- (4) No less than fifteen percent in each calendar year beginning in 2021.

At least two percent of each portfolio requirement shall be derived from solar energy. The portfolio requirements shall apply to all power sold to Missouri consumers whether such power is self-generated or purchased from another source in or outside of this state. A utility may comply with the standard in whole or in part by purchasing RECs. Each kilowatt-hour of eligible energy generated in Missouri shall count as 1.25 kilowatt-hours for purposes of compliance.

2. The commission, in consultation with the department and within one year of November 4, 2008, shall select a program for tracking and verifying the trading of renewable energy credits. An unused credit may exist for up to three years from the date of its creation. A credit may be used only once to comply with sections 393.1020 to 393.1030 and may not also be used to satisfy any similar nonfederal requirement. An electric utility may not use a credit derived from a green pricing program. Certificates from net-metered sources shall initially be owned by the customer-generator. The commission, except where the department is specified, shall make whatever rules are necessary to enforce the renewable energy standard. Such rules shall include:

(1) A maximum average retail rate increase of one percent determined by estimating and comparing the electric utility's cost of compliance with least-cost renewable generation and the cost of continuing to generate or purchase electricity from entirely nonrenewable sources, taking into proper account future environmental regulatory risk including the risk of greenhouse gas regulation;

(2) Penalties of at least twice the average market value of renewable energy credits for the compliance period for failure to meet the targets of subsection 1. An electric utility will be excused if it proves to the commission that failure was due to events beyond its reasonable control that could not have been reasonably mitigated, or that the maximum average retail rate increase has been reached. Penalties shall not be recovered from customers. Amounts forfeited under this section shall be remitted to the department to purchase renewable energy credits needed for compliance. Any excess forfeited revenues shall be used by the department's energy center solely for renewable energy and energy efficiency projects;

(3) Provisions for an annual report to be filed by each electric utility in a format sufficient to document its progress in meeting the targets;

(4) Provision for recovery outside the context of a regular rate case of prudently incurred costs and the pass-through of benefits to customers of any savings achieved by an electrical corporation in meeting the requirements of this section.

3. Each electric utility shall make available to its retail customers a standard rebate offer of at least two dollars per installed watt for new or expanded solar electric systems sited on customers' premises, up to a maximum of twenty-five kilowatts per system, that become operational after 2009.

4. The department shall, in consultation with the commission, establish by rule a certification process

for electricity generated from renewable resources and used to fulfill the requirements of subsection 1 of this section. Certification criteria for renewable energy generation shall be determined by factors that include fuel type, technology, and the environmental impacts of the generating facility. Renewable energy facilities shall not cause undue adverse air, water, or land use impacts, including impacts associated with the gathering of generation feedstocks. If any amount of fossil fuel is used with renewable energy resources, only the portion of electrical output attributable to renewable energy resources shall be used to fulfill the portfolio requirements.

5. In carrying out the provisions of this section, the commission and the department shall include methane generated from the anaerobic digestion of farm animal waste and thermal depolymerization or pyrolysis for converting waste material to energy as renewable energy resources for purposes of this section.”; and

HOUSE AMENDMENT NO. 1

Amend House Committee Substitute for Senate Committee Substitute for Senate Bill Nos. 842, 799 and 809, Section 208.215, Page 8, Line 258 by inserting after all of said Section, Page, and Line the following:

“660.425. 1. In addition to all other fees and taxes required or paid, a tax is hereby imposed upon in-home services providers for the privilege of providing in-home services [under chapter 208, RSMo]. The tax is imposed upon payments received by an in-home services provider for the provision of in-home services [under chapter 208, RSMo].

2. For purposes of sections 660.425 to 660.465, the following terms shall mean:

(1) “Engaging in the business of providing in-home services”, all payments received by an in-home services provider for the provision of in-home services [under chapter 208, RSMo];

(3) “In-home services provider”, any provider or vendor, as defined in section 208.900, RSMo, of compensated in-home services [under chapter 208, RSMo], and under a provider agreement or contracted with the department of social services or the department of health and senior services.

660.430. 1. Each in-home services provider in this state providing in-home services [under chapter 208, RSMo,] shall, in addition to all other fees and taxes now required or paid, pay an in-home services gross receipts tax, not to exceed six and one-half percent of gross receipts, for the privilege of engaging in the business of providing in-home services in this state.

2. Each in-home services provider's tax shall be based on a formula set forth in rules promulgated by the department of social services. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo.

This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.

2. Each in-home services provider subject to sections 660.425 to 660.465 shall keep such records as may be necessary to determine the total payments received for the provision of in-home services [under chapter 208, RSMo,] by the in-home services provider. Every in-home services provider shall submit to the department of social services a statement that accurately reflects such information as is necessary to determine such in-home services provider's tax due.

3. The director of the department of social services may prescribe the form and contents of any forms or other documents required by this section.

4. Each in-home services provider shall report the total payments received for the provision of in-home services [under chapter 208, RSMo,] to the department of social services.

660.445. 1. The determination of the amount of tax due shall be the total amount of payments reported to the department multiplied by the tax rate established by rule by the department of social services.

2. The department of social services shall notify each in-home services provider of the amount of tax due. Such amount may be paid in increments over the balance of the assessment period.

3. The department of social services may adjust the tax due quarterly on a prospective basis. The department of social services may adjust the tax due more frequently for individual providers if there is a substantial and statistically significant change in the in-home services provided or in the payments received for such services provided [under chapter 208, RSMo]. The department of social services may define such adjustment criteria by rule.

