Senator Bill Stouffer Announces State Funding for Local Senior Services

JEFFERSON CITY – State Sen. Bill Stouffer, R-Napton, today announced that a local organization has been approved for funding from the Missouri Department of Economic Development. Northland Foundation Inc. will receive \$65,000 in tax credits through the Neighborhood Assistance Program. The funds will be used for seniors in the Kearney area to live independently longer, with nutritional meals and recreational activities.

“Northland Foundation provides outstanding services to seniors in and around Kearney,” Stouffer said. “Allowing seniors to maintain independent living is a valuable resource for families throughout the community, and I congratulate Northland for obtaining these credits to further their efforts.”

The Missouri Neighborhood Assistance Program provides assistance to enable community-based organizations to implement community or neighborhood projects in the areas of community service, education, crime prevention, job training and physical revitalization.
