32.115. 1. The department of revenue shall grant a tax credit, to be applied in the following order until used, against:

(1) The annual tax on gross premium receipts of insurance companies in chapter 148;

(2) The tax on banks determined pursuant to subdivision (2) of subsection 2 of section 148.030;

(3) The tax on banks determined in subdivision (1) of subsection 2 of section 148.030;

(4) The tax on other financial institutions in chapter 148;

(5) The corporation franchise tax in chapter 147;

(6) The state income tax in chapter 143; and

(7) The annual tax on gross receipts of express companies in chapter 153.

2. For proposals approved pursuant to section 32.110:

(1) The amount of the tax credit shall not exceed fifty percent of the total amount contributed during the taxable year by the business firm or, in the case of a financial institution, where applicable, during the relevant income period in programs approved pursuant to section 32.110;

(2) Except as provided in subsection 2 or 5 of this section, a tax credit of up to seventy percent may be allowed for contributions to programs where activities fall within the scope of special program priorities as defined with the approval of the governor in regulations promulgated by the director of the department of economic development;

(3) Except as provided in subsection 2 or 5 of this section, the tax credit allowed for contributions to programs located in any community shall be equal to seventy percent of the total amount contributed where such community is a city, town or village which has fifteen thousand or less inhabitants as of the last decennial census and is located in a county which is either located in:

(a) An area that is not part of a standard metropolitan statistical area;

(b) A standard metropolitan statistical area but such county has only one city, town or village which has more than fifteen thousand inhabitants; or

(c) A standard metropolitan statistical area and a substantial number of persons in such county derive their income from agriculture. Such community may also be in an unincorporated area in such county as provided in subdivision (1), (2) or (3) of this subsection. Except in no case shall the total economic benefit of the combined federal and state tax savings to the taxpayer exceed the amount contributed by the taxpayer during the tax year;

(4) Such tax credit allocation, equal to seventy percent of the total amount contributed, shall not exceed four million dollars in fiscal year 1999 and six million dollars in fiscal year 2000 and any subsequent fiscal year. When the maximum dollar limit on the seventy percent tax credit allocation is committed, the tax credit allocation for such programs shall then be equal to fifty percent credit of the total amount contributed. Regulations establishing special program priorities are to be promulgated during the first month of each fiscal year and at such times during the year as the public interest dictates. Such credit shall not exceed two hundred and fifty thousand dollars annually except as provided in subdivision (5) of this subsection. No tax credit shall be approved for any bank, bank and trust company, insurance company, trust company, national bank, savings association, or building and loan association for activities that are a part of its normal course of business. Any tax credit not used in the period the contribution was made may be carried over the next five succeeding calendar or fiscal years until the full credit has been claimed. Except as otherwise provided for proposals approved pursuant to section 32.111, 32.112 or 32.117, in no event shall the total amount of all other tax credits allowed pursuant to sections 32.100 to 32.125 exceed thirty-two million dollars in any one fiscal year, of which six million shall be credits allowed pursuant to section 135.460. If six million dollars in credits are not approved, then the remaining credits may be used for programs approved pursuant to sections 32.100 to 32.125;

(5) The credit may exceed two hundred fifty thousand dollars annually and shall not be limited if community services, crime prevention, education, job training, physical revitalization or economic development, as defined by section 32.105, is rendered in an area defined by federal or state law as an impoverished, economically distressed, or blighted area or as a neighborhood experiencing problems endangering its existence as a viable and stable neighborhood, or if the

community services, crime prevention, education, job training, physical revitalization or economic development is limited to impoverished persons.

3. For proposals approved pursuant to section 32.111:

(1) The amount of the tax credit shall not exceed fifty-five percent of the total amount invested in affordable housing assistance activities or market rate housing in distressed communities as defined in section 135.530 by a business firm. Whenever such investment is made in the form of an equity investment or a loan, as opposed to a donation alone, tax credits may be claimed only where the loan or equity investment is accompanied by a donation which is eligible for federal income tax charitable deduction, and where the total value of the tax credits herein plus the value of the federal income tax charitable deduction is less than or equal to the value of the donation. Any tax credit not used in the period for which the credit was approved may be carried over the next ten succeeding calendar or fiscal years until the full credit has been allowed. If the affordable housing units or market rate housing units in distressed communities for which a tax is claimed are within a larger structure, parts of which are not the subject of a tax credit claim, then expenditures applicable to the entire structure shall be reduced on a prorated basis in proportion to the ratio of the number of square feet devoted to the affordable housing units or market rate housing units in distressed communities, for purposes of determining the amount of the tax credit. The total amount of tax credit granted for programs approved pursuant to section 32.111 for the fiscal year beginning July 1, 1991, shall not exceed two million dollars, to be increased by no more than two million dollars each succeeding fiscal year, until the total tax credits that may be approved reaches ten million dollars in any fiscal year;

(2) For any year during the compliance period indicated in the land use restriction agreement, the owner of the affordable housing rental units for which a credit is being claimed shall certify to the commission that all tenants renting claimed units are income eligible for affordable housing units and that the rentals for each claimed unit are in compliance with the provisions of sections 32.100 to 32.125. The commission is authorized, in its discretion, to audit the records and accounts of the owner to verify such certification;

(3) In the case of owner-occupied affordable housing units, the qualifying owner occupant shall, before the end of the first year in which credits are claimed, certify to the commission that the occupant is income eligible during the preceding two years, and at the time of the initial purchase contract, but not

thereafter. The qualifying owner occupant shall further certify to the commission, before the end of the first year in which credits are claimed, that during the compliance period indicated in the land use restriction agreement, the cost of the affordable housing unit to the occupant for the claimed unit can reasonably be projected to be in compliance with the provisions of sections 32.100 to 32.125. Any succeeding owner occupant acquiring the affordable housing unit during the compliance period indicated in the land use restriction agreement shall make the same certification;

(4) If at any time during the compliance period the commission determines a project for which a proposal has been approved is not in compliance with the applicable provisions of sections 32.100 to 32.125 or rules promulgated therefor, the commission may within one hundred fifty days of notice to the owner either seek injunctive enforcement action against the owner, or seek legal damages against the owner representing the value of the tax credits, or foreclose on the lien in the land use restriction agreement, selling the project at a public sale, and paying to the owner the proceeds of the sale, less the costs of the sale and less the value of all tax credits allowed herein. The commission shall remit to the director of revenue the portion of the legal damages collected or the sale proceeds representing the value of the tax credits. However, except in the event of intentional fraud by the taxpayer, the proposal's certificate of eligibility for tax credits shall not be revoked.

4. For proposals approved pursuant to section 32.112, the amount of the tax credit shall not exceed fifty-five percent of the total amount contributed to a neighborhood organization by business firms. Any tax credit not used in the period for which the credit was approved may be carried over the next ten succeeding calendar or fiscal years until the full credit has been allowed. The total amount of tax credit granted for programs approved pursuant to section 32.112 shall not exceed one million dollars for each fiscal year.

5. The total amount of tax credits used for market rate housing in distressed communities pursuant to sections 32.100 to 32.125 shall not exceed thirty percent of the total amount of all tax credits authorized pursuant to sections 32.111 and 32.112.

6. Notwithstanding any provision of law to the contrary, except as otherwise provided under 620.2020, no tax credits provided under sections 32.100 to 32.125 shall be authorized on or after August 28, 2015. The provisions of this subsection shall not be construed to limit

or in any way impair the department's ability to issue tax credits authorized prior to August 28, 2015, or a taxpayer's ability to redeem such tax credits.

In no event shall the amount of tax credits issued by the department under this section exceed ten million dollars in any fiscal year.

Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and, if applicable, section 536.028. This section and chapter 536, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2011, shall be invalid and void.

5. Under section 23.253 of the Missouri sunset act:

(1) The provisions of the new program authorized under this section shall automatically sunset six years after August 28, 2011, unless reauthorized by an act of the general assembly; and

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset twelve years after the effective date of the reauthorization of this section; and

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset.

99.975. 1. No new applications made pursuant to sections 99.915 to 99.980 shall be approved after **[**January 1, 2013**]** **the effective date of this act**.

2. No applications made pursuant to sections 99.915 to 99.980 shall be approved prior to August 28, 2003, except for applications for projects that are located within a county for which public and individual assistance has been requested by the governor pursuant to section 401 of the Robert T. In no event shall the incremental increase include any amounts attributable to retail sales unless the Missouri development finance board and the department of economic development are satisfied based on information provided by the municipality or authority, and such entities have made a finding that a substantial portion of all but a de minimus portion of the sales tax increment attributable to retail sales is from new sources which did not exist in the state during the baseline year. The incremental increase for an existing facility shall be the amount of all state sales taxes generated pursuant to section 144.020 at the facility in excess of the amount of all state sales taxes generated pursuant to section 144.020 at the facility in the baseline year. The incremental increase in development project areas where the baseline year is the year following the year in which the development project is approved by the municipality pursuant to

100.286. 1. Within the discretion of the board, the development and reserve fund, the infrastructure development fund or the export finance fund may be pledged to secure the payment of any bonds or notes issued by the board, or to secure the payment of any loan made by the board or a participating lender which loan:

(3) Can reasonably be expected to provide a benefit to the economy of this state;

(6) Does not have a term longer than five years if such loan is made to finance export trade activities; and

(7) Is, when used to finance export trade activities, made to small or medium size businesses or agricultural businesses, as may be defined by the board.

2. The board shall prescribe standards for the evaluation of the financial condition, business history, and qualifications of each borrower and the terms and conditions of loans which may be secured, and may require each application to include a financial report and evaluation by an independent certified public accounting firm, in addition to such examination and evaluation as may be conducted by any participating lender.

