The new business facility investment shall be determined by dividing by twelve the sum of the total value of such property on the last business day of each calendar month of the taxable year. If the new business facility is in operation for less than an entire taxable year, the new business facility investment shall be determined by dividing the sum of the total value of such property on the last business day of each full calendar month during the portion of such taxable year during which the new business facility was in operation by the number of full calendar months during such period;

[(17)**]** **(18)** "New job", the number of employees located at the facility that exceeds the facility base employment less any decrease in the number of the employees at related facilities below the related facility base employment. [(22)**]** **(23)** "Replacement business facility", a facility otherwise described in subdivision **[**(14)**]** **(15)** of this section, hereafter referred to in this subdivision as "new facility", which replaces another facility, hereafter referred to in this subdivision as "old facility", located within the state, which the taxpayer or a related taxpayer previously operated but discontinued operating on or before the close of the first taxable year for which the credit allowed by this section is claimed. A new facility shall be deemed to replace an old facility if the following conditions are met:

(a) The old facility was operated by the taxpayer or a related taxpayer during the taxpayer's or related taxpayer's taxable period immediately preceding the taxable year in which commencement of commercial operations occurs at the new facility; and

(b) The old facility was employed by the taxpayer or a related taxpayer in the operation of an enhanced business enterprise and the taxpayer continues the operation of the same or substantially similar enhanced business enterprise at the new facility.

Notwithstanding the preceding provisions of this subdivision, a facility shall not be considered a replacement business facility if the taxpayer's new business facility investment, as computed in subdivision **[**(16)**]** **(17)** of this section, in the new facility during the tax period for which the credits allowed in section 135.967 are claimed exceed one million dollars and if the total number of employees at the new facility exceeds the total number of employees at the old facility by at least two;

[(23)**]** **(24)** "Same or substantially similar enhanced business enterprise", an enhanced business enterprise in which the nature of the products produced or sold, or activities conducted, are similar in character and use or are produced, sold, performed, or conducted in the same or similar manner as in another enhanced business enterprise.

135.967. 1. A taxpayer who establishes a new business facility may, upon approval by the department, be allowed a credit, each tax year for up to ten tax years, in an amount determined as set forth in this section, against the tax imposed by chapter 143, RSMo, excluding withholding tax imposed by sections 143.191 to 143.265, RSMo. No taxpayer shall receive multiple ten-year periods for subsequent expansions at the same facility.

2. Notwithstanding any provision of law to the contrary, any taxpayer who establishes a new business facility in an enhanced enterprise zone and is awarded state tax credits under this section may not also receive tax credits under sections 135.100 to 135.150, sections 135.200 to **[**135.268**]** **135.286**, or section 135.535**, and may not simultaneously receive tax credits under sections 620.1875 to 620.1980, RSMo, at the same facility**.

3. No credit shall be issued pursuant to this section unless:

(1) The number of new business facility employees engaged or maintained in employment at the new business facility for the taxable year for which the credit is claimed equals or exceeds two; and

(2) The new business facility investment for the taxable year for which the credit is claimed equals or exceeds one hundred thousand dollars.

4. The annual amount of credits allowed for an approved enhanced business enterprise shall be the lesser of:

(1) The annual amount authorized by the department for the enhanced business enterprise, which shall be limited to the projected state economic benefit, as determined by the department; or

(2) The sum calculated based upon the following:

(a) A credit of four hundred dollars for each new business facility employee employed within an enhanced enterprise zone;

(b) An additional credit of four hundred dollars for each new business facility employee who is a resident of an enhanced enterprise zone;

(c) An additional credit of four hundred dollars for each new business facility employee who is paid by the enhanced business enterprise a wage that exceeds the average wage paid within the county in which the facility is located, as determined by the department; and

(d) A credit equal to two percent of new business facility investment within an enhanced enterprise zone.

