

FIRST REGULAR SESSION
[P E R F E C T E D]
SENATE SUBSTITUTE FOR
SENATE BILL NO. 343
93RD GENERAL ASSEMBLY

INTRODUCED BY SENATOR BARTLE.

Offered March 31, 2005.

Senate Substitute adopted, March 31, 2005.

Taken up for Perfection March 31, 2005. Bill declared Perfected and Ordered Printed, as amended.

TERRY L. SPIELER, Secretary.

1280S.09P

AN ACT

To repeal sections 99.960 and 135.284, RSMo, section 99.845, as enacted by conference committee substitute for senate substitute for senate committee substitute for house committee substitute for house bill no. 289, ninety-second general assembly, first regular session and senate bill no. 235, ninety-second general assembly, first regular session, and section 99.845 as enacted by senate committee substitute for senate bill no. 620, ninety-second general assembly, first regular session, and to enact in lieu thereof ten new sections relating to job development programs administered by the department of economic development.

Be it enacted by the General Assembly of the State of Missouri, as follows:

Section A. Sections 99.960 and 135.284, RSMo, section 99.845, as enacted by conference committee substitute for senate substitute for senate committee substitute for house committee substitute for house bill no. 289, ninety-second general assembly, first regular session and senate bill no. 235, ninety-second general assembly, first regular session, and section 99.845 as enacted by senate committee substitute for senate bill no. 620, ninety-second general assembly, first regular session, are repealed and ten new sections enacted in lieu thereof, to be known as sections 99.845, 99.960, 135.284, 620.1875, 620.1878, 620.1881, 620.1884, 620.1887, 620.1890, and 620.1900, to read as follows:

99.845. 1. A municipality, either at the time a redevelopment project is approved or, in the event a municipality has undertaken acts establishing a redevelopment plan and redevelopment project and has designated a redevelopment area after the passage and approval of sections 99.800 to 99.865 but prior to August 13, 1982, which acts are in conformance with the procedures of sections 99.800 to 99.865, may adopt tax increment

allocation financing by passing an ordinance providing that after the total equalized assessed valuation of the taxable real property in a redevelopment project exceeds the certified total initial equalized assessed valuation of the taxable real property in the redevelopment project, the ad valorem taxes, and payments in lieu of taxes, if any, arising from the levies upon taxable real property in such redevelopment project by taxing districts and tax rates determined in the manner provided in subsection 2 of section 99.855 each year after the effective date of the ordinance until redevelopment costs have been paid shall be divided as follows:

(1) That portion of taxes, penalties and interest levied upon each taxable lot, block, tract, or parcel of real property which is attributable to the initial equalized assessed value of each such taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid by the county collector to the respective affected taxing districts in the manner required by law in the absence of the adoption of tax increment allocation financing;

(2) (a) Payments in lieu of taxes attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project and any applicable penalty and interest over and above the initial equalized assessed value of each such unit of property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid to the municipal treasurer who shall deposit such payment in lieu of taxes into a special fund called the "Special Allocation Fund" of the municipality for the purpose of paying redevelopment costs and obligations incurred in the payment thereof. Payments in lieu of taxes which are due and owing shall constitute a lien against the real estate of the redevelopment project from which they are derived and shall be collected in the same manner as the real property tax, including the assessment of penalties and interest where applicable. The municipality may, in the ordinance, pledge the funds in the special allocation fund for the payment of such costs and obligations and provide for the collection of payments in lieu of taxes, the lien of which may be foreclosed in the same manner as a special assessment lien as provided in section 88.861, RSMo. No part of the current equalized assessed valuation of each lot, block, tract, or parcel of property in the area selected for the redevelopment project attributable to any increase above the total initial equalized assessed value of such properties shall be used in calculating the general state school aid formula provided for in section 163.031, RSMo, until such time as all redevelopment costs have been paid as provided for in this section and section 99.850;

(b) Notwithstanding any provisions of this section to the contrary, for purposes of determining the limitation on indebtedness of local government pursuant to article VI, section 26(b) of the Missouri Constitution, the current equalized assessed value of the property in an area selected for redevelopment attributable to the increase above the total

initial equalized assessed valuation shall be included in the value of taxable tangible property as shown on the last completed assessment for state or county purposes;

(c) The county assessor shall include the current assessed value of all property within the taxing district in the aggregate valuation of assessed property entered upon the assessor's book and verified pursuant to section 137.245, RSMo, and such value shall be utilized for the purpose of the debt limitation on local government pursuant to article VI, section 26(b) of the Missouri Constitution;

(3) For purposes of this section, "levies upon taxable real property in such redevelopment project by taxing districts" shall not include the blind pension fund tax levied under the authority of article III, section 38(b) of the Missouri Constitution, or the merchants' and manufacturers' inventory replacement tax levied under the authority of subsection 2 of section 6 of article X, of the Missouri Constitution, except in redevelopment project areas in which tax increment financing has been adopted by ordinance pursuant to a plan approved by vote of the governing body of the municipality taken after August 13, 1982, and before January 1, 1998.

2. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after July 12, 1990, and prior to August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest imposed by the municipality, or other taxing districts, which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, RSMo, licenses, fees or special assessments other than payments in lieu of taxes and any penalty and interest thereon, or, effective January 1, 1998, taxes levied pursuant to section 94.660, RSMo, for the purpose of public transportation, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund. Any provision of an agreement, contract or covenant entered into prior to July 12, 1990, between a municipality and any other political subdivision which provides for an appropriation of other municipal revenues to the special allocation fund shall be and remain enforceable.

3. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest which are imposed by the municipality or other

taxing districts, and which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, RSMo, or effective January 1, 1998, taxes levied for the purpose of public transportation pursuant to section 94.660, RSMo, licenses, fees or special assessments other than payments in lieu of taxes and penalties and interest thereon, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund.

4. Beginning January 1, 1998, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance and which have complied with subsections 4 to 12 of this section, in addition to the payments in lieu of taxes and economic activity taxes described in subsections 1, 2 and 3 of this section, up to fifty percent of the new state revenues, as defined in subsection 8 of this section, estimated for the businesses within the project area and identified by the municipality in the application required by subsection 10 of this section, over and above the amount of such taxes reported by businesses within the project area as identified by the municipality in their application prior to the approval of the redevelopment project by ordinance, while tax increment financing remains in effect, may be available for appropriation by the general assembly as provided in subsection 10 of this section to the department of economic development supplemental tax increment financing fund, from the general revenue fund, for distribution to the treasurer or other designated financial officer of the municipality with approved plans or projects.

