasury securities, (2) to begin re-activating its discount mechanism through its twelve regional Federal Reserve Banks to encourage sustainable, non-inflationary private sector growth linked to lifetime equal capital ownership opportunities for every American, and (3) for each regional Federal Reserve bank to provide an equal ownership share to the permanent residents they serve; and

Be It Further Resolved that the Act would simplify today's complex and inequitable tax system by substituting a single-rate tax on non-exempt personal incomes from all sources above a living income exemption, while:

1. Paying from general revenues all entitlements, welfare supports, and other government spending at present levels, while fulfilling all current Social Security and Medicare obligations;
2. Eliminating the payroll tax on workers and employers;
3. Taxing the individual recipient of all gifts and inheritances above a determined level to encourage extremely wealthy citizens to spread out their wealth or estates among many citizens;
4. Making dividend payouts deductible to corporations, to promote one hundred percent distributions to shareholders and accelerate citizen capital loan repayments; and
5. Balancing the budget and paying off federal government debt as quickly as possible; and

Be It Further Resolved that the General Assembly petitions the Federal Reserve Board to adopt a two-tiered money-creation and credit policy that sharply distinguishes between ownership-expanding productive credit, and ownership-concentrating, nonproductive and speculative uses of credit. The upper tier, reflecting the higher market costs of borrowing "old money" from existing domestic and foreign savings pools and existing assets, should continue to be maintained as a source of market-rate credit to public-sector borrowers, consumers, speculators, and for all other nonproductive purposes. The Federal Reserve discount rate for the lower tier should be reduced to no higher than one-half percent as a one-time "service fee" for creating interest-free capital credit and money backed by broadly owned capital assets. This new reservoir of Federal Reserve monetized capital credit should be reserved exclusively for capital credit borrowers through Federal Reserve regulated commercial and cooperative banks. Citizens' tax-sheltered "Capital Ownership Accounts", similar to Individual Retirement Accounts, or "IRAs", would receive insured capital credit at reasonable bank service charges covering capital credit insurance premiums. Such expanded bank credit should not be subsidized by the taxpayers, and should be backed and collateralized by the newly acquired assets and private sector credit insurance to cover the risk of default. Such ownership-broadening capital credit borrowed through local commercial and cooperative banks could be invested in "qualified" securities such as newly issued, full-dividend payout, full voting shares in a company for which a member of the citizen's household works; companies in which the citizen's household has a monthly billing account; Employee Stock Ownership Plans; and Homeowners Equity Corporations for turning renters into owners; production and marketing

cooperatives and partnerships; family-owned and -operated businesses and farms; and mature companies with a history of solid earnings. In order to finance new infrastructure and land development, Citizens Land Development Cooperatives could receive fed-monetized capital credit through local commercial and cooperative banks on behalf of every permanent resident in their jurisdictions. Every child, woman, and man in the area covered by a CLDC would receive a free, full dividend-payout, full voting, non-transferable share, entitling them to an equal share of leasing profits and voting control in the CLDC; and

Be It Further Resolved that the Secretary of the Senate be instructed to prepare a properly inscribed copy of this resolution for the President of the United States, each member of the Missouri Congressional delegation, and the Board of Governors of the Federal Reserve System.

SENATE AMENDMENT NO. 1

Amend Senate Substitute No. 3 for House Committee Substitute for House Bill No. 268, Page 18, Section 135.1350, Line 168, by inserting after all of said line the following:

“137.115. 1. All other laws to the contrary notwithstanding, the assessor or the assessor's deputies in all counties of this state including the City of St. Louis shall annually make a list of all real and tangible personal property taxable in the assessor's city, county, town or district. Except as otherwise provided in subsection 3 of this section and section 137.078, **for all calendar years ending on or before December 31, 2023**, the assessor shall annually assess all personal property at thirty-three and one-third percent of its true value in money as of January first of each calendar year. **Except as otherwise provided in subsection 3 of this section and section 137.078, for all calendar years beginning on or after January 1, 2024, the assessor shall annually assess all personal property at thirty-two and eight-tenths percent of its true value in money as of January first of each calendar year.** The assessor shall annually assess all real property, including any new construction and improvements to real property, and possessory interests in real property at the percent of its true value in money set in subsection 5 of this section. The true value in money of any possessory interest in real property in subclass (3), where such real property is on or lies within the ultimate airport boundary as shown by a federal airport layout plan, as defined by 14 CFR 151.5, of a commercial airport having a FAR Part 139 certification and owned by a political subdivision, shall be the otherwise applicable true value in money of any such possessory interest in real property, less the total dollar amount of costs paid by a party, other than the political subdivision, towards any new construction or improvements on such real property completed after January 1, 2008, and which are included in the above-mentioned possessory interest, regardless of the year in which such costs were incurred or whether such costs were considered in any prior year. The assessor shall annually assess all real property in the following manner: new assessed values shall be determined as of January first of each odd-numbered year and shall be entered in the assessor's books; those same assessed values shall apply in the following even-numbered year, except for new construction and property improvements which shall be valued as though they had been completed as of January first of the preceding odd-numbered year. The assessor may call at the office, place of doing business, or residence of each person required by this chapter to list property, and require the person to make a correct statement of all taxable tangible personal property owned by the person or under his or her care, charge or management, taxable in the county. On or before January first of each even-numbered year, the assessor shall prepare and submit a two-year assessment maintenance plan to the county governing body and the state tax commission for their respective approval or modification. The county governing body shall approve and

forward such plan or its alternative to the plan to the state tax commission by February first. If the county governing body fails to forward the plan or its alternative to the plan to the state tax commission by February first, the assessor's plan shall be considered approved by the county governing body. If the state tax commission fails to approve a plan and if the state tax commission and the assessor and the governing body of the county involved are unable to resolve the differences, in order to receive state cost-share funds outlined in section 137.750, the county or the assessor shall petition the administrative hearing commission, by May first, to decide all matters in dispute regarding the assessment maintenance plan. Upon agreement of the parties, the matter may be stayed while the parties proceed with mediation or arbitration upon terms agreed to by the parties. The final decision of the administrative hearing commission shall be subject to judicial review in the circuit court of the county involved. In the event a valuation of subclass (1) real property within any county with a charter form of government, or within a city not within a county, is made by a computer, computer-assisted method or a computer program, the burden of proof, supported by clear, convincing and cogent evidence to sustain such valuation, shall be on the assessor at any hearing or appeal. In any such county, unless the assessor proves otherwise, there shall be a presumption that the assessment was made by a computer, computer-assisted method or a computer program. Such evidence shall include, but shall not be limited to, the following:

(1) The findings of the assessor based on an appraisal of the property by generally accepted appraisal techniques; and

(2) The purchase prices from sales of at least three comparable properties and the address or location thereof. As used in this subdivision, the word "comparable" means that:

(a) Such sale was closed at a date relevant to the property valuation; and

(b) Such properties are not more than one mile from the site of the disputed property, except where no similar properties exist within one mile of the disputed property, the nearest comparable property shall be used. Such property shall be within five hundred square feet in size of the disputed property, and resemble the disputed property in age, floor plan, number of rooms, and other relevant characteristics.

