(7) Approve a sports center redevelopment plan and do any and all things necessary or convenient to aid and cooperate in the planning or carrying out of a sports center redevelopment plan;

(8) Lend, grant, or contribute funds or other property to an authority or other public body;

(9) Employ any funds belonging to or within the control of such public body, including funds derived from the sale or furnishing of property, service, or facilities to an authority, in the purchase of the bonds of an authority and, as the holder of such bonds, exercise the rights connected therewith;

(10) Lease or sublease property, including any sports facility redevelopment project or portion thereof from others and pay rent or other consideration therefor; and

(11) Enter into agreements, which may extend over any period, notwithstanding any provision or rule of law to the contrary, with an authority or other public body or person respecting action to be taken pursuant to any of the powers granted in sections 67.2000 to 67.2060. If at any time title to, or possession of, any sports center redevelopment project is held by any public body, other than the authority, authorized by law to engage in the undertaking, carrying out, or administration of development projects, the provisions of such agreements shall inure to the benefit of and may be enforced by such public body.

67.2024. A sports center redevelopment plan shall set forth in writing a general description of the program to be undertaken to accomplish the objectives of such plan and shall include, but need not be limited to, a legal description of the sports center redevelopment area, the conditions that qualify the sports center redevelopment area as a blighted area or conservation area, the estimated project costs, the anticipated sources of funds to pay the project costs, the anticipated type and terms of the sources of funds to pay the project costs, the anticipated type and terms of any bonds to be issued to finance the project cost, the most recent equalized assessed valuation of the property within the sports center redevelopment area, an estimate as to the equalized assessed valuation of such property after redevelopment, and the general land uses to apply in the sports center redevelopment area. The sports center redevelopment plan shall be sufficiently complete to indicate such land acquisition, demolition and removal of structures, redevelopment, improvements and rehabilitation as may be proposed to be carried out, zoning and planning changes, if any maximum densities, building requirements and the relationship of the plan to definite local objectives respecting appropriate land uses, improved traffic, public transportation, public utilities, recreational and community facilities, and other public improvements. Any sports center redevelopment plan shall include provisions for the development and/or redevelopment of both a stadium and mixed-use facilities which may include reasonable parking facilities, and shall include one or more of the following: housing units, office space, commercial and/or retail space, and cultural and/or entertainment attractions.

67.2027. 1. Before the approval of a sports center redevelopment plan the authority shall fix a time and place for a public hearing and notify each taxing district located wholly or partially within the boundaries of the proposed sports center redevelopment area. At the public hearing any interested person or affected taxing district may file with the authority written objections to, or comments on, and may be heard orally in respect to, any issues embodied in the notice. The authority shall hear and consider all protests, objections, comments, and other evidence presented at the hearing. The hearing may be continued to another date without further notice other than a motion to be entered upon the minutes fixing the time and place of the subsequent

hearing. Before the conclusion of the hearing, changes may be made in the sports center redevelopment plan, provided that each affected taxing district is given written notice of such changes at least seven days before the conclusion of the hearing. After the public hearing but before the adoption of a resolution or declaration approving a sports center redevelopment plan, changes may be made to the sports center redevelopment plan without a further hearing, if such changes do not enlarge the exterior boundaries of the sports center redevelopment area, and do not substantially affect the general land uses established in the sports center redevelopment plan, provided that notice of such changes shall be given by mail to each affected taxing district and by publication in a newspaper of general circulation in the area of the proposed redevelopment not less than ten days before the adoption of the changes by a resolution or declaration. After the adoption of a resolution or declaration approving a sports center redevelopment plan, no change to the sports center redevelopment plan shall be adopted or approved which alters the exterior boundaries of the sports center redevelopment area, or affects the general land uses established pursuant to the sports center redevelopment plan without complying with the procedures provided in this section pertaining to the initial approval of a sports center redevelopment plan.

2. Notice of the public hearing required by this section shall be given by publication and mailing. Notice by publication shall be given at least twice, the first publication to be not more than twenty days and the second publication to be not more than ten days prior to the public hearing, in a newspaper of general circulation in the area of the proposed sports center redevelopment area. Notice by mailing shall be given by depositing such notice in the United States mail by certified mail addressed to the person or persons in whose name the general taxes for the last preceding year were paid on each lot, block, tract, or parcel of land lying within the sports center redevelopment area. Such notice shall be mailed not less than ten days prior to the public hearing. In the event taxes for the last preceding year were not paid, the notice shall also be sent to the persons last listed on the tax rolls within the preceding three years as the owners of such property.