660.455. 1. The in-home services tax owed or, if an offset has been made, the balance after such offset,

if any, shall be remitted by the in-home services provider to the department of social services. The remittance shall be made payable to the director of the department of social services and shall be deposited in the state treasury to the credit of the “In-home Services Gross Receipts Tax Fund” which is hereby created to provide payments for in-home services provided [under chapter 208, RSMo]. All investment earnings of the fund shall be credited to the fund.

2. An offset authorized by section 660.450 or a payment to the in-home services gross receipts tax fund shall be accepted as payment of the obligation set forth in section 660.425.

3. The state treasurer shall maintain records showing the amount of money in the in-home services gross receipts tax fund at any time and the amount of investment earnings on such amount.

4. Notwithstanding the provisions of section 33.080, RSMo, to the contrary, any unexpended balance in the in-home services gross receipts tax fund at the end of the biennium shall not revert to the credit of the general revenue fund.

660.460. 1. The department of social services shall notify each in-home services provider with a tax due of more than ninety days of the amount of such balance. If any in-home services provider fails to pay its in-home services tax within thirty days of such notice, the in-home services tax shall be delinquent.

2. If any tax imposed under sections 660.425 to 660.465 is unpaid and delinquent, the department of social services may proceed to enforce the state's lien against the property of the in-home services provider and compel the payment of such assessment in the circuit court having jurisdiction in the county where the in-home services provider is located. In addition, the department of social services may cancel or refuse to issue, extend, or reinstate a Medicaid provider agreement to any in-home services provider that fails to pay the tax imposed by section 660.425.

3. Failure to pay the tax imposed under section 660.425 shall be grounds for failure to renew a provider agreement for services [under chapter 208, RSMo,] or failure to renew a provider contract. The department of social services may revoke the provider agreement of any in-home services provider that fails to pay such tax, or notify the department of health and senior services to revoke the provider contract.

660.465. 1. The in-home services tax required by sections 660.425 to 660.465 shall expire:

(1) Ninety days after any one or more of the following conditions are met:

(a) The aggregate in-home services fee as appropriated by the general assembly paid to in-home services providers for in-home services provided [under chapter 208, RSMo,] is less than the fiscal year 2010 in-home services fees reimbursement amount; or

(b) The formula used to calculate the reimbursement as appropriated by the general assembly for in-home services provided is changed resulting in lower reimbursement to in-home services providers in the aggregate than provided in fiscal year 2010; or

(2) September 1, [2011] **2012**.

The director of the department of social services shall notify the revisor of statutes of the expiration date as provided in this subsection.

2. Sections 660.425 to 660.465 shall expire on September 1, [2011] **2012**.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

HOUSE AMENDMENT NO. 1 TO
HOUSE AMENDMENT NO. 2

Amend House Amendment No. 2 to House Committee Substitute for Senate Committee Substitute for Senate Bill No. 842, 799 & 809, Page 8, Line 14, by inserting after all of said line the following:

“208.152. 1. MO HealthNet payments shall be made on behalf of those eligible needy persons as defined in section 208.151 who are unable to provide for it in whole or in part, with any payments to be made on the basis of the reasonable cost of the care or reasonable charge for the services as defined and determined by the MO HealthNet division, unless otherwise hereinafter provided, for the following:

(1) Inpatient hospital services, except to persons in an institution for mental diseases who are under the age of sixty-five years and over the age of twenty-one years; provided that the MO HealthNet division shall provide through rule and regulation an exception process for coverage of inpatient costs in those cases requiring treatment beyond the seventy-fifth percentile professional activities study (PAS) or the MO HealthNet children's diagnosis length-of-stay schedule; and provided further that the MO HealthNet division shall take into account through its payment system for hospital services the situation of hospitals which serve a disproportionate number of low-income patients;

(2) All outpatient hospital services, payments therefor to be in amounts which represent no more than eighty percent of the lesser of reasonable costs or customary charges for such services, determined in accordance with the principles set forth in Title XVIII A and B, Public Law 89-97, 1965 amendments to the federal Social Security Act (42 U.S.C. 301, et seq.), but the MO HealthNet division may evaluate outpatient hospital services rendered under this section and deny payment for services which are determined by the MO HealthNet division not to be medically necessary, in accordance with federal law and regulations;

(3) Laboratory and X-ray services;

(4) Nursing home services for participants, except to persons with more than five hundred thousand dollars equity in their home or except for persons in an institution for mental diseases who are under the age of sixty-five years, when residing in a hospital licensed by the department of health and senior services or a nursing home licensed by the department of health and senior services or appropriate licensing authority of other states or government-owned and -operated institutions which are determined to conform to standards equivalent to licensing requirements in Title XIX of the federal Social Security Act (42 U.S.C. 301, et seq.), as amended, for nursing facilities. The MO HealthNet division may recognize through its payment methodology for nursing facilities those nursing facilities which serve a high volume of MO HealthNet patients. The MO HealthNet division when determining the amount of the benefit payments to be made on behalf of persons under the age of twenty-one in a nursing facility may consider nursing facilities furnishing care to persons under the age of twenty-one as a classification separate from other nursing facilities;

(5) Nursing home costs for participants receiving benefit payments under subdivision (4) of this subsection for those days, which shall not exceed twelve per any period of six consecutive months, during which the participant is on a temporary leave of absence from the hospital or nursing home, provided that no such participant shall be allowed a temporary leave of absence unless it is specifically provided for in his plan of care. As used in this subdivision, the term “temporary leave of absence” shall include all periods of time during which a participant is away from the hospital or nursing home overnight because he is visiting a friend or relative;

(6) Physicians' services, whether furnished in the office, home, hospital, nursing home, or elsewhere;

