# **Senator Jim Lembke to Serve on New Committee on Job Creation**

*2020 Committees to Explore Long-term Vision of Jobs in Missouri*

---

JEFFERSON CITY — State Sen. Jim Lembke, R-St. Louis, has been picked by Senate leader Charlie Shields, R-St. Joseph, to sit on the Missouri Senate Job Creation 2020 Committee. The panel's task will be to formulate an idea of what jobs are needed in Missouri and how to either create them or bring them to the Show-Me State.

"This committee represents job number one to Missouri," Sen. Lembke said. "We are in a time of economic uncertainty. High-paying jobs are out there. The question has been 'how do we get them here?' This group will answer those questions."

Senators serving their first term will comprise not only the jobs creation committee, but other 2020 committees established to craft a long-term strategy for jobs and health care. The jobs creation panel will start meeting next week and will serve through the end of 2010.
