

91ST General Assembly

Second Regular Session

MISSOURI SENATE

WEEKLY BILL STATUS REPORT

for week of:

MAY 6 - MAY 10, 2002

Prepared by
Divisions of Research and Data Processing

MISSOURI SENATE

BILL STATUS

SENATE BILLS

SB 0631

SCS SB 631

SENATE SPONSOR Schneider

3216S.02C

SCS/SB 631 - This act allows an Administrative Law Judge to appoint an impartial physician to examine, at the request of the State, upon a finding that there is no other adequate medical evidence available and necessary to second injury fund claims. The physician's fee and other reasonable costs may be assessed by the administrative law judge against any party and becomes immediately payable.

The report of a treating or examining physician may be submitted into evidence in a second injury fund claim, provided the physician is made available to the opposing party by deposition.

This act is similar to SB 832 (2002).

SENATE SPONSOR Russell

2904S.04P

SCS/SB 642 - This act requires Hepatitis B and sexually transmitted disease (STD) testing of crime victims and prisoners. New Sections 191.224 and 191.660 are substantially similar to

current Sections 191.226 and 191.659, RSMo, but relate to Hepatitis B and STD testing, instead of HIV testing. Section 191.224 allows the Department of Health and Senior Services to pay for the cost of Hepatitis B and STD tests for crime victims and Section 191.659, RSMo, requires hepatitis B and STD testing of sex offenders in the custody of the Department of Corrections.

HOUSE HANDLER Relford

2597L.03C

HCS/SCS/SB 645 - Regional jail district commissioners of a district located in Caldwell County, DeKalb County or Daviess County are authorized to place a sales tax on retail sales in the district of 1/8th, 1/4th, 3/8ths, or 1/2 of one percent on the ballot which will provide funding for jail services, jail facilities, court facilities and equipment. The tax requires approval of a majority of voters in the district.

No public funds can be used to pay a private company to manage, staff or control the operations of any new jail or prison. This act shall not apply to any private facility in operation on or before August 28, 2002.

The provisions of this act shall expire on September 30, 2015.

This act revises the information that must be provided to the department of corrections when an inmate is delivered to the department, including: a certified copy of the sentence as well as information on the statutes violated and restitution owed to the victim, written information from the prosecutor regarding the victims of the crime, the offender's home environment, any gang affiliations, and certain information about the offender's physical and mental health.

The department may refuse to accept any offender who is delivered without all required information.

This act is similar to SB 14 (2001) and HB 642 (2001).

SB 0647

SCS SB 647

SENATE SPONSOR Goode

3159S.06C

SCS/SB 647 - This act revises the law regarding seat belt
usage and child restraint systems.

USE OF CHILD PASSENGER RESTRAINT SYSTEM/BOOSTER SEAT - This act
requires children less than 4 years old, regardless of weight, or
children weighing less than 40 pounds, regardless of age, to use
an appropriate child passenger restraint system. The act
requires children at least 4 years of age but less than 8 years

of age or who weigh 40 pounds to 80 pounds to be secured in a child passenger restraint system or a child booster seat. Children 8 years of age or older, or children who are at least 80 pounds, must use a safety belt.

WAIVER OF PENALTY - A person may escape the \$25 penalty by demonstrating that the person obtained a child safety seat prior to or at his or her hearing which is satisfactory to the court or the party responsible for prosecuting the violator's citation.

RENTAL AGENCIES - This act requires car rental agencies doing business in Missouri to inform customers of the requirements of Section 210.104 and to provide an appropriate child passenger safety restraint system for rental.

SEAT BELT REQUIREMENTS - If there are more persons than there are seat belts in the car, then the passengers must sit in the area behind the front seat unless the vehicle is designed only for a front-seated area.

This act has an effective date of January 1, 2003.

This act is substantially similar to SB 549 (2001).

SB 0651

SCS SB 651

SENATE SPONSOR Singleton

2652S.03C

SCS/SB 651 - This act requires a health carrier to allow any health care provider to participate in its network if that person satisfies all of the selection standards. This act will be known as the "Patient Freedom of Choice Act of 2002".

Currently, Section 354.606, RSMo, deals with contracts between health carriers (currently defined as HMOs) and health care professionals (currently defined as physicians or other health care practitioners who provide specific health services). New language clarifies the definition of "health carrier" to mean as defined in Section 376.1350, RSMo, which includes any entity subject to insurance laws in this state, including accident and sickness insurance, HMOs, nonprofit hospitals, and health service corporations, among others. Health carriers may not develop selection criteria in such a way that it will deny a health care professional the opportunity to become a participating provider if that professional meets all of the selection criteria and is willing to abide by all other terms and conditions. Current language also contains a provision that health carriers do not, however, need to hire more providers than necessary to maintain an adequate network.

This act is similar to SB 121 (2001).
ERIN MOTLEY

SCS SB 652

SENATE SPONSOR Singleton

2652S.03C

SCS/SB 652 - This act prohibits certain hospitals from preventing any licensed physician from practicing who complies with all hospital rules. Currently, Section 205.300, RSMo, prohibits public hospitals from discriminating against practitioners of any school of medicine and allows them equal privileges to treat patients. Patient choice of practitioner is also addressed. New language prohibits any hospital which provides Medicaid or Medicare services to patients in this state from excluding any physician from practicing who is licensed in Missouri, in good standing, and who complies with hospital rules. No hospital may deny, restrict, or terminate medical staff or privileges for unrelated economic reasons. All medical staff applications shall be given due process.

SB 0659

SENATE SPONSOR House

2784S.01I

SB 659 This act makes many revisions to laws concerning
charter schools and public school teachers.

TEACHERS & STAFF - The act allows the Kansas City Missouri School
District to hire retired teachers and allows them to continue

receiving their pensions while returning to teaching for up to two years (currently available only in City of St Louis). The retirement system shall determine the actuarial cost of such rehiring, and the cost shall be paid by the district. District teachers employed in charter schools shall retain tenure status and shall retain seniority rights for three years. Charter schools are permitted to hire noncertificated administrators.

CHARTER SCHOOL LOCATIONS - Charter schools may be operated in the currently authorized territories, even if the existing school district no longer exists or includes that territory. The act clarifies that charter schools may be sponsored by a public 4-year college or university in a county containing an eligible school district, even if the college or university is not in the school district.

CONVERSION TO CHARTER SCHOOLS - Increases the number of public school buildings in a school district which may be converted to charter school use from five percent to ten percent, with discretion given to the local school board. The act requires urban school districts to lease buildings to charter schools on substantially equivalent terms and at a price which is substantially equivalent and requires good-faith negotiations by such districts, for fair market value. The requirements regarding lease of buildings shall not apply to contracts in existence on January 1, 2002.

PROCESS FOR CHARTERING A SCHOOL - The act revises the procedure and timeline for chartering a school. A charter school proponent shall provide the local school district and the State Board of Education with copies of the charter school application within five days of submitting the application to the proposed sponsor. A charter application must be provided to a proposed sponsor at least 11 months prior to the proposed starting date for the school. The sponsor's decision of approval or denial must be made within 90 days of filing the proposed charter (rather than the current 60); if the charter is denied, written notice must be served on the State Board of Education within 5 days. The State Board has 60 days to deny or grant a proposed charter and shall provide reasons for denial in writing, if applicable.

GRANT FUNDING FOR SPONSORS OF CHARTER SCHOOLS - The act creates a Charter School Sponsor Oversight Fund, with grant funding administered by the Coordinating Board for Higher Education. Funds shall be transferred annually by the State Treasurer, based upon the number of charter schools and charter school enrollment the previous year. Approved sponsors shall receive, from the fund, \$23,400 per school sponsored the previous year plus 0.5% of per pupil operating revenues for each student enrolled in such school the previous year. Any sponsor may apply and must demonstrate compliance of all requirements of law. Grant funds shall be prorated if necessary when funds are inadequate. Unused funds shall be retained and used to reduce the next year's withholding from charter school revenues.

CHARTER SCHOOL BOARDS Sponsors must perform criminal background checks on the members of the Board of Directors of any nonprofit

corporation applying to establish a charter school, prior to granting or renewing a charter. No member of a charter school board may be employed by the charter school nor have a significant interest in any entity employed by or contracting with the board.

ACCOUNTABILITY FOR PERFORMANCE Sponsors must provide documentation establishing compliance with charter school laws. Sponsors found to have violated the charter school law requirements may have their ability to sponsor new schools suspended for up to four years by the State Board of Education; suspension is mandatory for subsequent violations. Charter schools are required to employ the Missouri Assessment Program (MAP) tests. Charter schools shall provide all information needed to confirm compliance with all requirements of the charter and all charter school laws.

PUBLIC REPORTING Charter schools are required to publish audits and financial reports. Public reporting shall include results of background checks of charter board members. A charter may be revoked for failure to provide necessary compliance information, or the sponsor may require specified remedial action of the school. Charter schools must make available the charter and public report card to the parent of guardian of any pupil eligible to seek to enroll at the school. Reasonable fees may be charged for such copies.

LEGAL LIABILITY Charter school board members, officers and employees who willfully violate charter school laws or neglect to perform any duty in the charter school laws are guilty of a misdemeanor as other public school employees are under current law. A charter school board may participate in the Missouri Public Entity Risk Management Fund to the same extent as a school board.

The act contains penalty provisions.

This act is similar to SB 512 (2001).

2471S.04C

SCS/SB 660 - This act prohibits passengers, as well as drivers, from possessing or consuming an open container of an alcoholic beverage in the passenger area of a motor vehicle on a highway or a right-of-way. A person violating this act shall be guilty of an infraction with a penalty not to exceed \$25. This act does not apply to passengers in the passenger area of motor vehicle used to transport persons for compensation or to passengers in the living quarters of a house coach, house trailer or recreational motor vehicle. This act shall also not apply to the possession of an open container behind the last upright seat of a motor vehicle that is not equipped with a trunk.

This act contains a provision similar to one contained in SB 291 (2001).

SB 0662

SCS SBs 662 & 704

SENATE SPONSOR Westfall

2894S.03P

SCS/SBs 662 & 704 - This act provides that itinerant vendors and peddlers shall provide upon request by law enforcement officials proof of purchase of any unused property, and forging a receipt shall be prosecuted pursuant to Section 570.090, RSMo. "New and unused property" is defined as tangible personal property that has never been used since its production or manufacture and is in its original unopened package. The act also adds altering a receipt, price tag or price code with the intent to cheat and defraud a retailer to the list of stealing crimes, and provides for a reasonable service charge on returned checks.

This act lowers the felony stealing limit from \$750 to \$500, and raises the felony limit for numerous other crimes involving theft from \$150 to \$500. The other criminal statutes affected are: making a false statement to receive health care payment; sale of any species of wildlife; tampering with computer data; tampering with computer equipment; tampering with computer users; determination of value; receiving stolen property; alternation or removal of item numbers with intent to deprive rightful owner; passing bad checks; fraudulently stopping payment on an instrument; fraudulent use of a credit device; library theft; theft of cable television service; failure to return rented personal property; unlawful receipt of food stamps or ATP cards; unlawful conversion of food stamps or ATP cards; unlawful transfer of food stamps or ATP cards; and perjury, committed when obtaining public assistance.

This act provides that a pawnbroker shall require from those selling or pledging property proof of identification and a signed statement they are the legal owner. If a seller or pledger fails to also provide proof of ownership, the pawnbroker shall hold the property for ninety days. A claimant whose property was misappropriated may personally or by designee demand return of pledged or sold property upon providing proof of ownership and a copy of a police report indicating the property was stolen. If the pawnbroker refuses to return the property, or if the property is returned but the pawnbroker still claims an ownership interest, either the claimant or pawnbroker may file suit in court for a determination. The non-prevailing party shall be responsible for court costs and the prevailing party's attorney fees.

This act authorizes pawnshops to report certain information about pawnshop transactions to appropriate law enforcement authorities. Pawnshop owners may accomplish the necessary reporting by electronically transmitting the required information to a database. Any reporting pawnshop is required to submit transaction information to the database within one business day of the transaction. Such reporting pawnshop must make paper copies of transactions available to law enforcement, upon request. The act authorizes the creation of a database by a

third party engaged in the business of operating databases. Law enforcement may then access the database in their investigation of alleged property crimes. Any person who fraudulently accesses the database shall be guilty of a Class C felony.

SS/SB 665 This act requires elementary or secondary public schools that provide access to the Internet to either use filtering software, or to purchase Internet service through a provider that filters the material that can be accessed.

This act also creates the Missouri Regional Computer Forensics Laboratory (RCFL). RCFL will be under the control of the Director of the Department of Public Safety. RCFL will combine local, state and federal resources to research and combat computer and Internet-related crimes.

A public library may either use filtering software or otherwise restrict minors' access to the Internet by local rule. Any public school employee, public library employee, officer, or trustee; or Internet service provider who complies with the law shall not be liable if a minor gains access to pornographic material through the use of the school's computer.

Similar provisions were incorporated in the Perfected version of SS#2/SCS/SBs 757 & 602, but were not retained in the Truly Agreed To version of that bill.

This act is identical to SB 42 (2001).

SB 668 - This act establishes a four year, competitive grant
program to school districts for improving math curriculum and
instruction up to grade 9.

Applications may be made for grant funding for individual

schools, a combination of schools or an entire school district. The act specifies certain elements which must be included in any application, including a process of instructional improvement and stated goals for improving student performance. Funding beyond the second year shall be based upon improvement in student performance on the 8th grade mathematics assessment.

Upon conclusion of the grant, the Department of Elementary and Secondary Education may reimburse the local match, based upon improvement in student performance. The Department shall establish standards for student performance improvement needed for continued grant funding and reimbursement of local match.

Funds shall be distributed in equal amounts within geographic areas based proportionately on student population, but may be reallocated from an area if there are not sufficient applications.

This act is the same as SB 97 (2001).

HCS SS SCS SBs 670 & 684

SENATE SPONSOR Sims

HOUSE HANDLER Harlan

2848L.10C

HCS/SS/SCS/SBs 670 & 684 - This act makes a number of changes designed to protect the elderly.

Current law outlines procedures for the issuance of a teaching certificate. After September 1, 2004, this act requires the successful completion of a certified CPR course (Section 168.021).

Definitions for elder care terms are modified (Section 187.010). Certain persons are required to report suspected abuse or neglect of facility residents. Anyone failing to make a report within a reasonable time or filing a false report is guilty of a Class A misdemeanor. Immunity is given to reporters, unless they act negligently, recklessly, or in bad faith. The Department of Health and Senior Services must maintain statistics on all deaths over age sixty-five (Section 187.020).

If a report is made about a long-term care resident, certain information must be included in the report. Within 24 hours, the Department of Health and Senior Services must initiate an investigation and notify the resident's family. If a report involves imminent harm, the Department must start an on-site investigation within 24 hours. If an investigation indicates possible abuse or neglect, the resident may be removed from the facility. Reports are confidential, but information may be released to certain persons. Within five working days, the person making the report must be notified of its progress. Harassment of reporters is prohibited. Any person who knowingly abuses or neglects a resident of a facility is guilty of a Class D felony and will be placed on the employee disqualification list (Section 187.024).

Section 187.028 contains provisions similar to Section 187.024, but for eligible adults not residing in a facility and

in-home services clients. If a report is made by a client's physician, then the Department must maintain contact with the physician regarding the investigation. When a report is received, the client's case manager and the department nurse must be notified and the case manager must investigate. The case manager must investigate and report to the nurse. The Department may authorize the nurse to participate. If an in-home services employee is found guilty and the provider fails to report it, then the provider may be subject to penalties of \$1,000 per violation. The Department must require providers to verify compliance with program standards. Reports are confidential, except in certain situations (Section 187.028). This portion of the act is substantially similar to SB 684.

The Department must investigate reports by using the procedures established in Sections 660.250 to 660.295 and must refer all suspected cases to law enforcement. The Department and law enforcement must require elder abuse training and must develop an investigation checklist (Section 187.030). Immunity from liability is provided to reporters, unless they act in bad faith (Section 187.034).

Section 187.050 contains provisions similar to 187.024, but for the misappropriation of property or falsification of documents of an in-home services client. Any in-home services provider or employee who performs such acts will be guilty of a Class A misdemeanor. Reports are confidential, except in certain situations (Section 187.050).

Any person placed on the employee disqualification list (EDL) must be notified in writing with thirty days to respond or appeal. Certain persons will be automatically listed on the EDL, such as those who intentionally or negligently inflict serious physical injury or death to another. No person on the EDL may be employed by anyone receiving the list. Persons listed on the EDL may request removal once every twelve months (Section 187.080).

Before allowing an employee to have contact with a resident, providers must request a criminal background check and must check the EDL. Failure to disclose will result in a Class A misdemeanor. Failure by a provider to investigate or evidence of a pattern of violation by the provider will result in civil penalties. Providers may use private investigators to do background checks (Section 187.084). All reports of abuse or neglect will be kept confidential, with specific exceptions (Section 187.087).

The Department may require the production of information for investigations or inspections. Failure to comply with any request is ground for refusal, suspension, or revocation of a license or contract (Section 187.090). The Departments of Health and Senior Services, Social Services, and Mental Health must work cooperatively in the investigation of abuse and neglect, when appropriate (Section 187.102).

The term "financial" is included in the definition of abuse and redefines "medical assistance" as any federal health care

program. The term "health care provider" is also clarified as one paid to provide services (Section 191.900).

Current law establishes the Missouri Health Facilities Review Committee to oversee the certificate of need process. This act requires the Department to supervise Committee staff (Section 197.310). The moratorium on beds is extended to January 1, 2007 (Section 197.317). The expiration on the zero expenditure minimum for certain facilities, beds, or services is extended to January 1, 2007 (Section 197.318).

The Attorney General may serve subpoenas or other process in order to enforce Sections 187.020 - 187.028 and 191.900 - 191.910 (Section 191.910). The provisions of Section 187.020 are included as non-applicable to certain entities, such as hospitals (Section 198.012).

Written notice of facility noncompliance must be copied to the Attorney General (Section 198.029). Every residential care facility I or II, intermediate care facility, or skilled nursing facility must meet or exceed federal requirements for posting deficiencies (Section 198.030). Sections 187.020 - 187.050 are included in the requirement for confidentiality of resident records. The Department must obtain the name and address of the reporter before obtaining abuse and neglect information (Section 198.032).

One state licensure inspection is required of every facility every fifteen months. One or more additional inspections will be required if a facility receives or fails to correct certain deficiencies. A second inspection may be done if a facility changes ownership. This does not prohibit the Department from making other inspections, as necessary (Section 198.033). Penalty provisions are also clarified (Section 198.067).

A new section requires long term care facilities, adult day care facilities, and residential care facilities I and II to provide such immunizations annually or upon admission. Written consent must be obtained from the resident and his or her physician. Adult day care facilities must also inform clients regarding immunization. The Department must develop rules for documenting compliance, including the documentation of residents who refuse the immunization. The Department may not impose a violation on a facility for not making an immunization available if a shortage exists (Section 198.074).

A requirement is added that skilled or intermediate care nursing assistants must complete training within six months of employment. The Department must approve all training (Section 198.082).

Currently, Section 198.526 outlines facility inspection procedures. New language provides for immediate termination and a Class A misdemeanor for any Division employee who discloses an inspection time to a facility (Section 198.526).

Providers or employees of SNFs or Alzheimer's units are

prohibited from having sexual contact with residents. Anyone having sexual contact is guilty of a Class B misdemeanor, with subsequent violations being a Class A misdemeanor. Anyone having sexual intercourse is guilty of a Class D felony, with subsequent violations being a Class C felony. This section does not apply to persons married to a resident (Section 565.200).

The Department of Health and Senior Services is given equal access to information provided by mental health facilities or the Department of Mental Health (Sections 630.140, 630.167).

The Department must provide certain long term care information over its website, including facility survey results (Section 660.051). The Department must consider a facility's compliance history when issuing or renewing a license (Section 660.083).

All Medicaid participation agreements must include a requirement for abuse and neglect training. If Alzheimer's patients are served, then training on the care of such patients shall be required (Section 660.252).

The Department must prepare a notice of management change for a new owner or manager of a facility to distribute to the press and to a resident's legal guardian or family member. Such facility must also post a sign indicating new ownership or management (Section 660.610).

Portions of this act are substantially similar to HBs 1654 & 1156 (2002) and HB 349 (2001).

SB 672 This act establishes a Legislative Academy within
 the Division of Legislative Research. The Academy is designed to
 educate members of the General Assembly about the organization
 and operation of state government, appropriations and various
 other aspects of the legislative and executive branches, as well
 as the state constitution. This session of the Academy may be
 conducted during the interim of each biennium following the first
 regular session of each General Assembly. Participants are
 eligible for per diem and expense allowances comparable to
 session rates. For Senate members attending the Academy, two
 weeks will be devoted to Senate procedural rules and related
 matters.

The Academy also would assume responsibility for
 coordinating the Freshman Orientation mandated by Section 21.183.

Currently, the tours for incoming legislators are scheduled by the Appropriations Chairs of the respective chambers.

Finally, the act establishes an Advisory Committee to the Legislative Academy comprised of nine former legislators chosen by the Speaker and President Pro Tem. Duties of the Committee will primarily focus upon programming for Academy curriculum. The provisions establishing the Legislative Academy shall expire on December 31, 2006.

This act is similar to SB 50 (2001).

SENATE SPONSOR Yeckel

HOUSE HANDLER Seigfreid

3197L.14C

HCS/SS/SCS/SB 675 - This act modifies numerous election law provisions.

COPYING FEES (Section 28.160) - This act revises the amount that can be charged for services rendered by the secretary of state. This act limits the state's allowable fee for processing certain adoption documents to \$100 per child per adoption, or per multiple children adopted at the same time. Current law allows a fee of \$10 per document.

MUNICIPAL CANDIDATES (Section 71.005) - The act prohibits any person from being a candidate for municipal office if such person has failed to pay municipal taxes or user fees.

DEFINITIONS (Section 115.013) - The act modifies definitions for ballot, electronic voting system, and municipality. A definition for "relative within the second degree of consanguinity or affinity" is created.

GRANT PROGRAMS- The act sets up a number of grant programs, some of which are subject to appropriation from federal funds:

- Election equipment upgrades with priority to jurisdictions with the highest number of residents below the poverty level (115.074);
- Improving accessibility for individuals with disabilities (115.076);
- Increasing the compensation of election judges (Section 115.098);
- Youth voting programs (Section 115.801); and a program to allow election authorities to receive federal grants (Section 115.803).

ELECTION JUDGES - The act changes the number of election judges needed for primary and general elections and non-primary and non-general elections. No party shall have a majority of judges at a polling place. An election authority may appoint judges from other established parties and non-affiliated judges. Any decision shall be made by the major political party judges (Section 115.081).

-In jurisdictions without a board of election commissioners, the parties may submit names of judges to the election authority. County clerks can make the decisions on judges if the clerk serves as the election authority (Section 115.087).

-The act allows boards of election commissioners to compile lists of non-partisan judges (Section 115.089).

-Provisions are included to ensure that no party has a majority of judges (Sections 115.095, 115.097 and 115.099).

-Provides that the election authority, not the legislative authority of each county and St. Louis city, shall determine the amount paid to election judges (Section 115.101).

EMPLOYEE PROTECTION (Section 115.102) - Prohibits adverse action against employee by employer for the employee serving as election judge.

TIME OF ELECTIONS (Section 115.123) - Expands election days in June and August.

ADVANCED VOTING (Section 115.126) - Election authorities shall establish an advance voting system for use in presidential election years. Voting begins 14 days before election. The polls may be open on Saturday, Sunday and holidays.

SPECIAL ELECTIONS (Section 115.127) - The election authority in jurisdictions with less than 750 registered voters and no qualified newspaper may send notice of the election by first class mail to each registered voter. Currently, such provision only applies to jurisdictions with less than 500 registered voters.

REGISTRATION (Section 115.137) - Technical changes to require person to be registered in accordance with this chapter.

VOTER REGISTRATION AGENCIES (Sections 115.151, 115.160, 115.162) - Voter registration agencies are required to transmit all voter registration applications to the appropriate election authority within five business days.

VOTER INFORMATION (Section 115.157) - Certain individuals are exempted from the public disclosure of their residential addresses.

ABSENTEE BALLOTS (Section 115.159) - A person cannot vote by absentee ballot until after first voting in person with proper identification or providing a copy of acceptable identification to the election authority, with some exceptions for incapacitated persons. Persons responsible for the care of incapacitated persons may vote by absentee ballot (Sections 115.277, 115. 283). Applications for ballot can be made by fax (Section 115.279). Certain relatives can deliver and return ballots (Section 115.287). Overseas federal personnel can send ballot by fax (Section 115.291).

VOTER CANVASSING (Sections 115.163, 115.179) - Allows election authority to use postal service to identify incorrect addresses and canvass voters. Before removing a voter from the registration records, a confirmation notice must be sent to the voter's corrected address as identified by the National Change of Address program.

DECEASED, FELONS, INCAPACITATED PERSONS (Section 115.195) - Certain local officials are required to provide monthly information on deceased persons, new felons and newly adjudged incapacitated persons to the election authority and the Secretary

of State. The Secretary of State is responsible for notifying the election authority in which the deceased person, felon or incapacitated person resides or resided.

COMPUTERIZED VOTING SYSTEMS (Section 115.225) - The Secretary of State shall promulgate rules to allow the use of computerized voting systems. The act provides that the election authority must have the equipment tested within 14 days of the election, except for in first class and charter counties where the equipment must be tested within 21 days of the election (Section 115.233). The Secretary of State shall develop uniform standards for ballot layout for computerized ballot systems (Section 115.237).

INTERNATIONAL OBSERVERS (Section 115.409) - Allows registered international observers to be admitted to polling place.

VOTER INSTRUCTIONS (Sections 115.417 and 115.419) - Voter instructions of a certain size must be posted at each polling place. The Secretary of State can develop multi-lingual voting instructions and sample ballots.

BUTTERFLY BALLOTS (Section 115.420) - Butterfly ballots are prohibited unless approval is granted by the Secretary of State. The Secretary must act on requests within two business days.

VOTER IDENTIFICATION (Section 115.427) - Before voting, a person must show an approved form of personal identification issued by some government agency or Missouri post-secondary school. Personal knowledge of the voter by two supervisory election judges is acceptable voter identification.

VOTING PROCEDURES - Provides that any question of doubt regarding a person's identity or qualifications to vote shall be decided by a majority of the judges from the major political parties. (Section 115.429). Technical changes to procedure for initialing of ballot by judges to allow for initialing by judge of major political party and judge with no political affiliation (Section 115.433). All stickers used on a ballot must conform to rules of the Secretary of State (Section 115.439). Technical change to ballot retention statute (Section 115.493).

VOTER INTENT (Section 115.453) - Election judges shall use regulations adopted by the Secretary of State to determine voter intent.

POLITICAL PARTY COMMITTEES (Section 115.613) - No election will be held if only one candidate for committeeman in a district files prior to the deadline.

PROVISIONAL VOTING (Section 1) - The act establishes a system of provisional voting in cases where the eligibility of a voter cannot be immediately established. The system only applies to primary and general elections where candidates for federal and statewide offices are nominated or elected and elections where statewide issues are submitted to the voters.

This act contains an emergency clause with respect to section 115.613 regarding political committee elections.

This act is substantially similar to SCS/HS/HCS/HBs 1461 & 1470 (2002).

SCS/SB 676 - This act expands the World War II medallion program to include veterans who served in World War II and were legal residents of Missouri either at the time of enlistment, death, or application. The time limit for applying for the medal has been removed as well as the language which causes appropriated money to revert at the end of the program.

This act allocates seven million dollars from the Gaming Commission Fund to the Veterans' Commission Capital Improvement Trust Fund. Current law allocates three million dollars from the Gaming Commission Fund to the Veterans' Commission Capital Improvement Trust Fund.

This act sunsets Section 313.835, RSMo, on August 28, 2006. Section 313.835 concerns the distribution of funds deposited into the Gaming Commission Fund.

HOUSE HANDLER Barry

3128L.05C

HCS/SCS/SB 680 - This act creates the Missouri Commission on Prevention and Management of Obesity within the Department of Health and Senior Services. The commission will exist until August 28, 2004, and duties will include:

- Collecting data regarding obesity in Missouri;
- Listing programs and services available to overweight children and adults;
- Listing funds available for such services;
- Collecting data to demonstrate economic impact of not treating obesity;
- Identifying barriers to prevention and management of obesity;
- Identifying recommendations to increase prevention and management.

The Commission must coordinate with various federal and state departments to ensure a comprehensive approach to obesity prevention and management. A report must be submitted to the Governor and House and Senate appropriations committees by August 28, 2004. The Commission will consist of twenty-two members and must meet by October 1, 2002, and at least quarterly thereafter. The Commission must have an appropriate ethnic and geographic composition. By January 1, 2003, the Department must establish a resource databank containing information about obesity and related subjects.

In addition the Department must provide technical assistance to school districts to create healthy school nutrition environments, which are defined as those in which nutrition and physical activity are emphasized in school and at home. Districts should include quality school meals based on USDA dietary guidelines, other healthy food options, relaxed eating experiences, nutrition education, and appropriate marketing.

This act contains an emergency clause.

SB 0681

SENATE SPONSOR Stoll

3130S.01I

SB 681 - This act pertains to adjustments in the Outstanding Schools Act state aid formula. The act will yield a more accurate indicator of the true growth of a district's free and reduced lunch population by excluding the desegregation students from the 1997-1998 line 14a calculation. This exclusion will calibrate the artificially inflated 1997-1998 line 14 numbers so any subsequent growth in a district's free and reduced lunch population will be represented in the finance formula.

Also, the act would attempt to repair a "glitch" in the state aid formula. Currently, an unintended consequence of the formula penalizes school districts which set their levies between 2.75 and 2.93 by reducing their share of state funding. This act prescribes that no school district will receive less on line 14 (a&b) than it would if that district's levy was no greater than 2.75. In other words, school districts would not be penalized for raising levies in excess of 2.75.

SCS/SB 686 - This act establishes that certain discovery and settlement documents filed or maintained in product liability cases are open public records unless a court determines the records should be sealed. The act authorizes judges to order that records be sealed if the requesting party can show that the request is narrowly tailored and that no less restrictive means exist to protect disclosure of prejudicial or confidential information and that: (a) the information is a trade secret, (b) the information would cause undue harm to a party, and (c) an interest exists which substantially outweighs the right of public access to the information.

Any portion of an agreement between parties that prohibits a party from disclosing information to a government agency about a defective product is considered void and unenforceable.

SB 0687

SS SB 687
SENATE SPONSOR Gibbons

2635S.03P

SS/SB 687 - This act creates the "Safe Place for Newborns Act of 2001" and modifies provisions relating to foster care.

A new Section 210.566 outlines the rights and responsibilities of foster parents (Section 210.566). This portion of the act is substantially similar to portions of SCS/SBs 923, et al and SB 828.

This act allows foster parents to be automatically registered with the Family Care Safety Registry at no additional

cost (Section 210.906). This portion of the act is similar portions of SCS/SBs 923, et al and SB 876.

Currently, the Division of Family Services makes reasonable efforts to prevent or eliminate the need for removal of the child from a home. This act does not require such effort when a child is abused by a person other than the parent and circumstances indicate the parent knew or should have known about it. Section 211.183, RSMo, currently defines "reasonable efforts" as reasonable diligence and care by the Division of Family Services to utilize all available resources to meet the needs of the juvenile and the family (Section 211.183). This portion is identical to SB 694.

A new Section 210.950 is created to protect parents from liability for leaving a newborn child if:

- The child is left in the custody of a hospital staff member or volunteer;
- The child is no more than 5 days old; and
- The child has not been physically abused by the parent.

The hospital must provide necessary treatment to protect the child's health or safety and a parent's voluntary delivery of the child to the hospital is implied consent to medical treatment. The hospital must notify the Division of Family Services (DFS) when the child is ready for discharge. Upon notification, DFS must take custody of the child. DFS must provide information about this process on its toll-free number or through brochures and pamphlets.

Currently, Section 568.030, RSMo, creates the crime of abandonment of a child in the first degree. Section 568.045 currently creates the crime of endangering the welfare of a child in the first degree. Section 568.050 creates the crime of endangering the welfare of a child in the second degree. New language to all three of the above sections allows an affirmative defense if the defendant voluntarily delivered the child to a hospital.

SB 0688

SS#2 SCS SBs 688 et al
SENATE SPONSOR Gibbons

3199S.09P

SS#2/SCS/SBs 688, 663, 691, 716, 759, 824 & 955 - This act makes the following modifications to various subjects related to property assessment:

1) The act divides the roll-back requirement into personal property, taken in the aggregate, and each individual subclass of real property, as those subclasses are defined in the Constitution. Similar language is carried throughout the remainder of Section 137.073, as necessary, to effectuate this change (Section 137.073). The political subdivision will compare the revenue it would have had under the method in the current law to the method in this act, and, if there is a difference, then the difference is made-up by proportionately raising the tax rates in those classes of property where the rates were rolled-back. When property has changed subclasses between periods of assessment, the "tax revenue" target amount used when revising the rates for a particular subclass of property only includes the property that was in that subclass at the time of the prior assessment.

2) The act allows counties or a city not within a county to choose to adjust for the inflationary growth factor when calculating its roll-back only if they opt-into such adjustment by a vote of the people of the county or city not within a county. The act contains ballot language for this purpose.

3) For the purposes of calculating the applicable rate of levy for each subclass of real property, state-assessed railroad and utility property shall be apportioned to all three subclasses of real property, based on their relative portions of total assessed valuation of the real property in the county (Section 137.073.2)

4) A county may lower the rate below the rate ceiling as in

the current law. However, in a taxing jurisdiction other than one that receives funding from the foundation formula, in a year following general reassessment, if the governing body of such jurisdiction intends to increase its tax rate, the governing body shall conduct a public hearing, and in a public meeting it shall adopt an ordinance, resolution or policy statement justifying its action prior to setting and certifying its tax rate (Section 137.073.5).

5) When determining the proposed tax rate for the purposes of the foundation formula, a county shall calculate a blended rate. Such rate shall be calculated by determining the total tax revenue of the property within the jurisdiction of the taxing authority and dividing that number by the total assessed valuation of the same jurisdiction and then multiplying the resulting quotient by a factor of one-hundred. The same blended rate shall be used for the purposes of calculating revenue from state-assessed railroad and utility property (Section 137.073.6).

6) When reporting to the clerk of the county commission, each taxing authority must report its proposed tax rate calculated to three decimal points, unless its tax rate is above one dollar, then it must be calculated to four decimal points (Section 137.073.6).

7) The threshold for requiring a physical inspection of the property is lowered from seventeen percent increased assessed valuation to fifteen percent (Section 137.115.10).

8) Before a physical inspection is completed the assessor must notify the property owner of his or her rights regarding the inspection. The property owner can request an interior inspection within thirty days (Section 137.115.11).

9) The elements of the physical inspection are set forth in greater detail. A mere "drive-by inspection" is not considered sufficient (Section 137.115.12).

10) A tax collector can accept credit cards as a form of payment for taxes, but shall not add a surcharge in excess of the actual fees charged by the credit card bank (Section 137.115.13).

11) A taxpayer can bring suit to enforce any of the provisions of Section 137.115, and receive attorney's fees and expenses if they prevail (Section 137.115.14).

12) When appealing an assessment to the Board of Equalization in St. Charles and St. Louis counties and St. Louis city, the assessor shall have the burden of proving that the assessment reflects the true market value of the property. If the assessor cannot meet this burden, the property owner shall prevail as a matter of law (Section 138.060.1).

13) The boards of equalizations in first class charter counties must provide a taxpayer who has appealed an assessment a written finding of facts and a written basis for the board's decision (Section 138.100.3).

14) A taxpayer can bring suit to enforce any of the provisions of Section 1, and receive attorney's fees and expenses if they prevail.

The act has an effective date of January 1, 2003.

SB 701 - This act modifies the law regarding the issuance of pilot licenses. Under the current law, it is unlawful for anyone to fly a plane without a pilot's license issued by the Department of Commerce. This statute has not been amended since 1939. The Department of Commerce is no longer the agency responsible for issuing such licenses. Pilot licenses are referred to as airmen certificates under federal law, and the Federal Aviation Administration is the agency responsible for their issuance. This act modifies the law to reflect the current status of the law.

****SB 0712****HCS SCS SB 712
SENATE SPONSOR Singleton

3084L.14C

HCS/SCS/SB 712 - This act modifies provisions relating to terrorism.

A new section creates the Joint Committee on Terrorism, Bioterrorism and Homeland Security to be composed of seven members of the House and seven members of the Senate. Appointments will continue during the member's term of office. No party may be represented by more than four members from either chamber. The Committee must analyze current efforts, devise a standard reporting system, determine changes needed, and make other recommendations. The Committee must meet within thirty days after its creation and must meet at least quarterly thereafter. A report is due by January 15th of each year. This portion of the act will expire December 31, 2007 and is identical

to SB 983 (Section 38.050). Definitions are provided for "bioterrorism" and related terms (Section 44.010).

Current law authorizes the State Emergency Management Agency (SEMA) to activate in the event of an earthquake or other natural disaster. This act allows SEMA to activate volunteers in the event of any disaster (Section 44.023).

Current law outlines the emergency powers of the Governor. This act adds that such powers are allowed when there is a major natural or man-made disaster, an act of biological terrorism, or there exists an imminent threat of a disaster (Section 44.100).

Currently, the law allows a twelve-month temporary license for a health care practitioner licensed in another state who is acting under military orders and is enrolled in a trauma and disaster response training in this state. This act adds a second category to also allow temporary licensure of a health care practitioner licensed in another state and acting pursuant to a Governor's declaration of a state public health emergency. Temporary licensure for this category will be issued for a two-week period and, after verification of qualifications, may be reissued every two weeks. Licensure information for all three categories may be obtained by any means, including electronic mail. The term "health care professional" means as defined in Section 383.130, which includes physicians, dentists, podiatrists, pharmacists, psychologists, or nurses. This portion of the bill is identical to SB 714 (Section 190.500).

A new section requires pharmacists to report unusual or increased prescription trends within 24 hours. The Department can not disclose any personally identifiable information. Any such information maintained on electronic media must be protected against disclosure to unauthorized persons. The Department will define this procedure by rule (Section 192.021). A new section allows the Department to waive the registration and record keeping requirements regarding narcotic drugs (Section 195.041).

A new section defines "hazardous materials" and prohibits the transportation of such materials in, through, or within 300 feet of any highway tunnel in the state. Violators will be guilty of a Class B misdemeanor for first offenses and a Class A misdemeanor for subsequent offenses (Section 304.370).

Currently, the Missouri State Water Patrol can uniformly mark state waters. This act authorizes the Patrol, with the consent of the Director of Public Safety, to close waters due to any actual or imminent man-made or natural disaster (Section 306.124).

Currently, commercial motor vehicle operators who are transporting hazardous materials must follow hazardous materials regulations. This act imposes a Class A misdemeanor on violators (Section 307.177).

Current law allows the Attorney General to bring an action for the violation of merchandising practices law. This act

allows the AG to bring an action if charitable organizations violate such practices (Section 407.472).

New sections prohibit price gouging during consumer market disruptions. This act also establishes the practice of unfair leverage when selling essential consumer merchandise during a consumer market disruption. Certain information may be offered as evidence of unfair leverage (Sections 407.760 and 407.762).

Current law allows probate to begin in certain circumstances. New language adds an individual's exposure to a specific peril of death due to a terrorist event to the list of circumstances (Section 473.697). The law currently allows a presumption of death after five years and without proof otherwise. New language provides that it will be sufficient to presume a person dead at any time after that person was exposed to a specific peril of death, even if five years have not yet elapsed (Section 490.620).

A new section creates the crime of water contamination when a person knowingly introduces any dangerous agent or substance into any waters or water supply with the purpose of causing death or serious injury. Violation of this section is a Class B felony (Section 569.072). This act adds the theft of ammonium nitrate to the definition of the crime of stealing (Section 570.030).

Current law prohibits the possession, manufacture, transport, repair, or sale of certain weapons. This act adds to the weapons list an explosive, incendiary, or poison substance or material (Section 571.020). This act expands the crime of making a terrorist threat to include the communication of a threat to cause an incident involving danger to life or a false belief or fear that an incident has occurred. A new intent provision is also added for when a threat is made with criminal negligence with regard to the risk of causing the evacuation, quarantine, or closure of a building or other facility (Section 574.115).

A new section creates the crime of "supporting terrorism" if a person supports any organization designated as a foreign terrorist organization. Violation is a Class C felony (Section 576.080). This act changes the crime of "spreading disease to livestock or animals" to "agroterrorism" and includes crops and poultry along with livestock (Section 578.008).

This act adds an exemption to the Sunshine Law, allowing closure of meetings and records regarding specific information on certain terrorism readiness issues. However, certain information regarding municipal utilities and information regarding costs of security measures shall not be considered closed. Subdivision (19), regarding security measures, is modified to require a statement in writing against disclosure. The provisions of subdivision (19) will sunset on December 31, 2006. A new subdivision (20) is added to allow the closure of certain records identifying the configuration or operation of computer or telecommunications systems. A new subdivision (21) is also added to allow the closure of certain electronic transactions between a public governmental body and its business counterparts (Section

610.021).

SB 0713

SENATE SPONSOR Singleton

2660S.01P

SB 713 - This act clarifies the use of non-compete clauses
 in contracts between physicians and hospitals.

A new Section 334.113 is created and makes covenants not to
 compete enforceable except when they are part of a physician's
 contract with a not-for-profit health services corporation as
 defined in section 354.010. Covenants with other health care
 facilities are enforceable as long as they:

1. Do not deny the physician access to a list of patients
 the physician had seen within a year of termination;
2. Provide access to patient medical records with the
 patient's consent and in an accessible format;
3. Provide for a buy out of the covenant by the physician
 at a reasonable price; and
4. Provide that the physician will not be prohibited from
 providing continuing treatment to specific acutely ill patients
 after the contract has terminated.

This act is similar to SB 558 (2001).

HOUSE HANDLER Barry

2938L.05T

HCS/SB 714 - This act allows the state to temporarily license certain health care practitioners in an emergency. Currently, Section 190.500, RSMo, allows a twelve-month temporary license for a health care practitioner licensed in another state who is acting under military orders and is enrolled in a trauma and disaster response training in this state. This act requires the practitioner to also be in good standing in the state of license.

This act adds a third category to also allow temporary licensure of a health care practitioner licensed in another state and acting pursuant to a Governor's declaration of a state public health emergency. Temporary licensure for this category will be issued for a two-week period and, after verification of qualifications, may be reissued every two weeks. Licensure information for all three categories may be obtained by any means, including electronic mail.

SB 0715

SENATE SPONSOR Rohrbach

3080S.02I

SCS/SB 715 - This act creates the Environmental Regulation Consistency Act. It provides that the Department of Natural Resources and the regulatory commissions within the Department may adopt rules to ensure the state complies with applicable federal law and regulations. The act revises rulemaking authority in the following areas: air pollution, water pollution and underground storage tanks, hazardous waste, surface mining and land reclamation, drinking water and solid waste.

The rules shall not be stricter than those required under federal law and regulations nor enforced in any part of the state prior to the time required under federal law and regulations, unless the Department or Commission makes specific findings based upon competent and substantial evidence in the administrative record. However, nothing shall prevent the ability of the Clean Air Commission to promulgate rules pursuant to section 643.055.

The findings must include:

- 1) Missouri-specific circumstances may cause harm to human health and the environment; and
- 2) Either:
 - a) The circumstances are not subject to any federal law or regulation; or
 - b) The existing federal law and regulations are not sufficient to adequately protect human health and the environment; and
- 3) A more restrictive rule is necessary to address the circumstances.

The Department or Commission shall publish, in the administrative record and in the Missouri Register, findings of fact regarding the circumstances or conditions causing harm, the nature and scope of harm and health-based or science-based reasons justifying why the more restrictive rule will prevent or alleviate the harm. The fiscal note for the rule shall contain a consideration of the effects on human health and the environment, economics, pollution prevention and the effectiveness and cost of control methods required by the rule.

Any more-restrictive rule promulgated without complying with this act shall be void.

The act also removes general authority for affected parties to appeal decisions of the Director of the Department to the relevant board or commission.

The act is similar to SB 750 (2000) and SB 300 (2001).

SB 0721

SCS SBs 721, 757, 818 & 930
SENATE SPONSOR Westfall

2747S.05P

SCS/SBs 721, 757, 818 & 930 - This act requires drivers to take certain actions, including yielding the right-of-way when possible, when an emergency vehicle is approaching. This provision is contained SB 721 (2002).

Current Missouri law requires drivers to obey traffic-related signals and directions given by members of the Missouri Highway Patrol (Section 43.170, RSMo). Failure to follow such direction is a misdemeanor offense.

This act extends the reach of the current law by also requiring drivers to obey signals and directions given by sheriffs and deputy sheriffs. This provision is identical to provisions contained in SB 237 (2001).

This act creates the "Head Injury Fund" for use by the Missouri Head Injury Advisory Council. A new Section 304.028

creates the Fund for the receipt of judgments, grants, private donations, and other moneys. Such funds will be used for the integration of medical, social, and educational services and for outreach to individuals with traumatic head injury and their families. Unexpended balances will not transfer to general revenue. This section also adds a \$2.00 surcharge for violations of any county ordinance or state criminal or traffic law. Such surcharge will be deposited into the Head Injury Fund. This is substantially similar to SB 757 (2002) and SB 41 (2001).

This act also modifies the language on the Spinal Cord Injury Fund. Instead of a \$25 fee for every intoxicated related offense, a \$2 surcharge will be assessed on every violation of criminal or traffic offense. The money will be deposited in the Spinal Cord Injury Fund.

This act modifies the mental state required of a person who fails to comply with an lawful order of a police officer or fire department official from willfully to knowingly. This act includes blue flashing lights for authorized emergency vehicles. This act removes the requirement that the motorman of a streetcar stop the streetcar upon the approach of an authorized emergency vehicle. This act removes the provision of law regarding written accident reports. This act removes the exclusion that written accident reports shall not be used as evidence in a court proceeding. This act expands the rule that a driver shall not follow an emergency vehicle closer than 500 feet. The current restriction only applies to fire engines. This act removes a provision of law regarding when police officers are authorized to remove motor vehicles. These provisions are contained in SB 818 (2002).

This act requires the Director of the Department of Revenue to issue stickers or signs which bear the words "PERMIT DRIVER" to permit drivers. The sticker or sign may be affixed to the rear window of the motor vehicle by the permit driver. This language is contained in SB 930 (2002).

The act adds resisting or interfering with a detention or stop to the current crime of resisting or interfering with arrest. This act creates the presumption that a person is fleeing a vehicle stop if the person continues to operate a motor vehicle after seeing emergency lights or hearing a siren from the law enforcement vehicle that is pursuing the person. This act makes resisting or interfering with an arrest, detention, or stop is a Class D felony. This language is similar to that contained in SB 807 (2002).

This act authorizes the county engineer to establish weight limits for county roads and bridges without the approval of MoDOT's division engineer (Section 304.220). Current law requires the county highway engineer to receive approval of the state engineer (SA 1).

Under this act, additional court costs and driver's license suspensions will be imposed on any person failing to yield the right-of-way when the violation results in physical injury,

serious physical injury, or death to a person. A person violating this act which results in physical injury will be assessed additional court costs of \$200 and have his or driver's license suspended for 30 days. A serious physical injury results, an additional court cost assessment of \$500 and a 90 day license suspension is imposed. If the violation leads to a fatality, an additional court costs of \$1,000 are assessed and six month license suspension is imposed. The additional court costs are deposited in the motorcycle safety trust fund (Clutch's Law - SA 2).

This act modifies the definition of abandoned property to include any motor vehicle involved in an accident whereby the law enforcement official requests such vehicle to be removed from the scene because the operator or owner is unable to arrange for the abandoned property's timely removal (SA 3).

This act expands the commercial zone around Kansas City from 12 miles to 15 miles for truck weight limitation purposes. This is similar to SB 805 (2002)(SA 5).

This act allows electric personal assistive mobility devices (EPAMD) to be operated on streets, highways, sidewalks and bicycle paths and grants operators the rights and duties applicable to pedestrians. Persons under 16 years of age shall not operate an EPAMD, except for an operator with a mobility-related disability. EPAMDs may only be operated on roadways with a speed limit of 45 mph or less. Such devices, however, may be used to cross roadways with higher speed limits. EPAMDs shall be equipped with lamps and red reflectors when operated during the period from one-half hour after sunset to one-half hour before sunrise. Operators of such devices shall ride the device as near to the right side of the roadway. Any person 17 years of age who violates this act shall be guilty of an infraction with a maximum fine of \$25. If a person under the age of 17 years of age violates this act, the police officer may impound the device for a period not to exceed 5 days. These provisions are similar to SB 1098 and HB 1746 (2002)(SA 6).

This act removes the phrase "under the laws of this state" so that a person operating a motor vehicle with a canceled, suspended or revoked license by any state will be committing the crime of driving while revoked. This was brought to our attention by the Attorney General's Office in response to a Missouri Supreme Court Case, State of Missouri v. Rowe (January 8, 2002) (SA 8).

SENATE SPONSOR Bentley

HOUSE HANDLER Relford

3028L.08C

SCS/SB 722 - This act permits qualified applicants to apply for a temporary administrator certificate with a school district that is willing to employ and sponsor the individual. The temporary administrative certificate is restricted to the employing public school district or accredited nonpublic school. The employing school district of the temporary administrator must develop a mentoring program to ensure that the individual eventually obtains a full administrator certificate. The temporary certificate is valid for a period of one year and may be renewed up to four subsequent times upon demonstration that the individual is making measurable progress toward obtaining a full administrator certificate. The applicant, however, must receive a full administrative certificate within five years.

The State Board of Education will be responsible for establishing standards for the implementation of the temporary certificate program. A qualified applicant is a person who: holds a teacher's license; has a master's degree or is currently enrolled in a master's degree program; and has at least five years of teaching experience. The provisions in the act will expire in ten years.

SB 723 - This act creates the "Cultural Tourism Development Program" within the Department of Economic Development. The goal of the program is to increase visitor enjoyment and visitor expenditures associated with artistic, heritage and historical offerings in the state.

The Department of Economic Development will work in conjunction with the Division of Tourism, Missouri Humanities Council, Missouri Arts Council, Department of Transportation, Department of Natural Resources, Secretary of State's office, and other entities to administer the grant and loan program. No single award for a project shall exceed ten percent of the total awards for a single year.

This act is similar to SB 250 (2001).

SCS/SB 724 - This act requires certain facilities for children to show proof of accreditation or compliance with safety standards. Currently, Section 210.516, RSMo, requires licensure of all residential care facilities, foster homes, and child placing agencies, but exempts other facilities, such as those run by religious organizations. This act requires religious license-exempt facilities to show proof of:

1. Accreditation by a national organization; or
2. Accreditation by an organization incorporated in Missouri with bylaws and rules adhered to by such facilities; and
3. Compliance with sanitation and fire standards established by the state.

SENATE SPONSOR Yeckel

HOUSE HANDLER Ross

3035S.05T

SCS/SBs 727 & 703 - This act permits the use of sun screening material with a light transmission of 35% or more, plus or minus 3%, and a luminous reflectance of 35% or less, plus or minus 3%, on front windows and sidewing vents located to the left and right of motor vehicles registered in Missouri. The Department of Public Safety may issue a permit to any person to operate a vehicle with sun screening with less light transmission and more luminous reflectance if the person has a serious medical condition and the sun screening is prescribed by a physician. The permit allows the operation of the motor vehicle by any titleholder or relative within the second degree of consanguinity who resides in the household.

The act does not prohibit the use of labels, stickers, decalomania, or informational signs on motor vehicles; the application of tinting or solar screening material on recreational vehicles; or factory-installed tinted glass. This act also removes any restrictions on tinting of rear side windows and rear windows. The degree of sun tinting on vehicle windows will no longer be a part of motor vehicle inspections.

The act has an emergency clause.

This act is similar to HCS/HBs 1386 and 1038 (2002).

SENATE SPONSOR Steelman

3204S.03C

SCS/SB 735 - This act authorizes a tax credit for contributions to scholarship charities. To qualify, a scholarship charity organization must be considered a charitable organization pursuant to IRC 501(c)(3). The charity must also allocate at least 90% of its annual revenue for educational scholarships to children attending qualified elementary or secondary schools of their choice.

Beginning on or after January 1, 2003, a taxpayer may receive a credit of up to 50% of the taxpayer's contribution to the scholarship charity, not to exceed \$50,000 per taxable year, per taxpayer. The credit is not refundable but may be carried forward for up to four taxable years. The cumulative amount of all scholarship charity tax credits in the state is limited to \$5 million per fiscal year. The Director of the Department of Revenue is the authority authorized to allocate the tax credits.

The act applies only to schools in unaccredited or provisionally accredited school districts and any school in a district where at least on school has been determined to be "academically deficient". The act also limits the students who qualify for this scholarship to those who receive free or reduced lunches. Those students are in families at 185% of the federal poverty level or less.

This act is similar to HB 1278 (2002).

SCS/SB 739 - This act establishes the "Uniform Athlete Agents Act".

The act requires that all athlete agents operating in Missouri must register with and be certified by the Division of Professional Registration within the Department of Economic Development in a manner prescribed by statute and by the Division of Professional Registration. Fees for registration and renewal shall be set by the Division and the Athlete Agent Fund is created. Registration and certification is valid for a two-year period, and may be renewed indefinitely. The Director may refuse to issue a certificate, or may suspend or revoke a certificate, under certain circumstances, such as:

(1) If the applicant has been convicted of a crime of moral turpitude;

(2) The applicant makes false statements on the application;

(3) The applicant has had a similar license suspended or revoked in any state; or

(4) The applicant has caused a student-athlete to be suspended from or to be ineligible for any interscholastic or intercollegiate athletic event.

