Senator David Pearce Honored at Annual Missouri Judicial Conference

JEFFERSON CITY—Senator David Pearce, R-Warrensburg, recently received special recognition from Missouri judges at the Annual Judicial Conference Recognition and Awards Breakfast for his strong support of the state’s judicial branch through his legislative efforts this year.

Each year, the Missouri Judicial Conference recognizes lawmakers who have provided outstanding legislative service to the people of Missouri, and who have illustrated their commitment to preserving and improving the judicial branch of state government.

“A strong and vital judiciary is one of the cornerstones of our government,” Sen. Pearce said. “It is important that we do what we can to make this institution even more effective and efficient in the administration of justice. I am honored to receive this award from Missouri judges, and I will continue to support the efforts of the judicial branch and its role in the democratic process as long as I serve in the Senate.”

Senator Pearce was one of nine senators to receive special recognition at the Missouri Judicial Conference. The awards breakfast was held Thursday, Sept. 24, in St. Louis.
