Enhanced Enterprise Zone Approved for Randolph County

Program Promotes Area Job Growth

JEFFERSON CITY – State Senator Kurt Schaefer announces the approval of the application for the Enhanced Enterprise Zone Program on behalf of Randolph County.

The program provides tax credits to businesses to promote economic growth and expand employment opportunities.

“I am pleased to see this program implemented in Randolph County,” Sen. Schaefer said. “This can be the catalyst for sustainable jobs and economic improvement for the area.”

Enhanced Enterprise Zones are specified geographic areas designated by local governments, certified by the Missouri Department of Economic Development and based on certain demographic statistics for industrial development of new or expanding businesses.

If you have any questions or concerns about this program or any facet of Missouri Legislature, please feel free to contact Sen. Schaefer’s office.