The act requires that all agent-athlete contracts must be written and must contain certain information, including the basis for the agent's fee and a notice warning the student-athlete about possible loss of eligibility.

SB 0740

SENATE SPONSOR Wiggins

2804L.01P

SB 740 - This act repeals Missouri's Uniform Child Custody Jurisdiction Act and adopts the current version of the Uniform Child Custody Jurisdiction and Enforcement Act. The act does not govern adoption proceedings, proceedings pertaining to the authorization of emergency medical care for a child or proceedings governed by the Indian Child Welfare Act. Courts are required to treat a foreign country as a state of the United States for purposes of applying the Uniform Child Custody Jurisdiction and Enforcement Act, except where the child custody law of the foreign country violates fundamental human rights principles. The act gives limited immunity from service of

process to parties participating in proceedings under the act who otherwise are not subject to personal jurisdiction in this state.

Any court of this state that has made a child custody determination pursuant to the Act has exclusive continuing jurisdiction over the determination under certain conditions, and the court is granted temporary emergency jurisdiction to make a child custody determination regarding a child present in this state when such a determination is necessary due to abandonment or abuse. The act itemizes relevant factors which a court may consider before making a determination whether it is an inconvenient forum.

In the enforcement provisions, the act enforces child custody determinations and orders for the return of a child pursuant to the Hague Convention on the Civil Aspects of International Child Abduction. The act also authorizes a court of this state, without modification, jurisdiction to temporarily enforce visitation ordered by a court in another state, and authorizes registration of a child custody determination issued by a court in another state in the same manner as foreign judgments are registered. Information which must be included in a petition for enforcement of a child custody determination is specified in the act, as well as the procedure for acting upon the child custody determination enforcement petition.

The act authorizes the issuance of a warrant to take physical custody of a child likely to suffer serious imminent physical harm or removal from this state, and requires payment of the prevailing party's costs and expenses by the non-prevailing party. The act does not apply retroactively to motions or other requests for relief initiated before August 28, 2000. Sections 452.700 through 452.895 are substantially similar to SB 603 (2000) and SB 135 (2001).

This act also requires the use of National Medical Support notice to enforce health benefit plan coverage required in child support orders.

Current law requires the Circuit Clerk to send notice to employers when a parent has been ordered to provide health insurance coverage for a child. Current language regarding the contents of the notice is deleted and new language requires the notice to comply with the National Medical Support Notice (NMSN) as required by federal law. The Division of Child Support Enforcement must give notice within two days of notification of the employee's hire and must also promptly notify employers when an order for medical support is no longer in effect. The notice must contain certain information and is binding on current and subsequent employers (Section 454.606).

The clerk must currently send a notice to the obligor. This act requires the inclusion of a statement that the parent may contest the notice within 30 days. The parent may contest based on mistake of fact or because the parent obtained other insurance prior to issue of the withholding order (Section 454.609).

Currently, the employer is to transfer the notice to the health insurer upon receipt. This act requires such transfer within 20 business days. Within forty business days, the health plan administrator must notify the agency to verify the child is covered, the effective date of the coverage, and provide forms regarding the coverage (Section 454.615).

Current law outlines steps the employer must take to enroll the child in the health benefit plan. This act clarifies that the employer must withhold the amount necessary to cover the child and send it to the health plan. The child must be enrolled in the least costly plan if a plan is not already designated. If the notice is a NMSN, the health plan must provide plan descriptions and the agency and the custodial parent will select a plan for the child. If the agency does not select a plan within 20 days, the health plan must enroll the child in its default option, if possible (Section 454.618).

Procedures are currently outlined for the termination of an obligor's employment. This act requires the employer to notify the Division or agency of the obligor's location and new employer, if known (Section 454.627)

COBRA coverage is currently required, if necessary. This act prohibits the child from being terminated from coverage unless the insurer is given evidence that the order is no longer in effect, the child is or will be enrolled in a comparable plan, the employer eliminated health care coverage for all employees, or continuation of coverage is not chosen (Section 454.700). Sections 454.606 through 454.700 are identical to SB 1160 and HB 1780 (2002).

SB 0741

SCS SBs 741, 929 & 871
SENATE SPONSOR Wiggins

2805S.04P

SCS/SBs 741, 929, & 871 - This act modifies the law relating to organ donation and procurement.

New terms are added to define "donee", "hospital designee", and "OPO" or "organ procurement organizations". Organ procurement organizations are added as recipients (Section 194.210).

Current law outlines the procedure for making an anatomical donation. New language allows minors age 16 or older to make an anatomical donation with parental consent. The consent must be noted on the minor's donor card, application, driver's license, or other gift document (Sections 194.220 and 194.230).

Portions of Section 194.233, RSMo, regarding hospital procedure during organ procurement are deleted. New language requires hospitals to comply with OPO requirements. This act also allows OPOs to engage procurement coordinators to assist in the recovery of donated organs (Sections 194.233 and 194.240).

Current law creates the "Organ Donor Program Fund" for the purpose of organ donation awareness programs, as directed by the Organ Donation Advisory Committee. This act allows the Fund to receive gifts, grants, contributions, and other sources. Current law designates how money in the fund will be expended. This act adds promotion of the registry, organ donation programs, and minority or ethnic organ donation as allowable expenditures (Sections 194.297 and 194.299).

This act adds to the Advisory Committee two representatives from any federally certified OPO, one representative of an eye bank, one member of the hospital industry, the Director of the Department of Health and Senior Services or a designee and one representative of the Department of Revenue. Appointed terms are clarified. The Department of Health and Senior Services must provide internet access to the organ donor registry for authorized personnel. A report is due on the subject by January 15, 2003 (Section 194.300 and 194.302).

Current law outlines vehicle registration requirements. New language is added to allow applicants for registration to make a donation of \$1 to promote an organ donor program. The new language will become effective on July 1, 2003 (Section 301.020).

The procedure individuals must follow when applying for a Missouri driver's license is outlined in current law. This act

provides that, upon renewal, the Department must ask if the applicant is interested in being on the organ donor registry and must inform the applicant about the ability to consent to organ donation on his or her driver's license. The Director must provide by rule the procedure and format for an applicant to indicate an anatomical gift on the back of a nondriver's license card (Sections 302.171 and 302.181).

HOUSE HANDLER Monaco

2788L.03T

HCS/SB 749 - Under current law, a bill vetoed by the Governor becomes effective immediately if the General Assembly votes to over-ride the veto. Similarly, due to a 1926 decision of the Missouri Supreme Court, initiative petitions become effective on the date approved by the voters. This act provides that vetoed bills become effective 30 days after the General Assembly votes to over-ride. Issues submitted to the voters, whether by the General Assembly or by initiative petition, must contain an effective date, and, after January 1, 2003, must consist of pages of a uniform size.

This act is similar to SB 148 (2001).

SCS/SBs 766, 1120 and 1121 - This act establishes certain requirements for committees formed to receive contributions or make expenditures for inaugural activities on behalf of a person elected to serve in a state-wide office.

Such committees must file various reports with the Missouri Ethics Committee for the duration of the committee's existence. Committees must file a statement of organization, disclosure reports which itemize receipts, expenditures, and indebtedness incurred by the committee, and a termination statement upon dissolution.

Committees shall maintain detailed and accurate records and accounts. Disclosure reports shall be filed within thirty days after the statement of organization is filed. Subsequent reports shall be filed every six months.

This act establishes certain requirements for committees formed to receive contributions or make expenditures with the purpose of influencing the Congressional apportionment decisions.

Such committees must file various reports with the Missouri Ethics Commission for the duration of the committee's existence. Committees must file a statement of organization, disclosure reports which itemize receipts, expenditures, and indebtedness incurred by the committee, and a termination statement upon dissolution.

Committees shall maintain detailed and accurate records and accounts. Disclosure reports shall be filed within thirty days after the statement of organization is filed. Subsequent reports shall be filed every thirty days.

This act removes the requirement that a candidate who files a statement of exemption from certain campaign finance organization and disclosure requirements must also file a statement of limited activity for each reporting period.

The act also authorizes debt service committees to exist for the length of the term office for which the individual was a candidate. Under current law, a debt service committee can only exist for 18 months.

An additional disclosure report is not required for committees accepting contributions or making expenditures for candidates seeking office in a special election occurring after January 1, 1999.

HOUSE HANDLER Baker

2809L.07F

HCS/SCS/SB 810 - This act expands the Utilicare program for elderly, disabled and other qualifying individuals.

Currently, Sections 660.100 through 660.136, RSMo, establish the Utilicare program to provide financial assistance for the heating and cooling of elderly, disabled and qualifying households. This act modifies these two sections by changing the definition of "qualified individual household" and, thus, expanding program eligibility. Eligibility will be based on a household income of less than or equal to 150 percent, rather than 110 percent, of the current federal poverty level or 60 percent of the state median income (Sections 660.100, 660.105).

Current law requires the Department of Social Services to coordinate all federal heating assistance programs along with the Utilicare program. This act requires the Department to coordinate all federal programs into the Utilicare program (Section 660.110).

Current law allows a payment of \$150 to each eligible household from the Utilicare fund for heating and cooling. This act increases that amount to \$600. Language limiting program expenditures is also deleted (Section 660.115). Section 660.120 is repealed.

Currently, funds may be used to pay for reconnecting or maintaining service of eligible households. New eligibility language is again added for qualified households. Language limiting program expenditures is also deleted (Section 660.122).

Section 660.135, RSMo, specifies the amount of appropriations allowed for the program at five million dollars and includes a cost of living adjustment allowance. The Department may currently combine funds with the Department of Natural Resources' low-income weatherization assistance program.

The law established the "Utilicare Stabilization Fund". New language provides that funds may come from any source, including federal funds under the Community Opportunities Accountability and Training and Educational Services Act. Existing language regarding the investment of such funds is removed and new language requires all funds to be used for Utilicare and LIHEAP

(Section 660.136).

The Division of Family Services is required to perform a division of assets for married couples when determining eligibility for supplemental nursing care payments when one spouse is living in a residential care facility.

SB 811 - This act requires that a minimum level of salary schedule credit be offered to public school teachers who change employment from one Missouri school district to another as specified in the act. Beginning with the 2002-2003 school year, teachers who have been employed for one year or more shall be offered credit for each year of service up to 5 years, with annual increases thereafter through the 2007-2008 school year. School districts may offer credit in excess of the schedule.

The act also specifies that moneys necessary to fund this section shall be appropriated from the state lottery fund in the event the courts declare that Section 16 of Article X of the Missouri Constitution applies to any provision of Section 168.090, RSMo (Section 168.095).

This act is similar to SB 483 (2001).

SCS/SB 815 - This act modifies funding for fire protection. The Fire Safety Fund is created and will consist of any monies remaining in the Fire Education Fund. The fund will be invested by the state treasurer in a manner provided by law. The Fire Safety Fund will receive annual transfers of .5% of the amount of premium taxes collected. The Fire Safety Fund will be divided such that 40% of the money will go to the fire department grants fund and 20% of the money will be spent on fire education programs. The remaining funds will be used at the discretion of the Missouri Fire Safety Commission and will be used to fund the five fire consultants. No more than 5% of the fund may be used for administrative purposes.

The Fire Safety Commission is created. The members will include the State Fire Marshall, the State Forester and five members appointed by the Governor with the advice and consent to the Senate. No more than half of the members shall be from a single political party and no more than one member shall be from a single Congressional district. A maximum of five FTE fire consultants will be employed by the Division of Fire Safety and work in regions across the state as determined by the Commission. The fire consultants will work with local fire departments to improve fire protection. Funding for the fire consultants will come from the Fire Safety Fund.

The Fire Safety Grants Fund is established and will consist of 40% of the transfers made to the Fire Safety Fund. Grants may be made from this account to fund requests for fire departments, associations or districts serving an area with a population of less than 10,000. The Fire Safety Commission shall administer the grant program and is authorized to promulgate rules to implement the grant program.

SENATE SPONSOR Gross

3455S.08P

SS/SCS/SBs 817, 978 & 700 - This act revises the dram shop liability statute. The act provides that a cause of action may be brought against a person licensed to sell intoxicating liquor by the drink when it is proven by clear and convincing evidence that the seller knew or should have known that intoxicating liquor was sold to a person under 21 or was knowingly served to a visibly intoxicated person.

Being "visibly intoxicated" is when the person's impairment is shown by significantly uncoordinated physical action or significant physical dysfunction. A person's blood alcohol content will not constitute prima facie evidence to establish "visible intoxication" but may be admissible as relevant evidence.

The person who became intoxicated may not sustain such a lawsuit unless the person is under 21.

If a seller demanded and the drivers license or official state or federal personal identification card appearing to be genuine which showed that the minor was at least 21, it will be relevant in determining relative fault of the seller. Sellers shall have the right of contribution for damages against the intoxicated person.

No employer may discharge an employee for refusing service to a visibly intoxicated person. All servers of liquor by the drink shall receive training to recognize visibly intoxicated persons.

Insurance companies selling dram shop liability insurance must report all costs associated with coverage to the Department of Insurance. Rates will be governed by Section 379.889, RSMo.

This act is similar to HS/HCS/HB 1532 (2002).

HOUSE HANDLER Berkowitz

3336L.24C

SS/SCS/SBs 837, 866, 972 & 990 - This act allows tax credits from the Agricultural Product Utilization Contributor Tax Credit or the New Generation Cooperative Incentive Tax Credit to be claimed either as a credit against the tax or the estimated quarterly tax. This act allows available tax credits to include "eligible new generation processing entities".

This act creates the "Missouri Qualified Biodiesel Producer Incentive Fund", which provides incentives for qualified biodiesel producers.

This act removes Section 414.032, RSMo, from current law. This section is related to sellers labeling fuels at the gas pump.

This act also allows the Missouri Qualified Fuel Ethanol Producer Incentive Fund to be administered on a fiscal year. If ethanol producers fail to receive all grants earned during the 60 consecutive month period of qualification due to lack of appropriations, they shall receive the full amount from the fund for which they were eligible. Producers shall continue to be eligible for up to 24 additional months or until they have received the maximum amount of funding that they were eligible for during the original 60-month period.

SB 840 - This act revises the statute of limitations and adds economic loss damages for home improvements. The ten-year statute of limitations remains the same. Currently, the time period begins to run at completion of the improvement. "Completion" is not defined in the statute.

This act changes the starting date of the time limit to "substantial completion" and sets forth a definition of substantial completion. The act also adds economic loss to the list of damages restricted by the ten-year time limit.

This act requires the plaintiff, in an action against a architect, engineer or surveyor, to file an affidavit with the court stating that the plaintiff obtained the written opinion of a legally qualified like licensed professional. The statement made by the licensed professional should state that the defendant licensed professional failed to use such care as a reasonably prudent and careful licensed professional would have under similar circumstances. The affidavit should be filed within ninety-five days of the filing of the petition. The case may be dismissed if the plaintiff or his attorney fails to file such affidavit. This act does not apply to actions filed in small claims court.

This act is similar to SCS/SBs 253 & 260.

SB 0851

SCS SB 851

SENATE SPONSOR Westfall

3067S.02I

SCS/SB 851 - This act makes various changes to Missouri's billboard law.

COMPLIANCE WITH FEDERAL LAW - Current state law applies to federal primaries and interstates and does not specifically cover former primary or interstate highways. Federal law now specifically requires states to regulate any federal aid primary or interstate or highway which was a federal aid primary or interstate as of June 1, 1991 (section 226.540).

LIGHTING REGULATIONS - This act updates specifically allows Tri-vision, projection and changeable message signs to be subject to

MoDOT lighting regulations.

CUTOUTS, EXTENSION, AND STACKING - This act allows cutouts and extensions on nonconforming signs and makes existing stacked signs legal nonconforming (section 226.540(2)(a)).

ZONED AREAS - This act requires that commercially zoned areas have a commercial business within 600 feet before outdoor advertising is permitted (section 226.540(6)). This act requires businesses to have the presence of an owner or employee on the premises for at least 20 hours per week to be considered a valid business when determining whether a property is commercial or industrial.

PERMIT FEES - This act increases original permit fee to erect a billboard from \$28.50 to \$200 and increases biennial inspection fees to \$50 on August 28, 2002, \$75 on August 28, 2003, and \$100 on August 28, 2004. This act also encourages the commission to adopt a renewal system in which all permits of a particular highway are renewed in the same month.

REMOVAL OF BILLBOARDS - This act allows for the non-compensated removal of billboards for failing to pay fees over 12 months (section 226.580). This act increases the amount of time to cure a billboard violation from 30 to 60 days and requires actual notice of a violation before the Department of Transportation can remove a sign.

VEGETATION PERMITS - This act requires vegetation permits to be issued according to current MoDOT rules and regulations. The act also allows certain utility companies to remove and trim vegetation without a permit.

This act contains an emergency clause for certain sections.

This act is similar to SB 247 (2001).

HOUSE HANDLER Rizzo

3622L.03C

HCS/SB 856 - This act makes various modifications the provisions of law concerning enterprise zones and development of abandoned property. The act:

(1) Changes the criteria an area must meet to qualify as an enterprise zone by reducing the minimum population floor from 4,000 to 3,000 for areas within metropolitan statistical areas;

(2) Requires the Department of Economic Development to designate an enterprise zone in Pulaski and Wright counties, the cities of Richland and Carl Junction, the village of Bel-Ridge, and, in 2005, to designate zones in Caldwell, Clinton, and DeKalb counties;

(3) Allows any Missouri not-for-profit organization to petition to have property declared abandoned and for temporary possession of the property if the organization intends to rehabilitate the property. Such organization will no longer be required to rehabilitate and use the property as low- or moderate-income housing;

(4) Allows a Missouri not-for-profit organization to petition for a sheriff's deed conveying title to the abandoned property to the organization when the rehabilitation is complete, rather than requiring that a one-year period elapse after entry of the order granting temporary possession of the property. The organization is required to file reports quarterly, rather than annually, regarding the rehabilitation of the property;

(5) Allows the owner of the property to petition the circuit court regain possession of the property from the Missouri not-for-profit organization. Possession will not be restored to the owner unless the court finds that the owner has the capacity and the resources to complete the rehabilitation. If the rehabilitation has already been completed by the organization, the court will determine appropriate compensation for the organization; and

(6) Allows an order for a petition for judicial deed to be granted if the owner does not regain actual possession of the property in the one-year period following entry of an order granting temporary possession of the property to the Missouri not-for-profit organization. The current law allows the same process but prohibits the owner from merely taking action to regain possession.

SB 0857

SCS SB 857

SENATE SPONSOR Dougherty

3626S.01I

SCS/SB 857 - This act creates provisions for consumer protection from price gouging during a state of emergency. During a declared state of emergency, a person commits price gouging if he or she charges an excessive price for necessities in connection with an advertised price or sale.

The person has an affirmative defense if he or she can provide written documentation that the price of the necessity increase was due to an increase in the cost to obtain the necessity that was beyond the person's control. This affirmative defense is not an absolute bar if the person fails to provide written documentation after the attorney general or prosecuting attorney requests it.

A person engaging in price gouging is liable for restitution to any consumer against whom the price gouging was committing and a civil penalty equal to the greater of \$5,000 or twice the amount unlawfully gained in the transaction.

3451S.01I

SB 858 - This act provides metropolitan school districts (the Board of St. Louis Public Schools) the power to raise the compulsory attendance age to seventeen, whereas in all other school districts the compulsory attendance age is sixteen. Such a resolution changing the compulsory attendance age can only take effect after the school year during which the resolution is passed. The act also allows school boards to raise the mandatory age for part-time attendance from fifteen to sixteen.

The act also exempts the parents of home school students above the age of sixteen in the city of St. Louis from the requirements that specify hours of instruction and maintaining certain records (i.e. written record, academic samples, evaluations). Further, the act allows home school educators of students over sixteen in the city of St. Louis to only supply a written statement that the pupil is attending home school as a defense against any prosecution for educational neglect or violation of the compulsory attendance law.

SENATE SPONSOR Sims

3194S.04P

SCS/SB 878 - This act modifies the law relating to the
rights of persons with service animals.

Definitions are provided relating to service animals
(Section 209.200). Persons are prohibited from refusing to rent
or sell a dwelling because a service animal will reside there.
Reasonable modifications should be made. Landlords may require
proof of a disability and proof of service animal status. No
restriction on property or a real estate transaction will be
enforceable if it prohibits service animals. Restrictions on
pets will not apply to service animals (Section 209.202).

Discrimination by an employer against a person with a
disability is prohibited if it involves that person's use of a
service animal. Employers may require proof of a disability or
of service animal status. No employer may prohibit the presence
of a service animal, unless the presence of the animal creates a

direct threat or fundamental alteration to the business (Section 209.204).

Places of lodging are prohibited from requiring additional charges or denying equal services to a person using a service animal. Evidence of disability or service animal status may be required. A service animal may be restricted if its presence poses a direct threat or fundamental alteration to the business. Any person who violates this section may be subject to criminal prosecution or a complaint with the Human Rights Commission (Section 209.206).

Public transportation operations are prohibited from refusing service or charging additional fees to a person using a service animal. Violators may be subject to prosecution or a Commission complaint (Section 209.208).

Motor vehicle drivers and persons using service animals must both take necessary safety precautions. Any driver failing to do so will be liable for actual damages. Any person who intentionally causes an accident or injury to a person using a service animal or animal itself will be guilty of a Class B misdemeanor (Section 209.210).

Section 209.212 contains the following provisions for violations against service animals, but does not include lawful acts of humane societies, animal control or shelters:

1. Intentional destruction or injury, unless for humane purposes is a Class C felony.
2. Intentional deprivation or frauds is a Class A misdemeanor or theft/possession of stolen property.
3. Negligent or malicious killing or injury will entail civil liability to the user for \$1000 + fees.
4. Willful or malicious injury is a Class C felony.
5. Sale or transfer of a stolen animal is a Class C felony.
6. Willful or negligent injury or destruction will entail civil liability for value of animal and related costs.

Any person misrepresenting an animal as a service animal is guilty of a Class B misdemeanor (Section 209.214).

The owner of a service animal will be liable for any damages caused by the animal. Owners must keep service animals restrained while in use or be subject to civil liability for any damages. Service animals must be identifiable by their restraint method or other identifier (Section 209.216).

The Human Rights Commission will have jurisdiction over the violation of specified sections. Upon a showing that a complaint has been filed with the Commission, a prosecutor may withdraw any pending action on the same violations. This act does not exclude existing civil or criminal remedies (Section 209.218).

This act contains a severability clause.

SB 881 - This act creates the Environmental Hearing Commission which shall be located in Jefferson City. The Environmental Hearing Commission will consist of three Commissioners who are appointed by the Governor with the advice and consent of the Senate. The Commissioners shall have staggered terms of six years with no limitation on the number of terms to which they may be appointed. The Commissioners shall be attorneys licensed to practice in the Missouri with an interest and knowledge of environmental law. Commissioners will be compensated \$91,636 per year.

The Environmental Hearing Commission will hear appeals of findings of the Director of the Department of Natural Resources (DNR), the Hazardous Waste Management Commission, the State Soil and Water Districts Commission, the Petroleum Storage Tank Insurance Fund Board, the Land Reclamation Commission, the Safe Drinking Water Commission, the Air Conservation Commission and the Clean Water Commission. Timing for filing appeals with and hearing by the Environmental Hearing Commission is provided. The Environmental Hearing Commission may promulgate rules and regulations to provide for electronic filing of documents. Matters heard by the Environmental Hearing Commission will be governed by the provisions of Chapter 536, RSMo.

The Environmental Hearing Commission may stay or suspend any action of the subject entities. All final decisions by the Environmental Hearing Commission will be subject to judicial review. In all matters heard by the Environmental Hearing Commission the burden of proof shall be on DNR or the Commission initially making the finding or decision. However, in appeals involving the denial of a permit, license or registration, the burden of proof shall be on the applicant.

HOUSE HANDLER

Liese

3555S.05P

SS/SCS/SB 884 - This act modifies the interest and fees charged in payday loans.

This act provides that after the first renewal of the loan, the borrower must reduce the principal amount of the loan by not less than five percent of the original amount of the loan until it is paid in full. The act provides that no loan can be renewed more than six times.

This act creates a new Section 408.505. This section applies to payday loans, any person determined by the division of finance to have entered into a transaction that is a disguised loan, and any person determined by the division of finance to have engaged in subterfuge to avoid this section.

A lender may charge any simple interest or fees agreed to by the parties to the loan. However, no borrower shall be required to pay a total amount of interest and fees in excess of 75% of the initial loan amount on any single loan and all renewals.

All original or renewed payday loans must be for a term of at least 14 days, but no more than 31 days.

A loan is considered completed if the lender presents the check for payment or the consumer redeems the check by paying the full amount to the lender. Once a loan is completed, the consumer can enter into a new loan with the lender.

With limited exceptions, a loan cannot be repaid from the proceeds of another loan made by the same lender. A lender cannot have more than \$500 in loans to the same borrower at any one time. A lender complies with this requirement if the lender receives a signed statement from the consumer in which the consumer attests to the fact that such consumer doesn't have more than \$500 in loans from that lender.

The act provides that a person does not commit the crime of passing a bad check if the person receives a payday loan, unless the person closes the checking account on which the loan was made before the loan is paid back or the person stops payment on the check. A return check fee may be charged where cash is advanced in exchange for a personal check.

Any loan that charges fees in violation of this act shall not be enforceable. The act provides that lenders cannot use certain devices to avoid the provisions of this act.

The Division of Finance is required to make a report to the general assembly beginning on January 1, 2003, and every two years thereafter that contains information about the number of payday loan licenses issued, the number of loans issued by licensees, the average face value of the loans, the average

number of times that the loans are renewed, the default rate for the loans, the number and nature of complaints made to the division, the average interest and fees charged, and a comparison of the interest and fees charged in this state and adjoining states.

SB 0887

SENATE SPONSOR Sims

3751S.01I

SB 887 - This act requires municipalities to provide
additional notice about industrial development projects.

Current law provides definitions related to industrial
development projects. New definitions are given for "revenue

bonds" and "taxing district" (Section 100.010).

Current law requires any municipality which desires an industrial development project to prepare plans. This act requires the municipality to prepare a written plan first that sets forth the activities the municipality will undertake. Any plan involving the issuance of revenue bonds or conveyance of a property interest to the municipality must be approved by a majority of its governing body. Prior to approval, the municipality must supply each taxing district with a copy of the plan and must accept comments (Section 100.040).

Under current law, certain information must be included in the plan. After approval by majority vote in Section 100.040, this act requires the municipality to approve a specific plan by ordinance that is consistent with that which was approved by vote. Additional information must be included in any plan involving the issuance of revenue bonds or the conveyance of property to the municipality (Section 100.050).

A new section lists specific requirements for projects involving the issuance of revenue bonds or property conveyance to a municipality. The governing body must provide written hearing notices to taxing districts, written statements of impact on property, hold public hearings, and give notice of changes to the plan. The notice of hearing must be given within 15 days before the hearing and must include specific information. Notice of the plan must be provided to taxing districts at least 30 days before the public hearing and comments must be solicited (Section 100.162).

Current law requires municipalities to file a report with the Department of Economic Development. This act requires municipalities to include a list of any property purchased with bond proceeds in the report. If a municipality undertakes a project involving the issuance of revenue bonds or conveyance of property, then it must provide a report to affected taxing districts (Section 100.105).

SB 0894

HCS SCS SBs 894, 975 & 927
SENATE SPONSOR Kinder

3680L.06C

HCS/SCS/SBs 894, 975 & 927 - This act requires that amnesty shall be granted for all interest and additions to tax with respect to unpaid taxes that are paid in full between August 1, 2002, and September 30, 2002; such amnesty shall not apply to persons involved in a criminal or civil litigation related to the tax liability nor to persons involved in an appeal to the Administrative Hearing Commission or a protest with the department of revenue regarding such tax liability; certain other requirements must be met; the amnesty provisions of this section apply to all taxes administered by the department of revenue, i.e. includes both sales and income taxes.

The act creates a state and local sales tax holiday for items of clothing (costing no more than \$100 each), school supplies (costing no more than \$50 per purchase) and personal computers (costing no more than \$1,000 each) sold during two three-day periods in August, 2002 and 2003. The state will reimburse all local tax revenues lost in calendar year 2002 and individual political subdivisions may, by ordinance, opt their local sales taxes out of the holiday exemption beginning in calendar year 2003. A joint legislative committee is created to study and review the effect of the sales tax holiday and to report their findings and recommendations to the General Assembly by January 8, 2004.

The act prohibits retailers from obtaining refunds of sales taxes without crediting the original purchasers, except that it allows over-collections of less than \$1,000 to be refunded without the higher burden of returning the funds to the purchaser; this \$1,000 threshold is an aggregate sum over a five year period. Regardless of the amount of the refund claimed, if the retailer submits amended sales tax returns showing the correct amount of gross receipts and proves that the overpaid tax was paid by the retailer and not by a purchaser, then such retailer will be entitled to a refund of the amount claimed.

The act has an emergency clause with an effective date of July 1, 2002, and a sunset date for the sales tax holiday of July 1, 2004.

HS HCS SB 895

SENATE SPONSOR Yeckel

HOUSE HANDLER Liese

3624L.10F

HCS/SB 895 - This act makes a number of changes related to financial institutions and services involving financial institutions. Certain out-of-state bonds are now acceptable (Section 30.270). The act allows certain resident shareholders of S corporation chartered banks to qualify for any pro rata share of any net tax paid (Section 143.081). The act creates a

definition for the term "lease or rental of tangible personal property" (Sections 148.020 and 148.610).

The act modifies the contents of the sign that must be posted by car dealerships (Section 301.560). The act modifies provisions relating to liens on motor vehicle and watercraft (Chapters 301 and 306).

Articles of agreement involving a bank shall include additional information shareholder rights (Section 362.020). Changes are made to the procedure used by a bank to become a trust company (Section 362.117). Restrictions regarding the amount of unimpaired capital lent by a bank and investment in the stock of a private corporation are amended (Section 362.170). The act changes procedures for the actions of a Board of Directors of a bank when immediate action is required (Section 362.275). The act makes changes to the power of a bank to appoint officers (Section 362.335).

Charges for late payment in motor vehicle installment contracts are amended (Section 365.100). The act creates a pawnshop database to satisfy certain reporting requirements (Sections 367.031 to 367.051). The act includes procedures for late renewal of a business entity insurance producer (Section 375.018). New types of insurance may be sold by credit insurance agents and the act includes provisions on licensing credit insurance agents and organizations (Section 375.065).

The act also changes the perfection rights for liens on manufactured homes (Section 400.9-303 and section 700.350).

The act changes the type and amount of fees that can be charged in small loans (Section 408.140). Certain securities agents and investment advisers are granted temporary permits if transferring from one broker to another within the state (Section 409.204). The burden of proving an exemption from regulation based on being a federally covered security falls on the person claiming it (Section 409.402).

SS/SCS/SB 900 - This act creates a mechanism for school districts to aggregate purchases natural gas through a not-for-profit school association. During the first year participation is limited to public schools and thereafter to all schools or school districts for elementary and secondary education. Missouri gas corporations are required to file a set of small volume transportation schedules or tariffs applicable to public school districts by August 1, 2002. Minimum requirements for the schedules filed with the Public Service Commission are established. Provisions for the review of this experimental program are provided. Reports regarding progress in the program are to be filed annually with the Generally Assembly beginning in 2003. These provisions will terminate on June 1, 2005.

The act also gives the Public Service Commission the authority to refund ratepayers for unauthorized use charges, penalties and refunds from pipelines after an evidentiary hearing.

This act is identical to SB 1235 and HB 1482 (2002).

This act contains an emergency clause.

Increases the maximum upper limit income for senior citizens property tax relief

012202 Hearing Conducted S Ways & Means Committee

SB 0902

SCS SB 902

SENATE SPONSOR Goode

3721S.02I

SCS/SB 902 - This act will enable senior citizens sixty-two years or older to delay paying property taxes on their residences. The taxes plus interest, must be paid when the owner dies or sells the property, moves, or the property changes ownership. The income limit to qualify for the deferral is thirty-two thousand dollars. Beyond that amount, the amount the owner can defer is phased out at a rate of fifty cents per dollar made over thirty-two thousand dollars, until their income reaches twice this limit.

A senior citizen who has qualified for and deferred his or her property tax in a prior year who for some reason fails to defer a property tax due in a subsequent year can apply for a refund, if done so in a timely manner.

If a senior citizen's income exceeds the limit of thirty-two thousand dollars, but not twice that limit, that portion of tax which they are not able to defer which resulted from an increase in their property tax beginning in the calendar year after their sixty second birthday will be eligible for deferral. However, this provision of the act is not retroactive and seniors currently over the age of sixty-two who qualify may defer the increased amount based on their property tax level beginning in the calendar year after the passage of this act.

The act establishes eligibility criteria for the taxpayer and the property for participating in the deferral.

All deferrals of tax will result in a lien to be held by the Department of Revenue against the property of the taxpayer. The lien will be for the amount of the property tax as estimated by the Department of Revenue plus interest to accrue at six percent per annum.

SB 905 - This act requires the Governor to submit a budget on a two-year cycle to coincide with the beginning of each General Assembly. During the second year, the General Assembly shall review programs of the various state departments and may grant emergency and supplemental appropriations recommended or requested by the Governor. It will also evaluate the performance objectives and performance measures used by the state departments.

The act establishes an advisory committee composed of the Budget Director and the chairs of the Senate Appropriations and

House Budget committees. The committee shall set and revise budget estimates every six months, and provide a quarterly and an annual report comparing revenues projected and received. The committee may contract for appropriate economic analyses.

This act is identical to SB 594 (2001).

2636S.01I

SB 910 - This act authorizes the Department of Revenue (DOR) and the Administrative Hearing Commission (AHC) to abate all or part of the tax liability of a taxpayer in certain situations, including those situations in which:

1. The taxpayer fails to collect, account for or pay a tax which others in the same industry or occupation also failed to pay, perhaps due to miscommunication between DOR and a specific industry or profession about the taxability of a certain event or transaction;
2. The taxpayer does not have sufficient ability to pay the entire amount of the tax due; or
3. Collection of the tax would undermine compliance with the tax laws.

The act directs that in situations where DOR or the AHC grant this type of relief to a taxpayer, the application of the tax at issue shall be prospective for that taxpayer, such that the taxability of the event or transaction begins after the DOR or AHC decision on the issue. In order to qualify for whole or partial abatement, a taxpayer must agree to several conditions set forth in the act, such as paying his or her own attorney fees and expenses. The taxpayer has a right to rely upon agreements made by the Department of Revenue pursuant to the act.

SB 0911

SENATE SPONSOR Foster

3533S.01I

SB 911 - This act allows owners in private building contracts to retain a portion of payment due to a contractor in order to ensure the proper performance of the contract. Such retainage shall not exceed five percent of the payment due pursuant to the contract or agreement unless the contractor's performance is not in accordance with the contract, in which case the owner may retain additional sums in any amount. Contractors may tender substitute security to an owner, after which the contractor may receive cash payments of retainage already withheld or may avoid withholding of retainage. Subcontractors may likewise tender substitute security to the contractor and either recover or avoid withheld retainage. Acceptable substitute security shall include CDs from a bank within Missouri, a retainage bond, or an irrevocable and unconditional letter of credit from a Missouri bank.

A contractor may not withhold retainage from subcontractor in a percentage greater than their own retainage unless the performance is not in accordance with the subcontract. Upon a release of retainage, contractors are to promptly pay subcontractors their ratable share of the retainage released.

If a subcontractor's performance is satisfactorily completed, the subcontractor may be released prior to substantial completion of the entire project. Within 30 days of reaching substantial completion, all retainage must be released by the owner less 150% of the cost of remaining items to complete. Thereafter the contractor must pay subcontractors within 7 days. Substantial completion is defined as the earlier of the issuance of a certificate of completion; the date an occupancy permit is issued; or the date the owner begins or could have begun use of the project for its intended purpose.

If retainage is withheld wrongfully a court may award interest on the amount at 1 1/2% per month plus attorney's fees. This act will apply to certain contracts entered after August 28, 2002. Agreements formed after August 28, 2002, will be unenforceable to the extent that their provisions conflict with this act.

This act is similar to HB 1403 (2002).

3571S.02C

SCS/SB 912 - This act allows resorts located in Miller, Morgan and Camden counties to apply for a special permit from the Supervisor of Liquor Control to remain open and sell liquor by the drink until 3:00 a.m. each day of the week and to open at 11:00 a.m. on Sunday.

The applicant must have had gross sales of \$100,000 or more in the preceding year and must be a resort. A resort is defined as "any establishment having at least seventy-five rooms for the overnight accommodation of transient guests, having at least three thousand square feet of meeting space and having a restaurant located on the premises".

Any resort holding a special permit must ensure that only overnight guests of the resort are sold liquor between 1:30 a.m. and 3:00 a.m.

This act is similar to SB 311 (2001).

HOUSE HANDLER Koller

3541S.05P

SCS/SBs 915, 710 & 907 - This act raises various fees to fund transportation projects.

MOTOR FUEL TAX - The act repeals the gas tax sunset clause and increases the tax by 6 cents.

SALES TAX - The act raises the general sales tax by 3/8 percent. Twenty percent of the revenue derived from the 3/8 sales tax shall be credited to the state transportation fund for multimodal purposes. Four percent of the increased sales tax will be deposited in Missouri Qualified Fuel Ethanol Producer Incentive Fund and the Missouri Qualified Biodiesel Producer Incentive Fund. Beginning July 1, 2005, 15% of the sales tax will be deposited in the State Road. This amount increases every fiscal year by 15% until the state road fund receives 76% of the increased sales tax.

AVIATION FUEL TAX - This act removes the cap on the amount of aviation jet tax revenues which may be deposited in the Aviation Trust Fund. Current law only permits \$5 million of the aviation jet fuel tax revenues to be placed in the fund. This act also extends the sunset on the aviation jet fuel tax section to December 31, 2008 (Section 144.805). This act also modifies the language regarding the deposit of unclaimed aviation fuel refunds. The current law states that "If any person fails to apply for a refund as provided in Chapter 142, RSMo, he makes a gift of his refund to the Aviation Trust Fund." The new language simply states that the refund amount will be deposited in such fund (section 155.080). These provisions are similar to ones contained in SB 970 et al (2002).

AGENCY DIVERSION - The act eliminates revenues that currently go to other agencies from the state highways and transportation department fund. The Highway Patrol and the Division of Motor Carrier and Railroad Safety will continue to receive funding from this fund. This section will take effect the first fiscal year following voter approval of the act.

MOTOR VEHICLE SALES TAX - Under current law, half of the sales tax on motor vehicles goes to fund transportation projects and the other half is deposited in the general revenue fund. This

act diverts the portion going to general revenue to the state road fund.

REFERENDUM - This act must be submitted to a vote of the people on the first Tuesday of August 2002. If approved this act will become effective on January 1, 2003. Additional revenues not subject to Hancock restrictions. This act also requires another election in 2012 to determine whether voters want the new taxes to continue. If not, the rates will return to the level existing on January 1, 2002.

3797S.02P

SB 916 - This act removes the sunset clause from Section 488.445, RSMo, and allows counties to pass ordinances to impose fees on the issue of marriage licenses and surcharges upon civil cases. Currently, this statute required ordinances to be passed before January 1, 2001.

The fees collected from these fees will be deposited in a special fund to provide financial assistance to domestic violence shelters.

Similar provisions are contained in the introduced version of SB 267 (2001).

HOUSE HANDLER BARRY

38621.09C

SS/SCS/SBs 923, 828, 876, 694, & 736 - This act modifies various provisions relating to children and families.

This act limits the state's allowable fee for processing certain adoption documents to \$100 per child per adoption, or per multiple children adopted at the same time. Current law allows a fee of \$10 per document. This provision is similar to SB 1258 (Section 28.160).

Current law allows a person to claim the sale of a special needs adoption tax credit to not-for-profit entities at a discount rate of seventy-five percent or greater of the amount sold. This act removes the limitation that the sale must be to a not-for-profit entity (Section 135.327).

Current law restricts the release of an adopted person's original birth certificate. This act authorizes an adopted person over the age of fifty to obtain a copy of his or her original birth certificate and provides that such access shall be allowed unless a written prohibition exists against the release of such records. An adoptive or biological parent may file a written prohibition at any time. This provision is similar to SB 830 (Section 193.125).

A regional child assessment center is added in Camden County. Such addition shall only be allowed, however, if all other assessment centers submit a funding formula which would require no additional state funding. This provision is similar to SB 640 (Section 210.001).

Current law establishes the child abuse hotline. This act prohibits a parent, guardian, or custodian from being named in the registry if a child is found to require community-based services (Section 210.145).

A new section is created to outline foster parent rights and responsibilities, including training, confidentiality of information, and daily decisions for the child. This provision is similar to SB 828 (Section 210.566)

This act allows foster parents to be automatically registered with the Family Care Safety Registry at no additional cost. This provision is similar to SB 876 (Section 210.906)

A new section establishes the Office of Child Protection Information which will provide assistance to persons utilizing child protective services. The office will be administered by a state ombudsman who must respond to requests for assistance and complaints. The Child Protection Information Advisory Commission is also established to consist of eleven members. The Commission will assist the Office, review current policies, and recommend improvements. An annual report is required. Files maintained by the Office may be disclosed at the ombudsman's discretion, with the exception of the identity of any complainant or child, which may only be disclosed under certain circumstances (Sections 210.960 - 210.965).

A new section requires the Department of Health and Senior Services to provide child care facilities with a comprehensive list of unsafe children's products. Initial notification for facilities must be on or before July 1, 2003, and quarterly thereafter. If a facility fails to dispose of a product after notice is given, it will be a violation under the inspection. This provision is similar to SB 1068 (Section 210.1007).

Current law grants exclusive jurisdiction to the juvenile court in certain cases. This act adds that jurisdiction will also be granted when a child or person is seventeen years old, in need of mental health services, and parent is unable to provide access to appropriate mental health services (Section 211.031).

Currently, the law outlines provisions for children to obtain treatment services. This act allows the court to order that the child receive such services in the least restrictive setting, based on an individualized treatment plan (Section 211.181).

The Division of Family Services currently makes reasonable efforts to prevent or eliminate the need for removal of the child from a home. This act does not require such effort when a child is abused by a person other than the parent and circumstances indicate the parent knew or should have known about it. Section 211.183 currently defines "reasonable efforts" as reasonable diligence and care by the Division of Family Services to utilize all available resources to meet the needs of the juvenile and the family. This provision is similar to SB 694 (Section 211.183).

Various provisions are modified relating to child labor laws. These provisions are similar to SB 1139 (Sections 294.011 - 294.141).

Current law allows the court to grant grandparent visitation in certain situations. As modified by this act, the situations are as follows:

- (1) When the parents are getting divorced or are divorced and have denied visitation;
- (2) When one parent of the child is deceased and the

surviving parent denies visitation to a parent of the deceased parent of the child;

(3) When the child has lived in the grandparent's home for at least six months of the previous 2 years;

(4) When a grandparent has been denied visitation for over ninety days, however, if the natural parents are married and living together, then the grandparent may not file for unsupervised visitation; or

(5) The child is adopted by a stepparent, another grandparent, or relative.

Currently, the court must decide if the grandparent visitation would be in the child's best interests. This act provides that if the natural parents are currently married and living together, then a rebuttable presumption exists that the parents know what is in the best interest of the child.

SENATE SPONSOR Sims

3901S.02C

SCS/SB 924 - This act regulates not-for-profit corporations providing dental services.

Current law allows the Dental Board to investigate dental offices along with their records, labs, and equipment for violations of the chapter. This act allows the Board to also investigate not-for-profit corporations licensed to practice dentistry (Section 332.051).

Section 332.071, RSMo, currently defines the practice of dentistry. This act adds to the definition the review of exam findings, x-rays, or other patient data in order to decide about the dental care of a patient (Section 332.071).

Current law prohibits any person from practicing dentistry without a license. This act prohibits corporations or entities from practicing without a license as well. Only 501(c)(3) corporations under Chapters 355 or 356, RSMo, will be allowed to practice dentistry. Such corporations must only provide dental services to Medicaid recipients and to those persons with income under 300 percent of the federal poverty level and such patients must make up 90 percent of the corporation's practice. They must only employ Missouri-licensed dentists, dental hygienists, and dental assistants. The corporation must be organized for health purposes only. No 501(c)(3) corporation under Chapter 355, RSMo, may interfere with a licensed dentist's professional judgment. Such corporations may apply for a license to practice dentistry in Missouri. Licensed corporations will be subject to all disciplinary and license approval procedures (Section 332.081).

Corporations and entities are added to current law which imposes a Class A misdemeanor on persons who practice without a license and allows injunctions or restraining orders to prevent further unauthorized practice.

This act is similar to HB 1420 (2002).

3248S.05C

SCS/SB 926 - This act transfers many regulatory duties over motor vehicle dealers, boat dealers, powersport dealers, and recreational vehicle dealers from the Department of Revenue to the Missouri Motor Vehicle Board within the Department of Economic Development Division of Professional Registration. Regulation of manufacturers will remain with the Department of Revenue. The Missouri Motor Vehicle Board is created and is responsible for licensing of all motor vehicle dealers, boat dealers, recreational vehicle dealers, wholesale motor vehicle auctions, public motor vehicle auctions and wholesale motor vehicle dealers. The Board is composed of nine members one of whom will be a public member. Members of the board will be appointed by the Governor with the advice and consent of the Senate for staggered terms and will meet at least quarterly.

The Missouri Motor Vehicle Board is vested with rulemaking authority and the following powers: establishing qualifications for applications, examining and licensing applicants, establishing fees for licensure and renewal, discipline of licensees, investigating complaints, and establishing committees. The Missouri Motor Vehicle Board Fund is created and provisions for its use are established. Members of the Board will be immune from personal civil liability for acts performed in the scope of their official duties. The Board will employ an Executive Director who will be an attorney. The duties of the Executive Director are set forth in the act.

It shall be unlawful for persons to act as a dealer without

a license. Such violations may be reported to the county prosecuting attorney for investigation and prosecution. Licenses will be issued for either 12 or 24 months. The Board will administer an examination for new licensees. Current licensees are grandfathered. Once licensed a dealer or auction may not cease business unless they provide at least 30 days notice to the Board. The Board may promulgate regulations concerning additional training.

This act sets requirements for applications and multi-location permits. Guidelines for the amounts of license and renewal fees are provided. Provisions relating to the issuance of Dealer license plates are revised. Dealers will be limited on the number of dealer plates they may have by the number of cars they have sold and the number of employees they have. It is unlawful to use or permit the use of a dealer's license plate on any vehicle for which there is no automobile liability insurance coverage.

Complaints will be heard by the administrative hearing commission and disciplinary actions, procedures and penalties are specified.

This act creates advertising standards for dealers.

Provisions are created for dealers to sell a motor vehicle "as is" in certain circumstances.

This act also eliminates lienholder possession on motor vehicle certificates of title. The owner of the motor vehicle is required to list the lienholder on the application for title and failure to do so is a Class C felony. The process for perfection of and releases of liens for lienholders and subordinate lienholders is specified.

Provisions regarding certificates of title are similar to SB 1264.

HOUSE HANDLER

Monaco

3681L.07C

SS/SCS/SB 931 - This act modifies and adds various provisions pertaining to business and commerce. A summary of the provisions follows:

COUNTY CIRCUIT CLERKS AND RECORDERS - (Section 59.040 and 59.042) - Allows for the combination or separation of the offices of county circuit clerk and county recorder in third class counties, upon voter approval

DISSOLUTION OF DEADLOCKED LIMITED LIABILITY COMPANY - (Section 347.143) - This act provides for judicial dissolution of a limited liability company in the event the members are deadlocked.

PLEADING AND BURDEN OF PROOF - (Section 351.055)- This act provides that on a motion to dismiss, a person challenging an exculpation provision must plead facts with particularity and on a motion for summary judgement has the burden of proving the provision is inapplicable.

BONDHOLDER'S POWER TO VOTE - (Section 351.056) - This act provides that a corporation may confer the power to vote upon holders of bonds, debentures or other obligations.

ANNUAL CORPORATE REGISTRATION REPORTS - (Sections 351.120, 351.140, 351.145, 351.150 and 351.155) - This act revises the process for a corporation to file its annual report to the Secretary of State

STOCK OPTIONS - (Section 351.182) - This act provides that under certain circumstances, the board of directors may delegate to officers the right to grant stock options.

CORPORATE REQUIREMENTS - (Section 351.247) - Allows a corporation which has elected to not be governed by the close corporation provisions of Chapter 351 to modify, by shareholder agreement, various corporate requirements. This act does not affect corporations which have elected to operate pursuant to the close corporation provisions, and is retroactive.

RENUNCIATION OF BUSINESS OPPORTUNITIES - (Section 351.385) - This act allows a corporation to adopt a provision in its articles renouncing any interest in specified business opportunities.

DISPOSITION OF ASSETS - (Section 351.400) - This act provides for disposition of corporate assets on the terms and conditions determined by the board of directors, without shareholder approval.

ABANDONMENT OF MERGER OR CONSOLIDATION - (Section 351.431) - This act allows a corporation to abandon an approved merger or consolidation prior to the merger or consolidation becoming

effective.

DEMAND FOR VALUE OF SHARES - (Section 351.455) - This act provides that a shareholder with voting shares who objects to a merger or consolidation has the right to appraisal if the objection is filed prior to the meeting of shareholders.

NOT-FOR-PROFIT CORPORATIONS - (Section 355.856) - This act revises the process for a not-for-profit corporation to file its annual registration report with the Secretary of State.

PROFESSIONAL CORPORATIONS - (Section 356.211) - This act revises the process for a professional corporation to file its annual registration report with the Secretary of State.

UNIFORM COMMERCIAL CODE, ARTICLE 9 - SECURED TRANSACTIONS

DEFINITIONS - (Section 400.9-102) - This act revises the definition of "chattel paper", deletes the definition of "notice" and limits the applicability of the definitions for "original debtor" and "proceeds."

SCOPE - (Section 400.9-109) - This act revises the applicability of UCC, Article 9 to areas covered by other statute statutes and certain other rights and transfers.

LIENS - (Section 400.9-303) - This act provides that Sections 700.350 to 700.390, govern the perfection, nonperfection and priority of liens relating to mobile homes.

PERFECTION OF SECURITY INTEREST SUBJECT TO STATE REGULATION - (Section 400.9-311) - This act limits the applicability of this section to certain property held as collateral.

PERFECTION OF SECURITY INTEREST BY DELIVERY - (Section 400.9-313) - This act provides that section 400.9-301, not section 400.8-301, shall govern the perfection of security interests of certificated securities taken by delivery.

PRIORITY OF CERTAIN LIENS - (Section 400.9-317) - This act revises the priority of certain security interests and agricultural liens.

FUTURE ADVANCES - (Section 400.9-323) - This act revises the priority of lien creditor where the security interest secures an advance.

ASSIGNMENT OR TRANSFER OF SECURITY INTEREST - (Sections 400.9-406, 400.9-407, 400.9-408, 400.9-409) - This act provides that certain rules regarding security interests shall also apply if the interests are assigned or transferred.

INDICATION OF COLLATERAL - (Section 400.9-504) - Technical change to ensure that a financing statement will be sufficient to indicate collateral it covers if it meets certain requirements.

FILING STATEMENTS - (Section 400.9-509) - This act provides that

a debtor authorizes the filing of a finance statement by the acquisition of certain interests and liens.

TERMINATION STATEMENTS - (Section 400.9-513) - This act revises the process for the filing of certain termination statements.

FILING FEES - (Section 400.9-525) - This act provides that the Department of Revenue, not the Secretary of State, shall administer the "Uniform Commercial Code Transition Fee Trust Fund," revises the duties of Secretary of State with regard to the fund, and provides that the moneys in the fund shall be deemed non-state funds.

WAIVER OF DEFAULT RULES - (Section 400.9-602) - This act revises the rules which may not be waived by certain debtors.

NOTIFICATION BEFORE DISPOSITION OF COLLATERAL - A technical change is made regarding parties to be sent notification (Section 400.9-611) and to the contents of the notification. (Section 400.9-613).

PROCEEDS OF DISPOSITION - (Section 400.9-615). An intersectional reference is added.

REMEDIES - (Section 400.9-628) - This act provides that a secured party which fails to comply with explanation requirements pursuant to Section 400.9-616 cannot be held liable for the remedy specified in Section 400.9-625(c)(2), relating to failure to comply with Article 9 provisions.

FORMER ARTICLE 9 RECORDS - (Section 400.9-710 - This act limits the records to be accepted by a local filing office and extends the date for each local filing office to maintain former Article 9 records.

FICTITIOUS CORPORATE NAME - (Section 417.210) - This act requires a corporation to make a declaration under penalty to the Secretary of State within five business days of beginning a business using a fictitious name. Current law required the corporation to submit a notarized statement.

CRIME OF MAKING A FALSE DECLARATION - (Section 575.060) - This act provides that the word "written" as used in this Section shall include filings submitted in electronic or other Secretary of State-approved formats.

HCS/SB 932 - This act provides the notice due to a tenant when the landlord sells the rented property in counties of the first classification. In such counties, the notice may be attached to a notarized affidavit executed by the prior owner of the property and the new owner indicating the property has been transferred and the date on which the transfer occurred. This may be done in lieu of sending a copy of the deed that was recorded.

If the occupant of a building receives the billing for sewage or water service, any notice of termination of such service shall be sent to both the occupant and the owner, if the owner requests in writing to receive notice of termination.

This act is similar to HB 353 (2001).

3800S.01I

SB 933 - This act requires amusement machine operators to obtain licenses from the Director of the Division of Professional Registration within the Department of Economic Development. Fees to obtain a license to operate amusement machines will be set by the Director at no more than \$1,500 for a 2-year license. License fees to operate amusement machines used specifically at carnivals, local or county fairs, or at the state fair will be set by the director. Persons operating amusement machines without a license will be fined \$100 for each machine found in their possession.