2. Assessors in each county of this state and the City of St. Louis may send personal property assessment forms through the mail.

3. The following items of personal property shall each constitute separate subclasses of tangible personal property and shall be assessed and valued for the purposes of taxation at the following percentages of their true value in money:

(1) Grain and other agricultural crops in an unmanufactured condition, one-half of one percent;

(2) Livestock, twelve percent;

(3) Farm machinery, twelve percent;

(4) Motor vehicles which are eligible for registration as and are registered as historic motor vehicles pursuant to section 301.131 and aircraft which are at least twenty-five years old and which are used solely for noncommercial purposes and are operated less than two hundred hours per year or aircraft that are home built from a kit, five percent;

(5) Poultry, twelve percent; and

(6) Tools and equipment used for pollution control and tools and equipment used in retooling for the purpose of introducing new product lines or used for making improvements to existing products by any company which is located in a state enterprise zone and which is identified by any standard industrial classification number cited in subdivision (7) of section 135.200, twenty-five percent.

4. The person listing the property shall enter a true and correct statement of the property, in a printed blank prepared for that purpose. The statement, after being filled out, shall be signed and either affirmed or sworn to as provided in section 137.155. The list shall then be delivered to the assessor.

5. (1) All subclasses of real property, as such subclasses are established in Section 4(b) of Article X of the Missouri Constitution and defined in section 137.016, shall be assessed at the following percentages of true value:

(a) For real property in subclass (1), nineteen percent;

(b) For real property in subclass (2), twelve percent; and

(c) For real property in subclass (3), thirty-two percent.

(2) A taxpayer may apply to the county assessor, or, if not located within a county, then the assessor of such city, for the reclassification of such taxpayer's real property if the use or purpose of such real property is changed after such property is assessed under the provisions of this chapter. If the assessor determines that such property shall be reclassified, he or she shall determine the assessment under this subsection based on the percentage of the tax year that such property was classified in each subclassification.

6. Manufactured homes, as defined in section 700.010, which are actually used as dwelling units shall be assessed at the same percentage of true value as residential real property for the purpose of taxation. The percentage of assessment of true value for such manufactured homes shall be the same as for residential real property. If the county collector cannot identify or find the manufactured home when attempting to attach the manufactured home for payment of taxes owed by the manufactured home owner, the county collector may request the county commission to have the manufactured home removed from the tax books, and such request shall be granted within thirty days after the request is made; however, the removal from the tax books does not remove the tax lien on the manufactured home if it is later identified or found. For purposes of this section, a manufactured home located in a manufactured home rental park, rental community or on real estate not owned by the manufactured home owner shall be considered personal property. For purposes of this section, a manufactured home located on real estate owned by the manufactured home owner may be considered real property.

7. Each manufactured home assessed shall be considered a parcel for the purpose of reimbursement pursuant to section 137.750, unless the manufactured home is deemed to be real estate as defined in subsection 7 of section 442.015 and assessed as a realty improvement to the existing real estate parcel.

8. Any amount of tax due and owing based on the assessment of a manufactured home shall be included on the personal property tax statement of the manufactured home owner unless the manufactured

home is deemed to be real estate as defined in subsection 7 of section 442.015, in which case the amount of tax due and owing on the assessment of the manufactured home as a realty improvement to the existing real estate parcel shall be included on the real property tax statement of the real estate owner.

9. **(1) To determine the true value in money for motor vehicles**, the assessor of each county and each city not within a county shall use the [trade-in value published in the October issue of the National Automobile Dealers' Association Official Used Car Guide, or its successor publication, as the recommended guide of information for determining the true value of motor vehicles described in such publication. The assessor shall not use a value that is greater than the average trade-in value in determining the true value of the motor vehicle without performing a physical inspection of the motor vehicle. For vehicles two years old or newer from a vehicle's model year, the assessor may use a value other than average without performing a physical inspection of the motor vehicle. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which in the assessor's judgment will fairly estimate the true value in money of the motor vehicle.] **trade-in value published in the current or any of the three immediately previous years' October issue of a nationally recognized automotive trade publication selected by the state tax commission. The assessor shall not use a value that is greater than the average trade-in value for such motor vehicle in determining the true value of the motor vehicle without performing a physical inspection of the motor vehicle. For vehicles two years old or newer from a vehicle's model year, the assessor may use a value other than the average without performing a physical inspection of the motor vehicle. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which, in the assessor's judgment, will fairly estimate the true value in money of the motor vehicle.**

(2) For all tax years beginning on or after January 1, 2025, the assessor shall apply the following depreciation schedule to the trade-in value of the motor vehicle as determined pursuant to subdivision (1) of this subsection:

Years since manufacture	Percent Depreciation
Current	15
1	25
2	32.5
3	39.3
4	45.3
5	50.8
6	55.7
7	60.1

8	64.1
9	67.7
10	71
11	75.2
12	79.2
13	83.2
14	87.2
15	90
Greater than 15	Minimum value of \$300

Notwithstanding the provisions of this subdivision to the contrary, in no case shall the assessed value of a motor vehicle, as depreciated pursuant to this subdivision, be less than three hundred dollars.

(3) To implement the provisions of this subsection without large variations from the method in effect prior to January 1, 2024, the assessor shall assume that the last valuation tables used prior to October 1, 2024, are fair valuations and these valuations shall be depreciated from the table provided in subdivision (2) of this subsection until the end of their useful life. The state tax commission shall secure an annual appropriation from the general assembly for the publication used pursuant to subdivision (1) of this subsection. The state tax commission or the state of Missouri shall be the registered user of the publication with rights to allow all assessors access to the publication. The publication shall be available to all assessors by December fifteenth of each year.