5. Prior to January 1, 2007, in no event shall the department authorize more than four million dollars annually to be issued for all enhanced business enterprises. After December 31, 2006, in no event shall the department authorize more than fourteen million dollars annually to be issued for all enhanced business enterprises.

6. If a facility, which does not constitute a new business facility, is expanded by the taxpayer, the expansion shall be considered eligible for the credit allowed by this section if:

(1) The taxpayer's new business facility investment in the expansion during the tax period in which the credits allowed in this section are claimed exceeds one hundred thousand dollars and if the number of new business facility employees engaged or maintained in employment at the expansion facility for the taxable year for which credit is claimed equals or exceeds two, and the total number of employees at the facility after the expansion is at least two greater than the total number of employees before the expansion; and

(2) The taxpayer's investment in the expansion and in the original facility prior to expansion shall be determined in the manner provided in subdivision **[**(14)**]** **(15)** of section 135.950.

7. The number of new business facility employees during any taxable year shall be determined by dividing by twelve the sum of the number of individuals employed on the last business day of each month of such taxable year. If the new business facility is in operation for less than the entire taxable year, the number of new business facility employees shall be determined by dividing the sum of the number of individuals employed on the last business day of each full calendar month during the portion of such taxable year during which the new business facility was in operation by the number of full calendar months during such period. For the purpose of computing the credit allowed by this section in the case of a facility which qualifies as a new business facility under subsection 6 of this section, and in the case of a new business facility which satisfies the requirements of paragraph (c) of subdivision **[**(14)**]** **(15)** of section 135.950, or subdivision **[**(22)**]** **(23)** of section 135.950, the number of new business facility employees at such facility shall be reduced by the average number of individuals employed, computed as provided in this subsection, at the facility during the taxable year immediately preceding the taxable year in which such expansion, acquisition, or replacement occurred and shall further be reduced by the number

of individuals employed by the taxpayer or related taxpayer that was subsequently transferred to the new business facility from another Missouri facility and for which credits authorized in this section are not being earned, whether such credits are earned because of an expansion, acquisition, relocation, or the establishment of a new facility.

8. In the case where a new business facility employee who is a resident of an enhanced enterprise zone for less than a twelve-month period is employed for less than a twelve-month period, the credits allowed by paragraph (b) of subdivision (2) of subsection 4 of this section shall be determined by multiplying four hundred dollars by a fraction, the numerator of which is the number of calendar days during the taxpayer's tax year for which such credits are claimed, in which the employee was a resident of an enhanced enterprise zone, and the denominator of which is three hundred sixty-five.

9. For the purpose of computing the credit allowed by this section in the case of a facility which qualifies as a new business facility pursuant to subsection 6 of this section, and in the case of a new business facility which satisfies the requirements of paragraph (c) of subdivision **[**(14)**] (15)** of section 135.950 or subdivision **[**(22)**] (23)** of section 135.950, the amount of the taxpayer's new business facility investment in such facility shall be reduced by the average amount, computed as provided in subdivision **[**(14)**] (15)** of section 135.950 for new business facility investment, of the investment of the taxpayer, or related taxpayer immediately preceding such expansion or replacement or at the time of acquisition. Furthermore, the amount of the taxpayer's new business facility investment shall also be reduced by the amount of investment employed by the taxpayer or related taxpayer which was subsequently transferred to the new business facility from another Missouri facility and for which credits authorized in this section are not being earned, whether such credits are earned because of an expansion, acquisition, relocation, or the establishment of a new facility.

10. For a taxpayer with flow-through tax treatment to its members, partners, or shareholders, the credit shall be allowed to members, partners, or shareholders in proportion to their share of ownership on the last day of the taxpayer's tax period.

11. Credits may not be carried forward but shall be claimed for the taxable year during which commencement of commercial operations occurs at such new business facility, and for each of the nine succeeding taxable years for which the credit is issued.