The act outlines the qualifications for an amusement machine operator license. Applicants must be at least 21 years of age, a Missouri resident for at least one year, and provide proof that they have paid Missouri sales tax on all previous business transactions conducted in this state. The residency requirement does not apply to operators of amusement machines at carnivals, circuses, local or county fairs, or at the state fair.

The rewards from amusement machines are defined as non-cash prizes, toys, items of merchandise, novelties, or a representation of value (tickets, coupons) redeemable for these items on the premises where the machine is played. The value of the award is limited to the greater of the cost of a single play or the wholesale value of five dollars. The rewards shall not be cash, gift certificates, alcohol or tobacco products.

The Director will require all licensed amusement machine operators to prominently display on their machines decals which will contain the license number of the operator and any other information deemed necessary by the Director.

The act further authorizes the Director to make rules; issue warnings and probation; assess penalties; suspend and revoke licenses; prescribe forms, applications, and licenses; and conduct examinations.

The act allows any aggrieved party to appeal to the Administrative Hearing Commission.

The act creates within the Department the Amusement Machine Operator License Fund. All moneys collected will be deposited within the fund for the purpose of paying expenditures incurred by the Department.

3773L.03T

HCS/SCS/SB 947 - This act repeals and reenacts Section 178.870, RSMo, relating to community college property tax rates, to cure possible constitutional defects.

Further, this act adds a provision allowing the establishment of community college capital improvement subdistricts for the purpose of capital projects. The board of trustees of such a district may propose an annual rate of taxation for the sole purpose of funding capital projects. The act provides a format for which the proposals shall be submitted to the voters of the district. A majority vote is necessary for the levy and collection of property taxes within the subdistrict. If a tax has not been approved within a five year period from the establishment of a community college capital improvement subdistrict, such subdistrict shall be dissolved.

This act extends to public community junior colleges the same access as school districts regarding participation in the Missouri Health and Educational Facilities Authority (MOHEFA) direct deposit agreements.

This act contains the provisions of SCS/HB 2022 and SCS/HB 1477.

SB 0948

SCS SB 948

SENATE SPONSOR Cauthorn

3741S.01I

SCS/SB 948 - This act requires the disclosure of the transfer or use of human fetal parts.

This act defines "human fetal parts" as any deceased fetus or child who has been delivered by means of induced or spontaneous abortion or any tissue or organ of such fetus or child. "Valuable consideration" is also defined to include methods of payment or debt incurrence associated with the transfer of human fetal parts.

With the exception of those who receive human fetal parts by donations, this act prohibits any person or entity from transferring human fetal parts for valuable consideration without properly disclosing the information surrounding the transfer to the Department of Health and Senior Services. Reasonable shipping costs need not be disclosed. The act also prohibits the shipping of human fetal parts by any person or entity without full disclosure of the contents to the shipping carrier.

This act will not apply to the unpaid transfer of human fetal tissue by a family to a pathologist for testing or to the transfer of human fetal parts for burial or cremation. Any individual violating this section will be guilty of a Class A misdemeanor.

This act is similar to SB 581 and HB 564 (2001).

SCS SBs 958 & 657

SENATE SPONSOR Kinder

3812S.03P

SCS/SBs 958 & 657 - This act establishes the compelling state interest test as the burden the state has in restricting the free exercise of religion and the rights of the second amendment to the U.S. Constitution and Article I, Section 23 of the Missouri Constitution. No governmental authority may restrict a person's free exercise of religion or right to bear arms unless the restriction is one of general applicability and furthers a compelling governmental interest in the least restrictive means.

Nothing in this act shall be construed to establish or eliminate a defense to a civil action or criminal prosecution based on a federal, state or local civil rights law.

A governmental authority may not restrict a prisoner's free exercise of religion unless it demonstrates that the restriction is reasonably related to a legitimate penological interest and otherwise meets all criteria set forth by the U.S. Supreme Court.

This act is similar to SB 337 (2001).

SENATE SPONSOR Westfall

HOUSE HANDLER Smith

3880L.10C

HCS/SS/SCS/SBs 969, 673 & 855 - This act allows the Highway Patrol to search the sex offender registry when conducting background checks for potential employees of day cares, residential care facilities and youth services agency. The Highway Patrol will inform the agency or provider of the address and the offenses of the applicant.

This act also adds attempted forcible rape and attempted forcible sodomy as dangerous felonies to Missouri statutes.

Parole boards are allowed to consider information listed on the juvenile sex offenders registry if the offender being considered for parole is less than twenty-one years old.

This act creates the crime of enticement of a child. A person commits the crime of enticement if he or she is at least twenty-one years old and persuades, solicits, coaxes, entices or lures any person who is less than fifteen years of age for the purpose of engaging in sexual conduct. Attempting to entice a child is a Class D felony. Enticement of a child is a Class C felony unless a person has been found guilty of previous sexual offenses, then it is a Class B felony.

This act creates the Class C felony of sexual contact with an inmate. A person who is an employee of or assigned to work in any correctional facility who has sexual intercourse or deviate sexual intercourse with an inmate or resident of the facility is guilty of the crime.

This act creates the Missouri Regional Computer Forensics Laboratory (RCFL). RCFL combines local, state and federal resources to research and combat computer and Internet-related crimes. RCFL will be under the control of the Department of Public Safety.

A person who may meet the criteria of a sexually violent predator will be evaluated by either a psychiatrist or a psychologist as to whether or not the person meets the definition of a sexually violent predator.

Persons required to register as sex offenders under current law must register with county officials within 10 days of moving to another county or being released from custody. A person required to register must register by September 10, 2002 with the chief law enforcement official of the county in which they reside.

The act allows for community notification regarding certain registered sex offenders. The act provides immunity for release of information by law enforcement and by employees of the Departments of Corrections, Public Safety, and Social Services. Prior to releasing a sex offender, the Department of Corrections

is required to perform a risk assessment of any offender required to register as a sex offender. The act tailors the extent of any community notification to the assessment results.

This act allows the Attorney General to investigate and apply for a search warrant for technological crimes, as defined in this section.

The crime of causing a catastrophe has been expanded to include destroying or disabling a computer network or program or by initiating a computer virus. Causing a catastrophe is a Class A felony.

This act prohibits cloning a human being, using public funds to clone or attempt to clone a human. Violation of this section is a Class B felony.

The aggravated stalking statute is expanded to include threats communicated by electronic communication, telephone or the posting of a message accessible via the computer.

This act creates the crimes of first and second degree invasion of privacy. First degree invasion of privacy is a Class C felony and second degree invasion of privacy is a Class A misdemeanor.

 SB 0970

HS HCS SS SS SCS SBs 970 et al
 SENATE SPONSOR Westfall

HOUSE HANDLER Koller

3307L.14F

HCS/SS/SS/SCS/SBs 970, 968, 921, 867, 868 & 738 - This act establishes a State Highway Patrol Fund in which one fourth of the additional one percent sales tax shall be deposited.

This act increases the fees collected by non-Department of Revenue offices for biennial licenses issued and for six year licenses. The fees for licenses renewed biennially are increased from \$4.00 to \$5.00 beginning August 28, 2002. Beginning July 1, 2003, licenses renewed annually are increased from \$2.50 to \$3.50 and biennial licenses are increased from \$5.00 to \$7.50. Beginning July 1, 2003, fees for six-year driver's licenses are increased from \$4 to \$5. This act would allow fee offices located within any city where the Department of Revenue maintains an office. Beginning July 1, 2003, this act requires all Department of Revenue branch offices to collect the same fees charged by fee offices. These fees shall be deposited in the "Department of Revenue Subaccount" to pay for the department's cost of collecting highway revenues. This provision is similar

to one contained in SB 796 (2002)(Section 136.055).

This act raises the general sales tax by one percent. One-fourth of the sales tax will be deposited in the Highway Patrol Fund. \$20,000,000 of the sales tax will be deposited in the State Transportation Fund. The remainder of the sales tax revenues will be deposited in the state road fund (Section 144.020).

This act removes the 2008 sunset on the 6-cent gas tax (Section 142.803).

This act eliminates the requirement that road projects be bid in sections not to exceed 10 miles and requires all contracts for concrete-surfaced state highways to be let in accordance with the lowest bid price upon the acceptance of alternative bids submitted pursuant to plans and specifications for alternate construction by portland cement concrete and asphaltic concrete of comparable design (Section 227.100). This act contains several provisions which require the use of portland cement concrete and asphaltic concrete (Sections 227.040, 227.050, and 227.060).

This act requires persons submitting a request relating to a construction contract to submit a detailed disadvantaged business participation plan to the Highway Commission (Section 227.108).

The act also authorizes MoDOT to enter into one pilot design-build project (Section 227.107). The project must be selected from projects approved by the East-West Gateway Coordinating Council. The authority to enter into such projects shall expire on July 1, 2012, unless extended.

This act removes the cap on the amount of aviation jet tax revenues which may be deposited in the Aviation Trust Fund. Current law only permits \$5 million of the aviation jet fuel tax revenues to be placed in the fund. This act also extends the sunset on the aviation jet fuel tax section to December 31, 2008 (Section 144.805). Under current law, the commission may match state funds at a 80% level and locals at a 20% level. This is changed to a 90/10 formula (Section 305.230). This act also modifies the language regarding the deposit of unclaimed aviation fuel refunds. The current law states that "If any person fails to apply for a refund as provided in Chapter 142, RSMo, he makes a gift of his refund to the Aviation Trust Fund." The new language simply states that the refund amount will be deposited in such fund (Section 155.080).

This act modifies the makeup and selection of the transportation commission. This act requires that members of the State Transportation Commission be appointed by the Governor from among candidates supplied by the House and Senate leadership of each political party. Every two years the Governor will appoint one candidate from each party. Candidates must be appointed by July 1 in even-numbered years. When a vacancy on the Commission occurs, the House and Senate leadership of the political party of the vacating member must submit three candidates for selection within 30 days. The Governor has 15 days to appoint the new

member. The new member will serve only the remainder of the unexpired six-year term of the vacating member. All references to the Highway Commission or the Highways and Transportation Commission and the Department of Highways in the statutes will mean the Transportation Commission and the Department of Transportation. This portion of the act is similar to HB 1894 and SB 1200 (2002)(Section 226.030).

This act allows the General Assembly to authorize the commission to issue bonds from fiscal year 2007 to fiscal year 2022. The bonds shall be no less than \$150 million nor more than \$250 million per fiscal year. The General Assembly must approve the issuance of such bonds in a similar manner already in statute (Section 226.137).

This act revises the current cap on what nonhighway agencies may receive from the State Highways and Transportation Department Fund. For fiscal year 2003, the current cap will remain unchanged. For fiscal year 2004, and all fiscal years thereafter, a flexible cap is created. The cap is adjusted by comparing the percentage increase or decrease between the amount of revenues transferred to the fund in the second and third preceding fiscal year. If there is a percentage increase, the cap shall be adjusted accordingly. If there is a percentage decrease, the cap shall remain the same as the preceding fiscal year. If a funding package is approved, then the cap is adjusted by comparing the amount of revenues transferred to the fund in fiscal year 2004 to the amount transferred in fiscal year 2003. If the amount of transfers increased, the cap is adjusted accordingly. If the amount decreased, the cap shall remain the same. If the amount of expenditures exceeds the limits, the Office of Administration is authorized to transfer that amount from General Revenue to the state road fund (Section 226.200). This provision is similar in nature to one contained in HB 1196 and SCS/SB 915 et al (2002).

This act prohibits persons from transporting hazardous materials through highway tunnels. This act also prohibits parking vehicles containing hazardous materials within 300 feet of a highway tunnel unless allowed by federal regulations. Violation of this act is a Class B misdemeanor for the first offense, and a Class A misdemeanor for a second or subsequent offense (Section 304.370).

This act requires applicants for commercial driver's licenses to comply with the requirements of the U.S. Patriot Act of 2001 (Section 302.720).

This act authorizes the General Assembly to appropriate up to \$1 million annually from General Revenues to upgrade nonstate highway system bridges. The Department of Transportation shall administer the project. MoDOT shall utilize one of the innovation centers authorized by Section 348.271, RSMo, as the contracting organization for the project. Moneys from the fund shall be used for the analysis and reinforcement of existing nonstate highway bridges that require strengthening to eliminate load posting. Bridges which are currently under the

responsibility for repair or maintenance by MoDOT shall not be eligible for the project. The project shall utilize the Center for Infrastructure Engineering Studies at the University of Missouri - Rolla for the selection of bridges that can be strengthened by the use of technology that has been developed there. The center shall also create and lead an industry consortium to perform the structural analysis and technology application required for the strengthening of the selected bridges. The University of Missouri - Rolla shall match every \$2 appropriated with \$1 from its research funds (Section 234.032).

This act revives the advisory committee for the department of revenue to study license plate design (Section 301.129).

This act modifies the definition of abandoned property to include any motor vehicle involved in an accident whereby the law enforcement official requests such vehicle to be removed from the scene because the operator or owner is unable to arrange for the abandoned property's timely removal (Section 304.001).

This act updates requirements of federal law to include primaries as of June 1, 1991. This act specifically allows Tri-vision, projection and changeable message signs to be subject to MoDOT regulations. This act allows cutouts and extensions on nonconforming signs. This act makes existing stacked signs legal nonconforming. When stacked signs were prohibited in 1999, the statute provided that existing signs were not conforming which meant they could be rebuilt. By making existing signs legal nonconforming, the signs could be phased out over time as they need replacing. This act adopts a minimum of 1,400 feet (up from 500 feet) spacing between signs on all primary and interstate highways. This act modifies the definition of "unzoned commercial and industrial land" by expanding the commercial activity area from 600 feet to 750 feet on either side of a qualifying business. This act eliminates the opposite side of the road as part of the unzoned commercial areas on primaries and interstates.

The act requires business to have the presence of an owner or employee on the premises for at least 20 hours per week to be considered a valid business when determining whether a property is commercial or industrial. This act increases original permit fee to erect a billboard from \$28.50 to \$200. This act increases biennial inspection fees to \$50 on August 28, 2002, \$75 on August 28, 2003, and \$100 on August 28, 2004. This act allows for the non-compensated removal of billboards for failing to pay fees over 12 months. This act increases the amount of time to cure a billboard violation from 30 to 60 days. This act requires actual notice of a violation before removal of a sign. This act requires vegetation permits to be issued according to current MoDOT rules and regulations and allows certain utility companies to remove and trim vegetation without a permit.

This act adds a provision regarding violations of the junkyard law. The act provides for notice to junkyard owners regarding violations of the law and allows such owners to seek administrative review. The act allows the commission to abate the

junkyard at the cost of the owner if the owner fails to take remedial action.

This act allows electric personal assistive mobility devices (EPAMD) to be operated on streets, highways, sidewalks and bicycle paths and grants operators the rights and duties applicable to pedestrians. Persons under 16 years of age shall not operate an EPAMD, except for an operator with a mobility-related disability. EPAMDs may only be operated on roadways with a speed limit of 45 mph or less. Such devices, however, may be used to cross roadways with higher speed limits. EPAMDs shall be equipped with lamps and red reflectors when operated during the period from one-half hour after sunset to one-half hour before sunrise. Operators of such devices shall ride the device as near to the right side of the roadway. Any person 17 years of age who violates this act shall be guilty of an infraction with a maximum fine of \$25. If a person under the age of 17 years of age violates this act, the police officer may impound the device for a period not to exceed five days. These provisions are similar to SCS/SB 721, SB 1098, SCS/HB 1270 et al and HB 1746 (2002).

The provisions of this act are submitted to the voters by referendum in an election to be held in November 2002. If approved, the additional sales tax measure must be submitted to the voters in 2012 for re-approval.

 SB 0971

SCS SB 971

SENATE SPONSOR Klindt

3771S.04C

SCS/SB 971 - This act requires all regulations promulgated by the Department of Natural Resources, hazardous Waste Management Commission, State Soil and Water Districts Commission, Petroleum Storage Tank Insurance Fund Board, Land Reclamation Commission, Safe Drinking Water Commission, Air Conservation Commission, and Clean Water Commission to be based on sound science. The Department of Natural Resources is required to prepare a risk assessment and cost-benefit analysis for all rules promulgated by the referenced agencies.

The risk assessment and the cost-benefit analysis must include specific components which are covered in the act and must be developed using scientifically objective and unbiased standards. The assessments and analyses must be made available to the public via the Internet and DNR must allow for and respond to comments from the public. The assessment, analysis, testimony and comments must be considered by the department or the commission in promulgating the regulation. The failure of the department to conduct the risk assessment and the cost-benefit analysis will be considered grounds for vacating the regulation. The risk assessment is also required to be filed with the Joint Committee on Administrative Rules at the time the proposed rules are filed pursuant to §536.024 RSMo.

A provision is included to allow for the promulgation of regulations without conducting a risk assessment and a cost-benefit analysis if the director believes that the action is immediately necessary to protect the public health and welfare. However, the director must justify these actions in writing and the Department would then have the responsibility to complete the risk assessment and cost-benefit analysis within 45 days.

In proceedings challenging rules promulgated by the Department of Natural Resources, hazardous Waste Management Commission, State Soil and Water Districts Commission, Petroleum Storage Tank Insurance Fund Board, Land Reclamation Commission, Safe Drinking Water Commission, and Clean Water Commission the burden of proof shifts to the department or commission promulgating the rule to prove that the rule is necessary to prevent specific circumstances of conditions causing harm to human health and the environment.

SB 973 - This act creates the "Missouri Biomass Technology Commission". The Commission is set to have seven members. The Commission is responsible for:

- 1) Collecting data for the development and use of alternative energy as a source of electricity;
- 2) Evaluating existing incentive programs that promote the development and use of alternative energy;
- 3) Creating new incentives and programs to promote alternative energy use; and
- 4) Making recommendations to the Legislature on program developments and uses for alternative energy.

The council will develop a comprehensive guide to alternative energy development, production and use. This guide will be submitted to the Legislature.

This act expires on June 30, 2005.

3824S.01P

SB 976 - This act requires one member of the Board of Health to be a chiropractor. Currently, Section 191.400, RSMo, creates the State Board of Health and requires that three members must be persons other than those licensed by the Board of Registration for the Healing Arts or the Missouri Dental Board. This act requires that, of those three, one of the members must be a licensed chiropractic physician and two must be persons other than those licensed by Healing Arts, the Missouri Dental Board, or the Missouri State Board of Chiropractic Examiners.

HOUSE HANDLER Hunter

3691L.07C

HCS/SCS/SB 980 - This act revises the licensure procedures for physical therapist applicants who are licensed in another state. This act removes the requirement that the laws of the state in which the applicant is already licensed must be substantially equal to or greater than the licensure laws of Missouri. Applicants must, instead, show proof that their degree is either approved by the Commission on Accreditation in Physical Therapy Education (CAPTE) or equivalent to such a degree. Applicants must also show English proficiency.

Currently, the Board must deny licensure to any applicant who has failed any physical therapist licensing examination three or more times. This act removes this restriction.

SCS/SB 982 - This act creates a tax credit for individuals within certain income ranges who incur costs for the purpose of making all or any portion of such taxpayer's home accessible to an individual with a disability. The credit reimbursement rate is graduated based on income level. The maximum credit per taxpayer, per year, is two thousand five hundred dollars. The maximum aggregate amount of tax credits which can be issued is ninety-five thousand dollars. The credits are issued on a first-come, first-serve basis.

The act takes effect on January 1, 2003 and expires December 31, 2008.

SB 0984

SS#2 SCS SBs 984 & 985
SENATE SPONSOR Steelman

4130S.05P

SS#2/SCS/SBs 984 & 985 - This act makes several changes relating to the Department of Natural Resources.

PRIMACY FEE (Section 640.100) - This act extends the drinking water primacy fee to September 1, 2007. This portion of the act is similar to HB 1748 (2002).

BURDEN OF PROOF (Section 640.825) - In all matters heard by the Environmental Hearing Commission the burden of proof shall be on DNR or the Commission initially making the finding or decision. However, in appeals involving the denial of a permit, license or registration, the burden of proof shall be on the applicant. This portion is similar to provisions of SB 881 (2002).

AIR BANKING AND TRADING (Section 643.220) - This act revises the air emissions banking and trading program by clarifying use of air emission reduction credits. In order for air emission reduction credits to be tradeable between air emission sources, the air emission reduction credits would be based on air emission reductions that occur after August 28, 2001, or must be credits that exist in the current air emissions bank. This portion is similar to SB 1163 (2002).

CLEAN WATER COMMISSION (Section 644.036)- Requires the Clean Water Commission to adopt any listing, designation, standard, rule or regulation which will result in waters of the state to be classified to be promulgated by rule pursuant to chapter 536.

PENALTIES ASSESSED BY DNR FOR CLEAN WATER (Section 644.076) - Limits the amount of penalties which may be assessed by DNR for violations of the Missouri Clean Water Law. Any penalties assessed against a political subdivision shall not exceed the actual cost of remediation.

AQUACULTURE (Sections 644.016, 644.051, 644.052) - This act revises provisions relating to water permitting for aquaculture. Aquaculture is defined as the controlled propagation, growth, and harvest of aquatic organisms.

Prior to issuing a general permit or permit by rule the Director of the Department of Natural Resources must hold meetings with permit holders, applicants and the public to evaluate pollution impacts of pollutants. After the meetings the Director would draft the permit considering the comments of the meeting and post it for public comment. The Director must also concurrently post an explanation with the draft permit which shall identify types of facilities which are subject to the permit. A hearing may be requested on the draft permit.

After consideration of the comments the final permit would be issued. The time between the request for the hearing and the hearing date will not be calculated for purposed of the time frames in which a permit must be issued.

Unless requested by the facility, aquaculture facilities will not be required to obtain site-specific permits but will obtain general permits. However, facilities which materially violate the conditions and requirements of the general permit may be required to obtain a site-specific permit. The fee for

aquaculture facilities is capped at \$250. This portion is similar to SB 1072 (2002).

BONDING FOR STORMWATER PROJECTS (Sections 644.578 - 644.580)- This act changes the date for authorizations for bonding for water sewer and stormwater projects. Current law authorizes the Board of Fund Commissioners to issue bonds for grants and loans pursuant to several sections in Article III of the Missouri Constitution which are administered by the Clean Water Commission and relate to water, sewer and stormwater projects. Current law states the authorizations are in addition to amounts authorized prior to August 28, 2002. This act changes the date to August 28, 2003. This portion is identical to SB 985 (2002).

HCS/SB 992 - This act authorizes Buchanan County to apply
 for a grant from the Contiguous Property Redevelopment Fund
 administered by the Department of Economic Development.

This act authorizes any town, city or village in this state

to establish an "historic preservation revolving fund". Moneys in the fund shall be used to protect and preserve historic properties. Historic properties eligible for the such protection and preservation must be eligible for nomination to the National Register of Historic Places.

Municipalities may use money from the fund to acquire interests in historic properties. The interest acquired must be reasonably necessary for the continued protection and preservation of the property. Historic property cannot be acquired by condemnation under this act. Municipalities may dispose of interests in the property to any person or organization, including the former owners. Any conveyance must include provisions requiring the property to revert back to the municipality if the property is not operated, maintained, restored or repaired in accordance with this act. Any conveyance must also contain provisions to limit the property's future use to ensure its preservation.

4193S.01I

SB 1002 - This act allows a wholesaler to give a retailer credit for intoxicating liquor with an alcohol content of less than 5% or 3.2% beer in a container with a capacity of four gallons or more that was delivered but not used, if the wholesaler removes the product within seven days of the initial delivery.

This act creates new penalties for licensees that are found by the Supervisor of Liquor Control to have violated liquor control laws. In lieu of suspension or revocation of a license, the Supervisor may assess certain amounts of fines to any licensed solicitor or retailer. Licensees may appeal the issuance of the fine to the Administrative Hearing Commission.

In order to encourage settlement, licensees are afforded the opportunity to meet with the Supervisor of Liquor Control before any disciplinary action is taken. The Supervisor of Liquor Control must provide the licensee with the time and place of the meeting and certain written information about licensee's conduct at issue.

This act is similar to HB 1530.

SB 1009

HCS SS SCS SB 1009

SENATE SPONSOR Rohrbach

HOUSE HANDLER Luetkenhaus

2551L.05C

HCS/SS/SCS/SB 1009 - This act modifies the law on the type of investments in which insurance companies can participate in.

REAL ESTATE INVESTMENTS - This act limits insurance companies' investments in real estate. The value of such real estate purchased cannot exceed 20% of the insurance company's capital and surplus as shown by its last annual statement. This provision is contained in SCS/SB 1227 and SCS/HB 1568 (2002) (Section 375.330).

DERIVATIVE INSTRUMENTS - The act modifies Missouri law relating to the permissible investments of insurance companies in derivative instruments for hedging, income generation, and replication transactions, and in investment pools by non-insurance affiliates. The purpose of these proposals is to update Missouri investment laws so that Missouri insurance companies can remain competitive.

The proposed changes are a comprehensive update to Missouri's existing law on derivatives based upon the NAIC Model law and Illinois law. Under the definitions, limitations and conditions contained in the proposed law, derivative transactions can only be used for prudent reduction of risk and not to increase risk or for speculative purposes.

This act defines the various types of derivative transactions including a "hedging transaction" (used to protect against changes in value of assets and liabilities or to generate income or enhance return - Section 375.345.1 (12)), and "replication transaction" (used to replicate the investment characteristics of another investment - Section 375.345.1(18)).

The most common type of derivative transaction is hedging, which is used to protect against changes in the interest rates or values associated with another asset held by the company. Under this act, to engage in derivative transactions, an insurance company must be prepared to:

- (1) Demonstrate to the Director the intended hedging characteristics and effectiveness of the derivative transaction;
- (2) Maintain its position in any outstanding derivative transaction for as long as the hedging transaction continues to be effective;
- (3) Include all counter-party exposure amounts in compliance with the single-entity investment limitations contained in Missouri law;
- (4) Comply with any additional conditions imposed by the Director by regulation; and
- (5) Have the policies and record-keeping procedures approved by its Board of Directors (Section 375.345.2)

As an additional safeguard, Section 375.345.2(3), (4) and (5) contain the following quantitative limits on the ownership of derivatives:

- (1) With respect to hedging transactions: purchased options, caps, floors and warrants can not exceed 7 1/2 percent of admitted assets; written options, caps and floors can not exceed 3 percent of admitted assets; and collars swaps, forwards and futures can not exceed 6 1/2 percent of admitted assets;

(2) With respect to income generation transactions, the limit of 10% of admitted assets; and

(3) With respect to replication transactions the limits are the same as those that apply to the replicated asset or investment.

This act prohibits life insurance companies from owning investments in an amount in excess of certain limitations based upon certain admitted assets, capital and surplus as shown its last annual statement (Section 376.307)

BUSINESS AFFILIATES - This act allows business entities affiliated with insurers to be qualified managers of investment pools. The proposed change to this section authorizes a business entity affiliated with an insurer to invest in qualified investment pools under the same conditions that apply to the insurer. Under the current law only affiliated insurers can invest in qualified investment pools. This change is consistent with the current NAIC Model Law. This provision is contained in SCS/HB 1568 (2002) (Section 376.311).

ANNUITIES - This act modifies the law with respect to annuity contracts. Under the provisions of this section, for any contract issued on or after July 1, 2002, and before July 1, 2004, the interest rate shall be 1.5% for determining minimum nonforfeiture amounts (Section 376.671). This provision is contained in SCS/HB 1568 (2002).

LONG -TERM CARE INSURANCE - This act makes several changes to the long-term care insurance law. This act clarifies that the term "long-term care insurance" to include any insurance policy that meets the requirements of a "qualified long-term care insurance contract", as defined in Section 7702B of the Internal Revenue Code. This act requires the issuer of a long-term care contract to state clearly in its enrollment materials whether the contract is intended to be tax-qualified, pursuant to Section 7702B (Sections 376.951 - 376.1130).

This act requires the issuer to deliver the certificate of insurance to the applicant no later than 30 days after the date of approval. This act requires the long-term care policy summary to include a statement that any long-term care inflation protection option that may be required by the laws of Missouri is not available under the policy.

This act requires issuers to provide a written explanation for a denial of coverage within 60 days of receiving a written request for an explanation from the applicant. The issuer must provide all information directly related to the denial. This act allows insurers to rescind long-term care contracts upon a showing of misrepresentation. The degree of misrepresentation that must be proven will vary, depending on the length of time the policy has been in effect. This act prohibits a long-term care contract to be field issued based on medical or health status (Section 376.1124).

This act prohibits an insurer from recovering benefits paid

to the policyholder when the issuer rescinds the policy. This act requires insurers to offer a policy that includes a nonforfeiture benefit. If that benefit is declined, the issuer must then offer a contingent benefit upon lapse that will be available for a specified period of time following a substantial increase in premium rates. This act requires the Department of Insurance to promulgate rules creating the standards for nonforfeiture benefits, contingent benefits upon lapse, the length of time these benefits must run, and the extent to which premiums may be increased (Section 376.1127).

The Department of Insurance must also promulgate rules regarding marketing practices, agent testing, penalties, and reporting practices for long-term care insurance (Section 376.1130). The long-term care provisions are similar to those contained in SB 1180 and HB 1701 (2002).

MUTUAL INSURANCE COMPANY INVESTMENTS - This act allows stock and mutual insurance companies to invest in any investment in a Missouri tax credit or partnership interest which entitles the company to receive Missouri tax credits that may be used as a credit against the gross premium tax (Section 379.080). This provision is also contained in SCS/HB 1568 (2002).

SB 1010

SENATE SPONSOR Sims

3965S.02I

SB 1010 - This act makes several modifications to the statutes governing horse racing and pari-mutuel wagering in Missouri.

This act authorizes the Governor to remove a member of the Missouri Horse Racing Commission for malfeasance or neglect of duty in office and to appoint the chair of the Commission. The Commission is authorized to hire an executive director and other employees and to enact rules and regulations necessary to carry out its duties. Employees may be restricted from wagering on horse races.

The expenses of the Commission are to be paid out of the existing Missouri Horse Racing Fund. Excess moneys in that fund each year go to the newly created "School Building Revolving Fund". Certain moneys made by Commission licensees must be paid to the Missouri Breeder's Fund to encourage and reward the owners and breeders of Missouri bred horses that win horse races in Missouri.

This act broadens the authority of the Commission to include such things as: imposing civil penalties up to \$5,000 against occupational licensees and up to \$10,000 against licensees who operate race tracks or pari-mutuel wagering systems; investigating applicants for suitability; restricting, suspending or revoking any license issued by the Commission; adopting standards for pari-mutuel wagering; requiring removal from race grounds of any law violator; entering race grounds and other places without a search warrant; and requiring disclosure of financial records. Licensees are subject to discipline for such things as: failing to follow the rules and regulations of the Commission; associating with persons or notorious or unsavory reputation; employing cheats; or engaging in fraud, misrepresentation, bribery, threats, extortion or dishonesty in any area governed by the Commission. This act prohibits the use of public funds or tax increment financing (TIF) benefits to construct, operate or maintain a race track.

This act sets the license application fee at \$50,000 for a race track or pari-mutuel wagering operator's license. The Commission may require licensees to implement an affirmative action plan and to prove financial responsibility and suitability. Licensees shall conduct at least 20 days of racing in the 18 months following licensure, at least 30 days of racing in the next 12-month period and 50 days of live racing in Missouri each year thereafter. Licensees shall make a capital investment in Missouri in excess of \$25 million within the first year of operation, or risk loss of license. The Commission is authorized to waive these requirements. Pari-mutuel wagering systems used in Missouri must be approved by the Commission. This act sets forth minimum requirements for approval of such a system.

Licensees are required to pay a \$2 admission fee to the state for each person entering the race grounds, with resulting revenue going to the "School Building Revolving Fund". Licensees may contract outside Missouri for simulcasting the licensee's live races and out-of-state pari-mutuel wagering is permitted.

The act makes the following acts Class A misdemeanors: operating a pari-mutuel wagering system in Missouri without a license from the Commission; and operating a pari-mutuel wagering system in a manner other than permitted by law and by Commission rules and regulations.

This act is similar to SCS/HS/HB 882 and SB 599 (2001).

SB 1013

SCS SB 1013

SENATE SPONSOR Steelman

4268S.01I

SCS/SB 1013 - This act allows Kansas City Power and Light to transfer existing generating facilities to an affiliated entity.

An IOU must receive approval for the transfer assets to an affiliated entity from the Public Service Commission (PSC). The IOU must enter a purchase power agreement (PPA) with the affiliated entity. The PPA provide for provision of power to meet the retail load of the IOU at cost-of-service rates regulated by FERC and provide for operation and maintenance for the transferred facilities. If FERC no longer regulates the rates established under the PPA the PSC will have authority to review and establish the cost-of-service rates in the PPA.

The act details certain information which must be included in its application to transfer assets which is filed with the PSC. The PSC is required to approve the asset transfer if certain findings are made. The PSC must approve or disapprove the transaction within 120 days. If there are to be any changes to the PPA the IOU must file information regarding the proposed changes with the PSC at least 180 days before the changes are to go into effect.

Subsequent transfers of assets must be approved in the same manner as the initial transfer of assets. The affiliated entities are require to hire a sufficient number of nonsupervisory employees to operate and maintain the stations, division or unit and offers of employment must first be made to the current employees of the IOU and under substantially the same terms of employment and continue such employment and terms for 30 months.

Nuclear decommissioning costs shall be recovered through unbundled charges or bundled rates.

Any transferred assets shall continue to be treated as property of the IOU for purposes of assessment and taxation. The State Tax Commission shall adopt rules to ensure the property transferred are valued and allocated in manner that is used for distributable property in effect August 28, 2002.

SCS/SBs 1023 & 1117 - This act makes various changes to economic development programs relating to distressed communities and small business investment tax credits.

The act:

- (1) Changes the definition of a community development corporation to stress industrial, economic, entrepreneurial, commercial and civic development of projects that benefit low-income individuals and communities;
- (2) Lowers the investment requirement of principal owners of Missouri small businesses eligible for investment from 50% of the business to 35% of the business;
- (3) Eliminates the designation of a "target area" for purposes of identifying areas of poverty by the Department of Social Services;
- (4) Increases the maximum percentage of investment ownership allowed in a small business to qualify for a tax credit from 50% to 65%;
- (5) Reduces the time period requirement for investment in a small business from 5 years to 3 years and excludes any sale, change of control, or the going public of a business from the minimum period of time for investment for purposes of the small business investment tax credit program;
- (6) Reduces the percentage of employees required to be located at a business contained within distressed communities

from 75% to 60% and increases the maximum number of employees at a business contained within a distressed community from 100 to 150 to qualify for the distressed communities tax credit program;

(7) Allows the leasing of certain technology equipment to qualify as an expense for purposes of obtaining a tax credit;

(8) Increases the allowable tax credit percentage of the amount of qualified contribution to a qualified fund for purposes of tax credits for contributions to innovation centers from 50% to 75%;

(9) Allows any unused credits for these tax credit programs from the previous year to be added to any statewide caps for these programs in future years;

(10) Expands the availability of follow-up capital to include businesses which have previously received follow-up capital within the last 3 years for purposes of tax credits for contributions to innovation centers;

(11) Requires the Department of Economic Development to pursue a revocation of the tax credits only from the original applicant for the tax credit.

(12) expands the definition of a "distressed community" relating to tax credits for investment in or relocating a business to a distressed community. A distressed community will include areas within metropolitan statistical areas that are designated as either a federal empowerment zone, a federal enhanced enterprise community, or state enterprise zones designated prior to January 1, 1986, but will not include the expansion of those zones done after March 16, 1988.

This act contains an emergency clause.

This act is similar to HB 215 (2001).

HOUSE HANDLER Holand

4267S.02T

SCS/SB 1024 - This act requires physicians to maintain adequate and complete medical records for their patients. Such records shall include identification of the patient, appointment dates, current status, observations, diagnosis, plan for

treatment including prescriptions, and record of consent. Records must be maintained for at least seven years. Changes to records which occur forty-eight hours after the last entry must be noted. A consultative report will be adequate for certain persons. The Board of Registration for the Healing Arts may not discipline a person solely for violation of this section. Finally, the Board may not obtain a patient's medical record without the patient's written consent or a subpoena.

This act is identical to the House perfected version of HB 544 (2001).

SB 1029

SCS SBs 1029 & 1047

SENATE SPONSOR Sims

4205S.02I

SCS/SBs 1029 & 1047 - This act modifies the certificate of need law.

This act revises the definition for "expenditure minimum" to extend the zero expenditure minimum to January 1, 2008. Current law imposes a moratorium on the issuance of a certificate of need (CON) for certain facilities. This act extends the moratorium until January 1, 2008 (Section 197.317).

Certain facilities are currently exempted from CON. The provision removing the expenditure minimum for certain facilities is deleted. The time limits are changed from 18 to 12 months for facilities to make an effort to purchase beds before applying to increase licensed bed capacity. Current language is deleted and replaced with new language allowing a facility to increase its licensed bed capacity by:

- Submitting a letter of intent to the Department and the Committee;
- Certifying that the facility has no class I deficiencies

and has maintained a 90% average occupancy rate for the last 6 quarters;

- Showing it has made an effort to purchase for 12 months following the letter of intent;
- The term "effort to purchase" is revised to mean an offer to purchase beds in the same license category or an offer to purchase beds in another licensure category.

A facility may purchase, transfer, or sell beds to facilities satisfying the above requirements. Any facility which sells or transfers beds may not expand its bed capacity within that licensure category for five years from the date of relinquishment. If an agreement is reached by the selling and purchasing facilities, then a CON should be issued upon surrender of a seller's license. If an agreement is not reached, the Committee must permit an expansion as follows:

- A facility may expand its bed capacity within the same licensure category by 25%;
- A facility may expand its bed capacity in a different licensure category by up to 10%.

Any licensed RCF or SNF may relocate licensed beds to another facility if both facilities are under the same ownership. An independent living facility may apply to buy beds by submitting a plan the Division of Health Standards and Licensure; obtaining a temporary license; obtaining authorization based on need; working with the Committee to identify a seller; obtaining a CON; and applying for licensure of the purchased beds.

A definition is provided for "independent living facility" (Section 197.318).

Currently, the Department of Health and Senior Services must inspect long term care facilities twice per year. This act lowers that number to one unannounced inspection per year, unless violations occur (Section 198.022).

SB 1035

SENATE SPONSOR Yeckel

4072S.01I

SB 1035 This Act revises a number of provisions relating to lobbyists, the Missouri Ethics Commission and campaign finance disclosure.

Lobbyists shall no longer be required to include expenditure categories for printing and publication expenses, media and other advertising expenses, and honoraria on their monthly reports (Section 105.473).

Lobbyist expenditure reports shall not include any payment to public officials, their families or staff if it is compensation for employment in addition to employment as a public official (Section 105.473). The act repeals the law making lobbyist requirements inapplicable to union members not acting as lobbyists for the union (Section 105.475).

After a finding of probable cause, the Ethics Commission may settle certain non-criminal complaint cases without a hearing for a fee of not more than \$1,000. Currently, after a finding of probable cause, the Commission must hold a hearing (Section 105.961).

The act changes the amount from \$250 to \$275 that an individual may contribute to a candidate or committee before certain disclosure laws apply (Sections 130.011 and 130.016). A committee or candidate may file its statement of organization within 30 days of the election (Section 130.021).

Current law provides that a continuing committee must file required disclosure reports no later than the seventh day before an election. This act changes the filing date to no later than

the eighth day before an election. When no disclosure reports are required, a committee treasurer must file a statement indicating that the committee has no exceeded thresholds for that reporting period (Section 130.046).

As a technical matter, the act moves the provisions regarding nominee compliance and late fees from Section 130.050, RSMo, to Sections 130.062 and 130.063. The act also moves provisions related to out-of-state committee contribution or expenditure reports from Section 130.050 to Section 130.049.

Any fees collected for the late filing of campaign disclosure reports must be deposited to the credit of the county school fund pursuant to Section 166.131, RSMo (Section 130.056). Current law provides that a person must "purposely" violate the provisions of Chapter 130, RSMo, to be guilty of a Class A misdemeanor. This act changes the standard to "knowingly" (Section 130.081).

This act is identical to HB 1326 (2002).

SCS/SB 1040 - This act requires approval of a plan of development by majority vote of the governing body of a municipality when revenue bonds are to be issued for an industrial development project.

Such project plan shall include, in addition to the current law, the following information:

- (1) A statement identifying each taxing district affected by such project;
- (2) The most recent equalized assessed valuation of the real property and personal property included in the project, and an estimate as to the equalized assessed valuation of real property and personal property included in the project after development;
- (3) An analysis of the costs and benefits of the project on each taxing district; and
- (4) Identification of any payments in lieu of taxes, contributions, grants or other payments of any nature whatsoever expected to be made by any lessee of the project, and the disposition of any such payments by the municipality.

The act requires a public hearing, with notice provisions, to hear and consider the proposed plans and any objections.

Industrial development projects are considered new construction for the purposes of Section 137.073, relating to property tax assessments.

SB 1052

SCS SB 1052

SENATE SPONSOR Sims

4144S.09C

SCS/SB 1052 - This act defines and regulates assisted living facilities in the state.

A notwithstanding clause is added to change the term "residential care facility" I or II to "assisted living facility" I or II (Section 198.005).

New definitions are added relating to Alzheimer's disease and assisted or independent living (Section 198.006). Section

198.014, RSMo, is repealed. Current law requires licensure of long term care facilities and allows a license to be issued for up to two years. This act reduces that time period to eighteen months (Section 198.015).

A new section allows continuing care retirement community residents to request assistance with medications, which must be stored in the resident's room. The Department may develop rules for the administration of medication. Within the rules, the Department must ensure that assisted living programs promote resident independence. Programs must ensure general supervision of residents. Supportive services may be provided by the facility or the resident may contract with other providers (Section 198.016).

Currently, Section 198.073, RSMo, imposes a pathway to safety law for Alzheimer's patients in assisted living facilities I and II (ALF). This act removes provisions which prohibit ALFs from admitting or retaining individuals who are incapable of negotiating a pathway to safety. New language allows an individual to be a resident of a ALF I or II if the facility:

- Provides for appropriate services;
- Employs the appropriate number of 24-hour staff at the appropriate skill level;
- Has a written plan for the protection of residents in the event of a disaster; and
- Has written verification from the resident or his or her representative and the resident's physician that the facility will meet that resident's needs.

Certain references to pathway to safety are removed. Assisted living facilities may continue to care for individuals with dementia if the facility:

- Adheres to fire codes;
- Takes measures that allow the resident to explore the facility;
- Counts as three residents each resident with dementia who requires physical assistance of two people;
- Assesses every resident with dementia with a community-based services assessment tool
- Develops an individualized service plan for the resident with dementia;
- Uses a personal electronic monitoring device for such residents;
- Complies with training requirements;
- Make activity programs available; and
- Develop a plan to protect.

SENATE SPONSOR Bentley

3949S.03I

SB 1053 - This act allows the payment of incentives to early childhood education professionals based on education level. A new Section 160.277 allows the creation of two pilot projects, subject to appropriations:

1. The "WIN Project" will be administered by the OPEN (Opportunities in Professional Education Network) initiative with funding from the Department of Elementary and Secondary Education (DESE). The Project will be conducted in four rural counties for four years.

2. The "TEACH Project" (Teacher Education and Compensation Helps) will be administered through the MOCCRRN (Missouri Child Care Resource and Referral Network) with funding from DESE.

Subject to appropriations, DESE must award funds to the OPEN Initiative to implement the WIN Project, which will make incentive payments to encourage career development for early childhood education professionals. Payments will be made to early childhood professionals if they meet certain criteria regarding employment. Payments will range from \$500 to \$2500 annually, based on education. The term "early childhood education professional" refers to individuals providing early childhood education for children birth through age eight in center-, home-, school-, and Head Start-based settings.

Subject to appropriations, DESE must award funds to MOCCRRN to implement the TEACH Project, which will provide scholarships to early childhood professionals who meet certain criteria. The scholarships will pay up to ninety percent of school-related expenses and will be renewable.

By December 31, 2006, the Department must report to the General Assembly on the effectiveness of the pilot projects.

SB 1056 - This act requires informed consent at least twenty-four hours before an abortion. The current language of Section 188.039, RSMo, regarding consent is deleted. Except in an emergency, new language requires a physician to confer with the patient at least twenty-four hours before an abortion

regarding the benefits and risks of the procedure. For an abortion induced by drugs, the conference must take place at least twenty-four hours before prescribing the drugs. The patient must be screened for risk factors prior to or during the conference. As the conference concludes, the physician and patient must sign a consent form, certifying the screening and discussion. The form will become part of the patient's medical file and will remain confidential. The Director of the Department of Health and Senior Services must develop a model consent form for physicians, however, lack of a model form will not affect the physician's duties to obtain consent.

This act is identical to HB 913 (2001).

4150S.06P

SS/SCS/SB 1059 - This act generates numerous modifications to the state's education policy.

SECTION 160.720 - This section asserts that the Governor will recognize schools (as identified by DESE) that demonstrate high

student achievement and designate such institutions as 'performance' schools. Said performance schools (or districts) will be eligible for waivers of certain administrative rules that result in a meaningful reduction in administrative burden.

The Department of Elementary and Secondary Education will identify as 'priority' those schools, or school districts, that are either: academically deficient; unaccredited; provisionally accredited; or not meeting any of the accreditation standards on student performance based upon the statewide assessment system. In order to address these areas of deficiency, the Board of Education of any priority school district will submit an accountability compliance statement to DESE on or before August 15 that: identifies and analyzes areas of deficiency in student performance by school, grade and academic content area; provides a comprehensive strategy for addressing these areas of deficiency; assures disclosure of deficiency areas in the school accountability report card; and annually reviews the sections of the Safe Schools Act that pertain to school discipline and ensure that the school district's policies are consistent with those sections. However, the act allows the St. Louis city district, which has a desegregation settlement academic improvement plan, to submit that plan for review so that elements that occur in the accountability compliance plan and the desegregation academic improvement plan can be reviewed by the department to prevent duplication of effort.

The comprehensive strategy for addressing these areas of deficiency will include: aligning curriculums to address areas of deficiency; focusing professional development funds on the areas of greatest academic need; establishing school accountability councils; developing a resource reallocation plan for the district while considering the need to implement applicable strategies for the feeder schools of said priority districts; and creating programs to improve teacher and administrator effectiveness. Further, the comprehensive strategies will develop for any student who is not already receiving special education services and is performing at the lowest level of proficiency in any subject area under the statewide assessment an individual performance plan in that subject area which will: be developed by teachers in consultation with the child's parents or guardian; outline responsibilities for the student, parent or guardian, teachers and administrators in implementing the plan; and require those students performing at the lowest levels of proficiency in any subject area be provided with additional instruction time before they retake the assessment.

School districts shall include in any program for improvement of teacher and administrator effectiveness policies that require participation in one of the following professional development programs: an appropriate mentoring program or supervision by an individual previously designated by DESE as a regional resource teacher; successful completion of a training program for certification as a scorer under the statewide assessment program; enrollment and making adequate progress toward national board certification. One additional year of

intensive professional development assistance shall be offered to teachers and administrators who do not complete or make adequate progress in the aforementioned professional development activities. Exempt from this process are individuals who either: hold qualifying scores in the appropriate professional assessment or elect to take and receive a qualifying score on that assessment; hold national board certification; are certified as a scorer under the statewide assessment program; are designated by DESE as a regional resource teacher; serve as a mentor teacher for one school year in a program meeting standards adopted by the state board of education; or complete successfully an appropriate administrator academy program.

Any resource reallocation plan must include at least one of the following elements: reduction in class size for areas of academic concern; establishment of full-day kindergarten or preschool programs; establishment of after-school, tutoring and other programs offering extended time for learning; employment of national board-certified teachers or regional resource teachers, along with appropriate salary enhancements for such teachers; establishment of programs of teacher home visitation; or the creation of "school within a school" programs to achieve smaller learning communities within priority schools.

The Department of Elementary and Secondary Education will develop a program of administrator mentoring which focuses on the needs of priority schools and priority school districts.

The Department of Elementary and Secondary Education will withhold state funding to any district until that district submits an accountability compliance statement.

SECTIONS 160.011, 160.051, 160.530, 161.092 and 166.260 - These sections allow public schools to establish family literacy programs. Additionally, the act adds funding for family literacy programs to the priority list of "statewide areas of critical need for learning and development" and makes family literacy personnel eligible to receive a portion of the funds already allocated to address said statewide areas of critical need for learning and development. Also, this act allows local boards of education to include family literacy programs in the "child at-risk in education programs" which utilize moneys already distributed to school districts by means of the state aid formula.

The act mandates that, starting in fiscal year 2005, a portion of the state school aid appropriation to the Department of Elementary and Secondary Education (DESE) shall be distributed by DESE to establish and fund family literacy programs in school attendance centers declared academically deficient or school districts declared unaccredited or provisionally accredited. This amount shall be the lesser of either:

- 5% percent of any increase from the total line 14 revenue compared to the total line 14 revenue amount distributed to all school districts in fiscal year 2004; or
- 1.5% percent of the total line 14 distribution.

DESE will promulgate rules for the distribution of these family literacy funds.

Additionally, the act requires the State Board of Education to make an annual report to the General Assembly and the Governor concerning coordination with other agencies and departments of government that support family literacy programs.

SECTION 160.518 - This section expresses that the state board of education shall identify one or more preexisting developmentally appropriate alternate assessments for students who receive special educational services. Students with disabilities who are not able to participate in the general assessment as determined by the student's individualized education program teams and who either function at an academic level at least four grade levels below that student's level on the general assessment based on the student's age or possess an Intelligence Quotient (IQ) between 50 and 70 shall be eligible to participate in the alternative standardized assessment. The primary skill area to be assessed by the alternative standardized assessment shall be independent living skills, which includes how effectively the student addresses common life demands and how well the student meets standards for personal independence expected for someone in the student's age group, sociocultural background, and community setting.

SECTION 168.400 - This section states that the Department of Elementary and Secondary Education shall promulgate rules to allow all teacher education students who have been employed for at least two years as teacher assistants to utilize their teacher assistant experience to bypass the practice teaching evaluation and observation process. These rules shall allow the certified teacher working with the teacher assistant to observe and evaluate said teacher assistant's practice teaching.

SECTION 170.014 - This section prescribes that all public schools offer explicit systematic phonics instruction in grades kindergarten through three as a significant component of their reading program and also asserts that no teacher shall be certified (on and after July 1, 2005) to teach reading in public schools in grades kindergarten through three, either as a reading specialist or as a classroom teacher, unless that teacher has successfully completed instruction in explicit systematic phonics at the university or college level.

SECTION 1 - This section limits the ability of the state board of education and the department of elementary education to promulgate rules concerning the implementation of the federal "No Child Left Behind Act".

SB 1060

SCS SB 1060

SENATE SPONSOR Westfall

4139S.03P

SCS/SB 1060 - This act revises the fees to be collected by certain county collectors for all current and delinquent taxes collected as compensation for mailing the statement and receipts. County collectors in counties not having a township organization are also authorized to collect a certain percentage of fees for the collection of taxes on behalf of the county. The act increases the additional fee from five to seven percent for collection of delinquent and back taxes to be collected from the taxpayer in all counties except St. Louis, St. Charles and Jackson counties and the City of St. Louis. A county collector can accept credit cards as a form of payment for taxes, but shall not add a surcharge in excess of the actual fees charged by the credit card bank.

In all counties except St. Louis, St. Charles and Jackson and the City of St. Louis, the county shall establish a "Tax Maintenance Fund". Two percent of the fee collected for delinquent and back taxes shall be deposited in the fund and shall be used by the collector to fund additional costs and expenses incurred by the county collector. The act provides limits on the amount of money that can remain in the fund at the end of each fiscal year. Any money in excess of that limit shall be transferred to the general revenue fund of the county.

A similar "Tax Maintenance Fund" shall be created in third and fourth class counties adopting a township organization that have a county treasurer ex officio collector.

This act allows for the combination or separation of the offices of county circuit clerk and county recorder in third class counties, upon voter approval.

SB 1061

HCS SCS SBs 1061 & 1062

SENATE SPONSOR Rohrbach

HOUSE HANDLER Harlan

4204L.10C

HCS/SCS/SBs 1061 & 1062 - This act makes changes in the law relating to Health Services Corporations.

DEEMED APPROVAL (Sections 354.085 and 354.405) - This act holds that whenever a health service corporation submits a policy form to the Director of Insurance, and the Director does not

disapprove the form within 45 days (up from 30 days), the form is deemed approved and is not subject to disapproval for 12 months. If during the 12-month period the Director determines that any provision of the policy is contrary to statute, the Director shall notify the health service corporation of the specific provision that is contrary to statute and may request that it file an amendment within 30 days to modify the provision so that it conforms with the statute. Upon approval of the amendment by the Director, the health services corporation shall issue a copy of the amendment to each individual or entity in which the deemed policy form was previously issued. The health services corporation may issue the conforming amendment to the group contract holder so that it can distribute the amendment to its members or by including a copy of the amendment in the health services corporation's next scheduled mailing to its members. Such amendment have the force and effect as if the amendment was in the original filing or policy.

A similar procedure shall also be followed when an HMO files certain documents (pertaining to its certificate of authority with the Department of Insurance) (Section 354.405).

NETWORK ADEQUACY - This act deems a managed care plan's network as adequate if the managed care plan is:

(1) A Medicare + Choice coordinated care plan offered by the health carrier pursuant to a contract with the federal centers for medicare and medicaid services;

(2) A managed care plan that has been accredited by National Committee for Quality Assurance (NCQA), and such accreditation is in effect at the time the access plan is filed; or

(3) The managed care plan's network has been accredited by the Joint Commission on the Accreditation of Health Organizations at a level of accreditation without type I recommendations or better. If the accreditation applies only to a portion of the managed care plan's network, only the accredited portion will be deemed adequate (Section 354.603).