3. The notices issued pursuant to this section shall include the following:

- (1) The time and place of the public hearing;
- (2) The general boundaries of the proposed sports center redevelopment area by street location, where possible;
- (3) A statement that all interested persons shall be given an opportunity to be heard at the public hearing;
- (4) A general description of the proposed sports center redevelopment plan, and a location and time where the entire plan proposal may be reviewed by any interested party;
- (5) Such other matters as the authority may deem appropriate.

4. Not less than twenty days before the date set for the public hearing, the authority shall give notice by mail as provided in subsection 2 of this section to all taxing districts from which taxable property is included in the sports center redevelopment area, and in addition to the other requirements pursuant to subsection 2 of this section, the notice shall include an invitation to each taxing district to submit comments to the authority concerning the subject matter of the hearing before the date of the hearing.

5. A copy of any and all hearing notices required by this section shall be submitted by the authority to the director of the department of economic development of the state. Such submission of the copy of the hearing notice shall comply with the prior notice requirements pursuant to subsection 3 of this section.

6. After the authority approves a sports center redevelopment plan, it shall forward a copy of the plan and a copy of the resolution approving the plan to the city. If the governing body of the city finds that the sports center redevelopment area on the whole is a blighted area or a conservation area, and that the sports center redevelopment plan is in the best interest of the city and its residents, the governing body shall adopt an ordinance approving the sports center redevelopment plan.

7. Upon approval of a sports center redevelopment plan by the city, the authority shall forward a copy of such plan, along with a certified copy of any approving resolutions, declarations or ordinances, to the speaker of the house of representatives and the president pro tempore of the senate.

67.2030. 1. Bonds may be issued by the authority or any other public body to provide for project costs and other costs of implementing the sports center redevelopment plan, including to refund bonds issued for such purposes. The authority or other public body may pledge all or any part of any funds and revenues available to the authority or such public body from any source, public or private, including any funds in and to be deposited in the special allocation fund, to the payment of the sports center redevelopment project costs and bonds. Any pledge of funds in the special allocation fund may provide for distribution to the applicable other taxing districts of moneys not required for payment of redevelopment costs or bonds and such excess funds shall be deemed to be surplus funds.

2. Without limiting the provisions of subsection 1 of this section, the authority or other public body may pledge any part or any combination of the revenues of any sports center redevelopment project, or a mortgage on part or all of the sports center redevelopment project owned by it, to secure its bonds or other redevelopment costs.

3. Such bonds may be issued in one or more series bearing interest at such rate or rates as the issuer shall determine. Such bonds shall bear such date or dates, mature at such time or times (not exceeding thirty-five years from their respective dates when secured by the special

allocation fund), be in such denominations, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, be subject to redemption and contain such other covenants, terms, and conditions as the ordinance or resolution of the issuer shall provide or authorize. Such bonds may be sold at public or private sale at such price as shall be determined by the governmental entity responsible for the payment of debt service with respect thereto and shall state that such bonds are special obligations payable solely from the funds specifically pledged therefor in accordance with sections 67.2000 to 67.2060.

4. If any member of the authority whose signature appears on any bonds shall cease to be such member before the delivery of such bonds, such signature shall, nevertheless, be valid and sufficient for all purposes, the same as if such member had remained in office until such delivery.

5. In any suit, action or proceeding involving the validity or enforceability of any bond issued pursuant to this section or the security therefor, any such bond reciting in substance that it has been issued pursuant to this section to aid in financing a sports center redevelopment project shall be conclusively deemed to have been issued for such purpose and such project and the sports center redevelopment plan pursuant to which such project is undertaken shall be conclusively deemed to have been planned, approved and carried out in accordance with the purposes and provisions of this law.

6. No person executing any bond shall be personally liable for such bond by reason of the issuance thereof. The bonds issued pursuant to this section shall not be a general obligation of the authority, any municipality, the state, or any political subdivision thereof, or any other public body, nor in any event shall such bond be payable out of any funds or properties other than those specifically pledged as security therefor. The bonds shall not constitute indebtedness within the meaning of any constitutional, statutory, or charter debt limitation or restriction.

7. The authority or other public body shall have the power to exercise all or any part or combination of the powers herein granted; to make such covenants, other than and in addition to the covenants herein expressly authorized; and to do any and all such acts and things as may be necessary or convenient or desirable in order to secure its bonds, or, in the absolute discretion of said authority or other public body, as will tend to make the bonds more marketable notwithstanding that such covenants, acts, or things may not be enumerated herein.