10. Before the assessor may increase the assessed valuation of any parcel of subclass (1) real property by more than fifteen percent since the last assessment, excluding increases due to new construction or improvements, the assessor shall conduct a physical inspection of such property.

11. If a physical inspection is required, pursuant to subsection 10 of this section, the assessor shall notify the property owner of that fact in writing and shall provide the owner clear written notice of the owner's rights relating to the physical inspection. If a physical inspection is required, the property owner may request that an interior inspection be performed during the physical inspection. The owner shall have no less than thirty days to notify the assessor of a request for an interior physical inspection.

12. A physical inspection, as required by subsection 10 of this section, shall include, but not be limited to, an on-site personal observation and review of all exterior portions of the land and any buildings and improvements to which the inspector has or may reasonably and lawfully gain external access, and shall include an observation and review of the interior of any buildings or improvements on the property upon the timely request of the owner pursuant to subsection 11 of this section. Mere observation of the property

via a drive-by inspection or the like shall not be considered sufficient to constitute a physical inspection as required by this section.

13. A county or city collector may accept credit cards as proper form of payment of outstanding property tax or license due. No county or city collector may charge surcharge for payment by credit card which exceeds the fee or surcharge charged by the credit card bank, processor, or issuer for its service. A county or city collector may accept payment by electronic transfers of funds in payment of any tax or license and charge the person making such payment a fee equal to the fee charged the county by the bank, processor, or issuer of such electronic payment.

14. Any county or city not within a county in this state may, by an affirmative vote of the governing body of such county, opt out of the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of the general reassessment, prior to January first of any year. No county or city not within a county shall exercise this opt-out provision after implementing the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, in a year of general reassessment. For the purposes of applying the provisions of this subsection, a political subdivision contained within two or more counties where at least one of such counties has opted out and at least one of such counties has not opted out shall calculate a single tax rate as in effect prior to the enactment of house bill no. 1150 of the ninety-first general assembly, second regular session. A governing body of a city not within a county or a county that has opted out under the provisions of this subsection may choose to implement the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session, and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of general reassessment, by an affirmative vote of the governing body prior to December thirty-first of any year.

15. The governing body of any city of the third classification with more than twenty-six thousand three hundred but fewer than twenty-six thousand seven hundred inhabitants located in any county that has exercised its authority to opt out under subsection 14 of this section may levy separate and differing tax rates for real and personal property only if such city bills and collects its own property taxes or satisfies the entire cost of the billing and collection of such separate and differing tax rates. Such separate and differing rates shall not exceed such city's tax rate ceiling.

16. Any portion of real property that is available as reserve for strip, surface, or coal mining for minerals for purposes of excavation for future use or sale to others that has not been bonded and permitted under chapter 444 shall be assessed based upon how the real property is currently being used. Any information provided to a county assessor, state tax commission, state agency, or political subdivision responsible for the administration of tax policies shall, in the performance of its duties, make available all

books, records, and information requested, except such books, records, and information as are by law declared confidential in nature, including individually identifiable information regarding a specific taxpayer or taxpayer's mine property. For purposes of this subsection, "mine property" shall mean all real property that is in use or readily available as a reserve for strip, surface, or coal mining for minerals for purposes of excavation for current or future use or sale to others that has been bonded and permitted under chapter 444."; and

Further amend the title and enacting clause accordingly.

Senator Eigel moved that the above amendment be adopted, which motion prevailed.

Senator McCreery offered SA 2:

SENATE AMENDMENT NO. 2

Amend Senate Substitute No. 3 for House Committee Substitute for House Bill No. 268, Page 1, Section A, Line 7, by inserting after all of said line the following:

"32.115. 1. The department of revenue shall grant a tax credit, to be applied in the following order until used, against:

- (1) The annual tax on gross premium receipts of insurance companies in chapter 148;
- (2) The tax on banks determined pursuant to subdivision (2) of subsection 2 of section 148.030;
- (3) The tax on banks determined in subdivision (1) of subsection 2 of section 148.030;
- (4) The tax on other financial institutions in chapter 148;
- (5) The corporation franchise tax in chapter 147;
- (6) The state income tax in chapter 143; and
- (7) The annual tax on gross receipts of express companies in chapter 153.

2. For proposals approved pursuant to section 32.110:

(1) The amount of the tax credit shall not exceed fifty percent of the total amount contributed during the taxable year by the business firm or, in the case of a financial institution, where applicable, during the relevant income period in programs approved pursuant to section 32.110;

(2) Except as provided in subsection 2 or 5 of this section, a tax credit of up to seventy percent may be allowed for contributions to programs where activities fall within the scope of special program priorities as defined with the approval of the governor in regulations promulgated by the director of the department of economic development;

(3) Except as provided in subsection 2 or 5 of this section, the tax credit allowed for contributions to programs located in any community shall be equal to seventy percent of the total amount contributed where such community is a city, town or village which has fifteen thousand or less inhabitants as of the last decennial census and is located in a county which is either located in:

- (a) An area that is not part of a standard metropolitan statistical area;
- (b) A standard metropolitan statistical area but such county has only one city, town or village which has more than fifteen thousand inhabitants; or
- (c) A standard metropolitan statistical area and a substantial number of persons in such county derive their income from agriculture.

Such community may also be in an unincorporated area in such county as provided in subdivision (1), (2) or (3) of this subsection. Except in no case shall the total economic benefit of the combined federal and state tax savings to the taxpayer exceed the amount contributed by the taxpayer during the tax year;

(4) Such tax credit allocation, equal to seventy percent of the total amount contributed, shall not exceed four million dollars in fiscal year 1999 and six million dollars in fiscal year 2000 and any subsequent fiscal year. When the maximum dollar limit on the seventy percent tax credit allocation is committed, the tax credit allocation for such programs shall then be equal to fifty percent credit of the total amount contributed. Regulations establishing special program priorities are to be promulgated during the first month of each fiscal year and at such times during the year as the public interest dictates. Such credit shall not exceed two hundred and fifty thousand dollars annually except as provided in subdivision (5) of this subsection. No tax credit shall be approved for any bank, bank and trust company, insurance company, trust company, national bank, savings association, or building and loan association for activities that are a part of its normal course of business. Any tax credit not used in the period the contribution was made may be carried over the next five succeeding calendar or fiscal years until the full credit has been claimed. Except as otherwise provided for proposals approved pursuant to section 32.111, 32.112 or 32.117, in no event shall the total amount of all other tax credits allowed pursuant to sections 32.100 to 32.125 exceed thirty-two million dollars in any one fiscal year, of which six million shall be credits allowed pursuant to section 135.460. If six million dollars in credits are not approved, then the remaining credits may be used for programs approved pursuant to sections 32.100 to 32.125;