INTERNET FORMS - This act allows any managed care entity to provide documents and materials to an enrollee via the entity's Internet site, instead of in printed form, upon securing a waiver from the enrollee. The enrollee may revoke the waiver at any time. This portion of the act is identical to SB 1004 (2002) (section 354.1450).

MENTAL HEALTH PARITY (Sections 376.1550) - This act requires health carriers that offer health benefit plans in this state on or after January 1, 2003, to provide coverage for mental health conditions. Mental health conditions are defined as conditions or disorders, excluding chemical dependence, defined by categories listed in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders. Coverage for mental health conditions cannot have rates, terms, or conditions that place a greater financial burden on an insured for mental health

condition than for physical health condition. This mandated benefit shall not apply to supplemental insurance policies, life care contracts, accident-only policies, specified disease policies or other specific policies. The act also repeals various provisions of law related to mental health coverage. For example, the provision which places annual and lifetime limits on alcohol and drug abuse treatment services (Section 376.827) is repealed. These provisions are similar to those contained in HB 1440 (2002).

SB 1063

SCS SBs 1063 & 827

SENATE SPONSOR Rohrbach

3935S.06C

SCS/SBs 1063 & 827 - This act creates provisions relating to insurance mandates, health data, provision of charity care and clinical trials.

EXPANDED ACCESS TO DATA - This act repeals the portion of the law which prohibits the Department of Health from disclosing the data submitted by hospitals and ambulatory surgical centers to the public. Under the current law, this raw data is not accessible to the public. The public can only receive reports or studies based upon this data. This data will now be public information in a format known as a public use data file subject to individual privacy laws.

PROSPECTIVE PRICING INFORMATION - This act also requires hospitals and ambulatory surgical centers to provide prospective pricing information regarding their most health care services to the Department of Health. The pricing data must be submitted in a format that is understandable to lay persons so that health care consumers can compare prices of future health care services.

MANDATED BENEFIT REVIEW COMMISSION - This act establishes the Mandated Benefit Review Commission within the Department of Insurance. The Commission will be comprised of the Director of the Department of Insurance, the Director of the Department of Health, 4 members of the General Assembly (2 Senate/2 House - nonvoting advisory capacity), and 6 individuals appointed by the governor with the advice and consent of the Senate (2 health insurance purchasers, 2 employers (small and large), and 2 employees who pay a percentage of their employer sponsored health insurance. The Commission must be established by October 1, 2002 (Sections 376.1575 -376.1596).

Once the Commission has been established, it must review all existing state mandated benefits and issue a report to the General Assembly by the tenth legislative day in January 2004. The report shall discuss the projected costs of all state and federal mandates and the Commission shall recommend to the General Assembly which mandated benefits should be repealed from state law.

The Commission shall also review all mandated benefits proposed by member of the General Assembly. Whenever a bill containing a mandated benefit is proposed, the Committee having jurisdiction over the proposal shall determine whether the Committee favors the proposed mandate or not. If the Committee is in favor of the mandate, the Committee may refer the matter to the Commission for its review. The Committee must review the proposed mandate and issue a report to the committee. The report must contain the social impact of mandating the benefit (see section 376.1590 for factors), the financial impact of mandating the benefit, the medical efficacy of mandating the benefit, and the effects of balancing the social, economic and medical

efficacy considerations. Once a review and evaluation of the mandated benefit has been made by the commission, the committee shall review the commission's findings. No proposed mandate may be enacted into law unless the commission has reviewed the mandate.

CHARITABLE CARE BY NONPROFIT HOSPITALS - This act requires nonprofit hospitals to adopt a community benefits plan which will evaluate how nonprofit hospitals provide community benefits and charitable care. This must be conducted by January 1, 2004. Beginning April 1, 2004, the nonprofit hospitals must submit community benefit reports to the Department of Health outlining how their institution provides community benefits. The Department of Health is authorized to assess a \$200 per day civil penalty against nonprofit hospitals who fail to submit a report. With this information, the Department of Health is required to submit an annual report to the General Assembly beginning December 1, 2004. This act authorizes the Department of Health to develop a minimum standard for the provision of charity care and community benefits by nonprofit hospitals. This minimum standard will be used to assess whether nonprofit hospitals are eligible for MoHEFA bonds, appropriations from the tobacco fund, and appropriations from the Missouri disproportionate-share hospital program (§§192.1050 - 192.1062).

THE MISSOURI HEALTH CARE COST ANTITRUST TASK FORCE - This act establishes the Missouri Health Care Cost Antitrust Task Force. The task force shall be comprised of: the Director of the Department of Insurance, the Attorney General, the Director of the Department of Health, a member representing the interests of hospitals, a member representing the interests of health carriers, and two members representing the interests of health care consumers. The task force shall conduct a study of the current status of market concentration of health care plans and hospitals in the state. The task force shall study the effect of how the consolidation of health carriers and hospitals in Missouri has translated into higher costs for health care consumers. The task force shall also study whether such consolidation has decreased access to health care consumers in various regions of the state. At the completion of the study, the task force shall submit a report of the findings of the study and recommendations for changes to the governor and the General Assembly. The report shall include recommendations for possible legislative proposals which would help ensure that there is competition amongst Missouri's health carriers and hospitals and to ensure that such markets forces provide an environment for affordable health care for Missouri's citizens. The report required by this section shall be submitted no later than April 1, 2003.

CANCER CLINICAL TRIALS - This act requires health insurance companies to provide coverage for routine patient care costs incurred as the result of phase III or IV of clinical trials undertaken to treat cancer. Entities providing clinical trial treatment must have sufficient expertise and training to treat a sufficient number of patients. There must be equal to or superior non-investigational treatments alternatives available

before providing clinical trial treatment. Clinical trial coverage shall include coverage for drugs and devices approved by the FDA, whether or not the FDA has approved the drug or device for the patient's particular condition (SB 827) (Section 376.429).

The clinical trials will only be covered if they are approved or funded by the following entities:

- 1) One of the National Institutes of Health (NIH);
- 2) An NIH Cooperative Group of Center;
- 3) The FDA in the form of an investigational new drug application;
- 4) The federal Department of Veteran's Affairs of Defense;
- 5) A Missouri institutional review board which has a multiple project assurance contract approved by the Office of Protection for the Research Risks of the NIH; or
- 6) Research entities that meet the criteria for NIH Center support grant eligibility.

Providers participating in clinical trials shall obtain the patient's informed consent for participating in the clinical trial.

COVENANTS NOT TO COMPETE - This act clarifies the use of non-compete clauses in contracts between physicians and hospitals. A new section 334.113 is created and makes covenants not to compete enforceable except when they are part of a physician's contract with a not-for-profit health services corporation as defined in section 354.010. Covenants with other health care facilities are enforceable as long as they:

1. Do not deny the physician access to a list of patients the physician had seen within a year of termination;
 2. Provide access to patient medical records with the patient's consent and in an accessible format;
 3. Provide for a buy out of the covenant by the physician at a reasonable price; and
 4. Provide that the physician will not be prohibited from providing continuing treatment to specific acutely ill patients after the contract has terminated (SB 713) (Section 334.113).

SENATE SPONSOR Childers

2600S.03I

SCS/SB 1072 - This act revises provisions relating to water permitting for aquaculture. Aquaculture is defined as the controlled propagation, growth, and harvest of aquatic organisms.

Prior to issuing a general permit or permit by rule the Director of the Department of Natural Resources must hold meetings with permit holders, applicants and the public to evaluate pollution impacts of pollutants. After the meetings the Director would draft the permit considering the comments of the meeting and post it for public comment. The Director must also concurrently post an explanation with the draft permit which shall identify types of facilities which are subject to the permit. A hearing may be requested on the draft permit.

After consideration of the comments the final permit would be issued. The time between the request for the hearing and the hearing date will not be calculated for purposed of the time frames in which a permit must be issued.

Unless requested by the facility, aquaculture facilities will not be required to obtain site-specific permits but will obtain general permits. However, facilities which materially violate the conditions and requirements of the general permit may be required to obtain a site-specific permit. The fee for aquaculture facilities is capped at \$250.

SB 1085 - This act creates the State Board of Naturopathic Medicine.

The act defines naturopathic medicine as "a system of primary health care for the prevention, diagnosis and care of human health conditions, injuries and diseases that uses education and natural substances and remedies to support and stimulate the individual's intrinsic self-processes".

The Board shall consist of six members, one of which must be a public member who has no connection with or material financial interest in the practice of naturopathy. Each member shall serve a four year term.

The act establishes requirements and procedures for the licensure of naturopaths by examination and through a grandfather provision. Also established by the act are procedures for the renewal of a license and the requirements to be met for renewal of a license, including the completion of a minimum number of hours of continuing education.

The Board has the power to subpoena witnesses and records along with the power to enforce the Board's subpoenas in circuit court.

The act creates a list of persons who are exempt from the licensure requirements.

The Board may seek discipline of a license or to deny a license to an applicant for specified causes, or alternatively issue a restricted or probated license. Further, the Board may seek summary suspension of a license upon meeting certain requirements.

SB 1086

HCS SCS SBs 1086 & 1126
SENATE SPONSOR DePasco

4417L.04C

HCS/SCS/SBs 1086 & 1126 - This act allows the cities Independence and Excelsior Springs to order the abatement of weeds and trash within five business days after notice is sent or posted on the property. If the weeds or trash are not removed within five days, the city may have them removed and the cost of removal billed on a special tax bill to be collected by the collector with other taxes assessed against the property.

The act modifies the nuisance abatement law for cities, villages, counties with a charter form of government and Cass, Platte and Clay Counties, to allow for the abatement of vacant buildings and structures open to entry.

Jefferson County is authorized to enact ordinance providing for the abatement of a number of conditions on lots or land that are considered unhealthy or unsafe and declared to be a public nuisance. The act provides for certain conditions that must be a part of the abatement ordinance. The ordinance must provide that the building commissioner shall cause the removal of the nuisance within seven days of giving notice to the owner, if such owner fails to remove the nuisance.

The act modifies provisions related to actions for temporary possession of real property filed by non-profit organizations to rehabilitate the property. Under current law, an organization petitioning for temporary possession of abandoned property must use the property for low- or moderate-income housing. This act

deletes that requirement.

Currently, in Jackson County, such organization may seek title to the property after the expiration of the one-year period following entry of the order granting temporary possession. This act provides that the organization may seek title after completing the rehabilitation work. The owner of the property may seek repossession of the property before the rehabilitation is completed. The court shall decide whether to restore possession to the owner and, if so, how much compensation is owed by the owner to the organization for the rehabilitation work.

The act provides that the organization must file quarterly reports on its rehabilitation and use of the property. Under current law, the organization was required to file an annual report.

The owner of the property may petition the court for repossession of the property. The court must determine whether the owner is able to complete rehabilitation of the property if such work has not been completed by the organization. If the court determines that the owner is unable to complete the work, then the court shall not restore possession to the owner. If the owner is able to finish the rehabilitation or it has already been completed, then the court restore possession to the owner and determine appropriate compensation to the organization.

SB 1087

SCS SB 1087

SENATE SPONSOR Gibbons

4179S.02C

SCS/SB 1087 - This act revises certificate of need law and enacts a review certification procedure for acute care facilities.

This act changes the definition of "health care facilities" by removing its reference to non-long term care related facilities and adding long term care beds or hospitals. "Health service area" is changed to refer to new institutional health services. The definition for and mention of "major medical equipment" is removed. A provision pertaining to hospital beds converted to long term care beds is contained in the term "new institutional health service" (Section 197.305).

Current law establishes the Missouri Health Facilities Review Committee. This act removes the Committee's ability to hire staff and reassigns employment decisions and oversight to the Department of Health and Senior Services. In addition, Committee members may not accept political donations from certificate of need (CON) or review certification applicants; this language replaces section 197.311, which is repealed (Section 197.310).

Current law outlines procedures to obtain a CON. The exclusion from a CON for new medical technology is removed and relocated to the review certification sections in 197.387. Section 197.366 is repealed due to expiration on 12/31/2001. Section 197.367 is repealed regarding RCFs I or II with low occupancy levels (Section 197.315).

Currently, the issuance of a CON to certain facilities is prohibited. This act includes hospital beds converted to long term care beds in the list (Section 197.317).

Currently, individuals must register as lobbyists if they are paid to support or oppose a project before the Committee. This act clarifies the use of influence on the Committee (Section 197.326).

Sections 197.375 through 197.397 contain new language regarding review certification and are similar to language contained in SB 235 (2001). This section provides definitions relating to review certification, such as "acute care facilities," "first-time services," "metropolitan statistical area," and "review certification" (Section 197.375).

Duties of the Committee are outlined, including the review and approval or disapproval of all applications for review certification. Reviews of expedited projects must be issued

within 45 days (Section 197.378). The procedure for application submission is outlined. A letter of intent should be submitted 30 days before filing an application, with certain exceptions, and a fee must accompany the application (Section 197.381).

Any person proposing a new institutional acute care service must obtain a review certification before services are offered, unless the service:

- Will replace an existing facility,
Be constructed within a permissible distance from the existing facility's boundary, and
The license of the existing facility will be terminated or transferred to the new facility.

Any person proposing to develop or offer a first-time service must obtain a review certification before services are offered, unless the service regards a piece of equipment that:

- Is a similar replacement or additional piece of equipment
and
Will be placed in the same licensed location as the previously certified piece of equipment.

At least 60 days before construction begins, an applicant must conduct a public hearing on the project. Notice must be given 4 weeks before the hearing date. Other acute care facilities in the area must be notified 30 days in advance.

Any person proposing new, not previously licensed beds to an existing hospital must obtain review certification, but allowable addition or transfer of beds will not be precluded. Any person proposing an acute care facility over \$20 million must obtain a review certification. Non-transferable certification will be granted to those meeting the health needs of the community. If costs exceed 10% of the approved amount, the Committee must consent to the increase. Applicants must submit periodic reports and the Committee may revoke certification in certain situations. A review certification may be forfeited for failure to incur any capital expenditures within 12 months. State agencies may not license, certify, or provide funds to an acute care facility without that facility first obtaining review certification, if required to do so. Review certification may not be denied based on an applicant's refusal to provide abortion services or information. Review certification may not be required for transfer of ownership in a facility's entirety or for the conversion of mobile to permanent first-time services. A review certification may be granted for less than requested in the original application. The purchase and use of new medical technology is exempted from review certification (Section 197.384).

Within 30 days of a decision, the applicant may appeal (Section 197.387). A review certification will not be required for facilities run by the state, nor for nonsubstantive projects (Section 197.390).

Reimbursement for new institutional acute care service

project costs over 10% of the initial estimate will not be paid for the first 3 years that a facility receives payments for services through Medicaid. A review certification must be granted before payment for excess project costs will be made. The Committee is given rule authority to enforce these sections (Section 197.393 and 197.397).

SB 1089 - This act creates a Life Sciences Research Program within the Department of Health. A nine member Life Sciences Research Board shall distribute grants to increase the capacity and infrastructure for, and improve the quantity and quality of, life science research in the state. The Board may make provisions for peer review panels to research and review grant proposals.

Grant recipients shall have the duty to ensure timely disclosure of their research findings to the scientific community, and to promote public availability of their inventions and other intellectual property developed in the performance of research funded by a grant award. Institutions or organizations receiving grant awards shall retain intellectual property rights, but the Life Sciences Board is authorized to adopt reasonable regulations to insure that intellectual property rights are utilized in the public interest.

The act prohibits grant moneys from being used for human cloning, abortion services, other than to save the life of the mother, or destructive human research, including the taking of organs of a living child, when the intended result is to cause serious harm to the child. "Child" is defined as a human at any stage of biological development of an unborn child from conception onward. The research projects include research and development into product safety and preventative care technologies.

This act is similar to SB 226 (2001).

SB 1091 - This act establishes the "Open Contracting Act" which prohibits public agencies from imposing certain labor requirements as conditions for performing public works.

Public entities procuring products or services or entering into contracts for manufacture of public works shall ensure that their agreements do not bind the other parties to such agreement to labor organizations. Public entities shall not discriminate against such parties who refuse to adhere to agreements with labor organizations. Public entities shall not require such parties to make their employees join or pay dues or fees to a labor organization in excess of costs already paid.

Public entities shall not issue grants or contract for construction projects requiring another party's employees join, become affiliated with, or pay more money to a labor organization. Such entities may exercise authority, as required, to prevent such action by a grant recipient or party to a contract.

Any interested party has standing to challenge agreements that violate these provisions.

SB 1107

SS SCS SB 1107

SENATE SPONSOR Childers

3922S.07P

SS/SCS/SB 1107 - This act revises the requirements to be a candidate for Ambulance District Director (Section 190.050). Procedures for changes in the number of directors in a district and the recall of directors are created (Sections 190.051 to 190.054). Any person or entity that owns an automated external defibrillator used outside of a health care facility must have a physician review all protocols (Section 190.092). The definition

of "first responder" is deleted (Section 190.092).

The State Advisory Council on Emergency Medical Service should seek to have representation from air ambulance services and at least one member of each regional EMS committee must be associated with an air ambulance service.

With certain exceptions, each ground ambulance must be staffed by two licensed emergency medical technicians (Section 190.105). Owners of a ground or air ambulance service must notify the Department of Health and Senior Services within 30 days of the sale of the service and the Department shall conduct an inspection of the service to ensure compliance with licensure standards (Sections 190.105 and 190.108). After June 1, 2003, no air ambulance provider shall be eligible for medicaid reimbursement or receive a new air ambulance license unless it demonstrates to the Department that it is accredited or applied for accreditation from a nationally recognized aeromedical transport accrediting association that was selected by the Department (Section 190.108). Application requirements for an ambulance license are revised (Sections 190.109 and 190.120). Air ambulance providers must carry a minimum of \$20 million in general liability insurance that includes coverage for damage to buildings caused by an aircraft (Section 190.120). Air ambulance aircraft and personnel must comply with all requirements to provide advanced life support level of care (Section 190.122).

The act provides that all levels of emergency medical technician may provide pre-hospital emergency patient care and continued emergency care in a health facility (Section 190.142). Provided the person meets other current requirements for a temporary license, a person not currently licensed as an emergency medical technician in Missouri may be issued a 90-day temporary license (Section 190.143). Additional causes for discipline of an ambulance license are created. Any individual whose license has been revoked twice in ten years shall not be eligible for a new license (Section 190.165).

Any settlement agreement in a contested case against a licensee must be submitted to the administrative hearing commission for its approval. Any person directly harmed by the actions of a licensee may submit an impact statement to the Commission (Section 190.172).

A patient care document must be given to ambulance personnel by a health care facility for any transfer of the patient to a different facility (Section 190.175).

Requirements regarding the reporting of certain felonies by licensees to the Department are created (Section 190.196).

The act creates procedures for the issuance and discipline of a new license category for stretcher van services to transport persons in a supine position who do not require medical monitoring or treatment other than self-administered oxygen (Sections 190.525 to 190.537). Any person who violates the provisions of Sections 190.525 to 190.527 shall be guilty of a

Class B misdemeanor (Section 190.534).

This act allows the governing body of an ambulance or a fire protection district, except for those in counties of the first class with over 200,000 inhabitants, to impose an up to one-half of one percent sales tax on all retail sales within the district following voters' approval.

The Department of Revenue will collect and distribute the revenue from the district sales tax monthly at the cost of one percent the total revenue collected. After collecting and distributing the sales tax, the board of the ambulance or fire protection district will determine its budget for the year and determine the amount of property tax necessary to fund the district. The district may then reduce the tax rate by an amount which reduces the property tax revenue by an amount equal to fifty percent of the previous fiscal year's sales tax receipts.

When the governing body of the ambulance or fire protection district receives a petition signed by at least twenty percent of the qualified voters that voted in the last gubernatorial election, calling for an election to repeal the sales tax, the governing body will submit the question to the voters.

Section 190.044, RSMo, has been deleted. This section relieved a taxpayer of the obligation to pay property taxes for ground ambulance service to both an ambulance district and a fire protection district unless certain conditions were met.

This act revises the qualifications of candidates for fire protection district directors in third and fourth class counties. A candidate must reside in the district for two years before the election or appointment. Currently, the candidate must reside in the county in which the district is located for two years.

A candidate for director in a newly formed district must reside in the district for one year before the election or appointment.

This act is similar to SBs 1138 and 993 (2002).

SB 1112

SCS SBs 1112 & 854

SENATE SPONSOR Caskey

3660S.06P

SCS/SBs 1112 & 854 This act contains provisions relating to terrorism.

JOINT COMMITTEE ON TERRORISM, BIOTERRORISM AND HOMELAND SECURITY (Section 38.050) - The Joint Committee on Terrorism, Bioterrorism and Homeland Security is created. The Joint Committee will consist of seven members each from the House and Senate. Duties of the Committee are provided. The Committee must file a report annually, beginning on January 15, 2003, with the General Assembly. The Joint Committee will expire on December 31, 2007.

EMERGENCY VOLUNTEER PROGRAM (Section 44.023, RSMo) This allows the Emergency Management Agency to activate the State Emergency Volunteer Program in the event of a disaster. Current language required an "earthquake or other natural disaster" to occur before this program could be activated.

WATER CONTAMINATION (Section 569.072, RSMo) - This act also creates the crime of water contamination. Criminal water

contamination occurs if a person knowingly introduces any dangerous agent or substance into any public or private waters of the state or any water supply with the purpose of causing death or serious injury.

HAZARDOUS MATERIALS (Section 304.370, RSMo) This section prohibits the transportation of hazardous materials through a tunnel. Violation of this section is a Class B misdemeanor. Second and subsequent violations will be a Class A misdemeanor.

WIRETAPPING (Sections 542.400-542.422) - The act also revises the wiretapping provisions to allow prosecutors to apply for an order authorizing a wiretap in a situation related to terrorism.

THEFT (Section 570.030) This section is amended to include ammonium nitrate to the list of property in this statute. This section also provides that any amount of ammonium nitrate stolen is a Class C felony.

BOMB AND BOMB MAKING MATERIALS (Section 571.020, RSMo) This section expands the list of Class C felony offenses to include an "explosive, incendiary or poison substance or material with the purpose to possess, manufacture or sell an explosive weapon.

TERRORIST THREAT (Section 574.115, RSMo) A terrorist threat is made if a person communicates a threat to "cause an incident or condition involving a danger to life" which disturbs ten or more people and for the purpose of creating an evacuation. This is treated as a Class C felony, unless an evacuation of a building is caused by a reckless disregard, then it becomes a Class D felony. Criminal negligence has been added for a standards and carries a Class A misdemeanor penalty.

SUPPORTING TERRORISM (Section 576.080, RSMo) This section creates the crime of supporting terrorism if a person knowingly provides or solicits material support for any organization designated as a foreign terrorist organization pursuant to 8 U.S.C. 1189. This is a Class C felony.

AGROTERRORISM (Section 578.008, RSMo) Agroterrorism is committed if a person purposely spreads any type of disease among crops, livestock and poultry. This is a Class D felony, unless damage exceeds ten million dollars, then it becomes a Class B felony. There is an exemption for scientific research.

CLOSING WATERWAYS (Section 306.124, RSMo) This section grants authority to the Missouri State Water Patrol, with the consent of the Director of the Department of Public Safety to close waterways in the event of any "actual or imminent man-made or natural disaster".

SUNSHINE LAW (Section 610.021) - This act adds an exemption to Sunshine Law, allowing closure of meetings and records regarding specific information on certain terrorism readiness issues. However, information regarding total costs of security

measures shall not be considered closed.

This act is similar to HCS/HB/1777.

4486L.04T

HCS/SCS/SB 1113 - The act revises provisions related to coroner's inquests. After notification of a dead body, a coroner has the discretion to issue a warrant to the local Sheriff to summon a jury for a coroner's inquest. Current law requires that a coroner issue such a warrant.

Currently, jurors are responsible for determining if a person died as the result of a felony. This act would also require jurors to determine if the felonious act was justified. Coroners are empowered to issue summons for evidence, documents and materials of substance. The jury may view the dead body by photographic, electronic or other means.

4415S.02I

SCS/SBs 1115 & 849 - This act created the crime of luring a child. A person is considered to have lured a child if:

- (1) The solicitor is 21 years old or older;
- (2) Has the intent to lure; and
- (3) Solicits a child that is under 17 or the solicitor believes the child is under 17.

There is no affirmative defense if the person solicited was a peace officer masquerading as a minor. This crime is a Class D felony. The crime becomes a Class C felony if the solicitor believes the child is less than 14 years old.

This act also creates the crime of "enticement of a child" when a person uses words, action, electronic mail, or the Internet in attempting to persuade any person less than sixteen years of age to leave home or school or persuade a child to enter an enclosed area to conceal the child from public view for the purposes of engaging in lewd, illicit or criminal conduct with the child. The penalty for enticement of a child is a Class A misdemeanor. If the person has either pled guilty or been found

guilty of violating the provisions of this act, Section 568.045, 568.050 or 568.060, RSMo or provisions of Chapter 566, RSMo, the violation becomes a Class D felony.

4598S.01I

SB 1123 - This act creates a definition for "racing shell"
and "water skiing".

This act states that a penalty fee or cancellation may only
imposed upon a person who documented a vessel with the U.S. Coast
Guard prior to August 28, 1994, if that person received at least
30 days notice that his or her vessel is required to be
registered.

This act requires all watercraft, regardless of length, to
have one wearable personal flotation device on board for each
person on board, except canoes 16 feet or more in length. This
act requires the mandatory wearing of personal flotation devices
in watercraft under 18 feet between October 15 and March 15 in
certain locations.

This act authorizes the use of a urine sample to test for
alcohol or drugs. The current boating laws only authorizes the
use of blood, breath or saliva.

This act authorizes the Water Patrol to temporarily close
state waterways in the event of a natural or manmade disaster.

This act clarifies the ski flag law by stating that the displaying of flag is optional when the watercraft is in the process of towing a person engaged in water skiing, tubing or similar activity. It also holds that no operator shall knowingly operate a watercraft within 100 feet (changed from fifty feet) of watercraft displaying such a flag.

This act authorizes the Water Patrol to arrest persons on probable cause, anywhere in the state, for a criminal violation under investigation which occurred within the Water Patrol's jurisdiction.

This act deletes the reference to 600 hours of instruction a water patrol officer must receive and replaces it with language referring to training pursuant to chapter 590.

This act requires a person to report a watercraft accident if the damage to property exceeds \$500 (up from \$200).

This provision has an emergency clause.

SENATE SPONSOR Gross

4443S.04C

SB 1133 - This act modifies provisions relating to the Missouri State Employees' Retirement System (MSEP), the Highway Employees and Highway Patrol Retirement System (HEHPRS) and the Judicial Plan.

HEHPRS: Employee leave taken by an employee without compensation pursuant to the Family Medical Leave Act may be counted as continuous service. The board is authorized to contract for provision of disability benefits to members.

The act modifies payments and method of calculation to

survivors, including surviving spouses and children under the age of twenty-one.

The act clarifies that any payments from the HEHPRS retirement system shall be subject to the collection of child support or spousal maintenance. The Highway Commission may contract with others for the provision of health and death benefits.

MSEP and MSEP 2000: Employees who have forfeited credited service may restore the forfeited service upon continuous employment for one year. The act clarifies the allowance of service credit for employees who have taken leave pursuant to the Family Medical Leave Act.

The act revises provisions relating to reemployment of retired members. Benefits would cease upon being hired in a position requiring at least 1000 hours per year. Retirees rehired prior to September 1, 2001, would receive creditable service. Retirees rehired after September 1, 2002, would not be allowed to receive creditable service for such employment or life insurance, except for retiree life insurance then in effect. Benefit restrictions for rehired retirees who are rehired between August 28, 2001, and September 1, 2002, are specified.

Eligible members who terminate employment and retire within 60 days are eligible for \$5,000 life insurance. Beneficiaries are allowed to assign life insurance proceeds. Reporting of sick leave is clarified for reporting to MOSERS. Members are allowed to designate a beneficiary for a final payment of a retirement benefit.

MSEP: Members who terminate employment on or after September 1, 2002, will no longer have the option of cashing out of the system.

MSEP 2000: The act defines responsibilities and obligations for persons employed by the Board to administer disability benefits and establishes appeals procedures. Employees may not receive creditable service in MSEP or MSEP 2000 for period in which the employee participated in a defined contribution plan of a college or university.

The beneficiary of any member who purchased creditable service shall receive a refund upon the members death and the method for calculation of the refund is provided.

JUDGES: Any judge who was a Commissioner or Deputy Commissioner of a Circuit Court prior to August 28, 1999, who has creditable service in MSEP and the judicial plan may consolidate the service under either plan or draw separate retirement benefits from each.

SB 1137

SCS SB 1137

SENATE SPONSOR Bentley

4511S.03P

SCS/SB 1137 - This act allows electronic creation and access to birth and death records.

Current law allows the State Registrar to appoint local registrars and deputies and clarifies the duties of deputies by allowing them to carry out some or all of the duties of the local registrar (Section 193.065).

Currently, a birth certificate must be filed for each live birth in this state. This act allows the individual who files the birth certificate to do so either manually or by an approved electronic process. The birth certificate of a surrogate child must list the mother and contain the personal data of the woman who physically carried the child. Upon receipt of a court order that another woman is the biological mother, the Department will issue a new certificate stating such information. The original certificate and the court order will not be subject to inspection, except upon court order (Section 193.085).

Technical changes are made in Section 193.087, RSMo. This act modifies Sections 193.115 and 193.125, RSMo, to allow forms either prescribed or approved, thus allowing for electronic filing.

Currently, a death certificate must be filed for each death in this state. This act allows those who provide medical certification to attest to the certificate by signature or by an approved electronic process (Section 193.145).

Current law allows the State Registrar to keep vital records in a variety of formats. This act requires appropriate reproduction standards. This act also allows the release of birth and death records to the state archives after a certain amount of time (Section 193.225).

Currently the inspection of vital records without permission is prohibited. This act allows the disclosure upon request of birth records over ninety years old and death records over fifty years old. The Department must make such records available over the Internet by December 31, 2004 (Section 193.245).

Currently, the fee for copies of vital records is \$10. This act raises the fee to \$13 after August 28, 2002. Allocation of the fee to the Missouri Public Health Services Fund is raised to \$3. Money deposited into the latter Fund must be used to improve the vital records system, provide Internet access to records and Internet application and registration. The Internet birth and death registration must be implemented by December 31, 2005 (Section 193.265).

Current law allows probate to begin in certain circumstances when it relates to the estate of an absent person. This act adds an individual's exposure to a specific peril of death due to an actual or suspected terrorist event to the list of circumstances. Current law also allows a presumption of death after five years and without proof otherwise. This act provides that it will be sufficient to presume a person dead at any time after that person was exposed to a specific peril of death, even if five years have not yet elapsed (Sections 473.697 and 490.620).

SB 1138

SENATE SPONSOR Childers

2505S.02I

SB 1138 - This act allows the governing body of an ambulance or a fire protection district, except for those in counties of the first class with over 200,000 inhabitants, to impose an up to one-half of one percent sales tax on all retail sales within the district following voters' approval.

The Department of Revenue will collect and distribute the revenue from the district sales tax monthly at the cost of one percent the total revenue collected. After collecting and distributing the sales tax, the board of the ambulance or fire protection district will determine its budget for the year and determine the amount of property tax necessary to fund the district. The district may then reduce the tax rate by an amount which reduces the property tax revenue by an amount equal to fifty percent of the previous fiscal year's sales tax receipts.

When the governing body of the ambulance or fire protection district receives a petition signed by at least twenty percent of the qualified voters that voted in the last gubernatorial election, calling for an election to repeal the sales tax, the governing body will submit the question to the voters.

This act is similar to SB 534 (2001).

4647S.01I

SCS/SB 1148 - This act creates the "State Property
Preservation Fund". Subject to appropriations, the fund would
pay claims for property loss for state-owned or leased buildings.

In order for the fund to make payment for property loss, a notice of coverage must be issued by the Office of Administration for the property and the state must be contractually obligated to provide insurance for such property.

The act limits the aggregate amount of money to be paid out of the fund to not exceed the cost of repairing or restoring the building or the defeasance of outstanding debt secured by the property. Payments from the fund comes only after other insurance policies have been exhausted.

The fund shall satisfy all covenants requiring the state to provide property insurance for state-owned or leased buildings.

SB 1152

SS#2 SCS SB 1152

SENATE SPONSOR Klarich

4097S.10P

SS/SCS/SB 1152 - This act revises various court administration sections, including the following:

ATTORNEY GENERAL DUTIES (Section 27.060) - This act requires the attorney general to zealously defend the constitutionality or validity of any legislative enactment, statute or constitutional provision and to not appear in court if such appearance may cause a conflict with such duty to zealously defend.

"MEGAN'S LAW" OFFENDERS (Sections 43.540 and 589.410) - This act authorizes the Highway Patrol to inform providers whether an applicant for employment is a registered offender under "Megan's Law". This act also requires the information from the registry be made available to other entities, as provided for by law.

FIRST CLASS COUNTY COUNSELORS (Sections 49.272 and 56.040) - County commissions in first class counties may adopt regulations to impose civil fine of not more than \$1000 when such regulations are authorized by a statute that prescribes a violation of the statute to be a misdemeanor. In such cases, the county counselor shall be responsible for prosecuting the violations.

SALARY COMMISSION (Section 50.333) - The act provides that the County Clerk, not the circuit clerk, shall serve as the temporary chair of the salary commission.

MARION COUNTY CIRCUIT CLERK AND RECORDER OF DEEDS (Section 59.041) - Provisions allowing the combining of the offices of the District I Circuit Clerk and Recorder of Deeds in Marion county shall expire on December 31, 2002.

COUNTY CIRCUIT CLERKS AND RECORDERS (Section 59.040 and 59.042) - Allows for the combination or separation of the offices of county circuit clerk and county recorder in third class counties, upon voter approval.

DEFINITION OF STATE AGENCY (Section 143.782) - For purposes of set-offs, the definition of state agency includes the state supreme court, courts of appeal and any circuit court of this state.

CLAIMS AGAINST SECOND INJURY FUND (Section 287.210) - This act allows an administrative law judge to appoint an impartial physician to examine, at the request of the State, upon a finding that there is no other adequate medical evidence available and necessary to second injury fund claims. The physician's fee and other reasonable costs may be assessed by the administrative law judge against any party and becomes immediately payable.

The report of a treating or examining physician may be submitted into evidence in a second injury fund claim, provided the physician is made available to the opposing party by

deposition.

MECHANICS' and MATERIALMEN'S LIENS (Sections 429.032, 429.080, 429.090, 429.120, 429.160, 429.270 to 429.460) - The act provides for mechanic's liens to be filed directly with the recorder of deeds office. Currently, such a lien must be filed with the clerk of the circuit court. The act deletes Section 478.725 concerning the filing of mechanics' liens in Marion County.

LIENS AGAINST RAILROADS (Section 429.470, 429.490 and 429.540) - The act transfers duties regarding filing of liens to the recorder of deeds. Judgement creditors are responsible for forwarding copy of judgment to secretary of state.

LIENS OF HOSPITALS AND HEALTH PRACTITIONERS (Section 430.225) - The act reenacts a section of law repealed by a Missouri supreme court decision that allows hospitals and health practitioners to obtain liens for treatment of patients for sickness or injury caused by a tort-feasor.

CHILD SUPPORT ENFORCEMENT AWARDS (Section 454.505) - The act deletes the requirement that the Division of Family Services must file all income withholding orders with the circuit clerk in child support cases.

PROTECTIVE ORDERS (Section 455.027 and 455.504) - No filing fees will be assessed to a petitioner in an action seeking a protective order. The act provides that only the petitioner can terminate an order of protection. If the order granted child custody to the respondent, then the act provides procedures for both parties to agree or object to a request for termination.

FOREIGN ORDER OF PROTECTION (Section 455.067) - The act provides that foreign orders of protection will be enforceable in state courts. The foreign order may be filed in the circuit court having jurisdiction. No fee or cost may be charged for the filing of the foreign order.

LEGAL FEES (Section 455.075) - A court may order a party to pay a reasonable amount to the other party for attorney's fees in actions seeking a protective order. Current law allows the court to order a party to pay a reasonable amount for the cost to the other party of maintaining or defending the suit, as well as for attorney's fees.

UNIFORM PROTECTIVE ORDER FORMS (Section 455.504) - The clerk of the court shall make the uniform forms adopted by the supreme court available to petitioners. Section 455.508 is deleted based on changes to section 455.504.

NOTIFICATION OF CHILD ADVOCATE (Section 455.504) - The clerk must notify the guardian ad litem of appointment immediately and give the guardian the names of the parties within 24 hours.

STATE COURT ADMINISTRATION REVOLVING FUND (Section 476.058) - Any moneys received in connection with preparation of court transcripts shall be deposited in the fund.

FOREIGN LANGUAGE INTERPRETERS/TRANSLATORS (Section 476.061) - The act provides that interpreters and translators cannot be compelled to testify to information that is otherwise attorney-client privileged. The interpreter/translator shall be allowed a reasonable fee and the act provides when that fee shall be paid by OSCA.

CLAY COUNTY CLERKS (Sections 476.270 and 483.245) - This act allows the Clay county commission to vote to pay the salaries of deputy circuit clerks and division clerks with county funds. Currently, the salaries of deputy circuit clerks and division clerks must be paid by the state.

JUDICIAL CONFERENCE (Section 476.320) - Administrative law judges of the division of workers' compensation are added to the Judicial Conference.

EXECUTIVE COUNCIL OF THE JUDICIAL CONFERENCE (Section 476.340) - The act amends the process for filling vacancies of any unexpired term.

FINE COLLECTION CENTER (Section 476.385) - This expands the Fine Collection Center to accept tickets for littering and to clarify how notice is sent to the party.

EXEMPTIONS FROM PRACTICE OF LAW (Section 484.020) - This adds the following groups to those considered exempted from the practice of law: any organization that offers prepaid legal services; any non-profit organization that provides legal services as an incidental function of their primary purpose; and any organization that has the primary purpose of providing legal services to indigent persons.

COURT FEES AND SURCHARGES (Sections 488.005, 488.012 and 488.015) - Courts may only collect surcharges authorized by local ordinance if such ordinance is authorized by statute. The supreme court shall set the amount of any surcharges and any fees and miscellaneous charges authorized by statute. The act deletes the prohibition on the court increasing the amount of any surcharge allowed by law.

ELIMINATION OF CERTAIN COURT COSTS (Section 488.012) - Certain fees for the filing of liens and for additional summons are deleted.

COLLECTION OF COURT COSTS THROUGH SET-OFF (Section 488.020) - Allows a court to collect unpaid court costs in excess of \$25 by seeking a set-off of the person's tax refund.

DOMESTIC VIOLENCE VICTIM FILING COSTS (Section 488.610) - The act adds victims of the crimes of domestic assault and stalking to the list of victims that do not have to pay any fees associated with the filing of criminal charges against the offender. Such victims also do not have to pay fees for a petition for protection order.

FAMILY SERVICES AND JUSTICE FUND (Section 488.2300) - The act provides that the judgment collected in juvenile proceedings is payable to the fund.

CRIME VICTIM'S COMPENSATION JUDGEMENT AND COUNTY FEE (Sections 488.4014 and 595.045) - The fee payable in felony and nonfelony criminal violations shall be paid upon the plea of guilty or upon a finding of guilt. Exceptions are made for certain misdemeanors.

TIME PAYMENT FEE (Section 488.5021) - The act creates the time payment fee. Courts may impose such a fee on all fines, fees or sanctions not paid in full within 30 days. The act provides for distribution of the fee to the local court, court automation fund and drug court fund.

INTERPRETER FEES (Section 491.300) - Interpreter fees for witnesses shall be allowed in juvenile proceedings and domestic violence actions.

MASTER JURY LIST (Section 494.410) - The master jury list is not a public record and cannot specifically list voter's registration and driver's license records as sources.

QUALIFIED JURY LIST (Sections 494.415 and 494.420) - The qualified jury list and petit jury list shall only be disclosed by local rule.

LEGISLATOR STANDING (Section 507.240) - The General Assembly, or its individual members, are authorized to intervene in any court action, suit or proceeding to present evidence or argument regarding the interpretation, application or validity of a legislative enactment, statute or constitutional provision at issue. An intervening member of the general assembly who leaves office during the action shall retain standing during such action.

JUDGEMENTS (Sections 511.350 and 517.151) - The act provides that judgments entered by associate courts shall be liens on real estate without the filing of a transcript judgement. The act provides that the clerks, not just circuit clerks, may furnish and enter abstracts (Section 511.510). The act deletes section 517.141 related to the treatment of transcript judgements by the clerk of the court.

STATE CONSENT TO ADA SUIT (Section 537.617) - This act grants limited consent by the state to be sued under the Americans with Disabilities Act (ADA) in state court, subject to monetary limits, which shall not include punitive damages.

TORT VICTIMS COMPENSATION FUND (Section 537.684) - This act modifies the process for filing a claim for compensation from the tort victims compensation fund. The act also authorizes procedures for the settlement of the claim prior to a hearing.

REPORTABLE DWI INFORMATION (Section 577.051) - The act clarifies what information must be reported to the Missouri State Highway

Patrol for DWI cases.

SUSPENDED SENTENCE COURT RECORDS (Sections 610.105 and 610.110) - This act allows the sealing of court records when the court imposes a suspended sentence and the person successfully completes any court-ordered probation. Once the records are sealed or closed, the arrest, charges, conviction or guilty plea cannot be used for impeachment purposes. A person will not be guilty of perjury if, in a later case, the person fails to disclose the existence of the sealed record.

SEALED CRIMINAL RECORDS (Sections 610.120, 610.122, 610.130-610.140) - This act authorizes courts to set aside criminal convictions and to expunge criminal records under certain circumstances. This act also allows expungement, however, based only upon a finding that no criminal charges have been filed against the subject for 10 years after the arrest.

This act contains the Missouri Rehabilitation and Sealed Records Act which authorizes a court to set aside a person's criminal convictions and seal a person's criminal record if such person meets certain requirements relating to criminal history and age.

The act criminalizes knowing use or release of records sealed pursuant to the act. Failure to seal or knowingly releasing such records is a Class B misdemeanor and knowing use of the records for financial gain is a Class D felony.

BAIL BONDSMAN (Section 1) - This act provides that bonds posted by a licensed bail bondsman shall be released at the time of sentence imposition.

DOUBLE-ENACTED STATUTES - The act deletes Sections 57.290 and 67.133, RSMo, that were moved to different statute numbers.

This act contains provisions that are similar to SB 637, SB 1092 and SB 1142 (2002).

SENATE SPONSOR Klindt

4706S.02C

SCS/SB 1157 - This act makes any information collected in the course of an insurance compliance audit or contained in an insurance compliance self-evaluative document privileged information unless an exception applies.

Audit documents submitted to the Director of Insurance remain property of the insurer and are not subject to disclosure under the Sunshine Law. Persons preparing the audit documents shall not be examined in civil, criminal or administrative hearings unless the documents are not privileged. The

information is not admissible as evidence in any legal action, unless the insurer expressly waives the privilege, a court requires disclosure after in camera review, or the information shows that the insurer failed to undertake action to correct noncompliance within a reasonable time. The privilege does not extend to any information that is already required to be provided to a regulatory agency or to any information that is independently obtained. A court may order disclosure of the privileged information for a criminal proceeding under certain conditions. An insurer may voluntarily submit the audit to the Department of Insurance without waiving the privilege. The privilege is deemed to be waived by the insurer 14 days after receiving a request for disclosure of a self-evaluative audit by the department or a prosecutor, unless the insurer files a petition for an in camera examination. Any compelled disclosure of an audit will not make the audit a public document.

This act is similar to HB 927 (2001).

4604S.01I

SCS/SB 1160 - This act requires the use of National Medical Support notice to enforce health benefit plan coverage required in child support orders.

Current law requires the Circuit Clerk to send notice to employers when a parent has been ordered to provide health insurance coverage for a child. Current language is deleted regarding the contents of the notice and new language requires the notice to comply with the National Medical Support Notice (NMSN) as required by federal law. All employers, unions, and plan administrators must also comply with the NMSN. The Division of Child Support Enforcement must give notice within two days of notification of the employee's hire and must also promptly notify employers when an order for medical support is no longer in effect. The notice must contain certain information and is binding on current and subsequent employers. Withholdings may not be held pending the outcome of a hearing (Section 454.606).

Currently, the clerk must also send a notice to the obligor/parent. This act requires the inclusion of a statement that the parent may contest the notice within thirty days. The parent may contest based on mistake of fact or because the parent obtained other insurance prior to issue of the withholding order (Section 454.609).

The employer must currently transfer the notice to the health insurer upon receipt. This act requires such transfer within twenty business days. Within forty business days, the health plan administrator must notify the agency whether the child is covered, the effective date of the coverage, and provide forms regarding the coverage (Section 454.615).

Currently, there are certain steps the employer must take to enroll the child in the health benefit plan. This act clarifies that the employer must withhold the amount necessary to cover the child and send it to the health plan. The child must be enrolled in the least costly plan if a plan is not already designated. If the notice is a NMSN, the health plan must provide plan descriptions and the agency and the custodial parent will select a plan for the child. If the agency does not select a plan

within twenty days, the health plan must enroll the child in its default option, if possible (Section 454.618).

Current law outlines procedures at the termination of an obligor's employment. This act requires the employer to notify the Division or agency of the obligor's location and new employer, if known (Section 454.627).

Current law also outlines procedures for COBRA coverage. This act prohibits the child from being terminated from coverage unless the insurer is given evidence that the order is no longer in effect, the child is or will be enrolled in a comparable plan, the employer eliminated health care coverage for all employees, or continuation of coverage is not chosen (Section 454.700).

This act is contained in the perfected version of SB 740 (2002).

SB 1167 - This act provides that any fire protection or emergency services district that provides emergency services to a redevelopment area shall be entitled to reimbursement from the special allocation fund in an amount of between 50% and 100% of the district's tax increment. Currently, the district must provide evidence to the municipality that any costs incurred by the district are directly attributable to the operation of the redevelopment project. Current law also provides that the district must demonstrate that the increased revenues the district receives from the project are insufficient to cover their costs to provide such services. This act removes both of these current requirements.

SB 1180

SENATE SPONSOR Jacob

4803S.01I

SB 1180 - This act makes several changes to the long-term care insurance law. This act clarifies that the term "long-term care insurance" to include any insurance policy that meets the requirements of a "qualified long-term care insurance contract", as defined in Section 7702B of the Internal Revenue Code. This act requires the issuer of a long-term care contract to state clearly in its enrollment materials whether the contract is intended to be tax-qualified, pursuant to Section 7702B. This act requires the issuer to deliver the certificate of insurance to the applicant no later than 30 days after the date of approval. This act requires the long-term care policy summary to include a statement that any long-term care inflation protection option that may be required by the laws of Missouri is not available under the policy.

This act requires issuers to provide a written explanation for a denial of coverage within 60 days of receiving a written request for an explanation from the applicant. The issuer must provide all information directly related to the denial. This act allows insurers to rescind long-term care contracts upon a showing of misrepresentation. The degree of misrepresentation that must be proven will vary, depending on the length of time the policy has been in effect (Section 376.1124). This act prohibits a long-term care contract to be field issued based on medical or health status. This act prohibits an insurer from recovering benefits paid to the policyholder when the issuer rescinds the policy. This act requires insurers to offer a

policy that includes a nonforfeiture benefit. If that benefit is declined, the issuer must then offer a contingent benefit upon lapse that will be available for a specified period of time following a substantial increase in premium rates. This act requires the Department of Insurance to promulgate rules creating the standards for nonforfeiture benefits, contingent benefits upon lapse, the length of time these benefits must run, and the extent to which premiums may be increased. The Department of Insurance must also promulgate rules regarding marketing practices, agent compensation, agent testing, penalties, and reporting practices for long-term care insurance. This act allows insurers or agents in violation of long-term care insurance requirements to be fined \$10,000 or three times the commission paid for each policy involved, whichever is greater.

SCS SB 1182

SENATE SPONSOR Singleton

4308S.04T

SCS/SB 1182 - This act modifies the law relating to health care professionals under the Board of Registration for the Healing Arts.

A new Section allows persons licensed under Chapter 334, RSMo, to apply to the Board for inactive status. Upon approval, the licensee will be placed on an inactive status list. An inactive licensee or one who has retired from the profession may not practice, except on him or herself or on immediate family but may not prescribe controlled substances. An inactive licensee may, however, continue to use his or her professional title. During an inactive period, a licensee will not be required to comply with continuing education requirements. A licensee may return to active status by notifying the Board, paying fees, and completing reinstatement requirements (Section 334.002).

Current law allows physicians to enter into collaborative practice agreements with registered professional nurses, but prohibits the Board from taking action against a physician for acts arising out of such an agreement. This act allows the Board to take action against a physician for health care services delegated to a nurse. Language allowing for the expungement of records is also clarified (Section 334.104).

SCS/SB 1184 - This act requires further accountability of first responders and emergency medical technicians (EMT).

Current law defines "first responders" and requires them to complete a course. This act requires a first responder to display proof of completion of that course in plain view of

clients of the emergency medical response agency for which the first responder works (Section 190.092).

Current law also outlines the licensure of EMTs. This act prohibits the representation of one's self as an EMT without a license and limits patient care to that which is consistent with training or ordered by a physician. This act provides for a Class C felony for violation of licensure requirements upon each offense. This act also provides for a Class A misdemeanor for any individual who employs a person who violates licensure requirements. In addition, this act adds a provision allowing patient care in an emergency situation providing pre-hospital care or during continued emergency care in a health care facility (Section 190.142).

SS/SB 1191 - This act is entitled the "Missouri Tobacco
Settlement Authority Act". The purpose of the authority is to
enter into sales agreements with the state whereby the state
sells a portion of its share of tobacco settlement proceeds.

The powers of the authority are vested in a board consisting
of the Governor, Lieutenant Governor, Attorney General, President
Pro Tem of the Senate and the Speaker of the House of
Representatives. The Governor shall be authorized to sell or
assign to the authority up to thirty percent of the state's share
of tobacco settlement proceeds.

Proceeds from bonds issued by the authority shall be
deposited in the tobacco securitization settlement trust fund.
Moneys in the fund shall be used solely for the payment of all
amounts due the state. Within the fund is a "qualified tax-
exempt expenditure account" and a "taxable expenditure account".
Net proceeds from tax-exempt bonds shall be deposited in the
former account and used to reimburse the state. Net proceeds
from taxable bonds shall be deposited in the latter account and
transferred to the state treasurer for deposit in the general
revenue fund.

Those amounts deposited in the general revenue fund shall be
used solely for implementing the program plan which provides
funds for budget purposes to fund one-time expenditures, short-

term revenue shortfalls, and to fund capital projects of any kind.

The authority shall dissolve no later than two years from the date of final payment of all outstanding bonds and the satisfaction of all outstanding obligations of the authority, except to the extent necessary to fulfill outstanding covenants or provisions with bondholders or third parties.

This act contains an emergency clause.

SB 1193 - This act establishes a District Attorney System. District attorneys shall be elected at the 2006 general election in each judicial circuit for counties that elect to be part of the system, and serve for four year terms. The District Attorney of each circuit shall receive the same annual salary as a Circuit Judge, paid by the state.

District attorneys shall prosecute all criminal actions for the circuits in which they serve. They may appoint full and part time assistants, investigators and clerical staff, who shall be paid by the county and serve at the pleasure of the District Attorney.

The act contains a schedule for reimbursement by the state for the budget of offices in the District Attorney System, ranging from 5 percent in 2007 to 50 percent in 2016 for circuits consisting of one county, and from 10 percent in 2007 to 50 percent in 2011 for circuits consisting of more than one participating county. District Attorneys shall devote full time to their offices and shall not engage in the practice of law. The act specifies a procedure for counties not having a charter form of government to join the system.

The act also revises the retirement provision to provide for Prosecuting or Circuit Attorneys in counties that elect to become part of the District Attorney System.

This act is similar to SB 592 (2001)

SB 1195 - This act creates the "County Crime Reduction Fund" which allows county commissions to create a fund to be expended for the following purposes:

- (1) Narcotics investigation, prevention, and intervention;
- (2) Purchase of law enforcement equipment and supplies for the sheriff's office;
- (3) Matching funds for federal or state law enforcement grants;
- (4) Funding for the reporting of all state and federal crime statistics or information; and
- (5) Any law enforcement related expense reasonably related to investigation, preparation, trial and disposition of criminal cases.

This act also provides that courts may consider ordering restorative justice methods if the imposition or execution of a misdemeanor sentence is suspended, and may order payment of up to \$1,000.00 to the County Crime Reduction Fund. The court may also order such a payment as a condition of probation.

This act is identical to HB 1489.

HOUSE HANDLER Koller

4670L.13C

HCS/SCS/SB 1202 - This act transfers various agencies or
 powers to a newly created Motor Carrier Services Unit within the
 Department of Transportation. This act is created to implement
 the Governor's Executive Order 02-03 (February 7, 2002) which
 transfers these agencies to the Department of Transportation so
 that commercial truck drivers can obtain licenses and other
 services from one department. The concept is often referred to
 as "One-Stop Shop".

This act transfers the motor carrier and railroad functions
 of the various entities (Division of Motor Carrier Services,
 Highway Reciprocity, and DNR (licensing of transporting hazardous
 waste) to the Department of Transportation by a Type I transfer.
 The Division of Motor Carrier and Railroad Safety and the Highway
 Reciprocity Commission are abolished. The personnel of those
 respective entities are transferred to the Department of
 Transportation. The act also transfers the Division of Motor
 Carrier and Railroad Safety Administrative Law Judge to the
 Department of Transportation (in the Senate version, the ALJ was

transferred to the Administrative Hearing Commission (AHC)). All the powers, duties and functions of the administrative law judges of the Division of Motor Carrier and Railroad Safety are transferred to the AHC.

