**Division of Community & Public Health - Lead Abatement Loan Program - Section 10.645**

Pg. 97

**Description:** Funding in this section allows the Department of Health and Senior Services to develop a program that provides financial assistance via loans or grants to owners of dwellings or child-occupied facilities for performing lead abatement projects. The Missouri Lead Abatement Loan Fund in the state treasury receives appropriations by the general assembly, repayments by applicants of loans made pursuant to Section 701.337 including interest on such loans, and any gifts, bequests, donations or other payments deposited into the fund. DHSS works with Community Action Agencies to develop grant programs to encourage lead abatement projects in places where children could be at risk of lead exposure. Funding for the Lead Abatement Loan Program (the statute authorizes either loans or grants) was originally from a settlement agreement between the state of Missouri and a railroad with the proceeds deposited into the Lead Abatement Loan Fund.

**Description:** Funding in this section helps ensure that HIV+ Missourians receive appropriate treatment of their HIV disease, the primary goal of the HIV Client Care Services program. The program funds medications for low-income, uninsured, non-Medicaid-eligible HIV+ clients with an estimated 1,900 clients enrolled in the program. The medications provide HIV+ Missourians with access to adequate medical care and treatments, specifically medications therapy which meets National Institutes of Health guidelines. Ensuring that HIV+ clients are on appropriate medications will result in a decreased incidence of new AIDS diagnosis as well as a decreased number of AIDS-related deaths in Missouri. Missouri receives over \$9 million in federal funding for medications. The federal Ryan White CARE Act which provides the federal funding for the medications requires “maintenance of effort” (state funding for HIV programs each year must be equal to or greater than the level of funding the year before).

**Description:** This section provides funding for the Missouri School-Aged Children’s Health Services Grant program providing grants to school districts and local health agencies funding for basic health services, screenings, referrals, counseling and management of special health care needs. The program is operated in partnership with school districts and communities providing matching funds of 20% or more. Programs are targeted to areas of highest need based on indicators for children’s health status. A goal of the program is to improve the ratio of school nurses to students based upon the evidence that lower ratios increase quality and quantity of care.

**Description:** The Child and Adult Care Food Program is mandated by Section 187 of the National School Lunch Act. The Act authorizes USDA funded assistance to states through grants-in-aid and other means to initiate, maintain, and expand non-profit food service programs for children and adults in nonresidential institutions that provide care during the day. To participate, childcare facilities must be licensed. Family day care home providers in low-income areas based on census or school data are eligible for a higher rate of reimbursement for meals. Child and adult care centers serving low-income children or adults may receive a higher rate of reimbursement on a per participant basis for those participants who are below 185% of the current year's federal poverty guidelines.

**Description:** The PRIMO program’s (Primary Care Resource Initiative for Missouri) goal is to develop a statewide system of community-based systems of care to assure access to primary and essential health care services for all individuals of the state, regardless of their ability to pay. PRIMO utilizes health professional incentives (student loans and forgiveness) and outcomes-based contracts to meet its goal. PRIMO and its partners/contractors recruit individuals from rural and underserved areas into health professional careers in areas of need, develop academic and clinical training programs for health professionals, and build health care delivery systems in underserved communities in the state. Funding for several Area Health Education Centers (AHECs) across the state was eliminated in FY 2011. PRIMO is partially supported by contributions from the Missouri Hospital Association.

**Division of Community and Public Health - Financial Aid to Medical Students and Medical School Loan Repayment Programs, - Section 10.660**

Pg. 197

**Description:** This section provides funding for two loan repayment programs. The Medical Student Loan Program underwrites the cost of a medical student's education (up to \$7,500/year for 4 years) if the student agrees to practice in a medically underserved area. Repayment of 1/4 of the medical student loan is waived for each year the student practices in a medically underserved area after graduation. The Physician Loan Repayment program authorizes the repayment of a physician's medical education loans (up to \$20,000/year for 4 years) if said physician practices in a rural or urban underserved area. The goal of the Health Professional Student Loan Repayment Program is to increase the number of primary care physicians, advanced practice nurses and dentists practicing in underserved areas of the state through loan repayment. To increase access to care for Medicaid and uninsured individuals through acceptance of Medicaid reimbursement and provision of a sliding fee scale, to adjust fees charged to patients according to their ability to pay (family income and size) as condition for contract for loan repayment. This program works in conjunction with the PRIMO program to increase access to care in Missouri.