(7) Diabetic education and initial diabetic management training services. Such services shall be limited to two visits for diabetic training that shall include an initial consultation and one follow-up visit;

(8) Drugs and medicines when prescribed by a licensed physician, dentist, or podiatrist; except that no payment for drugs and medicines prescribed on and after January 1, 2006, by a licensed physician, dentist, or podiatrist may be made on behalf of any person who qualifies for prescription drug coverage under the provisions of P.L. 108-173;

[(8)] **(9)** Emergency ambulance services and, effective January 1, 1990, medically necessary transportation to scheduled, physician-prescribed nonelective treatments;

[(9)] **(10)** Early and periodic screening and diagnosis of individuals who are under the age of twenty-one to ascertain their physical or mental defects, and health care, treatment, and other measures to correct or ameliorate defects and chronic conditions discovered thereby. Such services shall be provided in accordance with the provisions of Section 6403 of P.L. 101-239 and federal regulations promulgated thereunder;

[(10)] **(11)** Home health care services;

[(11)] **(12)** Family planning as defined by federal rules and regulations; provided, however, that such family planning services shall not include abortions unless such abortions are certified in writing by a physician to the MO HealthNet agency that, in his professional judgment, the life of the mother would be endangered if the fetus were carried to term;

[(12)] **(13)** Inpatient psychiatric hospital services for individuals under age twenty-one as defined in Title XIX of the federal Social Security Act (42 U.S.C. 1396d, et seq.);

[(13)] **(14)** Outpatient surgical procedures, including presurgical diagnostic services performed in ambulatory surgical facilities which are licensed by the department of health and senior services of the state of Missouri; except, that such outpatient surgical services shall not include persons who are eligible for coverage under Part B of Title XVIII, Public Law 89-97, 1965 amendments to the federal Social Security Act, as amended, if exclusion of such persons is permitted under Title XIX, Public Law 89-97, 1965 amendments to the federal Social Security Act, as amended;

[(14)] **(15)** Personal care services which are medically oriented tasks having to do with a person's physical requirements, as opposed to housekeeping requirements, which enable a person to be treated by his physician on an outpatient rather than on an inpatient or residential basis in a hospital, intermediate care facility, or skilled nursing facility. Personal care services shall be rendered by an individual not a member of the participant's family who is qualified to provide such services where the services are prescribed by a physician in accordance with a plan of treatment and are supervised by a licensed nurse. Persons eligible to receive personal care services shall be those persons who would otherwise require placement in a hospital, intermediate care facility, or skilled nursing facility. Benefits payable for personal care services shall not exceed for any one participant one hundred percent of the average statewide charge for care and treatment in an intermediate care facility for a comparable period of time. Such services, when delivered in a residential care facility or assisted living facility licensed under chapter 198, RSMo, shall be authorized on a tier level based on the services the resident requires and the frequency of the services. A resident of such facility who qualifies for assistance under section 208.030 shall, at a minimum, if prescribed by a physician, qualify for the tier level with the fewest services. The rate paid to providers for each tier of service shall be set subject to appropriations. Subject to appropriations, each resident of such facility who

qualifies for assistance under section 208.030 and meets the level of care required in this section shall, at a minimum, if prescribed by a physician, be authorized up to one hour of personal care services per day. Authorized units of personal care services shall not be reduced or tier level lowered unless an order approving such reduction or lowering is obtained from the resident's personal physician. Such authorized units of personal care services or tier level shall be transferred with such resident if her or she transfers to another such facility. Such provision shall terminate upon receipt of relevant waivers from the federal Department of Health and Human Services. If the Centers for Medicare and Medicaid Services determines that such provision does not comply with the state plan, this provision shall be null and void. The MO HealthNet division shall notify the revisor of statutes as to whether the relevant waivers are approved or a determination of noncompliance is made;

[(15)] **(16)** Mental health services. The state plan for providing medical assistance under Title XIX of the Social Security Act, 42 U.S.C. 301, as amended, shall include the following mental health services when such services are provided by community mental health facilities operated by the department of mental health or designated by the department of mental health as a community mental health facility or as an alcohol and drug abuse facility or as a child-serving agency within the comprehensive children's mental health service system established in section 630.097, RSMo. The department of mental health shall establish by administrative rule the definition and criteria for designation as a community mental health facility and for designation as an alcohol and drug abuse facility. Such mental health services shall include:

(a) Outpatient mental health services including preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management;

(b) Clinic mental health services including preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management;

(c) Rehabilitative mental health and alcohol and drug abuse services including home and community-based preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health or alcohol and drug abuse professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management. As used in this section, mental health professional and alcohol and drug abuse professional shall be defined by the department of mental health pursuant to duly promulgated rules. With respect to services established by this subdivision, the department of social services, MO HealthNet division, shall enter into an agreement with the department of mental health. Matching funds for outpatient mental health services, clinic mental health services, and rehabilitation services for mental health and alcohol and drug abuse shall be certified by the department of mental health to the MO HealthNet division. The agreement shall establish a mechanism for the joint implementation of the provisions of this subdivision. In addition, the agreement shall establish a mechanism by which rates for services may be jointly developed;

[(16)] **(17)** Such additional services as defined by the MO HealthNet division to be furnished under waivers of federal statutory requirements as provided for and authorized by the federal Social Security Act (42 U.S.C. 301, et seq.) subject to appropriation by the general assembly;

[(17)] **(18)** Beginning July 1, 1990, the services of a certified pediatric or family nursing practitioner with a collaborative practice agreement to the extent that such services are provided in accordance with chapters 334 and 335, RSMo, and regulations promulgated thereunder;