5. The treasurer or other designated financial officer of the municipality with approved plans or projects shall deposit such funds in a separate segregated account within the special allocation fund established pursuant to section 99.805.

6. No transfer from the general revenue fund to the Missouri supplemental tax increment financing fund shall be made unless an appropriation is made from the general revenue fund for that purpose. No municipality shall commit any state revenues prior to an appropriation being made for that project. For all redevelopment plans or projects adopted or approved after December 23, 1997, appropriations from the new state revenues shall not be distributed from the Missouri supplemental tax increment financing fund into the special allocation fund unless the municipality's redevelopment plan ensures that one hundred percent of payments in lieu of taxes and fifty percent of economic activity taxes generated by the project shall be used for eligible redevelopment project costs while tax increment financing remains in effect. This account shall be separate from the account into which

payments in lieu of taxes are deposited, and separate from the account into which economic activity taxes are deposited.

7. In order for the redevelopment plan or project to be eligible to receive the revenue described in subsection 4 of this section, the municipality shall comply with the requirements of subsection 10 of this section prior to the time the project or plan is adopted or approved by ordinance. The director of the department of economic development and the commissioner of the office of administration may waive the requirement that the municipality's application be submitted prior to the redevelopment plan's or project's adoption or the redevelopment plan's or project's approval by ordinance.

8. For purposes of this section, "new state revenues" means:

(1) The incremental increase in the general revenue portion of state sales tax revenues received pursuant to section 144.020, RSMo, excluding sales taxes that are constitutionally dedicated, taxes deposited to the school district trust fund in accordance with section 144.701, RSMo, sales and use taxes on motor vehicles, trailers, boats and outboard motors and future sales taxes earmarked by law. In no event shall the incremental increase include any amounts attributable to retail sales unless the municipality or authority has proven to the Missouri development finance board and the department of economic development and such entities have made a finding that the sales tax increment attributable to retail sales is from new sources which did not exist in the state during the baseline year. The incremental increase in the general revenue portion of state sales tax revenues for an existing or relocated facility shall be the amount that current state sales tax revenue exceeds the state sales tax revenue in the base year as stated in the redevelopment plan as provided in subsection 10 of this section; or

(2) The state income tax withheld on behalf of new employees by the employer pursuant to section 143.221, RSMo, at the business located within the project as identified by the municipality. The state income tax withholding allowed by this section shall be the municipality's estimate of the amount of state income tax withheld by the employer within the redevelopment area for new employees who fill new jobs directly created by the tax increment financing project.

9. Subsection 4 of this section shall apply only to blighted areas located in enterprise zones, pursuant to sections 135.200 to 135.256, RSMo, blighted areas located in federal empowerment zones, or to blighted areas located in central business districts or urban core areas of cities which districts or urban core areas at the time of approval of the project by ordinance, provided that the enterprise zones, federal empowerment zones or blighted areas contained one or more buildings at least fifty years old; and

(1) Suffered from generally declining population or property taxes over the twenty-year period immediately preceding the area's designation as a project area by ordinance; or

(2) Was a historic hotel located in a county of the first classification without a charter form of government with a population according to the most recent federal decennial census in excess of one hundred fifty thousand and containing a portion of a city with a population according to the most recent federal decennial census in excess of three hundred fifty thousand.

10. The initial appropriation of up to fifty percent of the new state revenues authorized pursuant to subsections 4 and 5 of this section shall not be made to or distributed by the department of economic development to a municipality until all of the following conditions have been satisfied:

(1) The director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee have approved a tax increment financing application made by the municipality for the appropriation of the new state revenues. The municipality shall include in the application the following items in addition to the items in section 99.810:

(a) The tax increment financing district or redevelopment area, including the businesses identified within the redevelopment area;

(b) The base year of state sales tax revenues or the base year of state income tax withheld on behalf of existing employees, reported by existing businesses within the project area prior to approval of the redevelopment project;

(c) The estimate of the incremental increase in the general revenue portion of state sales tax revenue or the estimate for the state income tax withheld by the employer on behalf of new employees expected to fill new jobs created within the redevelopment area after redevelopment;

(d) The official statement of any bond issue pursuant to this subsection after December 23, 1997;

(e) An affidavit that is signed by the developer or developers attesting that the provisions of subdivision (1) of section 99.810 have been met and specifying that the redevelopment area would not be reasonably anticipated to be developed without the appropriation of the new state revenues;

(f) The cost-benefit analysis required by section 99.810 includes a study of the fiscal impact on the state of Missouri; and

(g) The statement of election between the use of the incremental increase of the general revenue portion of the state sales tax revenues or the state income tax withheld by employers on behalf of new employees who fill new jobs created in the redevelopment area;

(h) The name, street and mailing address, and phone number of the mayor or chief executive officer of the municipality;

(i) The street address of the development site;

(j) The three-digit North American Industry Classification System number or numbers

characterizing the development project;

(k) The estimated development project costs;

(l) The anticipated sources of funds to pay such development project costs;

(m) Evidence of the commitments to finance such development project costs;

(n) The anticipated type and term of the sources of funds to pay such development project costs;

(o) The anticipated type and terms of the obligations to be issued;

(p) The most recent equalized assessed valuation of the property within the development project area;

(q) An estimate as to the equalized assessed valuation after the development project area is developed in accordance with a development plan;

(r) The general land uses to apply in the development area;

(s) The total number of individuals employed in the development area, broken down by full-time, part-time, and temporary positions;

(t) The total number of full-time equivalent positions in the development area;

(u) The current gross wages, state income tax withholdings, and federal income tax withholdings for individuals employed in the development area;

(v) The total number of individuals employed in this state by the corporate parent of any business benefitting from public expenditures in the development area, and all subsidiaries thereof, as of December thirty-first of the prior fiscal year, broken down by full-time, part-time, and temporary positions;

(w) The number of new jobs to be created by any business benefitting from public expenditures in the development area, broken down by full-time, part-time, and temporary positions;

(x) The average hourly wage to be paid to all current and new employees at the project site, broken down by full-time, part-time, and temporary positions;