12. Certificates of tax credit authorized by this section may be transferred, sold, or assigned by filing a notarized endorsement thereof with the department that names the transferee, the amount of tax credit transferred, and the value received for the credit, as well as any other information reasonably requested by the department. The sale price cannot be less than seventy-five percent of the par value of such credits.

13. The director of revenue shall issue a refund to the taxpayer to the extent that the amount of credits allowed in this section exceeds the amount of the taxpayer's income tax.

14. Prior to the issuance of tax credits, the department shall verify through the department of revenue, or any other state department, that the tax credit applicant does not owe any delinquent income, sales, or use tax or interest or penalties on such taxes, or any delinquent fees or assessments levied by any state department and through the department of insurance that the applicant does not owe any delinquent insurance taxes. Such delinquency shall not affect the authorization of the application for such tax credits, except that the amount of credits issued shall be reduced by the applicant's tax delinquency. If the department of revenue or the department of insurance, or any other state department, concludes that a taxpayer is delinquent after June fifteenth but before July first of any year and the application of tax credits to such delinquency causes a tax deficiency on behalf of the taxpayer to arise, then the taxpayer shall be granted thirty days to satisfy the deficiency in which interest, penalties, and additions to tax shall be tolled. After applying all available credits toward a tax delinquency, the administering agency shall notify the appropriate department, and that department shall update the amount of outstanding delinquent tax owed by the applicant. If any credits remain after satisfying all insurance, income, sales, and use tax delinquencies, the remaining credits shall be issued to the applicant, subject to the restrictions of other provisions of law.

135.968. 1. A taxpayer who establishes a mega-project, approved by the department, within an enhanced enterprise zone shall, in exchange for the consideration provided by new tax revenues and other economic stimuli that will be generated from the new jobs created by the mega-project, be allowed an income tax credit equal to the percentage of actual new annual payroll of the taxpayer, as provided under subsection 4 of this section. A taxpayer seeking approval of a mega-project shall submit an application to the department. The

department shall not approve any credits for mega-projects to be issued prior to July 1, 2010, and in no event shall the department authorize more than forty million dollars to be issued annually for all mega-projects.

2. In considering applications for approval of mega-projects, the department may approve an application if:

(1) The taxpayer's project is financially sound and the taxpayer has adequately demonstrated an ability to successfully undertake and complete the mega-project;

(2) The taxpayer's plan of repayment, to the state, of the amount of tax credits provided is reasonable and sound;

(3) The taxpayer's mega-project will create new jobs that were not jobs previously performed by employees of the taxpayer or a related taxpayer in Missouri;

(4) Awarding the credit will result in an overall positive net fiscal impact to the state;

(5) Local taxing entities are providing a significant level of incentives for the mega-project relative to the projected new local tax revenues created by the mega-project;

(6) There is at least one other state or foreign country that the taxpayer verifies is being considered for the project, and receiving mega-project tax credits is a major factor in the taxpayer's decision to go forward with the project and not receiving the credit will result in the applicant not creating new jobs in Missouri;

(7) The mega-project will be located in an enhanced enterprise zone which constitutes an economic or social liability and a detriment to the public health, safety, morals, or welfare in its present condition and use;

(8) The completion of the mega-project will serve an essential public municipal purpose by creating a substantial number of new jobs for citizens, increasing their purchasing power, improving their living conditions, and relieving the demand for unemployment and welfare assistance thereby promoting the economic development of the enhanced enterprise zone, the municipality, and the state; and

(9) The creation of new jobs will assist the state in providing the services needed to protect the health, safety, and social and economic well-being of the citizens of the state.

