

# Journal of the Senate

SECOND REGULAR SESSION

SIXTY-FIFTH DAY—WEDNESDAY, MAY 3, 2000

The Senate met pursuant to adjournment.

President Pro Tem Quick in the Chair.

The Reverend Carl Gauck offered the following prayer:

“...even so we also should walk in newness of life.” (Romans 6:4)

Gracious God, we know the motto which says: “Today is the first day of the rest of your life.” Help us approach this day as new and capable of bringing new energy and thought to what confronts us this day. Help us not think of today as another typical series of yesterdays which show little progress but rather an opportunity to accomplish more and grow from the experience. Keep us from falling into the ruts of sameness by showing faithfulness in the decisions we make today. In Your Holy Name, Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

“650.055. 1. Every individual convicted in a Missouri circuit court, of a felony, defined as a violent offense under chapter 565, RSMo, or as a sex offense under chapter 566, RSMo, excluding sections 566.010 and 566.020, RSMo, shall have a blood or scientifically accepted biological sample collected for purposes of DNA profiling analysis:

(1) Upon entering the department of correction's reception and diagnostic centers; or

(2) Before release from a county jail or detention facility; or

(3) If such individual is under the jurisdiction of the department of corrections on or after August 28, 1996. Such jurisdiction includes persons currently incarcerated, persons on probation, as defined in section 217.650, RSMo, and on parole, as also defined in section 217.650, RSMo.

**Any evidence leading to a conviction of a felony described in this subsection which has been or can be tested for DNA shall be preserved by the Missouri state highway patrol.**

2. The Missouri state highway patrol and department of corrections shall be responsible for ensuring adherence to the law. Any person required to provide a DNA sample pursuant to this section shall be required to provide such sample, without the right of refusal, at a collection site designated by the Missouri state highway patrol and the department of corrections. Authorized personnel collecting or assisting in the collection of samples shall not be liable in any civil or criminal action

when the act is performed in a reasonable manner. Such force may be used as necessary to the effectual carrying out and application of such processes and operations. The enforcement of these provisions by the authorities in charge of state correctional institutions and others having custody of those convicted of the felony which shall not be set aside or reversed, is hereby made mandatory.

3. The procedure and rules for the collection, analysis, storage, expungement, use of DNA database records and privacy concerns shall not conflict with procedures and rules applicable to the Missouri DNA profiling system and the Federal Bureau of Investigation's DNA data bank system.

4. Unauthorized uses or dissemination of individually identifiable DNA information in a database for purposes other than criminal justice or law enforcement is a class A misdemeanor.

5. Implementation of section 650.050 and this section shall be subject to future appropriations to keep Missouri's DNA system compatible with the Federal Bureau of Investigation's DNA data bank system.

**6. A defendant convicted of any felony listed in subsection 1 of this section may make a motion before the trial court that entered the judgment of conviction in his or her case for DNA testing on the defendant and on evidence that was secured in relation to the trial which resulted in the conviction. The defendant shall serve notice of the motion upon the prosecuting attorney of the county in which the conviction occurred. The defendant shall present a prima facie case that identity was a contested issue in the defendant's trial. If the defendant establishes a prima facie case, and the trial court determines that the results of the testing have the scientific potential to produce new, noncumulative evidence materially relevant to the defendant's assertion of actual innocence, the trial court shall order the state to compare DNA test results regarding the trial evidence and the defendant.”; and**

**road, street, public way or other public work by or on behalf of the United States, this state, any political subdivision of this state or any other entity having the power of eminent domain.**

**2. A gas corporation or electric corporation may recover the facilities’ relocation costs pursuant to subsection 1 of this section by filing with the commission rate schedules that increase, by an equal amount, the fixed monthly rates applicable to all customer classes for gas service in its service territory.**

**3. Rate schedules filed to increase the gas corporation's or electric corporation's fixed monthly rates pursuant to subsection 2 of this section shall be accompanied by documentation sufficient to demonstrate:**

**(1) The governmental requirement or directive for each facility's relocation for which cost recovery is requested;**

**(2) The entity requiring relocation for each facility's relocation for which cost recover is requested;**

**(3) The costs incurred for each facility's relocation for which cost recovery is requested, which shall be conclusively established by the relevant work orders and shall include materials, labor, overheads and loadings;**

**(4) The annual facilities’ relocation costs to be recovered, which shall be conclusively established by multiplying the sum of the facilities’ relocation costs for which cost recovery is sought, as determined in subdivision (3) of this subsection by the most recent rate of return authorized by the commission for the gas corporation or electric corporation, factored to include the current effective tax rate;**

**(5) The computation of the increased fixed monthly rates to recover the facilities’ relocation costs, which shall be conclusively established by dividing the annual facilities’ relocation costs to be recovered, as determined in subdivision (4) of this subsection by the customer numbers reported by the gas corporation or electric corporation in the annual report it most recently filed with the commission pursuant to**

The commission shall not examine any other revenue requirement or ratemaking issues in its consideration of the proposed rate schedules. Rate schedules filed pursuant to this section shall not suspend such rate schedules pursuant to the provisions of section 393.150, RSMo, and may reject such proposed rate schedules only upon finding that:

(1) The facilities' relocations were not required to be performed for the reasons specified in subsection 1 of this section;

(2) The gas corporation or electric corporation did not provide the documentation specified in subsection 3 of this section for the facilities' relocation costs for which recovery is sought; or

(3) The gas corporation or electric corporation obtained reimbursement from the entity requiring the facilities' relocations for which cost recovery is sought.

5. This section applies only to facilities' relocation projects placed in service by a gas corporation or electric corporation on or after January 1, 2000.

6. No gas corporation which falls under this section shall allow any consumer to hook onto a gas service line that has been paid for by a private developer without reasonable reimbursement compensation to said private developer within five years of installation of said gas service line.

7. A gas corporation which falls under this

section shall not be entitled to charge a private developer for replacement of a gas pipeline along a public right of way if when the original gas pipeline was installed, the gas corporation knew, or should have known, that the elevation of the adjacent roadway would change or that the gas pipeline would have to be moved should the adjacent roadway be widened or the public right of way be expanded.”; and
