Senator Schaefer Highlights Constituent's Recent Honor from Lieutenant Governor

JEFFERSON CITY – As an active member of his community and an individual who works countless hours serving as a volunteer, Mr. Ed Miller of Moberly, recently had the distinguished honor of receiving the Missouri Lieutenant Governor's Senior Service Award.

This award is given to Missourians whose selfless acts of kindness go unnoted and brings to life the recipient's efforts to give back to their community.

In addition to Mr. Miller's long days on the farm, he still makes time for his numerous community meetings, including his work for the University of Missouri Extension, Farm Service Agency, Farm Bureau, Producer's Choice Biodiesel Plant Board of Directors, Knights of Columbus, Randolph County Fair Board, Randolph County and Missouri Cattlemen's Associations, Missouri Saler Association, and Vocation Technology Advisory Board, among other clubs, fundraisers, and various projects.

"I am extremely privileged to have such a remarkable and caring individual living in the 19th Senatorial District," said Sen. Schaefer. "Mr. Miller has devoted his life to serving Missouri and its citizens through his work. He serves as a shining example to other members of this state to step up, selflessly volunteer, and help make an impact on their community and state."