3. Each application for a loan secured by the development and reserve fund, the infrastructure development fund or the export finance fund shall be reviewed in the first instance by any participating lender to whom the application was submitted. If satisfied that the standards prescribed by the board are met

and that the loan is otherwise eligible to be secured by the development and reserve fund, the infrastructure development fund or the export finance fund, the participating lender shall certify the same and forward the application for final approval to the board.

4. The securing of any loans by the development and reserve fund, the infrastructure development fund or the export finance fund shall be conditioned upon approval of the application by the board, and receipt of an annual reserve participation fee, as prescribed by the board, submitted by or on behalf of the borrower.

5. The securing of any loan by the export finance fund for export trade activities shall be conditioned upon the board's compliance with any applicable treaties and international agreements, such as the general agreement on tariffs and trade and the subsidies code, to which the United States is then a party.

6. Any taxpayer, including any charitable organization that is exempt from federal income tax and whose Missouri unrelated business taxable income, if any, would be subject to the state income tax imposed under chapter 143, may, subject to the limitations provided under subsection 8 of this section, receive a tax credit against any tax otherwise due under the provisions of chapter 143, excluding withholding tax imposed by sections 143.191 to 143.261, chapter 147, or chapter 148, in the amount of fifty percent of any amount contributed in money or property by the taxpayer to the development and reserve fund, the infrastructure development fund or the export finance fund during the taxpayer's tax year, provided, however, the total tax credits awarded in any calendar year beginning after January 1, 1994, shall not be the greater of ten million dollars or five percent of the average growth in general revenue receipts in the preceding three fiscal years. This limit may be exceeded only upon joint agreement by the commissioner of administration, the director of the department of economic development, and the director of the department of revenue that such action is essential to ensure retention or attraction of investment in Missouri. If the board receives, as a contribution, real property, the contributor at such contributor's own expense shall have two independent appraisals conducted by appraisers certified by the Master Appraisal Institute. Both appraisals shall be submitted to the board, and the tax credit certified by the board to the contributor shall be based upon the value of the lower of the two appraisals. The board shall not certify the tax credit until the property is deeded to the board. Such credit shall not apply to reserve participation fees paid by borrowers under sections 100.250

to 100.297. The portion of earned tax credits which exceeds the taxpayer's tax liability may be carried forward for up to five years.

7. Notwithstanding any provision of law to the contrary, any taxpayer may sell, assign, exchange, convey or otherwise transfer tax credits allowed in subsection 6 of this section under the terms and conditions prescribed in subdivisions (1) and (2) of this subsection. Such taxpayer, hereinafter the assignor for the purpose of this subsection, may sell, assign, exchange or otherwise transfer earned tax credits:

(1) For no less than seventy-five percent of the par value of such credits; and

(2) In an amount not to exceed one hundred percent of annual earned credits. The taxpayer acquiring earned credits, hereinafter the assignee for the purpose of this subsection, may use the acquired credits to offset up to one hundred percent of the tax liabilities otherwise imposed by chapter 143, excluding withholding tax imposed by sections 143.191 to 143.261, chapter 147, or chapter 148. Unused credits in the hands of the assignee may be carried forward for up to five years, provided all such credits shall be claimed within ten years following the tax years in which the contribution was made. The assignor shall enter into a written agreement with the assignee establishing the terms and conditions of the agreement and shall perfect such transfer by notifying the board in writing within thirty calendar days following the effective day of the transfer and shall provide any information as may be required by the board to administer and carry out the provisions of this section. Notwithstanding any other provision of law to the contrary, the amount received by the assignor of such tax credit shall be taxable as income of the assignor, and the excess of the par value of such credit over the amount paid by the assignee for such credit shall be taxable as income of the assignee.

8. Provisions of subsections 1 to 7 of this section to the contrary notwithstanding, no more than ten million dollars in tax credits provided under this section, may be authorized or approved annually. The limitation on tax credit authorization and approval provided under this subsection may be exceeded only upon mutual agreement, evidenced by a signed and properly notarized letter, by the commissioner of the office of administration, the director of the department of economic development, and the director of the department of revenue that such action is essential to ensure retention or attraction of investment in Missouri provided, however, that in no case shall more than twenty-five million dollars in

tax credits be authorized or approved during such year. Taxpayers shall file, with the board, an application for tax credits authorized under this section on a form provided by the board. The provisions of this subsection shall not be construed to limit or in any way impair the ability of the board to authorize tax credits for issuance for projects authorized or approved, by a vote of the board, on or before the thirtieth day following the effective date of this act, or a taxpayer's ability to redeem such tax credits.

9. Notwithstanding any provision of law to the contrary, no tax credits provided under this section shall be approved by the board on or after the effective date of this act. The provisions of this subsection shall not be construed to limit or in any way impair the board's ability to issue tax credits approved prior to the effective date of this act, or a taxpayer's ability to redeem such tax credits.

100.297. 1. The board may authorize a tax credit, as described in this section, to the owner of any revenue bonds or notes issued by the board pursuant to the provisions of sections 100.250 to 100.297, for infrastructure facilities as defined in subdivision (9) of section 100.255, if, prior to the issuance of such bonds or notes, the board determines that:

(1) The availability of such tax credit is a material inducement to the undertaking of the project in the state of Missouri and to the sale of the bonds or notes;

(2) The loan with respect to the project is adequately secured by a first deed of trust or mortgage or comparable lien, or other security satisfactory to the board.

2. Upon making the determinations specified in subsection 1 of this section, the board may declare that each owner of an issue of revenue bonds or notes shall be entitled, in lieu of any other deduction with respect to such bonds or notes, to a tax credit against any tax otherwise due by such owner pursuant to the provisions of chapter 143, excluding withholding tax imposed by sections 143.191 to 143.261, chapter 147, or chapter 148, in the amount of one hundred percent of the unpaid principal of and unpaid interest on such bonds or notes held by such owner in the taxable year of such owner following the calendar year of the default of the loan by the borrower with respect to the project. The occurrence of a default shall be governed by documents authorizing the issuance of the bonds. The tax credit allowed pursuant to this section shall be available to the original owners of the bonds or notes or any subsequent owner or owners

thereof. Once an owner is entitled to a claim, any such tax credits shall be transferable as provided in subsection 7 of section 100.286. Notwithstanding any provision of Missouri law to the contrary, any portion of the tax credit to which any owner of a revenue bond or note is entitled pursuant to this section which exceeds the total income tax liability of such owner of a revenue bond or note shall be carried forward and allowed as a credit against any future taxes imposed on such owner within the next ten years pursuant to the provisions of chapter 143, excluding withholding tax imposed by sections 143.191 to 143.261, chapter 147, or chapter 148. The eligibility of the owner of any revenue bond or note issued pursuant to the provisions of sections 100.250 to 100.297 for the tax credit provided by this section shall be expressly stated on the face of each such bond or note. The tax credit allowed pursuant to this section shall also be available to any financial institution or guarantor which executes any credit facility as security for bonds issued pursuant to this section to the same extent as if such financial institution or guarantor was an owner of the bonds or notes, provided however, in such case the tax credits provided by this section shall be available immediately following any default of the loan by the borrower with respect to the project. In addition to reimbursing the financial institution or guarantor for claims relating to unpaid principal and interest, such claim may include payment of any unpaid fees imposed by such financial institution or guarantor for use of the credit facility.

3. The aggregate principal amount of revenue bonds or notes outstanding at any time with respect to which the tax credit provided in this section shall be available shall not exceed fifty million dollars.

4. Notwithstanding any provision of law to the contrary, no tax credits provided under this section shall be approved by the board on or after the effective date of this act. The provisions of this subsection shall not be construed to limit or in any way impair the board's ability to issue tax credits approved prior to the effective date of this act, or a taxpayer's ability to redeem such tax credits.

(1) The term "maximum upper limit" shall, for each calendar year after December 31, 1997, but before calendar year 2008, be the sum of twenty-five thousand dollars. For all calendar years beginning on or after January 1, 2008, the maximum upper limit shall be the sum of twenty-seven thousand five hundred dollars. In the case of a homestead owned and occupied for the entire

year by the claimant, the maximum upper limit shall be the sum of thirty thousand dollars;

(2) The term "minimum base" shall, for each calendar year after December 31, 1997, but before calendar year 2008, be the sum of thirteen thousand dollars. For all calendar years beginning on or after January 1, 2008, the minimum base shall be the sum of fourteen thousand three hundred dollars.

2. If the income on a return is equal to or less than the maximum upper limit for the calendar year for which the return is filed, the property tax credit shall be determined from a table of credits based upon the amount by which the total property tax described in section 135.025 exceeds the percent of income in the following list:

If the income on the return is:	The percent is:
Not over the minimum base	0 percent with credit not to exceed $1,100 in actual property tax or rent equivalent paid up to $750

The director of revenue shall prescribe a table based upon the preceding sentences. The property tax shall be in increments of twenty-five dollars and the income in increments of three hundred dollars. The credit shall be the amount rounded to the nearest whole dollar computed on the basis of the property tax and income at the midpoints of each increment. As used in this subsection, the term "accumulative" means an increase by continuous or repeated application of the percent to the income increment at each three hundred dollar level.

3. Notwithstanding subsection 4 of section 32.057, the department of revenue or any duly authorized employee or agent shall determine whether any taxpayer filing a report or return with the department of revenue who has not applied for the credit allowed pursuant to section 135.020 may qualify for the credit, and shall notify any qualified claimant of the claimant's potential eligibility, where the department determines such potential eligibility exists.