67.2033. 1. Once a sports center redevelopment plan is approved or adopted by the city and the authority in accordance with sections 67.2000 to 67.2060, thereafter, for a period established by the city in the ordinance approving the sports center redevelopment plan or project, not to exceed thirty-five years, economic activity taxes generated within the sports center redevelopment area shall be allocated to and, when collected, paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the city or

other public body who shall deposit such funds into the special allocation fund of the city or other public body for the purposes enumerated in sections 67.2000 to 67.2060, including, but not limited to, the purpose of paying project costs and bonds incurred in connection therewith.

2. Subject to annual appropriation, the city or any other public body may provide a fixed annual appropriation beginning not earlier than July of the third calendar year after adoption of the resolution or declaration approving the need for a sports center redevelopment authority for purposes of providing debt service over not more than thirty years for bonds in support of a sports center redevelopment plan, including project costs. On the date of the issuance of the bonds, the city's portion of revenues received from naming rights for the stadium, as determined by the city, and subject to any limitations of the Internal Revenue Code for tax-exempt financing, shall be deposited in the city naming rights fund. Available amounts in the city naming rights fund shall be drawn upon by the city in the event that the cumulative economic activity taxes from the sports center redevelopment area, measured initially ten years following the issuance of the bonds and at five-year intervals thereafter and taking into account any prior payments to the city, are less than the cumulative annual appropriations for the applicable period made by the city for the debt service on the bonds. Subject to the limitations of the Internal Revenue Code for tax-exempt financing and to the reimbursement of the city for any deficiency in the economic activity taxes, any excess amounts in the city naming rights fund, as determined by the city, shall be used for the benefit of the stadium, in the time and manner specified in and subject to the terms of the redevelopment contracts and related agreements. In the event that the city naming rights fund shall be drawn upon for reimbursement of the city for any deficiency in the economic activity taxes, then the amount in the city naming rights fund shall be restored to the amount required by the city to the extent of any additional revenues from naming rights, subject to the limitations of the Internal Revenue Code for tax-exempt financing. The city is authorized to enter into a financing agreement or other contract with the authority or any other public body relating to the issuance of the bonds.

3. Subject to annual appropriation, the state shall provide a fixed annual appropriation not to exceed seven million dollars per year beginning not earlier than July of the third calendar year after adoption of the resolution or declaration approving the need for a sports center redevelopment authority for purposes of providing debt service over not more than thirty years for bonds that will provide a net sum not to exceed one hundred million dollars in support of a sports center redevelopment plan, including project costs. Such amount shall be net of all reserves, capitalized interest, and costs of issuance for financing such net amount provided that in no year shall the amount appropriated pursuant to sections 67.2000 to 67.2060 for project costs exceed seven million dollars. The state is authorized to enter into a financing agreement or other contract with the authority or any other public body relating to the issuance of the bonds.

4. At the time of issuance of any bonds payable from the state's annual appropriation in accordance with subsection 3 of this section for the purpose of constructing a stadium, and prior to the release of any proceeds of such bonds, all additional funds or financial instruments necessary to complete the construction of such stadium shall be deposited into a construction fund by the city, the county and any lessee, redeveloper or sports franchise leasing such stadium.

5. The state auditor shall conduct an annual audit of all accounts and transactions of the authority pursuant to section 29.200, RSMo, and such other special audits, including audits of participating cities and counties, as may be necessary. All audit reports shall be presented to the general assembly pursuant to section 181.100, RSMo, and to the authority, the governor, the state treasurer and the attorney general.

6. The state auditor shall certify on an annual basis the amount of new state revenues and the commissioner of administration shall not seek an appropriation pursuant to this subsection until the state auditor has provided such certification.

7. In no event shall an appropriation be made pursuant to the provisions of subsection 3 of this section unless a lease has been entered into which complies with the provisions of subsection 2 of section 67.2054.

8. Beginning in July of the eighth calendar year after adoption of the resolution or declaration approving the need for a sports center redevelopment authority, in the event a deficiency exists for any year in which the state has provided an annual appropriation for purposes of providing debt service pursuant to this subsection, the auditor shall notify the commissioner of administration and the team and any deficiency resulting in insufficient appropriations for purposes of providing debt service pursuant to this subsection shall be paid by the team to the state for reimbursement of the deficit. No provision of this section shall be deemed to relieve the state of any obligations arising due to the issuance of bonds pursuant to sections 67.2000 to 67.2060.

