Senator Jason Crowell Welcomes Blanchard Elementary School to State Capitol

JEFFERSON CITY- State Senator Jason Crowell (R-Cape Girardeau) met with students from Blanchard Elementary in Cape Girardeau at the Capitol Building in Jefferson City on May 3, 2007.

The students were able to witness House and Senate debate, explore the Capitol, and visit with Senator Crowell. The group also toured the archives and Supreme Court. The Senator, identifying today's children as tomorrow's lawmakers, took the time to explain some of the legislative processes that the students observed throughout the day.

Sen. Crowell poses with the students from Blanchard in the rotunda of the Capitol.
