State Senator Bill Stouffer Thanks Howard County Republican Women for Capitol Visit

JEFFERSON CITY – Senator Bill Stouffer, R-Napton, today announced his appreciation for the Howard County Republican Women, who visited the State Capitol and the Governor’s Mansion in Jefferson City today.

“It is always a pleasure knowing that the fine people of the 21st District are interested in the workings of state government,” Stouffer said. “The Howard County Republican Women are leaders in their communities and set an example of what it means to be involved.”

The brand-new community organization toured the Missouri State Capitol and the Governor’s Mansion and had lunch at O’Donoghue’s Steaks and Seafood in Jefferson City.

“I invite all civic and religious organizations in my district to come to Jefferson City and visit,” Stouffer said. “This historic capital offers many important learning and entertainment experiences.”

For anyone who would like to visit Sen. Stouffer’s office at the State Capitol, please call toll free (866) 768-3987.