67.2036. 1. At least once a year, the authority shall file with the city, the state, and any other participating public body a report of its activities for the preceding year, and shall make recommendations with reference to such additional legislation or other action as it deems necessary in order to carry out the provisions of sections 67.2000 to 67.2060.

2. The authority shall, not less than once every three years, hold a public hearing regarding the sports center redevelopment plan. The purpose of the hearing shall be to determine if the authority is making satisfactory progress under the proposed time schedule for completion of such plan and the remediation of the conditions the existence of which qualified the sports center redevelopment area as a blighted area or conservation area. Notice of such public hearing shall be given in a newspaper of general circulation in the sports center redevelopment area once each week for four weeks immediately before the hearing.

67.2039. 1. When the costs of carrying out a sports center redevelopment plan have been paid, including, but not limited to, project costs and all bonds to finance such costs, all surplus funds then remaining in any special allocation fund shall be paid by the treasurer or other designated financial officer of the city or other public body to the applicable taxing districts.

2. Upon the payment of all such sports center redevelopment plan and project costs, retirement of all such bonds, and the distribution of any excess moneys, the city or other public body shall dissolve any special allocation fund for the sports center redevelopment area and cease allocating any economic activity taxes to such fund. Thereafter, the rates of the taxing districts shall be extended and taxes levied, collected, and distributed in the manner applicable in the absence of the approval of a sports center redevelopment plan.

3. Nothing herein shall be construed as relieving property in the affected areas from paying a uniform rate of taxes, as required by article X, section 3 of the Missouri Constitution.

67.2042. Notwithstanding any other provision to the contrary, with respect to any sports center redevelopment plan approved in any city not within a county, any county with a charter form of government and with more than one million inhabitants may annually contribute tax revenues deposited in the county convention and recreation trust fund, or any other general or special fund designated by the county, in support of the sports center redevelopment plan.

67.2045. 1. The income of the authority and all properties at any time owned by the authority shall be exempt from all taxation in the state. For the purposes of section 409.402, RSMo, all bonds issued by the authority shall be deemed to be securities issued by a public instrumentality of the state.

2. The authority is hereby declared to be performing a public function and bonds and other obligations of the authority are declared to be issued for an essential public and governmental purpose and, accordingly, interest thereon and income therefrom shall be exempt from income taxation by the state.

3. The bonds of the authority are securities in which all public officers and bodies of the state and all municipalities and municipal subdivisions, all insurance companies and associations and other persons carrying on an insurance business, all banks, trust companies, savings associations, savings and loan associations and investment companies, all administrators, guardians, executors, trustees, and other fiduciaries, and all other persons whatsoever who are now or may hereafter be authorized to invest in bonds or other obligations of the state, may properly and legally invest funds, including capital, in their control or belonging to them.

67.2048. 1. Notwithstanding sections 8.250, 8.285 to 8.291, 8.675 to 8.687, RSMo, and section 107.170, RSMo, or any charter provision to the contrary, the authority and any other public body may establish such systems and procedures for the design, construction, and delivery of a sports center redevelopment project as they shall deem necessary or convenient to carry out

and effectuate sections 67.2000 to 67.2060, including the use of the design-build method of construction, the use of a construction manager authorized to provide a guaranteed maximum price for the design and construction of the project, and the use of qualifications-based selection of architects, consultants, contractors, or design-builders, provided that:

(1) Competitive bids are obtained from subcontractors performing construction work on the project;

(2) If a separate performance and payment bond is not required for the construction manager, general contractor, or design-build entity, then all trade work to be performed for the project shall be covered by performance and payment bonds;

(3) Any detailed design criteria and final working drawings for the project shall be prepared by a licensed architect or engineer; and

(4) The awarding authority and its agents shall not discriminate against bidders, offerors, contractors or subcontractors based upon their becoming or refusing to become signatories to agreements with one or more labor organizations.

2. For the purposes of this section, the following terms mean:

(1) "Design-build", a process of entering into and managing a contract between the authority or any other public body or any developer or other participant in a sports center redevelopment project and another party in which the other party agrees to both design and build any structure, facility, or other item included in the project;

(2) "Qualifications-based selection", a process of entering into and managing a contract between the authority or any other public body or any developer or other participant in a sports center redevelopment project and another party in which the other party is selected on the basis of the party's qualifications and experience in designing or constructing facilities, structures, or other items similar to those the authority is authorized to undertake.

