

Journal of the Senate

FIRST REGULAR SESSION

TWENTY-SIXTH DAY—THURSDAY, FEBRUARY 15, 2001

The Senate met pursuant to adjournment.

President Maxwell in the Chair.

Reverend Carl Gauck offered the following prayer:

“Wisdom consists in doing the next thing you have to do, doing it with your whole heart and finding delight in doing it.”
(Meister Eckart)

Precious Lord, as we race through this day may we put our whole selves into what must be done so that it doesn't need to be redone. May we go to those we love and love them with our whole heart so completely that they know we are giving our whole self to them. And may we find the delight that comes from completely being present with them in the hearing of Your word this weekend. In Your Gracious Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

SENATE CONCURRENT RESOLUTION NO. 17

WHEREAS, on January 29, 2001, the United States District Court for the District of Columbia in the case of Sierra Club v. Browner ordered the United States Environmental Protection Agency to decide by March 12, 2001, whether the St. Louis area is in serious violation of standards for ozone air pollution; and

WHEREAS, since the court was barred from ordering the Environmental Protection Agency to find the St. Louis area in "serious" violation, the question of what the EPA will ultimately decide to do is still open; and

WHEREAS, a "serious" designation by the Environmental Protection Agency for the St. Louis area would be significant for the region because it could deter the development of new industries in the region by requiring more costly and restrictive air pollution controls on industry aimed at improving air quality as well as imposing penalties, such as the withholding of federal highway dollars; and

WHEREAS, the state of Missouri and its citizens have worked hard to improve the St. Louis area's air quality through such steps as the use of reformulated gasoline, the implementation of stricter industry controls on emissions, improvements in mass transit, a vehicle inspection program that started in April 2000 and the placement of nozzles on gas pumps to collect gas fumes; and

WHEREAS, last year, the Environmental Protection Agency agreed to give the St. Louis area until November of 2003 to meet the ozone standards and any reduction in that timeframe would be unfair to the citizens of St. Louis and the state who have worked so diligently to improve the air quality:

NOW, THEREFORE, BE IT RESOLVED that the Missouri Senate, Ninety-first General Assembly, First Regular Session, the House of Representatives concurring therein, hereby urge the United States Environmental Protection Agency to provide the St. Louis area with the time promised last year to meet the ozone standards before declaring the area is in serious violation of standards for ozone air pollution; and

BE IT FURTHER RESOLVED that the Secretary of the Senate be instructed to prepare properly inscribed copies of this resolution for President George Bush, Environmental Protection Agency Administrator Christine Todd Whitman, Governor Bob Holden and each member of the Missouri congressional delegation.