(5) The credit may exceed two hundred fifty thousand dollars annually and shall not be limited if community services, crime prevention, education, job training, physical revitalization or economic development, as defined by section 32.105, is rendered in an area defined by federal or state law as an impoverished, economically distressed, or blighted area or as a neighborhood experiencing problems endangering its existence as a viable and stable neighborhood, or if the community services, crime prevention, education, job training, physical revitalization or economic development is limited to impoverished persons.

3. For proposals approved pursuant to section 32.111:

(1) The amount of the tax credit shall not exceed fifty-five percent of the total amount invested in affordable housing assistance activities or market rate housing in distressed communities as defined in section 135.530 by a business firm. Whenever such investment is made in the form of an equity investment or a loan, as opposed to a donation alone, tax credits may be claimed only where the loan or equity investment is accompanied by a donation which is eligible for federal income tax charitable deduction, and where the total value of the tax credits herein plus the value of the federal income tax charitable deduction is less than or equal to the value of the donation. Any tax credit not used in the period

for which the credit was approved may be carried over the next ten succeeding calendar or fiscal years until the full credit has been allowed. If the affordable housing units or market rate housing units in distressed communities for which a tax is claimed are within a larger structure, parts of which are not the subject of a tax credit claim, then expenditures applicable to the entire structure shall be reduced on a prorated basis in proportion to the ratio of the number of square feet devoted to the affordable housing units or market rate housing units in distressed communities, for purposes of determining the amount of the tax credit. The total amount of tax credit granted for programs approved pursuant to section 32.111 for the fiscal year beginning July 1, 1991, shall not exceed two million dollars, to be increased by no more than two million dollars each succeeding fiscal year, until the total tax credits that may be approved reaches ten million dollars in any fiscal year;

(2) For any year during the compliance period indicated in the land use restriction agreement, the owner of the affordable housing rental units for which a credit is being claimed shall certify to the commission that all tenants renting claimed units are income eligible for affordable housing units and that the rentals for each claimed unit are in compliance with the provisions of sections 32.100 to 32.125. The commission is authorized, in its discretion, to audit the records and accounts of the owner to verify such certification;

(3) In the case of owner-occupied affordable housing units, the qualifying owner occupant shall, before the end of the first year in which credits are claimed, certify to the commission that the occupant is income eligible during the preceding two years, and at the time of the initial purchase contract, but not thereafter. The qualifying owner occupant shall further certify to the commission, before the end of the first year in which credits are claimed, that during the compliance period indicated in the land use restriction agreement, the cost of the affordable housing unit to the occupant for the claimed unit can reasonably be projected to be in compliance with the provisions of sections 32.100 to 32.125. Any succeeding owner occupant acquiring the affordable housing unit during the compliance period indicated in the land use restriction agreement shall make the same certification;

(4) If at any time during the compliance period the commission determines a project for which a proposal has been approved is not in compliance with the applicable provisions of sections 32.100 to 32.125 or rules promulgated therefor, the commission may within one hundred fifty days of notice to the owner either seek injunctive enforcement action against the owner, or seek legal damages against the owner representing the value of the tax credits, or foreclose on the lien in the land use restriction agreement, selling the project at a public sale, and paying to the owner the proceeds of the sale, less the costs of the sale and less the value of all tax credits allowed herein. The commission shall remit to the director of revenue the portion of the legal damages collected or the sale proceeds representing the value of the tax credits. However, except in the event of intentional fraud by the taxpayer, the proposal's certificate of eligibility for tax credits shall not be revoked.

4. For proposals approved pursuant to section 32.112, the amount of the tax credit shall not exceed fifty-five percent of the total amount contributed to a neighborhood organization by business firms. Any tax credit not used in the period for which the credit was approved may be carried over the next ten succeeding calendar or fiscal years until the full credit has been allowed. The total amount of tax credit granted for programs approved pursuant to section 32.112 shall not exceed one million dollars for each

fiscal year. **For any fiscal year in which the total amount of tax credits authorized for programs approved pursuant to section 32.111 is less than ten million dollars, such amount not authorized may be authorized for programs approved pursuant to section 32.112 during the same fiscal year, provided that the total combined amount of tax credits for programs approved pursuant to sections 32.111 and 32.112 during the fiscal year does not exceed eleven million dollars.**

5. The total amount of tax credits used for market rate housing in distressed communities pursuant to sections 32.100 to 32.125 shall not exceed thirty percent of the total amount of all tax credits authorized pursuant to sections 32.111 and 32.112.”; and

Further amend the title and enacting clause accordingly.

Senator McCreery moved that the above amendment be adopted, which motion prevailed.

3. For all tax years beginning on or after January 1, 2023, a taxpayer may claim the tax credit authorized in this section against the taxpayer's state tax liability for the tax year in which a verified contribution was made in an amount up to seventy-five percent of the verified contribution to a child care provider. Any tax credit issued shall not be less than one hundred dollars and shall not exceed two hundred thousand dollars per tax year.

(1) The child care provider receiving a contribution shall, within sixty days of the date it received the contribution, issue the taxpayer a contribution verification and file a copy of the contribution verification with the department. The contribution verification shall be in the form established by the department and shall include the taxpayer's name, taxpayer's state or federal tax identification number or last four digits of the taxpayer's Social Security number, amount of tax credit, amount of contribution, legal name and address of the child care provider receiving the tax credit, the child care provider's federal employer identification number, the child care provider's departmental vendor number or license number, and the date the child care provider received the contribution from the taxpayer. The contribution verification shall include a signed attestation stating the child care provider will use the contribution solely to promote child care.

(2) The failure of the child care provider to timely issue the contribution verification to the taxpayer or file it with the department shall entitle the taxpayer to a refund of the contribution from the child care provider.

