4. By January 1, 1998, the division of family services shall submit documentation to the speaker of the house of representatives and the president pro tem of the senate on the success or failure of the child protection system established in this section. The general assembly may recommend statewide implementation or cancellation of the child protection system based on the success or failure of the system established in this section.

5. The documentation required by subsection 4 of this section shall include an independent evaluation of the child protection system completed according to accepted, objective research principles.

210.115. 1. When any physician, medical examiner, coroner, dentist, chiropractor, optometrist, podiatrist, resident, intern, nurse, hospital or clinic personnel that are engaged in the examination, care, treatment or research of persons, and any other health practitioner, psychologist, mental health professional, social worker, day care center worker or other child-care worker, juvenile officer, probation or parole officer, teacher, principal or other school official, Christian Science practitioner, peace officer or law enforcement official, or other person with responsibility for the care of children has reasonable cause to suspect that a child has been or may be subjected to abuse or neglect or observes a child being subjected to conditions or circumstances which would reasonably result in abuse or neglect, that person shall immediately report or cause a report to be made to the division in accordance with the provisions of sections 210.109 to 210.183. As used in this section, the term "abuse" is not limited to abuse inflicted by a person responsible for the child's care, custody and control as specified in section 210.110, but shall also include abuse inflicted by any other person.

2. Whenever such person is required to report pursuant to sections 210.109 to 210.183 in an official capacity as a staff member of a medical institution, school facility, or other agency, whether public or private, the person in charge or a designated agent shall be notified immediately. The person in charge or a designated agent shall then become responsible for immediately making or causing such report to be made to the division. Nothing in this section, however, is meant to preclude any person from reporting abuse or neglect.

3. Notwithstanding any other provision of sections 210.109 to 210.183, any child who does not receive specified medical treatment by reason of the legitimate practice of the religious belief of the child's parents, guardian, or others legally responsible for the child, for that reason alone, shall not be found to be an abused or neglected child, and such parents, guardian or other persons legally responsible for the child shall not be entered into the central registry. However, the division may accept reports concerning such a child and may subsequently investigate or conduct a family assessment as a result of that report. Such an exception shall not limit the administrative or judicial authority of the state to ensure that medical services are provided to the child when the child's health requires it.

4. In addition to those persons and officials required to report actual or suspected abuse or neglect, any other person may report in accordance with sections 210.109 to 210.183 if such person has reasonable cause to suspect that a child has been or may be subjected to abuse or neglect or observes a child being subjected to conditions or circumstances which would reasonably result in abuse or neglect.

5. Any person or official required to report pursuant to this section, including employees

of the division, who has probable cause to suspect that a child who is or may be under the age of eighteen, who is eligible to receive a certificate of live birth, has died shall report that fact to the appropriate medical examiner or coroner. **If, upon review of the circumstances and medical information, the medical examiner or coroner determines that the child died of natural causes while under medical care for an established natural disease, he or she shall notify the division of the child's death within twenty-four hours pursuant to this section and that the child's attending physician shall be signing the death certificate. In all other cases,** the medical examiner or coroner shall accept the report for investigation, shall [in a timely manner] **within twenty-four hours** notify the division of the child's death pursuant to this section and shall report the findings to the child fatality review panel established pursuant to section 210.192.

6. Any person or individual required to report may also report the suspicion of abuse or neglect to any law enforcement agency or juvenile office. Such report shall not, however, take the place of reporting or causing a report to be made to the division.

7. If an individual required to report suspected instances of abuse or neglect pursuant to this section has reason to believe that the victim of such abuse or neglect is a resident of another state or was injured as a result of an act which occurred in another state, the person required to report such abuse or neglect may, in lieu of reporting to the Missouri division of family services, make such a report to the child protection agency of the other state with the authority to receive such reports pursuant to the laws of such other state. If such agency accepts the report, no report is required to be made, but may be made, to the Missouri division of family services.

210.145. 1. The division shall establish and maintain an information system operating at all times, capable of receiving and maintaining reports. This information system shall have the ability to receive reports over a single, statewide toll-free number. Such information system shall maintain the results of all investigations, family assessments and services, and other relevant information.

2. [The division shall maintain a central registry.

3. Although reports may be made anonymously, the division shall in all cases, after obtaining relevant information regarding the alleged abuse or neglect, attempt to obtain the name and address of any person making a report.