(y) For project sites located in a metropolitan statistical area, as defined by the federal Office of Management and Budget, the average hourly wage paid to nonmanagerial employees in this state for the industries involved at the project, as established by the United States Bureau of Labor Statistics;

(z) For project sites located outside of metropolitan statistical areas, the average weekly wage paid to nonmanagerial employees in the county for industries involved at the project, as established by the United States Department of Commerce;

(aa) A list of other community and economic benefits to result from the project;

(bb) A list of all development subsidies that any business benefitting from public expenditures in the development area has previously received for the project, and the name of any other granting body from which such subsidies are sought;

(cc) A list of all other public investments made or to be made by this state or units

of local government to support infrastructure or other needs generated by the project for which the funding pursuant to this [act] **section** is being sought;

(dd) A statement as to whether the development project may reduce employment at any other site, within or without the state, resulting from automation, merger, acquisition, corporate restructuring, relocation, or other business activity;

(ee) A statement as to whether or not the project involves the relocation of work from another address and if so, the number of jobs to be relocated and the address from which they are to be relocated;

(ff) A list of competing businesses in the county containing the development area and in each contiguous county;

(gg) A market study for the development area;

(hh) A certification by the chief officer of the applicant as to the accuracy of the development plan;

(2) The methodologies used in the application for determining the base year and determining the estimate of the incremental increase in the general revenue portion of the state sales tax revenues or the state income tax withheld by employers on behalf of new employees who fill new jobs created in the redevelopment area shall be approved by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee. Upon approval of the application, the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee shall issue a certificate of approval. The department of economic development may request the appropriation following application approval;

(3) The appropriation shall be either a portion of the estimate of the incremental increase in the general revenue portion of state sales tax revenues in the redevelopment area or a portion of the estimate of the state income tax withheld by the employer on behalf of new employees who fill new jobs created in the redevelopment area as indicated in the municipality's application, approved by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee. At no time shall the [aggregate] annual [appropriation] **amount** of the new state revenues [for redevelopment areas] **approved for disbursements from the Missouri supplemental tax increment financing fund** exceed [fifteen] **thirty-two** million dollars;

(4) Redevelopment plans and projects receiving new state revenues shall have a duration of up to fifteen years, unless prior approval for a longer term is given by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee; except that, in no case shall the duration exceed twenty-three years.

11. In addition to the areas authorized in subsection 9 of this section, the funding authorized pursuant to subsection 4 of this section shall also be available in a federally approved levee district, where construction of a levee begins after December 23, 1997, and which is contained within a county of the first classification without a charter form of government with a population between fifty thousand and one hundred thousand inhabitants which contains all or part of a city with a population in excess of four hundred thousand or more inhabitants.

12. There is hereby established within the state treasury a special fund to be known as the "Missouri Supplemental Tax Increment Financing Fund", to be administered by the department of economic development. The department shall annually distribute from the Missouri supplemental tax increment financing fund the amount of the new state revenues as appropriated as provided in the provisions of subsections 4 and 5 of this section if and only if the conditions of subsection 10 of this section are met. The fund shall also consist of any gifts, contributions, grants or bequests received from federal, private or other sources. Moneys in the Missouri supplemental tax increment financing fund shall be disbursed per project pursuant to state appropriations.

13. [All personnel and other costs incurred by the department of economic development for the administration and operation of subsections 4 to 12 of this section shall be paid from the state general revenue fund. On an annual basis, the general revenue fund shall be reimbursed for the full amount of such costs by the developer or developers of the project or projects for which municipalities have made tax increment financing applications for the appropriation of new state revenues, as provided for in subdivision (1) of subsection 10 of this section. The amount of costs charged to each developer shall be based upon the percentage arrived at by dividing the monetary amount of the application made by each municipality for a particular project by the total monetary amount of all applications received by the department of economic development] **Redevelopment project costs may include, at the prerogative of the state, the portion of salaries and expenses of the department of economic development and the department of revenue reasonably allocable to each redevelopment project approved for disbursements from the Missouri supplemental tax increment financing fund for the ongoing administrative functions associated with such redevelopment project. Such amounts shall be recovered from new state revenues deposited into the Missouri supplemental tax increment financing fund created under this section.**

14. For redevelopment plans or projects approved by ordinance that result in net new jobs from the relocation of a national headquarters from another state to the area of the redevelopment project, the economic activity taxes and new state tax revenues shall not be based on a calculation of the incremental increase in taxes as compared to the base year or prior calendar year for such redevelopment project, rather the incremental increase shall be

the amount of total taxes generated from the net new jobs brought in by the national headquarters from another state. In no event shall this subsection be construed to allow a redevelopment project to receive an appropriation in excess of up to fifty percent of the new state revenues.

[99.845. 1. A municipality, either at the time a redevelopment project is approved or in the event a municipality has undertaken acts establishing a redevelopment plan and redevelopment project and has designated a redevelopment area after the passage and approval of sections 99.800 to 99.865 but prior to August 13, 1982, which acts are in conformance with the procedures of sections 99.800 to 99.865, may adopt tax increment allocation financing by passing an ordinance providing that after the total equalized assessed valuation of the taxable real property in a redevelopment project exceeds the certified total initial equalized assessed valuation of the taxable real property in the redevelopment project, the ad valorem taxes, and payments in lieu of taxes, if any, arising from the levies upon taxable real property in such redevelopment project by taxing districts and tax rates determined in the manner provided in subsection 2 of section 99.855 each year after the effective date of the ordinance until redevelopment costs have been paid shall be divided as follows:

(1) That portion of taxes, penalties and interest levied upon each taxable lot, block, tract, or parcel of real property which is attributable to the initial equalized assessed value of each such taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid by the county collector to the respective affected taxing districts in the manner required by law in the absence of the adoption of tax increment allocation financing;