67.2051. The authority shall be deemed to be a political subdivision of the state or instrumentality thereof exempt from taxation pursuant to subdivision (1) of subsection 1 of section 144.062, RSMo, and shall have the authority to issue exemption certificates pursuant to such section.

67.2054. 1. This section shall be referred to as the "Taxpayer Protection Provisions". For the purposes of this section, the following terms mean:

(1) "Lease", any lease, project agreement, or similar agreement pursuant to which a team is leasing or using a stadium;

(2) "Mixed-use facilities", any housing, offices, museums, entertainment venues, retail stores, restaurants, parking and similar facilities included in a sports center redevelopment plan;

(3) "Public participant", the state and any city and county which have established an authority; and

(4) "Team", a major league sports team which leases a stadium or is expected to lease a stadium pursuant to a sports center redevelopment plan.

2. The lease shall be for an initial term of at least thirty-five years, and shall include at a minimum substantially the following provisions, which shall apply for the periods, and be subject to such terms, conditions, limitations, and remedies, as shall be agreed to by the authority and specified in the lease:

(1) The team shall play all of its home games at the stadium and shall not relocate outside the boundaries of the city in which the stadium is located;

(2) The team shall make available at least six thousand tickets per regular season home game in the stadium at a price of not more than twelve dollars per ticket in year 2000 dollars;

(3) The team, in conjunction with the public participants, shall distribute at least one hundred thousand complimentary tickets per year to Missouri youth and other Missouri charitable organizations;

(4) The team and the owner of any multipurpose facility located in and owned by any city not within a county shall contribute at least two hundred fifty thousand dollars each per year to the development, construction, or refurbishment of neighborhood recreational facilities that will primarily benefit or serve disadvantaged youth in the city and the county which have established an authority;

(5) The team shall pay all operating and maintenance expenses of the stadium, and shall pay costs of capital improvements to the stadium in accordance with the terms of the lease, however no moneys from the sale of naming rights shall be used, directly or indirectly, for such operations or maintenance expenses, during the term of the lease;

(6) In the event of the sale of the team, the team or its owners shall pay to the authority and the public participants a portion of the profits upon the transfer of the owner's ownership interest in the team by any method at any time during the thirty year period of the state's participation pursuant to section 67.2033, and the state's share of which shall be a minimum of twelve percent of any profit on a transfer. Said percentage shall apply to a transfer to a third party by an individual owner proportionate to that owner's share of the ownership. A third party, for the purposes of this subsection, is a person other than the current ownership. The attorney general shall review the agreement between the participants and shall review the terms of any transfer to insure compliance with this section; and

(7) The team shall make payments in lieu of taxes in each year to the city and other taxing districts in which the stadium is located in an amount equal to the amounts of ad valorem property taxes paid in the calendar year immediately preceding the calendar year in which the resolution or declaration approving the need for a sports center redevelopment authority is adopted less the amounts of any ad valorem property taxes and payments in lieu of such taxes

paid in each such year to the city and other taxing districts with respect to the stadium, the lease, and the mixed-use facilities.

3. The team shall guarantee the acquisition, construction, and equipping of the stadium in accordance with the sports center redevelopment plan, and shall be responsible for paying any cost overruns in connection therewith, subject to compliance by the authority and the sponsors with their commitments and undertakings regarding the stadium made in accordance with sections 67.2000 to 67.2060 and to such commercially reasonable act of God provisions as may be agreed to by the authority and the public participants.

4. Notwithstanding any other provisions of sections 67.2000 to 67.2060, the team, as defined by section 67.2054, that leases a baseball stadium in a city not within a county shall, on January 31, 2011, pay to the state of Missouri the sum of one hundred fifty million dollars, unless, at a minimum, five of the following six components of the adjacent ballpark village project are substantially completed by December 31, 2010:

- (1) One thousand eight hundred fifty parking spaces;
- (2) Four hundred residential units;
- (3) Four hundred seventy thousand square feet of office space;
- (4) One hundred ten thousand square feet of commercial or retail space;
- (5) A sports-related museum covering at least sixteen thousand square feet;
- (6) An entertainment attraction covering at least ninety four thousand square feet.

Such requirement shall be incorporated into any agreement executed by the state with regards to any project agreement for a baseball stadium in any city not within a county. There shall be no offsets or credits allowed against this payment.