4.] Upon receipt of a report, the division shall immediately communicate such report to its appropriate local office[, after a check has been made with the information system to determine whether previous reports have been made regarding actual or suspected abuse or neglect of the subject child, of any siblings, and the perpetrator, and relevant dispositional information regarding such previous reports. Such] **and any** relevant information as may be contained in the information system [shall be also reported to the local office of the division]. **The local division staff shall determine, through the use of protocols developed by the division, whether**

an investigation or the family assessment and services approach should be used to respond to the allegation. The protocols developed by the division shall give priority to ensuring the well-being and safety of the child.

[5.] **3. The local office shall contact the appropriate law enforcement agency immediately** upon receipt of a report **which division personnel determines merits an investigation, or**, which, if true, would constitute **a suspected** violation of **any of the following**: section 565.020, 565.021, 565.023, 565.024 or 565.050, RSMo, if the victim is a child less than eighteen years of age, section 566.030 or 566.060, RSMo, if the victim is a child less than eighteen years of age, or other crime under chapter 566, RSMo, if the victim is a child less than eighteen years of age and the perpetrator is twenty-one years of age or older, section 567.050, RSMo, if the victim is a child less than eighteen years of age, section 568.020, 568.030, 568.045, 568.050, 568.060, 568.080, or 568.090, RSMo, section 573.025 [or 573.035], **573.037 or 573.045**, RSMo, or an attempt to commit any such crimes[, the local office shall contact the appropriate law enforcement agency and]. **The local office shall** provide such agency with a detailed description of the report received. The appropriate law enforcement agency shall **either** assist the division in the investigation or provide the division, within [a reasonable time] **twenty-four hours**, an explanation in writing detailing the reasons why it is unable to assist.

[6.] **4. The local office of the division shall cause [a thorough] an investigation or family assessment and services approach** to be initiated immediately or no later than within twenty-four hours of receipt of the report from the division, except in cases where the sole basis for the report is educational neglect. If the report indicates that educational neglect is the only complaint and there is no suspicion of other neglect or abuse, the investigation shall be initiated within seventy-two hours of receipt of the report. If the report indicates the child is in danger of serious physical harm or threat to life, an investigation shall include direct observation of the subject child within twenty-four hours of the receipt of the report. **Local law enforcement shall take all necessary steps to facilitate such direct observation. When the child is reported absent from the residence, the location and the well being of the child shall be verified.**

5. The director of the division shall name at least one chief investigator for each local division office, who shall direct the division response on any case involving a second or subsequent incident regarding the same subject child or perpetrator. The duties of a chief investigator shall include verification of direct observation of the subject child by the division and shall ensure information regarding the status of an investigation is provided to the public school district liaison. The public school district liaison shall develop protocol in conjunction with the chief investigator to ensure information regarding an investigation is shared with appropriate school

personnel. The public school district liaison shall be designated by the superintendent of each school district. Should the subject child attend a non-public school the chief investigator shall notify the school principal of the investigation.

[7.] **6.** The investigation shall include but not be limited to the nature, extent, and cause of the abuse or neglect; the identity and age of the person responsible [therefor] **for the abuse or neglect**; the names and conditions of other children in the home, if any; the home environment and the relationship of the subject child to the parents or other persons responsible for the child's care; any indication of incidents of physical violence against any other household or family member; and other pertinent data.

[8.] **7.** When a report has been made by a person required to report under section 210.115, the division shall contact the person who made such report within forty-eight hours of the receipt of the report in order to ensure that full information has been received and to obtain any additional information or medical records, or both, that may be pertinent.

[9.] **8.** Upon completion of the investigation, if the division suspects that the report was made maliciously or for the purpose of harassment, the division shall refer the report and any evidence of malice or harassment to the local prosecuting or circuit attorney.

[10. Protective or preventive social services shall be provided by the division to the family and subject child and to others in the home to prevent abuse or neglect, to safeguard their health and welfare, and to help preserve and stabilize the family whenever possible. The juvenile court shall cooperate with the division in providing such services.

