Mid-Session Report Available Soon

Residents of the 4th Senate district can expect my 2010 mid-session newsletter to arrive in their mailbox very soon. This publication gives constituents an in-depth opportunity to see the progress we've made so far this session, including a list of my legislative priorities and a survey that asks for your opinion on critical issues facing our district and state. Click here to see the electronic version of the [2010 mid-session newsletter](#) or here to take my [2010 survey](#) online.

My [website](#) can be a great resource for you, as it includes an updated community service directory, the Missouri Unclaimed Property database, press releases, handouts and information on scheduling a visit to the Capitol or requesting a Senate resolution.

My goal is to keep you as informed as possible as we rapidly approach the end of the session on May 14.

Please be on the lookout for my mid-session report, and as always, don't hesitate to contact my office at (866) 783-1534 or (573) 751-3599. I look forward to hearing from you.