4. A donation is eligible when:

(1) The donation is used directly by a child care provider to promote child care for children twelve years of age or younger, including by acquiring or improving child care facilities, equipment, or services, or improving staff salaries, staff training, or the quality of child care;

(2) The donation is made to a child care provider in which the taxpayer or a person related to the taxpayer does not have a direct financial interest; and

(3) The donation is not made in exchange for care of a child or children in the case of an individual taxpayer that is not an employer making a contribution on behalf of its employees.

5. A child care provider that uses the contribution for an ineligible purpose shall repay to the department the value of the tax credit for the contribution amount used for an ineligible purpose.

6. The tax credits authorized by this section shall not be refundable and shall not be transferred, sold, or otherwise conveyed. The department of revenue shall prescribe such forms, instructions, and rules as it deems appropriate to carry out the provisions of this subsection.

A taxpayer shall apply to the department for the child care contribution tax credit by submitting a copy of the contribution verification provided by a child care provider to such taxpayer. Upon receipt of the contribution verification, the department shall issue a tax credit certificate to the applicant.

(2) If the maximum amount of tax credits allowed in any calendar year as provided under subdivision (1) of this subsection is authorized, the maximum amount of tax credits allowed under subdivision (1) of this subsection shall be increased by fifteen percent, provided that all such increases in the allowable amount of tax credits shall be reserved for contributions made to child care providers located in a child care desert. The director of the department shall publish such adjusted amount.

9. The tax credits allowed under this section shall be considered a domestic and social tax credit under subdivision (5) of subsection 2 of section 135.800.

This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2023, shall be invalid and void.

The academic performance of students enrolled in a full-time virtual school program shall be assigned to the designated attendance center of the full-time virtual school program and shall be considered in like manner to other attendance centers. The academic performance of any student who disenrolls from a full-time virtual school program and enrolls in a public school or charter school shall not be used in determining the annual performance report score of the attendance center or school district in which the student enrolls for twelve months from the date of enrollment.

(6) For the purposes of this section, a public institution of higher education operating a full-time virtual school program shall be subject to all requirements applicable to a host school district with respect to its full-time equivalent students.

3. (1) A student who resides in this state may enroll in Missouri course access and virtual school program courses of his or her choice as a part of the student’s annual course load each school year, with any costs associated with such course or courses to be paid by the school district or charter school if:

(a) The student is enrolled full-time in a public school, including any charter school; and

(b) Prior to enrolling in any Missouri course access and virtual school program course, a student has received approval from his or her school district or charter school through the procedure described under subdivision (2) of this subsection.

(2) Each school district or charter school shall adopt a policy that delineates the process by which a student may enroll in courses provided by the Missouri course access and virtual school program that is substantially similar to the typical process by which a district student would enroll in courses offered by the school district and a charter school student would enroll in courses offered by the charter school. The policy may include consultation with the school's counselor and may include parental notification or authorization. The policy shall ensure that available opportunities for in-person instruction are considered prior to moving a student to virtual courses. The policy shall allow for continuous enrollment throughout the school year. If the school district or charter school disapproves a student's request to enroll in a course or courses provided by the Missouri course access and virtual school program, the reason shall be provided in writing and it shall be for good cause. Good cause justification to disapprove a student's request for enrollment in a course shall be a determination that doing so is not in the best educational interest of the student, and shall be consistent with the determination that would be made for such course request under the process by which a district student would enroll in a similar course offered by the school district and a charter school student would enroll in a similar course offered by the charter school, except that the determination may consider the suitability of virtual courses for the student based on prior participation in virtual courses by the student. Appeals of any course denials under this subsection shall be considered under a policy that is substantially similar to the typical process by which appeals would be considered for a student seeking to enroll in courses offered by the school district and a charter school student seeking to enroll in courses offered by the charter school.

(3) For students enrolled in any Missouri course access and virtual school program course in which costs associated with such course are to be paid by the school district or charter school as described under this subdivision, the school district or charter school shall pay the content provider directly on a pro rata monthly basis based on a student's completion of assignments and assessments. If a student discontinues enrollment, the district or charter school may stop making monthly payments to the content provider. No school district or charter school shall pay, for any one course for a student, more than the market necessary costs but in no case shall pay more than fourteen percent of the state adequacy target, as defined under section 163.011, as calculated at the end of the most recent school year for any single, year-long course and no more than seven percent of the state adequacy target as described above for any single semester equivalent course.

(4) [For students enrolling in a full-time virtual program, the department of elementary and secondary education shall adopt a policy that delineates the process by which] **(a) A student who lives in this state may enroll in a virtual program of their choice as provided in this subdivision, and the provisions of subdivisions 1 to 3 of this subsection shall not apply to such enrollment in a full-time virtual program.** Each host school district operating a full-time virtual program under this section shall **adopt, operate and implement** [the state] **an enrollment policy**[, subject to] **as specified by** the provisions of this subdivision. [The policy shall:

(a) Require the good faith collaboration of] The student, the student’s parent or guardian if the student is not considered homeless, the virtual program, the host district, and the resident district[;] **shall collaborate in good faith to implement the enrollment policy regarding the student’s enrollment, and the resident school district and the host school district may mutually agree that the resident district shall offer or continue to offer services for the student under an agreement that includes financial terms for reimbursement by the host school district for the necessary costs of the resident school district providing such services. An enrollment policy specified under this subsection shall:**

[(b)] **a. Require a student’s parent or guardian, if the student is not considered homeless, to apply for enrollment in a full time virtual program directly with the virtual program;**

b. Specify timelines for timely participation by the virtual program, the host district, and resident district; provided that the resident district shall provide any relevant information and input on the enrollment within ten business days of notice from the virtual program of the enrollment application;

[(c)] **c.** Include a survey of the reasons for the student’s and parent’s interests in participating in the virtual program;

[(d)] **d.** Include consideration of available opportunities for in-person instruction prior to enrolling a student in a virtual program;

[(e)] **e.** Evaluate requests for enrollment based on meeting the needs for a student to be successful considering all relevant factors;

[(f)] **f.** Ensure that, for any enrolling student **with a covered disability**, an **individualized** education [services plan and collaborative agreement is] **program and a related services agreement, in cases where such agreement is needed, are** created to provide all services required to ensure a free and appropriate public education, including financial terms for reimbursement by the host district for the necessary costs of any virtual program, school district, or public or private entity providing all or a portion of such services;

[(g)] **g.** Require the virtual program to determine whether an enrolling student will be admitted, based on the enrollment policy, in consideration of all relevant factors and provide the basis for its determination and any service plan for the student, in writing, to the student, the student’s parent or guardian, the host district, and the resident district; **and**

[(h)] **h.** Provide a process for reviewing appeals of decisions made under this subdivision[; and].

