27 such person. Except as provided in section 370.340, once a person becomes a

4 2. Except as provided in subdivisions (1) [and], (2), **and (3)** of this
5 subsection, [each state chartered credit union shall be subject to limitations on
6 groups of members that are no less restrictive than those applicable to federally

10 to the size of membership groups, only groups with fewer than three thousand
11 members shall be eligible to be included in the credit union's field of
12 membership;] **only employer groups with fewer than three thousand**
13 **members shall be eligible to be included in the credit union's field of**
14 **membership**, unless:

15 (1) Any **employer** group which the commission determines, in writing
16 and in accordance with the guidelines it has set forth, could not feasibly or
17 reasonably establish a new single common-bond credit union because:

18 (a) The **employer** group lacks sufficient volunteer or other resources to
19 support the efficient and effective operation of a credit union;

20 (b) The **employer** group does not meet the criteria which the commission
21 has determined to be important for the likelihood of success in establishing and
22 maintaining a new credit union;

23 (c) The **employer** group would be unlikely to operate a safe and sound
24 credit union;

25 (2) [Any groups transferred from another credit union in connection with

29 **when the director acts as a conservator or liquidating agent; or**

30 (3) **The groups are transferred from another credit union in**
31 **connection with a merger or consolidation approved by the director,**
32 **provided when making this determination the director shall:**

33 (a) **Determine whether the service area of the merging credit**
34 **union is contiguous to the area served by the continuing credit union;**

35 (b) **Assess the breadth of the service area of the combined credit**
36 **unions;**

37 (c) **Assess the ability of the continuing credit union to serve the**
38 **combined area; and**

39 (d) **Assess the number of voluntary mergers the acquiring credit**
40 **union has requested, or received approval for, during the five-year**
41 **period preceding the proposed merger.**

42 **The director shall not permit state-chartered credit unions to merge**
43 **without a thorough assessment by the director that the combined field**

44 **of membership is consistent with this chapter and is reasonable in**
45 **terms of size, service area, and geographic location.**

46 3. Notwithstanding subsection 2 of section 370.080, the director of the
47 division of credit unions may allow the membership of a credit union serving
48 groups of occupation, association or employer, to include any person within a
49 [community, neighborhood or rural district,] **proximate geographic area** if:

50 (1) Such an area meets the definition of a low-income or underserved
51 community as defined by the credit union commission or the National Credit
52 Union Administration;

53 (2) A merger or consolidation has been approved by the director of the
54 division of credit unions which involves any [community charter] **geographic**
55 **area** credit union.

56 4. The credit union may apply and receive approval from the director of
57 the division of credit unions to include the proposed new **occupation, employer,**
58 **or association** groups or geographic areas in the credit union's membership. In
59 the case of a new credit union application, the organizers of such credit union as
60 provided in subsection 1 of section 370.080 shall specify the membership group
61 selected as provided in subsection 2 of section 370.080. If an existing credit union
62 applies for a field of membership expansion, such credit union shall select either
63 a [community group or another] **geographic area or occupation, employer,**
64 **or association** group as provided in subsection 2 of section 370.080 which shall
65 be binding for all future expansions. **When a credit union serving**
66 **occupation, association, or employer groups has converted to a**
67 **geographic area credit union, that credit union shall not accept as**
68 **members new groups that are headquartered outside the geographic**
69 **area of the credit union, or new employees or new members of those**
70 **groups who work or reside outside the geographic area of the credit**
71 **union.** Upon receipt of an application from a credit union to include a new group
72 or new geographic area in its membership, **and no later than five business**
73 **days after an application has been received,** the director [of the division of
74 credit unions] shall cause notice of the application to be published in the
75 [Missouri Register] **division's electronic bulletin and sent electronically**
76 **to any party who has requested notification of such applications.** From
77 the date such notice is published, there shall be a ten-business-day comment
78 period during which any person or entity desiring to do so may comment on such

79 proposal in writing. Comments received shall become a part of the credit union's
80 application file, subject to public inspection and copying. Within ten days after
81 the comment period ends, the director of the division of credit unions shall issue
82 a decision either granting or rejecting the credit union's application and stating
83 the reasons therefor. In addition to any other requirements required by law or
84 rule, prior to granting the application, the director of the division of credit unions
85 shall [make the following findings] **determine that:**

86 (1) The credit union has the immediate ability to serve the additional
87 group or geographic area[; and]. **In making this determination, the director**
88 **shall consider the data required to be reported on an annual basis by**
89 **the state-chartered credit unions that includes aggregated information**
90 **about the census tracts in which members reside, the actual or**
91 **estimated annual income of members, and types and numbers of loans**
92 **or extensions of credit for which members received approval. For the**
93 **purposes of this section, the term "member data" shall mean**
94 **information on the income levels of credit union members that credit**
95 **unions are required to report; provided, however, that no member data**
96 **includes the names, account numbers, or taxpayer identification**
97 **numbers. In the event that the National Credit Union Administration**
98 **(NCUA) has a regulation on member data reporting requirements, the**
99 **state annual member data report shall be made consistent with NCUA**
100 **reporting requirements. The director shall determine the non-**
101 **proprietary data to be included in the annual member data report**
102 **which shall be made available to the public.**

103 (2) [The proposed additional group or geographic area meets the
104 requirements of subsection 2 of section 370.080. The director of the division of
105 credit unions shall cause the decision, along with the findings, to be published in
106 the Missouri Register.] **No later than five business days after an expansion**
107 **or merger has been granted, the director shall cause the decision and**
108 **findings to be published in the division's electronic bulletin and sent**
109 **electronically to any party who has requested notification of such**
110 **actions.**

111 5. Within fifteen days after the decision is published [in the Missouri
112 Register], any person or entity [claiming to be adversely affected] **with an**
113 **interest different from that of a member of the general public, upon**

114 **establishing that such person or entity may be aggrieved based upon**
115 **competent and substantial evidence of potential actual damages**, shall
116 have the right to contest the decision by appealing the decision to the credit
117 union commission utilizing the procedure as set out in section 370.063. If the
118 commission finds that the decision or the findings of the director of the division
119 of credit unions was arbitrary and capricious or not based on evidence in the
120 director's possession, the commission shall set aside the findings and decision of
121 the director of the division of credit unions and enter its own findings and
122 decision. Any party [who is aggrieved by a final decision of the commission
123 entered pursuant to this subsection and] **in the proceeding before the**
124 **commission** who has exhausted all administrative remedies provided by law
125 may appeal the decision to the circuit court of Cole County.

126 6. Subject to the restrictions contained in this chapter, the director of the
127 division of credit unions shall have the authority to approve applications to
128 amend bylaws regarding credit union membership or to organize credit unions
129 that include single or multiple groups.

2 credit unions shall have the right to continue to include in their field of
3 membership all persons, groups and geographic areas that were included or were
4 applied for as of April 1, 1998.

5 2. **Any geographic area credit union that was granted a field of**
