AN ACT

To repeal sections 288.020 and 288.040, RSMo 2000, relating to the construction and interpretation of employment security law, and to enact in lieu thereof two new sections relating to the same subject.

Be it enacted by the General Assembly of the State of Missouri, as follows:

Section A. Sections 288.020 and 288.040, RSMo 2000, are repealed and two new sections enacted in lieu thereof, to be known as sections 288.020 and 288.040, to read as follows:

288.020. 1. As a guide to the interpretation and application of this law, the public policy of this state is declared to be as follows: Economic insecurity due to unemployment is a serious menace to health, morals, and welfare of the people of this state resulting in a public calamity. The legislature, therefore, declares that in its considered judgment the public good and the general welfare of the citizens of this state require the enactment of this measure, under the police powers of the state, for compulsory setting aside of unemployment reserves to be used for the benefit of persons unemployed through no fault of their own.

2. This law shall be **[liberally]** **impartially** construed to accomplish its purpose to promote employment security both by increasing opportunities for jobs through the maintenance of a system of public employment offices and by providing for the payment of compensation to individuals in respect to their unemployment.

288.040. 1. A claimant who is unemployed and has been determined to be an insured worker shall be eligible for benefits for any week only if the deputy finds that:

(1) The claimant has registered for work at and thereafter has continued to report at an employment office in accordance with such regulations as the division may prescribe;

EXPLANATION--Matter enclosed in bold-faced brackets [thus] in this bill is not enacted and is intended to be omitted in the law.

(2) The claimant is able to work and is available for work. No person shall be deemed available for work unless such person has been and is actively and earnestly seeking work. Upon the filing of an initial or renewed claim, and prior to the filing of each weekly claim thereafter, the deputy shall notify each claimant of the number of work search contacts required to constitute an active search for work. No person shall be considered not available for work, pursuant to this subdivision, solely because he or she is a substitute teacher or is on jury duty. A claimant shall not be determined to be ineligible pursuant to this subdivision because of not actively and earnestly seeking work if:

(a) The claimant is participating in training approved pursuant to Section 236 of the Trade Act of 1974, as amended, (19 U.S.C.A. Sec. 2296, as amended); or

(b) The claimant is temporarily unemployed through no fault of his or her own and has a definite recall date within eight weeks of his or her first day of unemployment; however, upon application of the employer responsible for the claimant's unemployment, such eight-week period may be extended at the discretion of the director;

(3) The claimant has reported in person to an office of the division as directed by the deputy, but at least once every four weeks, except that a claimant shall be exempted from the reporting requirement of this subdivision if:

(a) The claimant is claiming benefits in accordance with division regulations dealing with partial or temporary total unemployment; or

(b) The claimant is temporarily unemployed through no fault of his or her own and has a definite recall date within eight weeks of his or her first day of unemployment; or

(c) The claimant resides in a county with an unemployment rate, as published by the division, of ten percent or more and in which the county seat is more than forty miles from the nearest division office;

(d) The director of the division of employment security has determined that the claimant belongs to a group or class of workers whose opportunities for reemployment will not be enhanced by reporting in person, or is prevented from reporting due to emergency conditions that limit access by the general public to an office that serves the area where the claimant resides, but only during the time such circumstances exist.

Ineligibility pursuant to this subdivision shall begin on the first day of the week which the claimant was scheduled to claim and shall end on the last day of the week preceding the week during which the claimant does report in person to the division's office;

(4) Prior to the first week of a period of total or partial unemployment for which the claimant claims benefits he has been totally or partially unemployed for a waiting period of one week. No more than one waiting week will be required in any benefit year. The one-week waiting period shall become compensable after unemployment during which benefits are payable for nine consecutive weeks. No week shall be counted as a week of total or partial unemployment for the

purposes of this subsection unless it occurs within the benefit year which includes the week with respect to which the claimant claims benefits;

(5) The claimant has made a claim for benefits;

(6) The claimant is participating in reemployment services, such as job search assistance services, as directed by the deputy if the claimant has been determined to be likely to exhaust regular benefits and to need reemployment services pursuant to a profiling system established by the division, unless the deputy determines that:

(a) The individual has completed such reemployment services; or

(b) There is justifiable cause for the claimant's failure to participate in such reemployment services.