[(i) Require] **(b)** The department [to] **shall** publish an annual report based on the enrollments and enrollment surveys conducted under this subdivision that provides data at the statewide and district levels of sufficient detail to allow analysis of trends regarding the reasons for participation in the virtual program at the statewide and district levels; provided that no such survey results will be published in a manner that reveals individual student information. The department shall also include, in the annual report, data at the statewide and district levels of sufficient detail to allow detection and analysis of the racial, ethnic, and socio-economic balance of virtual program participation among schools and districts at the statewide and district levels, provided that no such survey results will be published in a manner that reveals individual student information.

(5) In the case of a student who is a candidate for A+ tuition reimbursement and taking a virtual course under this section, the school shall attribute no less than ninety-five percent attendance to any such student who has completed such virtual course.

(6) The Missouri course access and virtual school program shall ensure that individual learning plans designed by certified teachers and professional staff are developed for all students enrolled in more than two full-time course access program courses or a full-time virtual school.

(7) Virtual school programs shall monitor individual student success and engagement of students enrolled in their program[,] **and, for students enrolled in virtual courses on a part-time basis, the virtual school program shall** provide regular student progress reports for each student at least four times per school year to the school district or charter school, provide the host school district and the resident school district ongoing access to academic and other relevant information on student success and engagement, and shall terminate or alter the course offering if it is found the course [or full-time virtual school] is not meeting the educational needs of the students enrolled in the course.

(8) The department of elementary and secondary education shall monitor the aggregate performance of providers and make such information available to the public under subsection 11 of this section.

(9) Pursuant to rules to be promulgated by the department of elementary and secondary education, when a student transfers into a school district or charter school, credits previously gained through successful passage of approved courses under the Missouri course access and virtual school program shall be accepted by the school district or charter school.

(10) Pursuant to rules to be promulgated by the department of elementary and secondary education, if a student transfers into a school district or charter school while enrolled in a Missouri course access and virtual school program course or full-time virtual school, the student shall continue to be enrolled in such course or school.

(11) Nothing in this section shall prohibit home school students, private school students, or students wishing to take additional courses beyond their regular course load from enrolling in Missouri course access and virtual school program courses under an agreement that includes terms for paying tuition or course fees.

(12) Nothing in this subsection shall require any school district, charter school, virtual program, or the state to provide computers, equipment, or internet access to any student unless required under the education services plan created for an eligible student under subdivision (4) of this subsection or for an eligible student with a disability to comply with federal law. An education services plan may require an eligible student to have access to school facilities of the resident school district during regular school hours for participation and instructional activities of a virtual program under this section, and the education services plan shall provide for reimbursement of the resident school district for such access pursuant to rules adopted by the department under this section.

(13) The authorization process shall provide for continuous monitoring of approved providers and courses. The department shall revoke or suspend or take other corrective action regarding the authorization of any course or provider no longer meeting the requirements of the program. Unless immediate action is

necessary, prior to revocation or suspension, the department shall notify the provider and give the provider a reasonable time period to take corrective action to avoid revocation or suspension. The process shall provide for periodic renewal of authorization no less frequently than once every three years.

(14) Courses approved as of August 28, 2018, by the department to participate in the Missouri virtual instruction program shall be automatically approved to participate in the Missouri course access and virtual school program, but shall be subject to periodic renewal.

(15) Any online course or virtual program offered by a school district or charter school, including those offered prior to August 28, 2018, which meets the requirements of section 162.1250 shall be automatically approved to participate in the Missouri course access and virtual school program. Such course or program shall be subject to periodic renewal. A school district or charter school offering such a course or virtual school program shall be deemed an approved provider.

(16) A host district may contract with a provider to perform any required services involved with delivering a full time virtual education.

4. (1) As used in this subsection, the term “instructional activities” means classroom-based or nonclassroom-based activities that a student shall be expected to complete, participate in, or attend during any given school day, such as:

- (a) Online logins to curricula or programs;
- (b) Offline activities;
- (c) Completed assignments within a particular program, curriculum, or class;
- (d) Testing;
- (e) Face-to-face communications or meetings with school staff;
- (f) Telephone or video conferences with school staff;
- (g) School-sanctioned field trips; or
- (h) Orientation.

(2) A full-time virtual school shall submit a notification to the parent or guardian of any student who is not consistently engaged in instructional activities.

(3) Each full-time virtual school shall develop, adopt, and post on the school’s website a policy setting forth the consequences for a student who fails to complete the required instructional activities. Such policy shall state, at a minimum, that if a student fails to complete the instructional activities after receiving a notification under subdivision (2) of this subsection, and after reasonable intervention strategies have been implemented, that the student shall be subject to certain consequences which may include disenrollment from the school. Prior to any disenrollment, the parent or guardian shall have the opportunity to present any information that the parent deems relevant, and such information shall be considered prior to any final decision.

(4) If a full-time virtual school disenrolls a student under subdivision (3) of this subsection, the school shall immediately provide written notification to such student's school district of residence. The student's school district of residence shall then provide to the parents or guardian of the student a written list of available educational options and promptly enroll the student in the selected option. Any student disenrolled from a full-time virtual school shall be prohibited from reenrolling in the same virtual school for the remainder of the school year.

(5) For the purpose of subsection 2 of this section, the average daily attendance of a full-time virtual student who is completing required instructional activities under this subsection shall be calculated as if the pupil's attendance percentage equaled the host district's or charter school's prior-year average attendance percentage.

5. School districts or charter schools shall inform parents of their child's right to participate in the program. Availability of the program shall be made clear in the parent handbook, registration documents, and featured on the home page of the school district or charter school's website.