[(18)] **(19)** Nursing home costs for participants receiving benefit payments under subdivision (4) of this subsection to reserve a bed for the participant in the nursing home during the time that the participant is absent due to admission to a hospital for services which cannot be performed on an outpatient basis, subject to the provisions of this subdivision:

(a) The provisions of this subdivision shall apply only if:

a. The occupancy rate of the nursing home is at or above ninety-seven percent of MO HealthNet certified licensed beds, according to the most recent quarterly census provided to the department of health and senior services which was taken prior to when the participant is admitted to the hospital; and

b. The patient is admitted to a hospital for a medical condition with an anticipated stay of three days or less;

(b) The payment to be made under this subdivision shall be provided for a maximum of three days per hospital stay;

(c) For each day that nursing home costs are paid on behalf of a participant under this subdivision during any period of six consecutive months such participant shall, during the same period of six consecutive months, be ineligible for payment of nursing home costs of two otherwise available temporary leave of absence days provided under subdivision (5) of this subsection; and

(d) The provisions of this subdivision shall not apply unless the nursing home receives notice from the participant or the participant's responsible party that the participant intends to return to the nursing home following the hospital stay. If the nursing home receives such notification and all other provisions of this subsection have been satisfied, the nursing home shall provide notice to the participant or the participant's responsible party prior to release of the reserved bed;

[(19)] **(20)** Prescribed medically necessary durable medical equipment. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

[(20)] **(21)** Hospice care. As used in this [subsection] **subdivision**, the term “hospice care” means a coordinated program of active professional medical attention within a home, outpatient and inpatient care which treats the terminally ill patient and family as a unit, employing a medically directed interdisciplinary team. The program provides relief of severe pain or other physical symptoms and supportive care to meet the special needs arising out of physical, psychological, spiritual, social, and economic stresses which are experienced during the final stages of illness, and during dying and bereavement and meets the Medicare requirements for participation as a hospice as are provided in 42 CFR Part 418. The rate of reimbursement paid by the MO HealthNet division to the hospice provider for room and board furnished by a nursing home to an eligible hospice patient shall not be less than ninety-five percent of the rate of reimbursement which would have been paid for facility services in that nursing home facility for that patient, in accordance with subsection (c) of Section 6408 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989);

[(21)] **(22)** Prescribed medically necessary dental services. Such services shall be subject to appropriations. An electronic web-based prior authorization system using best medical evidence and care

and treatment guidelines consistent with national standards shall be used to verify medical need;

[(22)] **(23)** Prescribed medically necessary optometric services. Such services shall be subject to appropriations. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

[(23)] **(24)** The MO HealthNet division shall, by January 1, 2008, and annually thereafter, report the status of MO HealthNet provider reimbursement rates as compared to one hundred percent of the Medicare reimbursement rates and compared to the average dental reimbursement rates paid by third-party payors licensed by the state. The MO HealthNet division shall, by July 1, 2008, provide to the general assembly a four-year plan to achieve parity with Medicare reimbursement rates and for third-party payor average dental reimbursement rates. Such plan shall be subject to appropriation and the division shall include in its annual budget request to the governor the necessary funding needed to complete the four-year plan developed under this subdivision.

2. Additional benefit payments for medical assistance shall be made on behalf of those eligible needy children, pregnant women and blind persons with any payments to be made on the basis of the reasonable cost of the care or reasonable charge for the services as defined and determined by the division of medical services, unless otherwise hereinafter provided, for the following:

(1) Dental services;

(2) Services of podiatrists as defined in section 330.010, RSMo;

(3) Optometric services as defined in section 336.010, RSMo;

(4) Orthopedic devices or other prosthetics, including eye glasses, dentures, hearing aids, and wheelchairs;

(5) Hospice care. As used in this subsection, the term "hospice care" means a coordinated program of active professional medical attention within a home, outpatient and inpatient care which treats the terminally ill patient and family as a unit, employing a medically directed interdisciplinary team. The program provides relief of severe pain or other physical symptoms and supportive care to meet the special needs arising out of physical, psychological, spiritual, social, and economic stresses which are experienced during the final stages of illness, and during dying and bereavement and meets the Medicare requirements for participation as a hospice as are provided in 42 CFR Part 418. The rate of reimbursement paid by the MO HealthNet division to the hospice provider for room and board furnished by a nursing home to an eligible hospice patient shall not be less than ninety-five percent of the rate of reimbursement which would have been paid for facility services in that nursing home facility for that patient, in accordance with subsection (c) of Section 6408 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989);

(6) Comprehensive day rehabilitation services beginning early posttrauma as part of a coordinated system of care for individuals with disabling impairments. Rehabilitation services must be based on an individualized, goal-oriented, comprehensive and coordinated treatment plan developed, implemented, and monitored through an interdisciplinary assessment designed to restore an individual to optimal level of physical, cognitive, and behavioral function. The MO HealthNet division shall establish by administrative rule the definition and criteria for designation of a comprehensive day rehabilitation service facility, benefit limitations and payment mechanism. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this subdivision shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section

536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2005, shall be invalid and void.