(2) Payments in lieu of taxes attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project and any applicable penalty and interest over and above the initial equalized assessed value of each such unit of property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid to the municipal treasurer who shall deposit such payment in lieu of taxes into a special fund called the "Special Allocation Fund" of the municipality for the purpose of paying redevelopment costs and obligations incurred in the payment thereof. Payments in lieu of taxes which are due and owing shall constitute a lien against the real estate of the redevelopment project from which they are derived and shall be collected in the same manner as the real property tax,

including the assessment of penalties and interest where applicable. The municipality may, in the ordinance, pledge the funds in the special allocation fund for the payment of such costs and obligations and provide for the collection of payments in lieu of taxes, the lien of which may be foreclosed in the same manner as a special assessment lien as provided in section 88.861, RSMo. No part of the current equalized assessed valuation of each lot, block, tract, or parcel of property in the area selected for the redevelopment project attributable to any increase above the total initial equalized assessed value of such properties shall be used in calculating the general state school aid formula provided for in section 163.031, RSMo, until such time as all redevelopment costs have been paid as provided for in this section and section 99.850;

(3) For purposes of this section, "levies upon taxable real property in such redevelopment project by taxing districts" shall not include the blind pension fund tax levied under the authority of article III, section 38(b) of the Missouri Constitution, or the merchants' and manufacturers' inventory replacement tax levied under the authority of subsection 2 of section 6 of article X, of the Missouri Constitution, except in redevelopment project areas in which tax increment financing has been adopted by ordinance pursuant to a plan approved by vote of the governing body of the municipality taken after August 13, 1982, and before January 1, 1998.

2. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after July 12, 1990, and prior to August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest imposed by the municipality, or other taxing districts, which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, RSMo, licenses, fees or special assessments other than payments in lieu of taxes and any penalty and interest thereon, or, effective January 1, 1998, taxes levied pursuant to section 94.660, RSMo, for the purpose of public transportation, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate

segregated account within the special allocation fund. Any provision of an agreement, contract or covenant entered into prior to July 12, 1990, between a municipality and any other political subdivision which provides for an appropriation of other municipal revenues to the special allocation fund shall be and remain enforceable.

3. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest which are imposed by the municipality or other taxing districts, and which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, RSMo, or effective January 1, 1998, taxes levied for the purpose of public transportation pursuant to section 94.660, RSMo, licenses, fees or special assessments other than payments in lieu of taxes and penalties and interest thereon, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund.

4. Beginning January 1, 1998, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance and which have complied with subsections 4 to 12 of this section, in addition to the payments in lieu of taxes and economic activity taxes described in subsections 1, 2 and 3 of this section, up to fifty percent of the new state revenues, as defined in subsection 8 of this section, estimated for the businesses within the project area and identified by the municipality in the application required by subsection 10 of this section, over and above the amount of such taxes reported by businesses within the project area as identified by the municipality in their application prior to the approval of the redevelopment project by ordinance, while tax increment financing remains in effect, may be available for appropriation by the general assembly as provided in subsection 10 of this section to the department of economic development supplemental tax increment financing fund, from the general revenue fund, for distribution to the treasurer or other designated financial officer of the municipality with

approved plans or projects.

5. The treasurer or other designated financial officer of the municipality with approved plans or projects shall deposit such funds in a separate segregated account within the special allocation fund established pursuant to section 99.805.

6. No transfer from the general revenue fund to the Missouri supplemental tax increment financing fund shall be made unless an appropriation is made from the general revenue fund for that purpose. No municipality shall commit any state revenues prior to an appropriation being made for that project. For all redevelopment plans or projects adopted or approved after December 23, 1997, appropriations from the new state revenues shall not be distributed from the Missouri supplemental tax increment financing fund into the special allocation fund unless the municipality's redevelopment plan ensures that one hundred percent of payments in lieu of taxes and fifty percent of economic activity taxes generated by the project shall be used for eligible redevelopment project costs while tax increment financing remains in effect. This account shall be separate from the account into which payments in lieu of taxes are deposited, and separate from the account into which economic activity taxes are deposited.

7. In order for the redevelopment plan or project to be eligible to receive the revenue described in subsection 4 of this section, the municipality shall comply with the requirements of subsection 10 of this section prior to the time the project or plan is adopted or approved by ordinance. The director of the department of economic development and the commissioner of the office of administration may waive the requirement that the municipality's application be submitted prior to the redevelopment plan's or project's adoption or the redevelopment plan's or project's approval by ordinance.

8. For purposes of this section, "new state revenues" means:

(1) The incremental increase in the general revenue portion of state sales tax revenues received pursuant to section 144.020, RSMo, excluding sales taxes that are constitutionally dedicated, taxes deposited to the school district trust fund in accordance with section 144.701, RSMo, sales and use taxes on motor vehicles, trailers, boats and outboard motors and future sales taxes earmarked by law. The incremental increase in the general revenue portion of state sales tax revenues for an existing or relocated facility shall be the amount that current state sales tax revenue exceeds the state sales tax revenue in the base year as stated in the redevelopment plan as provided in subsection 10 of this section; or

(2) The state income tax withheld on behalf of new employees by the employer pursuant to section 143.221, RSMo, at the business located within the project as identified by the municipality. The state income tax withholding allowed by this section shall be the municipality's estimate of the amount of state income tax withheld by the employer within the redevelopment area for new employees who fill new jobs directly created by the tax increment financing project.

9. Subsection 4 of this section shall apply only to blighted areas located in enterprise zones, pursuant to sections 135.200 to 135.256, RSMo, blighted areas located in federal empowerment zones, or to blighted areas located in central business districts or urban core areas of cities which districts or urban core areas at the time of approval of the project by ordinance, provided that the enterprise zones, federal empowerment zones or blighted areas contained one or more buildings at least fifty years old; and

(1) Suffered from generally declining population or property taxes over the twenty-year period immediately preceding the area's designation as a project area by ordinance; or

(2) Was a historic hotel located in a county of the first classification without a charter form of government with a population according to the most recent federal decennial census in excess of one hundred fifty thousand and containing a portion of a city with a population according to the most recent federal decennial census in excess of three hundred fifty thousand.