This act also allows employees transferred to the Department of Transportation who are currently under the MOSERS retirement system to elect into the MoDOT retirement system. This election must occur within 90 days of the effective date of this act. Any election to choose the MoDOT retirement system plan will result in the forfeiture of any rights or benefits in the MOSERS plan. If the employees choose not to elect this option, the employees will remain in MOSERS plan (Section 104.805). If an election is made to join the MoDOT retirement system, the effective date for membership and transfer of creditable service shall be January 1, 2003. MOSERS shall pay to the MoDOT retirement plan an amount actuarially determined to equal the liability transferred from the MOSERS plan. No employee shall receive service credit for the same period of service under more than one retirement system.

This act also has an emergency clause and shall be effective upon passage and approval, or July 1, 2002, whichever later occurs.

SB 1205 - This act requires state agencies which are proposing rules to consider alternative compliance methods for small businesses and to prepare a small business impact statements.

The act creates the Small Business Regulatory Fairness Board. The Department of Economic Development will provide staff for the Board. The Board shall provide agencies with input regarding proposed rules, consider requests from small business owners for review of agency rules, review agency rules and make recommendations to the agency and general assembly regarding the need for a rule or legislation, conduct hearings and solicit

input from regulated small businesses and prepare an annual evaluation report to the Governor.

The Board shall consist of two members appointed by the Governor, one member appointed by the Lieutenant Governor, two members appointed by the House of Representatives, two members appointed by the senate, one member appointed by the speaker of the House and one member appointed by the President Pro Tempore of the Senate.

Small business owners may petition an agency objecting to any rule, and the agency shall forward the petition to the Board and the Joint Committee on Administrative Rules. The agency must determine whether its impact statement or public hearing addressed the actual impact on small business and will submit a written response to the Board. The agency may determine the petition warrants adoption of amended or new rules, or may determine no additional action is necessary. A small business may seek review of the agency's decision by the Board. The Board shall report its findings to the Governor and General Assembly, which may take action as appropriate.

This act is identical to HB 1753.

SENATE SPONSOR Stoll

4904S.01I

SB 1221 - This act may be cited as the "Missouri Sunset Act".

The act provides that all new programs authorized by the General Assembly will sunset six years after their effective date unless re-authorized by the General Assembly. New legislation must indicate whether it contains a program subject to this act. Legislation re-authorizing a program shall specify that the program will sunset at a date not more than twelve years from the re-authorization. Prior to the sunset of any program, the Committee on Legislative Research will evaluate the continued need of the program and develop a recommendation.

SCS/SB 1223 - The act would allow certain part-time employees of the public school retirement system who were vested as of June 30, 1997 to accrue creditable service for retirement. The SCS also makes provisions for the purchase of creditable service for the time in which the employee was part-time and who works not less than 16 hours a week and not more than 20 hours a week. Additional purchases may be paid over a period of five years or the length of whole years of creditable service acquired, whichever is longer. Part-time employment would be eligible for creditable service at the rate of one-half year of service for each school year completed subsequent to June 30, 1997.

This act contains an emergency clause.

SB 1230

SCS SB 1230

SENATE SPONSOR Gibbons

4897S.03C

SCS/SB 1230 - This act modifies provisions relating to air
ambulance services.

The law currently creates the State Advisory Council on
Emergency Medical Services and outlines its duties. This act
adds a requirement for representation on the Council by air
ambulance services (Section 190.101). Current law requires
regional EMS committees. This act requires that at least one
member of each regional committee be associated with an air
ambulance service (Section 190.102).

Currently, the law requires an investigation before the
issuance of an air ambulance license. By January 1, 2003, this
act requires the Department of Health and Senior Services to
select a nationally recognized aeromedical transport
accreditation organization with requirements equal to or better
than the Commission on Accreditation of Medical Transport
Services. By rule, the Department must develop criteria for air
ambulance services to seek accreditation. By June 1, 2003, no
air ambulance provider may receive Medicaid reimbursement unless
it is accredited or is seeking accreditation. By rule, the
Department must waive its accreditation provisions for previously
accredited air ambulance providers (Section 190.108).

Current law requires air ambulance providers to carry
insurance. This act requires each licensed air ambulance
provider to carry no less than \$30 million in general liability
insurance, including specific coverage for damage to buildings
(Section 190.120).

SB 1232 This act authorizes the filing of a petition by residents within a road district in Jasper County seeking the dissolution of the road district. If signed by a majority of the residents within the district, the county commission shall have the authority, if dissolution is felt to advance the public good, to dissolve the road. The act provides that notice of the proposed dissolution must be published in a newspaper of general circulation in the county.

If the petition is signed by at least 50 registered voters within the district, then the petition is submitted to the voters for their approval. If approved by a majority of the voters within the district, then the district shall be dissolved.

All assets and equipment of the road district shall revert to the county and any taxes levied for the district shall no longer be assessed.

This act is similar to HB 1720 (2002).

4724S.02T

SCS/SBs 1241, 1253 & 1189 - This act allows persons to receive "Breast Cancer Awareness" license plates after making an annual \$25 contribution to the Friends of the Missouri Women's Council. The contribution may be only used for breast cancer services. In addition to the \$25 contribution, the person must pay \$15 plus regular registration fees. No additional fee shall be assessed for the personalization of such plates.

This act also allows persons to receive "Delta Sigma Theta" or "Omega Psi Phi" Greek organization license plates after making an annual \$25 contribution to those organizations. In addition to the \$25 contribution, the person must pay \$15 plus regular registration fees. No additional fee shall be assessed for the personalization of such plates.

This act allows members of the Kingdom of Calontir and the Missouri Civil War Reenactors Association to receive special license plates. To obtain the plate, a person must get a use authorization statement (\$25 contribution) from the respective organizations and present the statement to the Department of Revenue at the time of registration along with a \$15 fee in addition to the registration fee and other documents required by law. Revenue collected from authorization contributions, minus any reasonable administrative cost, will be used solely for the purposes of the respective organizations. This portion of the act is similar to HB 1778 (2002).

This act prohibits the Director of the Department of Revenue from issuing specialized license plates for sponsoring organizations which raise revenues from the use of their emblems on such plates unless the organization is a governmental entity or a not-for-profit organization. Current organizations shall have until January 1, 2004, to comply with the provisions of this section. The Director shall require such organizations to verify their eligibility status.

 SB 1248

HS HCS SS SB 1248

SENATE SPONSOR Mathewson

HOUSE HANDLER Foley

4939L.13F

HS/HCS/SS/SB 1248 - This act modifies various tax collection, levy, assessment and refund procedures. The act:

(1) Requires the State Treasurer each calendar quarter to calculate an annual rate of interest equal to the average rate of return on all funds invested by the State Treasurer. This calculated interest rate will be forwarded to the Department of Revenue and other applicable agencies and will be applied to situations for which the State of Missouri pays interest to entities on various overpayments received by the state. Under current law, interest applied to most overpayments is based on the adjusted prime rate charged by banks;

(2) Allows interest to be paid on state tax refunds only if payment is delayed for more than 120 days;

(3) Requires that amnesty shall be granted for all interest and additions to tax with respect to unpaid taxes that are paid in full between August 1, 2002, and September 30, 2002; such amnesty shall not apply to persons involved in a criminal or civil litigation related to the tax liability nor to persons involved in an appeal to the Administrative Hearing Commission or a protest with the department of revenue regarding such tax liability; certain other requirements must be met; the amnesty provisions of this section apply to all taxes administered by the department of revenue, i.e. includes both sales and income taxes;

(4) Repeals the compensation to employers for timely filing of state income tax withholding;

(5) Modifies multistate allocation of corporate income for Missouri corporate income tax purposes to apply multistate apportionment principles to the same;

(6) Creates a new section with respect to affiliated groups and related entities; with respect to those parties, the act modifies the way losses and operating expenses are deducted among such parties for various types of property, including intellectual property; minimum standards are established

regarding what connections among various corporate entities constitute related parties and affiliated groups for multistate corporate income tax purposes;

(7) Eliminates interest on tax credits claimed carrybacks through amended returns;

(8) The act prohibits retailers from obtaining refunds of sales taxes without crediting the original purchasers, except that it allows over-collections of less than \$1,000 to be refunded without the higher burden of returning the funds to the purchaser; this \$1,000 threshold is an aggregate sum over a five year period. Regardless of the amount of the refund claimed, if the retailer submits amended sales tax returns showing the correct amount of gross receipts and proves that the overpaid tax was paid by the retailer and not by a purchaser, then such retailer will be entitled to a refund of the amount claimed;

(9) Increases the admission fee charged against an excursion gambling boat for each patron entering an excursion gambling boat from \$2 to \$3, one dollar of which shall be deposited in the schools of the future fund;

(10) Designates the revenue in the schools of the future fund to be used for funding the foundation formula; and

(11) Changes the adjusted gross receipts tax paid by excursion gambling boats to a graduated system. The percentage going to the local jurisdiction will remain the same at 2%; the portion going to the state will range from 14%-28%, increasing with adjusted gross receipts;

All increased revenues resulting from the changes in this act to fund the state education foundation formula.

The act contains an emergency clause.

SCS/SB 1259 - This act creates a food recovery program for restaurants to provide food to needy persons. A new Section 192.081 is created and defines the term "donor" to include restaurants, cafeterias, delis or other facilities selling food for consumption. Donors and organizations may make reasonable efforts to contact each other for the collection of food. The Department of Health and Senior Services must develop a brochure regarding food recovery and must report to the Governor, Pro Tem, and Speaker by November 1, 2003.

4657S.17P

SS#2/SCS/SBs 1279, 1162 & 1164 - This act creates several community development projects.

KANSAS AND MISSOURI METROPOLITAN CULTURAL DISTRICT - This act authorizes annual appropriations of up to \$9.8 million to fund projects undertaken and partially funded by a retail sales tax relating to the Kansas and Missouri Metropolitan Cultural District. Appropriated moneys shall only be used if the

cumulative annual sales tax revenue generated exceeds the cumulative annual appropriation. No moneys shall be appropriated until the cultural district retail sales tax is renewed or extended. Each major league sports team entering into a lease for the stadium facilities is required to contribute \$100,000 per year to the African American Community Trust Fund which is created. The fund will be administered by a board. Membership and terms of the board are specified. The Jackson County Sports Complex Authority shall establish and require compliance with a minority and women business enterprise program.

ST. LOUIS CARDINALS BALLPARK AND BALLPARK VILLAGE - This act creates the "The Sports Center Redevelopment Authority Act".

St. Louis may establish a "Sports Center Redevelopment Authority". The Authority will consist of a nine-member board of commissioners. Members appointed by the Governor shall not reside in St. Louis City or St. Louis County. Members must be Missouri residents, and the members shall elect the chair of the Authority. The Authority is granted the power of eminent domain.

When a sports center redevelopment plan is adopted by the city and the authority, for a period not to exceed thirty-five years, economic activity taxes generated within the sports center redevelopment area shall be deposited into the special allocation fund of the city for the purposes enumerated, including paying project costs and obligations.

The maximum state appropriation shall not exceed \$7 million per year for a maximum of 30 years, for debt service financing that will provide a net sum not to exceed \$100 million.

Prior to bonds being issued all parties must deposit funds or financial instruments necessary to complete the construction of the stadium into a construction fund. The awarding authority may not discriminate against bidders based on their becoming or refusing to become signatories with one or more labor organizations.

The authority shall own the naming rights to the stadium, subject to the approval of the team which shall not be unreasonably withheld. Naming rights revenues are to be expended for Authority operating costs, with reimbursement to the state if state sales tax revenues produced by the project do not meet or exceed the state's annual appropriations and if there are excess funds, they shall be transferred to the school building revolving fund.

The State Auditor shall conduct an annual audit and certify on an annual basis the amount of new state revenues generated by the redevelopment.

In the event of a strike or lockout, the team is responsible for reimbursing the state for any deficiency in the amount of revenue needed to meet the bond obligation.

The team shall provide to the state, the authority, the city

and the county satisfactory assurances as to the commencement, acquisition, construction or equipping of the mixed-use facilities, which at a minimum shall require: (1) one-half of the mixed-use facilities be substantially completed by April 1, 2011 or the team must pay \$100 million in penalties; and (2) the remaining one-half must be substantially completed by April 1, 2014 or the team must convey the property being used for the mixed-use development to the public participants.

In the event of a sale or partial sale of the team during the 30 year period of the lease, the public participants shall receive at least 12% of the profits from the sale.

The team shall bear all liability arising out of the occupation and operation of the stadium and mixed-use facilities and shall not be entitled to sovereign immunity.

ST. LOUIS BLUES - The first \$3 million of sales taxes generated by the facility would be deposited in the Specially Designated Multipurpose Facility Account. Of that amount, \$1 million would go into a Reserve Account in any year in which less than 20 NBA games are played in the facility. If no funds are expended from the reserve account by June 30, 2015, the money goes to GR and the full \$3 million would go to the Blues. If a NBA franchise tenant is obligated prior to 6/30/2015 the facility would receive an 50% of the state portion of sales tax revenues over \$3 million, the money in the reserve account is transferred to the Multipurpose Facility Account and no further deposits are made in the Reserve Account. The State Auditor shall conduct an annual audit and certify on an annual basis the amount of new state revenues generated by the redevelopment.

SPRINGFIELD - The act allows for the annual appropriation for funding of an exposition center in Springfield. Beginning in FY 2005, the state shall annually appropriate one half of the new state revenues from the redevelopment area. However, in no event shall the aggregate contribution of the state exceed \$18 million and the amount of debt financed shall not exceed \$9 million. The State Auditor shall conduct an annual audit and certify on an annual basis the amount of new state revenues generated by the redevelopment.

BRANSON - The act allows for the annual appropriation for funding of a convention center and arena in Branson. Beginning in FY 2005, the state shall annually appropriate one half of the new state revenues from the redevelopment area. However, in no event shall the aggregate contribution of the state exceed \$32 million and shall not exceed a \$1.4 million appropriation over 23 years. The State Auditor shall conduct an annual audit and certify on an annual basis the amount of new state revenues generated by the redevelopment.

TAX INCREMENT FINANCING - When a municipality seeks to use tax increment financing to redevelop areas consisting of residential and multifamily properties, the TIF proposal must be approved by the school boards of the affected districts.

LOCAL ECONOMIC OPPORTUNITIES FUND - Deleted by SA# 24.

JACKSON COUNTY RESEARCH PARK - The Curators of the University of Missouri are authorized to establish a research, development and office park in Jackson County to foster life sciences related business development. Any appropriations must comply with the provisions of Executive Order 01-10.

HISTORIC TAX CREDITS - Creates a \$60 million cap for historic tax credits beginning July 1, 2006. Provisions for apportioning the available tax credits among qualified projects are specified.

NONRESIDENT ATHLETES AND ENTERTAINERS TAX - Clarifies that nonresident athletes and entertainers are still subject to the tax even if they are employed by a business incorporated in or doing business in Missouri.

SCR 51 - This resolution asserts that the Veterans' Commission Capital Improvement Trust Fund shall be utilized with the utmost efficiency. To achieve this end, the Missouri State Auditor is requested to conduct a performance review, on an annual basis, pertaining to the efficiency in the administration of the Missouri Veterans' Commission Capital Improvement Trust Fund.

The resolution also requires the director of the Missouri Veterans Commission to report, on an annual basis, to the General Assembly the status concerning the adequacy and solvency of the Missouri Veterans' Commission Capital Improvement Trust Fund.

The resolution states that the Missouri Veterans' Commission shall neither expand upon existing programs nor further obligate the Missouri Veterans' Commission Capital Improvement Trust Fund without first considering the impact on the future solvency of the fund.

SJR 24 - This constitutional amendment, if approved by voters, excludes service resulting from elections to finish partial terms and elections held prior to December 3, 1992, from the calculation of term limits for members of the General Assembly.

Currently, members are limited to serving eight years in any one chamber of the General Assembly, but service resulting from an election prior to November 3, 1992 is not counted.

This act is identical to SJR 4 (2001).

SCS SJRs 37 & 33

SENATE SPONSOR Klindt

4777S.01I

SCS/SJRs 37 & 33 - This proposed constitutional amendment allows the Highways and Transportation Commission to conduct feasibility studies, fund, design, acquire, construct, maintain and operate toll facilities. The Commission shall fix and collect tolls for the use of all toll facilities. After the costs of paying a toll road has been paid off, the facility shall discontinue collecting fees and the facility shall become part of the state system.

The Commission may issue toll facility revenue refunding bonds for the construction of toll roads. The bonds are to be paid off from toll fees and if necessary from the state road fund. The bonds may be sold at either public or private sale. The proceeds of the bonds shall be deposited in the appropriate toll facility fund. The resolution allows the Commission to transfer moneys from the state road fund to a toll facility fund to finance the feasibility studies if there are funds available. The moneys from the state road fund shall be repaid with interest.

The Commission may enter into contracts with other entities in order to construct the toll roads. To obtain authorization from the General Assembly for any proposed toll facility, other than on interstate highway, the commission must submit a plan describing the location of the proposed toll facility along with a feasibility study. The plan shall not become effective unless the General Assembly approves it by a concurrent resolution within 45 days of the plan's submission. If no concurrent resolution is introduced within 14 calendar days of the submission of the plan, the plan shall not become effective.

Revenue generated from the toll roads shall not be included as a part of total state revenue for the purposes of the Hancock Amendment.

This resolution is similar to HJR 7 (2001).

HB 1041

SCS HB 1041

SENATE HANDLER Childers HOUSE SPONSOR Myers

2355L.01P

SCS/HB 1041 - This act authorizes the governing body of the City of Festus (Jefferson County) to place a question before the voters regarding imposition of a hotel-motel tax of between 2 and 5 percent for the promotion of tourism.

This act authorizes an increase to the hotel sales tax from six to seven percent and the food sales tax from 1 3/4 to two

percent for Poplar Bluff, Sikeston in Stoddard and Pemiscot counties. The increases must be approved by the voters of the jurisdiction. The revenue raised shall be for the purpose of funding tourism, international trade, and convention facilities.

This act allows cities with a population of less than one thousand five hundred inhabitants which have a tourism tax on transient guests to transfer forty percent of tourism funds into the city's general revenue fund and to transfer thirty-five percent into the capital improvements fund, pursuant to voter approval of the same. Under current law, twenty-five percent of the funds must be used for tourism marketing and promotional purposes. This change may only be done pursuant to voter approval.

HB 1075

HOUSE SPONSOR Nordwald

2596L.01T

HB 1075 - This act provides for an expedited procedure for landowners to acquire title to abandoned vehicles left on their property. Provided the vehicle was not stolen, the landowner may send notice of intent to acquire title to the owner or lienholder. An owner or lienholder may object to issuance of title by filing a petition for recovery of the vehicle. If no such objection is received within the thirty day notice period, the title is issued to the landowner.

HB 1093

SCS HBs 1093, et al.

SENATE HANDLER Mathewson

HOUSE SPONSOR Relford

3231S.05T

SCS/HBs 1093, 1094, 1159, 1204,1242, 1272, 1391, 1397, 1411, 1624, 1632, 1714, 1755, 1778, 1779, 1852, 1862, 2025 & 2123 - This act allows for a special license plate bearing the emblem of MO-AG Businesses. To obtain the plate, a person must get a use authorization statement (\$25 contribution) from the MO-AG Businesses and present the statement along with a \$15 fee in addition to the regular registration fee and other documents required by law. The fee for personalized license plates will not be required (Section 301.3065).

HB 1094 - This act allows for a special license plate for members of the Missouri Coroners' and Medical Examiners' Association. To obtain this plate, a person must get an emblem-use authorization statement by contributing \$25 to the Missouri Coroners' and Medical Examiners' Association and present this statement to the Department of Revenue at the time of registration. Upon presentation of the annual authorization statement and payment of a \$15 fee in addition to the regular registration fees and other document requirements, the Department will issue a license plate bearing the emblem of the Missouri Coroners' and Medical Examiners' Association, the six-point star symbol universally recognized for law enforcement, and the words "CORONERS' OFFICE" in place of the words "SHOW-ME STATE". The revenue obtained from contributions will be used for the purpose of promoting and supporting the objectives of the Missouri Coroners' and Medical Examiners' Association (Section 301.3089).

HB 1159 - This act also allows persons to receive "Delta

Sigma Theta" or "Omega Psi Phi" Greek organization license plates after making an annual \$25 contribution to those organizations. In addition to the \$25 contribution, the person must pay \$15 plus regular registration fees. No additional fee shall be assessed for the personalization of such plates. This act is similar to SB 1253 (2002)(Section 301.3086).

HB 1204 - This act allows for a special license plate for the Friends of Arrow Rock. To obtain this special plate, a person must get an emblem-use authorization statement from the Friends of Arrow Rock (\$25 contribution) and present the statement to the Department of Revenue at the time of registration along with a \$15 fee in addition to the registration fees and other documents which may be required by law. Revenue collected from authorization contributions must be used solely for the purposes of the Friends of Arrow Rock (Section 301.3092).

HB 1242 - This act allows for a special license plate bearing the words "PREVENT DISASTERS IN MISSOURI" for any person who wants to pay tribute to the disaster relief efforts made in the aftermath of the events of September 11, 2001. To obtain the plate, a person must get a use authorization statement (\$25 contribution) from the American Red Cross and present the statement at the time of registration to the Department of Revenue along with a \$15 fee in addition to the registration fees and other documents which may be required by law. All revenue derived from contributions for the plate, minus reasonable administrative costs, must be deposited and used solely for the purposes of the Missouri State Service Delivery Area Single Family Disaster Fund (Section 301.3088).

HB 1272 - This act allows for a special license plate for members of the Missouri Elks Association. To obtain the plate, a person must get a use authorization statement (\$15 contribution) from the Missouri Elks Association and present the statement to the Department of Revenue at the time of registration along with a \$15 fee, the registration fee, and other documents required by law. Revenue collected from authorization contributions, minus reasonable administrative costs, will be used solely for the purposes of the Missouri Elks Association (Section 301.3118).

HB 1391 - This act allows members, former members or parents of 4-H members to obtain a special license plate that would bear the emblem of 4-H and the words "Missouri 4-H" in place of "Show-Me State". The fee for the plate will be \$15. This act is similar to SB 737 (Section 301.481).

HB 1397 - This act allows for a special license plate for any member of the Missouri Federation of Square and Round Dancers Clubs. To obtain this plate, a person must get an emblem-use authorization statement from the Missouri Federation of Square and Round Dance Clubs (\$25 contribution) and present this statement to the Department of Revenue at the time of registration. Upon receipt of the annual authorization statement and payment of a \$15 fee in addition to the registration fee and other documents required by law, the Department of Revenue will issue a personalized license plate bearing the emblem of the

Missouri Federation of Square and Round Dance Clubs (Section 301.3096).

HB 1411 - This act allows for a special license plate for the Hearing Impaired Kids Endowment Fund. To obtain the plate, a person must get an emblem-use authorization statement (\$25 contribution) from the Hearing Impaired Kids Endowment Fund, Inc. and present the statement and a \$15 fee, in addition to the regular registration fee and other documents required by law (Section 301.3082).

HB 1624 - This act allows for a special license plate for members of the Tribe of Mic-O-Say and the Order of the Arrow and for Eagle Scouts or parents of an Eagle Scout. To obtain the plate, a person must get a use authorization statement (\$25 contribution) from the respective organizations and present the statement to the Department of Revenue at the time of registration along with a \$15 fee in addition to the registration fee and other documents required by law. Revenue collected from authorization contributions, minus any reasonable administrative cost, will be used solely for the purposes of the respective organizations (Sections 301.3093, 301.3094 and 301.3095).

HB 1632 - This act allows for a special license plate for members of the Fraternal Order of Police. To obtain the plate, a person must get an emblem-use authorization statement (for a \$25 contribution) from the Fraternal Order of Police and present the statement along with a \$15 fee in addition to the regular registration fee and other documents required by law. Any contribution received by the Fraternal Order of Police of the State of Missouri, minus reasonable administrative cost, will be used solely for the purposes of the Missouri Fraternal Order of Police (Section 301.3103).

HB 1714 - This act allows for a special license plate bearing the emblem of the St. Louis College of Pharmacy. To obtain the plate, a person must get a use authorization statement (\$25 contribution) from the St. Louis College of Pharmacy and present the statement along with any other documents which may be required and payment of a \$15 fee in addition to the regular registration fees to the Department of Revenue. The fee for personalized license plates will not be required.

HB 1755 - This act allows for a Missouri Travel Council special license plate. To obtain the plate, a person must get a use authorization statement (\$25 contribution) from the Missouri Travel Council and present the statement to the Department of Revenue at the time of registration along with a \$15 fee in addition to the registration fee and other documents which may be required by law. Revenue collected from authorization contributions, minus any reasonable administrative cost, will be used solely for the purposes of the Missouri Travel Council (Section 301.3119).

HB 1778 - This act allows for special license plates for members of the Kingdom of Calontir and the Missouri Civil War Reenactors Association. To obtain the plate, a person must get a

use authorization statement (\$25 contribution) from the respective organizations and present the statement to the Department of Revenue at the time of registration along with a \$15 fee in addition to the registration fee and other documents required by law. Revenue collected from authorization contributions, minus any reasonable administrative cost, will be used solely for the purposes of the organizations. This act is similar to SB 1189 and SCS/SB 1241 et al (2002)(Sections 301.3098 and 301.3099).

HB 1779 - This act allows for a special license plate for members of the Missouri-Kansas-Nebraska Conference of Teamsters. To obtain the plate, a person must get a use authorization statement (\$25 contribution) from the Missouri-Kansas-Nebraska Conference of Teamsters and present the statement to the Department of Revenue at the time of registration along with a \$15 fee in addition to the registration fee and other documents required by law. Revenue collected from authorization contributions, minus any reasonable administrative cost, will be used solely for the purposes of the Missouri-Kansas-Nebraska Conference of Teamsters (Section 301.3101).

HB 1852 - This act allows for a special license plate for members of the Jefferson National Parks Association. To obtain the plate, a person must get a use authorization statement (\$25 contribution) from the Jefferson National Parks Association and present the statement to the Department of Revenue at the time of registration along with a \$15 fee in addition to the registration fee and other documents required by law. Revenue collected from authorization contributions, minus any reasonable administrative cost, will be used solely for the purposes of the Jefferson National Parks Association (Section 301.3117).

HB 1862 - This act allows for a special license plate for members of the Rotary International. To obtain the plate, a person must get a use authorization statement (\$25 contribution) from Rotary International and present the statement to the Department of Revenue at the time of registration along with a \$15 fee in addition to the registration fee and other documents required by law. Revenue collected from authorization contributions, minus any reasonable administrative cost, will be used solely for the purposes of Rotary International (Section 301.3080).

HB 2025 - This act allows for a special license plate for members or alumni of Greek organizations Kappa Alpha Psi, Iota Phi Theta, Sigma Gamma Rho, Alpha Phi Alpha, Alpha Kappa Alpha, Zeta Phi Beta, and Phi Beta Sigma. To obtain the plate, a person must get a use authorization statement (\$25 contribution) from the respective organizations and present the statement to the Department of Revenue at the time of registration along with a \$15 fee in addition to the registration fee and other documents required by law. Revenue collected from authorization contributions, minus any reasonable administrative cost, will be used solely for the purposes of these Greek organizations (Section 301.3109).

HB 2123 - This act allows for a special license plate for the Friends of the Missouri Women's Council. To obtain the plate, a person must get a use authorization statement (\$25 contribution) from the Friends of the Missouri Women's Council and present the statement to the Department of Revenue at the time of registration along with a \$15 fee in addition to the registration fee and other documents required by law. Revenue collected from authorization contributions, minus any reasonable administrative cost, will be used solely for the purposes of providing breast cancer services, including but not limited to screening, treatment, staging, and follow-up services (Section 301.3084).

This act modifies the classes of vehicles in which motorists may receive a Missouri Conservation Heritage Foundation license plate (Section 301.469).

This act creates the "God Bless America" license plate. Any person desiring such a plate shall pay \$10 to the WWII Memorial Fund. The person shall also pay an additional \$15 fee to the Department of Revenue in addition to regular registration fees. This provision is identical to SCS/SB 960 (2002).

This act prohibits the Director of the Department of Revenue from issuing specialized license plates for sponsoring organizations which raise revenues from the use of their emblems on such plates unless the organization is a governmental entity or a not-for-profit organization. Current organizations shall have until January 1, 2004, to comply with the provisions of this section. The Director shall require such organizations to verify their eligibility status. This act restricts the emblem-use authorization fees to be only used for the organization's charitable mission. Special license plates sponsored by such organizations shall only be issued if the director receives 100 applications or if the organization pays the "start-up" costs of such plates and the director receives at least 10 applications. This provision is similar to one contained in SCS/SB 1241 et al (2002).

 HB 1094

SCS HBs 1093, et al

SENATE HANDLER Caskey

HOUSE SPONSOR Relford

3232L.01P

HB 1094 - This act allows for a special license plate for members of the Missouri Coroners' and Medical Examiners' Association. To obtain this plate, a person must get an emblem-use authorization statement by contributing \$25 to the Missouri Coroners' and Medical Examiners' Association and present this statement to the Department of Revenue at the time of registration. Upon presentation of the annual authorization statement and payment of a \$15 fee in addition to the regular registration fees and other document requirements, the Department will issue a license plate bearing the emblem of the Missouri Coroners' and Medical Examiners' Association, the five-point star symbol universally recognized for law enforcement, and the words "CORONERS' OFFICE" in place of the words "SHOW-ME STATE".

The revenue obtained from contributions will be used for the purpose of promoting and supporting the objectives of the Missouri Coroners' and Medical Examiners' Association.

HB 1134

HCS HBS 1134, 1100 & 1559

SENATE HANDLER Foster

HOUSE SPONSOR Relford

2694L.02P

HCS/HBs 1134, 1100 & 1559 - This act creates a cost-share incentive program to promote sustainable forestry practices on tracts of at least 40 acres for up to 50% of the costs of the forest management activities, such as protecting water quality, ensuring efficient use and availability of forest resources. This program is limited to \$5,000 per year for each individual enrolled in the program. Lands designated as forest croplands are not eligible.

The act also makes it a Class A misdemeanor to knowingly release swine to live in a wild state, public or unfenced private land. Hogs not conspicuously identified by ear tags may be

killed without liability on public lands or on private lands with the permission of the landowner.

This act also requires anyone convicted of illegally taking or possessing an antlered deer to remit to the Conservation Commission an amount ranging from \$1,500 to \$7,500, depending on the deer's Boone & Crockett score. Resident landowners on their own property and individuals guilty of minor tagging or checking violations are exempt. The commission may allocate up to 25% of the funds for grants that promote anti-poaching activities. Courts are required to notify the commission if anyone fails to appear at a hearing or pay a fine for taking wildlife illegally. The commission may consider this information in permit suspension, revocation, or denial actions.

SCS/HBs 1141, 1400, 1645, 1745 & 2026 - This act designates various portions of the state's highways and bridges in honor of specific individuals.

This act designates a portion of Interstate Highway 55 from mile marker 129 to mile marker 135 as "Trooper James Froemsdorf Memorial Highway" (Section 227.319).

This act designates the bridges spanning ditch number 2 on portions of Interstate Highway 55 and two-lane Highway J at mile marker 16, as the "Sergeant Rob Guilliams, Missouri State Highway Patrol, Memorial Bridge" (Section 227.326).

This act designates a portion of Interstate 44 as the "Henry

Shaw Ozark Corridor". This act is similar to SB 950 (2002)(Section 227.323).

This act designates a portion of U.S. Highway 63, from the southern city limits of Houston, south to State Route Z in Texas County as the "Trooper Kelly L. Poynter Memorial Highway" (Section 227.329).

This act designates the Missouri River Bridge located on Route 364 connecting St. Louis and St. Charles Counties as "Veterans Memorial Bridge" (similar to SB 775(2002))(Section 227.321).

This act designates the portion of U.S. Highway 136 in Harrison County, from the eastern city limits of Bethany to the Harrison-Mercer County line, as the "Babe Adams Highway" (Section 227.317)(similar to SB 1270 (2002)).

This act designates the portion of Highway 72 in Iron and Madison County the "Sergeant Randy Sullivan Memorial Highway" (Section 227.333).

This act also makes the Missouri Fox Trotting Horse the official state horse of Missouri (SB 1103 - Section 10.140).

HB 1143
SCS HCS HB 1143

HOUSE SPONSOR Rizzo

2927S.12C

SCS/HCS/HB 1143 - This act makes various modifications relating to tax credits for distressed communities. With regard to the Rebuilding Communities and Neighborhood Preservation Act,

the act:

(1) Expands the definition of "eligible residence" to include condominiums, entire apartment buildings, or single apartments within an apartment building;

(2) Expands the definition of "new residence" to include condominiums, owner-occupied units, or other units intended to be owner-occupied in multiple unit structures or as separate adjacent single-family units regardless of whether or not these units are located in a distressed community;

(3) Expands the definition of "project" to include the new construction, rehabilitation, or substantial rehabilitation of multiple residences, whether comprised of one structure containing multiple single-family residences or multiple individual structures, in addition to single residences;

(4) Increases the value of the eligible residence tax credit from 15% of eligible costs up to \$25,000 to 20% of eligible costs up to \$40,000;

(5) Increases the value of the qualifying residence tax credit from 15% of eligible costs up to \$40,000 to 20% of eligible costs up to \$40,000;

(6) Limits the tax credits available for the rehabilitation and construction of residences in distressed communities and census blocks to \$1.5 million for projects commenced after August 28, 2002. Under current law, of the \$16 million in community improvement tax credits allowed, \$8 million are to be allocated for eligible residence programs and \$8 million for qualifying residence programs. The act states that if, by October 1 of the calendar year, the Director of the Department of Economic Development has issued all \$8 million of the credits allowed for one of these programs and has not issued the entire \$8 million allowance for the other program, the Director is required to reallocate 70% of any unused tax credits from the program which has not reached its \$8 million cap to the one which has. The reallocated credits will be given to taxpayers who have applied for, but have not received, tax credits in that same year and who are engaged in projects in the area where the tax credit cap has been met for that same year. The maximum reallocated tax credit for any project may not exceed \$500,000;

(7) Allows one application for tax credits to be submitted to the Department for preliminary approval in the case of projects involving the new construction, rehabilitation, or substantial rehabilitation of more than one residence. Tax credits will be awarded upon final approval of an application and presentation of acceptable proof that substantial construction of each individual residence has been completed, rather than delaying issuance of the tax credits until the entire project is substantially complete; and

(8) Expands the definition of "distressed community" as it relates to tax credits for investment in or relocating a business

to a distressed community by reducing the population requirement for certain census block groups from 2,500 to 500 and by increasing the median household income threshold for municipalities not located in a metropolitan statistical area.

The act also requires the Department of Economic Development to designate one enterprise zone in Wright County and one in Pulaski County.

Finally, the act prohibits interest from accruing retroactively on an overpayment of taxes resulting from the carryback to prior years of a tax credit.

This act authorizes the City of Springfield, in cooperation with the Director of the Department of Economic Development, to designate one satellite zone within the City. The Director must approve the City's overall plan for enterprise zone and satellite zone use prior to the designation.

This act authorizes removal of property from the Springfield Community Improvement District, or relocation of property from a certain zone of designation in the CID to a different zone. A public hearing must be conducted and approval by the board. The district must be able to meet its financial obligations without the revenues from the proposed portion to be removed.

This act also creates the "Riverfront Development District Act". This allows the port authority to establish a riverfront development district by resolution. The port authority is given the power to carry out and effectuate the purposes of this section, including the ability to loan proceeds, make expenditures and enter into agreements.

The definition of "new residence" has been changed to allow Christian and Green counties to receive tax credit incentives to construct low income housing.

This act makes various changes to economic development programs relating to distressed communities and small business investment tax credits.

The act:

(1) Changes the definition of a community development corporation to stress industrial, economic, entrepreneurial, commercial and civic development of projects that benefit low-income individuals and communities;

(2) Lowers the investment requirement of principal owners of Missouri small businesses eligible for investment from 50% of the business to 35% of the business;

(3) Eliminates the designation of a "target area" for purposes of identifying areas of poverty by the Department of Social Services;

(4) Increases the maximum percentage of investment

ownership allowed in a small business to qualify for a tax credit from 50% to 65%;

(5) Reduces the time period requirement for investment in a small business from 5 years to 3 years and excludes any sale, change of control, or the going public of a business from the minimum period of time for investment for purposes of the small business investment tax credit program;

(6) Reduces the percentage of employees required to be located at a business contained within distressed communities from 75% to 60% and increases the maximum number of employees at a business contained within a distressed community from 100 to 150 to qualify for the distressed communities tax credit program;

(7) Allows the leasing of certain technology equipment to qualify as an expense for purposes of obtaining a tax credit;

(8) Increases the allowable tax credit percentage of the amount of qualified contribution to a qualified fund for purposes of tax credits for contributions to innovation centers from 50% to 75%;

(9) Allows any unused credits for these tax credit programs from the previous year to be added to any statewide caps for these programs in future years;

(10) Expands the availability of follow-up capital to include businesses which have previously received follow-up capital within the last 3 years for purposes of tax credits for contributions to innovation centers;

(11) Requires the Department of Economic Development to pursue a revocation of the tax credits only from the original applicant for the tax credit.

This act also provides that the Kansas City Housing Authority shall be composed of seven members (6 appointed members and 1 elected from the tenants of housing authority). The appointed members will be nominated by a committee and appointed by the mayor. The Tenant Commissioner election will be conducted by a resident organization. Each commissioner shall serve a term of 4 years. At the beginning, the appointed members will serve staggered terms. Each commissioner will receive a stipend of \$200 per month in addition to costs. A quorum shall consist of a minimum of four members.

HB 1150

SCS HCS HBs 1150, 1237 & 1327

SENATE HANDLER Gibbons

HOUSE SPONSOR Bray

2610S.06C

SCS/HCS/HBs 1150, 1237 & 1327 - This act authorizes the Department of Revenue (DOR) and the Administrative Hearing Commission (AHC) to abate all or part of the tax liability of a taxpayer in certain situations, including those situations in which:

(1) The taxpayer fails to collect, account for or pay a tax which others in the same industry or occupation also failed to pay, perhaps due to miscommunication between DOR and a specific industry or profession about the taxability of a certain event or transaction;

(2) The taxpayer does not have sufficient ability to pay the entire amount of the tax due; or

(3) Collection of the tax would undermine compliance with the tax laws.

The act directs that in situations where DOR or the AHC grant this type of relief to a taxpayer, the application of the tax at issue shall be prospective for that taxpayer, such that the taxability of the event or transaction begins after the DOR or AHC decision on the issue. In order to qualify for whole or partial abatement, a taxpayer must agree to several conditions set forth in the act, such as paying his or her own attorney fees and expenses. The taxpayer has a right to rely upon agreements made by the Department of Revenue pursuant to the act.

A tax amnesty program is authorized by the act for penalties, additions to tax, and interest on delinquencies which occurred prior to December 31, 2001. To be eligible for the program, a taxpayer must submit and pay all unpaid taxes due between August 1, 2002, and September 30, 2002. All new revenues resulting from the tax amnesty program will be deposited in the State School Moneys Fund, unless otherwise earmarked by the Missouri Constitution, or unless they are revenues not belonging to the state. The tax amnesty program is subject to an emergency clause.

Finally, this act creates the "Simplified Sales Tax Administration" in Missouri, as found in SB 1154. The administration shall consist of seven members, one of which will be selected by the Governor, two selected from each of the majority leaders of the House and Senate, and one from each of the minority leaders of the House and Senate.

The administration will have the duty of entering into multistate discussions for the purposes of reviewing and amending a multistate agreement concerning simplified sales and use tax processes. The administration shall report to the committee charged with reviewing tax issues annually.

The authority of the delegates to review and amend or accept multistate agreements will have no effect on the laws or obligations of this state. The approval of the General Assembly and the Governor will be required before any law of this state shall be effected by a multistate agreement.

****HB 1196****

SCS HB 1196

SENATE HANDLER Westfall

HOUSE SPONSOR Barnett

2522S.10C

SCS/HB 1196 - This act raises various fees to fund transportation projects.

MOTOR FUEL TAX - The act repeals the gas tax sunset clause and increases the tax by 6 cents.

SALES TAX - The act raises the general sales tax by 3/8 percent. Twenty percent of the revenue derived from the 3/8 sales tax shall be credited to the state transportation fund for multimodal purposes. Four percent of the increased sales tax will be deposited in Missouri Qualified Fuel Ethanol Producer Incentive Fund and the Missouri Qualified Biodiesel Producer Incentive Fund. Beginning July 1, 2005, 15% of the sales tax will be deposited in the State Road. This amount increases every fiscal year by 15% until the state road fund receives 76% of the increased sales tax.

AVIATION FUEL TAX - This act removes the cap on the amount of aviation jet tax revenues which may be deposited in the Aviation Trust Fund. Current law only permits \$5 million of the aviation jet fuel tax revenues to be placed in the fund. This act also extends the sunset on the aviation jet fuel tax section to December 31, 2008 (Section 144.805). This act also modifies the language regarding the deposit of unclaimed aviation fuel refunds. The current law states that "If any person fails to apply for a refund as provided in Chapter 142, RSMo, he makes a gift of his refund to the Aviation Trust Fund." The new language simply states that the refund amount will be deposited in such fund (section 155.080). These provisions are similar to ones contained in SB 970 et al (2002).

AGENCY DIVERSION - The act eliminates revenues that currently go to other agencies from the state highways and transportation department fund. The Highway Patrol and the Division of Motor Carrier and Railroad Safety will continue to receive funding from this fund. This section will take effect the first fiscal year following voter approval of the act.

MOTOR VEHICLE SALES TAX - Under current law, half of the sales tax on motor vehicles goes to fund transportation projects and the other half is deposited in the general revenue fund. This act diverts the portion going to general revenue to the state road fund.

REFERENDUM - This act must be submitted to a vote of the people on the first Tuesday of August 2002. If approved this act will become effective on January 1, 2003. Additional revenues not subject to Hancock restrictions. This act also requires another election in 2012 to determine whether voters want the new taxes to continue. If not, the rates will return to the level existing on January 1, 2002.

This act is identical to the perfected version of SCS/SB 915
et al (2002).

HCS/HB 1202 - This act prohibits retailers from obtaining
refunds of sales taxes without crediting the original purchasers.

The restriction will not apply if the person seeking the
refund shows to the director's satisfaction that he or she
originally paid the tax and that it was not collected from the
purchasers or if the amount of refund or credit request does not
exceed \$1,000 in the aggregate over any five-year period.

The act also allows a retailer to submit a plan to the
Department of Revenue to provide a process for refund that
generally distributes any refund that cannot be returned to the
original purchaser through a fixed value coupon to future
customers.

All additional revenues generated from the substitute will
be deposited in the State School Moneys Trust Fund.

3308S.02T

SCS/HBs 1205, 1214, 1314, 1320, 1504, 1788, 1867, 1869 -
This act allows for several new special license plates.

This act allows a special license plate for members of the Civil Air Patrol. To obtain the plate, a person must get a use authorization statement (\$15 contribution) from the Civil Air Patrol and present the statement and a \$15 fee along with any other documents which may be required by law. The fee for personalized license plates will not be required, and there will be no limit on the number of Civil Air Patrol license plates any person may obtain (section 301.3060).

This act allows Veterans to receive Veterans' license plates for their motorcycles. In addition to regular registration fees, the person shall pay an additional fee of \$15. This provisions is similar to SB 644 (2002) (Section 301.4000).

This act clarifies what vehicles a retired military plate may be obtained for (excludes apportioned motor vehicles) and that no limits are put on the number of plates any person may obtain. No additional fee will be charged for these plates (Section 301.441).

This act allows for a special license plate for any person serving on active duty in any branch of the military and is part of "Operation Enduring Freedom" and "OPERATION NOBLE EAGLE". To obtain the plate, individuals must furnish proof of service in Operation Enduring Freedom to the Department of Revenue along with payment of a \$15 fee in addition to the registration fee required by law. Only one set of plates may be issued per applicant. This act is similar to SB 957 (2002) (Sections 301.3090 and 301.3116).

This act eliminates the requirement that 100 requests be made for certain special license plates prior to allowing the issuance of the plates (Section 301.448).

This act allows for a special license plate for members of the Veterans of Foreign Wars. To obtain the plate, a person must get a use authorization statement (\$25 contribution) from the Veterans of Foreign Wars and present the statement to the Department of Revenue at the time of registration along with a \$15 fee in addition to the registration fee and other documents required by law. Revenue collected from authorization contributions, minus any reasonable administrative cost, will be used solely for the purposes of the Veterans of Foreign Wars (Section 301.3105).

This act allows for a special license plate for members of the Missouri Task Force One. To obtain the plate, a person must present appropriate proof of eligibility to the Department of Revenue at the time of registration along with a \$15 fee in

addition to the registration fee and other documents required by law. No more than one set of plates can be issued to a qualified applicant (Section 301.3107).

This act allows any surviving spouse of an individual who would have been eligible to obtain a United States Armed Forces, Coast Guard, Merchant Marines, Reserves, Missouri National Guard, or United States Marine Corps League special license plate to obtain the plate as long as the spouse does not remarry (Section 301.450).

This act allows Marines and Navy veterans who have participated in active duty combat action to receive a "Combat Action Ribbon" license plate. There is a \$15 fee in addition to regular registration fees. This provision is identical to the one contained in SCS/SB 745 (2002) (Section 301.3085)

HB 1270

SCS HB 1270 & HB 2032

SENATE HANDLER Westfall

HOUSE SPONSOR Gratz

2489L.01P

SCS/HBs 1270 & 2032 - This act remove Section 61.021, RSMo, which currently requires all first class county highway administrators to be Missouri residents.

This act adds a provision (Section 226.1115) which provides that if MoDOT removes any property from a road, MoDOT employees shall move the property to the shoulder or berm of the roadway, and the employees shall not use a wrecker, tow truck, or roll-back in the removal process.

Current law allows the Chief Engineer of the Department of Transportation, upon proper application, to issue special permits allowing the movement of vehicles hauling lumber products and earth-moving equipment not in excess of 14 feet wide on state and federal highways. This act removes the provision and allows vehicles hauling oversized lumber products and earth-moving equipment, without limitations, to be permitted (HB 1270 - Section 304.200).

This act requires drivers to take certain actions, including yielding the right-of-way when possible, when an emergency vehicle is approaching. This provision is contained SB 721 (2002).

Current Missouri law requires drivers to obey traffic-related signals and directions given by members of the Missouri Highway Patrol (Section 43.170, RSMo). Failure to follow such direction is a misdemeanor offense.

This act extends the reach of the current law by also requiring drivers to obey signals and directions given by sheriffs and deputy sheriffs. This provision is identical to provisions contained in SB 237 (2001).

This act creates the "Head Injury Fund" for use by the Missouri Head Injury Advisory Council. A new Section 304.028 creates the Fund for the receipt of judgments, grants, private donations, and other moneys. Such funds will be used for the integration of medical, social, and educational services and for outreach to individuals with traumatic head injury and their families. Unexpended balances will not transfer to general revenue. This section also adds a \$2.00 surcharge for violations of any county ordinance or state criminal or traffic law. Such surcharge will be deposited into the Head Injury Fund. This is substantially similar to SB 757 (2002) and SB 41 (2001).

This act also modifies the language on the Spinal Cord Injury Fund. Instead of a \$25 fee for every intoxicated related offense, a \$2 surcharge will be assessed on every violation of criminal or traffic offense. The money will be deposited in the Spinal Cord Injury Fund.

This act modifies the mental state required of a person who fails to comply with an lawful order of a police officer or fire department official from willfully to knowingly. This act includes blue flashing lights for authorized emergency vehicles. This act removes the requirement that the motorman of a streetcar stop the streetcar upon the approach of an authorized emergency vehicle. This act removes the provision of law regarding written accident reports. This act removes the exclusion that written accident reports shall not be used as evidence in a court proceeding. This act expands the rule that a driver shall not follow an emergency vehicle closer than 500 feet. The current restriction only applies to fire engines. This act removes a provision of law regarding when police officers are authorized to remove motor vehicles. These provisions are contained in SB 818 (2002).

This act requires the Director of the Department of Revenue to issue stickers or signs which bear the words "PERMIT DRIVER" to permit drivers. The sticker or sign may be affixed to the rear window of the motor vehicle by the permit driver. This language is contained in SB 930 (2002).

The act adds resisting or interfering with a detention or stop to the current crime of resisting or interfering with arrest. This act creates the presumption that a person is fleeing a vehicle stop if the person continues to operate a motor vehicle after seeing emergency lights or hearing a siren from the law enforcement vehicle that is pursuing the person. This act makes resisting or interfering with an arrest, detention, or stop

is a Class D felony. This language is similar to that contained in SB 807 (2002).

Under this act, additional court costs and driver's license suspensions will be imposed on any person failing to yield the right-of-way when the violation results in physical injury, serious physical injury, or death to a person. A person violating this act which results in physical injury will be assessed additional court costs of \$200 and may have his or driver's license suspended for 30 days. A serious physical injury results, an additional court cost assessment of \$500 and a 90 day license suspension may be imposed. If the violation leads to a fatality, an additional court costs of \$1,000 are assessed and six month license suspension may be imposed. The additional court costs are deposited in the motorcycle safety trust fund. Under this act, the enhanced penalties shall only apply to motorists who have failed to yield the right-of-way at an intersection marked with a traffic-control signal. (Clutch's Law - Section 304.351).

This act modifies the definition of abandoned property to include any motor vehicle involved in an accident whereby the law enforcement official requests such vehicle to be removed from the scene because the operator or owner is unable to arrange for the abandoned property's timely removal.

This act allows electric personal assistive mobility devices (EPAMD) to be operated on streets, highways, sidewalks and bicycle paths and grants operators the rights and duties applicable to pedestrians. Persons under 16 years of age shall not operate an EPAMD, except for an operator with a mobility-related disability. EPAMDs may only be operated on roadways with a speed limit of 45 mph or less. Such devices, however, may be used to cross roadways with higher speed limits. EPAMDs shall be equipped with lamps and red reflectors when operated during the period from one-half hour after sunset to one-half hour before sunrise. Operators of such devices shall ride the device as near to the right side of the roadway. Any person 17 years of age who violates this act shall be guilty of an infraction with a maximum fine of \$25. If a person under the age of 17 years of age violates this act, the police officer may impound the device for a period not to exceed 5 days. Cities and counties may adopt regulations or ordinances which are more restrictive than the provisions of the act with respect to speed, area of operation, and other safety measures. These provisions are similar to SB 1098 and HB 1746 (2002)(Sections 307.205 - 307.211).

This act inserts the phrase "or any other state" to Section 302.321, RSMo, so that a person operating a motor vehicle with a cancelled, suspended or revoked license by any state will be committing the crime of driving while revoked. In State of Missouri v. Rowe (January 8, 2002), the Missouri Supreme Court held that a person whose Iowa license was revoked under Iowa law was not subject to Missouri's driving while revoked law because it only applied to Missouri revocations. This section also includes county and municipal violations toward the enhanced penalty provisions of the driving while revoked law (Section

302.321).

HB 1306

HOUSE SPONSOR Williams (121)

2775L.01P

SCS/HB 1306 - This act creates the Missouri Multicultural Center and Program within the Office of the Lieutenant Governor. A new Section 26.730 is created to establish the Center and Program. The Lieutenant Governor will oversee its operation and is authorized to contract for services, up to a maximum of \$75,000 per year. The center and program may receive gifts, bequests, and other financial support. Subject to appropriations, the center and program may develop outreach services and materials. The "Multicultural Citizens Advisory Committee" is also established, to be composed of 15 members. The Committee may have one annual meeting, but may hold additional meetings by teleconference. The Committee has authority to develop rules and apply for grants related to multicultural purposes.

This act contains an emergency clause.

HB 1307

HS HB 1307

HOUSE SPONSOR Williams (121)

2774L.05P

HS/HB 1307 - This act requires any person born after August 28, 1981, to possess a boating safety identification card in order to operate a vessel or personal watercraft.

The State Water Patrol will issue the card. The card will be issued to persons who: (1) have successfully completed a boating safety course approved by the National Association of State Boating Law Administrators and certified by the State Water Patrol; (2) have passed an equivalency examination prepared and administered by the State Water Patrol; or (3) hold a valid master's, mate's, or operator's license issued by the United States Coast Guard.

The State Water Patrol may charge a fee for the card that does not substantially exceed the administrative cost of this provision. No individual will be stopped or detained for the purpose of checking to see if the individual holds a boating safety identification card. This act requires that any person convicted of certain boating offenses must enroll and complete a boating safety education course which meets the State Water Patrol's minimum standards, file proof of successful completion of the course with the court, and not operate a vessel until filing proof.

SCS HB 1313

SENATE HANDLER Foster

HOUSE SPONSOR Burton

3459S.03C

SCS/HB 1313 - The act revises the licensure procedures for physical therapist applicants who are licensed in another state. The act removes the requirement that the laws of the state in which the applicant is already licensed must be substantially equal to or greater than the licensure laws of Missouri.

Currently, the Board must deny licensure to any applicant who has failed any physical therapist licensing examination three or more times. This act allows the Board to waive such provisions if the applicant has passed a licensing exam, is licensed, and has practiced for two years in another state or territory.

This act is identical to SB 980 (2002).

HB 1338

HOUSE SPONSOR Relford

3349L.01P

HB 1338 - This act makes several changes to the process by which disciplinary action may be imposed on the holder of a certificate of license to teach or when teachers' licenses may be denied. The act adds new reasons for denial of a license or for discretionary revocation including:

- (1) Deception in obtaining a license;
- (2) Disciplinary action on an existing license from another jurisdiction;

The act adds furnishing child pornography to a minor to the list of offenses that require license revocation.