11.] **9.** Multidisciplinary [services] **teams** shall be used whenever [possible in] conducting the investigation [and] **as determined by the division in conjunction with local law enforcement. Multidisciplinary teams shall be used** in providing protective or preventive social services, including the services of law enforcement, **a liaison of the local public school**, the juvenile officer, the juvenile court, and other agencies, both public and private. [The division shall cooperate with law enforcement agencies and juvenile courts to develop training programs to increase the ability of division personnel, juvenile officers and law enforcement officers to investigate suspected cases of abuse and neglect. 10. If the appropriate local division personnel determines after an investigation has begun that completing an investigation is not appropriate, the division shall conduct a family assessment and services approach. The division shall provide written notification to local law enforcement prior to terminating any investigative process. The reason for the termination of the investigative process shall be documented in the record of the division and the written notification submitted to local law enforcement.

11. If the appropriate local division personnel determines to use a family assessment and services approach, the division shall:

(1) Assess any service needs of the family. The assessment of risk and service needs shall be based on information gathered from the family and other sources;

(2) Provide services which are voluntary and time-limited unless it is determined by the division based on the assessment of risk that there will be a high risk of abuse or neglect if the family refuses to accept the services. The division shall identify services for families where it is determined that the child is at high risk of future abuse or neglect. The division shall thoroughly document in the record its attempt to provide voluntary services and the reasons these services are important to reduce the risk of future abuse or neglect to the child. If the family continues to refuse voluntary services or the child needs to be protected, the division may commence an investigation;

(3) Commence an immediate investigation if at any time during the family assessment and services approach the division determines that an investigation, as delineated in sections 210.109 to 210.183, is required. The division staff who have conducted the assessment may remain involved in the provision of services to the child and family;

(4) Document at the time the case is closed, the outcome of the family assessment and services approach, any service provided and the removal of risk to the child, if it existed.

12. Within thirty days of an oral report of abuse or neglect, the local office shall update the information in the information system. The information system shall contain, at a minimum, the determination made by the division as a result of the investigation, identifying information on the subjects of the report, those responsible for the care of the subject child and other relevant dispositional information. The division shall complete all investigations within thirty days, unless good cause for the failure to complete the investigation is documented in the information system. If the investigation is not completed within thirty days, the information system shall be updated at regular intervals and upon the completion of the investigation. The information in the information system shall be updated to reflect any subsequent findings, including any changes to the findings based on an administrative or judicial hearing on the matter.

13. [The division shall maintain a record which contains the facts ascertained which support the determination as well as the facts that do not support the determination.

14.] A person required to report under section 210.115 to the division shall be informed by the division of his right to obtain information concerning the disposition of his report. Such person shall receive, from the local office, if requested, information on the general disposition of his report. The local office shall respond to the request within forty-five days.

[15.] **14.** In any judicial proceeding involving the custody of a child the fact that a report may have been made pursuant to sections 210.109 to 210.183 shall not be admissible. However,

nothing in this subsection shall prohibit the introduction of evidence from independent sources to support the allegations that may have caused a report to have been made.

[16.] **15.** The division of family services is hereby granted the authority to promulgate rules and regulations pursuant to the provisions of section 207.201, RSMo, and chapter 536, RSMo, to carry out the provisions of sections 210.109 to 210.183.

16. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2000, shall be invalid and void.

To protect the rights of the family and the child named in the report as a victim, the division of family services shall establish guidelines which will ensure that any disclosure of information concerning the abuse and neglect involving that child is made only to persons or agencies that have a right to such information. The division may require persons to make written requests for access to records maintained by the division. The division shall only release information to persons who have a right to such information. The division shall notify persons receiving information pursuant to subdivisions (2), (7), (8) and (9) of subsection 2 of this section of the purpose for which the information is released and of the penalties for unauthorized dissemination of information. Such information shall be used only for the purpose for which the information is released.

Prior to the release of any identifying information, the division of family services shall determine if the release of such identifying information may place a person's life or safety in danger. The division shall provide a method for confirming or certifying that a designee is acting on behalf of a subject;

Prior to the release of any identifying information, the division of family services shall determine if the release of such identifying information may place a person's life or safety in danger. If the division makes the determination that a person's life or safety may be in danger, the identifying information shall not be released. However, the investigation reports will not be released to any alleged perpetrator with pending criminal charges arising out of the facts and circumstances named in the investigation records until an indictment is returned or an information filed;

(6) A grand jury, juvenile officer, prosecuting attorney, law enforcement officer involved in the investigation of child abuse or neglect, juvenile court or other court conducting abuse or neglect or child protective proceedings, and other federal, state and local government entities, or any agent of such entity, with a need for such information in order to carry out its responsibilities under the law to protect children from abuse or neglect;