5. The team and any developer of the stadium shall comply with all applicable federal, state, and local laws and executive orders regarding contracting, hiring, and employment, subject to section 67.2048. The team shall require all businesses, vendors, and contractors to provide information assuring the enforcement of an equal opportunity employment plan and a minority and women business enterprise program that is based on population and availability and contains specific goals for each such business, vendor, and contractor, as applicable under state law. The team shall implement and maintain an equal opportunity employment plan and a minority and women business enterprise program with specific goals, which shall be identified and reported by ethnicity and gender. The team shall assure the utilization of minority and women owned businesses in all areas of the developmental and operational phases of the stadium, congruent with the established category of goals in construction, professional services, materials and supplies and other services. The team shall engage the services of a compliance monitor, either by direct employment or professional service contract to assist in the implementation and

enforcement of such goals.

6. The authority shall not issue any bonds payable from an appropriation by the public participants in support of a stadium included in a sports center redevelopment plan unless such stadium is owned in fee simple title by the authority.

7. The authority, as owner of the stadium, shall own the right to name the stadium, subject to the right of the team to approve the name which shall not be unreasonably withheld.

8. Any stadium constructed with the proceeds of bonds for which the state is providing an annual appropriation pursuant to subsection 3 of section 67.2033 shall contain a luxury suite which is available to the public through a lottery or other fan selection process, as designated by the authority in the stadium lease, which ensures that the public at large has access to such suite for all home games played at the stadium. No rent, fees or charges of any kind shall apply to the use of such suite.

9. The team shall bear all of the liability for, and shall indemnify the state and the authority for all liability arising out of, the occupation and operation of the stadium and mixed-use facilities, and nothing in this act shall be construed to, and no provision of any agreement implement or entered into under authority of this act shall purport to, give the team any immunity or protection from such liability that the team would not otherwise possess had those facilities been entirely owned by private parties and funded with private dollars.

10. Notwithstanding any other provision of law to the contrary, the naming rights of the stadiums shall be the sole and total property of the authority. The team and the ownership of said team have no interest in said naming rights. All proceeds received from the naming of said stadium shall be deposited in the state naming rights fund or paid to the state of Missouri as general revenue. On the date of the issuance of the bonds, the maximum amount of revenue received from naming rights for the stadium, subject to the limitations of the internal revenue code for tax exempt financing shall be deposited in the state naming rights fund. Any grant above that amount shall be paid to the state of Missouri. Available amounts through the state naming rights fund shall be drawn upon by the state in the event that the cumulative new state revenues from the sports center redevelopment area, measured initially five years following the issuance of the bonds and at five-year intervals thereafter and taking into account any prior payments to the state are less than the cumulative annual appropriations for the applicable period made by the state for the debt service on the bonds. Any amounts above the maximum amount allowable to reimburse the state, subject to the limitations of the internal revenue codes for tax exempt financing, and to the reimbursement of the state for any deficiency in the new state revenues are excess amounts in the state naming rights fund, as determined by the state, and shall be transferred to the school building revolving fund pursuant to section 166.300, RSMo. In the event that the state naming rights fund shall be drawn upon for reimbursement of the state for

any deficiency in the new state revenues, then the amount in the state naming rights fund shall be restored by the team in the amount required by the state to the extent of any additional revenues from naming rights, subject to the limitations of the internal revenue codes for the tax exempt financing.

11. In the event of a strike or a lockout, the team shall reimburse the state for any deficiency in the amount of revenue necessary to meet the requirements of any bond obligation of the state arising pursuant to section 67.2033, RSMo, in proportion to the portion of the year during which the strike was in effect.

67.2056. 1. Any major league sports team subject to a lease agreement pursuant to sections 67.200 to 67.2060 and the owner of any multipurpose facility located in and owned by any city not within a county shall contribute one hundred fifty thousand dollars each per year to the "African-American Community Trust Fund" which is hereby established. Notwithstanding section 33.080, RSMo, to the contrary, moneys in the African-American community trust fund shall not revert to the general revenue fund. Interest accruing to the fund shall be part of the fund. Moneys in the fund shall be spent in economically disadvantaged areas. Such fund shall be specifically allocated to projects that develop, support, or enhance cultural or sports activities within the minority community. The fund shall be administered by a board of seven members confirmed by the Missouri senate which shall be appointed as follows: one member from each major league sports team subject to a lease pursuant to sections 67.200 to 67.2060; one member from the authority authorized pursuant to sections 67.200 to 67.2060; one member which shall represent minorities appointed by the county executive of the county; one member which shall represent minorities appointed by the mayor of the city; and two members appointed by the community development corporation association pursuant to subsection 3 of section 135.400, RSMo. Members shall serve four year terms. Such funds shall be specifically allocated to projects that develop, support or enhance cultural or sports activities within the minority community. The board shall have the responsibility of determining the eligibility of the applicants for these funds. All or part of the funds may be granted to a specific project.