3. Prior to the issuance of tax credits, the department shall verify through the department of revenue, or any other state department, that the tax credit applicant does not owe any delinquent income, sales, or use tax, or interest or penalties on such taxes, or any delinquent fees or assessments levied by any state department and through the department of insurance that the applicant does not owe any delinquent insurance taxes. Any delinquency shall not affect the approval of the application for such tax credits, provided that the amount of credits issued shall be reduced by the applicant's tax delinquency. If the department of revenue or the department of insurance, or any other state department, concludes that a taxpayer is delinquent after June fifteenth but before July first of any year and the application of tax credits to such delinquency causes a tax deficiency on behalf of the taxpayer to arise, then the taxpayer shall be granted thirty days to satisfy the deficiency in which interest, penalties, and additions to tax shall be tolled. After applying all available credits toward a tax delinquency, the administering agency shall notify the appropriate department, and that department shall update the amount of outstanding delinquent tax owed by the applicant. If any credits remain after satisfying all insurance, income, sales, and use tax delinquencies, the remaining credits shall be issued to the applicant, subject to the restrictions of other provisions of law.

4. Upon approval of an application by the department, tax credits shall be issued annually for a period not to exceed twenty-two years from the commencement of commercial operations of the mega-project. The twenty-two-year period for the issuance of mega-project tax credits may extend beyond the expiration of the enhanced enterprise zone. The maximum percentage of the annual payroll of the taxpayer for new jobs located at the mega-project which may be approved or issued by the department for tax credits shall not exceed:

(1) Eighty percent for the first three years that tax credits will be issued for the mega-project;

(2) Sixty percent for the next two subsequent years;

(3) Fifty percent for the next two subsequent years;

(4) Thirty percent for the next two subsequent years; and

(5) Twenty-five percent for all subsequent years.

In no event shall the department issue more than forty million dollars

annually in mega-project tax credits to any taxpayer.

5. Tax credits issued under this section may be claimed against the tax imposed by chapter 143, RSMo, excluding withholding tax imposed by sections 143.191 to 143.265, RSMo. For taxpayers with flow-through tax treatment of its members, partners, or shareholders, the credit shall be allowed to members, partners, or shareholders in proportion to their share of ownership on the last day of the taxpayer's tax period. The director of revenue shall issue a refund to a taxpayer to the extent the amount of credits allowed in this section exceeds the amount of the taxpayer's income tax liability in the year redemption is authorized. An owner of tax credits issued under this section shall not be required to have any Missouri income tax liability in order to redeem such tax credits and receive a refund. The director of revenue shall prepare a form to permit the owner of such tax credits to obtain a refund.

6. Certificates of tax credits authorized under this section may be transferred, sold, or assigned by filing a notarized endorsement thereof with the department that names the transferee, the amount of tax credit transferred, and the value received for the credit, as well as any other information reasonably requested by the department. Upon such transfer, sale, or assignment, the transferee shall be the owner of such tax credits entitled to claim the tax credits or any refunds with respect thereto issued to the taxpayer. Tax credits may not be carried forward past the year of issuance. Tax credits authorized by this section may not be pledged or used to secure any bonds or other indebtedness issued by the state or any political subdivision of the state. Once such tax credits have been issued, nothing shall prohibit the owner of the tax credits from pledging the tax credits to any lender or other third-party.

7. Any taxpayer issued tax credits under this section shall provide an annual report to the department of the number of new jobs located at the mega-project, the new annual payroll of such new jobs, and such other information as may be required by the department to document the basis for benefits under this section. The department may withhold the approval of the annual issuance of any tax credits until it is satisfied that proper documentation has been provided, and shall reduce the tax credits to reflect any reduction in new payroll. If

the department determines the average wage is below the county average wage, or the taxpayer has not maintained the employee health insurance as required, the taxpayer shall not receive tax credits for that year.

8. Notwithstanding any provision of law to the contrary, any taxpayer who is awarded tax credits under this section shall not also receive tax credits under sections 135.100 to 135.150, sections 135.200 to 135.286, section 135.535, or sections 620.1875 to 620.1890, RSMo.

9. Any action brought in any court contesting the approval of a mega-project and the issuance of the tax credits, or the taking of any other action pursuant to this section related to such mega-project, shall be filed within ninety days following approval of the mega-project by the department.
