Senator Bill Stouffer Announces Grant for Excelsior Springs

Money to Be Used to Assist in City's Growth

JEFFERSON CITY — State Sen. Bill Stouffer, R-Napton, says the City of Excelsior Springs has been awarded a Community Development Block Grant (CDBG).

“Excelsior Springs is another rural Missouri town that is growing,” Sen. Stouffer said. “I am pleased to see the folks there get some help as they work to make their downtown area even better.”

The \$100,000 block grant will assist Excelsior Springs in the hiring of a downtown manager. The Missouri Department of Economic Development (DED) receives numerous requests for funding and they rely heavily on input from their local partners, like Excelsior Springs, to determine grant amounts.

“In these economic times, it is good to see the DED helping smaller communities,” Sen. Stouffer said. “I applaud the folks in Excelsior Springs for working with DED to help make such a fine community a great place to live, work and raise a family.”
