

SENATE SUBSTITUTE FOR  
SENATE RESOLUTION NO. 304

WHEREAS, Missouri currently ranks 30th in the nation in number of 25-34 year olds with a degree past high school; and

WHEREAS, a key component to creating a better Missouri is striving to have an educated and academically skilled citizenry in our state for the future; and

WHEREAS, there is an indisputable correlation between the economic prosperity of a state and the quality and level of education and skill of its citizenry; and

WHEREAS, the United States, for years, led the world as the most successful and prosperous nation because our citizens have typically had the highest quality and level of education, yet our nation now ranks 10th among industrialized nations in the percentage of young adults with college degrees; and

WHEREAS, our current ranking of 30th in the nation in number of 25-34 year olds with a degree past high school places Missouri behind our neighboring states of Kansas, Nebraska, Iowa, and Illinois; and

WHEREAS, as part of our long-term strategy and plan for creating an educated citizenry, we must improve academic achievement and move more of our young people into an education experience past high school if we are going to compete with our neighboring states and the rest of the world; and

WHEREAS, the strategy cannot simply focus on higher education, but must take place along the entire spectrum of education;

WHEREAS, the members of the Missouri Senate are a dedicated group of individuals who should lead in developing this long-term strategy and plan:

NOW, THEREFORE, BE IT RESOLVED that the members of the Missouri Senate, Ninety-fifth General Assembly, First Regular Session, hereby create the Missouri Senate Educated Citizenry 2020 Committee; and

b. An elementary, secondary and higher education system that educates students who are capable of attending and being productive and successful citizens and designed to successfully prepare graduates for global competition; and

c. Any other aspects of education policy that the Committee deems appropriate for creating an educated citizenry in our state; and