6. The department shall:

(1) Establish an authorization process for course or full-time virtual school providers that includes multiple opportunities for submission each year;

(2) Pursuant to the time line established by the department, authorize course or full-time virtual school providers that:

(a) Submit all necessary information pursuant to the requirements of the process; and

(b) Meet the criteria described in subdivision (3) of this subsection;

(3) Review, pursuant to the authorization process, proposals from providers to provide a comprehensive, full-time equivalent course of study for students through the Missouri course access and virtual school program. The department shall ensure that these comprehensive courses of study align to state academic standards and that there is consistency and compatibility in the curriculum used by all providers from one grade level to the next grade level;

(4) Within thirty days of any denial, provide a written explanation to any course or full-time virtual school providers that are denied authorization;

(5) Allow a course or full-time virtual school provider denied authorization to reapply at any point in the future.

7. The department shall publish the process established under this section, including any deadlines and any guidelines applicable to the submission and authorization process for course or full-time virtual school providers on its website.

8. If the department determines that there are insufficient funds available for evaluating and authorizing course or full-time virtual school providers, the department may charge applicant course or full-time virtual school providers a fee up to, but no greater than, the amount of the costs in order to ensure

that evaluation occurs. The department shall establish and publish a fee schedule for purposes of this subsection.

9. Except as specified in this section and as may be specified by rule of the state board of education, the Missouri course access and virtual school program shall comply with all state laws and regulations applicable to school districts, including but not limited to the Missouri school improvement program (MSIP), annual performance report (APR), teacher certification, curriculum standards, audit requirements under chapter 165, access to public records under chapter 610, and school accountability report cards under section 160.522. Teachers and administrators employed by a virtual provider shall be considered to be employed in a public school for all certification purposes under chapter 168.

10. The department shall submit and publicly publish an annual report on the Missouri course access and virtual school program and the participation of entities to the governor, the chair and ranking member of the senate education committee, and the chair and ranking member of the house of representatives elementary and secondary education committee. The report shall at a minimum include the following information:

(1) The annual number of unique students participating in courses authorized under this section and the total number of courses in which students are enrolled in;

(2) The number of authorized providers;

(3) The number of authorized courses and the number of students enrolled in each course;

(4) The number of courses available by subject and grade level;

(5) The number of students enrolled in courses broken down by subject and grade level;

(6) Student outcome data, including completion rates, student learning gains, student performance on state or nationally accepted assessments, by subject and grade level per provider. This outcome data shall be published in a manner that protects student privacy;

(7) The costs per course;

(8) Evaluation of in-school course availability compared to course access availability to ensure gaps in course access are being addressed statewide.

11. (1) The department shall be responsible for creating the Missouri course access and virtual school program catalog providing a listing of all courses authorized and available to students in the state, detailed information, including costs per course, about the courses to inform student enrollment decisions, and the ability for students to submit their course enrollments.

(2) On or before January 1, 2023, the department shall publish on its website, and distribute to all school districts and charter schools in this state, a guidance document that details the options for virtual course access and full-time virtual course access for all students in the state. The guidance document shall include a complete and readily understood description of the applicable enrollment processes including the opportunity for students to enroll and the roles and responsibilities of the student, parent, virtual provider, school district or districts, and charter schools, as appropriate. The guidance document shall be

distributed in written and electronic form to all school districts, charter schools, and virtual providers. School districts and charter schools shall provide a copy of the guidance document to every pupil and parent or legal guardian of every pupil enrolled in the district or charter school at the beginning of each school year and upon enrollment for every pupil enrolling at a different time of the school year. School districts and charter schools shall provide a readily viewable link to the electronic version of the guidance document on the main page of the district's or charter school's website.

12. The state board of education through the rulemaking process and the department of elementary and secondary education in its policies and procedures shall ensure that multiple content providers and learning management systems are allowed, ensure digital content conforms to accessibility requirements, provide an easily accessible link for providers to submit courses or full-time virtual schools on the Missouri course access and virtual school program website, and allow any person, organization, or entity to submit courses or full-time virtual schools for approval. No content provider shall be allowed that is unwilling to accept payments in the amount and manner as described under subdivision (3) of subsection 3 of this section or does not meet performance or quality standards adopted by the state board of education.

13. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2006, shall be invalid and void.

163.063. 1. As used in this section, the following words mean:

(1) "Nonresident pupil", a child who:

(a) At the time such child is admitted to a residential care facility, is domiciled in one school district in Missouri but resides in a residential care facility located in another school district in Missouri as a result of placement arranged by or approved by the department of mental health or the department of social services or placement arranged by or ordered by a court of competent jurisdiction;

(b) Receives care or treatment in such residential care facility that is not within the school district in which the child's domicile is located;

(c) Is unable to attend school in either the school district in which such domicile is located or the school district in which such residential care facility is located because such child:

a. May be a safety risk; or

b. Has behavioral conditions that support the need to educate such child on such residential care facility's site or campus; and

(d) Is being provided all required educational services within such residential care facility;

(2) “Residential care facility”, any residential care facility required to be licensed under sections 210.481 to 210.536, or a similar facility.

2. For purposes of calculating federal aid and state aid distributions for nonresident pupils pursuant to the provisions of this chapter, a nonresident pupil who receives all of such pupil’s required educational services on-site at a residential care facility shall be included in the average daily attendance of the following school district that results in the greatest total amount of state and federal aid to the district in which the residential care facility is located:

(1) The school district of such pupil’s domicile prior to placement in a residential care facility;
or

(2) The school district of such pupil’s residence following placement in a residential care facility.

3. Any educational costs incurred by a residential care facility that are not remitted under this section may be reimbursed as provided in section 167.126.

4. Educational costs incurred by a residential care facility for a child who was not enrolled in a school district in Missouri at the time the child was admitted to such residential care facility shall be reimbursed as provided in section 167.126.

5. No provision of this section shall be construed to prevent a residential care facility and a school district from mutually agreeing to a financial arrangement that deviates from the provisions of this section.

167.019. 1. (1) A child-placing agency, as defined under section 210.481, shall promote educational stability for foster care children by considering the child’s school attendance area when making placement decisions. The foster care pupil shall have the right to remain enrolled in and attend his or her school of origin pending resolution of school placement disputes or to return to a previously attended school in an adjacent district.

(2) In the event that a best interest determination is not completed within ten days of a child’s being placed in a foster care placement that is located in a school district other than the child’s domicile school district prior to such placement, it shall be deemed that enrollment in the school district where the child resides as a result of such placement shall be in the best interest of the child for the purpose of the required best interest determination. This subdivision shall apply only to cases where the distance between the child’s residential address as a result of the foster care placement and the school building that was the child’s previous school in their domicile district is more than ten miles, or fifteen miles if the child is receiving service from a special school district established under the provisions of sections 162.670 to 162.999.

