

SECOND REGULAR SESSION

SENATE BILL NO. 792

90TH GENERAL ASSEMBLY

INTRODUCED BY SENATOR SIMS.

Read 1st time January 10, 2000, and 1,000 copies ordered printed.

3605S.02I

TERRY L. SPIELER, Secretary.

AN ACT

To repeal section 304.010, RSMo Supp. 1999, relating to speed limits, and to enact in lieu thereof one new section relating to the same subject.

Be it enacted by the General Assembly of the State of Missouri, as follows:

Section A. Section 304.010, RSMo Supp. 1999, is repealed and one new section enacted in lieu thereof, to be known as section 304.010, to read as follows:

304.010. 1. As used in this section, the following terms mean:

(1) "Expressway", a divided highway of at least ten miles in length with four or more lanes which is not part of the federal interstate system of highways which has crossovers or accesses from streets, roads or other highways at the same grade level as such divided highway;

(2) "Freeway", a limited access divided highway of at least ten miles in length with four or more lanes which is not part of the federal interstate system of highways which does not have any crossovers or accesses from streets, roads or other highways at the same grade level as such divided highway within such ten miles of divided highway;

(3) "Rural interstate", that part of the federal interstate highway system that is not located in an urban area;

(4) "Urbanized area", an area of fifty thousand population at a density at or greater than one thousand persons per square mile.

2. Except as otherwise provided in this section, the uniform maximum speed limits are and no vehicle shall be operated in excess of the speed limits established pursuant to this section:

(1) Upon the rural interstates and freeways of this state, [seventy] **sixty-five** miles per hour;

EXPLANATION--Matter enclosed in bold-faced brackets [thus] in this bill is not enacted and is intended to be omitted in the law.

(2) Upon the rural expressways of this state, sixty-five miles per hour;

(3) Upon the interstate highways, freeways or expressways within the urbanized areas of this state, sixty miles per hour;

(4) All other roads and highways in this state not located in an urbanized area and not provided [by] **for** in subdivisions (1) to (3) of this subsection, sixty miles per hour;

(5) All other roads provided for in subdivision (4) of this subsection shall not include any state two-lane road which is identified by letter. Such lettered roads shall not exceed fifty-five miles per hour unless set at a higher speed as established by the department of transportation, except that no speed limit shall be set higher than sixty miles per hour;

(6) For the purposes of enforcing the speed limit laws of this state, it is a rebuttable presumption that the posted speed limit is the legal speed limit.

3. On any state road or highway where the speed limit is not set pursuant to a local ordinance, the highways and transportation commission may set a speed limit higher or lower than the uniform maximum speed limit provided in subsection 2 of this section, if a higher or lower speed limit is recommended by the department of transportation. The department of public safety, where it believes for safety reasons, or to expedite the flow of traffic a higher or lower speed limit is warranted, may request the department of transportation to raise or lower such speed limit, except that no speed limit shall be set higher than [seventy] **sixty-five** miles per hour.

4. Notwithstanding the provisions of section 304.120 or any other provision of law to the contrary, cities, towns and villages may regulate the speed of vehicles on state roads and highways within such cities', towns' or villages' corporate limits by ordinance with the approval of the state highways and transportation commission. Any reduction of speed in cities, towns or villages shall be designed to expedite the flow of traffic on such state roads and highways to the extent consistent with public safety. The commission may declare any ordinance void if it finds that such ordinance is:

(1) Not primarily designed to expedite traffic flow; and

(2) Primarily designed to produce revenue for the city, town or village which enacted such ordinance. If an ordinance is declared void, the city, town or village shall have any future proposed ordinance approved by the highways and transportation commission before such ordinance may take effect.

5. The county commission of any county of the second, third or fourth classification may set the speed limit or the weight limit or both the speed limit and the weight limit on roads or bridges on any county, township or road district road in the county and, with the approval of the state highways and transportation commission, on any state road or highway not within the limits of any incorporated city, town or village, lower than the uniform maximum speed limit as provided in subsection 2 of this section where the condition of the road or the nature of the area requires a lower speed. The commission shall send copies of any order establishing a speed limit or weight

limit on roads and bridges on a county, township or road district road in the county to the chief engineer of the state department of transportation, the superintendent of the state highway patrol and to any township or road district maintaining roads in the county. After the roads have been properly marked by signs indicating the speed limits and weight limits set by the county commission, the speed limits and weight limits shall be of the same effect as the speed limits provided for in subsection [1] 2 of this section and shall be enforced by the state highway patrol and the county sheriff as if such speed limits and weight limits were established by state law.

6. All road signs indicating speed limits or weight limits shall be uniform in size, shape, lettering and coloring and shall conform to standards established by the department of transportation.

7. The provisions of this section shall not be construed to alter any speed limit set below fifty-five miles per hour by any ordinance of any county, city, town or village of the state adopted before March 13, 1996.

8. The speed limits established pursuant to this section shall not apply to the operation of any emergency vehicle as defined in section 304.022.

9. A violation of the provisions of this section shall not be construed to relieve the parties in any civil action on any claim or counterclaim from the burden of proving negligence or contributory negligence as the proximate cause of any accident or as the defense to a negligence action.

10. Any person violating the provisions of this section is guilty of a class C misdemeanor, unless such person was exceeding the posted speed limit by twenty miles per hour or more then it is a class B misdemeanor.
