21 materials, ordering, pickup, delivery, approval on delivery, taking of delivery,  
22 transportation, storage, assumption of risk of loss to materials or providing  
23 warranties on materials as specified by contract, use of materials or other  
24 purchases for construction of the building or other facility, providing labor,  
25 management services, administrative services, design or technical services or  
26 advice to the exempt entity, whether or not the contractor or other entity  
27 exercises dominion or control in any other manner over the materials in  
28 conjunction with services or labor provided to the exempt entity.

29 2. When any exempt entity contracts for the purpose of constructing,  
30 repairing or remodeling facilities, and purchases of tangible personal property  
31 and materials to be incorporated into or consumed in the construction of the  
32 project are to be made on a tax-exempt basis, such entity shall furnish to the  
33 contractor an exemption certificate authorizing such purchases for the  
34 construction, repair or remodeling project. The form and content of such project  
35 exemption certificate shall be approved by the director of revenue. The project  
36 exemption certificate shall include but not be limited to:

37 (1) The exempt entity's name, address, Missouri tax identification number  
38 and signature of authorized representative;

39 (2) The project location, description, and unique identification number;

40 (3) The date the contract is entered into, which is the earliest date  
41 materials may be purchased for the project on a tax-exempt basis;

42 (4) The estimated project completion date; and

43 (5) The certificate expiration date.

44 Such certificate is renewable for a given project at the option of the exempt  
45 entity, only for the purpose of revising the certificate expiration date as necessary  
46 to complete the project.

47 3. The contractor shall furnish the certificate prescribed in subsection 2

48 of this section to all subcontractors, and any contractor purchasing materials  
49 shall present such certificate to all material suppliers as authorization to  
50 purchase, on behalf of the exempt entity, all tangible personal property and  
51 materials to be incorporated into or consumed in the construction of that project  
52 and no other on a tax-exempt basis. Such suppliers shall execute to the  
53 purchasing contractor invoices bearing the name of the exempt entity and the  
54 project identification number. Nothing in this section shall be deemed to exempt  
55 the purchase of any construction machinery, equipment or tools used in  
56 constructing, repairing or remodeling facilities for the exempt entity. All invoices  
57 for all personal property and materials purchased under a project exemption  
58 certificate shall be retained by the purchasing contractor for a period of five years  
59 and shall be subject to audit by the director of revenue.

60         4. Any excess resalable tangible personal property or materials which  
61 were purchased for the project by a contractor under a project exemption  
62 certificate but which were not incorporated into or consumed in the construction  
63 of the project shall either be returned to the supplier for credit or the appropriate  
64 sales or use tax on such excess property or materials shall be reported on a  
65 return and paid by such contractor not later than the due date of the contractor's  
66 Missouri sales or use tax return following the month in which it was determined  
67 that the materials were not to be used in the project.

68         5. No contractor or material supplier shall, upon audit, be required to pay  
69 tax on tangible personal property and materials incorporated into or consumed  
70 in the construction of the project, due to the failure of the exempt entity to revise  
71 the certificate expiration date as necessary to complete any work required by the  
72 contract. If it is determined that tax is owed on such property and materials due  
73 to the failure of the exempt entity to revise such certificate expiration date, the  
74 exempt entity shall be liable for the tax owed.

75         6. If an entity issues exemption certificates for the purchase of tangible  
76 personal property and materials which are incorporated into or consumed in the  
77 construction of its project and such entity is found not to have had the authority  
78 granted by this section to issue such exemption certificates, then such entity shall  
79 be liable for the tax owed on such personal property and materials. In addition,  
80 if an entity which does have the authority granted by this section to issue  
81 exemption certificates issues such certificates for the purchase of tangible  
82 personal property and materials which are incorporated into or consumed in the  
83 construction of a project, or part of a project, which is found not to be related to

84 such entity's exempt functions and activities, then such entity shall be liable for  
85 the tax owed on such personal property and materials.
