Senator Bill Stouffer Announces Tax Credit Approval for Marshall Business

JEFFERSON CITY – State Sen. Bill Stouffer, R-Napton, today announced that ConAgra Foods’ Packaged Foods, LLC, has been approved for \$1,700,330 in state Enhanced Enterprise Zone tax credits.

“It’s good to see rural Missouri getting some help when needed,” Sen. Stouffer said. “These dollars will create good paying jobs for some folks in the Marshall area.”

The Missouri Department of Economic Development (DED) approved the tax credits, which will help create 160 new jobs, paying an average wage of \$37,960. Overall, the Marshall-based plant represents a \$43 million investment.

“I am pleased that DED is playing an active role in Marshall’s economic development efforts,” said Missouri Department of Economic Development Director Greg Steinhoff.

For more information, contact Sen. Stouffer’s Capitol office at (573) 751-1507 or toll free at (866) 768-3987.