The act clarifies that the State Board of Education as well as the school district may file certain licensure charges, that cases may be settled informally by agreements or voluntary surrender of license, and that licensure decisions are subject to judicial review. The State Board of Education may refuse to issue or renew a license or may suspend or revoke a license of a person who has surrendered his or her license or has failed to renew it, for any of the grounds mentioned in this act.

****HB 1344****

SCS HCS HBs 1344 & 1944

SENATE HANDLER Caskey

HOUSE SPONSOR Crump

2838S.08C

SCS/HCS/HBs 1344 & 1944 - This act provides for the creation of a system for carrying concealed weapons and creates "Project Exile".

SECTION 50.535 - This section provides that fees collected from the issuance of permits to acquire concealable weapons or for certifications for conceal and carry endorsements shall be deposited in a county sheriff's revolving fund for expenditure as directed by the sheriff. Annual unexpended balances shall remain in the fund and shall be used to produce and distribute public

service announcements promoting safe storage of firearms in the presence of children.

SECTION 571.030 - This section provides that the prohibition against certain actions which could constitute unlawful use of weapons do not apply to peace officers, regardless of whether they are within their jurisdiction or on duty. Likewise, certain prohibitions do not apply to a person with a valid permit or endorsement to carry concealed firearms, or to a person engaged in a lawful act of defense. A person twenty-one years of age or older may transport a weapon readily capable of lethal use anywhere in the passenger compartment of a motor vehicle, so long as the concealable firearm is lawfully possessed. Certain prohibitions also will not apply to retired law enforcement officers that meet certain requirements.

SECTION 571.094 - This section provides for sheriffs to issue certificates of qualification for a concealed carry endorsement which allows individuals to carry concealed firearms on their person or in motor vehicles. A certificate of qualification is valid for three years.

A certificate will be issued if the applicant:

- Is twenty-one years of age;
- Has not pled guilty to or been convicted of certain crimes;
- Is not a fugitive from justice;
- Has not been dishonorably discharged from the military;
- Is not publicly known to be habitually intoxicated or drugged;
- Is not adjudged mentally incompetent;
- Submits a completed application;
- Submits an affidavit attesting to compliance with safety training requirements.

Before an application is approved, the sheriff shall make such inquiries as deemed necessary into the accuracy of the statements on the application. If the applicant is not disqualified at the state level, the applicant's fingerprints shall be forwarded to the FBI for a criminal history record check. The act outlines in-depth procedures for issuance and revocation of applications.

Concealed firearms may not be carried into:

- Any law enforcement office;
- Within twenty-five feet of any polling place during elections;
- Any correctional or detention facilities;
- Any courthouse;
- Any meeting of a governmental body;
- Portions of establishments licensed to dispense beer or alcoholic beverages;
- Portions of an airport the access to which is controlled by inspections;
- Any place where the carrying would be prohibited by federal law;
- Any educational facility;

- Any portion of a facility used for child care;
- Riverboat gambling operations;
- Gated areas of amusement parks;
- Any churches or places of worship;
- Posted private property and businesses;
- Any sports arena or stadium;
- Any hospital accessible by the public

The act further specifies the requirements of the firearm safety training course.

SECTION 571.099 - This substitute creates "Project Exile", a program requiring the state to review certain weapons offense cases for the possibility of federal prosecution, if it appears that federal prosecution is reasonably likely to result in more restrictive bail, stricter enforcement or greater penalties. The Director of the Department of Public Safety is responsible for administration of the program.

The act is similar to HB 1729 (2002) and SCS/SB 689 (2002).

HB 1386

HCS HBs 1386 & 1038

SENATE HANDLER Yeckel

HOUSE SPONSOR O'Connor

3338L.02T

HCS/HBs 1386 & 1038 - This act permits the use of sun screening material with a light transmission of 35% or more, plus or minus 3%, and a luminous reflectance of 35% or less, plus or minus 3%, on front windows and sidewing vents located to the left and right of motor vehicles registered in Missouri. The Department of Public Safety may issue a permit to any person to operate a vehicle with sun screening with less light transmission and more luminous reflectance if the person has a serious medical condition and the sun screening is prescribed by a physician. The permit allows the operation of the motor vehicle by any titleholder or relative within the second degree of consanguinity who resides in the household.

The act does not prohibit the use of labels, stickers, decalcomania, or informational signs on motor vehicles; the application of tinting or solar screening material on recreational vehicles; or factory-installed tinted glass. This act also removes any restrictions on tinting of rear side windows and rear windows. The degree of sun tinting on vehicle windows will no longer be a part of motor vehicle inspections.

The act has an emergency clause.

This act is similar to SCS/SBs 727 & 703 (2002).

HB 1392

HS HCS HB 1392

HOUSE SPONSOR Holand

3524L.09P

HS/HCS/HB 1392 - This act permits any school district, upon approval by the voters of that district, to impose up to a 15% surcharge on the state personal income tax of the residents of that district. The proposed tax surcharge submitted to the voters of the district shall include: the amount of the surcharge; the time period (not to exceed three years) of the surcharge; and the educational purpose of the surcharge.

At least one year must pass before a vote for another surcharge becomes effective. A period of 10 months must conclude between a failed tax issue and a re-submission to the voters.

A penalty (of no greater than \$50) may be imposed on a taxpayer who includes wrong or missing school district information on a tax return during the second and third year in which a school district has imposed a surcharge. No such penalty may be imposed during the first taxable year.

The act establishes the "School District Income Tax

Surcharge Trust Fund" and contains technical provisions for both the handling and transfer of funds. The moneys in the fund shall not be considered state funds. The state auditor shall annually audit the fund.

The act allows local school boards the discretion to deposit and transfer said funds among the teachers', incidental, or capital projects funds.

All funds raised by this surcharge shall not be used in calculating a district's state school aid.

HB 1403

SCS HCS HB 1403

SENATE HANDLER Foster

HOUSE SPONSOR Green

3503S.05C

SCS/HCS/HB 1403 - This act allows owners in private building contracts to retain a portion of payment due to a contractor in order to ensure the proper performance of the contract. Such retainage shall not exceed ten percent of the payment due pursuant to the contract or agreement unless the contractor's performance is not in accordance with the contract, in which case the owner may retain additional sums in any amount.

A contractor may not withhold retainage from subcontractor in a percentage greater than their own retainage unless the performance is not in accordance with the subcontract. Upon a release of retainage, contractors are to promptly pay subcontractors their ratable share of the retainage released.

If a subcontractor's performance is satisfactorily completed, the subcontractor may be released prior to substantial completion of the entire project. Within 30 days of reaching substantial completion, all retainage must be released by the owner less 150% of the cost of remaining items to complete. Thereafter the contractor must pay subcontractors within 7 days. Substantial completion is defined as the earlier of the issuance of a certificate of completion; the date an occupancy permit is issued; or the date the owner begins or could have begun use of the project for its intended purpose.

If retainage is withheld wrongfully a court may award interest on the amount at 1 1/2% per month plus attorney's fees. This act will apply to certain contracts entered after August 28, 2002. Agreements formed after August 28, 2002, will be unenforceable to the extent that their provisions conflict with this act.

This act is similar to SB 911 (2002).

HB 1418

SENATE HANDLER Foster HOUSE SPONSOR Relford

3755L.01P

HB 1418 - This act revises provisions relating to state parks. This act prohibits the Department of Natural Resources (DNR) from entering into or renewing a contract for a period exceeding 10 years unless the Director determines the extended contract period is necessary to allow the contractor to make substantial improvements to the site and the improvements are of sufficient value to necessitate the longer contract.

The Arrow Rock State Historic Site Endowment Fund is created. The initial deposit in the fund will be the bequest in the amount of \$21,965.92 from the Bill and Cora Lee Miller estate. The Arrow Rock State Historic Site Endowment Fund may only be used for the enhancement of Arrow Rock State Historic Site's public interpretive programs. The State Treasurer may invest the monies in the fund in a manner as provided by law. Until 2100, DNR may annually only expend one-half the interest earned by the fund. Thereafter, all of the interest earned by the preceding year may be expended. Funds may only be expended upon appropriation. Any funds appropriated but not spent will revert back to the fund.

DNR is given authority to enter into agreements with private, not-for-profit organizations organized solely to further the interpretive, educational, and maintenance functions at the state parks. Proceeds from sales of publications and materials by these organizations shall be retained by the organization for use in furthering their functions.

HB 1425

SCS HCS HB 1425

SENATE HANDLER House

HOUSE SPONSOR Smith (011)

3810S.05C

SCS/HCS/HB 1425 - This act prohibits the disclosure of non-public health information. A new Section 191.890 is created to define terms such as "federal privacy rules", "health information", and "nonpublic personal health information".

This act prohibits the disclosure of personal health information, unless pursuant to written authorization, for the following purposes:

- for profit;
- for marketing of goods or services;
- to aid in an employment decision;
- for decisions regarding a persons' credit;
- to deliberately or maliciously cause harm to the person to whom the information pertains.

Any person who knowingly violates the provisions of this section will be charged an administrative penalty of up to \$500. Penalties may be assessed by an agency with primary regulatory authority or by the Attorney General. Penalties must be paid into the school fund. The Director of the Department of Insurance shall enforce this act.

Licensees (insurance companies) complying with HIPAA privacy rules will be deemed in compliance with this act. Until April 14, 2003, non-licensees subject to federal law will be in compliance with this act upon a showing of good faith. Personal health information, however, may not be disclosed for marketing purposes even if compliance is established. Licensees complying with the model regulation, "Privacy of Consumer Financial and Health Information Regulation", will also be deemed in compliance.

This act does not apply to information disclosed for the following purposes:

- if prior written consent is given;
- if disclosure is pursuant to state or federal law;
- for consumer reporting purposes;
- in connection with the transfer of a business, operating unit, or loans if the disclosure is not the primary reason for the transfer.
- for purposes not specifically addressed in this section;
- if information was originally collected for certain marketing purposes

This act does not apply to the conduct of medical research as defined in 45 CFR part 46. This act is similar to SB 1171 (2002).

****HB 1432****

SENATE HANDLER Schneider

HOUSE SPONSOR Foley

3532L.01P

SCS/HB 1432 - This act provides that any fire protection or emergency services district that provides emergency services to a redevelopment area shall be entitled to reimbursement from the special allocation fund in an amount of between 50% and 100% of the district's tax increment. Currently, the district must provide evidence to the municipality that any costs incurred by the district are directly attributable to the operation of the redevelopment project. Current law also provides that the district must demonstrate that the increased revenues the district receives from the project are insufficient to cover their costs to provide such services. This act removes both of these current requirements.

This act also provides new definitions regarding emergency communications. Counties may establish an emergency communications commission composed of seven members. Such counties may levy an additional property tax or sales tax, upon voter approval in order to operate the system. All moneys collected must be deposited in the Emergency Communications System Fund. Obligations by the county may be paid out of the fund or by the issuance of bonds.

This act modifies funding for fire protection. The Fire Safety Fund is created and will consist of any monies remaining in the Fire Education Fund. The fund will be invested by the state treasurer in a manner provided by law. The Fire Safety Fund will receive annual transfers of .5% of the amount of premium taxes collected. The Fire Safety Fund will be divided such that 40% of the money will go to the fire department grants fund and 20% of the money will be spent on fire education programs. The remaining funds will be used at the discretion of the Missouri Fire Safety Commission and will be used to fund the five fire consultants. No more than 5% of the fund may be used for administrative purposes.

The Fire Safety Commission is created. The members will include the State Fire Marshall, the State Forester and five members appointed by the Governor with the advice and consent to the Senate. No more than half of the members shall be from a single political party and no more than one member shall be from a single Congressional district. A maximum of five FTE fire consultants will be employed by the Division of Fire Safety and work in regions across the state as determined by the Commission. The fire consultants will work with local fire departments to improve fire protection. Funding for the fire consultants will come from the Fire Safety Fund.

The Fire Safety Grants Fund is established and will consist of 40% of the transfers made to the Fire Safety Fund. Grants may be made from this account to fund requests for fire departments, associations or districts serving an area with a population of less than 10,000. The Fire Safety Commission shall administer

the grant program and is authorized to promulgate rules to implement the grant program.

This act revises the requirements to be a candidate for Ambulance District Director (Section 190.050). Procedures for changes in the number of directors in a district and the recall of directors are created (Sections 190.051 to 190.054). Any person or entity that owns an automated external defibrillator used outside of a health care facility must have a physician review all protocols (Section 190.092). The definition of "first responder" is deleted (Section 190.092).

The State Advisory Council on Emergency Medical Service should seek to have representation from air ambulance services and at least one member of each regional EMS committee must be associated with an air ambulance service.

With certain exceptions, each ground ambulance must be staffed by two licensed emergency medical technicians (Section 190.105). Owners of a ground or air ambulance service must notify the Department of Health and Senior Services within 30 days of the sale of the service and the Department shall conduct an inspection of the service to ensure compliance with licensure standards (Sections 190.105 and 190.108). After June 1, 2003, no air ambulance provider shall be eligible for medicaid reimbursement or receive a new air ambulance license unless it demonstrates to the Department that it is accredited or applied for accreditation from a nationally recognized aeromedical transport accrediting association that was selected by the Department (Section 190.108). Application requirements for an ambulance license are revised (Sections 190.109 and 190.120). Air ambulance providers must carry a minimum of \$20 million in general liability insurance that includes coverage for damage to buildings caused by an aircraft (Section 190.120). Air ambulance aircraft and personnel must comply with all requirements to provide advanced life support level of care (Section 190.122).

The act provides that all levels of emergency medical technician may provide pre-hospital emergency patient care and continued emergency care in a health facility (Section 190.142). Provided the person meets other current requirements for a temporary license, a person not currently licensed as an emergency medical technician in Missouri may be issued a 90-day temporary license (Section 190.143). Additional causes for discipline of an ambulance license are created. Any individual whose license has been revoked twice in ten years shall not be eligible for a new license (Section 190.165).

Any settlement agreement in a contested case against a licensee must be submitted to the administrative hearing commission for its approval. Any person directly harmed by the actions of a licensee may submit an impact statement to the Commission (Section 190.172).

A patient care document must be given to ambulance personnel by a health care facility for any transfer of the patient to a different facility (Section 190.175).

Requirements regarding the reporting of certain felonies by licensees to the Department are created (Section 190.196).

The act creates procedures for the issuance and discipline of a new license category for stretcher van services to transport persons in a supine position who do not require medical monitoring or treatment other than self-administered oxygen (Sections 190.525 to 190.537). Any person who violates the provisions of Sections 190.525 to 190.527 shall be guilty of a Class B misdemeanor (Section 190.534).

This act allows the governing body of an ambulance or a fire protection district, except for those in counties of the first class with over 200,000 inhabitants, to impose an up to one-half of one percent sales tax on all retail sales within the district following voters' approval.

The Department of Revenue will collect and distribute the revenue from the district sales tax monthly at the cost of one percent the total revenue collected. After collecting and distributing the sales tax, the board of the ambulance or fire protection district will determine its budget for the year and determine the amount of property tax necessary to fund the district. The district may then reduce the tax rate by an amount which reduces the property tax revenue by an amount equal to fifty percent of the previous fiscal year's sales tax receipts.

When the governing body of the ambulance or fire protection district receives a petition signed by at least twenty percent of the qualified voters that voted in the last gubernatorial election, calling for an election to repeal the sales tax, the governing body will submit the question to the voters.

Section 190.044, RSMo, has been deleted. This section relieved a taxpayer of the obligation to pay property taxes for ground ambulance service to both an ambulance district and a fire protection district unless certain conditions were met.

This act revises the qualifications of candidates for fire protection district directors in third and fourth class counties. A candidate must reside in the district for two years before the election or appointment. Currently, the candidate must reside in the county in which the district is located for two years.

A candidate for director in a newly formed district must reside in the district for one year before the election or appointment.

Portions of this act are similar to SBs 795, 1138 and 993 (2002).

HB 1440

HS HCS HB 1440

HOUSE SPONSOR Wilson

3113L.05P

HS/HCS/HB 1440 - This act requires health carriers that offer health benefit plans in this state on or after January 1, 2003, to provide coverage for mental health conditions. Mental health conditions are defined as those listed in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders. Coverage for mental health conditions cannot have rates, terms, or conditions that place a greater financial burden on an insured for mental health condition than for physical health condition. This mandated benefit shall not apply to supplemental insurance policies, life care contracts, accident-only policies, specified disease policies or other specific policies.

The act also modifies some of the standards for chemical dependency coverage and repeals several sections relating to mental illness and addictive disorders. The sections repealed include current exceptions to the requirement that health insurers who cover services for mental illness and addictive disorders provide the same coverage as they do for physical illness. These provisions include exceptions that allow insurers to limit inpatient hospital treatment for mental illness to 90 days per year (Section 376.811.2), place annual and lifetime limits on alcohol and drug abuse treatment services (Section 376.827), and exclude or apply different limits to certain specified services (Section 376.833).

HB 1443

HCS HB 1443

SENATE HANDLER Gibbons

HOUSE SPONSOR Barry

3865L.02T

SS/SCS/HCS/HB 1443 - This act modifies provisions relating to child abandonment.

A technical change is made to a USC cite in Section 192.016. In addition a new section creates the "Safe Place for Newborns Act of 2002". A parent will not be prosecuted for the abandonment of a child up to five days old and a parent will have an affirmative defense to prosecution for the abandonment of a child between six and thirty days old if he or she leaves the child with any of the following:

- In the custody of a medical facility staff member, provider, or volunteer;
- A firefighter or emergency medical technician; or
- A law enforcement officer;

The child may be no more than thirty days old and may not have been physically abused or neglected by the parent.

The person with whom the child is left must take physical custody of the child and, if the child is not initially delivered to a medical facility, such person must do so. The medical facility must provide necessary treatment to protect the child's health or safety and must notify the Division of Family Services (DFS) and local juvenile officer. Upon notification, the juvenile officer must follow appropriate procedures for the child to be made a ward of the court and for DFS to take custody of the child. The parent's delivery of the child shall constitute implied consent to relinquishment of his or her parental rights.

In a termination of parental rights proceeding, the juvenile officer must give public notice about the relinquishment of the child. The nonrelinquishing parent will have thirty days to respond and attempt to establish parental rights if the parent wishes to do so. The court must establish paternity or maternity, review the putative father registry, and notify the putative father, if identified. If a nonrelinquishing parent

inquires of a medical facility at which a child is left, the facility shall refer the parent to DFS and the juvenile court.

Any authorized person who receives the child will not be liable if custody was taken in good faith without negligence. The Division must provide a toll-free telephone number and other information to inform the public about this process. This act shall not conflict with Section 210.125, RSMo (Section 210.950).

This act is substantially similar to SB 687 (2002).

HB 1446

SCS HB 1446

SENATE HANDLER Kenney

HOUSE SPONSOR Luetkenhaus

3698S.02C

SCS/HB 1446 - This act clarifies the definition of "health benefit plan" as that term is used in the laws governing insurance, stating that the term does not include workers' compensation or liability insurance policies. This act also provides that a health carrier shall not be required to employ or contract with providers who perform abortions or provide health care services which are contrary to the moral or religious beliefs of the health carrier. Providers shall not be required to perform abortions or other health care services which are against their moral or religious beliefs as a condition of their employment or contractual relationship.

HB 1455

SCS HS HB 1455

SENATE HANDLER Gross HOUSE SPONSOR O'Toole

3641S.08C

SCS/HS/HB 1455 - The act revises provisions relating to various public retirement systems.

ACCRUAL OF SICK LEAVE - The act provides that any active member who accrued unused sick leave prior to July 1, 2000 shall not be denied the use or ability to have that unused sick leave credited toward retirement. This provision affects members of the Board of Probation and Parole and certain Directors of State agencies as a result of the implementation of §105.950.

ST. LOUIS CITY FIREFIGHTERS RETIREMENT - This act allows a firefighter to terminate employment with five or more years of service but less than twenty years to apply at age 62 for a service retirement allowance. The method of calculation and payment to survivors is indicated. The act also provides for a minimum monthly benefit for surviving spouses of \$525 and for members \$625. The act also removes restrictions on retirement increases which have previously been limited by the Consumer Price Index.

BACK DROP FOR STATE EMPLOYEES - This act allows a retiree to elect to take any portion of the eligible service for the back DROP in 12-month increments.

HEHPRS: Employee leave taken by an employee without compensation pursuant to the Family Medical Leave Act may be counted as continuous service. The board is authorized to contract for provision of disability benefits to members.

The act modifies payments and method of calculation to survivors, including surviving spouses and children under the age of twenty-one.

The act clarifies that any payments from the HEHPRS retirement system shall be subject to the collection of child support or spousal maintenance. The Highway Commission may contract with others for the provision of health and death benefits.

MSEP and MSEP 2000: Employees who have forfeited credited service may restore the forfeited service upon continuous

employment for one year. The act clarifies the allowance of service credit for employees who have taken leave pursuant to the Family Medical Leave Act.

The act revises provisions relating to reemployment of retired members. Benefits would cease upon being hired in a position requiring at least 1000 hours per year and the employee would be considered a new employee with no previous creditable service accruing additional creditable service. The retiree would then receive an additional retirement benefit for the additional creditable retirement upon retirement. The original annuity and the additional annuity shall be paid commencing one month after termination of employment. A retired member who becomes employed in a position covered by the Highways and Transportation Employees' and Highway Patrol Retirement System after August 28, 2001, shall not receive retirement benefits or accrue additional creditable service from MOSERS.

Eligible members who terminate employment and retire within 60 days are eligible for \$5,000 life insurance. Beneficiaries are allowed to assign life insurance proceeds. Reporting of sick leave is clarified for reporting to MOSERS. Members are allowed to designate a beneficiary for a final payment of a retirement benefit.

MSEP: Members who terminate employment on or after September 1, 2002, will no longer have the option of cashing out of the system.

MSEP 2000: The act defines responsibilities and obligations for persons employed by the Board to administer disability benefits and establishes appeals procedures. Employees may not receive creditable service in MSEP or MSEP 2000 for period in which the employee participated in a defined contribution plan of a college or university.

The beneficiary of any member who purchased creditable service shall receive a refund upon the members death and the method for calculation of the refund is provided.

JUDGES: Any judge who was a Commissioner or Deputy Commissioner of a Circuit Court prior to August 28, 1999, who has creditable service in MSEP and the judicial plan may consolidate the service under either plan or draw separate retirement benefits from each.

TRANSFERS OF SERVICE: Any person who has transferred service pursuant to §104.800 may elect to make an additional transfer of service prior to retirement. In no event shall the transfer of service exceed eight years.

This act contains an emergency clause.

HB 1461

SCS HS HCS HBs 1461 & 1470

SENATE HANDLER Yeckel

HOUSE SPONSOR Seigfreid

3589S.09C

SCS/HS/HCS/HBs 1461 & 1470 - This act modifies numerous election law provisions.

COPYING FEES - (Section 28.160) - This act revises the amount that can be charged for services rendered by the secretary of state. This act limits the state's allowable fee for processing certain adoption documents to \$100 per child per adoption, or per multiple children adopted at the same time. Current law allows a fee of \$10 per document.

MUNICIPAL CANDIDATES - (Section 71.005) - The act prohibits any person from being a candidate for municipal office if such person has failed to pay municipal taxes or user fees.

DEFINITIONS - (Section 115.013) - The act modifies definitions for ballot, electronic voting system, and municipality.

BOARD OF ELECTION COMMISSIONERS - (Section 115.027) - Members of the Board from the major political party which is not the political party of the Governor shall be appointed by the governor from names submitted by the state party committee. In jurisdictions with a board of election commissioners, a non-voting representative from each major political party can be appointed by the Governor to participate in discussions of the board.

PROPORTIONAL COSTS - (Section 115.062) - The state must, as soon as practicable, pay its proportional costs to election authorities.

GRANT PROGRAMS- The act sets up a number of grant programs, all of which are subject to appropriation from federal funds:

- Election equipment upgrades (Section 115.074);
- Improving accessibility for individuals with disabilities (Section 115.076);
- Increasing the compensation of election judges (Section 115.098);
- Youth voting programs (Section 115.801); and a program to allow election authorities to receive federal grants (Section 115.803).

ELECTION JUDGES - The act changes the number of election judges needed for primary and general elections and non-primary and non-general elections. No party shall have a majority of judges at a polling place. An election authority may appoint judges from other established parties and non-affiliated judges. Any decision shall be made by the major political party judges (Section 115.081).

-In jurisdictions without a board of election commissioners, the parties may submit names of judges to the election authority. County clerks can make the decisions on judges if the clerk serves as the election authority (Section 115.087).

-The act allows boards of election commissioners to compile lists of non-partisan judges (Section 115.089).

-Provisions are included to ensure that no party has a majority of judges (Sections 115.095, 115.097 and 115.099).

EMPLOYEE PROTECTION - (Section 115.102) - Prohibits adverse action against employee by employer for the employee serving as election judge.

TIME OF ELECTIONS - (Section 115.123) - Expands election days in June and August.

ADVANCED VOTING - (Section 115.126) - Election authorities shall establish an advance voting system for use in presidential election years. Voting begins 14 days before election. The polls may be open on Saturday, Sunday and holidays.

SPECIAL ELECTIONS - (Section 115.127) - The election authority in jurisdictions with less than 750 registered voters and no qualified newspaper may send notice of the election by first class mail to each registered voter. Currently, such provision only applies to jurisdictions with less than 500 registered voters.

INCAPACITATED PERSONS - (Section 115.133) - Technical change so that persons adjudged incapacitated cannot register to vote. This act also provides that, with limited exceptions, no person can vote if not registered in the jurisdiction where they reside prior to the deadline to register.

REGISTRATION - (Sections 115.135 and 115.137) - Technical changes to require person to be registered in jurisdiction where voting.

VOTER REGISTRATION AGENCIES - (Sections 115.151, 115.160, 115.162) - Voter registration agencies are required to transmit all voter registration applications to the appropriate election authority within five business days.

VOTER INFORMATION - (Section 115.157) - Certain individuals are exempted from the public disclosure of their residential addresses.

ABSENTEE BALLOTS - (Section 115.159) - A person cannot vote by absentee ballot until after first voting in person with proper identification or providing a copy of proper identification to the election authority, with some exceptions. Persons responsible for the care of incapacitated persons may vote by absentee ballot (Sections 115.277, 115.283). Applications for ballot can be made by fax (Section 115.279). Certain relatives can deliver and return ballots (Section 115.287). Overseas

federal personnel can send ballot by fax (Section 115.291).

VOTER CANVASSING - (Sections 115.163, 115.179) - Allows election authority to use postal service to identify incorrect addresses and canvass voters. Before removing a voter from the registration records, a confirmation notice must be sent to the voter's corrected address as identified by the National Change of Address program.

DECEASED, FELONS, INCAPACITATED PERSONS - (Section 115.195) - The Secretary of State is responsible for obtaining monthly information on deceased persons, new felons, and newly adjudged incapacitated persons and submitting that information to election authorities.

COMPUTERIZED VOTING SYSTEMS - (Section 115.225) - The secretary of state shall promulgate rules to allow the use of computerized voting systems. Such rules shall focus on the ability of the system to produce a paper audit trail. The secretary of state shall adopt rules to create uniform standards for ballot layout for computerized voting systems. (Sections 115.233, 115.237).

INTERNATIONAL OBSERVERS - (Section 115.409) - Allows registered international observers to be admitted to polling place.

VOTER INSTRUCTIONS - (Section 115.417) - Voter instructions of a certain size must be posted at each polling place. The Secretary of State can develop multi-lingual voting instructions.

BUTTERFLY BALLOTS - (Section 115.420) - Butterfly ballots are prohibited unless approval is granted by the Secretary of State. The Secretary must act on requests within two business days.

VOTER IDENTIFICATION - (Section 115.427) - Before voting, a person must show an approved form of personal identification issued by some government agency or Missouri post-secondary school. Personal knowledge of the voter by two supervisory election judges is acceptable voter identification.

VOTING PROCEDURES - Provides that the election authority or circuit court won't allow a person to vote unless the person has complied with all registration requirements (Section 115.429). Technical changes to procedure for initialing of ballot by judges (Section 115.433). The Secretary of State shall promulgate rules that must be followed by election authorities regarding the form of stickers used on ballots (Section 115.439). Technical change to ballot retention statute (Section 115.493).

VOTER INTENT - (Section 115.453) - Election judges shall follow rules adopted by the secretary of state in determining voter intent.

POLITICAL PARTY COMMITTEES - (Section 115.613) - No election will be held if only one candidate for committeeman in a district files prior to the deadline.

SECRETARY OF STATE POWERS - (Section 115.645) - Upon a judicial

determination of probable cause, the Secretary is given power to subpoena relevant persons and records. The power is limited to certain cases of statewide interest where local officials are unable or unwilling to investigate or cases where the local election authority requests the Secretary to investigate. The Secretary may request the Attorney General to apply to a circuit judge to issue a subpoena to any witness. The Attorney General will cooperate with any such investigation. Restrictions made on Secretary's ability to investigate when it may affect outcome of election. No subpoena will be issued until after the counting of all ballots and the posting of the election results. The Secretary has the power to subpoena records closed under the sunshine law.

PROVISIONAL VOTING - (Section 1) - The act establishes a system of provisional voting in cases where the eligibility of a voter cannot be immediately established. The system only applies to primary and general elections where candidates for federal and statewide offices are nominated or elected and elections where statewide issues are submitted to the voters.

This act is similar to SS/SCS/SB 675 (2002).

HB 1468

SCS HB 1468

SENATE HANDLER Loudon

HOUSE SPONSOR Ward

3655S.03T

SCS/HB 1468 - This act modifies a provision regarding the Missouri Property and Casualty Insurance Guaranty Association. This act modifies the time when covered claims must be filed with the association, liquidator or insurer for claims subject to a final order of liquidation issued on or after September 1, 2000. This act allows the association to require information to confirm the existence of a covered claim.

This act clarifies the definition of "health benefit plan" as that term is used in the laws governing insurance, stating that the term does not include workers' compensation or liability insurance policies (HB 1446).

This act includes commercial inland marine insurance within definition of "commercial property".

This act modifies the law regarding the Director's approval of commercial casualty insurance filings. This act removes the language stating that a filing not approved or disapproved within a 60-day period is deemed approved. This act also requires commercial casualty insurance rates shall not be excessive.

This act modifies the law regarding actuarial data to accompany casualty insurance rates. Under the current law, such data must accompany every rating plan or filing. Under this act, such supporting data is only necessary if the Director requests the data to determine whether the rates are excessive, inadequate, or unfairly discriminatory.

This act deletes a provision from the law which exempted commercial property insurance and commercial casualty insurance policies from certain provisions of the law which concern regulation by the department of policy language, policy provisions or the format of such policies, or the rates associated with such policies.

3762S.02T

SCS/HB 1473 - This act allows any managed care entity to provide documents and materials to an enrollee via the entity's Internet site, instead of in printed form, upon securing a waiver from the enrollee. The enrollee may revoke the waiver at any time or annually. This act clarifies the definition of "health benefit plan" as that term is used in the laws governing insurance, stating that the term does not include workers' compensation or liability insurance policies.

This act is identical to SB 1004 (2002).

HB 1488

HOUSE SPONSOR Skaggs

3603L.01P

HB 1488 - Current law states that a sales tax of up to 0.5% may be imposed on tangible personal property or taxable retail services in Kansas City. Of the revenues received from this sales tax, 7.5% must be distributed to the Interstate Transportation Authority. The remaining 92.5% is deposited into the Public Mass Transportation Sales Tax Trust Fund.

This current law will expire on December 31, 2003. This act removes the expiration date.

HB 1489

SCS HBs 1489 & 1850

SENATE HANDLER Steelman

HOUSE SPONSOR Britt

3699S.05C

SCS/HBs 1489 & 1850 - This act creates the "County Crime Reduction Fund", "MoSMART" and "St. Louis City Sheriff's Fund".

COUNTY CRIME REDUCTION FUND - This act creates the "County Crime Reduction Fund" which allows county commissions to create a fund to be expended for the following purposes:

- (1) Narcotics investigation, prevention, and intervention;
- (2) Purchase of law enforcement equipment and supplies for the sheriff's office;
- (3) Matching funds for federal or state law enforcement grants;
- (4) Funding for the reporting of all state and federal crime statistics or information; and
- (5) Any law enforcement related expense reasonably related to investigation, preparation, trial and disposition of criminal cases.

This act allows the court to assess a fee of \$20 on each person who pays a court order penalty, fine or sanction. Of this fee, \$8 is payable to the clerk of court for the purposes of improving, maintaining and enhancing the ability to collect and manage money collection, improve case processing, enhance court security or improve the administration of justice. Seven dollars shall be deposited in the statewide court automation fund and five dollars shall be deposited in the drug court resources fund.

Courts may consider ordering restorative justice methods if the imposition or execution of a misdemeanor sentence is suspended, and may order payment of up to \$1,000.00 to the County Crime Reduction Fund. The court may also order such a payment as a condition of probation.

The surcharge in criminal and infraction cases is increased from \$1 to \$1.50. One dollar of each surcharge collected in such cases shall be payable to the state. Currently, one-half of all moneys collected are payable to the state. Fifty cents of each

surcharge collected shall be payable to the county treasurer of the each county from which such funds were generated.

MoSMART - This act creates the Missouri Sheriffs' Methamphetamine Relief Team (MoSMART). MoSMART is established under the Department of Public Safety for the purpose of distributing grants to law enforcement agencies and task forces to eliminate methamphetamine labs within Missouri. MoSMART will consist of a five member panel, elected by the Missouri Sheriff's Board of Directors for a two year terms. The applications shall be reviewed by and the funds distributed by the panel. Grants will be awarded in order of set priorities, and are limited to distributions of \$100,000 per year for no more than three consecutive years.

ST. LOUIS CITY SHERIFF FUND - This act provides that all money collected by a sheriff's department shall be paid into the county treasury and placed in a fund to be used only for the procurement of services and equipment to support the sheriff's department. This does not apply to budget allocations or land sale proceeds. Currently, the law provides that any money collected in excess of \$50,000 shall be place in the general revenue fund of the county. This applies only to the sheriff of St. Louis City.

SENATE HANDLER Mathewson

HOUSE SPONSOR Seigfreid

3793S.03T

SCS/HB 1492 - Current law provides that a continuing committee must file required disclosure reports no later than the seventh day before an election. This act changes the filing date to no later than the eighth day before an election. When no disclosure reports are required, a committee treasurer must file a statement indicating that the committee has not exceeded thresholds for that reporting period.

The act changes the aggregate amount that may be contributed by one person from \$250 to \$300 before certain campaign finance disclosure reports must be filed.

HB 1496
SCS HS HB 1496

HOUSE SPONSOR Green

3817L.02P

HS/HB 1496 - This act defines the following new terms in the Real Property Tax Increment Allocation Redevelopment Act:
"eligible employee," "high unemployment," "low-fiscal capacity," "moderate income," "new job," "public subsidy," "redevelopment project of regional significance," and "unfair competition."

The act changes criteria used to evaluate primarily retail redevelopment projects funded by tax increment financing in the City of St. Louis and in St. Louis, Jefferson, Warren, St. Charles, Franklin, Lincoln, St. Francois, and Ste. Genevieve counties.

The act requires approved project areas to have high unemployment, low fiscal capacity, and moderate income; to be a redevelopment project of regional significance; to avoid unfair competition with existing businesses; and to meet other criteria showing economic decline. The act also limits the maximum amount of public funding for approved TIF projects to 30% of the total project costs, unless the redevelopment is occurring in certain specified areas.

The act does not allow TIF to be used to develop sites where 25% or more of the area is vacant and has not been previously developed, qualifies as "open space" as defined in Section 67.900, RSMo, or is presently being used for agricultural or horticultural purposes, except in certain cases.

The act requires an economic feasibility analysis indicating the return on investment of the proposed development and a study verifying that the proposed redevelopment property has not previously been developed through private enterprise. It allows sharing of payments in lieu of taxes among affected political subdivisions. TIF projects must be approved by all affected political subdivisions.

The act also requires the above named counties and the City of St. Louis to create regional tax increment financing review authorities for the purpose of determining whether projects meet the criteria as provided in the act and approving or rejecting the projects.

The act has an effective date of July 1, 2003.

HB 1498

SCS HS HB 1498

SENATE HANDLER Sims

HOUSE SPONSOR Johnson

3976L.03P

SCS/HS/HB 1498 - This act creates the crime of bestiality as a Class A misdemeanor. If the act of bestiality happens in the presence of a minor or causes the animal serious physical injury, it is a Class D felony. This amendment also lists bestiality to be included in the list of offenses in which a warrant may be

obtained when there is suspected animal abuse.

An owner or employee of a skilled nursing facility having sexual contact with an Alzheimer's patient or with a resident of a living care facility is guilty of a Class C felony.

A person who is an employee of or assigned to work in any correctional facility who has sexual intercourse or deviate sexual intercourse with an inmate or resident of the facility is guilty of a Class C felony.

This act allows the Highway Patrol to search the sex offender registry when conducting background checks for potential employees of day cares, residential care facilities and youth services agencies. The Highway Patrol will inform the agency or provider of the address and the offenses of the applicant. Attempted forcible rape and attempted forcible sodomy are classified as dangerous felonies to Missouri statutes. Parole boards are allowed to consider information listed on the juvenile sex offenders registry if the offender being considered for parole is less than twenty-one years old.

This act creates the crime of enticement of a child. A person commits the crime of enticement if he or she is at least twenty-one years old and persuades, solicits, coaxes, entices or lures any person who is less than fifteen years of age for the purpose of engaging in sexual conduct. Attempting to entice a child is a Class D felony. Enticement of a child is a Class C felony unless a person has been found guilty of previous sexual offenses, then it is a Class B felony.

The Missouri Regional Computer Forensics Laboratory (RCFL) is created. RCFL combines local, state and federal resources to research and combat computer and Internet-related crimes. RCFL will be under the control of the Department of Public Safety.

A person who may meet the criteria of a sexually violent predator will be evaluated by either a psychiatrist or a psychologist as to whether or not the person meets the definition of a sexually violent predator.

Persons required to register as sex offenders under current law must register with county officials within 10 days of moving to another county or being released from custody. A person required to register must register by September 10, 2002 with the chief law enforcement official of the county in which they reside.

The act allows for community notification regarding certain registered sex offenders. The act provides immunity for release of information by law enforcement and by employees of the Departments of Corrections, Public Safety, and Social Services. Prior to releasing a sex offender, the Department of Corrections is required to perform a risk assessment of any offender required to register as a sex offender. The act tailors the extent of any community notification to the assessment results.

HB 1502

SCS HS HCS HBs 1502 & 1821

HOUSE SPONSOR Luetkenhaus

3806S.04C

SCS/HS/HCS/HBs 1502 & 1821 - This act restricts how insurance companies may use an applicant's credit information in their underwriting practices in automobile and property insurance.

The act prohibits insurers from taking an adverse action against an applicant or insured based upon credit information when: (1) credit information is the only underwriting factor; (2) using information contained in a credit report that the insurance company knows to be in dispute; or (3) renewing a contract, until the third anniversary date of such a contract.

The act prohibits insurance companies from: (1) providing credit information to third parties, unless specifically authorized by the federal Fair Credit Reporting Act; and (2) using the number of insurance inquiries an applicant makes as a negative factor in their insurance scoring formulas.

This act requires insurance companies to: (1) inform the applicant, at the time of application, if credit information may be used as an underwriting factor; (2) inform the applicant about his or her rights regarding their credit information when a credit report adversely affects the applicant; and (3) provide to the applicant or insured a statement of reasons for taking any adverse action which was based upon credit information if the insured or applicant requests such a statement within 30 days of the adverse action. The statement must be clear and specific, so that a person of average intelligence can identify the basis for the insurer's decision without further inquiry. Applicants and

insureds may request reevaluation within 30 days following any correction to their credit report.

The provisions of this act applies to automobile and property insurance contracts entered into on or after July 1, 2003.

The provisions of this act are similar to those contained in SB 981 and SB 1215 (2002).

HB 1508

SCS HB 1508

SENATE HANDLER Westfall HOUSE SPONSOR Koller

3295S.03C

SCS/HB 1508 -This act makes various changes to Missouri's billboard law.

COMPLIANCE WITH FEDERAL LAW - Current state law applies to federal primaries and interstates and does not specifically cover former primary or interstate highways. Federal law now specifically requires states to regulate any federal aid primary or interstate or highway which was a federal aid primary or interstate as of June 1, 1991 (Section 226.540).

LIGHTING REGULATIONS/NEW TECHNOLOGY - This act updates specifically allows Tri- vision, projection and changeable message signs to be subject to MoDOT lighting regulations. This act authorizes the commission to adopt administrative rules regarding the use of new technology in outdoor advertising pursuant to federal regulations (Section 226.573).

CUTOUTS, EXTENSION, AND STACKING - This act allows cutouts and extensions on nonconforming signs and makes existing stacked signs legal nonconforming (Section 226.540(2)(a)). When stacked signs were prohibited in 1999, the statute provided that existing signs were not conforming which meant they could be rebuilt. By making existing signs legal nonconforming, the signs could be phased out over time as they need replacing.

SPACING/ ZONING - This act adopts a minimum of 1,400 feet (up from 500 feet) spacing between signs on all primary and interstate highways. This act modifies the definition of "unzoned commercial and industrial land" by expanding the commercial activity area from 600 feet to 750 feet on either side of a qualifying business. The act also modifies the definition of "zoned commercial or industrial area" by requiring that commercially zoned areas have a commercial business within 750 feet before outdoor advertising is permitted (Section 226.540(6)). This act requires businesses to have the presence of an owner or employee on the premises for at least 20 hours per week to be considered a valid business when determining whether a property is commercial or industrial.

PERMIT FEES - This act increases original permit fee to erect a billboard from \$28.50 to \$200 and increases biennial inspection fees to \$50 on August 28, 2002, \$75 on August 28, 2003, and \$100

on August 28, 2004. This act also encourages the commission to adopt a renewal system in which all permits of a particular highway are renewed in the same month.

REMOVAL OF BILLBOARDS - This act allows for the non-compensated removal of billboards for failing to pay fees over 12 months (Section 226.580). This act increases the amount of time to cure a billboard violation from 30 to 60 days and requires actual notice of a violation before the Department of Transportation can remove a sign.

VEGETATION PERMITS - This act requires vegetation permits to be issued according to current MoDOT rules and regulations, but shall not be denied by the commission without good cause.

This act is similar to SCS/SB 970 (2002), SB 851 (2002) and SB 247 (2001).

HB 1509

HOUSE SPONSOR Rizzo

3954L.01P

HCS/HBs 1509 & 1510 - This act revises provisions relating to the Kansas City Police and Police Employees' Retirement Systems. The act makes changes which are in compliance with the Internal Revenue Code. The retirement board is required to administer the system in a manner in which it will remain qualified under the IRS. However, the board may not adopt a policy which would impose an increase in contributions to the city without consent of the city and any board policy which

contradicts state law will remain valid only until the expiration of the next General Session unless such statutes are amended. A member's benefit shall be 100% vested and nonforfeitable upon attainment of normal retirement age, which is specified. Distributions of benefits must begin by April 1 in the year following when the member reached 70 ½. It also limits benefits and total salary taken into account for any purpose for any member pursuant to IRS regulations. The board is authorized to change actuarial assumptions. Members may make eligible rollovers from the plan. The board is also authorized to purchase fiduciary liability insurance.

This act allows members with at least 26 years of service to receive an optional distribution under a partial lump-sum option plan. Requirements to make the election are provided. The method for calculating the amount of the lump sum distribution is provided. If a member chooses a lump sum distribution the base pension amount will be reduced according to the provisions in the act.

HB 1532

SCS HS HCS HB 1532

SENATE HANDLER Gross

HOUSE SPONSOR Hoppe

3984S.06C

SCS/HS/HCS/HB 1532 - This act revises the dram shop liability statute. The act provides that a cause of action may be brought against a person licensed to sell intoxicating liquor by the drink when it is proven by clear and convincing evidence that the seller knew or should have known that intoxicating liquor was sold to a person under 21 or was knowingly served to a visibly intoxicated person.

Being "visibly intoxicated" is when the person's impairment is shown by significantly uncoordinated physical action or significant physical dysfunction. A person's blood alcohol content will not constitute prima facie evidence to establish "visible intoxication" but may be admissible as relevant evidence.

The person who became intoxicated may not sustain such a lawsuit unless the person is under 21.

If a seller demanded and the drivers license or official state or federal personal identification card appearing to be genuine which showed that the minor was at least 21, it will be relevant in determining relative fault of the seller.

No employer may discharge an employee for refusing service to a visibly intoxicated person.

Insurance companies selling dram shop liability insurance must report all costs associated with coverage to the Department of Insurance. Rates will be governed by Section 379.889, RSMo.

This act is similar to SS/SCS/SBs 817, 978 & 700 (2002).

HB 1556
HCS HB 1556

HOUSE SPONSOR Rizzo

4067L.04P

HCS/HB 1556 - This act requires the Director of the Department of Economic Development to determine whether or not an investment funds service corporation or S corporation not currently headquartered in Missouri would, if it were to relocate its principal business headquarters to Missouri, be able to take advantage of the annual election to determine its taxable income in one of two ways, as set forth in subdivision 5 of subsection 2 of Section 143.451, RSMo. That subdivision of Chapter 143, RSMo, considers qualifying sales of such corporations to be considered wholly within Missouri only to the extent that the fund shareholders of the investment companies reside in Missouri.

The determination rendered by the Director would be binding if the business did relocate and if the business still met the requirements.

The act has an emergency clause.

HB 1568

SCS HB 1568

SENATE HANDLER Rohrbach HOUSE SPONSOR Luetkenhaus

4070S.06T

SCS/HB 1568 - This act revises the method in which reinsurance is allowed to be counted as an asset or deduction from liability. This act exempts from the "vexatious refusal to pay" statute any lawsuits arising out of a contract of reinsurance made by a ceding insurer against an assuming insurer.

This provision is similar to the one contained in HB 1903 (2002) (Section 375.246).

This act limits insurance companies' investments in real estate. The value of such real estate purchased cannot exceed 20% of the insurance company's capital and surplus as shown by its last annual statement. This provision is contained in SCS/SB 1227 (2002) (Section 375.330).

Under this act, payments made directly to an insured or other creditor shall not diminish the reinsurer's obligation to the insurer's estate except where the reinsurance contract specifically provides for payment to the named insured, assignee or named beneficiary of the policy issued by the ceding insurer in the event of the ceding insurer's insolvency or where the assuming insurer has directly assumed the ceding insurer's policy obligations (Section 375.1202).

Allows business entities affiliated with insurers to be qualified managers of investment pools. This provision is contained in SS/SCS/SB 1009 (2002) (Section 376.311).

Modifies the law with respect to annuity contracts. Under the provisions of this section, for any contract issued on or after July 1, 2002, and before July 1, 2004, the interest rate shall be 1.5% for determining minimum nonforfeiture amounts (Section 376.671).

This act makes several changes to the long-term care insurance law. This act clarifies that the term "long-term care insurance" to include any insurance policy that meets the requirements of a "qualified long-term care insurance contract", as defined in Section 7702B of the Internal Revenue Code. This act requires the issuer of a long-term care contract to state clearly in its enrollment materials whether the contract is intended to be tax-qualified, pursuant to Section 7702B (Sections 376.951 - 376.1130).

This act requires the issuer to deliver the certificate of insurance to the applicant no later than 30 days after the date of approval. This act requires the long-term care policy summary to include a statement that any long-term care inflation protection option that may be required by the laws of Missouri is not available under the policy.

This act requires issuers to provide a written explanation for a denial of coverage within 60 days of receiving a written request for an explanation from the applicant. The issuer must provide all information directly related to the denial. This act allows insurers to rescind long-term care contracts upon a showing of misrepresentation. The degree of misrepresentation that must be proven will vary, depending on the length of time the policy has been in effect (Section 376.1124). This act prohibits a long-term care contract to be field issued based on medical or health status.

This act prohibits an insurer from recovering benefits paid

to the policyholder when the issuer rescinds the policy. This act requires insurers to offer a policy that includes a nonforfeiture benefit. If that benefit is declined, the issuer must then offer a contingent benefit upon lapse that will be available for a specified period of time following a substantial increase in premium rates. This act requires the Department of Insurance to promulgate rules creating the standards for nonforfeiture benefits, contingent benefits upon lapse, the length of time these benefits must run, and the extent to which premiums may be increased.

The Department of Insurance must also promulgate rules regarding marketing practices, agent testing, penalties, and reporting practices for long-term care insurance.

This act modifies the law of investments made by mutual insurance companies. This provision allows stock and mutual insurance companies to invest in any investment in a Missouri tax credit or partnership interest which entitles the company to receive Missouri tax credits that may be used as a credit against the gross premium tax (Section 379.080).

****HB 1577****

HS HCS HBs 1577, 1750, 1433, 1430, 1029&1700

HOUSE SPONSOR Campbell

4020L.06P

HS/HCS/HBs 1577, 1760, 1433, 1430, 1029 & 1700 - This act modifies numerous criminal laws.

TAMPERING WITH PHARMACEUTICALS - This act creates the crime of tampering with a prescription drug order. A person commits this crime if he or she purposely: (1) Misbrands, dilutes, or alters the concentration or chemical structure of a prescribed drug or therapy without the prescribing practitioner's knowledge or consent; (2) Misrepresents a misbranded, altered, or diluted drug with the purpose of misleading the recipient or the person administering the drug or therapy; or (3) Sells a misbranded, altered, or diluted drug or therapy with the intention of misleading the purchaser. Tampering with a prescription drug order is a Class B felony. It is a Class A felony if death or serious physical injury occurs as a result of the tampering. Tampering with a prescription drug order is also an unlawful merchandising practice.

The act changes the standard for the pharmacy board to seek disciplinary action against a pharmacist's license through an expedited hearing at the administrative hearing commission from action that constitutes a "clear and present danger" to action that poses a "probability of serious danger". It also allows the pharmacy board to restrict or suspend the license of a pharmacist

if the board believes the pharmacist has taken action that poses a probability of serious danger, pending the action of the Administrative Hearing Commission, and requires the Board to file a request for an expedited hearing with the Commission within three business days of the restriction or suspension.

COUNTY CRIME REDUCTION FUNDS - The act allows county commissions to create county crime reduction funds and specifies the purposes for which the money in the funds can be spent.

STEALING - The act modifies a number of provisions in the stealing and forgery laws including the following: (1) Requires certain merchants to provide to law enforcement officers proof of purchase for any new or unused property within 72 hours; (2) Adds the use, alteration, possession, or reproduction of a sales receipt, price tag, or universal price code label with the intent to defraud a retailer to the definition of the crime of stealing; (3) Revises the penalty provisions for stealing. Stealing is a Class D felony if the value of the property stolen is at least \$500 but less than \$750. The value of the property for the existing Class C felony remains at \$750. The felony limit for other specified crimes involving theft increases from \$150 to \$500; (4) Revises the penalty provisions for receiving stolen property. Receiving stolen property that has a value of at least \$500 but less than \$750 is a Class D felony. Receiving stolen property with a value of \$750 or more is a Class C felony; (5) Revises the definition of "forgery" to include making or altering receipts and universal product codes or using receipts or universal product codes that have been made or altered; (6) Allows a person to whom a bad check was issued to collect the face amount of the check, a service charge up to \$30, and an amount equal to the amount charged for the return of the bad check when the bad check is not referred for prosecution; (7) Determines the value of stolen property if the victim is a merchant and the stolen property would have been sold in the ordinary course of the merchant's business. The value of the property is the price at which the merchant would normally sell the item; (8) Clarifies the crime of passing a bad check by providing that a person does not commit the crime of passing a bad check if he or she issues a check to another person and that person accepts the check knowing that there are insufficient funds in the account and with the understanding that the check will not be presented for payment until a later date; and (9) Prohibits the use of a credit card to pay property taxes when the charges or payment are subsequently canceled without just cause.

RESISTING OR INTERFERING WITH DETENTION OR STOP - Under current law, resisting or interfering with arrest for a felony by a means other than flight is a Class D felony, otherwise it is a Class A misdemeanor. The act makes resisting or interfering with a detention or stop subject to the same penalties and makes resisting an arrest by fleeing in a manner that creates a substantial risk of injury or death to any person a Class D felony.

DNA EVIDENCE - The act modifies a number of provisions regarding the use of DNA evidence in criminal procedures, including the

following: (1) Instructs the Department of Public Safety to include in its DNA profiling system a separate DNA database of persons whose identity is unknown; (2) Specifies the exact crimes for which, when convicted, a DNA sample must be given. Current law states, without specifying exact crimes, that all violent offenses in Chapter 565, RSMo, and all sex offenses in Chapter 566, RSMo, trigger testing; and (3) Specifies the procedures for requesting, searching, using, disseminating, and expunging DNA profiles from the Missouri DNA profiling system.

HATE CRIMES - Currently, arson is a Class A felony only when it is in the first degree and a person has suffered serious physical injury or has died as a result of the fire or explosion. The act adds first and second degree arson to the crimes included in the hate crimes statute when the structure damaged is a place of worship. The penalty for arson involving a place of worship is a Class B felony, unless a person has suffered serious physical injury or has died as a result of arson involving a place of worship, in which case it is a Class A felony.

ASSAULT CRIMES - The act modifies several provisions relating to assault crimes, including the following: (1) Makes a person convicted of an assault ineligible to receive a suspended imposition or execution of sentence, probation, or a fine in lieu of imprisonment if the assault was on a mass transit worker or passenger while on or waiting to board a bus or light rail system; (2) Creates the crime of assault while on the property of an emergency room or trauma center, which is a Class D felony; (3) Changes the existing crime of assault of a law enforcement officer to assault of a law enforcement officer or firefighter. The act also adds certain acts to the crime of second degree assault of a law enforcement officer or firefighter. The penalty for second degree assault of a law enforcement officer or firefighter is changed from a Class B felony to a Class C felony. If the offense is knowingly causing or attempting to cause physical injury to a law enforcement officer or firefighter by means of a deadly weapon or dangerous instrument, knowingly causing or attempting to cause physical injury to a law enforcement officer or firefighter while brandishing a deadly weapon or dangerous instrument, or recklessly causing serious physical injury to a law enforcement officer or firefighter, the penalty is a Class B felony; and (4) Creates the Class D felony of intimidation of an athletic coach, manager, or sports official. A person is guilty of the crime if he or she commits assault in the third degree, which would otherwise be a Class A misdemeanor as set out in Section 565.070, or harassment by communicating in writing or by telephone a threat to commit a felony as set out in Section 565.090, against a coach, manager, or sports official and the assault is motivated by the victim's status as a coach, manager, or sports official.