10. The initial appropriation of up to fifty percent of the new state revenues authorized pursuant to subsections 4 and 5 of this section shall not be made to or distributed by the department of economic development to a municipality until all of the following conditions have been satisfied:

(1) The director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee have approved a tax increment financing application made by the municipality for the appropriation of the new state revenues. The municipality shall include in the application the following items in addition to the items in section 99.810:

(a) The tax increment financing district or redevelopment area, including the businesses identified within the redevelopment area;

(b) The base year of state sales tax revenues or the base year of state income tax withheld on behalf of existing employees, reported by existing businesses within the project area prior to approval of the redevelopment project;

(c) The estimate of the incremental increase in the general revenue portion of state sales tax revenue or the estimate for the state income tax withheld by the employer on behalf of new employees expected to fill new jobs created within the redevelopment area after redevelopment;

(d) The official statement of any bond issue pursuant to this subsection after December 23, 1997;

(e) An affidavit that is signed by the developer or developers attesting that the provisions of subdivision (1) of section 99.810 have been met and specifying that the redevelopment area would not be reasonably anticipated to be developed without the appropriation of the new state revenues;

(f) The cost-benefit analysis required by section 99.810 includes a study of the fiscal impact on the state of Missouri; and

(g) The statement of election between the use of the incremental increase of the general revenue portion of the state sales tax revenues or the state income tax withheld by employers on behalf of new employees who fill new jobs created in the redevelopment area;

(2) The methodologies used in the application for determining the base year and determining the estimate of the incremental increase in the general revenue portion of the state sales tax revenues or the state income tax withheld by employers on behalf of new employees who fill new jobs created in the redevelopment area shall be approved by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee. Upon approval of the application, the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee shall issue a certificate of approval. The department of economic development may request the appropriation following application approval;

(3) The appropriation shall be either a portion of the estimate of the incremental increase in the general revenue portion of state sales tax revenues in the redevelopment area or a portion of the estimate of the state income tax withheld by the employer on behalf of new employees who fill new jobs created in the redevelopment area as indicated in the municipality's application, approved by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee. At no time shall the aggregate annual appropriation of the new state revenues for redevelopment areas exceed fifteen million dollars;

(4) Redevelopment plans and projects receiving new state revenues shall have a duration of up to fifteen years, unless prior approval for a longer

term is given by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee; except that, in no case shall the duration exceed twenty-three years.

11. In addition to the areas authorized in subsection 9 of this section, the funding authorized pursuant to subsection 4 of this section shall also be available in a federally approved levee district, where construction of a levee begins after December 23, 1997, and which is contained within a county of the first classification without a charter form of government with a population between fifty thousand and one hundred thousand inhabitants which contains all or part of a city with a population in excess of four hundred thousand or more inhabitants.

12. There is hereby established within the state treasury a special fund to be known as the "Missouri Supplemental Tax Increment Financing Fund", to be administered by the department of economic development. The department shall annually distribute from the Missouri supplemental tax increment financing fund the amount of the new state revenues as appropriated as provided in the provisions of subsections 4 and 5 of this section if and only if the conditions of subsection 10 of this section are met. The fund shall also consist of any gifts, contributions, grants or bequests received from federal, private or other sources. Moneys in the Missouri supplemental tax increment financing fund shall be disbursed per project pursuant to state appropriations.

13. All personnel and other costs incurred by the department of economic development for the administration and operation of subsections 4 to 12 of this section shall be paid from the state general revenue fund. On an annual basis, the general revenue fund shall be reimbursed for the full amount of such costs by the developer or developers of the project or projects for which municipalities have made tax increment financing applications for the appropriation of new state revenues, as provided for in subdivision (1) of subsection 10 of this section. The amount of costs charged to each developer shall be based upon the percentage arrived at by dividing the monetary amount of the application made by each municipality for a particular project by the total monetary amount of all applications received by the department of economic development.

14. For redevelopment plans or projects approved by ordinance that result in net new jobs from the relocation of a national headquarters from another state to the area of the redevelopment project, the economic activity

taxes and new state tax revenues shall not be based on a calculation of the incremental increase in taxes as compared to the base year or prior calendar year for such redevelopment project, rather the incremental increase shall be the amount of total taxes generated from the net new jobs brought in by the national headquarters from another state. In no event shall this subsection be construed to allow a redevelopment project to receive an appropriation in excess of up to fifty percent of the new state revenues.]

99.960. 1. A municipality shall submit an application to the department of economic development for review and submission of an analysis and recommendation to the Missouri development finance board for a determination as to approval of the disbursement of the project costs of one or more development projects from the state supplemental downtown development fund. The department of economic development shall forward the application to the Missouri development finance board with the analysis and recommendation. In no event shall any approval authorize a disbursement of one or more development projects from the state supplemental downtown development fund which exceeds the allowable amount of other net new revenues derived from the development area. An application submitted to the department of economic development shall contain the following, in addition to the items set forth in section 99.942:

(1) An estimate that one hundred percent of the payments in lieu of taxes and economic activity taxes deposited to the special allocation fund must and will be used to pay development project costs or obligations issued to finance development project costs to achieve the objectives of the development plan. Contributions to the development project from any private not-for-profit organization or local contributions from tax abatement or other sources may be substituted on a dollar-for-dollar basis for the local match of one hundred percent of payments in lieu of taxes and economic activity taxes from the fund;

(2) Identification of the existing businesses located within the development project area and the development area;

(3) The aggregate baseline year amount of state sales tax revenues and the aggregate baseline year amount of state income tax withheld on behalf of existing employees, reported by existing businesses within the development project area. Provisions of section 32.057, RSMo, notwithstanding, municipalities will provide this information to the department of revenue for verification. The department of revenue will verify the information provided by the municipalities within forty-five days of receiving a request for such verification from a municipality;

(4) An estimate of the state sales tax increment and state income tax increment within the development project area after redevelopment;

(5) An affidavit that is signed by the developer or developers attesting that the provision of subdivision (2) of subsection 3 of section 99.942 has been met and specifying that

the development area would not be reasonably anticipated to be developed without the appropriation of the other net new revenues;

(6) The amounts and types of other net new revenues sought by the applicant to be disbursed from state supplemental downtown development fund over the term of the development plan;

(7) The methodologies and underlying assumptions used in determining the estimate of the state sales tax increment and the state income tax increment; and

(8) Any other information reasonably requested by the department of economic development and the Missouri development finance board.

2. The department of economic development shall make all reasonable efforts to process applications within sixty days of receipt of the application.

3. The Missouri development finance board shall make a determination regarding the application for a certificate allowing disbursements from the state supplemental downtown development fund and shall forward such determination to the director of the department of economic development. In no event shall the amount of disbursements from the state supplemental downtown development fund approved for a project, in addition to any other state economic development funding or other state incentives, exceed the projected state benefit of the development project, as determined by the department of economic development through a cost-benefit analysis. Any political subdivision located either wholly or partially within the development area shall be permitted to submit information to the department of economic development for consideration in its cost-benefit analysis. Upon approval of state supplemental downtown development financing, a certificate of approval shall be issued by the department of economic development containing the terms and limitations of the disbursement.