3. The MO HealthNet division may require any participant receiving MO HealthNet benefits to pay part of the charge or cost until July 1, 2008, and an additional payment after July 1, 2008, as defined by rule duly promulgated by the MO HealthNet division, for all covered services except for those services covered under subdivisions (14) and (15) of subsection 1 of this section and sections 208.631 to 208.657 to the extent and in the manner authorized by Title XIX of the federal Social Security Act (42 U.S.C. 1396, et seq.) and regulations thereunder. When substitution of a generic drug is permitted by the prescriber according to section 338.056, RSMo, and a generic drug is substituted for a name-brand drug, the MO HealthNet division may not lower or delete the requirement to make a co-payment pursuant to regulations of Title XIX of the federal Social Security Act. A provider of goods or services described under this section must collect from all participants the additional payment that may be required by the MO HealthNet division under authority granted herein, if the division exercises that authority, to remain eligible as a provider. Any payments made by participants under this section shall be in addition to and not in lieu of payments made by the state for goods or services described herein except the participant portion of the pharmacy professional dispensing fee shall be in addition to and not in lieu of payments to pharmacists. A provider may collect the co-payment at the time a service is provided or at a later date. A provider shall not refuse to provide a service if a participant is unable to pay a required payment. If it is the routine business practice of a provider to terminate future services to an individual with an unclaimed debt, the provider may include uncollected co-payments under this practice. Providers who elect not to undertake the provision of services based on a history of bad debt shall give participants advance notice and a reasonable opportunity for payment. A provider, representative, employee, independent contractor, or agent of a pharmaceutical manufacturer shall not make co-payment for a participant. This subsection shall not apply to other qualified children, pregnant women, or blind persons. If the Centers for Medicare and Medicaid Services does not approve the Missouri MO HealthNet state plan amendment submitted by the department of social services that would allow a provider to deny future services to an individual with uncollected co-payments, the denial of services shall not be allowed. The department of social services shall inform providers regarding the acceptability of denying services as the result of unpaid co-payments.

4. The MO HealthNet division shall have the right to collect medication samples from participants in order to maintain program integrity.

5. Reimbursement for obstetrical and pediatric services under subdivision (6) of subsection 1 of this section shall be timely and sufficient to enlist enough health care providers so that care and services are available under the state plan for MO HealthNet benefits at least to the extent that such care and services are available to the general population in the geographic area, as required under subparagraph (a)(30)(A) of 42 U.S.C. 1396a and federal regulations promulgated thereunder.

6. Beginning July 1, 1990, reimbursement for services rendered in federally funded health centers shall be in accordance with the provisions of subsection 6402(c) and Section 6404 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989) and federal regulations promulgated thereunder.

7. Beginning July 1, 1990, the department of social services shall provide notification and referral of children below age five, and pregnant, breast-feeding, or postpartum women who are determined to be

eligible for MO HealthNet benefits under section 208.151 to the special supplemental food programs for women, infants and children administered by the department of health and senior services. Such notification and referral shall conform to the requirements of Section 6406 of P.L. 101-239 and regulations promulgated thereunder.

8. Providers of long-term care services shall be reimbursed for their costs in accordance with the provisions of Section 1902 (a)(13)(A) of the Social Security Act, 42 U.S.C. 1396a, as amended, and regulations promulgated thereunder.

9. Reimbursement rates to long-term care providers with respect to a total change in ownership, at arm's length, for any facility previously licensed and certified for participation in the MO HealthNet program shall not increase payments in excess of the increase that would result from the application of Section 1902 (a)(13)(C) of the Social Security Act, 42 U.S.C. 1396a (a)(13)(C).

10. The MO HealthNet division, may enroll qualified residential care facilities and assisted living facilities, as defined in chapter 198, RSMo, as MO HealthNet personal care providers.

HOUSE AMENDMENT NO. 2

Amend House Committee Substitute for Senate Committee Substitute for Senate Bill Nos. 842, 799 & 809, Section A, Page 1, Line 2, by inserting after all of said section and line the following:

“148.340. 1. Every insurance company or association not organized under the laws of this state, shall, as provided in section 148.350, quarterly pay tax upon the direct premiums received, whether in cash or in notes, in this state or on account of business done in this state, for insurance of life, property or interest in this state at the rate of two percent per annum in lieu of all other taxes, except as in sections 148.310 to 148.461 otherwise provided, which amount of taxes shall be assessed and collected as herein provided; provided, that fire and casualty insurance companies or associations shall be credited with canceled or return premiums actually paid during the year in this state, and that life insurance companies shall be credited with dividends actually declared to policyholders in this state, but held by the company and applied to the reduction of premiums payable by the policyholder.

2. Every health maintenance organization under contract with the State of Missouri to provide services to recipients of medical assistance, not organized under the laws of this state, shall quarterly pay tax upon the direct premiums received, with such payment to be on the same terms as the insurance companies and associations described in subsection 1. Such tax shall be in addition to any other tax levied by the State. This subsection shall apply only as long as the revenues generated under this subsection are eligible for federal financial participation and payments. For the purposes of this subsection, “federal financial participation” is the federal government's share of Missouri's expenditures under the Medicaid program. This subsection shall expire June 30, 2012.

148.350. 1. Every such company or association shall, on or before the first day of March in each year, make a return, verified by the affidavit of its president and secretary or other authorized officers, to the director of the department of insurance, financial institutions and professional registration stating the amount of all premiums received on account of policies issued in this state by such company, whether in cash or in notes, during the year ending on the thirty-first day of December, next preceding. Upon receipt of such returns, the director of the department of insurance, financial institutions and professional registration shall verify the same and certify the amount of tax due from the various companies on the basis and at the rate provided in section 148.340, and shall certify the same to the director of revenue together with the amount of the quarterly installments to be made as provided in subsection 2 of this section, on or before the thirtieth day of April of each year.