**Description:** This section provides funding for loans to student professional nurses (\$5,000/year) and student practical nurses (\$2,500/year). Nursing education loan repayments are provided to RN's (\$5,000/year) working in areas of defined need. The Missouri Professional and Practical Nurse Student Loan Program was enacted to impact the shortage of nurses and access to health care for Missouri citizens. Loans are given to nursing students and are "forgiven" when the recipient graduates and works in a Health Professional Shortage Area (HPSA) in Missouri. Loan repayment is an incentive to get nurses to practice in underserved Missouri facilities in exchange for a contract to help repay their educational debt.

**State Public Health Lab - Section 10.675**

Pg. 230

**Description:** The State Public Health Laboratory operates specialty units in Jefferson City and Mount Vernon. These laboratories provide services to physicians, veterinarians, law enforcement officers, local and district health personnel, hospitals and private labs. Lab staff conduct serology, virology, mycology, bacteriology, parasitology and chemistry testing; analyze water, milk, food and beverages; and perform newborn metabolic screenings. The State Public Health Laboratory serves as a training facility and reference laboratory for the department and other medical professionals and institutions in the state. This section also funds evaluation programs for municipal, hospital and private laboratories and certifies the supervision and operation of breath alcohol analyzers. The State Public Health Laboratory is the principle laboratory for the investigation of suspected bioterrorism incidents.

**Legal Base:** State Statutes 577.037-Breath Alcohol Analyzers, 640.100-Water Testing, and 191.311-Genetic Testing, RSMo  
**Funding Source:** State General Revenue, Federal Funds, Missouri Public Health Services Fund, and Childhood Lead Testing Fund

**Division of Senior & Disability- Home and Community Service Programs (Adult Protective Services and NME Program) - Section 10.690**

Pg. 261

**Description:** This section provides temporary protective services for eligible adults who have been victims of abuse, neglect, or financial exploitation. DHSS staff authorizes and arranges for short-term services to allow individuals to remain in their homes and communities. These in-home services can include personal care, nurse visits, adult day health care, respite care, home delivered meals, and counseling.

This core also includes Non-Medicaid Eligible Consumer Directed Services Program (NME), transferred by Executive Order 05-10 (2005) and modified by SB 74 and 49 (2005), SB 1084 (2006), and SB 577 (2007). This program provides services for consumers who are not eligible for Medicaid services to access state funding and direct care to meet their personal care needs. Individuals must meet annual eligibility requirements regarding income and assets and need assistance with activities of daily living. State statute places a cap on this program. No new participants may be enrolled.

(1) Additional funding for increased utilization and caseload growth is needed to continue the FY 2011 supplemental funding that pays for Home and Community Based (HCB) Services care provided to Missouri Medicaid participants receiving long-term care in their homes and communities as alternatives to care in nursing facilities. (2) Funding is also requested to continue 30 slots in the Physical Disabiliteis Waiver (PDW) requested as part of a FY-11 supplemental request. Caseload for this waiver continues to grow as individuals age out of the Healthy Children and Youth Program. (3) Additional funding is requested to pay for eligibility determination, intake, options counseling, transition planning costs and follow-up for participants in the expanded Money Follows the Person (MFP) Program and implementation of the Minimum Data Set (MDS) 3.0 Section Q.

The Physical Disablity Waiver (PDW) provides service coordination and authorization of private duty nursing, personal care, equipment, and supplies for Missourians over the age of 21 who are Medicaid eligible, have medically fragile conditions and require Private Duty Nursing. This program serves individuals who age out of the Healthy Children and Youth program. These individuals require nursing care equivalent to the level of care provided in a nursing facility. An increased number of participants with serious and complex medical needs will age out of the Healthy Children and Youth (HCY) program with Private Duty Nursing during FY 2012. Additional funding for the PDW program is requested due to program growth. Funding will support services for an additional 30 participants on the PDW program during FY 2012.