4. For each calendar year beginning on or after January 1, 2011, tax credit awards to taxpayers for rent constituting property taxes actually paid shall determined by applying the formula provided under

subsections 1 and 2 of this subsection with such amount to be reduced by:

(1) Seventeen percent for the calendar year beginning on or after January 1, 2011, but ending on or before December 31, 2011;

(5) Eighty-three percent for the calendar year beginning on or after January 1, 2015, but ending on or before December 31, 2015; and

(6) One hundred percent for all calendar years beginning on or after January 1, 2016.

5. The director of the department of revenue shall annually calculate the amount of appropriation necessary to offset the reductions to the amount of property tax credits awarded for rent constituting property taxes actually paid provided under subsection 4 of this section. Beginning with the budget request for fiscal year 2013, the director of the department of revenue shall annually request such amount be transferred from the general revenue fund to the Missouri property tax credit for rent constituting property taxes actually paid fund. The money in the Missouri property tax credit for rent constituting property taxes actually paid fund shall be appropriated to offset reductions to the amount of property tax credits awarded for rent constituting property taxes actually paid. Upon appropriation, the director of the department of revenue shall determine the applicable percentage of the amount appropriated relative to the amount of appropriation requested by the director of the department of revenue. The director of revenue shall issue a refund to taxpayers that received a property tax credit for rent constituting property taxes actually paid in the immediately preceding fiscal year in an amount equal to the applicable percentage applied to the dollar amount of the reduction realized by such taxpayer due to the provisions of subsection 4 of this section. Refunds provided to a taxpayer under this subsection shall not exceed the dollar amount of the reduction realized by such taxpayer due to the provisions of subsection 4 of this section.

6. There is hereby created in the state treasury the "Missouri Property Tax Credit for Rent Constituting Property Taxes Actually Paid Fund" which shall consist of money collected under this section. The state treasurer shall be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements. The fund shall be a dedicated fund and, upon appropriation, money in the fund shall be used solely for the administration of this section. Notwithstanding the provisions of section 33.080, to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

7. Notwithstanding any provision of law to the contrary, no tax credits provided under sections 135.010 to 135.030 shall be authorized on or after August 28, 2018. The provisions of this subsection shall not be construed to limit or in any way impair the department's ability to issue tax credits authorized prior to August 28, 2018, or a taxpayer's ability to redeem such tax credits.

equal to the total amount of the property taxes on the surviving spouse's homestead paid during the tax year for which the credit is claimed. A surviving spouse may claim the credit authorized under this section for each tax year beginning the year of death of the public safety officer spouse until the tax year in which the surviving spouse remarries. No credit shall be allowed for the tax year in which the surviving spouse remarries. If the amount allowable as a credit exceeds the income tax reduced by other credits, then the excess shall be considered an overpayment of the income tax.

3. The department of revenue shall promulgate rules to implement the provisions of this section.

4. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

5. Notwithstanding any provision of law to the contrary, any individual or business entity may assign, transfer or sell tax credits allowed in this section. Any sale of tax credits claimed pursuant to this section shall be at a discount rate of seventy-five percent or greater of the amount sold.

6. The director of revenue shall establish a procedure by which, for each fiscal year, the cumulative amount of tax credits authorized in this section is equally apportioned among all taxpayers within the two categories specified in subsection 3 of this section claiming the credit in that fiscal year. To the maximum extent possible, the director of revenue shall establish the procedure described in this subsection in such a manner as to ensure that taxpayers within each category can claim all the tax credits possible up to the cumulative amount of tax credits available for the fiscal year.

Any tax credit not used in the period for which the credit was approved may be carried over until the full credit has been allowed.

8. A Missouri employer relocating into a distressed community and having employees covered by a collective bargaining agreement at the facility from which it is relocating shall not be eligible for the credits in subsection 1, 3, 4 or 5 of this section, and its employees shall not be eligible for the credit in subsection 2 of this section if the relocation violates or terminates a collective bargaining agreement covering employees at the facility, unless the affected collective bargaining unit concurs with the move.

(4) "Taxpayer", a person, firm, a partner in a firm, corporation or a shareholder in an S corporation doing business in the state of Missouri and subject to the state income tax imposed by the provisions of chapter 143, or a corporation subject to the annual corporation franchise tax imposed by the provisions of chapter 147, including any charitable organization which is exempt from federal income tax and whose Missouri unrelated business taxable income, if any, would be subject to the state income tax imposed under chapter 143, or an

insurance company paying an annual tax on its gross premium receipts in this state, or other financial institution paying taxes to the state of Missouri or any political subdivision of this state pursuant to the provisions of chapter 148, or an express company which pays an annual tax on its gross receipts in this state pursuant to chapter 153, or an individual subject to the state income tax imposed by the provisions of chapter 143.

2. A taxpayer shall be allowed to claim a tax credit against the taxpayer's state tax liability, in an amount equal to fifty percent of the amount such taxpayer contributed to a shelter for victims of domestic violence.

3. The amount of the tax credit claimed shall not exceed the amount of the taxpayer's state tax liability for the taxable year that the credit is claimed, and such taxpayer shall not be allowed to claim a tax credit in excess of fifty thousand dollars per taxable year. However, any tax credit that cannot be claimed in the taxable year the contribution was made may be carried over to the next four succeeding taxable years until the full credit has been claimed.

4. Except for any excess credit which is carried over pursuant to subsection 3 of this section, a taxpayer shall not be allowed to claim a tax credit unless the total amount of such taxpayer's contribution or contributions to a shelter or shelters for victims of domestic violence in such taxpayer's taxable year has a value of at least one hundred dollars.

The director of the department of social services shall classify a facility as a shelter for victims of domestic violence if such facility meets the definition set forth in subsection 1 of this section.

6. The director of the department of social services shall establish a procedure by which a taxpayer can determine if a facility has been classified as a shelter for victims of domestic violence, and by which such taxpayer can then contribute to such shelter for victims of domestic violence and claim a tax credit. Shelters for victims of domestic violence shall be permitted to decline a contribution from a taxpayer. The cumulative amount of tax credits which may be claimed by all the taxpayers contributing to shelters for victims of domestic violence in any one fiscal year shall not exceed two million dollars.

7. The director of the department of social services shall establish a procedure by which, from the beginning of the fiscal year until some point in time later in the fiscal year to be determined by the director of the department of social services, the cumulative amount of tax credits are equally apportioned among all facilities classified as shelters for victims of domestic violence. If a shelter for victims of domestic violence fails to use all, or some percentage to be determined by the director of the department of social services, of its apportioned tax credits during this predetermined period of time, the director of the department of social services may reapportion these unused tax credits to those shelters for victims of domestic violence that have used all, or some percentage to be determined by the director of the department of social services, of their apportioned tax credits during this predetermined period of time. The director of the department of social services may establish more than one period of time and reapportion more than once during each fiscal year. To the maximum extent possible, the director of the department of social services shall establish the procedure described in this subsection in such a manner as to ensure that taxpayers can claim all the tax credits possible up to the cumulative amount of tax credits available for the fiscal year.

8. This section shall become effective January 1, 2000, and shall apply to all tax years after December 31, 1999.

9. Notwithstanding any provision of law to the contrary, no tax credits provided under this section shall be authorized on or after August 28, 2015. The provisions of this subsection shall not be construed to limit or in any way impair the department's ability to issue tax credits authorized prior to August 28, 2015, or a taxpayer's ability to redeem such tax credits.

135.562. 1. If any taxpayer with a federal adjusted gross income of thirty thousand dollars or less incurs costs for the purpose of making all or any portion of such taxpayer's principal dwelling accessible to an individual with a disability who permanently resides with the taxpayer, such taxpayer shall receive a tax credit against such taxpayer's Missouri income tax liability in an amount equal to the lesser of one hundred percent of such costs or two thousand five hundred dollars per taxpayer, per tax year.

2. Any taxpayer with a federal adjusted gross income greater than thirty thousand dollars but less than sixty thousand dollars who incurs costs for the purpose of making all or any portion of such taxpayer's principal dwelling

No taxpayer shall be eligible to receive tax credits under this section in any tax year immediately following a tax year in which such taxpayer received tax credits under the provisions of this section.

6. A taxpayer shall claim a credit allowed by this section in the same taxable year as the credit is issued, and at the time such taxpayer files his or her Missouri income tax return; provided that such return is timely filed.

7. The department may, in consultation with the department of social services, promulgate such rules or regulations as are necessary to administer the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to

10. An administering agency may, by rule, require additional information to be submitted by an applicant. Any rule or portion of a rule, as that term is defined in section 536.010, that is created pursuant to the authority delegated in

this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be void.

Such delinquency shall not affect the authorization of the application for such tax credits, except that the amount of credits issued shall be reduced by the applicant's tax delinquency. If the department of revenue or the department of insurance, financial institutions and professional registration concludes that a taxpayer is delinquent after June fifteenth but before July first of any year, and the application of tax credits to such delinquency causes a tax deficiency on behalf of the taxpayer to arise, then the taxpayer shall be granted thirty days to satisfy the deficiency in which interest, penalties, and additions to tax shall be tolled. After applying all available credits towards a tax delinquency, the administering agency shall notify the appropriate department, and that department shall update the amount of outstanding delinquent tax owed by the applicant. If any credits remain after satisfying all insurance, income, sales, and use tax delinquencies, the remaining credits shall be issued to the applicant, subject to the restrictions of other provisions of law.

3. **The committee on legislative research shall conduct a review of any tax credit program, in the manner provided under the provisions of sections 23.250 to 23.298, by September first of the calendar year prior to the year in which tax credit authorizations or issuances will be prohibited for such tax credit program.**

4. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void.