2. The authority shall require all businesses, vendors, and contractors to provide information assuring the enforcement of an equal opportunity employment plan and a minority and women business enterprise program that is based on population and availability and contains specific goals for each such business, vendor, and contractor, as applicable under state law. The authority shall implement and maintain an equal opportunity employment plan and a minority and women business enterprise program with specific goals, which shall be identified and reported by ethnicity and gender. The authority shall assure the utilization of minority and women owned businesses in all areas of the developmental and operational phases of the project, congruent with the established category of goals in construction, professional services, materials and supplies

and other services. The authority shall engage the services of a compliance monitor, either by direct employment or professional service contract to assist in the implementation and enforcement of such goals.

67.2057. Sections 67.2000 to 67.2060 shall be construed liberally to effectuate the purposes hereof. Insofar as sections 67.2000 to 67.2060 are inconsistent with the provisions of any other law, sections 67.2000 to 67.2060 shall be controlling.

67.2059. The attorney general shall assist the governor, the office of administration, and the authority in drafting, and shall be responsible to review and approve the terms of all agreements of any kind implemented or entered into pursuant to sections 67.2000 to 67.2060 for the purpose of ensuring that such agreements are in compliance with the requirements of sections 67.2000 to 67.2060.

67.2060. The powers conferred by sections 67.2000 to 67.2060 shall be in addition and supplemental to the powers conferred by any other law.

67.2076. 1. 2. The final determination of the new net public fiscal benefit for each fiscal year of the state and each participating county and city shall be made by the office of administration, with the assistance, if required, of an independent consultant at the cost of the qualifying project, at the close of each such fiscal year, and shall be based on the new net public fiscal benefit accruing to each of the state and participating counties and cities in such fiscal year of each of them. Such determination shall be made for each of the state and participating counties and cities at the close of the fiscal year in which the planning of the project is commenced and at the close of each such fiscal year thereafter as provided in any contract, agreement, lease or sublease referred to in section 70.851. Any such determination of the new net public fiscal benefit made in accordance with such contract, agreement, lease or sublease and law shall be binding on the parties thereto.

3. The determination of such new net public fiscal benefit shall take into account out-of-state resident use of the projects and related facilities, out-of-state resident spending based on International Association of Convention and Visitors Bureau standards, and direct and indirect fiscal benefit calculated

Alternatively, this portion, or any other portion of such new net public fiscal benefit, may be determined in accordance with specific procedures and criteria established pursuant to any contract, agreement, lease or sublease referred to in section 70.851 so long as such procedures and criteria take into account the factors described in this section.

4. 99.845. 1. A municipality, either at the time a redevelopment project is approved or, in the event a municipality has undertaken acts establishing a redevelopment plan and redevelopment project and has designated a redevelopment area after the passage and approval of sections 99.800 to 99.865 but prior to August 13, 1982, which acts are in conformance with the procedures of sections 99.800 to 99.865, may adopt tax increment allocation financing by passing an ordinance providing that after the total equalized assessed valuation of the taxable real property in a redevelopment project exceeds the certified total initial equalized assessed valuation of the taxable real property in the redevelopment project, the ad valorem taxes, and payments in lieu of taxes, if any, arising from the levies upon taxable real property in such redevelopment project by taxing districts and tax rates determined in the manner provided in subsection 2 of section 99.855 each year after the effective date of the ordinance until redevelopment costs have been paid shall be divided as follows:

(1) That portion of taxes, penalties and interest levied upon each taxable lot, block, tract, or parcel of real property which is attributable to the initial equalized assessed value of each such taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid by the county collector to the respective affected taxing districts in the manner required by law in the absence of the adoption of tax increment allocation financing;