2. A claimant shall be ineligible for waiting week credit or benefits for any week for which the deputy finds he or she is or has been suspended **or terminated** by his or her most recent employer for misconduct connected with his or her work. **For purposes of this chapter, a professionally administered and documented positive chemical test result for a controlled substance, as that term is defined in section 195.010, RSMo, shall be deemed misconduct connected with work if:**

(1) The claimant works in, around or with heavy equipment or if the nature of the claimant's work could place the safety of other employees or the public at risk, including but not limited to the operation of any plane, boat, train, motor vehicle or power driven machinery; or

(2) If the claimant works for an employer whose written employee drug-free work place policy, which is posted and publicized on the premises and which includes a signed statement of acceptance by the employee, states in pertinent part that a professionally administered and documented positive chemical test result for a controlled substance, as that term is defined in section 195.010, RSMo, shall be deemed misconduct and shall result in suspension, drug treatment intervention or termination of employment from such employer.

Once medical evidence of positive chemical test results are established and documented, under no circumstances shall the claimant be eligible for benefits from the employment security fund for weeks during his or her suspension, or following termination until the claimant has successfully completed a drug treatment intervention program. The claimant may qualify for benefits not to exceed twelve weeks, so long as he or she and the employer have signed an agreement for him or her to participate full time in a drug treatment intervention program, which may include a program funded by the employer's insurance, or a program funded by an organization or union to which the employee belongs or any other available public or community funded program.

3. (1) Benefits based on "service in employment", defined in subsections 7 and 8 of section

288.034, shall be payable in the same amount, on the same terms and subject to the same conditions as compensation payable on the basis of other service subject to this law; except that:

(a) With respect to service performed in an instructional, research, or principal administrative capacity for an educational institution, benefits shall not be paid based on such services for any week of unemployment commencing during the period between two successive academic years or terms, or during a similar period between two regular but not successive terms, or during a period of paid sabbatical leave provided for in the individual's contract, to any individual if such individual performs such services in the first of such academic years (or terms) and if there is a contract or a reasonable assurance that such individual will perform services in any such capacity for any educational institution in the second of such academic years or terms;

(b) With respect to services performed in any capacity (other than instructional, research, or principal administrative capacity) for an educational institution, benefits shall not be paid on the basis of such services to any individual for any week which commences during a period between two successive academic years or terms if such individual performs such services in the first of such academic years or terms and there is a contract or a reasonable assurance that such individual will perform such services in the second of such academic years or terms;

(c) With respect to services described in paragraphs (a) and (b) of this subdivision, benefits shall not be paid on the basis of such services to any individual for any week which commences during an established and customary vacation period or holiday recess if such individual performed such services in the period immediately before such vacation period or holiday recess, and there is reasonable assurance that such individual will perform such services immediately following such vacation period or holiday recess;

(d) With respect to services described in paragraphs (a) and (b) of this subdivision, benefits payable on the basis of services in any such capacity shall be denied as specified in paragraphs (a), (b), and (c) of this subdivision, to any individual who performed such services at an educational institution while in the employ of an educational service agency, and for this purpose the term "educational service agency" means a governmental agency or governmental entity which is established and operated exclusively for the purpose of providing such services to one or more educational institutions.

(2) If compensation is denied for any week pursuant to paragraph (b) or (d) of subdivision (1) of this subsection, to any individual performing services at an educational institution in any capacity (other than instructional, research or principal administrative capacity), and such individual was not offered an opportunity to perform such services for the second of such academic years or terms, such individual shall be entitled to a retroactive payment of the compensation for each week for which the individual filed a timely claim for compensation and for which compensation was denied solely by reason of paragraph (b) or (d) of subdivision (1) of this subsection.

