Be it enacted by the General Assembly of the State of Missouri, as follows:

This section shall not prohibit labels, stickers, decalcomania, or informational signs on motor vehicles or the application of tinted or solar screening material to recreational vehicles as defined in section 700.010, RSMo, provided that such material does not interfere with the driver's normal view of the road. This section shall not prohibit factory installed tinted glass, the equivalent replacement thereof or tinting material applied to the upper portion of the motor vehicle's windshield which is normally tinted by the manufacturer of motor vehicle safety glass.

2. Any person may operate a motor vehicle with [side and rear windows]

The director of the department of public safety shall promulgate rules and regulations for the issuance of the permit. The permit shall allow operation of the vehicle by immediate family members who are husband, wife, son or daughter who reside in the household.**

This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2001, shall be invalid and void.
