AN ACT

To repeal sections 86.370, 86.398, 86.447, 86.600, 86.671, and 86.745, RSMo, and to enact in lieu thereof eight new sections relating to police relief and pension systems.

[(15)] **(16)** "Retirement board", the board provided in section 86.393 to administer the retirement system;

[(16)] **(17)** "Retirement system", the police retirement system of the cities as defined in section 86.373.

86.374. 1. A retirement plan pursuant to sections 86.370 to 86.497 is a qualified plan pursuant to the provisions of applicable federal law. The benefits and conditions of a retirement plan pursuant to sections 86.370 to 86.497 shall always be adjusted to ensure that the tax-exempt status is maintained.

2. The retirement board shall administer this retirement system in a manner as to retain at all times qualified status pursuant to Section 401(a) of the Internal Revenue Code.

3. The retirement board shall hold in trust the assets of this retirement system for the exclusive benefit of the members and their beneficiaries and for defraying reasonable administrative expenses of the system. No part of such assets shall, at any time prior to the satisfaction of all liabilities with respect to members and their beneficiaries, be used for or diverted to any purpose other than such exclusive benefit or to any purpose inconsistent with sections 86.370 to 86.497.

4. A member's benefit shall be one hundred percent vested and nonforfeitable

upon the member's attainment of normal retirement age, which shall be the earlier of:

- (1) Completion of twenty-five years of service;
- (2) Age sixty if the member has completed at least ten years of creditable service;
- (3) Age seventy without regard to years of service; or
- (4) To the extent funded, upon the termination of the system established pursuant to sections 86.370 to 86.497 or any partial termination which affects the member or any complete discontinuance of contributions by the city to the system. Amounts representing forfeited nonvested benefits of terminated members shall not be used to increase benefits payable from the system but may be used to reduce contributions for future plan years.

5. Distribution of benefits shall begin not later than April first of the year following the later of the calendar year during which the member becomes seventy and one-half years of age or the calendar year in which the member retires, and shall otherwise conform to Section 401(a)(9) of the Internal Revenue Code.

6. A member or beneficiary of a member shall not accrue a service retirement annuity, disability retirement annuity, death benefit, whether death occurs in the line of duty or otherwise, or any other benefit pursuant to sections 86.370 to 86.497 in excess of the benefit limits applicable to the fund pursuant to Section 415 of the Internal Revenue Code. The retirement board shall reduce the amount of any benefit that exceeds those limits by the amount of the excess. If the total benefits under this retirement system and the benefits and contributions to which any member is entitled under any other qualified plan or plans maintained by the board of police commissioners that employs the member would otherwise exceed the applicable limits pursuant to Section 415 of the Internal Revenue Code, the benefits the member would otherwise receive from this retirement system shall be reduced to the extent necessary to enable the benefits to comply with Section 415 of the Internal Revenue Code.

7. The total salary taken into account for any purpose for any member of this retirement system shall not exceed two hundred thousand dollars per year, subject to periodic adjustments in accordance with guidelines provided by the United States Secretary of the Treasury, and shall not exceed such other limits as may be applicable at any given time pursuant to Section 401(a)(17) of the Internal Revenue Code.

8. If the amount of any benefit is to be determined on the basis of actuarial assumptions that are not otherwise specifically set forth for that purpose in sections 86.370 to 86.497, the actuarial assumptions to be used are those earnings and mortality assumptions being used on the date of the determination by the retirement system's

actuary and approved by the retirement board. The actuarial assumptions being used at any particular time shall be attached as an addendum to a copy of the retirement system's statute that is maintained by the retirement board and shall be treated for all purposes as a part of sections 86.370 to 86.497. The actuarial assumptions may be changed by the retirement system's actuary annually if approved by the retirement board, but a change in actuarial assumptions shall not result in any decrease in benefits accrued as of the effective date of the change.

9. Any member or beneficiary who is entitled to receive any distribution that is an eligible rollover distribution, as defined by Section 402(c)(4) of the Internal Revenue Code, is entitled to have that distribution transferred directly to another eligible retirement plan of the member's or beneficiary's choice on providing direction to the secretary of this retirement system regarding that transfer in accordance with procedures established by the retirement board.

10. For all distributions made after December 31, 2001:

(1) For the purposes of subsection 9 of this section, an eligible retirement plan shall also mean an annuity contract described in Section 403(b) of the Internal Revenue Code and an eligible plan pursuant to Section 457(b) of the Internal Revenue Code which is maintained by the state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state and which agrees to separately account for amounts transferred into such plan from this retirement system. The definition of eligible retirement plan shall also apply in the case of a distribution to a surviving spouse or to a spouse or former spouse who is the alternate payee under a qualified domestic relations order, as defined in Section 414(p) of the Internal Revenue Code; and

(2) For purposes of subsection 9 of this section, a portion of a distribution shall not fail to be an eligible rollover distribution merely because the portion consists of after-tax employee contributions which are not includable in gross income. However, such portion may be paid only to an individual retirement account or annuity described in Section 408(a) or 408(b) of the Internal Revenue Code, or to a qualified defined contribution plan described in Section 401(a) or 403(a) of the Internal Revenue Code that agrees to separately account for amounts so transferred, including separately accounting for the portion of such distribution that is includable in gross income and the portion of such distribution that is not so includable.

86.398. 1. The retirement board may purchase with retirement system assets from one or more insurers licensed to do business in this state one or more insurance policies that provide for reimbursement of this retirement system and any trustee, member of the retirement board, officer, or employee of the retirement system for

liability imposed or damages because of an alleged act, error, or omission committed in the trustee's, board member's, officer's, or employee's capacity as a fiduciary, officer, or employee of the retirement system and for costs and expenses, including attorney fees, incurred as a trustee, board member, officer, or employee in defense of a claim for an alleged act, error, or omission, as long as the insurance policy does not provide for reimbursement of a trustee, board member, officer, or employee for liability imposed or expenses incurred because of the trustee's, board member's, officer's, or employee's personal dishonesty, fraud, lack of good faith, or intentional failure to act prudently.

2. If the insurance coverage described in subsection 1 of this section is insufficient or is not in effect, the retirement board may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that [he] **the person** is or was a member of the retirement board, or is or was serving at the request of the retirement board in the capacity which caused [his] **the person's** relationship to such action, suit or proceeding, against expenses, including attorneys' fees, judgments, fines and amounts paid in settlement actually and reasonably incurred by [him] **the person** in connection with such action, suit or proceeding, if [he] **the person** acted in good faith and without willful malfeasance, and, with respect to any criminal action or proceeding, had reasonable cause to believe [his] **the relevant** conduct was lawful. The termination of any action, suit or proceeding by judgment, order, settlement, conviction or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith, or, with respect to any criminal action or proceeding, that [he] **the person** did not have reasonable cause to believe that [his] **the relevant** conduct was lawful.

[2.] 3. To the extent that a member of the retirement board has been successful on the merits or otherwise in defense of any action, suit or proceeding referred to in [subsection] **subsections 1 and 2** of this section, or in defense of any claim, issue or matter therein, [he] **the person** shall be indemnified against expenses, including attorneys' fees, actually and reasonably incurred [by him] in connection with the action, suit or proceeding **that are not covered by the insurance described in subsection 1 of this section.**

[3.] 4. Any indemnification under [subsection 1 of] this section, unless ordered by a court, shall be made by the retirement board only as authorized in each specific case upon a determination that indemnification of [a member of the retirement board] **any person potentially entitled to indemnification hereunder** is proper in the circumstances because [he] **the person** has met the applicable standard of conduct set forth in this section. The determination shall be made by the retirement board by a majority vote of a quorum consisting of members of the retirement board who are not parties to the action, suit or proceeding, or if

such a quorum is not obtainable, or even if obtainable a quorum of disinterested members of the retirement board so directs, by independent legal counsel in a written opinion. Such legal counsel may but need not be counsel to the retirement system.

[4.] 5. Expenses incurred in defending a civil or criminal action, suit or proceeding may be paid by the retirement board in advance of the final disposition of the action, suit or proceeding as authorized by the retirement board in the specific case upon receipt of an undertaking by or on behalf of the [member of the retirement board] **person potentially entitled to indemnification hereunder** to repay such amount unless it shall ultimately be determined that [he] **the person** is entitled to be indemnified by the retirement board as authorized in this section.

86.447. 1. Upon receipt of the proper proofs of death of a member in service for any reason whatever or of the death of a member after having been retired and pensioned, there shall be paid, in addition to all other benefits but subject to subsection 7 of this section, the following:

(1) If a member dies while in service, such member's surviving spouse, if any, shall be paid a base pension equal to forty percent of the final compensation of such member, subject to subsequent adjustments, if any, as provided in section 86.441;

(2) If a member retires or terminates service after August 28, 1999, and dies after commencement of benefits pursuant to the provisions of sections 86.370 to 86.497, the member's surviving spouse, if any, shall be paid a base pension equal to eighty percent of the pension being received by such member, including cost-of-living adjustments to such pension but excluding supplemental retirement benefits, at the time of such member's death, subject to subsequent adjustments, if any, as provided in section 86.441;

(3) If a member retired or terminated service on or before August 28, 1999, and died after August 28, 1999, and after commencement of benefits, such member's surviving spouse shall upon application to the retirement board, be appointed and employed by the retirement board as a special consultant on the problems of retirement, aging and other matters, and upon request of the retirement board shall give opinions and be available to give opinions in writing or orally in response to such requests, as may be required. For such services, the surviving spouse shall, beginning the later of August 28, 1999, or the time of such appointment under this subsection, be compensated in such amount as shall make the benefits received by such surviving spouse pursuant to this subsection equal to eighty percent of the pension being received by such member, including cost-of-living adjustments to such pension but excluding supplemental retirement benefits, at the time of such member's death, subject to subsequent adjustments, if any, as provided in section 86.441;

(4) Upon the death of any member who is in service after August 28, 2000, and who either had at least twenty-five years of creditable service or was retired or died as a result of an

injury or illness occurring in the line of duty or course of employment pursuant to section 86.450, the surviving spouse's benefit provided pursuant to this subsection, without including any supplemental retirement benefits paid such surviving spouse by this retirement system, shall not be less than six hundred dollars per month. For any member who dies, retires or terminates service on or before August 28, 2000, and who either had at least twenty-five years of creditable service or was retired or died as a result of an injury or illness occurring in the line of duty or course of employment pursuant to section 86.450, the surviving spouse shall upon application to the retirement board be appointed by the retirement board as a special consultant on the problems of retirement, aging and other matters, and upon request of the retirement board shall give opinions and be available to give opinions in writing or orally in response to such requests, as may be required. For such services, the surviving spouse shall, beginning the later of August 28, 2000, or the time the appointment is made pursuant to this subsection, be compensated in an amount which without including supplemental retirement benefits provided by this system shall be not less than six hundred dollars monthly. A pension benefit pursuant to this subdivision shall be paid in lieu of any base pension as increased by cost-of-living adjustments granted pursuant to section 86.441. The benefit pursuant to this subdivision shall not be subject to cost-of-living adjustments, but shall be terminated and replaced by the base pension and cost-of-living adjustments to which such spouse would otherwise be entitled at such time as the total base pension and such adjustments exceed six hundred dollars monthly;

(5) Such member's child or children under the age of eighteen years at the time of the member's decease shall be paid fifty dollars per month each, subject to adjustments, if any, as provided in section 86.441, until he or she shall attain the age of eighteen years; however, each such child who is or becomes a full-time student at an accredited educational institution shall continue to receive payments hereunder for so long as such child shall remain such a full-time student or shall be in a summer or other vacation period scheduled by the institution with intent by such child, demonstrated to the satisfaction of the retirement board, to return to such full-time student status upon the resumption of the institution's classes following such vacation period, but in no event shall such payments be continued after such child shall attain the age of twenty-one years except as hereinafter provided. Any child eighteen years of age or older, who is physically or mentally incapacitated from wage earning, so long as such incapacity exists as certified by a member of the medical board, shall be entitled to the same benefits as a child under the age of eighteen;

(6) A funeral benefit of one thousand dollars.

2. For the purposes of this section, "commencement of benefits" shall begin, for any benefit, at such time as all requirements have been met entitling the member to a payment of such benefit at the next following payment date, disregarding advance notice periods required by any paying agent for physical preparation of the payment, so that a member who dies

between the date all such requirements are met and the date when the system would have delivered such member's initial payment shall be deemed to have commenced such benefit.

3. If there is no person qualified to receive a pension as a surviving spouse or if a surviving spouse dies, the total amount which would be received by a qualified surviving spouse or which is being received by the surviving spouse at the date of death of such surviving spouse shall be added to the amounts received by and shall be divided among the children under the age of eighteen years and the incapacitated children in equal shares. As each child attains the age of eighteen years or has such incapacity removed, the total of the surviving spouse's pension shall then be added to and divided among the remaining children, and when there is only one child under the age of eighteen years or incapacitated, whether such child is the sole surviving child of the member or the youngest child of several children, the total amount of the surviving spouse's pension shall be paid to the child until such child reaches the age of eighteen years or such incapacity is removed.

4. (1) The surviving spouse of a member who retired or died prior to August 28, 1997, shall not be entitled to receive benefits or the payment of a pension pursuant to sections 86.370 to 86.497 unless marriage to the member occurred at least two years before the member's retirement or at least two years before the death of the member while in service; provided, that no benefits shall be denied pursuant to this subsection to the surviving spouse of a member whose death occurred in the line of duty or from an occupational disease arising out of and in the course of the member's employment.

(2) No surviving spouse of a member who retired or died while in service after August 28, 1997, and before August 28, 2000, shall be entitled to receive any benefits pursuant to this section unless such spouse was married to the member at the time of the member's retirement or death while in service.

(3) Any surviving spouse who would qualify for benefits pursuant to subdivision (1) or (2) of this subsection and who has not remarried prior to August 28, 2000, but remarries thereafter, shall upon application to the retirement board be appointed by the retirement board as a special consultant on the problems of retirement, aging and other matters, and upon request of the retirement board shall give opinions and be available to give opinions in writing or orally in response to such requests, as may be required. For such services, such surviving spouse shall be compensated in an amount equal to the benefits such spouse would have received pursuant to sections 86.370 to 86.497 in the absence of such remarriage.

(4) No surviving spouse of a member who retires or dies in service after August 28, 2000, shall be entitled to receive any benefits pursuant to sections 86.370 to 86.497 unless such spouse was married to the member at the time of the member's retirement or death in service. Any surviving spouse who was married to such a member at the time of the member's retirement or death in service shall be entitled to all benefits for surviving spouses pursuant to sections 86.370

to 86.497 for the life of such surviving spouse without regard to remarriage.

5. If no benefits are otherwise payable to a surviving spouse or child of a deceased member, the member's accumulated contributions, to any extent not fully paid to such member prior to the member's death or to the surviving spouse or child of such member, shall be paid in one lump sum to the member's named beneficiary or, if none, to the member's estate.

6. For purposes of this section, a determination of whether a child of a member is physically or mentally incapacitated from wage earning so that the child is entitled to benefits under this section shall be made at the time of the member's death. If a child becomes incapacitated after the member's death, or if a child's incapacity existing at the member's death is removed and such child later becomes incapacitated again, such child shall not be entitled to benefits as an incapacitated child under the provisions of this section. A child shall be deemed incapacitated only for so long as the incapacity existing at the time of the member's death continues.

7. Any beneficiary of benefits pursuant to sections [86.600 to 86.790] **86.370 to 86.497** who becomes the surviving spouse of more than one member shall be paid all benefits due a surviving spouse of that member whose entitlements produce the largest surviving spouse benefits for such beneficiary but shall not be paid surviving spouse benefits as the surviving spouse of more than one member.

86.600. As used in sections 86.600 to 86.790, unless a different meaning is plainly required by the context, the following words and phrases mean:

(1) "Accumulated contributions", the sum of all amounts deducted from the compensation of a member and paid to the retirement board, together with all amounts paid to the retirement board by a member or by a member's beneficiary for the purchase of prior service credits or any other purpose permitted under sections 86.600 to 86.790 in all cases with interest thereon at a rate determined from time to time for such purpose by the retirement board;

(6) "Creditable service", the period of service to which an employee, a former employee,

or a member is entitled, as prescribed by sections 86.600 to 86.790;

(8) "Employer", the police boards of the cities as specified in sections 86.600 to 86.790;

(9) "Final compensation", the average annual compensation of a member during his or her service if less than two years, or the twenty-four months of his or her service for which he or she received the highest salary whether consecutive or otherwise. In computing the average annual compensation of a member under this subsection, no compensation attributable to any time a member was suspended from service without pay shall be included. For any period of time when a member is paid on a frequency other than monthly, the member's salary for such period shall be deemed to be the monthly equivalent of the member's annual rate of compensation for such period;

(10) **"Internal Revenue Code", the United States Internal Revenue Code of 1986, as amended;**

[(17)] (18) "Surviving spouse", the legally married wife or husband of a member surviving the member's death.

86.611. 1. A retirement plan pursuant to sections 86.600 to 86.790 is a qualified plan pursuant to the provisions of applicable federal law. The benefits and conditions of a retirement plan pursuant to sections 86.600 to 86.790 shall always be adjusted to ensure that the tax-exempt status is maintained.

2. The retirement board shall administer this retirement system in such manner as to retain at all times qualified status pursuant to Section 401(a) of the Internal Revenue Code.

3. The retirement board shall hold in trust the assets of this retirement system

for the exclusive benefit of the members and their beneficiaries and for defraying reasonable administrative expenses of the system. No part of such assets shall, at any time prior to the satisfaction of all liabilities with respect to members and their beneficiaries, be used for or diverted to any purpose other than such exclusive benefit or to any purpose inconsistent with sections 86.600 to 86.790.

4. A member's benefit shall be one hundred percent vested and nonforfeitable upon the member's attainment of normal retirement age, which shall be the earlier of:

(1) The attaining of the age of sixty-five or the member's tenth anniversary of employment, whichever is later;

(2) When the total sum of age and years of service equals or exceeds eighty; or

(3) To the extent funded, upon the termination of the system established pursuant to sections 86.600 to 86.790 or any partial termination which affects the member or any complete discontinuance of contributions by the city to the system. Amounts representing forfeited nonvested benefits of terminated members shall not be used to increase benefits payable from the system but may be used to reduce contributions for future plan years.

5. Distribution of benefits shall begin not later than April first of the year following the later of the calendar year during which the member becomes seventy and one-half years of age or the calendar year in which the member retires, and shall otherwise conform to Section 401(a)(9) of the Internal Revenue Code.

6. A member or beneficiary of a member shall not accrue a service retirement annuity, disability retirement annuity, death benefit, whether death occurs in the line of duty or otherwise, or any other benefit pursuant to sections 86.600 to 86.790 in excess of the benefit limits applicable to the fund pursuant to Section 415 of the Internal Revenue Code. The retirement board shall reduce the amount of any benefit that exceeds the limits of this section by the amount of the excess. If the total benefits under this retirement system and the benefits and contributions to which any member is entitled under any other qualified plan or plans maintained by the board of police commissioners that employs the member would otherwise exceed the applicable limits pursuant to Section 415 of the Internal Revenue Code, the benefits the member would otherwise receive from this retirement system are reduced to the extent necessary to enable the benefits to comply with Section 415 of the Internal Revenue Code.

7. The total salary taken into account for any purpose for any member of this retirement system shall not exceed two hundred thousand dollars per year, subject to periodic adjustments in accordance with guidelines provided by the United States

Secretary of the Treasury and may not exceed such other limits as may be applicable at any given time pursuant to Section 401(a)(17) of the Internal Revenue Code.

8. If the amount of any benefit is determined on the basis of actuarial assumptions that are not specifically set forth for that purpose in sections 86.600 to 86.790, the actuarial assumptions used are those earnings and mortality assumptions used on the date of the determination by the retirement system's actuary and approved by the retirement board. The actuarial assumptions used at any particular time shall be attached as an addendum to a copy of the retirement system's statute maintained by the retirement board and shall be treated for all purposes as part of sections 86.600 to 86.790. The actuarial assumptions may be changed by the retirement system's actuary annually if approved by the retirement board, but a change in actuarial assumptions shall not result in any decrease in benefits accrued as of the effective date of the change.

9. Any member or beneficiary who is entitled to receive any distribution that is an eligible rollover distribution, as defined by Section 402(c)(4) of the Internal Revenue Code, is entitled to have that distribution transferred directly to another eligible retirement plan of the member's or beneficiary's choice on providing direction to the secretary of this retirement system regarding that transfer in accordance with procedures established by the retirement board.

10. For all distributions made after December 31, 2001:

(1) For the purposes of subsection 9 of this section, an eligible retirement plan shall also mean an annuity described in Section 403(b) of the Internal Revenue Code and an eligible plan pursuant to Section 457(b) of the Internal Revenue Code that is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state and which agrees to separately account for amounts transferred into such plan from this retirement system. The definition for eligible retirement plan shall also apply in the case of a distribution to a surviving spouse or to a spouse or former spouse who is the alternate payee under a qualified domestic relations order, as defined in Section 414(p) of the Internal Revenue Code; and

(2) For the purposes of subsection 9 of this section, a portion of a distribution shall not fail to be an eligible rollover distribution merely because the portion consists of after-tax employee contributions which are not includable in gross income. However, such portion may be paid only to an individual retirement account or annuity described in Section 408(a) or 408(b) of the Internal Revenue Code, or to a qualified defined contribution plan described in Section 401(a) or 403(a) of the Internal Revenue Code that agrees to separately account for amounts so transferred,

including separately accounting for the portion of such distribution that is includable in gross income and the portion of such distribution that is not so includable.

86.671. 1. Any [period] **periodic** payment, excluding payments for medical treatment, which may be paid or payable by the cities pursuant to the provisions of any workers' compensation or similar law to a member or to the dependents of a member on account of any disability or death shall be offset against any benefits payable to the recipient of the workers' compensation payments from funds provided by the cities pursuant to the provisions of sections 86.600 to 86.790 on account of the same disability or death. In no event, however, shall the amount paid from funds pursuant to the provisions of sections 86.600 to 86.790 be less than the amount which represents the member's percentage, as defined in subsection 4 of this section, of total benefits payable pursuant to sections 86.600 to 86.790, before any offset for workers' compensation benefits.

2. Any lump sum amount, excluding payments for medical treatments, which may be paid or payable by the cities pursuant to the provisions of any workers' compensation or similar law to a member or to the dependents of a member on account of any disability or death shall be offset against any benefits payable from funds provided by the cities pursuant to the provisions of sections 86.600 to 86.790 on account of the same disability or death. The amounts by which each periodic payment made pursuant to the provisions of sections 86.600 to 86.790 is offset or reduced shall be computed as the periodic amount necessary to amortize as an annuity over the period of time represented by the respective workers' compensation benefits the total amount of the lump sum settlement received as a workers' compensation benefit by a beneficiary of the retirement system. Such computation shall be based upon the same interest rate and mortality assumptions as used for the retirement system at the time of such computation. In no event, however, shall the amount paid from funds pursuant to the provisions of sections 86.600 to 86.790 be less than the amount which represents the member's percentage, as defined in subsection 4 of this section, of total benefits payable pursuant to sections 86.600 to 86.790, before any offset for workers' compensation benefits.

3. The retirement board shall adopt such rules and regulations as may be necessary to effectuate the purposes of this section.

4. As used in this section, the term "member's percentage" shall be the fraction of which the numerator is the percentage of compensation contributed by a working member to the retirement pension system pursuant to section 86.760 during the pay period immediately preceding such member's death or disability which created entitlement to benefits and the denominator is the sum of percentages of a member's compensation contributed by a working member and the city pursuant to section 86.760 to the retirement pension system during such pay period. Such percentage shall identify the portion of any benefits due pursuant to the provisions of sections 86.600 to 86.790 which is deemed to have been provided by the member's

own contributions.

86.745. 1. **The retirement board may purchase with retirement system assets from one or more insurers licensed to do business in this state one or more insurance policies that provide for reimbursement of the retirement system and any trustee, member of the retirement board, officer, or employee of the retirement system for liability imposed or damages because of an alleged act, error, or omission committed in the trustee's, board member's, officer's, or employee's capacity as a fiduciary, officer, or employee of the retirement system and for costs and expenses, including attorney fees, incurred as a trustee, board member, officer, or employee in defense of a claim for an alleged act, error, or omission, as long as the insurance policy does not provide for reimbursement of a trustee, board member, officer, or employee for liability imposed or expenses incurred because of the trustee's, board member's, officer's, or employee's personal dishonesty, fraud, lack of good faith, or intentional failure to act prudently.**

2. If the insurance coverage described in subsection 1 of this section is insufficient or is not in effect, the retirement board may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that [he] **the person** is or was a member of the retirement board, or is or was serving at the request of the retirement board in the capacity which caused [his] **the person's** relationship to such action, suit or proceeding, against expenses, including attorneys' fees, judgments, fines and amounts paid in settlement actually and reasonably incurred by [him] **the person** in connection with such action, suit or proceeding, if [he] **the person** acted in good faith and without willful malfeasance, and, with respect to any criminal action or proceeding, had reasonable cause to believe [his] **the relevant** conduct was lawful. The termination of any action, suit or proceeding by judgment, order, settlement, conviction or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith, or, with respect to any criminal action or proceeding, that [he] **the person** did not have reasonable cause to believe that [his] **the relevant** conduct was lawful.

[2.] **3. To the extent that a member of the retirement board has been successful on the merits or otherwise in defense of any action, suit or proceeding referred to in [subsection] subsections 1 and 2 of this section, or in defense of any claim, issue or matter therein, [he] the person shall be indemnified against expenses, including attorneys' fees, actually and reasonably incurred [by him] in connection with the action, suit or proceeding that are not covered by the insurance described in subsection 1 of this section.**

[3.] **4. Any indemnification under [subsection 1 of] this section, unless ordered by a court, shall be made by the retirement board only as authorized in each specific case upon a**

determination that indemnification of [the member of the retirement board] **any person potentially entitled to indemnification hereunder** is proper in the circumstances because [he] **the person** has met the applicable standard of conduct set forth in this section. The determination shall be made by the retirement board by a majority vote of a quorum consisting of members of the retirement board who are not parties to the action, suit or proceeding, or if such a quorum is not obtainable, or even if obtainable a quorum of disinterested members of the retirement board so directs, by independent legal counsel (who may but need not be counsel to the retirement system) in a written opinion.

[4.] **5.** Expenses incurred in defending a civil or criminal action, suit or proceeding may be paid by the retirement board in advance of the final disposition of the action, suit or proceeding as authorized by the retirement board in the specific case upon receipt of an undertaking by or on behalf of the [member of the retirement board] **person potentially entitled to indemnification hereunder** to repay such amount unless it shall ultimately be determined that [he] **the person** is entitled to be indemnified by the retirement board as authorized in this section.