4. (1) A claimant shall be ineligible for waiting week credit, benefits or shared work benefits for any week for which he or she is receiving or has received remuneration exceeding his or her weekly benefit amount or shared work benefit amount in the form of:

(a) Compensation for temporary partial disability pursuant to the workers' compensation law of any state or pursuant to a similar law of the United States;

(b) A governmental or other pension, retirement or retired pay, annuity, or other similar periodic payment which is based on the previous work of such claimant to the extent that such payment is provided from funds provided by a base period or chargeable employer pursuant to a plan maintained or contributed to by such employer; but, except for such payments made pursuant to the Social Security Act or the Railroad Retirement Act of 1974 (or the corresponding provisions of prior law), the provisions of this paragraph shall not apply if the services performed for such employer by the claimant after the beginning of the base period (or remuneration for such services) do not affect eligibility for or increase the amount of such pension, retirement or retired pay, annuity or similar payment.

(2) If the remuneration referred to in this subsection is less than the benefits which would otherwise be due, the claimant shall be entitled to receive for such week, if otherwise eligible, benefits reduced by the amount of such remuneration, and, if such benefit is not a multiple of one dollar, such amount shall be lowered to the next multiple of one dollar.

(3) Notwithstanding the provisions of subdivisions (1) and (2) of this subsection, if a claimant has contributed in any way to the Social Security Act or the Railroad Retirement Act of 1974, or the corresponding provisions of prior law, no part of the payments received pursuant to such federal law shall be deductible from the amount of benefits received pursuant to this chapter.

5. A claimant shall be ineligible for waiting week credit or benefits for any week for which or a part of which he or she has received or is seeking unemployment benefits pursuant to an unemployment insurance law of another state or the United States; provided, that if it be finally determined that the claimant is not entitled to such unemployment benefits, such ineligibility shall not apply.

6. (1) A claimant shall be ineligible for waiting week credit or benefits for any week for which the deputy finds that such claimant's total or partial unemployment is due to a stoppage of work which exists because of a labor dispute in the factory, establishment or other premises in which such claimant is or was last employed. In the event the claimant secures other employment from which he or she is separated during the existence of the labor dispute, the claimant must have obtained bona fide employment as a permanent employee for at least the major part of each of two weeks in such subsequent employment to terminate his or her ineligibility. If, in any case, separate branches of work which are commonly conducted as separate businesses at separate premises are conducted in separate departments of the same premises, each such department shall for the purposes of this subsection be deemed to be a separate factory, establishment or other

premises. This subsection shall not apply if it is shown to the satisfaction of the deputy that:

(a) The claimant is not participating in or financing or directly interested in the labor dispute which caused the stoppage of work; and

(b) The claimant does not belong to a grade or class of workers of which, immediately preceding the commencement of the stoppage, there were members employed at the premises at which the stoppage occurs, any of whom are participating in or financing or directly interested in the dispute.

(2) "Stoppage of work" as used in this subsection means a substantial diminution of the activities, production or services at the establishment, plant, factory or premises of the employing unit. This definition shall not apply to a strike where the employees in the bargaining unit who initiated the strike are participating in the strike. Such employees shall not be eligible for waiting week credit or benefits during the period when the strike is in effect, regardless of diminution, unless the employer has been found guilty of an unfair labor practice by the National Labor Relations Board or a federal court of law for an act or actions preceding or during the strike.

7. On or after January 1, 1978, benefits shall not be paid to any individual on the basis of any services, substantially all of which consist of participating in sports or athletic events or training or preparing to so participate, for any week which commences during the period between two successive sport seasons (or similar periods) if such individual performed such services in the first of such seasons (or similar periods) and there is a reasonable assurance that such individual will perform such services in the later of such seasons (or similar periods).

8. Benefits shall not be payable on the basis of services performed by an alien, unless such alien is an individual who was lawfully admitted for permanent residence at the time such services were performed, was lawfully present for purposes of performing such services, or was permanently residing in the United States under color of law at the time such services were performed (including an alien who was lawfully present in the United States as a result of the application of the provisions of Section 212(d)(5) of the Immigration and Nationality Act).

(1) Any data or information required of individuals applying for benefits to determine whether benefits are not payable to them because of their alien status shall be uniformly required from all applicants for benefits.

(2) In the case of an individual whose application for benefits would otherwise be approved, no determination that benefits to such individual are not payable because of such individual's alien status shall be made except upon a reponderance of the evidence.