2. Beginning January 1, 1983, the amount of the tax due for that calendar year and each succeeding calendar year thereafter shall be paid in four approximately equal estimated quarterly installments and a fifth reconciling installment. The first four installments shall be based upon the tax assessed for the immediately

preceding taxable year ending on the thirty-first day of December, next preceding. The quarterly installment shall be made on the first day of March, the first day of June, the first day of September, and the first day of December. Immediately after receiving from the director of the department of insurance, financial institutions and professional registration, certification of the amount of tax due from the various companies, the director of revenue shall notify and assess each company the amount of taxes on its premiums for the calendar year ending on the thirty-first day of December, next preceding. The director of revenue shall also notify and assess each company the amount of the estimated quarterly installments to be made for the calendar year. If the amount of the actual tax due for any year exceeds the total of the installments made for such year, the balance of the tax due shall be paid on the first day of June of the following year, together with the regular quarterly installment due at that time. If the total amount of the tax actually due is less than the total amount of the installments actually paid, the amount by which the amount paid exceeds the amount due shall be credited against the tax for the following year and deducted from the quarterly installment otherwise due on the first day of June. If the March first quarterly installment made by a company is less than the amount assessed by the director of revenue, the difference will be due on June first, but no interest will accrue to the state on the difference unless the amount paid by the company is less than eighty percent of one-fourth of the total amount of tax assessed by the director of revenue for the immediately preceding taxable year. If the estimated quarterly tax installments are not so paid, the director of revenue shall certify such fact to the director of the department of insurance, financial institutions and professional registration who shall thereafter suspend such delinquent company or companies from the further transaction of business in this state until such taxes shall be paid, and such companies shall be subject to the provisions of sections 148.410 to 148.461.

3. Except as provided in subsection 4, upon receiving such money from the director of revenue, the state treasurer shall receipt one-half thereof into the general revenue fund of the state, and he shall place the remainder of such tax to the credit of a fund to be known as "The County Foreign Insurance Tax Fund", which is hereby created and established. All premium tax credits described in sections 135.500 to 135.529, RSMo, shall only reduce the amount of moneys received by the general revenue fund of this state and shall not reduce any moneys received by the county foreign insurance tax fund.

4. Taxes collected from health maintenance organizations pursuant to 148.340.2 shall be deposited to the credit of the Managed Care Fund, which is hereby created and established in the state treasury.

5. The state treasurer shall be custodian of the fund and may approve disbursements from the fund in accordance with sections 30.170 and 30.180, RSMo. The unexpended balance in the Managed Care Fund at the end of the biennium is exempt from the provisions of section 33.080, RSMo. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

148.370. 1. Every insurance company or association organized under the laws of the state of Missouri and doing business under the provisions of sections 376.010 to 376.670, 379.205 to 379.310, 379.650 to 379.790 and chapter 381, RSMo, and every mutual fire insurance company organized under the provisions of sections 379.010 to 379.190, RSMo, shall, as hereinafter provided, quarterly pay, beginning with the year 1983, a tax upon the direct premiums received by it from policyholders in this state, whether in cash or in notes, or on account of business done in this state, in lieu of the taxes imposed under the provisions of chapters 143 and 147, RSMo, for insurance of life, property or interest in this state, at the rate of two percent per annum, which amount of taxes shall be assessed and collected as hereinafter provided; provided, that fire and casualty insurance companies or associations shall be credited with canceled or returned premiums

actually paid during the year in this state, and that life insurance companies shall be credited with dividends actually declared to policyholders in this state but held by the company and applied to the reduction of premiums payable by the policyholder.

2. Every health maintenance organization organized under the laws of this State, that is under contract with the State of Missouri to provide services to recipients of medical assistance shall quarterly pay tax upon the direct premiums received, with such payment to be on the same terms as the insurance companies and associations described in subsection 1. Such tax shall be in addition to any other tax levied by the State. This subsection shall apply only as long as the revenues generated under this subsection are eligible for federal financial participation and payments. For the purposes of this subsection, “federal financial participation” is the federal government's share of Missouri's expenditures under the Medicaid program. This subsection shall expire June 30, 2012.

148.380. 1. Every such company, on or before the first day of March in each year, shall make a return verified by the affidavit of its president and secretary, or other chief officers, to the director of the department of insurance, financial institutions and professional registration, stating the amount of all direct premiums received by it from policyholders in this state, whether in cash or in notes, during the year ending on the thirty-first day of December, next preceding. Upon receipt of such returns the director of the department of insurance, financial institutions and professional registration shall verify the same and certify the amount of the tax due from the various companies on the basis and* at the rate provided in section 148.370, taking into consideration deductions and credits allowed by law, and shall certify the same to the director of revenue together with the amount of the quarterly installments to be made as provided in subsection 2 of this section, on or before the thirtieth day of April of each year.

2. Beginning January 1, 1983, the amount of the tax due for that calendar year and each succeeding calendar year thereafter shall be paid in four approximately equal estimated quarterly installments, and a fifth reconciling installment. The first four installments shall be based upon the tax for the immediately** preceding taxable year ending on the thirty-first day of December, next preceding. The quarterly installments shall be made on the first day of March, the first day of June, the first day of September and the first day of December. Immediately after receiving certification from the director of the department of insurance, financial institutions and professional registration of the amount of tax due from the various companies, the director of revenue shall notify and assess each company the amount of taxes on its premiums for the calendar year ending on the thirty-first day of December, next preceding. The director of revenue shall also notify and assess each company the amount of the estimated quarterly installments to be made for the calendar year. If the amount of the actual tax due for any year exceeds the total of the installments made for such year, the balance of the tax due shall be paid on the first day of June of the year following, together with the regular quarterly payment due at that time. If the total amount of the tax actually due is less than the total amount of the installments actually paid, the amount by which the amount paid exceeds the amount due shall be credited against the tax for the following year and deducted from the quarterly installment otherwise due on the first day of June. If the March first quarterly installment made by a company is less than the amount assessed by the director of revenue, the difference will be due on June first, but no interest will accrue to the state on the difference unless the amount paid by the company is less than eighty percent of one-fourth of the total amount of tax assessed by the director of revenue for the immediately preceding taxable year.