4. At no time shall the annual amount of other net new revenues approved for disbursements from the state supplemental downtown development fund exceed one hundred [fifty] **eight** million dollars.

5. Development projects receiving disbursements from the state supplemental downtown development fund shall be limited to receiving such disbursements for fifteen years, unless specific approval for a longer term is given by the director of the department of economic development, as set forth in the certificate of approval; except that, in no case shall the duration exceed twenty-five years. The approved term notwithstanding, state supplemental downtown development financing shall terminate when development financing for a development project is terminated by a municipality.

6. The municipality shall deposit payments received from the state supplemental downtown development fund in a separate segregated account for other net new revenues within the special allocation fund.

7. Development project costs may include, at the prerogative of the state, the portion

of salaries and expenses of the department of economic development, the Missouri development finance board, and the department of revenue reasonably allocable to each development project approved for disbursements from the state supplemental downtown development fund for the ongoing administrative functions associated with such development project. Such amounts shall be recovered from other net new revenues deposited into the state supplemental downtown development fund created pursuant to section 99.963.

8. A development project approved for state supplemental downtown development financing may not thereafter elect to receive tax increment financing pursuant to the real property tax increment allocation redevelopment act, sections 99.800 to 99.865, and continue to receive state supplemental downtown development financing pursuant to sections 99.915 to 99.980.

9. The department of economic development, in conjunction with the Missouri development finance board, may establish the procedures and standards for the determination and approval of applications by the promulgation of rules and regulations and publish forms to implement the provisions of this section and section 99.963.

10. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section and section 99.963 shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section, section 99.963, and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2003, shall be invalid and void.

11. The Missouri development finance board shall consider parity based on population and geography of the state among the regions of the state in making determinations on applications pursuant to this section.

135.284. The repeal and reenactment of sections [99.845,] 100.710, 100.840, 100.850 and 178.892, and the enactment of sections 135.276, 135.277, 135.279, 135.281, and 135.283 shall expire on January 1, 2006, if no essential industry retention projects have been approved by the department of economic development by December 31, 2005. If an essential industry retention project has been approved by the department of economic development by December 31, 2005, the repeal and reenactment of sections [99.845,] 100.710, 100.840, 100.850 and 178.892, and the enactment of sections 135.276, 135.277, 135.279, 135.281, and 135.283 shall expire on January 1, 2020.

620.1875. Sections 620.1875 to 620.1890, RSMo, shall be known and may be cited as the "Missouri Quality Jobs Act".

620.1878. For the purposes of sections 620.1875 to 620.1890, the following terms shall mean:

(1) "Average wage", the new payroll divided by the number of new jobs;

(2) "Commencement of operations", the starting date for the qualified company's first new employee, which must be no later than twelve months from the date of the proposal;

(3) "County average wage", the average wages in each county as determined by the department for the most recently completed full calendar year. However, if the computed county average wage is ten percent or more above the statewide average wage, the statewide average wage plus ten percent shall be deemed the "county average wage" for such county. The department shall publish the county average wage for each county at least annually;

(4) "Department", the Missouri department of economic development;

(5) "Director", the director of the department of economic development;

(6) "Employee", a person employed by a qualified company;

(7) "Full-time equivalent employees", employees of the qualified company converted to reflect an equivalent of the number of full-time, year-around employees. The method for converting part-time and seasonal employees into an equivalent number of full-time, year-around employees shall be published in a rule promulgated by the department as authorized in section 620.1884;

(8) "Full-time, year-around employee", an employee of the company that works an average of at least thirty five hours per week for a twelve month period, and one for which the qualified company offers health insurance and pays at least fifty percent of such insurance premiums;

(9) "High impact project", a qualified company that, within two years from commencement of operations, creates one hundred or more new jobs;

(10) "Local incentives", the amount of direct benefit received by a qualified company for a project facility from one or more local political subdivisions, but shall not include loans or other funds provided to the qualified company that must be repaid by the qualified company to the political subdivision;

(11) "NAICS", the 1997 edition of the North American Industry Classification System as prepared by the Executive Office of the President, Office of Management and Budget. Any NAICS sector, subsector, industry group or industry identified in this section shall include its corresponding classification in subsequent federal industry classification systems;

(12) "New direct local revenue", the amount of direct net new tax revenues of the local political subdivisions likely to be produced by the project over the project period as calculated by the department and net new utility revenues, provided the local incentives include a discount or other direct incentives from utilities owned or operated by the political subdivision;

(13) "New investment", the purchase or leasing of new tangible assets to be placed in operation at the project facility, which will be directly related to the new jobs;

(14) "New job", the number of full-time, year-around employees located at the project facility that exceeds the project facility base employment less any decrease in the number of full-time equivalent employees at related facilities below the related facility base employment;

(15) "New payroll", the amount of wages paid by a qualified company to employees in new jobs;

(16) "Notice of intent", a form developed by the department, completed by the qualified company and submitted to the department which states the qualified company's intent to hire new jobs and request benefits under this program;

(17) "Percent of local incentives", the amount of local incentives divided by the amount of new direct local revenue;

(18) "Program", the Missouri quality jobs program provided in sections 620.1875 to 620.1890;

(19) "Project facility", the building used by a qualified company at which the new jobs and new investment will be located. A project facility may include separate buildings that are adjacent, or sharing common walls, utilities, or covered walkways such that their purpose and operations are interrelated;

(20) "Project facility base employment", for the twelve-month period prior to the date of the proposal, the average number of full-time equivalent employees located at the project facility. In the event the project facility has not been in operation for a full twelve-month period, "project facility base employment" is the average number of full-time equivalent employees for the number of months the project facility has been in operation prior to the date of the proposal;

(21) "Project period", the time period that the benefits are provided to a qualified company;

(22) "Proposal", a document submitted by the department to the qualified company that states the benefits that may be provided by this program. The effective date of such proposal cannot be prior to the commencement of operations. The proposal shall not offer benefits regarding any jobs created prior to its effective date;

(23) "Qualified company", a firm, partnership, joint venture, association, private or public corporation whether organized for profit or not, or headquarters of such entity registered to do business in Missouri that is the owner or operator of a project facility. For the purposes of sections 620.1875 to 620.1890, the term "qualified company" shall not include:

(a) Gambling establishments (NAICS industry group 7132);
(b) Retail trade establishments (NAICS sectors 44 and 45);
(c) Food and drinking places (NAICS subsector 722);
(d) Utilities regulated by the Missouri public service commission;
(e) Service companies, unless more than seventy-five percent of such service company's annual revenues during the period at the project facility are derived from sources outside Missouri;

(f) Any company that is delinquent in the payment of any nonprotested taxes or any other amounts due the state or federal government or any other political subdivision of this state; or

(g) Any company that has filed for or has publicly announced its intention to file for bankruptcy protection;

(h) Any company that has been found guilty of or has pleaded guilty to violating any labor, health and safety, or environmentally related laws, whether federal or state, within the last five years;

(24) "Related company" means:

(a) A corporation, partnership, trust, or association controlled by the qualified company;

(b) An individual, corporation, partnership, trust, or association in control of the qualified company; or

(c) Corporations, partnerships, trusts or associations controlled by an individual, corporation, partnership, trust or association in control of the qualified company. As used in this subdivision, "control of a corporation" shall mean ownership, directly or indirectly, of stock possessing at least fifty percent of the total combined voting power of all classes of stock entitled to vote, "control of a partnership or association" shall mean ownership of at least fifty percent of the capital or profits interest in such partnership or association, "control of a trust" shall mean ownership, directly or indirectly, of at least fifty percent of the beneficial interest in the principal or income of such trust, and ownership shall be determined as provided in section 318 of the Internal Revenue Code of 1986, as amended;

(25) "Related facility", a facility operated by the qualified company or a related company located in this state that is directly related to the operations of the project facility;

(26) "Related facility base employment", for the twelve-month period prior to the date of the proposal, the average number of full-time equivalent employees located at all related facilities of the qualified company or a related company located in this state;

(27) "Rural area", a county in Missouri with population less than seventy-five thousand or that does not contain an individual city with a population greater than fifty thousand according to the most recent federal decennial census;

(28) "Small and expanding business project", a qualified company that, within two years of the date of the proposal creates a minimum of twenty new jobs if the project facility is located in a rural area or a minimum of forty new jobs if the project facility is not located in a rural area and less than one hundred total new jobs on the date of the proposal regardless of the location of the qualified company;

(29) "Tax credits", tax credits issued by the department to offset the state income taxes imposed by chapter 143, RSMo, or which may be sold or refunded as provided for in this program;

(30) "Technology business project", a qualified company that, within two years of the date of the proposal creates a minimum of ten new jobs with at least seventy-five percent of the new jobs directly involved in the operations of a technology company as determined by a regulation promulgated by the department under the provisions of section 620.1884, RSMo, and classified by NAICS codes;

(31) "Withholding tax", the state tax imposed by sections 143.191 to 143.265, RSMo.

620.1881. 1. The department of economic development shall respond within thirty days to a company who provides a notice of intent with either a proposal or a rejection of the notice of intent. Failure to respond on behalf of the department of economic development shall result in the notice of intent being deemed a proposal for the purposes of this section. A qualified company who is provided a proposal for a project shall be allowed a benefit as provided in this program in the amount and duration provided in this section. A qualified company may receive additional periods for subsequent new jobs at the same facility after the full initial period if the minimum thresholds are met as set forth in sections 620.1875 to 620.1890. There is no limit on the number of periods a qualified company may participate in the program, as long as the minimum thresholds are achieved and the qualified company provides the department with the required reporting and is in proper compliance for this program or other state programs.

2. Notwithstanding any provision of law to the contrary, any qualified company that is awarded benefits under this program may not also receive tax credits or exemptions under sections 135.100 to 135.150, sections 135.200 to 135.268, section 135.535, or sections 135.900 to 135.906, RSMo, for the same new jobs at the project facility. The benefits available to the company under any other state programs for which the company is eligible and which utilize withholding tax from

the new jobs of the company must first be credited to the other state program before the withholding retention level applicable under the Missouri quality jobs act will begin to accrue. These other state programs include, but are not limited to, the new jobs training program under sections 178.892 to 178.896, RSMo, the job retention program under sections 178.760 to 178.764, RSMo, the real property tax increment allocation redevelopment act, sections 99.800 to 99.865, RSMo, or the Missouri downtown and rural economic stimulus act under sections 99.915 to 99.980, RSMo. If any qualified company also participates in the new jobs training program in sections 178.892 to 178.896, RSMo, the company shall retain no withholding tax, but the department shall issue a refundable tax credit for the full amount of benefit allowed under this subdivision.

3. The types of projects and the amount of benefits to be provided are:

(1) Small and expanding business projects: In exchange for the consideration provided by the new tax revenues and other economic stimulus that will be generated by the new jobs created by the program, a qualified company may retain an amount equal to the withholding tax from the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265, RSMo, for a period of three years from the date the required number of new jobs has been created if the average wage of the new payroll equals or exceeds the county average wage or for a period of five years from the date the required number of new jobs has been created if the average wage of the new payroll equals or exceeds one hundred twenty percent of the county average wage;

(2) Technology business projects: In exchange for the consideration provided by the new tax revenues and other economic stimulus that will be generated by the new jobs created by the program, a qualified company may retain an amount equal to a maximum of five percent of new payroll for a period of five years from the date the required number of jobs has been created from the withholding tax of the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265, RSMo, if the average wage of the new payroll equals or exceeds the county average wage an additional one half percent of new payroll may be added to the five percent maximum if the average wage of the new payroll in any year exceeds one hundred twenty percent of the county average wage in the county in which the project facility is located, plus an additional one-half percent of new payroll may be added if the average wage of the new payroll in any year exceeds one hundred forty percent of the average wage in the county in which the project facility is located. The department shall issue a refundable tax credit for any difference

between the amount of benefit allowed under this subdivision and the amount of withholding tax retained by the company, in the event the withholding tax is not sufficient to provide the entire amount of benefit due to the qualified company under this subdivision. The calendar year annual maximum amount of tax credits that may be issued to any qualified company for a project or combination of projects is five hundred thousand dollars;