2. Beginning August 28, 2011, in addition to the exemptions granted under chapter 144, project taxpayers for a new data storage center project shall be entitled, for a project period not to exceed fifteen years from the date of conditional approval under this section and subject to the requirements of subsection 3 of this section, to an exemption of one hundred percent of the state and local sales and use taxes defined, levied, or calculated under section 32.085, sections

144.010 to 144.525, sections 144.600 to 144.761, or section 238.235, limited to the net fiscal benefit of the state calculated over a ten year period, on:

(1) All electrical energy, gas, water, and other utilities including telecommunication and internet services used in a new data storage center;

(2) All machinery, equipment, and computers used in any new data storage center; and

(3) All sales at retail of tangible personal property and materials for the purpose of constructing any new data storage center.

The amount of any exemption provided under this subsection shall not exceed the projected net fiscal benefit to the state over a period of ten years, as determined by the department of economic development using the Regional Economic Modeling, Inc. dataset or comparable data.

3. Any data storage center project seeking a tax exemption under subsection 2 of this section shall submit a project plan to the department of economic development, which shall identify each known constructing taxpayer and known operating taxpayer for the project and include any additional information the department of economic development may require to determine eligibility for the exemption. The department of economic development shall review the project plan and determine whether the project is eligible for the exemption under subsection 2 of this section, conditional upon subsequent verification by the department that the project meets the requirements in subsection 1 of this section for a new facility. The department of economic development shall convey such conditional approval to the department of revenue and the identified project taxpayers. After a conditionally approved new facility has met the requirements in subsection 1 of this section for a new facility and the execution of the agreement specified in subsection 6 of this section, the project taxpayers shall provide proof of the same to the department of economic development. Upon verification of such proof, the department of economic development shall certify the new facility to the department of revenue as being eligible for the exemption dating retroactively to the first day of the thirty-six month period. The department of revenue, upon receipt of adequate proof of the amount of sales taxes paid since the first day of the thirty-six month period,

shall issue a refund of taxes paid but eligible for exemption under subsection 2 of this section to each operating taxpayer and each constructing taxpayer and issue a certificate of exemption to each new project taxpayer for ongoing exemptions under subsection 2 of this section.

4. Beginning August 28, 2011, in addition to the exemptions granted under chapter 144, upon approval by the department of economic development, project taxpayers for expanding data center projects may, for a period not to exceed ten years, be specifically exempted from state and local sales and use taxes defined, levied, or calculated under section 32.085, sections 144.010 to 144.525, sections 144.600 to 144.761, or section 238.235 on:

(1) All electrical energy, gas, water, and other utilities including telecommunication and internet services used in an expanding data storage center which, on an annual basis, exceeds the amount of electrical energy, gas, water, and other utilities including telecommunication and internet services used in the existing facility or the replaced facility prior to the expansion. For purposes of this subdivision only, "amount" shall be measured in kilowatt hours, gallons, cubic feet, or other measures applicable to a utility service as opposed to in dollars, to account for increases in utility rates;

(2) All machinery, equipment, and computers used in any expanding data storage center, the cost of which, on an annual basis, exceeds the average of the previous three years' expenditures on machinery, equipment, and computers at the existing facility or the replaced facility prior to the expansion. Existing facilities or replaced facilities in existence for less than three years shall have the average expenditures calculated based upon the applicable time of existence; and

(3) All sales at retail of tangible personal property and materials for the purpose of constructing, repairing, or remodeling any expanding data storage center.

The amount of any exemption provided under this subsection shall not exceed the projected net fiscal benefit to the state over a period of ten years, as determined by the department of economic development.

5. Any data storage center project seeking a tax exemption under subsection 4 of this section shall submit a project plan to the

department of economic development, which shall identify each known constructing taxpayer and each known operating taxpayer for the project and include any additional information the department of economic development may reasonably require to determine eligibility for the exemption. The department of economic development shall review the project plan and determine whether the project is eligible for the exemption under subsection 4 of this section, conditional upon subsequent verification by the department that the project meets the requirements in subsection 1 of this section for an expanding facility project and the execution of the agreement specified in subsection 6 of this section. The department of economic development shall convey such conditional approval to the department of revenue and the identified project taxpayers. After a conditional approved facility has met the requirements in subsection 1 of this section, the project taxpayers shall provide proof of the same to the department of economic development. Upon verification of such proof, the department of economic development shall certify the project to the department of revenue as being eligible for the exemption dating retroactively to the first day of the thirty-six month period. The department of revenue, upon receipt of adequate proof of the amount of sales taxes paid since the first day of the thirty-six month period, shall issue a refund of taxes paid but eligible for exemption under subsection 4 of this section to any applicable project taxpayer and issue a certificate of exemption to any applicable project taxpayer for ongoing exemptions under subsection 4 of this section.

6. The exemptions in subsections 2 and 4 of this section shall be tied to the new or expanding facility project. A certificate of exemption in the hands of a taxpayer that is no longer an operating or constructing taxpayer of the new or expanding facility project shall be invalid as of the date the taxpayer was no longer an operating or constructing taxpayer of the new or expanding facility project. New certificates of exemption shall be issued to successor constructing taxpayers and operating taxpayers at such new or expanding facility projects. The right to the exemption by successor taxpayers shall exist without regard to subsequent levels of investment in the new or expanding facility by successor taxpayers.

(1) As a condition of receiving an exemption under subsections

2 or 4 of this section, the project taxpayers shall enter into an agreement with the department of economic development providing for repayment penalties in the event the data storage center project fails to comply with any of the requirements of this section.

(2) The department of revenue shall credit any amounts remitted by the project taxpayers under this subsection to the fund to which the sales and use taxes exempted would have otherwise been credited.

7. The department of economic development and the department of revenue shall cooperate in conducting random audits to ensure that the intent of this section is followed.

8. Notwithstanding any other provision of law to the contrary, no recipient of an exemption pursuant to this section shall be eligible for benefits under any business recruitment tax credit, as defined in section 135.800.

9. The department of economic development and the department of revenue shall jointly prescribe such rules and regulations necessary to carry out the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2011, shall be invalid and void.

196.1109. All moneys that are appropriated by the general assembly from the life sciences research trust fund shall be appropriated to the life sciences research board to increase the capacity for quality of life sciences research at public and private not-for-profit institutions in the state of Missouri and to thereby:

(1) Improve the quantity and quality of life sciences research at public and private not-for-profit institutions, including but not limited to basic research (including the discovery of new knowledge), translational research (including translating knowledge into a usable form), and clinical research (including the literal application of a therapy or intervention to determine its efficacy), including but not limited to health research in human development and aging, cancer,

endocrine, cardiovascular, neurological, pulmonary, and infectious disease, and plant sciences, including but not limited to nutrition and food safety; and

(2) Enhance technology transfer and technology commercialization derived from research at public and private not-for-profit institutions within the centers for excellence. For purposes of sections 196.1100 to 196.1130, "technology transfer and technology commercialization" includes stages of the regular business cycle occurring after research and development of a life science technology, including but not limited to reduction to practice, proof of concept, and achieving federal Food and Drug Administration, United States Department of Agriculture, or other regulatory requirements in addition to the definition in section 348.251. Funds received by the board may be used for purposes authorized in sections 196.1100 to 196.1130 and shall be subject to the restrictions of sections 196.1100 to 196.1130, including but not limited to the costs of personnel, supplies, equipment, and renovation or construction of physical facilities; provided that in any single fiscal year no more than **[**ten**]** **thirty** percent of the moneys appropriated shall be used for the construction of physical facilities and further provided that in any fiscal year **up to** eighty percent of the moneys shall be appropriated to build research capacity at public and private not-for-profit institutions and **at least** twenty percent **and no more than fifty percent** of the moneys shall be appropriated for grants to public or private not-for-profit institutions to promote life science technology transfer and technology commercialization. Of the moneys appropriated to build research capacity, twenty percent of the moneys shall be appropriated to promote the development of research of tobacco-related illnesses.

196.1115. 1. The moneys appropriated to the life sciences research board that are not distributed by the board in any fiscal year to a center for excellence or a center for excellence endorsed program pursuant to section 196.1112, if any, shall be held in reserve by the board or shall be awarded on the basis of peer review panel recommendations for capacity building initiatives proposed by public and private not-for-profit academic, research, or health care institutions or organizations, or individuals engaged in competitive research in targeted fields consistent with the provisions of sections 196.1100 to 196.1130.

2. The life sciences research board may, in view of the limitations expressed in section 196.1130:

3. **The Missouri technology corporation, established under section 348.251, shall serve as the administrative agent for the life sciences research board.**

4. The life sciences research board shall utilize as much of the moneys as reasonably possible for building capacity at public and private not-for-profit institutions to do research rather than for administrative expenses. The board shall not in any fiscal year expend more than two percent of the total moneys appropriated to it and of the moneys that it has in reserve or has received from other sources for its own administrative expenses **for appropriations over twenty million dollars; three percent for appropriations less than twenty million dollars but more than fifteen million dollars; four percent for appropriations less than fifteen million dollars but more than ten million dollars; five percent for appropriations less than ten million dollars**; provided, however, that the general assembly by appropriation from the life sciences research trust fund may authorize a limited amount of additional moneys to be expended for administrative costs.

208.770. 1. Moneys deposited in or withdrawn pursuant to subsection 1 of section 208.760 from a family development account by an account holder are exempted from taxation pursuant to chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, and chapter 147, 148 or 153 provided, however, that any money withdrawn for an unapproved use should be subject to tax as required by law.

2. Interest earned by a family development account is exempted from taxation pursuant to chapter 143.

3. Any funds in a family development account, including accrued interest, shall be disregarded when determining eligibility to receive, or the amount of, any public assistance or benefits.