3. If the estimated quarterly tax installments are not so paid, the director of revenue shall notify the director of the department of insurance, financial institutions and professional registration who shall

thereupon suspend such delinquent company from the further transaction of business in this state until such taxes shall be paid, and such companies shall be subject to the provisions of sections 148.410 to 148.461.

4. **Except as provided in subsection 5**, upon receipt of the money the state treasurer shall receipt one-half thereof into the general revenue fund of the state, and one-half thereof to the credit of the county foreign insurance fund for the purposes set forth in section 148.360.

5. Taxes collected from health maintenance organizations pursuant to 148.370.2 shall be to the credit of the Managed Care Fund, established under 148.350 RSMo.

208.010. 1. In determining the eligibility of a claimant for public assistance pursuant to this law, it shall be the duty of the division of family services to consider and take into account all facts and circumstances surrounding the claimant, including his or her living conditions, earning capacity, income and resources, from whatever source received, and if from all the facts and circumstances the claimant is not found to be in need, assistance shall be denied. In determining the need of a claimant, the costs of providing medical treatment which may be furnished pursuant to sections 208.151 to 208.158 and 208.162 shall be disregarded. The amount of benefits, when added to all other income, resources, support, and maintenance shall provide such persons with reasonable subsistence compatible with decency and health in accordance with the standards developed by the division of family services; provided, when a husband and wife are living together, the combined income and resources of both shall be considered in determining the eligibility of either or both. "Living together" for the purpose of this chapter is defined as including a husband and wife separated for the purpose of obtaining medical care or nursing home care, except that the income of a husband or wife separated for such purpose shall be considered in determining the eligibility of his or her spouse, only to the extent that such income exceeds the amount necessary to meet the needs (as defined by rule or regulation of the division) of such husband or wife living separately. In determining the need of a claimant in federally aided programs there shall be disregarded such amounts per month of earned income in making such determination as shall be required for federal participation by the provisions of the federal Social Security Act (42 U.S.C.A. 301 et seq.), or any amendments thereto. When federal law or regulations require the exemption of other income or resources, the division of family services may provide by rule or regulation the amount of income or resources to be disregarded.

2. Benefits shall not be payable to any claimant who:

(1) Has or whose spouse with whom he or she is living has, prior to July 1, 1989, given away or sold a resource within the time and in the manner specified in this subdivision. b. When the uncompensated value exceeds twelve thousand dollars, the resource shall not be used in determining eligibility for more than sixty months;

(2) The provisions of subdivision (1) of this subsection shall not apply to a transfer, other than a transfer to claimant's spouse, made prior to March 26, 1981, when the claimant furnishes convincing evidence that the uncompensated value of the disposed of resource or any part thereof is no longer possessed or owned by the person to whom the resource was transferred;

A claimant ineligible pursuant to this subsection shall be ineligible for such period of time from the date of discovery as the division of family services may deem proper; or in the case of overpayment of benefits, future benefits may be decreased, suspended or entirely withdrawn for such period of time as the division may deem proper;

4. In determining eligibility and the amount of benefits to be granted pursuant to federally aided programs, the value of burial lots or any amounts placed in an irrevocable prearranged funeral or burial contract pursuant to subsection 2 of section 436.035, RSMo, and subdivision (5) of subsection 1 of section 436.053, RSMo, shall not be taken into account or considered an asset of the burial lot owner or the beneficiary of an irrevocable prearranged funeral or funeral contract. For purposes of this section, "burial lots" means any burial space as defined in section 214.270, RSMo, and any memorial, monument, marker, tombstone or letter marking a burial space. 10. Within five working days after a report required to be made under this section is received, the person making the report shall be notified in writing of its receipt and of the initiation of the investigation.

11. No person who directs or exercises any authority in an in-home services provider agency or home health agency shall harass, dismiss or retaliate against an in-home services client or home health patient, or an in-home services employee or a home health agency employee because he or any member of his or her family has made a report of any violation or suspected violation of laws, standards or regulations applying to the in-home services provider agency or home health agency or any in-home services employee or home health agency employee which he has reasonable cause to believe has been committed or has occurred.

12. Any person who abuses or neglects an in-home services client or home health patient is subject to criminal prosecution under section 565.180, 565.182, or 565.184, RSMo. If such person is an in-home services employee and has been found guilty by a court, and if the supervising in-home services provider willfully and knowingly failed to report known abuse by such employee to the department, the supervising in-home services provider may be subject to administrative penalties of one thousand dollars per violation to be collected by the department and the money received therefor shall be paid to the director of revenue and deposited in the state treasury to the credit of the general revenue fund. Any in-home services provider which has had administrative penalties imposed by the department or which has had its contract terminated may seek an administrative review of the department's action pursuant to chapter 621, RSMo. Any decision of the administrative hearing commission may be appealed to the circuit court in the county where the violation occurred for a trial de novo. For purposes of this subsection, the term "violation" means a determination of guilt by a court.

13. The department shall establish a quality assurance and supervision process for clients that requires an in-home services provider agency to conduct random visits to verify compliance with program standards and verify the accuracy of records kept by an in-home services employee.

14. The department shall maintain the employee disqualification list and place on the employee disqualification list the names of any persons who have been finally determined by the department, pursuant to section 660.315, to have recklessly, knowingly or purposely abused or neglected an in-home services client or home health patient while employed by an in-home services provider agency or home health agency. For purposes of this section only, "knowingly" and "recklessly" shall have the meanings that are ascribed to them in this section. A person acts "knowingly" with respect to the person's conduct when a reasonable person should be aware of the result caused by his or her conduct. A person acts "recklessly" when the person consciously disregards a substantial and unjustifiable risk that the person's conduct will result in serious physical injury and such disregard constitutes a gross deviation from the standard of care that a reasonable person would exercise in the situation.