(2) Payments in lieu of taxes attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project and any applicable penalty and interest over and above the initial equalized assessed value of each such unit of property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid to the municipal treasurer who shall deposit such payment in lieu of taxes into a special fund called the "Special Allocation Fund" of the municipality for the purpose of paying redevelopment costs and obligations incurred in the payment thereof. Payments in lieu of taxes which are due and owing shall constitute a lien against the real estate of the redevelopment project from which they

are derived and shall be collected in the same manner as the real property tax, including the assessment of penalties and interest where applicable. The municipality may, in the ordinance, pledge the funds in the special allocation fund for the payment of such costs and obligations and provide for the collection of payments in lieu of taxes, the lien of which may be foreclosed in the same manner as a special assessment lien as provided in section 88.861, RSMo. No part of the current equalized assessed valuation of each lot, block, tract, or parcel of property in the area selected for the redevelopment project attributable to any increase above the total initial equalized assessed value of such properties shall be used in calculating the general state school aid formula provided for in section 163.031, RSMo, until such time as all redevelopment costs have been paid as provided for in this section and section 99.850;

(3) For purposes of this section, "levies upon taxable real property in such redevelopment project by taxing districts" shall not include the blind pension fund tax levied under the authority of article III, section 38(b) of the Missouri Constitution, or the merchants' and manufacturers' inventory replacement tax levied under the authority of subsection 2 of section 6 of article X, of the Missouri Constitution, except in redevelopment project areas in which tax increment financing has been adopted by ordinance pursuant to a plan approved by vote of the governing body of the municipality taken after August 13, 1982, and before January 1, 1998.

2. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after July 12, 1990, and prior to August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest imposed by the municipality, or other taxing districts, which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, RSMo, licenses, fees or special assessments other than payments in lieu of taxes and any penalty and interest thereon, or, effective January 1, 1998, taxes levied pursuant to section 94.660, RSMo, for the purpose of public transportation, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund. Any provision of an agreement, contract or covenant entered into prior to July 12, 1990, between a municipality and any other political subdivision which provides for an appropriation of other municipal revenues to the special allocation fund shall be and remain enforceable.

3. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest which are imposed by the municipality or other taxing districts, and which are generated by economic activities

within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, RSMo, or effective January 1, 1998, taxes levied for the purpose of public transportation pursuant to section 94.660, RSMo, licenses, fees or special assessments other than payments in lieu of taxes and penalties and interest thereon, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund.

4. Beginning January 1, 1998, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance and which have complied with subsections 4 to 12 of this section, in addition to the payments in lieu of taxes and economic activity taxes described in subsections 1, 2 and 3 of this section, up to fifty percent of the new state revenues, as defined in subsection 8 of this section, estimated for the businesses within the project area and identified by the municipality in the application required by subsection 10 of this section, over and above the amount of such taxes reported by businesses within the project area as identified by the municipality in their application prior to the approval of the redevelopment project by ordinance, while tax increment financing remains in effect, may be available for appropriation by the general assembly as provided in subsection 10 of this section to the department of economic development supplemental tax increment financing fund, from the general revenue fund, for distribution to the treasurer or other designated financial officer of the municipality with approved plans or projects.

5. The treasurer or other designated financial officer of the municipality with approved plans or projects shall deposit such funds in a separate segregated account within the special allocation fund established pursuant to section 99.805.

6. No transfer from the general revenue fund to the Missouri supplemental tax increment financing fund shall be made unless an appropriation is made from the general revenue fund for that purpose. No municipality shall commit any state revenues prior to an appropriation being made for that project. For all redevelopment plans or projects adopted or approved after December 23, 1997, appropriations from the new state revenues shall not be distributed from the Missouri supplemental tax increment financing fund into the special allocation fund unless the municipality's redevelopment plan ensures that one hundred percent of payments in lieu of taxes and fifty percent of economic activity taxes generated by the project shall be used for eligible redevelopment project costs while tax increment financing remains in effect. This account shall be separate from the account into which payments in lieu of taxes are deposited, and separate from the account into which economic activity taxes are deposited.

7. In order for the redevelopment plan or project to be eligible to receive the revenue described

in subsection 4 of this section, the municipality shall comply with the requirements of subsection 10 of this section prior to the time the project or plan is adopted or approved by ordinance. The director of the department of economic development and the commissioner of the office of administration may waive the requirement that the municipality's application be submitted prior to the redevelopment plan's or project's adoption or the redevelopment plan's or project's approval by ordinance.

10. The initial appropriation of up to fifty percent of the new state revenues authorized pursuant to subsections 4 and 5 of this section shall not be made to or distributed by the department of economic development to a municipality until all of the following conditions have been satisfied:
