## AN ACT

To repeal section 386.020, RSMo, and to enact in lieu thereof two new sections relating to broadband Internet service.

---

---

*Be it enacted by the General Assembly of the State of Missouri, as follows:*

Section A. Section 386.020, RSMo, is repealed and two new sections enacted in lieu thereof, to be known as sections 386.020 and 392.261, to read as follows:

386.020. As used in this chapter, the following words and phrases mean:

(1) "Alternative local exchange telecommunications company", a local exchange telecommunications company certified by the commission to provide basic or nonbasic local telecommunications service or switched exchange access service, or any combination of such services, in a specific geographic area subsequent to December 31, 1995;

(2) "Alternative operator services company", any certificated interexchange telecommunications company which receives more than forty percent of its annual Missouri intrastate telecommunications service revenues from the provision of operator services pursuant to operator services contracts with traffic aggregators;

(3) "Basic interexchange telecommunications service", includes, at a minimum, two-way switched voice service between points in different local calling scopes as determined by the commission and shall include other services as determined by the commission by rule upon periodic review and update;

(4) "Basic local telecommunications service", two-way switched voice service within a local calling scope as determined by the commission comprised of any of the following services and their recurring and nonrecurring charges:

**EXPLANATION—Matter enclosed in bold-faced brackets [thus] in this bill is not enacted and is intended to be omitted in the law.**

(a) Multiparty, single line, including installation, touchtone dialing, and any applicable mileage or zone charges;

(b) Assistance programs for installation of, or access to, basic local telecommunications services for qualifying economically disadvantaged or disabled customers or both, including, but not limited to, lifeline services and link-up Missouri services for low-income customers or dual-party relay service for the hearing impaired and speech impaired;

(c) Access to local emergency services including, but not limited to, 911 service established by local authorities;

(d) Access to basic local operator services;

(e) Access to basic local directory assistance;

(f) Standard intercept service;

(g) Equal access to interexchange carriers consistent with rules and regulations of the Federal Communications Commission;

(h) One standard white pages directory listing.

Basic local telecommunications service does not include optional toll free calling outside a local calling scope but within a community of interest, available for an additional monthly fee or the offering or provision of basic local telecommunications service at private shared-tenant service locations;

(5) "Cable television service", the one-way transmission to subscribers of video programming or other programming service and the subscriber interaction, if any, which is required for the selection of such video programming or other programming service;

(6) "Carrier of last resort", any telecommunications company which is obligated to offer basic local telecommunications service to all customers who request service in a geographic area defined by the commission and cannot abandon this obligation without approval from the commission;

(7) "Commission", the "Public Service Commission" hereby created;

(8) "Commissioner", one of the members of the commission;

(9) "Competitive telecommunications company", a telecommunications company which has been classified as such by the commission pursuant to section 392.361, RSMo;

(10) "Competitive telecommunications service", a telecommunications service which has been classified as such by the commission pursuant to section 392.361, RSMo, or which has become a competitive telecommunications service pursuant to section 392.370, RSMo;

(11) "Corporation" includes a corporation, company, association and joint stock association or company;

(12) "Customer-owned pay telephone", a privately owned telecommunications device that is not owned, leased or otherwise controlled by a local exchange telecommunications company and which provides telecommunications services for a use fee to the general public;

(13) "Effective competition" shall be determined by the commission based on:

(a) The extent to which services are available from alternative providers in the relevant market;

(b) The extent to which the services of alternative providers are functionally equivalent or substitutable at comparable rates, terms and conditions;

(c) The extent to which the purposes and policies of chapter 392, RSMo, including the reasonableness of rates, as set out in section 392.185, RSMo, are being advanced;

(d) Existing economic or regulatory barriers to entry; and

(e) Any other factors deemed relevant by the commission and necessary to implement the purposes and policies of chapter 392, RSMo;

(14) "Electric plant" includes all real estate, fixtures and personal property operated, controlled, owned, used or to be used for or in connection with or to facilitate the generation, transmission, distribution, sale or furnishing of electricity for light, heat or power; and any conduits, ducts or other devices, materials, apparatus or property for containing, holding or carrying conductors used or to be used for the transmission of electricity for light, heat or power;

(15) "Electrical corporation" includes every corporation, company, association, joint stock company or association, partnership and person, their lessees, trustees or receivers appointed by any court whatsoever, other than a railroad, light rail or street railroad corporation generating electricity solely for railroad, light rail or street railroad purposes or for the use of its tenants and not for sale to others, owning, operating, controlling or managing any electric plant except where electricity is generated or distributed by the producer solely on or through private property for railroad, light rail or street railroad purposes or for its own use or the use of its tenants and not for sale to others;

(16) "Exchange", a geographical area for the administration of telecommunications services, established and described by the tariff of a telecommunications company providing basic local telecommunications service;

(17) "Exchange access service", a service provided by a local exchange telecommunications company which enables a telecommunications company or other customer to enter and exit the local exchange telecommunications network in order to originate or terminate interexchange telecommunications service;

(18) "Gas corporation" includes every corporation, company, association, joint stock company or association, partnership and person, their lessees, trustees or receivers appointed by any court whatsoever, owning, operating, controlling or managing any gas plant operating for public use under privilege, license or franchise now or hereafter granted by the state or any political subdivision, county or municipality thereof;

(19) "Gas plant" includes all real estate, fixtures and personal property owned, operated, controlled, used or to be used for or in connection with or to facilitate the manufacture,

distribution, sale or furnishing of gas, natural or manufactured, for light, heat or power;

(20) "Heating company" includes every corporation, company, association, joint stock company or association, partnership and person, their lessees, trustees or receivers, appointed by any court whatsoever, owning, operating, managing or controlling any plant or property for manufacturing and distributing and selling, for distribution, or distributing hot or cold water, steam or currents of hot or cold air for motive power, heating, cooking, or for any public use or service, in any city, town or village in this state; provided, that no agency or authority created by or operated pursuant to an interstate compact established pursuant to section 70.370, RSMo, shall be a heating company or subject to regulation by the commission;

(21) "High-cost area", a geographic area, which shall follow exchange boundaries and be no smaller than an exchange nor larger than a local calling scope, where the cost of providing basic local telecommunications service as determined by the commission, giving due regard to recovery of an appropriate share of joint and common costs as well as those costs related to carrier of last resort obligations, exceeds the rate for basic local telecommunications service found reasonable by the commission;

**(22) "High speed Internet access service" or "broadband service", those services and underlying facilities that provide upstream, from customer to provider, or downstream, from provider to customer, transmission to or from the Internet, or have the capability to transmit information, in excess of one hundred fifty kilobits per second, regardless of technology or medium used including, but not limited to, wireless, copper wire, fiber optic cable, or coaxial cable, to provide such service;**

[(22)] **(23)** "Incumbent local exchange telecommunications company", a local exchange telecommunications company authorized to provide basic local telecommunications service in a specific geographic area as of December 31, 1995, or a successor in interest to such a company;

[(23)] **(24)** "Interexchange telecommunications company", any company engaged in the provision of interexchange telecommunications service;

[(24)] **(25)** "Interexchange telecommunications service", telecommunications service between points in two or more exchanges;

[(25)] **(26)** "InterLATA", interexchange telecommunications service between points in different local access and transportation areas;

[(26)] **(27)** "IntraLATA", interexchange telecommunications service between points within the same local access and transportation area;

[(27)] **(28)** "Light rail" includes every rail transportation system in which one or more rail vehicles are propelled electrically by overhead catenary wire upon tracks located substantially within an urban area and are operated exclusively in the transportation of passengers and their baggage, and including all bridges, tunnels, equipment, switches, spurs, tracks, stations, used in connection with the operation of light rail;

[(28)] (29) "Line" includes route;

[(29)] (30) "Local access and transportation area" or "LATA", contiguous geographic area approved by the U.S. District Court for the District of Columbia in *United States v. Western Electric*, Civil Action No. 82-0192 that defines the permissible areas of operations for the Bell Operating companies;

[(30)] (31) "Local exchange telecommunications company", any company engaged in the provision of local exchange telecommunications service. A local exchange telecommunications company shall be considered a "large local exchange telecommunications company" if it has at least one hundred thousand access lines in Missouri and a "small local exchange telecommunications company" if it has less than one hundred thousand access lines in Missouri;

[(31)] (32) "Local exchange telecommunications service", telecommunications service between points within an exchange;

[(32)] (33) "Long-run incremental cost", the change in total costs of the company of producing an increment of output in the long run when the company uses least cost technology, and excluding any costs that, in the long run, are not brought into existence as a direct result of the increment of output. The relevant increment of output shall be the level of output necessary to satisfy total current demand levels for the service in question, or, for new services, demand levels that can be demonstrably anticipated;

[(33)] (34) "Municipality" includes a city, village or town;

[(34)] (35) "Nonbasic telecommunications services" shall be all regulated telecommunications services other than basic local and exchange access telecommunications services, and shall include the services identified in paragraphs (d) and (e) of subdivision (4) of this section. Any retail telecommunications service offered for the first time after August 28, 1996, shall be classified as a nonbasic telecommunications service, including any new service which does not replace an existing service;

[(35)] (36) "Noncompetitive telecommunications company", a telecommunications company other than a competitive telecommunications company or a transitionally competitive telecommunications company;

[(36)] (37) "Noncompetitive telecommunications service", a telecommunications service other than a competitive or transitionally competitive telecommunications service;

[(37)] (38) "Operator services", operator-assisted interexchange telecommunications service by means of either human or automated call intervention and includes, but is not limited to, billing or completion of calling card, collect, person-to-person, station-to-station or third number billed calls;

[(38)] (39) "Operator services contract", any agreement between a traffic aggregator and a certificated interexchange telecommunications company to provide operator services at a traffic aggregator location;

[(39)] (40) "Person" includes an individual, and a firm or copartnership;

[(40)] (41) "Private shared tenant services" includes the provision of telecommunications and information management services and equipment within a user group located in discrete private premises as authorized by the commission by a commercial-shared services provider or by a user association, through privately owned customer premises equipment and associated data processing and information management services and includes the provision of connections to the facilities of local exchange telecommunications companies and to interexchange telecommunications companies;

[(41)] (42) "Private telecommunications system", a telecommunications system controlled by a person or corporation for the sole and exclusive use of such person, corporation or legal or corporate affiliate thereof;

[(42)] (43) "Public utility" includes every pipeline corporation, gas corporation, electrical corporation, telecommunications company, water corporation, heat or refrigerating corporation, and sewer corporation, as these terms are defined in this section, and each thereof is hereby declared to be a public utility and to be subject to the jurisdiction, control and regulation of the commission and to the provisions of this chapter;

[(43)] (44) "Railroad" includes every railroad and railway, other than street railroad or light rail, by whatsoever power operated for public use in the conveyance of persons or property for compensation, with all bridges, ferries, tunnels, equipment, switches, spurs, tracks, stations, real estate and terminal facilities of every kind used, operated, controlled or owned by or in connection with any such railroad;

[(44)] (45) "Railroad corporation" includes every corporation, company, association, joint stock company or association, partnership and person, their lessees, trustees or receivers appointed by any court whatsoever, owning, holding, operating, controlling or managing any railroad or railway as defined in this section, or any cars or other equipment used thereon or in connection therewith;

[(45)] (46) "Rate", every individual or joint rate, fare, toll, charge, reconsigning charge, switching charge, rental or other compensation of any corporation, person or public utility, or any two or more such individual or joint rates, fares, tolls, charges, reconsigning charges, switching charges, rentals or other compensations of any corporation, person or public utility or any schedule or tariff thereof;

[(46)] (47) "Resale of telecommunications service", the offering or providing of telecommunications service primarily through the use of services or facilities owned or provided by a separate telecommunications company, but does not include the offering or providing of private shared tenant services;

[(47)] (48) "Service" includes not only the use and accommodations afforded consumers or patrons, but also any product or commodity furnished by any corporation, person or public

utility and the plant, equipment, apparatus, appliances, property and facilities employed by any corporation, person or public utility in performing any service or in furnishing any product or commodity and devoted to the public purposes of such corporation, person or public utility, and to the use and accommodation of consumers or patrons;

[(48)] **(49)** "Sewer corporation" includes every corporation, company, association, joint stock company or association, partnership or person, their lessees, trustees or receivers appointed by any court, owning, operating, controlling or managing any sewer system, plant or property, for the collection, carriage, treatment, or disposal of sewage anywhere within the state for gain, except that the term shall not include sewer systems with fewer than twenty-five outlets;

[(49)] **(50)** "Sewer system" includes all pipes, pumps, canals, lagoons, plants, structures and appliances, and all other real estate, fixtures and personal property, owned, operated, controlled or managed in connection with or to facilitate the collection, carriage, treatment and disposal of sewage for municipal, domestic or other beneficial or necessary purpose;

[(50)] **(51)** "Street railroad" includes every railroad by whatsoever type of power operated, and all extensions and branches thereof and supplementary facilities thereto by whatsoever type of vehicle operated, for public use in the conveyance of persons or property for compensation, mainly providing local transportation service upon the streets, highways and public places in a municipality, or in and adjacent to a municipality, and including all cars, buses and other rolling stock, equipment, switches, spurs, tracks, poles, wires, conduits, cables, subways, tunnels, stations, terminals and real estate of every kind used, operated or owned in connection therewith but this term shall not include light rail as defined in this section; and the term "street railroad" when used in this chapter, shall also include all motor bus and trolley bus lines and routes and similar local transportation facilities, and the rolling stock and other equipment thereof and the appurtenances thereto, when operated as a part of a street railroad or trolley bus local transportation system, or in conjunction therewith or supplementary thereto, but such term shall not include a railroad constituting or used as part of a trunk line railroad system and any street railroad as defined above which shall be converted wholly to motor bus operation shall nevertheless continue to be included within the term "street railroad" as used herein;

[(51)] **(52)** "Telecommunications company" includes telephone corporations as that term is used in the statutes of this state and every corporation, company, association, joint stock company or association, partnership and person, their lessees, trustees or receivers appointed by any court whatsoever, owning, operating, controlling or managing any facilities used to provide telecommunications service for hire, sale or resale within this state;

[(52)] **(53)** "Telecommunications facilities" includes lines, conduits, ducts, poles, wires, cables, crossarms, receivers, transmitters, instruments, machines, appliances and all devices, real estate, easements, apparatus, property and routes used, operated, controlled or owned by any telecommunications company to facilitate the provision of telecommunications service;

**[(53)] (54)** "Telecommunications service", the transmission of information by wire, radio, optical cable, electronic impulses, or other similar means. As used in this definition, "information" means knowledge or intelligence represented by any form of writing, signs, signals, pictures, sounds, or any other symbols. Telecommunications service does not include:

(a) The rent, sale, lease, or exchange for other value received of customer premises equipment except for customer premises equipment owned by a telephone company certificated or otherwise authorized to provide telephone service prior to September 28, 1987, and provided under tariff or in inventory on January 1, 1983, which must be detariffed no later than December 31, 1987, and thereafter the provision of which shall not be a telecommunications service, and except for customer premises equipment owned or provided by a telecommunications company and used for answering 911 or emergency calls;

(b) Answering services and paging services;

(c) The offering of radio communication services and facilities when such services and facilities are provided under a license granted by the Federal Communications Commission under the commercial mobile radio services rules and regulations;

(d) Services provided by a hospital, hotel, motel, or other similar business whose principal service is the provision of temporary lodging through the owning or operating of message switching or billing equipment solely for the purpose of providing at a charge telecommunications services to its temporary patients or guests;

(e) Services provided by a private telecommunications system;

(f) Cable television service;

(g) The installation and maintenance of inside wire within a customer's premises;

(h) Electronic publishing services; or

(i) Services provided pursuant to a broadcast radio or television license issued by the Federal Communications Commission;

**[(54)] (55)** "Telephone cooperative", every corporation defined as a telecommunications company in this section, in which at least ninety percent of those persons and corporations subscribing to receive local telecommunications service from the corporation own at least ninety percent of the corporation's outstanding and issued capital stock and in which no subscriber owns more than two shares of the corporation's outstanding and issued capital stock;

**[(55)] (56)** "Traffic aggregator", any person, firm, partnership or corporation which furnishes a telephone for use by the public and includes, but is not limited to, telephones located in rooms, offices and similar locations in hotels, motels, hospitals, colleges, universities, airports and public or customer-owned pay telephone locations, whether or not coin operated;

**[(56)] (57)** "Transitionally competitive telecommunications company", an interexchange telecommunications company which provides any noncompetitive or transitionally competitive telecommunications service, except for an interexchange telecommunications company which

provides only noncompetitive telecommunications service;

[(57)] (58) "Transitionally competitive telecommunications service", a telecommunications service offered by a noncompetitive or transitionally competitive telecommunications company and classified as transitionally competitive by the commission pursuant to section 392.361 or 392.370, RSMo;

[(58)] (59) "Water corporation" includes every corporation, company, association, joint stock company or association, partnership and person, their lessees, trustees, or receivers appointed by any court whatsoever, owning, operating, controlling or managing any plant or property, dam or water supply, canal, or power station, distributing or selling for distribution, or selling or supplying for gain any water;

[(59)] (60) "Water system" includes all reservoirs, tunnels, shafts, dams, dikes, headgates, pipes, flumes, canals, structures and appliances, and all other real estate, fixtures and personal property, owned, operated, controlled or managed in connection with or to facilitate the diversion, development, storage, supply, distribution, sale, furnishing or carriage of water for municipal, domestic or other beneficial use.

**392.261. 1. The commission shall not, by entering any order, adopting any rule, or otherwise taking any agency action, impose any regulation upon a provider of high speed Internet access service or broadband service in its provision of such service, regardless of technology or medium used to provide such service.**

**2. An incumbent local exchange telecommunications company subject to the provisions of 47 U.S.C. Section 251(c) shall be required to provide unbundled access to network elements, including but not limited to loops, subloops, and collocation space within the facilities of the incumbent local exchange telecommunications company only to the extent specifically required under Federal Communications Commission regulations.**
