Senator Bill Stouffer Announces Grant Money Awarded to Cities in 21st Senatorial District

DNR Funding Will Go Toward Playgrounds

JEFFERSON CITY — State Sen. Bill Stouffer, R-Napton, says the City of [Glasgow](#) Park Board and the [Salisbury R-IV Elementary School](#) will receive [Scrap Tire Surface Material](#) grant money to improve playgrounds.

“This is a great opportunity for two of our communities,” Sen. Stouffer said. “I’m always in favor of projects that make improvements to our parks and our schools and this is a proven method of re-using old tires to make playgrounds safer.”

The [Missouri Department of Natural Resources](#) (DNR) Scrap Tire Surface Material Grants funds will allow the Glasgow Park Board and Salisbury schools to use old tires that are converted into a special material that serves as padding for playgrounds. The two applicants were chosen from a pool of 40 from across Missouri to receive these funds.

“The tires pad the ground so kids won’t get hurt,” Sen. Stouffer said. “And it’s a better place for waste tires than in landfills. I’m proud to see DNR provide these grants.”