15. At the time a client has been assessed to determine the level of care as required by rule and is eligible for in-home services, the department shall conduct a "Safe at Home Evaluation" to determine the client's physical, mental, and environmental capacity. The department shall develop the safe at home evaluation tool by rule in accordance with chapter 536, RSMo. The purpose of the safe at home evaluation is to assure that each client has the appropriate level of services and professionals involved in the client's care. The plan of service or care for each in-home services client shall be authorized by a nurse. The

department may authorize the licensed in-home services nurse, in lieu of the department nurse, to conduct the assessment of the client's condition and to establish a plan of services or care. The department may use the expertise, services, or programs of other departments and agencies on a case-by-case basis to establish the plan of service or care.

The department may, as indicated by the safe at home evaluation, refer any client to a mental health professional, as defined in 9 CSR 30-4.030, for evaluation and treatment as necessary.

16. Authorized nurse visits shall occur at least twice annually to assess the client and the client's plan of services. The provider nurse shall report the results of his or her visits to the client's case manager. If the provider nurse believes that the plan of service requires alteration, the department shall be notified and the department shall make a client evaluation. All authorized nurse visits shall be reimbursed to the in-home services provider. All authorized nurse visits shall be reimbursed outside of the nursing home cap for in-home services clients whose services have reached one hundred percent of the average statewide charge for care and treatment in an intermediate care facility, provided that the services have been preauthorized by the department.

17. All in-home services clients shall be advised of their rights by the department **or the department's designee** at the initial evaluation. The rights shall include, but not be limited to, the right to call the department for any reason, including dissatisfaction with the provider or services. **The department may contract for services relating to receiving such complaints.** The department shall establish a process to receive such nonabuse and neglect calls other than the elder abuse and neglect hotline.

18. Subject to appropriations, all nurse visits authorized in sections 660.250 to 660.300 shall be reimbursed to the in-home services provider agency.

Section B. Because immediate action is necessary to preserve state services, the repeal and reenactment of sections 148.340, 148.350, 148.370, 148.380, 208.010, and 208.453 of this act are deemed necessary for the immediate preservation of the public health, welfare, peace, and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and the repeal and reenactment of sections 148.340, 148.350, 148.370, and 148.380 of this act shall be in full force and effect upon its passage and approval.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

No contract between a health carrier or health benefit plan, and a dentist for the provision of dental services under a dental plan shall require that the dentist provide dental services to an insured in the dental plan at a fee established by the health carrier or health benefit plan if such dental services are not covered services under the dental plan.

2. For purposes of this section, the following terms shall mean:

(1) “Covered services”, services reimbursable under an applicable dental plan, subject to such contractual limitations on benefits as may apply, including but not limited to deductibles, waiter periods, or frequency limitations;

(2) “Dental Plan”, any policy or contract of insurance which provides for coverage of dental

services;

(3) “Health benefit plan”, the same meaning as such term is defined in section 376.1350;

(4) “Health carrier”, the same meaning as such term is defined in section 376.1350.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

HOUSE AMENDMENT NO. 4

Amend House Committee Substitute for Senate Committee Substitute for Senate Bill Nos. 842, 799 and 809, Page 8, Section 208.215, Line 258, by inserting after all of said line:

“Section 1. 1. For each school year beginning July 1, 2010, the department of social services shall provide all state licensed child-care providers who receive state or federal funds under section 210.027 and all public school districts in this state with written information regarding eligibility criteria and application procedures for the state children's health insurance program (SCHIP) authorized in sections 208.631 to 208.657, to be distributed by the child-care providers or school districts to parents and guardians at the time of enrollment of their children in child-care or school, as applicable.

2. The department of elementary and secondary education shall add an attachment to the application for the free and reduced lunch program for a parent or guardian to check a box indicating yes or no whether each child in the family has health care insurance. If any such child does not have health care insurance, and the parent or guardian's household income does not exceed the highest income level under 42 U.S.C. Section 1397CC, as amended, the school district shall provide a notice to such parent or guardian that the uninsured child may qualify for health insurance under SCHIP.

3. The notice described in subsection 2 shall be developed by the department of social services and shall include information on enrolling the child in the program. No notices relating to the state children's health insurance program shall be provided to a parent or guardian under this section other than the notices developed by the department of social services under this section.

4. Notwithstanding any other provision of law to the contrary, no penalty shall be assessed upon any parent or guardian who fails to provide or provides any inaccurate information required under this section.

5. The department of elementary and secondary education and the department of social services may adopt rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2010, shall be invalid and void.

6. The department of elementary and secondary education, in collaboration with the department of social services, shall report annually to the governor and the house budget committee chair and the senate appropriations committee chair on the following:

(1) The number of families in each district receiving free lunch and reduced lunches;

(2) The number of families who indicate the absence of health care insurance on the application

for free and reduced lunches;

(3) The number of families who received information on the state children's health insurance program under this section; and

(4) The number of families who received the information in subdivision (3) of this subsection and applied to the state children's health insurance program.

Section B. Because immediate action is necessary to ensure the health of a vulnerable population and to synchronize the issuance of information with the beginning of the school year, the enactment of Section 1 of section A of this act is deemed necessary for the immediate preservation of the public health, welfare, peace, and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and the enactment of Section 1 of section A of this act shall be in full force and effect upon its passage and approval.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.