(3) **High impact projects:** In exchange for the consideration provided by the new tax revenues and other economic stimulus that will be generated by the new jobs created by the program, a qualified company may retain an amount from the withholding tax of the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265, RSMo, equal to three percent of new payroll for a period of five years from the date the required number of jobs has been created if the average wage of the new payroll equals or exceeds the county average wage of the county in which the project facility is located. The percentage of payroll allowed under this subdivision shall be three and one-half percent of new payroll if the average wage of the new payroll in any year exceeds one hundred twenty percent of the county average wage in the county in which the project facility is located. The percentage of payroll allowed under this subdivision shall be four percent of new payroll if the average wage of the new payroll in any year exceeds one hundred forty percent of the county average wage in the county in which the project facility is located. An additional one percent of new payroll may be added to these percentages if local incentives equal between ten percent and twenty-four percent of the new direct local revenue; an additional two percent of new payroll is added to these percentages if the local incentives equal between twenty-five percent and forty-nine percent of the new direct local revenue; or an additional three percent of payroll is added to these percentages if the local incentives equal fifty percent or more of the new direct local revenue. The department shall issue a refundable tax credit for any difference between the amount of benefit allowed under this subdivision and the amount of withholding tax retained by the company, in the event the withholding tax is not sufficient to provide the entire amount of benefit due to the qualified company under this subdivision. The calendar year annual maximum amount of tax credits that may be issued to any qualified company for a project or combination of projects is seven hundred fifty thousand dollars. The calendar year annual maximum amount of tax credit that may be issued to any qualified company for a project or combination of projects may be increased up to one million dollars if such action is proposed by the department and approved by the quality jobs advisory task force established in section 620.1887, RSMo. In

considering such a request, the task force shall rely on economic modeling and other information supplied by the department when requesting the increased limit on behalf of the project.

4. The qualified company shall provide an annual report of the number of jobs and such other information as may be required by the department to document the basis for the benefits of this program. The department may withhold the approval of any benefits until it is satisfied that proper documentation has been provided, and shall reduce the benefits to reflect any reduction in full-time, year-round employees.

5. The maximum calendar year annual tax credits issued for the entire program shall not exceed twelve million dollars. Notwithstanding any provision of law to the contrary, the maximum annual tax credits authorized under section 135.535, RSMo, is hereby reduced from ten million dollars to eight million dollars, with the balance of two million dollars transferred to this program. There shall be no limit on the amount of withholding taxes that may be retained by approved companies under this program.

6. The department shall allocate the annual tax credits based on the date of the notice of intent or the date of the proposal, reserving such tax credits based on the department's best estimate of new jobs and new payroll of the project, and the other factors in the determination of benefits of this program. However, the annual issuance of tax credits is subject to the annual verification of the actual new payroll. The allocation of tax credits for the period assigned to a project shall expire if, within two years from the date of commencement of operations, the minimum thresholds have not been achieved. The qualified company may retain authorized amounts from the withholding tax under this section once the minimum new jobs thresholds are met for the duration of the project period. No benefits shall be provided under this program until the qualified company meets the minimum new jobs thresholds. In the event the qualified company does not meet the minimum new job threshold, the qualified company may submit a new notice of intent or the department may provide a new proposal for a new project of the qualified company at the project facility or other facilities.

7. For a qualified company with flow-through tax treatment to its members, partners, or shareholders, the tax credit shall be allowed to members, partners, or shareholders in proportion to their share of ownership on the last day of the qualified company's tax period.

8. Tax credits may not be carried forward but shall be claimed within one year of the close of the taxable year for which they were issued.

9. Tax credits authorized by this section may be transferred, sold, or

assigned by filing a notarized endorsement thereof with the department that names the transferee, the amount of tax credit transferred, and the value received for the credit, as well as any other information reasonably requested by the department.

10. The director of revenue shall issue a refund to the qualified company to the extent that the amount of credits allowed in this section exceeds the amount of the qualified company's income tax.

11. An employee of a qualified company will receive full credit for the amount of tax withheld as provided in section 143.221, RSMo.

620.1884. The department may adopt such rules, statements of policy, procedures, forms, and guidelines as may be necessary to carry out the provisions of sections 620.1875 to 620.1890. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2005, shall be invalid and void.

620.1887. There is hereby created a volunteer task force, to be known as the "Quality Jobs Advisory Task Force", which shall consist of the chairperson of the economic development committee of the Missouri senate or his or her designee, the chairperson of the economic development committee of the Missouri house of representatives or his or her designee, the director of the department of economic development or his or her designee, and two members to be appointed by the governor with the advice and consent of the senate.

620.1890. Prior to March 1 each year, the department will provide a report on the program to the general assembly including the names of participating companies, location of such companies, the annual amount of benefits provided, the estimated net state fiscal impact (direct and indirect new state taxes derived from the project), the number of new jobs created or jobs retained, the average wages of each project, and the types of qualified companies using the program.

620.1900. 1. The department of economic development may charge a fee to the recipient of any tax credits issued by the department, in an amount up to two and one-half percent of the amount of tax credits issued. The fee shall be paid by the recipient upon the issuance of the tax credits. However, no fee shall be charged for the tax credits issued under sections 135.460, RSMo, or 208.770, RSMo,

or under sections 32.100 to 32.125, RSMo, if issued for community services, crime prevention, education, job training, or physical revitalization.

2. All fees received by the department of economic development under this section shall be deposited solely to the credit of the economic development advancement fund, created under subsection 3 of this section.

3. There is hereby created in the state treasury the "Economic Development Advancement Fund", which shall consist of money collected under this section. The state treasurer shall be custodian of the fund and shall approve disbursements from the fund in accordance with sections 30.170 and 30.180, RSMo. Upon appropriation, money in the fund shall be used solely for the administration of this section. Notwithstanding the provisions of section 33.080, RSMo, to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

4. Such fund shall consist of any fees charged under subsection 1 of this section, any gifts, contributions, grants, or bequests received from federal, private, or other sources, fees or administrative charges from private activity bond allocations, moneys transferred or paid to the department in return for goods or services provided by the department, and any appropriations to the fund.

5. At least fifty percent of the fees and other moneys deposited in the fund shall be appropriated for marketing, technical assistance, and training, contracts for specialized economic development services, and new initiatives and pilot programming to address economic trends. The remainder may be appropriated toward the costs of staffing and operating expenses for the program activities of the department of economic development, and for accountability functions.
