YVONNE S. WILSON

SENATOR, DISTRICT 9

Dear Friend,

This directory has been prepared especially for the residents of the 9th Senatorial District. Whether you have lived here for a lifetime or are a new resident, an up-to-date listing of government agencies, officials, addresses and telephone numbers should prove helpful in determining the right person or office to contact for your specific problem of need.

A limited number of local and federal numbers are included due to space limitations. Please refer to your local telephone directory for other listings.

Whether you have an urgent problem or are just seeking casual information, you should receive prompt, courteous assistance from government employees at all levels. If you do not, or if your question remains unanswered, please contact me at my Capitol office.

Thank you for giving me the opportunity to represent you in the Missouri Senate.

Your State Senator,

A handwritten signature in black ink that reads "Yvonne S. Wilson".

Department of Social Services

Medicare Information 800-772-1213

If you are 65 years of age or on disability for two years, you are also eligible for Medicare to help pay for health care. The hospital part of Medicare (Part A), which pays for a large portion of any hospitalization you may require, is FREE. The medical part (doctor's service, Part B) will cost you \$54.00 per month under current law.

If you begin receiving Social Security money benefits before age 65 (anytime from age 62 to 65), you will not become eligible for Medicare until you reach 65. If, on the other hand, you do not retire at age 65 and do not start collecting money benefits then, you will nevertheless be eligible for Medicare at that time--at age 65.

You may check on Medicare benefits with the Social Security Administration.

Medicaid Information 800-392-2161

Medicaid is a health assistance program administered by the state according to certain federal guidelines. Benefits are available to people who are temporarily or permanently disabled, as well as low-income families and many others.

Medicaid pays for visits to the doctor; immunization against diseases such as measles, tetanus and polio; ambulance services in case of emergency; in-patient hospital care; yearly eye examinations; children's glasses; laboratory and X-ray services; home health care services; family planning services; certain dental work and certain prescriptions.