4. A program contributor shall be allowed a credit against the tax imposed by chapter 143, excluding withholding tax imposed by sections 143.191 to

143.265, and chapter 147, 148 or 153, pursuant to sections 208.750 to 208.775. **For all taxable years ending on or before December 31, 2011,** contributions up to fifty thousand dollars per program contributor are eligible for the tax credit which shall not exceed fifty percent of the contribution amount. **For all taxable years beginning on or after January 1, 2012, program contributors shall be eligible for the tax credit which shall not exceed fifty percent of the amount of contributions made, if such contributions are equal to or less than one thousand dollars. In addition to the fifty percent credit allowed for contributions equal to or less than one thousand dollars provided under this subsection, program contributors that make contributions in excess of one thousand dollars, shall be eligible for a credit equal to thirty-five percent of such excess. Tax credits provided under this section may be transferred, sold, or assigned.**

5. The department of economic development shall verify all tax credit claims by contributors. The administrator of the community-based organization, with the cooperation of the participating financial institutions, shall submit the names of contributors and the total amount each contributor contributes to a family development account reserve fund for the calendar year. The director shall determine the date by which such information shall be submitted to the department by the local administrator. The department shall submit verification of qualified tax credits pursuant to sections 208.750 to 208.775 to the department of revenue.

6. For all fiscal years ending on or before June 30, 2010, the total tax credits authorized pursuant to sections 208.750 to 208.775 shall not exceed four million dollars in any fiscal year. 7. Notwithstanding any provision of law to the contrary, no tax credits provided under this section shall be authorized on or after August 28, 2015. The provisions of this subsection shall not be construed to limit or in any way impair the department's ability to issue tax credits authorized prior to August 28, 2015, or a taxpayer's ability to redeem such tax credits.

Appropriations provided under this subsection shall only be made in the annual appropriation bill relating to public debt.

(3) There is hereby created in the state treasury the "Missouri Historic Preservation Small Project Tax Credit Fund", which shall consist of money appropriated under this subsection. The state treasurer shall be custodian of the fund and may approve disbursements from the fund in accordance with sections 30.170 and 30.180. Upon appropriation, money in the fund shall be used solely for the administration of this subsection. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund for tax credits which have been authorized but not yet redeemed at the end of the fiscal year shall not revert to the credit of the general revenue fund. Any moneys remaining in the fund at the end of the fiscal year for any tax credits which remain unauthorized at the end of the fiscal year shall revert to the credit of the general revenue fund. Provisions of section 32.057 to the contrary notwithstanding, the department of revenue shall notify the department of economic development upon redemption of each tax credit authorized under the provisions of this subdivision. Upon such notification, an amount equal to the tax credits redeemed shall be transferred from the fund created in this subdivision to the general revenue fund. In the event the department of economic development determines that any tax credit authorized under this subsection is precluded from being redeemed due to contractual agreement entered into by the department and the tax credit applicant

or is otherwise precluded by law from being redeemed, an amount equal to such tax credit shall be transferred from the fund created in this subdivision to the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the general revenue fund at the end of each fiscal year.

(4) Subject to appropriation to the Missouri historic preservation small project tax credit fund, the amount of tax credits which may be approved under this subdivision (1) of this subsection may be increased:

(e) By an amount equal to the lesser of the amount appropriated or five million dollars for all fiscal years beginning on or after July 1, 2015.

9. The limitations on tax credit authorization provided under the provisions of subsection 8 of this section, shall not apply to:

(1) Any application submitted by a taxpayer, which has received approval from the department prior to July 1, 2011; or

(2) Any application for tax credits provided under this section for a project, which on or before July 1, 2011:

253.557. 1. If the amount of such credit exceeds the total tax liability for the year in which the rehabilitated property is placed in service, the amount that exceeds the state tax liability may be carried back to any of the three preceding years and carried forward for credit against the taxes imposed pursuant to chapter 143 and chapter 148, except for sections 143.191 to 143.265 for the succeeding ten years, or until the full credit is used, whichever occurs first. **For all tax credits authorized under the provisions of sections 253.545 to 253.559 on or after July 1, 2011, if the total amount of such credit exceeds the total tax liability for the year in which the rehabilitated property is placed in service, the amount that exceeds the state tax liability may be carried back to the preceding year and carried forward for credit against the taxes imposed pursuant to chapter 143 and chapter 148, except for sections 143.191 to 143.265 for the succeeding five years, or until the full credit is used, whichever occurs first.** Not-for-profit entities, including but not limited to corporations organized as not-for-profit corporations pursuant to chapter 355 shall be ineligible for the tax credits authorized under sections 253.545 [through 253.561] **to 253.559. Any taxpayer that receives state tax credits under the provisions of sections 135.350 to 135.363 for a project that is not financed through tax exempt bonds issuance shall be ineligible for the state tax credits authorized under sections 253.545 to 253.559 for the same project**. Taxpayers eligible for such tax credits may transfer, sell or assign the credits **to any other taxpayer including, but not limited to, a not-for-profit entity**. Credits granted to a partnership, a limited liability company taxed as a partnership or multiple owners of property shall be passed through to the partners, members or owners **including, but not limited to, any not-for-profit entity that is a partner, member, or owner,** respectively pro rata or pursuant to an executed agreement among [the] **such** partners, members or owners documenting an alternate distribution method.

2. The assignee of the tax credits, hereinafter the assignee for purposes of this subsection, may use acquired credits to offset up to one hundred percent of the tax liabilities otherwise imposed pursuant to chapter 143 and chapter 148,

except for sections 143.191 to 143.265. The assignor shall perfect such transfer by notifying the department of economic development in writing within thirty calendar days following the effective date of the transfer and shall provide any information as may be required by the department of economic development to administer and carry out the provisions of this section.

253.559. 1. To obtain approval for tax credits allowed under sections 253.545 to 253.559, a taxpayer shall submit an application for tax credits to the department of economic development. Each application for approval, including any applications received for supplemental allocations of tax credits as provided under subsection 8 of this section, shall be prioritized for review and approval, in the order of the date on which the application was postmarked, with the oldest postmarked date receiving priority. Applications postmarked on the same day shall go through a lottery process to determine the order in which such applications shall be reviewed.

2. Each application shall be reviewed by the department of economic development for approval. In order to receive approval, an application, other than applications submitted under the provisions of subsection 8 of this section, shall include:

(1) Proof of ownership or site control. Proof of ownership shall include evidence that the taxpayer is the fee simple owner of the eligible property, such as a warranty deed or a closing statement. Proof of site control may be evidenced by a leasehold interest or an option to acquire such an interest. If the taxpayer is in the process of acquiring fee simple ownership, proof of site control shall include an executed sales contract or an executed option to purchase the eligible property;

(2) Floor plans of the existing structure, architectural plans, and, where applicable, plans of the proposed alterations to the structure, as well as proposed additions;

(3) The estimated cost of rehabilitation, the anticipated total costs of the project, the actual basis of the property, as shown by proof of actual acquisition costs, the anticipated total labor costs, the estimated project start date, and the estimated project completion date;

(4) Proof that the property is an eligible property and a certified historic structure or a structure in a certified historic district; and

(5) Any other information which the department of economic development may reasonably require to review the project for approval. Only the property for

which a property address is provided in the application shall be reviewed for approval. Once selected for review, a taxpayer shall not be permitted to request the review of another property for approval in the place of the property contained in such application. Any disapproved application shall be removed from the review process. If an application is removed from the review process, the department of economic development shall notify the taxpayer in writing of the decision to remove such application. Disapproved applications shall lose priority in the review process. A disapproved application, which is removed from the review process, may be resubmitted, but shall be deemed to be a new submission for purposes of the priority procedures described in this section.

3. If the department of economic development deems the application sufficient, the taxpayer shall be notified in writing of the approval for an amount of tax credits equal to the amount provided under section 253.550 less any amount of tax credits previously approved. Such approvals shall be granted to applications in the order of priority established under this section and shall require full compliance thereafter with all other requirements of law as a condition to any claim for such credits.

4. Following approval of an application, the identity of the taxpayer contained in such application shall not be modified except:

(1) The taxpayer may add partners, members, or shareholders as part of the ownership structure, so long as the principal remains the same, provided however, that subsequent to the commencement of renovation and the expenditure of at least ten percent of the proposed rehabilitation budget, removal of the principal for failure to perform duties and the appointment of a new principal thereafter shall not constitute a change of the principal; or

(2) Where the ownership of the project is changed due to a foreclosure, deed in lieu of a foreclosure or voluntary conveyance, or a transfer in bankruptcy. **Upon any such change in ownership, the taxpayer contained in such application shall notify the department of such change.**

5. In the event that the department of economic development grants approval for tax credits equal to the **applicable** total amount available under subsection 2**, 5, or 8** of section 253.550, or sufficient that when totaled with all other approvals, the **applicable** amount available under subsection 2**, 5, or 8** of section 253.550 is exhausted, all taxpayers with applications then awaiting approval or thereafter submitted for approval shall be notified by the department of economic development that no additional approvals shall be granted during the

fiscal year and shall be notified of the priority given to such taxpayer's application then awaiting approval. Such applications shall be kept on file by the department of economic development and shall be considered for approval for tax credits in the order established in this section in the event that additional credits become available due to the rescission of approvals or when a new fiscal year's allocation of credits becomes available for approval.

6. All taxpayers with applications receiving approval on or after the effective date of this act shall commence rehabilitation within two years of the date of issuance of the letter from the department of economic development granting the approval for tax credits. "Commencement of rehabilitation" shall mean that as of the date in which actual physical work, contemplated by the architectural plans submitted with the application, has begun, the taxpayer has incurred no less than ten percent of the estimated costs of rehabilitation provided in the application. Taxpayers with approval of a project shall submit evidence of compliance with the provisions of this subsection. If the department of economic development determines that a taxpayer has failed to comply with the requirements provided under this section, the approval for the amount of tax credits for such taxpayer shall be rescinded and such amount of tax credits shall then be included in the **applicable** total amount of tax credits, provided under subsection 2**, 5, or 8** of section 253.550, from which approvals may be granted. Any taxpayer whose approval shall be subject to rescission shall be notified of such from the department of economic development and, upon receipt of such notice, may submit a new application for the project.

