5. No fee provided for by this section shall be required of any person owning or operating a moisture-measuring device or instrument who uses such device or instrument solely in agricultural or horticultural operations on such person's own land, and not in performing services, whether with or without compensation, for another person.

3. The prosecutor of each county in which a violation occurs shall be empowered to bring an action hereunder. If a prosecutor declines to bring such action, the attorney general may bring an action instead, and in so doing shall have all of the powers and jurisdiction of such prosecutor.