INVASION OF PRIVACY - The act creates the crime of invasion of privacy in the first degree, which is a Class C felony. The existing crime of invasion of privacy becomes a second degree offense. Second degree invasion of privacy is a Class A misdemeanor. If the defendant has been previously convicted of invasion of privacy, it is a Class C felony. The act adds using

a concealed camera or video camera to record or photograph an individual under or through their clothing without that person's consent to the crime of second degree invasion of privacy. Violation of this provision is a Class A misdemeanor. This offense becomes a Class D felony if more than one person is photographed or recorded during the same course of conduct. If the defendant has been previously convicted of invasion of privacy, it is a Class C felony.

HUMAN CLONING - The act prohibits knowingly cloning or attempting to clone a human being and using public funds or public facilities to clone or attempt to clone a human being. It also prohibits public employees from knowingly allowing individuals to clone or attempt to clone a human being while using public funds or facilities. Violation of this section is a Class B felony.

CRIMINAL PROCEDURE AND PENALTIES - The act adds the crimes of attempting first degree arson, first degree assault, forcible rape, forcible sodomy, kidnaping, second degree murder, or first degree robbery to the definition of a dangerous felony. It also raises the minimum sentence for forcible rape, attempted forcible rape, forcible sodomy, and attempted forcible sodomy from five to 10 years and from 10 to 15 years when a deadly weapon is used or serious physical injury is inflicted. The act permits law enforcement officials to detain a person for 32 hours without charging a crime if the person has been arrested for any felony offense. Currently, a person who is arrested for first degree assault or robbery, first or second degree murder, forcible rape or sodomy, or distribution of drugs must be released within 24 hours unless charged with a crime. All other felony offenders must be released within 20 hours unless charged with a crime. The act prohibits individuals convicted of felonies that relate to the performance of contracts from contracting with the state or a government entity for three years after their release.

TERRORISM - The act: (1) Makes it unlawful to use unfair leverage in the sale of essential consumer merchandise during an emergency. Persons who exercise unfair leverage are liable for restitution to consumers and a civil penalty to the State of Missouri and may be subject to civil action commenced by the Attorney General. The substitute also authorizes the Governor to declare a consumer emergency by executive order if a consumer market disruption exists and specifies what the order must include; (2) Prohibits the transport of hazardous materials through highway tunnels and includes penalties for violations; (3) Allows the State Water Patrol to close any waters in the state to navigation or use in the event of a disaster; (4) Makes water contamination a Class B felony; (5) Allows the Attorney General to investigate the unlawful use of funds by charitable organizations; (6) Revises the current crime of making a terrorist threat by removing existing language that defines making a terrorist threat as threatening to commit a felony or making a false report about the commission of a felony and replacing it with threatening to commit or making a false report about an incident or condition involving danger to life; (7) Prohibits any person from photographing, videotaping, or otherwise obtaining images from within an animal facility without

the written consent of the facility. A person violating this provision of the substitute is guilty of a Class D felony; (8) Prohibits any person from intentionally or knowingly releasing in or introducing near an animal facility any pathogen or disease that has the potential to cause disease in any animal at the facility or which threatens human health or biosecurity at the facility. The act specifies a range of penalties for violations of this section, and it also allows the Director of the Department of Agriculture to initiate a civil action in the county in which the violation occurred; and (9) Exempts from the open meetings law any discussions relating to government response plans for possible terrorist attacks on water supplies and sewers.

CRIMES INVOLVING CHILDREN - The act modifies numerous provisions concerning crimes involving children, including the following: (1) Requires the defendant being prosecuted under certain sections to be physically excluded from a room where discovery or depositions are conducted when a child victim will testify; (2) Allows enhanced penalties for first degree child molestation when the offender has previously pled guilty to a sex offense in another state. Currently, enhanced penalties are only available when the offender has been found guilty in Missouri; (3) Increases the penalty for second degree sexual molestation from a Class A misdemeanor to a Class C felony. It allows enhanced penalties for second degree sexual molestation when the offender has previously pled guilty to a sex offense in Missouri or when the offender has pled guilty or been found guilty of a sex offense in another state. The enhanced penalty for second degree child molestation is increased from a Class D felony to a Class B felony; (4) Creates the crimes of third and fourth degree child molestation. Third degree child molestation is subjecting a child less than 14 years of age to conduct that would be sexual contact except that touching occurs through clothing; it is a Class D felony. The penalty becomes a Class C felony if the offender has previously pled guilty or been found guilty of a sex offense in Missouri or another state, or if other specified circumstances exist. Fourth degree child molestation is subjecting a child less than 17 years of age to conduct that would be sexual contact except that touching occurs through clothing; it is a Class A misdemeanor. The penalty becomes a Class D felony if the offender has previously pled guilty or been found guilty of a sex offense in Missouri or another state, or if other specified circumstances exist; (5) Allows enhanced penalties for sexual misconduct involving a child when the offender has previously pled guilty or been convicted of a sex offense in Missouri or another state. Currently, the enhanced penalty is only available for second or subsequent sexual misconduct involving child offenses; (6) Enhances the penalties for cooking methamphetamine in the presence of a child to a Class A felony with no probation or parole; (7) Creates the crime of enticement of a child. Enticement of a child is defined as persuading or attempting to persuade a child under the age of 17 to leave home or school or to enter a vehicle, building, structure, alley, or place where the child is concealed from public view for the purpose of engaging in lewd, illicit, or criminal conduct with the child. Enticing a child is a Class A

misdemeanor, unless the person has previously pled or been found guilty of enticement of a child, first or second degree endangering the welfare of a child, abuse of a child, or a sexual offense, in which case it is a Class D felony; (8) Prohibits persons convicted of first or second degree robbery or stealing, when the property taken was a vehicle with a child in it, from being eligible for a suspended execution of sentence, probation, parole, or conditional release until they have served five years of their sentence; (9) Sets forth mitigating circumstances which may be considered in prosecuting the crime of illegal transfer or surrender of custody of a minor who is under the jurisdiction of the Division of Family Services: (a) the child was not physically harmed; (b) the person surrendering the child consents; (c) the surrender did not involve fraud, duress, or undue influence; and (d) the person surrenders the child to a person they resided with at the time of the surrender; and (10) Creates the crime of selling a person under the age of 18, which is a Class B felony.

SUSPENSION, EXPULSION, AND READMISSION OF STUDENTS - Current law permits a school board to suspend a pupil after notice and a hearing when the pupil has been charged with, convicted of, or pled guilty to a felony criminal violation. The act provides that the pupil must have been convicted of a state or federal felony criminal violation; that an indictment has been filed alleging the pupil has committed such a violation for which there has been no final judgment; or a petition has been filed that the pupil committed an act or the pupil has been adjudicated to have committed an act which, if committed by an adult, would be a felony criminal violation. Current law requires that a pupil who has been convicted of, or who is alleged under specified circumstances to have committed, certain acts must not be readmitted to school. The act replaces forcible rape and forcible sodomy in the list of acts which preclude readmission with a reference to any felony offense established under the statute chapters relating to sexual offenses or prostitution.

CRIME VICTIM COMPENSATION - The act modifies a number of provisions relating to the Crime Victims' Compensation Fund, including the following: (1) Provides that a claimant need not have lived with the crime victim in order to be eligible; (2) Removes the provision that requires the claimant to have lost at least two continuous weeks of earnings to be eligible; (3) Increases the maximum award for funeral expenses from \$5,000 to \$7,000; and (4) Increases the maximum loss of earnings reimbursement amount from \$200 per week to \$400 per week.

TRAFFIC OFFENSES - The act modifies several provisions relating to traffic offenses and intoxication-related traffic offenses, including the following: (1) Requires the Department of Revenue to expunge all official records related to suspensions, revocations, and other administrative disciplinary actions taken by the Department as a part of any intoxication-related traffic offense when a court has ordered the expungement of the court's file relating to the same offense; (2) Allows the court the discretion to order the installation of the ignition interlock device for second or subsequent offenses. The act also prohibits the department from suspending or revoking the driver's license

of a person who pleads guilty or who is found guilty of a first or second intoxication-related traffic offense and who is required to use an ignition interlock device. Current law requires individuals who plead or are found guilty of a second or subsequent intoxication-related traffic offense to have an ignition interlock device installed in their vehicle; (3) Reduces from 45% to 35% the amount of fines and court costs from traffic violations on state highways that a city or village must send to the department. If the fines and court costs are not submitted to the department in a timely fashion, the city or village must submit to an annual audit by the State Auditor; (4) Requires police reports for certain alcohol-related traffic offenses to be certified. The reports must be certified subject to the penalties of perjury or for making a false statement to a public official. The substitute also allows certified reports to be admissible as evidence of the facts stated in the report; (5) Requires additional fines and driver's license suspensions to be imposed on any person failing to yield the right-of-way when the violation results in physical injury, serious physical injury, or death to a person.

MISCELLANEOUS PROVISIONS - The act makes it a Class C felony to knowingly misappropriate a dog, law enforcement animal, or rescue animal with intent to sell it; knowingly purchase a stolen dog; or knowingly remove an identification marker or tag from a dog without permission. The act also requires the Department of Public Safety to create an Internet registry where owners may list their missing or stolen dogs. Anyone purchasing dogs for research purposes is required to examine them for identification marks and search the registry. If a match is found, the purchaser must contact the owner for verification and report suspected stolen dogs to a local law enforcement agency. Dogs sold to licensed dealers for research purposes must be accompanied by a veterinarian's health certificate. The act changes the existing crime of unlawful possession of a concealable firearm to unlawful possession of a firearm. The act prohibits the possession of a firearm for specified individuals who have an order of protection against them and individuals convicted of domestic assault. Violation of this section is a Class A misdemeanor. The act expands the list of individuals who are disqualified from employment with the Department of Mental Health and specifies requirements for background checks of applicants for positions with the department. The act also prohibits anyone under the age of 21 from dancing in an adult cabaret. Violation of this section is a Class A misdemeanor.

HS HB 1594 -- STATE EMPLOYEE PAY (Gratz)

This substitute allows state employees accruing overtime to take that time as compensatory leave. State employees paid at an hourly rate will be paid one and one half times their regular rate for any hours exceeding 40 hours worked in one week. State employees working on designated state holidays will receive compensatory time or straight time hourly wages. Overtime wages will be paid in cash unless the state employee requests compensatory time. Those paid on an hourly basis may retain up to 80 hours of compensatory time. The provisions of the substitute apply to those state employees who are currently eligible for compensatory time.

The substitute also provides for the continuation of insurance benefits for employees on military leave beyond the 15-day limit until the completion of service at the request of the employee and at the same rate as if the employee were not on military leave.

FISCAL NOTE: Estimated Net Cost to Various Funds of More than \$100,000 in FY 2003, FY 2004, and FY 2005.

****HB 1634****

HOUSE SPONSOR Hoppe

4105.01P

SCS/HB 1634 - This act authorizes the state to make five conveyances of state property controlled by the department of natural resources, including a transfer of land in Jefferson county.

This act modifies provisions relating to land trusts in Jackson, St. Charles and St. Louis counties. The act changes the date by which actions to set aside a court administrator's or sheriff's deed to within one year of the court administrator's foreclosure sale. The court administrator or sheriff can collect their deed fee at the time of the foreclosure sale.

The act also modifies the membership of land trusts, to include a member appointed by the county executive, if the county has an executive. Land trusts are authorized to sell certain tracts of vacant residential property to the owners of contiguous property. The act provides budget requirements and deadlines for county governing bodies to object to land trust budgets and that a failure to object constitutes approval. The approved budget may only be amended with the consent of the county and city that appointed members.

If there are insufficient funds available to pay the salaries and other expenses of the land trust, additional funds may be requisitioned from the county and city not to exceed 25% of the annual budget year without consent of the county and city.

Performance audits may be conducted by the State Auditor or the Kansas City Auditor. Cost of performance audits must be paid for by the land trust and made available to the public within 30 days of completion.

The act modifies the distribution of assets from the sale of any property in the trust to provide that the trust may be used to pay salaries and other expenses of such trust. Any funds in excess of those necessary to meet the expenses of the trust plus a reasonable sum to carry over into the next fiscal year may be paid to taxing authorities and tax bill owners.

The act also modifies provisions of law related to rehabilitation of historic properties in Kansas City. Currently, not-for-profit organizations may seek temporary possession of abandoned property if organization intends to use the property for low- or moderate-income housing. The act deletes that requirement. Under current law, the organization may petition the court for an order conveying title after the expiration of one year. The act provides that the organization may petition the court for such an order after the rehabilitation work is completed. The act allows the owner of the abandoned property to seek restoration of the property prior to the completion of rehabilitation work. The court then determines whether the owner has the resources to complete the rehabilitation work. If the

court determines that the owner does not have the resources, the court shall not restore possession. If the court determines that the rehabilitation work is complete or that the owner has the resources to complete the work, the court shall restore possession and determine what compensation is due to the organization.

Currently, organizations must file annual reports on the progress of rehabilitation efforts. The act provides that the organization must file quarterly reports.

Portions of this act are similar to HB 1795 (2002).

HB 1650

SCS HS HCS HB 1650

HOUSE SPONSOR Hoppe

4063S.09C

SCS/HS/HCS/HB 1650 - This act modifies various provisions regarding water resources.

PUBLIC WATER DISTRICTS - The act allows a petition for the formation of a public water supply district to become final and conclusive if signed by at least two-thirds of the registered voters within the boundaries of the proposed district. Under current law, the petition must have voter approval before becoming final and conclusive. The act establishes petition publication criteria including newspaper publication and certified mail to property owners.

TERRITORIAL AGREEMENTS - The act provides that when all or part of a territory of a sewer district is located in Butler County is annexed into Poplar Bluff, but is not receiving municipal water service at the time of annexation, the district and city may develop an agreement for the provision of service to the annexed territory. Such an agreement may be developed for any territory annexed between January 1, 1996 and August 28, 2001. Requirements for the agreement and procedures where an agreement cannot be reached are provided.

WATERSHED DISTRICTS - The act allows any county that has not adopted an annual watershed district tax that is within a watershed subdistrict to detach from the subdistrict. Detachment from the subdistrict must be approved by a majority of the landowners in the county. The detachment must take place before an annual tax is adopted. The watershed district trustees must make arrangements for the county to pay any outstanding indebtedness for services or works of improvement before the detachment. Watershed district trustees must certify the separation with the recorder of deeds in each county in which the subdistrict lies and with the State Soil and Water Commission.

PUBLIC WATER AND SEWER DISTRICTS - The act restricts the current law concerning a sewer district entering a joint contract to form a joint municipal utilities commission. The act restricts this power to public sewer districts.

Regarding rural water grants, the act allows a grant for a water supply or sewer district construction project and a grant for a source water protection project to be awarded in any two-year period.

SEWER COMPANIES - The act specifies that every nonprofit sewer company shall be supervised and regulated by DNR to the same extent and in the same manner as any other nonprofit corporation who treats wastewater.

SUNSHINE LAW (Section 610.021) - This act adds exemptions to Sunshine Law, allowing closure of existing or proposed security systems and structural plans and certain computer information, which would threaten public safety. However, information regarding procurement or expenditures shall not be considered closed. The public governmental body must affirmatively state in writing that the disclosure would impair the ability to protect the public. The exemption relating to security of public buildings sunsets on December 31, 2006. An exemption is also added to close records regarding certain numerical information and security codes to protect electronic transactions between the public governmental body and persons doing business with the body.

PRIMACY FEE (Section 640.100) - This act extends the drinking water primacy fee to September 1, 2007. This portion of the act is similar to HB 1748 (2002).

BURDEN OF PROOF (Section 640.825) - In all matters heard by the Environmental Hearing Commission the burden of proof shall be on DNR or the Commission initially making the finding or decision. However, in appeals involving the denial of a permit, license or registration, the burden of proof shall be on the applicant. In appeals where the appellant is someone other than the applicant, the burden of proof shall be on that party. This portion is similar to provisions of SB 881 (2002).

CLEAN WATER COMMISSION (Section 644.036)- Requires the Clean Water Commission to adopt any listing, designation, standard, rule or regulation which will result in waters of the state to be classified to be promulgated by rule pursuant to chapter 536.

AQUACULTURE (Sections 644.016, 644.051, 644.052) - This act revises provisions relating to water permitting for aquaculture. Aquaculture is defined as the controlled propagation, growth, and harvest of aquatic organisms.

Prior to issuing a general permit or permit by rule the Director of the Department of Natural Resources must hold meetings with permit holders, applicants and the public to evaluate pollution impacts of pollutants. After the meetings the Director would draft the permit considering the comments of the

meeting and post it for public comment. The Director must also concurrently post an explanation with the draft permit which shall identify types of facilities which are subject to the permit. A hearing may be requested on the draft permit.

After consideration of the comments the final permit would be issued. The time between the request for the hearing and the hearing date will not be calculated for purposed of the time frames in which a permit must be issued.

Unless requested by the facility, aquaculture facilities will not be required to obtain site-specific permits but will obtain general permits. However, facilities which materially violate the conditions and requirements of the general permit may be required to obtain a site-specific permit. The fee for aquaculture facilities is capped at \$250. This portion is similar to SB 1072 (2002).

BONDING FOR STORMWATER PROJECTS (Sections 644.578 - 644.580)- This act changes the date for authorizations for bonding for water sewer and stormwater projects. Current law authorizes the Board of Fund Commissioners to issue bonds for grants and loans pursuant to several sections in Article III of the Missouri Constitution which are administered by the Clean Water Commission and relate to water, sewer and stormwater projects. Current law states the authorizations are in addition to amounts authorized prior to August 28, 2002. This act changes the date to August 28, 2003. This portion is identical to SB 985 (2002). The act also specifies the percentage disbursement of the grants and loans from these funds.

This act has an emergency clause.

HB 1654

SCS HS HCS HBs 1654 & 1156

SENATE HANDLER Caskey

HOUSE SPONSOR Hosmer

3508S.09C

HS/HCS/HBs 1654 & 1156 - This act makes a number of changes designed to protect the elderly.

Definitions related to elder abuse are modified (Section 187.010). Certain persons are required to report suspected abuse or neglect of facility residents. Anyone failing to make a report within twenty-four hours or filing a false report is guilty of a Class A misdemeanor. Immunity is given to reporters, unless they act negligently, recklessly, or in bad faith. Facility administrators must contact the coroner immediately upon the death of a resident (Section 187.020).

If a report is made about a long-term care resident, certain information must be included in the report. Within 24 hours, the Department of Health and Senior Services must initiate an investigation and notify the resident's family. If a report involves imminent harm, the Department must start an on-site investigation within 24 hours. If an investigation indicates possible abuse or neglect, the resident may be removed from the facility. Reports are confidential, but the Department may notify and provide reports to certain persons, if necessary. Within five working days, the person making the report must be notified of its progress. Harassment of reporters is prohibited. Any person who knowingly abuses or neglects a resident of a facility is guilty of a Class D felony and will be placed on the employee disqualification list (Section 187.024).

Section 187.028 contains provisions similar to Section 187.024, but for eligible adults not residing in a facility and in-home services clients. Reports are confidential, with exceptions (Section 187.028).

The Department must investigate reports by using the procedures established in Sections 660.250 to 660.295 and must refer all suspected cases to law enforcement. The Department and law enforcement must require elder abuse training and must develop an investigation checklist (Section 187.030). Immunity from liability is provided to reporters, unless they act in bad faith (Section 187.034).

Emergency services and medical facility employees must be placed on the employee disqualification list (EDL) if found guilty of abuse or neglect (Section 187.040). Section 187.050 contains provisions similar to 187.024, but for the

misappropriation of property or falsification of documents of an in-home services client. Any in-home services provider or employee who performs such acts will be guilty of a Class A misdemeanor. Reports are confidential, except in certain situations (Section 187.050).

Any person placed on the EDL must be notified in writing with thirty days to respond or appeal. Certain persons will be automatically listed on the EDL, such as those who intentionally or negligently inflict serious physical injury or death to another. No person on the EDL may be employed by anyone receiving the list. Persons listed on the EDL may request removal once every twelve months. The EDL must be distributed to area agencies on aging, emergency services, and adult day care programs (Section 187.080).

Before allowing an employee to have contact with a resident, providers must request a criminal background check and must check the EDL. Failure to disclose will result in a Class A misdemeanor. Failure by a provider to investigate or evidence of a pattern of violation by the provider will result in civil penalties (Section 187.084). All reports of abuse or neglect will be kept confidential, with specific exceptions. Report copies may not disclose the reporter or the victim (Section 187.087).

The Department may require the production of information for investigations or inspections. Subpoena power is included. Failure to comply with any request is ground for refusal, suspension, or revocation of a license or contract (Section 187.090). The Department may establish a telephone check-in pilot project for in-home services employees (Section 187.100). The Departments of Health and Senior Services and Mental Health must work cooperatively in the investigation of abuse and neglect, when appropriate (Section 187.102).

The term "financial" is included in the definition of abuse and redefines "medical assistance" as any federal health care program. The term "health care provider" is also clarified as one paid to provide services (Section 191.900).

The Attorney General may serve subpoenas or other process in order to enforce Sections 187.020 - 187.028 and 191.900 - 191.910 (Section 191.910). Search and seizure provisions are also included. Certificate of need provisions are added and the new bed moratorium is extended to January 1, 2007 (Sections 197.310 - 197.370). The Attorney General (AG) may bring an action to enjoin home health agencies from accepting new clients, when necessary (Section 197.455).

Terms related to long term care are modified (Section 198.006). The provisions of Section 187.020 are included as non-applicable to certain entities, such as hospitals (Section 198.012).

Upon licensure or renewal of a facility's license, the Department must require a listing of the facility operator or

owner's properties. The Department must determine the facility's compliance history and include facility responses to survey findings in the official departmental review (Section 198.019). Unless the Department determines otherwise, facilities must be subject to at least two inspections per year (Section 198.022). If necessary, the Department may require corrective actions regarding staffing (Section 198.026).

Written notice of facility noncompliance must be copied to the Attorney General (Section 198.029). Every residential care facility I or II, intermediate care facility, or skilled nursing facility must post a current inspection report (Section 198.030). Sections 187.020 - 187.050 are included in the requirement for confidentiality of resident records. Insurance carriers may not use unsubstantiated inspection or written investigation reports for insurance underwriting. The Department must obtain the name and address of the reporter after obtaining abuse and neglect information (Section 198.032).

The Department may revoke a license if a facility fails to comply with class I or II standards, refuses inspection, knowingly adversely affects health, safety, or welfare of a resident, or demonstrates financial incapacity (Section 198.036). Facilities have administrative appeal rights (Section 198.039).

Any private pay SNF with a private pay resident residing in the facility for over one year may receive Medicaid reimbursement on behalf of the resident without meeting CON bed requirements in section 197.327 (Section 198.046).

Penalty provisions for facilities are clarified and the Department or the AG may bring an action in circuit court. At the Department's discretion, state civil penalties may be reduced based on previous federal penalties for the same violation (Section 198.067). The General Assembly intends for such penalties to be imposed in cases involving more than one violation (Section 198.068).

The pathway to safety law for Alzheimer's residents in RCFs is modified (Section 198.073). A new section requires long term care facilities, adult day care facilities, and residential care facilities I and II to provide such immunizations annually or upon admission. Written consent must be obtained from the resident and his or her physician. Adult day care facilities must also inform clients regarding immunization. The Department must develop rules for documenting compliance, including the documentation of residents who refuse the immunization. The Department may not impose a violation on a facility for not making an immunization available if a shortage exists (Section 198.074).

The Departments of Health and Senior Services, Mental Health, and Elementary and Secondary Education must collaborate on assessment procedures for long term care services (Section 198.080). A requirement is added that skilled or intermediate care nursing assistants must complete training within 120 days of employment. The Department must approve all training (Section

198.082). The Department must establish three classification standards, including three violation categories (Section 198.085). The Department must establish and implement a demonstration project to establish a licensure category for health care facilities treating Alzheimer's residents (Section 198.086).

Facilities must establish appropriate policies and must notify staff, residents, and families of residents (Section 198.088). Residents may file written complaints regarding the deprivation of rights or estates within two years of the alleged violation (Section 198.093). All facilities receiving Medicaid funding must submit annual financial statements to the Department (Section 198.094).

Nursing home districts shall not be prohibited from establishing and maintaining senior housing within their corporate limits (Section 198.345). Facility inspections are required twice per year, unless otherwise provided pursuant to 198.526 (Section 198.525). Currently, Section 198.526 outlines facility inspection procedures. The Department may reduce the frequency of inspections to one per year if the facility has no class I deficiencies or class II violations during an inspection, related to the direct care of residents, and if there is no change in ownership or operation. This act provides for immediate termination and a Class A misdemeanor for any Division employee who discloses an inspection time to a facility (Section 198.526).

Current law allows the Department to establish aging-in-place pilot programs throughout the state. This act requires the Department to base licensure procedures on the highest level of service provided at the site (Section 198.531).

Current law allows individuals to appeal medical assistance denials. This act requires the administrative hearing commission to consider a provider's continued participation in the program (Section 208.156). This act also exempts 501(c)(3) programs for all-inclusive care for the elderly (PACE) projects from HMO law (Section 354.407).

This act provides a hearsay exception for statements made by elderly or disabled individuals (Section 491.076). Providers or employees of SNFs or Alzheimer's units are prohibited from having sexual contact with residents. Anyone having sexual contact is guilty of a Class B misdemeanor, with subsequent violations being a Class A misdemeanor. Anyone having sexual intercourse is guilty of a Class D felony, with subsequent violations being a Class C felony. This section does not apply to persons married to a resident. Consent of the victim is not a defense (Section 565.200).

The Department of Health and Senior Services is given equal access to information provided by mental health facilities or the Department of Mental Health (Sections 630.140, 630.167). With the exception of an attorney or member of the clergy, no legal privilege will exempt a person from the disclosure of records

related to abuse and neglect. The Department shall have access to financial, medical, and mental health records (Section 660.030).

The Department must provide certain long term care information over its website, including facility survey results and information regarding long term care options (Sections 660.051, 660.071). This act requires all Medicaid participation agreements to include a requirement for abuse and neglect training. Agreements must allow ombudsman access to the facility (Section 660.252). This act clarifies that abuse and neglect reports are not public records (Section 660.263). The Department may enjoin interference with an investigation or inspection (Section 660.270). The Department must refer all suspected cases of elder abuse to the appropriate law enforcement agency (Section 660.302).

The Department must prepare a notice of management change for a new owner or manager of a facility to distribute to the press and to a resident's legal guardian or family member. Such facility must also post a sign indicating new ownership or management (Section 660.610).

This act prohibits long term care facilities from delaying payment to vendors over 120 days (Section 1). The Division of Family Services must comply with Medicaid law on institutionalized and impoverished spouses when determining Medicaid eligibility (Section 2). No long term care facility may use state funds for any purpose other than health care services. Such facilities must document use of funds to the Department. Complaints regarding the use of funds are permitted (Section 3). This act prohibits employee discrimination by skilled nursing facilities (Section 4). This act also requires the Division of Medical Services to adjust Medicaid reimbursement rates to facilities upon a change in ownership (Section 5). Finally, this act establishes the Joint Committee on Nursing Home Medicaid Reimbursement, consisting of ten members of the General Assembly (Section 6).

Portions of this act are substantially similar to SBs 670 & 684 (2002) and HB 349 (2001).

HB 1656
HCS HB 1656

HOUSE SPONSOR Wright

4259L.03P

HCS/HB 1656 - This act makes changes related to sexual offenses.

This act allows the Department of Health and Senior Services provide rape kits and other materials to hospitals to aid in the identification of rape suspects.

This act changes the penalties for forcible rape, attempted forcible rape, forcible sodomy and attempted sodomy. For all of these crimes, the authorized terms are a maximum of life imprisonment without the possibility of parole and a minimum of ten years. However, if the person attempting these crimes inflicts serious physical injury, displays a deadly weapon or subject the victim to sexual intercourse with more than one person, the minimum sentence is increased to fifteen years.

This act also allows law enforcement agencies to obtain a saliva sample for the purpose of obtaining DNA samples as part of the agency's normal booking process for individuals arrested for a felony. A warrant is required for blood samples.

HB 1679

SCS HB 1679

SENATE HANDLER Sims HOUSE SPONSOR Crump

2983S.05C

HB 1679 - This act revises the law on simulcasting of horse races, allowing licensees to conduct wagering on unlimited simulcasts. Simulcasting is currently allowed only for the same number of days as live racing is conducted at a track.

The act specifies that the Missouri Horse Racing Commission shall consist of five members, appointed by the governor with the advice and consent of the Senate. No more than three members may

be affiliated with the same political party, and they must come from different congressional districts and counties. The Commission shall be assigned to the Department of Public Safety and may hire an executive director and other employees as necessary. The Commission shall have numerous duties regarding applicants and licensees, including investigating their qualifications, denying applications, adopting standards of conduct and requiring licensees to remove certain persons from the race meeting grounds. The Commission shall also have the power to search and investigate race meeting grounds and offices without a search warrant to determine compliance.

An applicant must affirm that it will make a capital investment exceeding \$10 million within the first forty-two months of licensure, and that it will conduct twenty days of live racing within the first eighteen months, thirty days of live racing during the next twelve months and fifty days of racing each year thereafter.

The act provides that revenue generated shall be deposited in the Missouri Horse Racing Fund which shall pay all commission expenses. Any surplus shall be credited to schools of the future fund.

****HB 1689****

SCS HCS HB 1689

SENATE HANDLER Klarich

HOUSE SPONSOR Treadway

3595S.12C

SCS/HCS/HB 1689 - This act modifies numerous provisions regarding certain professional licenses.

RECIPROCITY AND INACTIVE STATUS - If the licensing board deems another state to have substantially equivalent licensing requirements, then any person licensed as a geologist, massage therapist, interior designer, barber, cosmetologist, chiropractor, optometrist, real estate agent, veterinarian, or hearing aid dealer or fitter in such state may obtain a license in this state, regardless of any minimum age requirement in such state.

Any licensed geologist, massage therapist, interior designer, barber, cosmetologist, chiropractor, optometrist, psychologist, professional counselor, social worker, marriage and family therapist, real estate agent, veterinarian, or hearing aid fitter and dealer, may apply for an inactive license. Requirements for an inactive license shall be established by the board by rule. An inactive licensee may return to active status by notifying the appropriate board and meeting certain other requirements. If an inactive license lapses for less than five years, the person may return the license to active status by notifying the board, paying fees and meeting established licensure requirements except for the licensing examination.

Persons possessing temporary licenses as interior designers, barbers, cosmetologists, chiropractors, optometrists, real estate agents, veterinarians, or hearing aid dealers and fitters, may place their license on inactive status until the licensee is able to complete requirements for permanent licensure.

INTERIOR DESIGNERS - The act places the regulation of interior designers under the control of the division of professional registration, instead of the interior design council.

PRIVATE INVESTIGATORS - The act creates the Board of Private Investigator Examiners within the division of professional registration. The board shall comprise five members, all of whom shall be private investigators. It shall be unlawful for a person to provide private investigative services without first obtaining a license.

The act contains provisions concerning the creation of a board fund, persons exempted from licensure, application, training and examination requirements, certification of private investigator trainers, background checks on applicants, grounds for denial, suspension or revocation of a license, fees, forms and display of license, renewal of license and reciprocity.

Information acquired by a licensee concerning a criminal offense may be disclosed to the board, any law enforcement agency, a prosecutor or the licensee's representative. Licensees

are prohibited from creating false reports, manufacturing evidence, or presenting themselves as state or federal officers. Provisions regarding recordkeeping of employee information and advertising requirements are included in the act.

Records of business transactions must be kept for seven years. Under certain circumstances, such records may be examined by the board.

A first violation of any provision of Sections 324.1100 to 324.1140 shall be a Class A misdemeanor. Subsequent violations shall be a Class D felony. Any person who knowingly falsifies information that is required to be submitted by Sections 324.1100 to 324.1140 shall be guilty of a Class D felony.

ACCOUNTANTS - This act allows temporary practice in this state by accountants from an outside state whose work in this state is incidental to their regular representation of a client.

The higher competency requirements for supervising attest services are separated from the requirements for supervising review and compilation services by the act. The requirement of a peer review of an accountant's license is also limited by the act to accounting firms, as is the issuance of review and compilation services.

The act allows the board to act by rule to permit licensed accountants to perform certain services on a contingency fee basis.

ARCHITECTS, ENGINEERS, LAND SURVEYORS AND LANDSCAPE ARCHITECTS - This act changes the name of the Missouri Board for Architects, Professional Engineers, Professional Land Surveyors and Landscape Architects to the Missouri Board for Architects, Engineers, Land Surveyors and Landscape Architects. The act includes landscape architects in sections concerning non-transferability of right to practice and use of a personal seal.

ELECTROLOGISTS - The act creates a license classification for electrologists within the board of cosmetology. The act provides requirements for applicants seeking licensure as an electrologist as well as requirements for schools offering courses in electrolysis. The act contains a grandfather clause for certain persons.

HAIR BRAIDERS - The act creates a license classification for hair braiders within the board of cosmetology. The act provides requirements for applicants seeking licensure as a hair braider as well as requirements for schools offering courses in hair braiding.

DENTISTS - The act permits the dental board to investigate alleged violations of the practice act by not-for-profit corporations licensed to practice dentistry in this state. The definition of dentistry includes the review of exam findings, x-rays, or other patient data in order to decide about the dental care of a patient.

Current law prohibits any person from practicing dentistry without a license. This act prohibits corporations or entities from practicing without a license as well. Only 501(c)(3) corporations under Chapters 355 or 356, RSMo, will be allowed to practice dentistry. Such corporations must only provide dental services to Medicaid recipients and to those persons with income under 200 percent of the federal poverty level and such patients must make up 90 percent of the corporation's practice. They must only employ Missouri-licensed dentists, dental hygienists, and dental assistants. The corporation must be organized for health purposes only. No 501(c)(3) corporation under Chapter 355, RSMo, may interfere with a licensed dentist's professional judgment. Such corporations may apply for a license to practice dentistry in Missouri. Licensed corporations will be subject to all disciplinary and license approval procedures (Section 332.081).

Corporations and entities are added to current law which imposes a Class A misdemeanor on persons who practice without a license and allows injunctions or restraining orders to prevent further unauthorized practice.

The dental board may enter into diversion agreements with licensees in lieu of pursuing formal disciplinary action. The licensee must agree to be referred to a dental well-being committee for a period of not more than five years. The board cannot enter into more than two diversion agreements with a licensee.

The act provides that all dentists and dental hygienists must document completion of required continuing education hours before the board can renew their licenses.

The act deletes a section concerning the filing of complaints against licensees by individuals and entities.

COLLABORATIVE PRACTICE AGREEMENTS - The State Board of Registration for the Healing Arts is authorized to discipline physicians who supervise nurse practitioners without having entered into a collaborative practice agreement.

PHYSICAL THERAPISTS - The act provides that physical therapists may administer first aid.

ATHLETIC TRAINERS - The act changes athletic trainers from being registered to being licensed.

BOARD OF NURSING - The act removes the requirement that the executive director of the board of nursing must be a nurse.

REAL ESTATE DISCLOSURE - The act creates definitions for "commercial real estate" and "residential real estate" as pertaining to limited and dual real estate agents and designated real estate brokers and agents. The act limits disclosure requirements related to brokerage relationships to residential real estate transactions.

DIVISION OF PROFESSIONAL REGISTRATION - Provides that the Division of Professional Registration, not the Department of Economic Development, shall submit the names of potential licensing board members to the Governor.

Portions of this act are similar to SB 896 (2002) SB 1080 (2002) and SB 924 (2002).

HB 1692
HCS HB 1692

HOUSE SPONSOR Overschmidt

3606L.03P

SCS/HCS/HB 1692 - This act allows resorts located in Miller, Morgan and Camden counties to apply for a special permit from the Supervisor of Liquor Control to remain open and sell liquor by the drink until 3:00 a.m. each day of the week and to open at 11:00 a.m. on Sunday.

The applicant must have had gross sales of \$100,000 or more in the preceding year and must be a resort. A resort is defined as "any establishment having at least sixty-five rooms for the overnight accommodation of transient guests, having at least three thousand square feet of meeting space and having a restaurant located on the premises".

Any resort holding a special permit must ensure that only overnight guests of the resort are sold liquor between 1:30 a.m. and 3:00 a.m.

This act allows a wholesaler to give a retailer credit for intoxicating liquor with an alcohol content of less than 5% or 3.2% beer in a container with a capacity of four gallons or more that was delivered but not used, if the wholesaler removes the product within seven days of the initial delivery.

This act creates new penalties for licensees that are found by the Supervisor of Liquor Control to have violated liquor control laws. In lieu of suspension or revocation of a license, the Supervisor may assess certain amounts of fines to any licensed solicitor or retailer. Licensees may appeal the issuance of the fine to the Administrative Hearing Commission.

In order to encourage settlement, licensees are afforded the opportunity to meet with the Supervisor of Liquor Control before any disciplinary action is taken. The Supervisor of Liquor Control must provide the licensee with the time and place of the meeting and certain written information about licensee's conduct at issue.

The provisions of this act shall expire on January 1, 2007.

This act is similar to SB 912 and SB 1002 (2002).

HB 1695
HCS HB 1695

HOUSE SPONSOR Selby

3419-01

HCS/HB 1695 - This act modifies provisions related to health insurance coverage for certain medical conditions.

MISSOURI CALCIUM INITIATIVE - Certain governmental food establishments must give preference to foods containing higher

levels of calcium if at the same or lower price than similar products. Such preference is not required, however, if it interferes with patient care. These requirements are in addition to national school lunch requirements and do not apply to contracts entered into before July 1, 2002. This provision is similar to SB 671 (Section 34.375).

CLINICAL TRIALS - This act requires health insurance companies to provide coverage for routine patient care costs incurred as the result of phase II, III, or IV of clinical trials undertaken to treat cancer. Entities providing clinical trial treatment must have sufficient expertise and training to treat a sufficient number of patients. There must be identical or superior non-investigational treatment alternatives available before providing clinical trial treatment. Clinical trial coverage shall include coverage for drugs and devices approved by the FDA, whether or not the FDA has approved the drug or device for the patient's particular condition. The clinical trials will only be covered if they are approved or funded by certain entities: Providers participating in clinical trials shall obtain the patient's informed consent for participating in the clinical trial. This provision is substantially similar to SB 827 (Section 376.429).

HEARING AIDS FOR CHILDREN - This act mandates insurance coverage for children's hearing aids. This mandated coverage will be required in all health policies issued or renewed after January 1, 2003. Policies subject to this act must provide replacement hearing aids for the child at least every three years. Hearing aids, prescriptions and consumable supplies must be reimbursed at the usual and customary charges of the licensed professionals. An insurer may limit the benefits payable for hearing aids to \$1,250 for each ear with a hearing loss. An insured may choose a hearing aid higher than the benefit payable and may pay the difference between the price of the hearing aid and the benefit payable. The required coverage shall not be subject to deductibles or copayments exceeding twenty percent of the actual covered service costs. This provision is substantially similar to SB 838 (Section 376.1221).

CANCER SPECIALISTS - This act allows a physician to refer a patient who has been newly diagnosed with cancer to a specialist for a second opinion regarding the patient's treatment. Insurance companies must provide coverage for the second opinion rendered by the specialist. A referral must be given to an out of network specialist if a specialist is not available within the provider's network. This provision does not apply to certain insurance policies. This provision is substantially similar to SB 1026 (Section 376.1253).

HB 1701

SCS HB 1701

SENATE HANDLER Rohrbach HOUSE SPONSOR Luetkenhaus

4296S.03C

SCS/HB 1701 - This act provides that the interest rate for determining minimum nonforfeiture amounts for annuity contracts issued between July 1, 2002 and July 1, 2004 shall be 1.5% per annum.

This act makes several changes to the long-term care insurance law. This act clarifies that the term "long-term care insurance" to include any insurance policy that meets the requirements of a "qualified long-term care insurance contract", as defined in Section 7702B of the Internal Revenue Code. This act requires the issuer of a long-term care contract to state clearly in its enrollment materials whether the contract is intended to be tax-qualified, pursuant to Section 7702B.

This act requires the issuer to deliver the certificate of insurance to the applicant no later than 30 days after the date of approval. This act requires the long-term care policy summary to include a statement that any long-term care inflation protection option that may be required by the laws of Missouri is not available under the policy.

This act requires issuers to provide a written explanation for a denial of coverage within 60 days of receiving a written request for an explanation from the applicant. The issuer must provide all information directly related to the denial. This act allows insurers to rescind long-term care contracts upon a showing of misrepresentation. The degree of misrepresentation that must be proven will vary, depending on the length of time the policy has been in effect (Section 376.1124). This act prohibits a long-term care contract to be field issued based on medical or health status.

This act prohibits an insurer from recovering benefits paid to the policyholder when the issuer rescinds the policy. This act requires insurers to offer a policy that includes a nonforfeiture benefit. If that benefit is declined, the issuer must then offer a contingent benefit upon lapse that will be available for a specified period of time following a substantial increase in premium rates. This act requires the Department of Insurance to promulgate rules creating the standards for

nonforfeiture benefits, contingent benefits upon lapse, the length of time these benefits must run, and the extent to which premiums may be increased.

The Department of Insurance must also promulgate rules regarding marketing practices, agent testing, penalties, and reporting practices for long-term care insurance.

HB 1711

CCS HCS HB 1711

SENATE HANDLER Jacob

HOUSE SPONSOR Graham

3884L.08T

CCS/HCS/HB 1711 - This act generates numerous modifications to the state's education policy.

SECTION 82.293 - This section asserts that, absent explicit statutory authority, the city of Lee's Summit shall not impose a surcharge nor any fee in order to compensate a school district.

SECTION 108.140 - This section allows school districts to use bond proceeds in order to pay expenses relating to the bond issuance.

SECTIONS 160.011, 160.051, 160.530, 161.092 and 166.260 - These sections allow public schools to establish family literacy programs. Additionally, funding for family literacy programs is added to the priority list of "statewide areas of critical need for learning and development". Further, family literacy personnel are made eligible to receive a portion of the funds already allocated to address said statewide areas of critical need for learning and development. Also, these sections allow

local boards of education to include family literacy programs in the "child at-risk in education programs" which utilize moneys already distributed to school districts by means of the state aid formula.

The act mandates that, starting in fiscal year 2005, a portion of the state school aid appropriation shall be distributed by the Department of Elementary and Secondary Education (DESE) to establish and fund family literacy programs in school attendance centers declared academically deficient or school districts declared unaccredited or provisionally accredited. This amount shall be 1.5% of the total line 14 distribution. DESE will promulgate rules for the distribution of these family literacy funds.

Additionally, the act requires the State Board of Education to make an annual report to the General Assembly and the Governor concerning coordination with other agencies and departments of government that support family literacy programs.

Further, this section asserts that the Board of Education shall grant provisional teaching certification to persons with a valid teaching certificate from another state who meet certain criteria.

SECTION 160.518 - This section expresses that the State Board of Education shall identify or, if necessary, establish one or more developmentally appropriate alternate assessments for students who receive special educational services. Any student who receives special educational services shall be assessed by an alternate assessment upon a determination by the student's individualized education program team that such alternate assessment is more appropriate to assess the student's knowledge, skills and competencies than the current assessment. The alternative assessment shall evaluate the student's independent living skills and how well the student meets standards for personal independence.

SECTION 160.720 - This section asserts that the Governor will recognize schools (as identified by DESE) that demonstrate high student achievement and designate such institutions as 'performance' schools. Said performance schools (or districts) will be eligible for waivers of certain administrative rules that result in a meaningful reduction in administrative burden.

DESE will identify as 'priority' those schools, or school districts, that are either: academically deficient; unaccredited; provisionally accredited; or not meeting any of the accreditation standards on student performance based upon the statewide assessment system. In order to address these areas of deficiency, the Board of Education of any priority school district will submit an accountability compliance statement to DESE on or before August 15 that: identifies and analyzes areas of deficiency in student performance by school, grade and academic content area; provides a comprehensive strategy for addressing these areas of deficiency; assures disclosure of deficiency areas in the school accountability report card; and

annually reviews the sections of the safe schools act that pertain to school discipline and ensure that the school district's policies are consistent with those sections. This act allows the St. Louis city district, which has a desegregation settlement academic improvement plan, to submit that plan for review so that elements that occur in the accountability compliance plan and the desegregation academic improvement plan can be reviewed by DESE to prevent duplication of effort.

The comprehensive strategy for addressing the aforementioned areas of deficiency will include: aligning curriculums to address areas of deficiency; focusing professional development funds on the areas of greatest academic need; establishing school accountability councils; developing a resource reallocation plan for the district while considering the need to implement applicable strategies for the feeder schools of said priority districts; and creating programs to improve teacher and administrator effectiveness. Further, the comprehensive strategies will develop for any student who is not already receiving special education services (and is performing at the lowest level of proficiency in any subject area under the statewide assessment) an individual performance plan in that subject area which will: outline responsibilities for, and be developed by, teachers in consultation with the child's parents, guardian, or other adult responsible for the student's education; and require those students performing at the lowest levels of proficiency in any subject area be provided with additional instruction time and for students in grade 9 to 11 to retake the assessment.

School districts shall include in any program for improvement of teacher and administrator effectiveness policies that require participation in one of several professional development programs listed in the act. One additional year of intensive professional development assistance shall be offered to teachers and administrators who do not complete or make adequate progress in said professional development activities. The act exempts certain individuals from this process.

Any resource reallocation plan must include at least one of the following elements: reduction in class size for areas of academic concern; establishment of full-day kindergarten or preschool programs; establishment of after-school, tutoring and other programs offering extended time for learning; employment of national board-certified teachers or regional resource teachers, along with appropriate salary enhancements for such teachers; establishment of programs of teacher home visitation; or the creation of "school within a school" programs to achieve smaller learning communities within priority schools.

The Department of Elementary and Secondary Education will develop a program of administrator mentoring which focuses on the needs of priority schools and priority school districts.

The Department of Elementary and Secondary Education will withhold state funding to any district until that district submits an accountability compliance statement.

SECTION 163.011 - This section contains modifications to definitions affecting the state school funding formula. This section adds a definition of "district equalized assessed valuation" which averages a district's assessed valuation from the first and second preceding years. The act also modifies the definition of "guaranteed tax base" to include the average of the third and fourth preceding years, instead of basing the amount on only the third preceding year.

SECTION 163.036 - This section provides that a school district (with at least 10% of its assessed valuation owned by a single property owner that is delinquent in property tax payments) may request that the actual assessed valuation of the year for which the taxes are delinquent be adjusted in the calculation of state aid on line 2 of the basic formula calculation to compensate for the assessed valuation of property for which the current year's property tax is delinquent.

This provision is activated by the non-payment of property taxes by March 15 for taxes due the prior December 31 for a single property owner in a school district when commercial and/or personal property assessed valuation exceeds 10% of the total assessed valuation of the school district for the year in which the taxes were due.

SECTION 168.400 - This section states that DESE shall promulgate rules to allow all teacher education students who have been employed for at least two years as teacher assistants to utilize their teacher assistant experience to bypass the practice teaching evaluation and observation process. These rules shall allow the certified teacher working with the teacher assistant to observe and evaluate said teacher assistant's practice teaching.

SECTION 170.014 - This section prescribes that all public schools establish reading programs in kindergarten thru grade three based on scientific research. Such programs shall include the essential components of phonics awareness, phonics, fluency, vocabulary, and comprehension. All new teachers who teach reading in kindergarten thru grade three shall receive adequate training in the aforementioned areas. Such reading programs may include explicit systematic phonics.

HB 1712

SENATE HANDLER Klarich

HOUSE SPONSOR Monaco

3731L.01P

SCS/HB 1712 - This act modifies matters concerning the governance of business organizations and matters regulated by the secretary of state, including the following:

DISSOLUTION OF DEADLOCKED LIMITED LIABILITY COMPANY (Section 347.143) - This act provides for judicial dissolution of a

limited liability company in the event the members are deadlocked.

PLEADING AND BURDEN OF PROOF (Section 351.055)- This act provides that on a motion to dismiss, a person challenging an exculpation provision must plead facts with particularity and on a motion for summary judgement has the burden of proving the provision is inapplicable.

STOCK OPTIONS (Section 351.182) - This act provides that under certain circumstances, the board of directors may delegate to officers the right to grant stock options.

DISPOSITION OF ASSETS (Section 351.400) - This act provides for disposition of corporate assets on the terms and conditions determined by the board of directors, without shareholder approval.

DEMAND FOR VALUE OF SHARES (Section 351.455) - This act provides that a shareholder with voting shares who objects to a merger or consolidation has the right to appraisal if the objection is filed prior to the meeting of shareholders.

DEFINITIONS (Section 400.9-102) - This act revises the definition of "chattel paper", deletes the definition of "notice" and limits the applicability of the definitions for "original debtor" and "proceeds."

SCOPE (Section 400.9-109) - This act revises the applicability of UCC, Article 9 to areas covered by other statute statutes.

LIENS ON MANUFACTURED HOMES (Section 400.9-303) - The act modifies the applicability of UCC, Article 9 to the priority and perfection of certain liens on manufactured homes depending on the date that the lien was perfected.

PRIORITY OF CERTAIN LIENS (Section 400.9-317) - This act revises the priority of certain security interests and agricultural liens.

FUTURE ADVANCES (Section 400.9-323) - This act revises the priority of lien creditor where the security interest secures an advance.

ASSIGNMENT OR TRANSFER OF SECURITY INTEREST (Sections 400.9-406, 400.9-407, 400.9-408, 400.9-409) - This act provides that certain rules regarding security interests shall also apply if the interests are assigned or transferred.

INDICATION OF COLLATERAL (Section 400.9-504) - Technical change to ensure that a financing statement will be sufficient to indicate collateral it covers if it meets certain requirements.

FILING STATEMENTS (Section 400.9-509) - This act provides that a debtor authorizes the filing of a finance statement by the acquisition of certain interests and liens.

TERMINATION STATEMENTS (Section 400.9-513) - This act revises the process for the filing of certain termination statements.

FILING FEES (Section 400.9-525) - This act provides that the Department of Revenue, not the Secretary of State, shall administer the Uniform Commercial Code transition fee trust fund, that a portion of filing fees will be deposited into the UCC transition fee trust fund, revises the duties of Secretary of State with regard to the fund, and provides that the moneys in the fund shall be deemed non-state funds.

WAIVER OF DEFAULT RULES (Section 400.9-602) - This act revises the rules which may not be waived by certain debtors. The act also makes a technical change to section 400.9-608 by making reference to Section 400.9-607.

NOTIFICATION BEFORE DISPOSITION OF COLLATERAL - A technical change is made regarding parties to be sent notification (Section 400.9-611) and to the contents of the notification. (Section 400.9-613).

PROCEEDS OF DISPOSITION (Section 400.9-615). An intersectional reference is added.

REMEDIES (Section 400.9-625) - The act provides that loss caused by a failure to comply with Article 9, not just with the person's failure to comply with a request for accounting, may include loss resulting from an inability to obtain, or the increased cost of, alternative financing.

FORMER ARTICLE 9 RECORDS (Section 400.9-710) - This act limits the records to be accepted by a local filing office and extends the date for each local filing office to maintain former Article 9 records.

This act is similar to SB 931 (2002).

HB 1717

HCS HB 1717

SENATE HANDLER Gibbons HOUSE SPONSOR Foley

3932L.05P

SCS/HCS/HB 1717 - This act revises certificate of need law and enacts a review certification procedure for acute care facilities.

This act changes the definition of "health care facilities" by removing its reference to non-long term care related facilities and adding long term care beds or hospitals. "Health service area" is changed to refer to new institutional health services. The definition for and mention of "major medical equipment" is removed. A provision pertaining to hospital beds converted to long term care beds is contained in the term "new institutional health service" (Section 197.305).

Current law establishes the Missouri Health Facilities Review Committee. This act removes the Committee's ability to hire staff and reassigns employment decisions and oversight to the Department of Health and Senior Services. The four-legislator Committee members are removed and Governor-appointed members are increased by two. In addition, Committee members may not accept political donations from certificate of need (CON) or review certification applicants for at least one year after or six months before a CON or review certification is granted. If a donation is accepted during such time, it must be returned within ten business days of the filing request. This language replaces Section 197.311, which is repealed (Section 197.310).

Current law outlines procedures to obtain a CON. The exclusion from a CON for new medical technology is removed and relocated to the review certification sections in 197.387 (Section 197.315).

The moratorium on the issuance of a CON for additional beds is extended from January 1, 2003 to January 1, 2008. Currently,

the issuance of a CON to certain facilities is prohibited. This act includes hospital beds converted to long term care beds in the list (Section 197.317).

Currently, individuals must register as lobbyists if they are paid to support or oppose a project before the Committee. This act clarifies the use of influence on the Committee (Section 197.326). Section 197.366 is repealed due to expiration on 12/31/2001. Section 197.367 is repealed regarding RCFs I or II with low occupancy levels

Sections 197.375 through 197.397 contain new language regarding review certification and are similar to language contained in SB 235 (2001). This section provides definitions relating to review certification, such as "acute care facilities," "first-time services," "metropolitan statistical area," and "review certification" (Section 197.375).