A taxpayer receiving an initial tax credit issuance shall receive tax credit certificates in an amount equal to the lesser of seventy-five percent of the total amount of tax credits for which the taxpayer is eligible under sections 253.550 to 253.559, as certified in the cost and expense certification, or the amount of tax credits approved for such project under subsection 3 of this section. Within one hundred and fifty calendar days following receipt of a taxpayer's application for final approval and tax credit issuance, the department shall determine the final amount of eligible rehabilitation costs and expenses. If the department of economic development determines that the amount of tax credits issued to a taxpayer in the initial tax credit issuance is in excess of the total amount of tax credits such taxpayer is eligible to receive under sections 253.550 to 253.559, the department shall notify such taxpayer and such taxpayer shall repay the state an amount equal to such excess.** For financial institutions credits authorized pursuant to sections 253.550 to 253.561 shall be deemed to be economic development credits for purposes of section 148.064. The approval of all applications and the issuing of certificates of eligible credits to taxpayers shall be performed by the department of economic development. **[**The department of economic development shall inform a taxpayer of final approval by letter and shall issue, to the taxpayer, tax credit certificates.**]** The taxpayer shall attach the certificate to all Missouri income tax returns on which the credit is claimed. **Taxpayers which receive tax credit certificates under sections 253.550 to 253.559, attributable to accrued developer fees shall, within six years of completion of rehabilitation, submit an additional cost and expense certification verifying the total amount of developer fees actually accrued and paid. To the extent the amount of developer fees contained in a taxpayer's cost and expense certification included with such taxpayer's application for final approval and tax credit issuance exceeds the amount of developer fees actually accrued and paid, as evidenced by the additional cost and expense certification, such taxpayer shall repay to the state an amount equal to twenty-five percent of such excess.**

8. Except as expressly provided in this subsection, tax credit certificates shall be issued in the final year that costs and expenses of rehabilitation of the project are incurred, or within the twelve-month period immediately following the conclusion of such rehabilitation. In the event the amount of eligible rehabilitation costs and expenses incurred by a taxpayer would result in the issuance of an amount of tax credits in excess of the amount provided under such taxpayer's approval granted under subsection 3 of this section, such taxpayer may apply to the department for issuance of tax credits in an amount equal to such excess. Applications for issuance of tax credits in excess of the amount provided under a taxpayer's application shall be made on a form prescribed by the department. Such applications shall be subject to all provisions regarding priority provided under subsection 1 of this section.

(4) The eligible project operates in compliance with applicable environmental laws and regulations, including permitting and registration requirements, of this state as well as the federal and local requirements;

(5) The eligible project operator shall file such reports as may be required by the director of economic development or the director's designee;

(6) The taxpayer may claim the state tax credits authorized by this subsection and the state income exemption for a period not in excess of ten consecutive tax years. For the purpose of this section, "taxpayer" means an individual proprietorship, partnership or corporation described in section 143.441 or 143.471 who operates an eligible project. The director shall determine the number of years the taxpayer may claim the state tax credits and the state income exemption based on the projected net state economic benefits attributed to the eligible project;

(7) For the purpose of meeting the new job requirement prescribed in

subdivisions (1), (2) and (3) of this subsection, it shall be required that at least ten new jobs be created and maintained during the taxpayer's tax period for which the credits are earned, in the case of an eligible project that does not replace a similar facility in Missouri. "New job" means a person who was not previously employed by the taxpayer or related taxpayer within the twelve-month period immediately preceding the time the person was employed by that taxpayer to work at, or in connection with, the eligible project on a full-time basis. "Full-time basis" means the employee works an average of at least thirty-five hours per week during the taxpayer's tax period for which the tax credits are earned. For the purposes of this section, related taxpayer has the same meaning as defined in subdivision (9) of section 135.100;

The statement shall include a comparison of the activities performed at the closed facility prior to the date the facility ceased operating, to the activities performed at the eligible project, and a detailed account describing the need and rationale for relocating to the eligible project. If the director finds the relocation to the eligible project significantly impaired the economic stability of the area in which the closed facility was located, and that such move was detrimental to the overall economic development efforts of the state, the director may deny the taxpayer's request to claim tax

benefits;

(10) Notwithstanding any provision of law to the contrary, for the purpose of this section, the number of new jobs created and maintained, the number of existing jobs retained, and the value of new qualified investment used at the eligible project during any tax year shall be determined by dividing by twelve, in the case of jobs, the sum of the number of individuals employed at the eligible project, or in the case of new qualified investment, the value of new qualified investment used at the eligible project, on the last business day of each full calendar month of the tax year. If the eligible project is in operation for less than the entire tax year, the number of new jobs created and maintained, the number of existing jobs retained, and the value of new qualified investment created at the eligible project during any tax year shall be determined by dividing the sum of the number of individuals employed at the eligible project, or in the case of new qualified investment, the value of new qualified investment used at the eligible project, on the last business day of each full calendar month during the portion of the tax year during which the eligible project was in operation, by the number of full calendar months during such period;

(11) For the purpose of this section, "new qualified investment" means new business facility investment as defined and as determined in subdivision (7) of section 135.100 which is used at and in connection with the eligible project. "New qualified investment" shall not include small tools, supplies and inventory. "Small tools" means tools that are portable and can be hand held.

2. The determination of the director of economic development pursuant to subsection 1 of this section shall not affect requirements for the prospective purchaser to obtain the approval of the granting of real property tax abatement by the municipal or county government where the eligible project is located.

3. (1) The director of the department of economic development, with the approval of the director of the department of natural resources, may, **[**in addition to the tax credits allowed in subsection 1 of this section,**]** grant a remediation tax credit to the applicant for up to one hundred percent of the costs of materials, supplies, equipment, labor, **[**professional engineering, consulting and architectural fees,**]** permitting fees and expenses, demolition, asbestos abatement, and direct utility charges for performing the voluntary remediation activities for the preexisting hazardous substance contamination and releases, including, but not limited to, the costs of performing operation and maintenance of the remediation equipment at the property beyond the year in which the systems and

equipment are built and installed at the eligible project and the costs of performing the voluntary remediation activities over a period not in excess of four tax years following the taxpayer's tax year in which the system and equipment were first put into use at the eligible project, provided the remediation activities are the subject of a plan submitted to, and approved by, the director of natural resources pursuant to sections 260.565 to 260.575. **The director of the department of economic development, with the approval of the director of the department of natural resources, may also grant a remediation tax credit to the applicant for up to twenty-five percent of the costs of professional engineering, consulting, and architectural fees.** The tax credit may also include up to one hundred percent of the costs of demolition that are not directly part of the remediation activities, provided that the demolition is on the property where the voluntary remediation activities are occurring, the demolition is necessary to accomplish the planned use of the facility where the remediation activities are occurring, and the demolition is part of a redevelopment plan approved by the municipal or county government and the department of economic development. The demolition may occur on an adjacent property if the project is located in a municipality which has a population less than twenty thousand and the above conditions are otherwise met. The adjacent property shall independently qualify as abandoned or underutilized. The amount of the credit available for demolition not associated with remediation cannot exceed the total amount of credits approved for remediation including demolition required for remediation.

(2) The amount of remediation tax credits issued shall be limited to the least amount necessary to cause the project to occur, as determined by the director of the department of economic development.

(3) The director may, with the approval of the director of natural resources, extend the tax credits allowed for performing voluntary remediation maintenance activities, in increments of three-year periods, not to exceed five consecutive three-year periods. The tax credits allowed in this subsection shall be used to offset the tax imposed by chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, or the tax otherwise imposed by chapter 147, or the tax otherwise imposed by chapter 148. The remediation tax credit may be taken in the same tax year in which the tax credits are received or may be taken over a period not to exceed twenty years.

(4) The project facility shall be projected to create at least ten new jobs

or at least twenty-five retained jobs, or a combination thereof, as determined by the department of economic development, to be eligible for tax credits pursuant to this section.

(5) No more than seventy-five percent of earned remediation tax credits may be issued when the remediation costs were paid, and the remaining percentage may be issued when the department of natural resources issues a letter of completion letter or covenant not to sue following completion of the voluntary remediation activities. It shall not include any costs associated with ongoing operational environmental compliance of the facility or remediation costs arising out of spills, leaks, or other releases arising out of the ongoing business operations of the facility. In the event the department of natural resources issues a letter of completion for a portion of a property, an impacted media such as soil or groundwater, or for a site or a portion of a site improvement, a prorated amount of the remaining percentage may be released based on the percentage of the total site receiving a letter of completion.

4. In the exercise of the sound discretion of the director of the department of economic development or the director's designee, the tax credits and exemptions described in this section may be terminated, suspended or revoked, if the eligible project fails to continue to meet the conditions set forth in this section**, including creating or retaining the jobs required under subsection 3 of this section**. In making such a determination, the director shall consider the severity of the condition violation, actions taken to correct the violation, the frequency of any condition violations and whether the actions exhibit a pattern of conduct by the eligible facility owner and operator. The director shall also consider changes in general economic conditions and the recommendation of the director of the department of natural resources, or his or her designee, concerning the severity, scope, nature, frequency and extent of any violations of the environmental compliance conditions. The taxpayer or person claiming the tax credits or exemptions may appeal the decision regarding termination, suspension or revocation of any tax credit or exemption in accordance with the procedures outlined in subsections 4 to 6 of section 135.250. The director of the department of economic development shall notify the directors of the departments of natural resources and revenue of the termination, suspension or revocation of any tax credits as determined in this section or pursuant to the provisions of section 447.716.

