5. (1) In the 1993-94 school year and all subsequent school years, pursuant to section 10(c) of article X of the state constitution, a school district shall adjust upward its operating levy for school purposes to the extent necessary for the district to at least maintain the current operating expenditures per pupil received by the district from all sources in the 1992-93 school year, except that its operating levy for school purposes shall not exceed the highest tax rate in effect subsequent to the 1980 tax year, or the minimum rate required by subsection 2 of section 163.021, whichever is less.

(2) The revenue per eligible pupil received by a district from the following sources: line 1 minus line 10, or zero if line 1 minus line 10 is less than zero, plus line 14 of subsection 6 of this section, shall not be less than the revenue per eligible pupil received by a district in the 1992-93 school year from the foundation formula entitlement payment amount plus the amount of line 14 per eligible pupil that exceeds the line 14 per pupil amount from the 1997-98 school year, or the revenue per eligible pupil received by a district in the 1992-93 school year from the foundation formula entitlement payment amount plus the amount of line 14(a) per eligible pupil times the quotient of line 1 minus line 10, divided

The department of elementary and secondary education shall make an addition in the payment amount of line 19 of subsection 6 of this section to assure compliance with the provisions contained in this section.

(3) For any school district which meets the eligibility criteria for state aid as established in section 163.021, but which under subsections 1 to 4 of this section receives no state aid for two successive school years, other than categorical add-ons, by August first following the second such school year, the commissioner of education shall present a plan to the superintendent of the school district for the waiver of rules and the duration of said waivers, in order to promote flexibility in the operations of the district and to enhance and encourage efficiency in the delivery of instructional services. The provisions of other law to the contrary notwithstanding, the plan presented to the superintendent shall provide a summary waiver, with no conditions, for the pupil testing requirements pursuant to section 160.257, RSMo. Further, the provisions of other law to the contrary notwithstanding, the plan shall detail a means for the waiver of requirements otherwise imposed on the school district related to the authority of the state board of education to classify school districts pursuant to section 161.092, RSMo, and such other rules as determined by the commissioner of education, except that such waivers shall not include the provisions established pursuant to sections 160.514 and 160.518, RSMo.

(4) In the 1993-94 school year and each school year thereafter for two years, those districts which are entitled to receive state aid under subsections 1 to 4 of this section shall receive state aid in an amount per eligible pupil as provided in this subsection. For the 1993-94 school year, the amount per eligible pupil shall be twenty-five percent of the amount of state aid per eligible pupil calculated for the district for the 1993-94 school year pursuant to subsections 1 to 4 of this section plus seventy-five percent of the total amount of state aid received by the district from all sources for the 1992-93 school year for which the district is entitled and which are distributed in the 1993-94 school year pursuant to subsections 1 to 4 of this section. all sources for the 1992-93 school year for which the district is entitled and which are distributed in the 1995-96 school year pursuant to subsections 1 to 4 of this section. Nothing in this subdivision shall be construed to limit the authority of a school district to raise its district operating levy pursuant to subdivision (1) of this subsection.

(5) If the total of state aid apportionments to all districts pursuant to subdivision (3) of this subsection is less than the total of state aid apportionments calculated pursuant to subsections 1 to 4 of this section, then the difference shall be deposited in the outstanding schools trust fund. If the total of state aid apportionments to all districts pursuant to subdivision (1) of this subsection is greater than the total of state aid apportionments calculated pursuant to subsections 1 to 4 of this section, then funds shall be transferred from the outstanding schools trust fund to the state school moneys fund to the extent necessary to fund the district entitlements as modified by subdivision (4) of this subsection for that school year with a district entitlement proration factor no less than one and such transfer shall be given priority over all other uses for the outstanding schools trust fund as otherwise provided by law.
