Sen. Crowell Welcomes Deer Creek Christian Academy to the Capitol

JEFFERSON CITY— Sen. Jason Crowell, R-Cape Girardeau, and Rep. Nathan Cooper, R-Cape Girardeau, today met with 23 students from Deer Creek Christian Academy in Cape Girardeau.

“Today was a great opportunity for the students to learn about the state legislative process and get motivated to be involved citizens,” Crowell said. “When they can actually spend time in our state’s center of legislative activities, they gain a deeper understanding about the ins and outs of lawmaking.”

The students and their parents spent time with Crowell and Cooper, met with acting Governor Peter Kinder, toured the Capitol, visited the chamber floors, the Governor’s Mansion and the Supreme Court Building.