5. Notwithstanding any provision of law to the contrary, no taxpayer shall

earn the tax credits, exemptions or refund otherwise allowed in subdivisions (2), (3) and (4) of subsection 1 of this section and the tax credits otherwise allowed in section 135.110, or the tax credits, exemptions and refund otherwise allowed in sections 135.215, 135.220, 135.225 and 135.245, respectively, for the same facility for the same tax period.

In no case shall a taxpayer operating more than one eligible project in Missouri be allowed to offset more than twenty-five percent of the taxpayer's business income in any tax period. That portion of the taxpayer's income attributed to the eligible project as referenced in subdivision (1) of this subsection, for which the credits allowed in sections 135.110 and 135.225 and subsection 3 of this section, may apply, shall be determined in the same manner as prescribed in subdivision (6) of section 135.100. That portion of the taxpayer's franchise tax attributed to the eligible project for which the remediation tax credit may offset, shall be determined in the same manner as prescribed in paragraph (a) of subdivision (6) of section 135.100.

7. Taxpayers claiming the state tax benefits allowed in subdivisions (2) and (3) of subsection 1 of this section shall be required to file all applicable tax credit applications, forms and schedules prescribed by the director during the taxpayer's tax period immediately after the tax period in which the eligible project was first put into use. The recipient of remediation tax credits, for the purpose of this subsection referred to as assignor, may assign, sell or transfer, in whole or in part, the remediation tax credit allowed in subsection 3 of this section to any other person, for the purpose of this subsection referred to as assignee. To perfect the transfer, the assignor shall provide written notice to the director of the assignor's intent to transfer the tax credits to the assignee, the date the transfer is effective, the assignee's name, address and the assignee's tax period and the amount of tax credits to be transferred. The number of tax periods during which the assignee may subsequently claim the tax credits shall not exceed twenty tax periods, less the number of tax periods the assignor previously claimed the credits before the transfer occurred.

10. In the case where an operator and assignor of an eligible project has been certified to claim state tax benefits allowed in subdivisions (2) and (3) of subsection 1 of this section, and sells or otherwise transfers title of the eligible project to another taxpayer or assignee who continues the same or substantially similar operations at the eligible project, the director shall allow the assignee to claim the credits for a period of time to be determined by the director; except that, the total number of tax periods the tax credits may be earned by the assignor and the assignee shall not exceed ten. 12. For each fiscal year beginning on or after July 1, 2011, the total amount of tax credits authorized under the provisions of sections 447.700 to 447.718 shall not exceed thirty million dollars. No more than ten million dollars in tax credits authorized under the provisions of sections 447.700 to 447.718 shall be authorized in any fiscal year for projects which receive benefits under the provisions of section 99.1205.

The provisions of this subsection shall not be construed to limit or in any way impair the department's ability to issue tax credits authorized prior to August 28, 2018, or a taxpayer's ability to redeem such tax credits.

620.809. 1. The "Missouri Community College Job Training Program Fund", formerly established in the state treasury by section 178.896, shall now be known as the "Compete Missouri Community College New Jobs Training Fund", and shall be administered by the department for the training program. The department shall disburse such appropriated funds in a timely manner into the special funds established by community college districts for training projects, which funds shall be used to pay training project costs. Such disbursements shall be made to the special fund for each training project in the same proportion as the new jobs credit remitted by the qualified company participating in such project bears to the total new jobs credit from withholding remitted by all qualified companies participating in projects during the period for which the disbursement is made. All moneys remaining in the fund at the end of any fiscal year shall not lapse to the general revenue fund, as provided

in section 33.080, but shall remain in the fund.

2. The "Missouri Community College Job Retention Training Program Fund", formerly established in the state treasury by section 178.764, shall now be known as the "Compete Missouri Community College Job Retention Training Fund", and shall be administered by the department for the compete Missouri training program. The department of revenue shall credit to the fund, as received, all retained jobs credits. The fund shall also consist of any gifts, contributions, grants, or bequests received from federal, private, or other sources. The general assembly, however, shall not provide for any transfer of general revenue funds into the fund. Moneys in the fund shall be disbursed to the department pursuant to regular appropriations by the general assembly. The department shall disburse such appropriated funds in a timely manner into the special funds established by community college districts for projects, which funds shall be used to pay training program costs, including the principal, premium, and interest on certificates issued by the district to finance or refinance, in whole or in part, a project. Such disbursements by the department shall be made to the special fund for each project in the same proportion as the retained jobs credit from withholding remitted by the qualified company participating in such project bears to the total retained jobs credit from withholding remitted by qualified companies participating in projects during the period for which the disbursement is made. All moneys remaining in the fund at the end of any fiscal year shall not lapse to the general revenue fund, as provided in section 33.080, but shall remain in the fund.

3. The department of revenue shall develop such forms as are necessary to demonstrate accurately each qualified company's new jobs credit paid into the compete Missouri community college new jobs training fund or retained jobs credit paid into the compete Missouri community college job retention training fund. The new or retained jobs credits shall be accounted as separate from the normal withholding tax paid to the department of revenue by the qualified company. Reimbursements made by all qualified companies to the compete Missouri community college new jobs training fund and the compete Missouri community college job retention training fund shall be no less than all allocations made by the department to all community

college districts for all projects. The qualified company shall remit the amount of the new or retained jobs credit, as applicable, to the department of revenue in the same manner as provided in sections 143.191 to 143.265.

4. A community college district, with the approval of the department in consultation with the office of administration, may enter into an agreement to establish a training project and provide training project services to a qualified company. As soon as possible after initial contact between a community college district and a potential qualified company regarding the possibility of entering into an agreement, the district shall inform the department of the potential training project. The department shall evaluate the proposed training project within the overall job training efforts of the state to ensure that the training project will not duplicate other job training programs. The department shall have fourteen days from receipt of a notice of intent to approve or disapprove training projects. If no response is received by the qualified company within fourteen days, the training project shall be deemed approved. Disapproval of any training project shall be made in writing and state the reasons for such disapproval. If an agreement is entered into, the district and the qualified company shall notify the department of revenue within fifteen calendar days. In addition to any provisions required under subsection 5 of this section for a qualified company applying to receive a retained job credit, an agreement may provide, but shall not be limited to:

(1) Payment of training project costs, which may be paid from one or a combination of the following sources:

(a) Funds appropriated by the general assembly to the compete Missouri community college new jobs training program fund or compete Missouri community college job retention training program fund, as applicable, and disbursed by the department for the purposes consistent with sections 620.800 to 620.809;

(b) Tuition, student fees, or special charges fixed by the board of trustees to defray training project costs in whole or in part;

(2) Payment of training project costs shall not be deferred for a period longer than eight years;

(3) Costs of on-the-job training for employees shall include wages or salaries of participating employees. Payments for on-the-job

training shall not exceed the average of fifty percent of the total wages paid by the qualified company to each participant during the period of training. Payment for on-the-job training may continue for up to six months from the date the training begins;

(4) A provision which fixes the minimum amount of new or retained jobs credits, or tuition and fee payments which shall be paid for training project costs;

(5) Any payment required to be made by a qualified company shall constitute a lien upon the qualified company's business property until paid and have equal priority with ordinary taxes and shall not be divested by a judicial sale. Property subject to such lien may be sold for sums due and delinquent at a tax sale, with the same forfeitures, penalties, and consequences as for the nonpayment of ordinary taxes. The purchasers at tax sale shall obtain the property subject to the remaining payments.

5. Any qualified company that submits a notice of intent for retained job credits shall enter into an agreement providing that the qualified company has:

(1) Maintained at least one hundred full-time employees per year at the project facility for the calendar year preceding the year in which the application is made;

(2) Retained, at the project facility, the same number of employees that existed in the taxable year immediately preceding the year in which application is made; and

(3) Made or agrees to make a new capital investment of greater than five times the amount of any award under this training program at the project facility over a period of two consecutive calendar years, as certified by the qualified company and:

(a) Has made substantial investment in new technology requiring the upgrading of employee skills; or

(b) Is located in a border county of the state and represent a potential risk of relocation from the state; or

(c) Has been determined to represent a substantial risk of relocation from the state by the director of the department of economic development.

6. If an agreement provides that all or part of training program costs are to be met by receipt of new or retained jobs credit, such new

or retained jobs credit from withholding shall be determined and paid as follows:

(1) New or retained jobs credit shall be based upon the wages paid to the employees in the new or retained jobs;

(2) A portion of the total payments made by the qualified companies under sections 143.191 to 143.265 shall be designated as the new or retained jobs credit from withholding. Such portion shall be an amount equal to two and one-half percent of the gross wages paid by the qualified company for each of the first one hundred jobs included in the project and one and one-half percent of the gross wages paid by the qualified company for each of the remaining jobs included in the project. If business or employment conditions cause the amount of the new or retained jobs credit from withholding to be less than the amount projected in the agreement for any time period, then other withholding tax paid by the qualified company under sections 143.191 to 143.265 shall be credited to the applicable fund by the amount of such difference. The qualified company shall remit the amount of the new or retained jobs credit to the department of revenue in the manner prescribed in sections 143.191 to 143.265. When all training program costs have been paid, the new or retained jobs credits shall cease;

(3) The community college district participating in a project shall establish a special fund for and in the name of the training project. All funds appropriated by the general assembly from the funds established under subsections 1 and 2 of this section, and disbursed by the department for the training project and other amounts received by the district for training project costs as required by the agreement shall be deposited in the special fund. Amounts held in the special fund shall be used and disbursed by the district only to pay training project costs for such training project. The special fund may be divided into such accounts and subaccounts as shall be provided in the agreement, and amounts held therein may be invested in the same manner as the district's other funds;

(4) Any disbursement for training project costs, received from the department under sections 620.800 to 620.809 and placed into the training project's special fund may be irrevocably pledged by a community college district for the payment of the principal, premium, and interest on the certificate issued by a community college district

to finance or refinance, in whole or in part, such training project;

(5) The qualified company shall certify to the department of revenue that the new or retained jobs credit is in accordance with an agreement and shall provide other information the department of revenue may require;

(6) An employee participating in a training project shall receive full credit under section 143.211, for the amount designated as a new or retained jobs credit;

(7) If an agreement provides that all or part of training program costs are to be met by receipt of new or retained jobs credit, the provisions of this subsection shall also apply to any successor to the original qualified company until such time as the principal and interest on the certificates have been paid.

