“**Section 1. 1. There is hereby created in the state treasury the “State Treasurer’s General**

Operations Fund” which shall receive deposits, make disbursements and be administered in compliance with the provisions of this section.

2. Subject to appropriation, moneys in the state treasurer’s general operations fund shall be used solely to pay for personal service, equipment and other expenses of the state treasurer related to the state treasurer’s constitutional and statutory responsibilities, exclusive of any personal service, equipment and other expenses attributable to positions wholly dedicated to the functions described in chapter 447, RSMo. The commissioner of administration shall review and approve all requests of the state treasurer of disbursements from the state treasurer’s general operations fund for compliance with the provisions of this section. Nothing in this section shall be deemed to prevent the general assembly from making appropriations to the state treasurer from other permissible sources.

3. Notwithstanding any other provisions of law to the contrary, moneys shall be deposited in the state treasurer’s general operations fund and administered in accordance with the following provisions:

(1) On a daily basis, the state treasurer shall apportion any interest or other increment derived from the investment of funds in an amount proportionate to the average daily balance of funds in the state treasury. The state treasurer shall use a method in accordance with generally accepted accounting principles in apportioning and distributing that interest or increment. Prior to distributing that interest or increment, the state treasurer shall deduct the costs incurred by the state treasurer in administering this chapter in proportion to the average daily balance of the amounts deposited to each fund in the state treasury. The state treasurer shall then deposit the identified portion of the daily interest receipts in the “State Treasurer’s General Operations Fund”. All other remaining interest received on the investment of state funds shall be allocated and

deposited to funds within the state treasury as required by law.

(2) The total costs for personal service, equipment and other expenses of the state treasurer related to the state treasurer's constitutional and statutory responsibilities, exclusive of any personal service, equipment and other expenses attributable to positions wholly dedicated to the functions described in chapter 447, RSMo, and any banking fees and other banking-related costs, shall not exceed ten basis points, or one-tenth of one percent, of the total of the average daily fund balance of funds within the state treasury.

4. Notwithstanding the provisions of section 33.080, RSMo, moneys in the "State Treasurer's General Operations Fund" shall not lapse to the general revenue fund at the end of the biennium unless and only to the extent to which the amount in the fund exceeds the annual appropriations from the fund for the current fiscal year.

Section B. Because of the need to provide consistent funding to the State Treasurer's Office to allow the office's primary functions to proceed in a timely and efficient manner, section A of this act is deemed necessary for the immediate preservation of the public health, welfare, peace and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and section A of this act shall be in full force and effect upon its passage and approval."
