### **Senator Bill Stouffer Announces Tax Credit Approval for Macon Business**

---

JEFFERSON CITY – State Sen. Bill Stouffer, R-Napton, today announced that Economy Products Company has been approved for \$58,668 in state Enhanced Enterprise Zone tax credits.

“These are quality jobs for a fine company,” said Sen. Stouffer. “At a time when the economy is not the best it could be across the country, it’s good to see a manufacturer in rural Missouri be recognized for the good they do and receive these tax credits.”

The Missouri Department of Economic Development (DED) approved the tax credits, which will help create 13 new jobs at Economy Products Company — a Macon machine shop — paying an average wage of \$31,275.

“I am pleased that DED is playing an active role in Macon’s economic development efforts,” said Missouri Department of Economic Development Interim Director Garry Taylor.

For more information, contact Sen. Stouffer’s Capitol office at (573) 751-1507 or toll free at (866) 768-3987.