Duties of the Committee are outlined, including the review and approval or disapproval of all applications for review certification. Reviews of expedited projects must be issued within 45 days (Section 197.378). The procedure for application submission is outlined. Certain facilities are exempted, including new institutional acute care services or first time services with capital or major medical expenditures less than \$1.5 million. A letter of intent should be submitted 30 days before filing an application, with certain exceptions, and a fee must accompany the application (Section 197.381).

Any person proposing a new institutional acute care service must obtain a review certification before services are offered, unless the service:

- Will replace an existing facility,
Be constructed within a permissible distance from the existing facility's boundary; and
The license of the existing facility will be terminated or transferred to the new facility.

Any person proposing to develop or offer a first-time service must obtain a review certification before services are offered, unless the service regards a piece of equipment that:

- Is a similar replacement or additional piece of equipment;
and
Will be placed in the same licensed location as the previously certified piece of equipment.

At least 60 days before construction begins, an applicant must conduct a public hearing on the project. Notice must be given four weeks before the hearing date. Other acute care facilities in the area must be notified 30 days in advance.

Any person proposing new, not previously licensed beds to an existing hospital must obtain review certification, but allowable addition or transfer of beds will not be precluded. Any person proposing an acute care facility over \$20 million must obtain a

review certification. Non-transferable certification will be granted to those meeting the health needs of the community. If costs exceed 10% of the approved amount, the Committee must consent to the increase. Applicants must submit periodic reports and the Committee may revoke certification in certain situations. A review certification may be forfeited for failure to incur any capital expenditures within 12 months. State agencies may not license, certify, or provide funds to an acute care facility without that facility first obtaining review certification, if required to do so. Review certification may not be denied based on an applicant's refusal to provide abortion services or information. Review certification may not be required for transfer of ownership in a facility's entirety or for the conversion of mobile to permanent first-time services. A review certification may be granted for less than requested in the original application. The purchase and use of new medical technology is exempted from review certification (Section 197.384).

Within 30 days of a decision, the applicant may appeal (Section 197.387). A review certification will not be required for facilities run by the state, nor for nonsubstantive projects (Section 197.390).

A new section prohibits any hospital or other health care facility within one-half mile of a political subdivision from expanding or modifying its facility without the approval of the political subdivision. Such approval must be by resolution of the governing body of the political subdivision (Section 197.396).

Reimbursement for new institutional acute care service project costs over 10% of the initial estimate will not be paid for the first three years that a facility receives payments for services through Medicaid. A review certification must be granted before payment for excess project costs will be made. The Committee is given rule authority to enforce these sections (Section 197.393 and 197.397).

Section 430.225 as it currently appears in the statutes is repealed due to a recent constitutional ruling. The section is reenacted with minor changes. This section expands hospital lien law to apply to additional health practitioners, to allow all known lienholders to share in fifty percent of the amount due to the patient in the appropriate claimed proportions, and to allow a release of patient liability if the practitioner elects to follow the modifications of this act (Section 430.225).

This act shall become effective on December 31, 2002.

This act is similar to SCS/SB 1087 (2002).

SCS HB 1726

SENATE HANDLER Bentley

HOUSE SPONSOR Walton

3647L.01P

SCS/HB 1726 - This act allows the local board of education of each school district to establish, and consistently and fairly enforce, a policy that prohibits bullying, as that term is defined within the act. This act also prescribes that schools report to the appropriate law enforcement agency any instance of a terroristic threat. The act further permits discipline policies to address the issue of notification of students and parents concerning credible threats under conditions described in the act.

School districts must consider including character education as part of their curriculum when they determine it would improve discipline. Employees of public schools, including charter schools, are prohibited from performing strip searches on students; such employees will be suspended without pay, pending an evidentiary hearing if the employee is entitled to such a hearing.

HB 1729

HS HCS HBs 1729, et al

SENATE HANDLER Cauthorn

HOUSE SPONSOR Barnitz

3786-02

HS/HCS/HBs 1729, 1589 & 1435 - This act contains various provisions relating to concealable weapons.

SECTION 50.535 - This section provides that fees collected from the issuance of permits to acquire concealable weapons or for certifications for conceal and carry endorsements shall be deposited in a county sheriff's revolving fund for expenditure as directed by the sheriff. Annual unexpended balances shall remain in the fund and shall be used to produce and distribute public service announcements promoting safe storage of firearms in the presence of children.

SECTION 571.030 - This section provides that the prohibition against certain actions which could constitute unlawful use of weapons do not apply to peace officers, regardless of whether they are within their jurisdiction or on duty. Likewise, certain prohibitions do not apply to a person with a valid permit or endorsement to carry concealed firearms, or to a person engaged in a lawful act of defense. A person twenty-one years of age or older may transport a weapon readily capable of lethal use anywhere in the passenger compartment of a motor vehicle, so long as the concealable firearm is lawfully possessed.

SECTION 571.094 - This section provides for sheriffs to issue certificates of qualification for a concealed carry endorsement which allows individuals to carry concealed firearms on their person or in motor vehicles. A certificate of qualification is valid for three years.

A certificate will be issued if the applicant:

- Is twenty-one years of age;
- Has not pled guilty to or been convicted of certain crimes;
- Is not a fugitive from justice;
- Has not been dishonorably discharged from the military;
- Is not publicly known to be habitually intoxicated or drugged;
- Is not adjudged mentally incompetent;
- Submits a completed application;
- Submits an affidavit attesting to compliance with safety training requirements.

Before an application is approved, the sheriff shall make such inquiries as deemed necessary into the accuracy of the statements on the application. If the applicant is not disqualified at the state level, the applicant's fingerprints shall be forwarded to the FBI for a criminal history record check. The act outlines in-depth procedures for issuance and revocation of applications.

Concealed firearms may not be carried into:

- Any law enforcement office;
- Within twenty-five feet of any polling place during elections;
- Any correctional or detention facilities;
- Any courthouse;
- Any meeting of a governmental body;
- Portions of establishments licensed to dispense beer or alcoholic beverages;
- Portions of an airport the access to which is controlled

by inspections;

- Any place where the carrying would be prohibited by federal law;
- Any educational facility;
- Any portion of a facility used for child care;
- Riverboat gambling operations;
- Gated areas of amusement parks;
- Any churches or places of worship;
- Posted private property and businesses;
- Any sports arena or stadium;
- Any hospital accessible by the public

The act further specifies the requirements of the firearm safety training course.

HB 1756

HS HCS HB 1756

SENATE HANDLER Klarich

HOUSE SPONSOR Reid

2366L.03P

HS/HCS/HB 1756 - This act modifies testing of and release of records regarding certain sexually transmitted diseases.

Current law prohibits the disclosure of an individual's HIV infection status or test results, except to certain authorized individuals. This act adds prosecuting and circuit attorneys and victims of sexual offenses. Any individual who has tested positive or false positive for certain sexually transmitted diseases (STD) may request copies of test results relating to the infections. Current law exempts individuals from liability for releasing such records to certain people. This act expands the release of records to victims of sexual offenses. The Department of Health and Senior Services will not be liable for disclosing an the status of an HIV-infected (human immunodeficiency virus)person to sexual partners of that person. Records may also be disclosed to defense attorneys by prosecuting or circuit attorneys. Individuals with HIV who are aware of their status must disclose such information to any health care professional providing treatment (Section 191.656).

Current law requires every person delivered to the Department of Corrections to undergo HIV testing and, if such tests are positive, the Department may inform the victim of any sexual offense. This act includes deviate sexual intercourse in the definition of "sexual offense" (Section 191.659).

Currently, it is prohibited for any person infected with HIV

to act in a reckless manner. This act expands the description of reckless manner to include biting another person or purposely causing another person to come in contact with the mucous membranes or nonintact skin of the infected person. Current law imposes a Class D felony on those violating the provisions of this section. This act modifies the penalty to a Class B felony, unless the victim contracts HIV from the prohibited contact, in which case, the penalty will be a Class A felony. Violation of certain provisions will remain a Class D felony. The Department must assist law enforcement officials and may produce records concerning an individual's HIV-infected status, counseling received, and contact information for the partners of such person (Section 191.677).

When sexual offenses are involved, a new section allows a court to order testing for HIV, hepatitis B and C, syphilis, gonorrhea and chlamydia. The results must be released to the victim and to the prosecutor or circuit attorney. Such records will be sealed (Section 566.135).

Current law prohibits the crime of prostitution and imposes a penalty of a Class B misdemeanor. This act imposes a Class B felony if, before the act of prostitution, the person knew that he or she was infected with HIV. The use of condoms is not a defense and the court may not allow the defendant to change the plea. The Judge may consider successful completion of a drug or alcohol treatment program.

HB 1757

SENATE HANDLER Sims

HOUSE SPONSOR George

4405L.02P

SCS/HB 1757 - This act provides that the Supervisor of Liquor Control may issue a retail license to sell intoxicating liquor between the hours of 11:00 a.m. and midnight on Sunday to any establishment located in an international airport which is owned or leased and operated by an airline. The authority for collection of fees by cities and counties shall apply, and the airline shall pay \$200 per year in addition to those fees.

This act allows a wholesaler to give a retailer credit for intoxicating liquor with an alcohol content of less than 5% or 3.2% beer in a container with a capacity of four gallons or more that was delivered but not used, if the wholesaler removes the product within seven days of the initial delivery.

This act creates new penalties for licensees that are found by the Supervisor of Liquor Control to have violated liquor control laws. In lieu of suspension or revocation of a license, the Supervisor may assess certain amounts of fines to any licensed solicitor or retailer. Licensees may appeal the issuance of the fine to the Administrative Hearing Commission.

In order to encourage settlement, licensees are afforded the opportunity to meet with the Supervisor of Liquor Control before any disciplinary action is taken. The Supervisor of Liquor Control must provide the licensee with the time and place of the meeting and certain written information about licensee's conduct at issue.

This act contains an emergency clause.

HB 1765
HCS HB 1765

HOUSE SPONSOR Bray

4457L.03P

SCS/HCS/HB 1765 - This act creates the "Simplified Sales Tax Administration" in Missouri. The administration shall consist of seven members, one of which will be selected by the Governor, and two selected from each the majority and minority of the House and Senate.

The administration will have the duty of entering into multistate discussions for the purposes of reviewing and amending a multistate agreement concerning simplified sales and use tax processes. The administration shall report to the committee charged with reviewing tax issues annually.

The authority of the delegates to review and amend or accept multistate agreements will have no effect on the laws or obligations of this state. The approval of the General Assembly and the Governor will be required before any law of this state shall be effected by a multistate agreement.

HB 1777
HCS HB 1777

HOUSE SPONSOR Johnson

4300L.05P

HCS/HB 1777 This act contains provisions relating to terrorism.

JOINT COMMITTEE ON TERRORISM, BIOTERRORISM AND HOMELAND SECURITY (Section 38.050) - The Joint Committee on Terrorism, Bioterrorism and Homeland Security is created. The Joint Committee will consist of seven members each from the House and Senate. Duties of the Committee are provided. The Committee must file a report annually, beginning on January 15, 2003, with the General Assembly. The Joint Committee will expire on December 31, 2007.

EMERGENCY VOLUNTEER PROGRAM (Section 44.023, RSMo) This allows the Emergency Management Agency to activate the State Emergency Volunteer Program in the event of a disaster. Current language required an "earthquake or other natural disaster" to occur before this program could be activated.

HAZARDOUS MATERIALS (Section 304.370, RSMo) This section prohibits the transportation of hazardous materials through a tunnel. Violation of this section is a Class B misdemeanor. Second and subsequent violations will be a Class A misdemeanor.

CLOSING WATERWAYS (Section 306.124, RSMo) This section grants authority to the Missouri State Water Patrol, with the consent of the Director of the Department of Public Safety to close waterways in the event of any "actual or imminent man-made or natural disaster".

SOLICITATION OF FUNDS (Section 407.472 RSMo) - The act prohibits organizations from soliciting funds for unlawful purposes and creates the crime of supporting terrorism if a person knowingly provides or solicits material support for any organization designated as a foreign terrorist organization.

PRICE GOUGING (Sections 407.760-407.762 RSMo) - This act creates provisions for consumer protection from exercising unfair leverage during a state of emergency. During a declared state of emergency, a person commits price gouging if he or she charges an excessive price for necessities in connection with an advertised price or sale.

A seller may rebut an allegation of exercising unfair leverage if he or she can provide written documentation that the price of the necessity increase was due to an increase in the

cost to obtain the necessity that was beyond the person's control.

A person engaging in price gouging is liable for restitution to any consumer against whom the price gouging was committing and a civil penalty equal to the greater of \$3,000 or twice the amount unlawfully gained in the transaction.

INTERNET TRANSMISSIONS (Section 407.763) - This act prohibits persons to initiate transmission of a certain email messages which either use an incorrect domain name or obscures certain information.

NO CALL LIST (Section 407.1095) This act adds facsimiles and electronic mail to the definition of "telephone solicitation".

WATER CONTAMINATION (Section 569.072, RSMo) - This act also creates the crime of water contamination. Criminal water contamination occurs if a person knowingly introduces any dangerous agent or substance into any public or private waters of the state or any water supply with the purpose of causing death or serious injury.

THEFT (Section 570.030) This section is amended to include ammonium nitrate to the list of property in this statute. This section also provides that any amount of ammonium nitrate stolen is a Class C felony.

BOMB AND BOMB MAKING MATERIALS (Section 571.020, RSMo) This section expands the list of Class C felony offenses to include an "explosive, incendiary or poison substance or material with the purpose to possess, manufacture or sell an explosive weapon.

TERRORIST THREAT (Section 574.115, RSMo) A terrorist threat is made if a person communicates a threat to "cause an incident or condition involving a danger to life" which disturbs ten or more people and for the purpose of creating an evacuation. This is treated as a Class C felony, unless an evacuation of a building is caused by a reckless disregard, then it becomes a Class D felony. Criminal negligence has been added for a standards and carries a Class A misdemeanor penalty.

SUPPORTING TERRORISM (Section 576.080, RSMo) This section creates the crime of supporting terrorism if a person knowingly provides or solicits material support for any organization designated as a foreign terrorist organization pursuant to 8 U.S.C. 1189. This is a Class C felony.

AGROTERRORISM (Section 578.008, RSMo) Agroterrorism is committed if a person purposely spreads any type of disease among crops, livestock and poultry. This is a Class D felony, unless damage exceeds ten million dollars, then it becomes a Class B felony. There is an exemption for scientific research.

SUNSHINE LAW (Section 610.021) - This act adds an exemption to Sunshine Law, allowing closure of meetings and records

regarding specific information on certain terrorism readiness issues. However, information regarding total costs of security measures shall not be considered closed.

This act contains and emergency clause.

This act is similar to portions of SS/SCS/SBs 1112 & 874 (2002).

HB 1783

SCS HB 1783

SENATE HANDLER Rohrbach HOUSE SPONSOR Lowe

4339S.03T

SCS/HB 1783 - This act modifies various provisions relating to the deaf and hard of hearing. The name of the "Missouri Commission for the Deaf" is changed to the "Missouri Commission for the Deaf and Hard of Hearing" throughout the statutes.

The Missouri Commission for the Deaf and Hard of Hearing Fund is created. The state Treasurer must approve all expenditures for the purchase of goods and services by the Commission (Section 161.410).

Current law prohibits the Commission from paying evaluators of the Missouri Interpreter Certification System (MICS). This act allows evaluators to be compensated for their services and reimbursed by the Commission (Section 209.292). The Board must recognize certain national interpreter certifications (Section 209.322).

Current law outlines licensure procedures for deaf and hard of hearing interpreters. This act provides that national certifications will also be recognized for licensure concurrent with the MICS (Section 209.323).

This act is substantially similar to SB 882 (2002).

HB 1789

SCS HB 1789

SENATE HANDLER Kenney

HOUSE SPONSOR Ross

4472S.02T

SCS/HB 1789 - This act allows for a special license plate for individuals who are former members of the Missouri General Assembly. To obtain the plate, a person must present proof of eligibility to the Department of Revenue at the time of registration along with a \$15 fee in addition to the registration fee and other documents required by law. No more than two sets of plates will be issued to an applicant (Section 301.3106).

This act allows U.S. Congressional members to get two sets of specialized license plates. Current law provides only one set of U.S. Congressional plates. This provision is identical to SB 798 (2002)(Section 301.453).

This act revises the language regarding the registration of historic motor vehicles. Any person wishing to register a plate which is over 25 years of age and is consistent with the year of manufacture of the motor vehicle, may register the plate as an historic vehicle plate. The plate must not contain a configuration of letters or numbers already issued to another vehicle owner. The owner of the historic vehicle must keep the certificate of registration in the vehicle at all times. This provision is similar to one contained in SB 1093 (2002)(Section 301.131).

This act revives the advisory committee on license plates. It allows the committee to meet prior to April 1, 2003, to review license plate design with a particular emphasis on public safety. (Section 301.129)

HB 1809
HCS HB 1809

HOUSE SPONSOR Brooks

4250L.03P

HCS/HB 1809 - Current law provides a mechanism which allows a school board member (of a district containing a school declared academically deficient) to be removed by the voters in a recall election. This act creates additional procedures under which Kansas City school board members (who have served at least 90 days in office) may be removed by the voters in a recall election.

The act stipulates that recall petitions may originate from either: the voters of a subdistrict for a member who represents that subdistrict; or the district-at-large for an at-large member. This act contains specifications regarding: the requirements for filing the petition, including its physical form and content; the grounds for recall; and the procedure for verifying signatures.

If a majority votes to retain the recalled member, the member shall both remain in office and be exempt from another recall effort under this section. If the member is recalled, a successor shall be chosen at the next date available for school elections. If a member resigns after a recall petition is filed, the position shall remain vacant until the next election date available for school elections.

Further, this act requires individuals running for election to seven-member school district boards to have lived and been registered to vote in the district for a year. The current prohibition against City of St. Louis school board members being related to school district employees within the second degree is repealed, as are the provisions specifying election by and composition of subdistricts.

HB 1814

SENATE HANDLER Klarich

HOUSE SPONSOR Monaco

4487L.01T

HB 1814 - This act modifies provisions relating to orders of protection.

No filing fees, court costs or bond will be assessed in an action seeking a protective order. This act adds victims of the crimes of domestic assault and stalking to the list of victims that do not have to pay any fees associated with filing criminal charges against the offender. Only the petitioner can file a motion to terminate an order of protection. If the order granted child custody to the respondent, then the act provides procedures for both parties to agree or object to a request for termination.

The act provides that foreign orders of protection will be enforceable in state courts. The foreign order may be filed in the circuit court having jurisdiction. No fee or cost may be charged for the filing of the foreign order.

A court may order a party to pay a reasonable amount to the other party for attorney's fees in actions seeking a protective order. Current law allows the court to order a party to pay a reasonable amount for the cost to the other party of maintaining or defending the suit, as well as for attorney's fees.

The clerk of the court shall make the uniform forms adopted by the supreme court available to petitioners. Section 455.508 is deleted based on changes to Section 455.504.

The clerk must notify the guardian ad litem of appointment immediately and give the guardian the names of the parties within 24 hours.

This act is similar to portions of SB 1152 (2002).

 HB 1817

SCS HCS HB 1817

SENATE HANDLER Bentley

HOUSE SPONSOR Franklin

4190S.06C

SCS/HCS/HB 1817 - This act generates numerous modifications to the state's education policy.

SECTION 160.720 - This section asserts that the Governor will recognize schools (as identified by DESE) that demonstrate high student achievement and designate such institutions as 'performance' schools. Said performance schools (or districts) will be eligible for waivers of certain administrative rules that result in a meaningful reduction in administrative burden.

The Department of Elementary and Secondary Education will identify as 'priority' those schools, or school districts, that are either: academically deficient; unaccredited; provisionally accredited; or not meeting any of the accreditation standards on student performance based upon the statewide assessment system. In order to address these areas of deficiency, the Board of Education of any priority school district will submit an accountability compliance statement to DESE on or before August 15 that: identifies and analyzes areas of deficiency in student performance by school, grade and academic content area; provides a comprehensive strategy for addressing these areas of deficiency; assures disclosure of deficiency areas in the school accountability report card; and annually reviews the sections of the Safe Schools Act that pertain to school discipline and ensure that the school district's policies are consistent with those sections. However, the act allows the St. Louis city district, which has a desegregation settlement academic improvement plan, to submit that plan for review so that elements that occur in the accountability compliance plan and the desegregation academic improvement plan can be reviewed by the department to prevent duplication of effort.

The comprehensive strategy for addressing these areas of deficiency will include: aligning curriculums to address areas of deficiency; focusing professional development funds on the areas of greatest academic need; establishing school accountability councils; developing a resource reallocation plan for the district while considering the need to implement applicable strategies for the feeder schools of said priority districts; and creating programs to improve teacher and administrator effectiveness. Further, the comprehensive strategies will develop for any student who is not already receiving special education services and is performing at the lowest level of proficiency in any subject area under the statewide assessment an individual performance plan in that subject area which will: be developed by teachers in

consultation with the child's parents or guardian; outline responsibilities for the student, parent or guardian, teachers and administrators in implementing the plan; and require those students performing at the lowest levels of proficiency in any subject area be provided with additional instruction time and for students in grade 9 to 11 to retake the assessment.

School districts shall include in any program for improvement of teacher and administrator effectiveness policies that require participation in one of the following professional development programs: an appropriate mentoring program or supervision by an individual previously designated by DESE as a regional resource teacher; successful completion of a training program for certification as a scorer under the statewide assessment program; enrollment and making adequate progress toward national board certification. One additional year of intensive professional development assistance shall be offered to teachers and administrators who do not complete or make adequate progress in the aforementioned professional development activities. Exempt from this process are individuals who either: hold qualifying scores in the appropriate professional assessment or elect to take and receive a qualifying score on that assessment; hold national board certification; are certified as a scorer under the statewide assessment program; are designated by DESE as a regional resource teacher; serve as a mentor teacher for one school year in a program meeting standards adopted by the state board of education; or complete successfully an appropriate administrator academy program.

Any resource reallocation plan must include at least one of the following elements: reduction in class size for areas of academic concern; establishment of full-day kindergarten or preschool programs; establishment of after-school, tutoring and other programs offering extended time for learning; employment of national board-certified teachers or regional resource teachers, along with appropriate salary enhancements for such teachers; establishment of programs of teacher home visitation; or the creation of "school within a school" programs to achieve smaller learning communities within priority schools.

The Department of Elementary and Secondary Education will develop a program of administrator mentoring which focuses on the needs of priority schools and priority school districts.

The Department of Elementary and Secondary Education will withhold state funding to any district until that district submits an accountability compliance statement.

SECTIONS 160.011, 160.051, 160.530, 161.092 and 166.260 - These sections allow public schools to establish family literacy programs. Additionally, the act adds funding for family literacy programs to the priority list of "statewide areas of critical need for learning and development" and makes family literacy personnel eligible to receive a portion of the funds already allocated to address said statewide areas of critical need for learning and development. Also, this act allows local boards of education to include family literacy programs in the "child at-

risk in education programs" which utilize moneys already distributed to school districts by means of the state aid formula.

The act mandates that, starting in fiscal year 2005, a portion of the state school aid appropriation to the Department of Elementary and Secondary Education (DESE) shall be distributed by DESE to establish and fund family literacy programs in school attendance centers declared academically deficient or school districts declared unaccredited or provisionally accredited. This amount shall be the lesser of either:

5% percent of any increase from the total line 14 revenue compared to the total line 14 revenue amount distributed to all school districts in fiscal year 2004; or
1.5% percent of the total line 14 distribution.

DESE will promulgate rules for the distribution of these family literacy funds.

Additionally, the act requires the State Board of Education to make an annual report to the General Assembly and the Governor concerning coordination with other agencies and departments of government that support family literacy programs.

SECTION 160.518 - This section expresses that the state board of education shall identify or, if necessary, establish one or more developmentally appropriate alternate assessments for students who receive special educational services. The state board shall establish an advisory panel in order to research available assessment options. Any student who receives special educational services shall be assessed by an alternate assessment upon a determination by the student's individualized education program team that such alternate assessment is more appropriate to assess the student's knowledge, skills and competencies than the current assessment. The alternative assessment shall evaluate the student's independent living skills and how well the student meets standards for personal independence.

SECTION 168.400 - This section states that the Department of Elementary and Secondary Education shall promulgate rules to allow all teacher education students who have been employed for at least two years as teacher assistants to utilize their teacher assistant experience to bypass the practice teaching evaluation and observation process. These rules shall allow the certified teacher working with the teacher assistant to observe and evaluate said teacher assistant's practice teaching.

SECTION 170.014 - This section prescribes that all public schools offer explicit systematic phonics instruction in grades kindergarten through three as a significant component of their reading program and also asserts that no teacher shall be certified (on and after July 1, 2005) to teach reading in public schools in grades kindergarten through three, either as a reading specialist or as a classroom teacher, unless that teacher has successfully completed instruction in explicit systematic phonics at the university or college level.

SCS/HCS/HB 1837 -This act allows the Missouri Qualified Fuel Ethanol Producer Incentive Fund to be administered on a fiscal year. If ethanol producers fail to receive all grants earned during the 60 consecutive month period of qualification due to lack of appropriations, they shall receive the full amount from the fund for which they were eligible. Producers shall continue to be eligible for up to 24 additional months or until they have received the maximum amount of funding that they were eligible for during the original 60-month period.

This act repeals the law relating to the repurchase of industrial, maintenance, and construction power equipment and outdoor power equipment used for lawn, garden, golf course, landscaping, or grounds maintenance upon cancellation of contracts. The act replaces the term "farm implements" in the definition of inventory with the terms "equipment" and "implements" in the law relating to the repurchase of farm machinery inventory on the termination of a dealership. This act requires wholesalers, manufacturers, or distributors to repurchase equipment, implements, machinery, and attachments at 100% of the net cost and to repurchase repair parts at 95% of the current net price at the termination of a contract, with some exceptions.

HB 1851

SENATE HANDLER DePasco

HOUSE SPONSOR Curls

4051L.01P

SCS/HB 1851 - This act revises the composition and selection of the Kansas City Housing Commission. Under current law, all seven commissioners are appointed by the mayor and must be residents of the city for the past five years. The act provides that the Kansas City Housing Authority shall be composed of seven members (6 appointed members and 1 elected from the tenants of housing authority). The appointed members will be nominated by a committee and appointed by the mayor with the advice and consent of the city council. Each commissioner must be a resident of the city for one year. The tenant commissioner election will be conducted by a resident organization. Each commissioner shall serve a term of 4 years. At the beginning, the appointed members will serve staggered terms. Each commissioner will receive a stipend of \$200 per month in addition to costs. A quorum shall consist of a minimum of four members.

This act authorizes removal of property from the Springfield Community Improvement District, or relocation of property from a certain zone of designation in the CID to a different zone. A public hearing must be conducted and approval by the board. The district must be able to meet its financial obligations without the revenues from the proposed portion to be removed.

This act expands the definition of a "distressed community" in the law relating to tax credits for investment in or relocating a business to a distressed community. A distressed community will include areas within metropolitan statistical areas that are designated as either a federal empowerment zone, a federal enhanced enterprise community, or state enterprise zones designated prior to January 1, 1986, but will not include the expansion of those zones done after March 16, 1988. The act expands the definition of "new residence" to include certain vacant property in Christian and Greene counties as well as separate adjacent single-family units.

This act contains an emergency clause with regard to the sections related to the Kansas City Housing Commission.

This act is similar to SB 669, SB 1023 and SB 1039 (2002).

Holt, Bruce W. et al

P E R F E C T E D

HS HCS HB 1868 -- REGIONAL TAXICAB COMMISSION (Barry)

This substitute creates a Regional Taxicab Commission that will exercise authority over a regional taxicab district consisting of St. Louis City and St. Louis County. The purposes of the commission are to improve the quality of taxicab service and to exercise authority over licensing, control, and regulation of the district. The commission is a public corporation acting in a governmental capacity.

The substitute specifies the composition of the commission, including the number of members, appointment of members, terms of service, the selection of a chairperson, and residency requirements for members. The substitute also specifies the duties and powers of the commission.

In addition, the substitute:

- (1) Requires the commission to establish a district-wide taxicab code which seeks to preserve code provisions similar to specified code sections of the St. Louis City Municipal Ordinances and St. Louis County Ordinances;
- (2) Requires the commission to seek input from St. Louis City, St. Louis County, and the Lambert-St. Louis International Airport authority for the purpose of providing taxicab service;
- (3) Requires the ordinances for St. Louis City and St. Louis County relating to taxicabs to remain in force for 120 days after the commission adopts its taxicab code and then to be rescinded;
- (4) Requires the commission to develop procedures pertaining to licensure requirements and appeal procedures for licensure;
- (5) Requires the commission to establish an annual fee-generated budget;
- (6) Requires the commission to submit a written report before the second Monday in April of each year to the chief executives and governing bodies of St. Louis City and St. Louis County. The report is required to contain the operating conditions and fiscal management conditions of the commission; and
- (7) Requires the chief executives of St. Louis City and St. Louis County, before the end of the first fiscal year of the commission, to appoint one or more certified public accountants who will conduct an annual examination of the commission's books, papers, documents, accounts, and vouchers. The commission is required to assist the certified public accountants in the performance of their duties.

The substitute authorizes the formation of regional transportation development districts to fund, promote, plan, design, construct, improve, maintain, and operate transportation projects or assist with these activities.

To place a proposal to create a regional transportation development district on the ballot, a petition must be filed by at least 50 registered voters of a county or the City of St.

Louis in the circuit court within the proposed district. The governing body of any county or the City of St. Louis may also pass an ordinance allowing voters to decide upon creation of a district. Provisions for public notice and voter approval are spelled out in the substitute. If the question fails, it cannot be considered again for two years. Upon voter approval, a district board of directors must be elected. The board must appoint an executive director, district secretary, treasurer, and other officers or employees as necessary.

A district will have the power to contract and incur liabilities; purchase, lease, or lease-purchase property; borrow money; issue bonds; sue and be sued; set compensation of employees and contractors; and collect and disburse funds.

The substitute also contains language dealing with the following:

- (1) District taxing ability;
- (2) Cost recovery of filing and defending the petition;
- (3) Quorum for a board of directors;
- (4) Contracting ability with the Highways and Transportation Commission and local transportation authorities;
- (5) Condemnation process;
- (6) Law enforcement on district property;
- (7) District audit requirements; and
- (8) Abolishment procedures for districts.

FISCAL NOTE: Estimated Net Income to General Revenue Fund of \$0 to Unknown in FY 2003, FY 2004, and FY 2005. Oversight assumes that collection fees would be greater than programming costs.

SENATE HANDLER Klarich

HOUSE SPONSOR Barry

3629L.01P

HB 1869 - This act prohibits cities, towns, villages and counties from requiring peace officers to reside within the limits of the city, town, village or county. Cities, towns, villages and counties may require peace officers to live within the state.

Cities, towns, villages and counties cannot discriminate against applicants for peace officer positions based on their place of residence, but can provide incentives to encourage applicants to live within the jurisdiction.

This act applies to St. Louis city and all first class counties, except Cole county.

This act does not apply to use of department property as determined by any city, town, village or county.

HB 1877
HS HCS HB 1877

HOUSE SPONSOR Foley

4425L.07P

HS/HCS/HB 1877 - This act modifies various provisions of the law to establish additional funding for schools. The act:

- (1) Authorizes a tax amnesty program allowing taxpayers to pay various back taxes owed prior to December 31, 2001, without penalty, additions to tax, or interest if the tax liability is paid in full during the period of August 1, 2002, through September 30, 2002;
- (2) Eliminates the timely filing allowance for employers who submit withholding tax;
- (3) Allows interest to be paid on state tax refunds only if payment is delayed for more than 120 days;
- (4) Eliminates interest on tax credit carrybacks;
- (5) Disallows non-Missouri source income for corporate income tax;
- (6) Requires the State Treasurer each calendar quarter to calculate an annual rate of interest equal to the average rate of return on all funds invested by the State Treasurer. This calculated interest rate is forwarded to the Department of Revenue and other applicable agencies to be applied to situations for which the State of Missouri pays interest to entities on various overpayments received by the state;
- (7) Allows the use of certain regulated money market mutual funds for investment of funds by the State Treasurer;
- (8) Expands the rate of interest required to be payed by banking institutions on time deposits of state moneys;
- (9) Allows the State Treasurer to temporarily exchange certain investment obligations acquired by the State Treasurer into cash;
- (10) Increases the admission fee charged against an excursion gambling boat for each patron from \$2 to \$3; and
- (11) Increases the adjusted gross receipts tax paid by excursion gambling boats from 20% to 22%. All revenues resulting from these changes will be deposited in the Schools of the Future Fund, created in the substitute. All moneys in the fund will be used solely for the purpose of fully funding state aid to public schools.

SCS/HB 1881 - This act provides that any alien may apply for a driver's license provided the alien complies with the provisions of the act. The Director of Revenue may require such alien applicant to provide a translated and notarized copy of a birth certificate. Any cost for the translation must be paid by the individual possessing the birth certificate.

This act provides that all applicants for a driver's license must provide either a social security number or an Internal Revenue Service individual taxpayer identification number (ITIN). If an applicant provides an ITIN, the Director of Revenue shall place the letters "ITIN" on the driver's license.

The Director of Revenue shall not issue a driver's license until the ITIN is electronically verified by the federal agency that issued such number. Once the number is verified, the director must issue the license within five days.

HB 1888

SS SCS HCS HB 1888

SENATE HANDLER Westfall

HOUSE SPONSOR Barnitz

4223S.14F

SS/SCS/HCS/HB 1888 - This act provides that itinerant vendors and peddlers shall provide upon request by law enforcement officials proof of purchase of any unused property, and forging a receipt shall be prosecuted pursuant to Section 570.090, RSMo. "New and unused property" is defined as tangible personal property that has never been used since its production or manufacture and is in its original unopened package. The act also adds altering a receipt, price tag or price code with the intent to cheat and defraud a retailer to the list of stealing crimes, and provides for a reasonable service charge on returned checks.

This act authorizes pawnshops to report certain information about pawnshop transactions to appropriate law enforcement authorities. Pawnshop owners may accomplish the necessary reporting by electronically transmitting the required information to a database. Any reporting pawnshop is required to submit transaction information to the database within one business day of the transaction. Such reporting pawnshop must make paper copies of transactions available to law enforcement, upon request. The act authorizes the creation of a database by a third party engaged in the business of operating databases. Law enforcement may then access the database in their investigation of alleged property crimes. Any person who fraudulently accesses the database shall be guilty of a Class C felony. Municipalities within St. Louis County and St. Louis City may regulate the number of pawnshop licensees.

This act provides that a pawnbroker shall require from those selling property proof of identification. If a seller or pledger fails to provide proof of identification, the pawnbroker shall hold the property for thirty days and can then transfer the property, provided the seller submitted a signed statement attesting he or she is the legal owner and when and from whom the property was acquired. A claimant whose property was misappropriated may demand return of the property and must provide written demand for its return, a copy of the police stolen property report containing a particularized description or applicable serial number and an affidavit wherein claimant asserts legal ownership, describes the property, agrees to cooperate with law enforcement in any prosecution relating to the theft and states the property was taken without claimant's consent. If such demand is made, the pawnbroker shall return the property to claimant, in the presence of a police officer, within seven days. However, if the pawnbroker has reason to believe any of the statements in the affidavit are false, the pawnbroker need not return the property and claimant may seek relief in court. The non-prevailing party shall be responsible for court costs and

the prevailing party's attorney fees. Conversely, if the pawnbroker returns the property but later discovers information contained in the affidavit was false, or that claimant did not assist police in the prosecution of the theft, the pawnbroker may file suit for the value of the property and the non-prevailing party shall be responsible for court costs and the prevailing party's attorney fees.

This act lowers the felony stealing limit from \$750 to \$500, and raises the felony limit for numerous other crimes involving theft from \$150 to \$500. The other criminal statutes affected are: making a false statement to receive health care payment; sale of any species of wildlife; tampering with computer data; tampering with computer equipment; tampering with computer users; determination of value; receiving stolen property; alternation or removal of item numbers with intent to deprive rightful owner; passing bad checks; fraudulently stopping payment on an instrument; fraudulent use of a credit device; library theft; theft of cable television service; failure to return rented personal property; unlawful receipt of food stamps or ATP cards; unlawful conversion of food stamps or ATP cards; unlawful transfer of food stamps or ATP cards; and perjury, committed when obtaining public assistance.

Offenses in which the value of property or services is an element (stealing) is a Class C felony if the value is \$500 to \$25,000. If the value is \$25,000 or more, the offense is a Class B felony.

A person who has pleaded guilty or been found guilty on two separate occasions of a stealing-related offense within ten years of the present offense, and where the person received and served a sentence of ten days or more on such previous offense, that person is guilty of a Class C felony if he pleads guilty or is found guilty on the present offense.

In addition to handling costs collected from issuers of bad checks, the prosecuting attorney or circuit attorney shall collect an additional \$1 per check for deposit into the Missouri Office of Prosecution Services Fund.

This act contains a severability clause.

HB 1898

SCS HCS HB 1898

SENATE HANDLER Goode

HOUSE SPONSOR Campbell

4589S.05C

SCS/HCS/HB 1898 - This act imposes a tax upon licensed retail pharmacies in Missouri for the privilege of providing outpatient prescription drugs. The tax rate of up to will be based on monthly gross retail prescription receipts of pharmacies, not to exceed 6%. The tax is graduated for a pharmacy that is based in this state and which does business by mail-order. The act does not apply to a mail-order pharmacy located outside this state.

The Department of Social Services will notify each individual pharmacy of the amount of quarterly tax due. The Department of Revenue will promulgate rules to carry-out the provisions of the act.

The act provides for a credit against the tax on pharmacies for certain taxes paid to the federal government and provides for offsets against any Medicaid payment due the pharmacy from the state.

All revenues from the tax will be deposited in the Pharmacy Tax Fund, created in the act. Moneys in the fund will be used to provide payments for services related to the Medicaid pharmacy program.

The Department of Insurance will do an impact study the assess the effects of this legislation on the state.

The act contains an emergency clause and a sunset of June 30, 2003.

This act is similar to SB 1238 (2002).

HB 1903

HOUSE SPONSOR Liese

4481L.01P

HB 1903 - This act revises the method in which reinsurance is allowed to be counted as an asset or reduction from liability. The act requires the assets of any foreign insurer or reinsurer which are used as security for insurance or reinsurance to be maintained within the United States. The act exempts from the "vexatious refusal to pay" statute any lawsuits arising out of a contract of reinsurance made by a ceding insurer against an assuming insurer.

HB 1906

SCS HS HCS HB 1906

SENATE HANDLER Kenney

HOUSE SPONSOR Green

4682S.08C

SCS/HS/HCS/HB 1906 - This act provides that in any fiscal year where a state fund has an excess unobligated cash balance, the legislature may transfer all or part of the balance to general revenue.

Beginning in fiscal year 2004, the House Budget Committee and the Senate Appropriations Committee shall review the cash balance of all state funds. Any balance in a dedicated fund must be used before additional general revenue appropriations.

Certain funds are exempt from transfer, including the following: constitutional funds; statutory funds approved by the voters; federal funds; funds created specifically to receive donations and bequests; Missouri arts council trust fund; funds that if transferred would violate the terms of an existing trust; professional registration funds; funds that receive all or a portion of their moneys from a specific tax, fee, assessment, bequest or donation.

The Commissioner of Administration must develop a methodology to charge state funds for the cost of state services. Reimbursement for state services is subject to appropriation and must be deposited in the general revenue fund. Federal funds are exempted from the cost of state services.

This act also adds language preventing any public funds from being expended, paid or granted to or on behalf of an existing or proposed health and social services program to directly or indirectly subsidize abortion services or human cloning projects. The act also requires an independent audit every three years of any entity that receives public funds.

The act contains an emergency clause.

HB 1937

HOUSE SPONSOR Barry

4680L.01T

HB 1937 - This act allows the State Board of Registration for the Healing Arts to issue a provisional clinical perfusion license to a person whose American Board of Cardiovascular Perfusion (ABCP) certification has lapsed. The act requires the board to adopt rules to ensure that the provisional licensee is actively seeking current certification from ABCP.

The Board is authorized to deny an applicant a clinical perfusion license. The Board may also file a complaint with the Administrative Hearing Commission seeking cause to discipline a licensee. Upon a finding by the commission that cause exists to discipline a licensee, the board may, singly or in combination, reprimand the license, place it on probation for up to ten years, suspend it for up to three years or revoke it.

 HB 1962
 SCS HB 1962

HOUSE SPONSOR Monaco

4713L.07C

SCS/HS/HCS/HB 1962 - This act modifies a number of provisions relating to court procedures.

CRIMINAL HISTORY CHECKS (Sections 43.530 and 43.540) - A criminal history request must now also disclose if the person is registered sex offender. The highway patrol is authorized to establish procedures for receiving criminal history requests from courts and others and paying for such requests by electronic means.

SALARY COMMISSION (Section 50.333) - The act provides that the county clerk, not the circuit clerk, shall serve as the temporary chair of the salary commission.

COUNTY CRIME REDUCTION FUND (Sections 50.550 and 50.555) - Allows counties to create a crime reduction fund and limits the law enforcement purposes for which the fund may be used. The act authorizes courts to order payments by defendants in certain criminal cases to the fund, if one is established in the county. The act contains procedures if the defendant refuses to pay into the fund (Sections 558.019 and 559.021).

COUNTY CIRCUIT CLERKS AND RECORDERS (Section 59.040 and 59.042) - Allows for the combination or separation of the offices of county circuit clerk and county recorder in third class counties, upon voter approval.

DEFINITION OF COURT (Section 143.782) - Defines "court" in terms of tax credits and refunds.

WAIVER OF SOVEREIGN IMMUNITY (Sections 287.780 and 537.605) - Subjects the state to lawsuit for discriminating against a worker exercising worker compensation rights and to lawsuit brought under federal Family and Medical Leave Act.

BAIL BONDSMAN (Section 374.770) - Authorizes a court to assess the cost of transporting a prisoner if there is a breach in the bond contract and the prisoner is incarcerated in another jurisdiction against the bondsman, unless the other jurisdiction

refuses to return the prisoner to the pending court's jurisdiction.

PUBLIC ADMINISTRATOR (Section 473.750) - Authorizes the Jackson county public administrator to utilize computerized data management software to maintain records.

STATE COURT ADMINISTRATION REVOLVING FUND (Section 476.058) - Any moneys received in connection with preparation of court transcripts shall be deposited in the fund.

FOREIGN LANGUAGE INTERPRETERS/TRANSLATORS (Section 476.061) - The act provides that interpreters and translators cannot be compelled to testify to information that is otherwise attorney-client privileged. The interpreter/translator shall be allowed a reasonable fee and the act provides when that fee shall be paid by OSCA.

CLAY COUNTY CLERKS (Sections 476.270 and 483.245) - This act allows the Clay county commission to vote to pay the salaries of deputy circuit clerks and division clerks with county funds. Currently, the salaries of deputy circuit clerks and division clerks must be paid by the state.

EXECUTIVE COUNCIL OF THE JUDICIAL CONFERENCE (Section 476.340) - The act amends the process for filling vacancies of any unexpired term.

FINE COLLECTION CENTER (Section 476.385) - This expands the Fine Collection Center to accept tickets for littering and to clarify how notice is sent to the party.

MUNICIPAL JUDGES - (Section 479.020) - The mandatory retirement age for municipal judges is changed from 75 to 70 years of age.

ST. LOUIS CITY CIRCUIT CLERK - (Sections 483.015 and 483.083) - The circuit clerk of the St. Louis city shall be appointed by a majority of the circuit and associate judges in the St. Louis city circuit. Currently, the office of St. Louis city circuit clerk is an elected position.

SMALL CLAIMS COURT (Section 482.330) - Provides that venue in small claims court shall be determined by the general venue statute for cases instituted by summons.

COURT FEES AND SURCHARGES (Sections 488.005 and 488.012) - Courts may only collect surcharges authorized by local ordinance if such ordinance is authorized by statute. The act increases the fee in every contested case from \$15 to \$25 (Section 488.2253).

FEE FOR FUNDING FOR SHELTERS (Section 488.445) - The act removes the expiration date for counties to impose a fee on marriage licenses and surcharges on civil cases to provide funding for shelters.

TRANSCRIPT FEES (Section 488.2250) - Increases the fees for court reporters to collect on transcripts and copies of transcripts.

Beginning January 1, 2004, the fees may be increased or decreased depending on certain indexes.

FAMILY SERVICES AND JUSTICE FUND (Section 488.2300) - The act provides that the judgment collected in juvenile proceedings is payable to the fund.

CRIME VICTIM'S COMPENSATION JUDGEMENT AND COUNTY FEE (Sections 488.4014, 488.5320 and 595.045) - The fee payable in felony and nonfelony criminal violations shall be paid upon the plea of guilty or upon a finding of guilt. Exceptions are made for certain misdemeanors.

TIME PAYMENT FEE (Section 488.5021) - The act creates the time payment fee. Courts may impose such a fee on all fines, fees or sanctions not paid in full within 30 days. The act provides for distribution of the fee to the local court, court automation fund and drug court fund.

INTERPRETER FEES (Section 491.300) - Interpreter fees for witnesses shall be allowed in juvenile proceedings and domestic violence actions.

MASTER JURY LIST (Section 494.410) - Beginning July 1, 2003, the names on the master jury list shall be chosen from certain source lists. The names of potential jurors on the list shall not be considered a public record.

QUALIFIED JURY LIST (Sections 494.415 and 494.420) - The qualified jury list and petit jury list shall only be disclosed by local rule.

TIME COMPUTATION (Section 506.060) - Modifies the computation to correspond with Supreme Court rules.

LEGISLATIVE CONTINUANCES (Section 510.120) - Authorizes legislative continuances in court during special and veto sessions, and during interim committee assignments.

JUDGEMENTS IN ASSOCIATE CIRCUIT COURT (Section 511.350) - Allows judgement in associate circuit court to be lien on real estate if judgment is final and not appealed. The act deletes the requirement that in cases tried before the court, judgement must be entered within 30 days (Section 517.111).

ABSTRACTS (Section 511.510) - Requires circuit clerks to enter abstract of judgement within five days of rendition.

STATUTE OF LIMITATIONS (Section 516.200) - Extends the statute of limitations in certain tort cases and cases before associate circuit courts up to two years if defendant takes certain actions to hinder a plaintiff's ability to identify the defendant.

STATE CONSENT TO ADA SUIT - (Section 537.617) - This act grants limited consent by the state to be sued under the Americans with Disabilities Act (ADA) in state court, subject to monetary limits, which shall not include punitive damages.

COSTS IN CRIMINAL CASES (Chapter 550) - The act requires the circuit court clerk to calculate on a monthly basis all costs that have accrued in criminal cases where a change of venue has been taken. Each month, the county treasurer, in cases involving a change of venue, must ensure that moneys are turned over to the proper fund.

TAMPERING WITH JUDICIAL OFFICER (Section 565.084) - The act adds drug court commissioner, family court commissioner and juvenile court officer to the definition of "judicial officer".

UNIFORM LAW ENFORCEMENT SYSTEM RECORDS (Section 577.051) - The act modifies the types of case dispositions that must be reported.

FAILURE TO PAY COURT COSTS (Section 1) - The act authorizes the state court administrator to seek a set-off of an income tax refund for certain delinquent court costs in excess of \$25.

"JAKE'S LAW" (Section 2) - The act requires a jurisdiction receiving notice of a wanted offender in another jurisdiction to either retrieve the offender or pay the other jurisdiction the cost of housing.

CONTINUING LEGAL EDUCATION (Section 3) - Allows attorneys elected to or employed by the general assembly to report 15 hours of continuing legal education, not including the ethics hours, for the reporting year that includes such regular session.

CONSUMER SERVICE CONTRACT (Section 4) - The act mandates a court to strike automatic renewal provisions longer than one year in litigated consumer service contracts.

Portions of this act are similar to SB 1152 (2002).

****HB 1986****

SENATE HANDLER Jacob

HOUSE SPONSOR Hosmer

3644L.01P

HB 1986 - This act allows for a faculty representative to be appointed by the Governor, with the advice and consent of the Senate, as a nonvoting member of the governing boards of four-year public higher education institutions. The faculty representative, who may only serve a single two years term, must be a U.S. citizen; a Missouri resident; and a full-time faculty member. The faculty representative is empowered to receive the same reimbursement for expenses as other board members and shall possess all of the powers of the other board members, except for the right to vote. Several of the sections governing the board members have been technically amended in order to accommodate the addition of a nonvoting faculty representative. The act permits, upon a unanimous vote of the board, the institutions to close meetings to the faculty representative and requires all board members at these institutions to observe confidentiality.

Further, the provisions relating to the selection of a replacement for the student representatives have been revised to require that the vacancy be filled within 90 days of the seat becoming unoccupied.

HB 2002

SENATE HANDLER Caskey HOUSE SPONSOR Farnen

4811L.01T

HB 2002 - The act revises provisions related to coroner's inquests. After notification of a dead body, a coroner has the discretion to issue a warrant to the local Sheriff to summon a

jury for a coroner's inquest. Current law requires that a coroner issue such a warrant.

Currently, jurors are responsible for determining if a person died as the result of a felony. This act would also require jurors to determine if the felonious act was justified. Coroners are empowered to issue summons for evidence, documents and materials of substance. The jury may view the dead body by photographic, electronic or other means.

This act is similar to SB 1113 (2002).

HB 2008

SS SCS HB 2008

SENATE HANDLER Kenney

HOUSE SPONSOR O'Connor

4676S.04T

SS/SCS/HB 2008 - This act adds a definition of "powersport dealer" to the definitions for licensure of dealers, manufacturers and auctions. A "powersport dealer" sells motorcycles, all-terrain vehicles and personal watercraft.

This act creates advertising standards for dealers. Dealers are prohibited from using the terms "at cost" and "\$___ above cost" in advertising. Other terms are limited in their use. Violations of the advertising standards shall be deemed an attempt to obtain a fee or compensation by fraud, deception or misrepresentation and can subject the dealer to discipline.

This act also eliminates lienholder possession on motor vehicle and manufactured home certificates of title. The owner of the motor vehicle or manufactured home is required to list the

lienholder on the application for title and failure to do so is a Class A misdemeanor. The process for perfection of and releases of liens for lienholders and subordinate lienholders is specified.

This act are similar to portions of SCS/SB 926 and SCS/SB 126 (2002).

SENATE HANDLER Stoll

HOUSE SPONSOR Richardson

3082S.02T

SCS/HB 2022 - This act repeals and reenacts without change Section 178.870, RSMo, which sets community college property tax rates.

Further, this act adds a provision allowing the establishment of community college capital improvement subdistricts for the purpose of capital projects. The board of trustees of such a district may propose an annual rate of taxation for the sole purpose of funding capital projects. The act provides a format for which the proposals shall be submitted to the voters of the district. A majority vote is necessary for the levy and collection of property taxes within the subdistrict. If a tax has been not been approved within a five year period from the establishment of a community college capital improvement subdistrict, such subdistrict shall be dissolved.

HB 2023

SS HB 2023

SENATE HANDLER Foster

HOUSE SPONSOR Franklin

3746S.03F

HB 2023 - This act relates to due process hearing rights for parents of a child with an individual education plan. Current law allows such parents to request an expedited hearing to contest the disciplinary placement of the child to a provisional alternative setting or to challenge a manifestation determination connected with a disciplinary action involving an interim placement for weapons, drugs, or if the child poses a danger to other students or to him/herself. An educational agency may also request such a hearing to seek placement of a violent or dangerous student.

The act substitutes the specific reasons for the disciplinary placement with language that permits a parent to request a hearing on any disciplinary change of placement. Further, the act revises the appeal procedure for the hearing panel decision, which currently permits appeals pursuant to the administrative procedures laws. Instead, the act specifies that a court will hear the case without a jury upon the record filed as the resolution conference statutes provide and limits the court's review to a determination of whether the agency's action: violates the constitution; is made upon unlawful procedures; is arbitrary, capricious, or unreasonable; or involves an abuse of discretion.

HB 2032

SCS HB 1270 & HB 2032

SENATE HANDLER Westfall

HOUSE SPONSOR Hosmer

4802S.03C

SCS/HB 2032 - This act adds the phrase "or any other state" to address a concern raised in a recent Supreme Court case which held that a person's license revoked in another state did not subject him to Missouri's driving while revoked law because his license was not revoked under the laws of this state. A similar provision is contained in SCS/SB 721 et al.

This act also clarifies that municipal convictions of driving while revoked are included when applying the enhanced driving while revoked penalties.

SENATE HANDLER Mathewson HOUSE SPONSOR Ransdall

4912S.03T

SCS/HB 2047 - This act expands the criteria under which students of higher education called into active military service may qualify for the awarding of a grade of "incomplete" as well as tuition and fee refunds. The expanded criteria includes: members of the National Guard ordered, without their consent, to perform training or other additional duties beyond the required drill and field exercises; members of the Missouri National Guard ordered to active duty to perform military training or special duty; members of the Missouri National Guard ordered to active duty in the case of a declaration of martial law; members of a reserve component ordered into or retained in active duty with that member's consent; or any member of the Selected Reserves or the Individual Ready Reserves called to active duty.

Further, the act allows the adjutant general to assign a third assistant adjutant general in the grade of major general or below from the air forces of this state.

HB 2087
SCS HB 2087

HOUSE SPONSOR Whorton

4734S.03C

SCS/HB 2087 - This act allows the Division of Design and Construction to contract for guaranteed energy cost savings. Contractors must be selected based on experience, capability, past performance and proximity of the firm. The contract must reduce the estimated energy consumption or reduce the cost of energy and related savings by a minimum of 12%. The contract must otherwise be in accordance with Section 8.231, RSMo.

This act also limits the projects to which energy conservation assistance can be made. The payback period is also changed to 10 years or eighty percent of the expected useful life of the energy conservation measures when the expected useful life exceeds 10 years.

This act is similar to SB 821 (2002).