2. Each school district shall accept for credit full or partial course work satisfactorily completed by a pupil while attending a public school, nonpublic school, or nonsectarian school in accordance with district policies or regulations.

3. If a pupil completes the graduation requirements of his or her school district of residence while under the jurisdiction of the juvenile court as described in chapter 211, the school district of residence shall issue a diploma to the pupil.

4. School districts shall ensure that if a pupil in foster care is absent from school due to a decision to change the placement of a pupil made by a court or child placing agency, or due to a verified court appearance or related court-ordered activity, the grades and credits of the pupil shall be calculated as of the date the pupil left school, and no lowering of his or her grades shall occur as a result of the absence of the pupil under these circumstances.

5. School districts, subject to federal law, shall be authorized to permit access of pupil school records to any child placing agency for the purpose of fulfilling educational case management responsibilities required by the juvenile officer or by law and to assist with the school transfer or placement of a pupil.

6. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.

167.126. 1. **(1) The following children shall have the right to educational services as provided in subdivision (2) of this section:**

(a) Children who are admitted to programs or facilities of the department of mental health [or]; **and**

(b) Children whose domicile is one school district in Missouri but who reside in another school district in Missouri as a result of:

a. Placement arranged by or approved by the department of mental health[,] **or** the department of social services [or];

b. Placement arranged by or ordered by a court of competent jurisdiction; **or**

c. Admittance under a physician's order because of a determination of medical necessity for a diagnosed mental illness.

(2) Children described in subdivision (1) of this subsection shall have a right to be provided the educational services as provided by law and shall not be denied admission to any appropriate regular public school or special school district program or program operated by the state board of education, as the case may be, where the child actually resides because of such admission or placement; provided, however, that nothing in this section shall prevent the department of mental health, the department of social services or a court of competent jurisdiction from otherwise providing or procuring educational services for such child.

2. Each school district or special school district constituting the domicile of any child for whom educational services are provided or procured under this section shall pay toward the per-pupil costs for educational services for such child. A school district which is not a special school district shall pay an amount equal to the average sum produced per child by the local tax effort of the district of domicile. A special school district shall pay an amount not to exceed the average sum produced per child by the local tax efforts of the domiciliary districts.

3. When educational services have been provided by the school district or special school district in which a child actually resides, including a child who temporarily resides in a children's hospital licensed under chapter 197 **or a psychiatric residential treatment facility**, for rendering health care services to children under the age of eighteen for more than three days, other than the district of domicile, the amounts as provided in subsection 2 of this section for which the domiciliary school district or special school district is responsible shall be paid by such district directly to the serving district. The school district, or special school district, as the case may be, shall send a written voucher for payment to the regular or special district constituting the domicile of the child served and the domiciliary school district or special school district receiving such voucher shall pay the district providing or procuring the services an amount not to exceed the average sum produced per child by the local tax efforts of the domiciliary districts. In the event the responsible district fails to pay the appropriate amount to the district within ninety days after a voucher is submitted, the state department of elementary and secondary education shall deduct the appropriate amount due from the next payments of any state financial aid due that district and shall pay the same to the appropriate district.

4. In cases where a child whose domicile is in one district is placed in programs or facilities operated by the department of mental health or resides in another district pursuant to assignment by that department [or], is placed by the department of social services or a court of competent jurisdiction into any type of publicly contracted residential site in Missouri, **or is admitted under a physician's order because of a determination of medical necessity for a diagnosed mental illness**, the department of elementary and secondary education shall, as soon as funds are appropriated, pay the serving district from funds appropriated for that purpose the amount by which the per-pupil costs of the educational services exceeds the amounts received from the domiciliary district except that any other state money received by the serving district by virtue of rendering such service shall reduce the balance due.

5. Institutions providing a place of residence for children whose parents or guardians do not reside in the district in which the institution is located shall have authority to enroll such children in a program in the district or special district in which the institution is located and such enrollment shall be subject to the provisions of subsections 2 and 3 of this section. The provisions of this subsection shall not apply to placement authorized pursuant to subsection 1 of this section or if the placement occurred for the sole purpose of enrollment in the district or special district. "Institution" as used in this subsection means a facility organized under the laws of Missouri for the purpose of providing care and treatment of juveniles.

6. Children residing in institutions providing a place of residence for three or more such children whose domicile is not in the state of Missouri may be admitted to schools or programs provided on a contractual basis between the school district, special district or state department or agency and the proper department or agency, or persons in the state where domicile is maintained. Such contracts shall not be permitted to

place any financial burden whatsoever upon the state of Missouri, its political subdivisions, school districts or taxpayers.

7. For purposes of this section the domicile of the child shall be the school district where the child would have been educated if the child had not been placed in a different school district. No provision of this section shall be construed to deny any child domiciled in Missouri appropriate and necessary, gratuitous public services.

8. For the purpose of distributing state aid under section 163.031, a child receiving educational services provided by the district in which the child actually resides, other than the district of domicile, shall be included in average daily attendance, as defined under section 163.011, of the district providing the educational services for the child.

9. Each school district or special school district where the child actually resides, other than the district of domicile, may receive payment from the department of elementary and secondary education, in lieu of receiving the local tax effort from the domiciliary school district. Such payments from the department shall be subject to appropriation and shall only be made for children that have been placed in a school other than the domiciliary school district by a state agency [or], a court of competent jurisdiction, **or by being admitted under a physician's order because of a determination of medical necessity for a diagnosed mental illness** and from whom excess educational costs are billed to the department of elementary and secondary education.

205.565. The department of social services **and the department of elementary and secondary education** may, subject to appropriation, use, administer and dispose of any gifts, grants, or in-kind services and may award grants to qualifying entities to carry out the caring communities program.

210.1360. 1. Any personally identifiable information regarding any child under eighteen years of age receiving child care from any provider or applying for or receiving any services through a state program shall not be subject to disclosure except as otherwise provided by law.

2. This section shall not prohibit any state agency from disclosing personally identifiable information to any governmental entity or its agents, vendors, grantees, and contractors in connection to matters relating to its official duties. The provisions of this section shall not apply to any state, county, or municipal law enforcement agency acting in its official capacity.

3. This section shall not prevent a parent or legal guardian from accessing the parent's or legal guardian's child's records.”; and