7. To provide funds for the present payment of the training project costs of new or retained jobs training project through the training program, a community college district may borrow money and issue and sell certificates payable from a sufficient portion of the future receipts of payments authorized by the agreement including disbursements from the compete Missouri community college new jobs training fund or the compete Missouri community college job retention training fund, to the special fund established by the district for each project. The total amount of outstanding certificates sold by all community college districts shall not exceed the total amount authorized pursuant to law as of January 1, 2011, unless an increased amount is authorized in writing by a majority of members of the committee. The certificates shall be marketed through financial institutions authorized to do business in Missouri. The receipts shall be pledged to the payment of principal of and interest on the certificates. Certificates may be sold at public sale or at private sale at par, premium, or discount of not less than ninety-five percent of the par value thereof, at the discretion of the board of trustees, and may bear interest at such rate or rates as the board of trustees shall determine, notwithstanding the provisions of section 108.170 to the contrary. However, the provisions of chapter 176 shall not apply to the issuance of such certificates. Certificates may be issued with respect to a single project or multiple projects and may contain terms or conditions as the board of trustees may provide by resolution

authorizing the issuance of the certificates.

8. Certificates issued to refund other certificates may be sold at public sale or at private sale as provided in this section with the proceeds from the sale to be used for the payment of the certificates being refunded. The refunding certificates may be exchanged in payment and discharge of the certificates being refunded, in installments at different times or an entire issue or series at one time. Refunding certificates may be sold or exchanged at any time on, before, or after the maturity of the outstanding certificates to be refunded. They may be issued for the purpose of refunding a like, greater, or lesser principal amount of certificates and may bear a higher, lower, or equivalent rate of interest than the certificates being renewed or refunded.

9. Before certificates are issued, the board of trustees shall publish once a notice of its intention to issue the certificates, stating the amount, the purpose, and the project or projects for which the certificates are to be issued. A person with standing may, within fifteen days after the publication of the notice, by action in the circuit court of a county in the district, appeal the decision of the board of trustees to issue the certificates. The action of the board of trustees in determining to issue the certificates shall be final and conclusive unless the circuit court finds that the board of trustees has exceeded its legal authority. An action shall not be brought which questions the legality of the certificates, the power of the board of trustees to issue the certificates, the effectiveness of any proceedings relating to the authorization of the project, or the authorization and issuance of the certificates from and after fifteen days from the publication of the notice of intention to issue.

10. The board of trustees shall make a finding based on information supplied by the qualified company that revenues provided in the agreement are sufficient to secure the faithful performance of obligations in the agreement.

11. Certificates issued under this section shall not be deemed to be an indebtedness of the state or the community college district or of any other political subdivision of the state, and the principal and interest on any certificates shall be payable only from the sources provided in subdivision (1) of subsection 4 of this section which are

pledged in the agreement.

(1) A qualified company may, for a period of five years from the date the new jobs are created, or for a period of six years from the date the new jobs are created if the qualified company is an existing Missouri business, retain an amount equal to the withholding tax as calculated under subdivision (32) of section 620.2005 from the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265 if:

subsection, a qualified company that satisfies paragraph (a) of subdivision (1) of this subsection shall also be entitled to tax credits issued each year for a period of five years from the date the new jobs are created in an amount not to exceed two percent of new payroll from the new jobs created; provided that in no event may the total amount of benefits provided to a qualified company under this subsection exceed five percent of the new payroll in any calendar year;

(3) In addition to any other benefits available under this subsection, a qualified company that satisfies paragraph (b) of subdivision (1) of this subsection shall also be entitled to tax credits issued each year for a period of five years from the date the new jobs are created in an amount not to exceed three percent of new payroll from the new jobs created; provided that in no event may the total amount of benefits provided to a qualified company under this subsection exceed six percent of the new payroll in any calendar year.

(3) The amount of tax credits awarded to a qualified company under this subsection shall not exceed the projected net fiscal benefit to the state, as determined by the department, and shall not exceed the least amount necessary to obtain the qualified company's commitment to initiate the project. No benefits shall be available under this subsection for any qualified company that has performed significant,

project-specific site work at the project facility or has publicly announced its intention to create new jobs or make new capital investment at the project facility prior to approval of its notice of intent;

(4) In determining the amount of tax credits to award to a qualified company under this subsection, the department shall consider the following factors:

(a) The significance of the qualified company's need for program benefits;

(b) The amount of projected net fiscal benefit to the state of the project and the period in which the state would realize such net fiscal benefit;

(c) The overall size and quality of the proposed project, including the number of new jobs, new capital investment, proposed wages, growth potential of the qualified company, the potential multiplier effect of the project, and similar factors;

(d) The financial stability and creditworthiness of the qualified company;

(e) The level of economic distress in the area;

(f) An evaluation of the competitiveness of alternative locations for the project facility, as applicable; and

(g) The percent of local incentives committed;

(5) Upon approval of a notice of intent to receive tax credits under this subsection, the department and the qualified company shall enter into a written agreement covering the applicable project period. The agreement shall specify, at a minimum:

(a) The committed number of new jobs, new payroll, and new capital investment for each year during the project period;

(b) The date or time period during which the tax credits shall be issued, which may be immediately or over a period not to exceed two years from the date of approval of the notice of intent;

(c) Clawback provisions, as may be required by the department; and

(d) Any other provisions the department may require.

3. In lieu of all other benefits available under this program, the department may authorize a qualified company meeting the requirements of this subsection and subsection 1 of this section to be

issued tax credits in an amount not to exceed seven percent of new payroll from the new jobs created projected over a period of five years from the date the required number of new jobs are to be created, or, if the qualified company is in a targeted industry, the department may authorize tax credits in an amount not to exceed nine percent of new payroll from the new jobs created, projected over a period of five years. The amount of benefits awarded to a qualified company under this section shall not exceed the projected net fiscal benefit to the state over a ten year period, as determined by the department, and may not exceed the least amount necessary to obtain the qualified company's commitment to initiate the project.

(1) Prior to approval, a qualified company requesting benefits under this subsection shall provide evidence of commitments for the financing of any applicable new capital investment. The new capital investment shall be made at the project facility within two years of the date of approval of the notice of intent.

(2) In awarding tax credits under this subsection, the department shall consider factors set forth in subsection 2 of this section.

(3) Upon approval of a notice of intent to receive tax credits under this subsection, the department and the qualified company shall enter into a written agreement covering the applicable project period containing detailed performance requirements and repayment penalties in event of nonperformance. The agreement shall specify, at a minimum:

(a) The committed number of new jobs, payroll, and new capital investment for each year during the project period;

(b) The date or time period during which the tax credits shall be issued, which may be immediately or over a period not to exceed two years from the date of approval of the notice of intent;

(c) Clawback provisions provided under subdivision (4) of this subsection; and

(d) Any other provisions the department may require.

(4) The following clawback provisions shall apply to any benefits awarded under this subsection:

(a) If a qualified company fails to meet any requirements of this section, including the applicable number of new jobs created or new

capital investment within two years from the date of approval of its notice of intent, the qualified company shall repay the face amount of all tax credits received from the department, plus interest of nine percent per annum from the date the tax credits were issued. However, the director may, in his or her discretion, provide an extension up to two additional years or reduce such payment, if such failure is caused by documented unforeseen events that negatively affected the operations at the project facility that were not under the control of the qualified company;

(b) If, during any year of the project period, the average wage of the new payroll paid by the qualified company fails to equal or exceed the applicable percentage of the county average wage, or the qualified company fails to offer and pay fifty percent of the premium for health insurance to all of its full-time employees located in this state, the company shall refund to the state an amount equal to the face amount of all tax credits received from the department under this program, divided by the number of years in the project period. In addition to the refund, the qualified company shall pay interest of nine percent per annum from the date the tax credits were issued on the amount of the refund;

(c) If the qualified company fails to meet its payroll commitment for any year during the project period, it shall refund to the state a portion of its total benefit received under this section based on the following formula: the total amount of tax credits received by the qualified company, divided by the number of years during the project period, and multiplied by a fraction, the numerator of which is the contractually agreed-upon amount of payroll for that year minus the actual amount of payroll made by the company during the year, and the denominator of which is the contractually agreed upon amount of payroll made for that same year. In addition to the refund, the qualified company shall pay interest of nine percent per annum from the date the tax credits were issued on the amount of the refund;

(d) If the qualified company fails to meet its payroll or new capital investment requirements for any year during the project period and the director has a reasonable belief that the qualified company will not be able to meet its performance requirements during all or any portion of the remainder of the project period, the director may require

the company to repay all or a proportionate amount of the total tax credits received by the company attributable to the remaining years of the project period as well as the current year, plus interest of nine percent per annum on the amount of repayment from the date the tax credits were issued.

(5) By no later than thirty days following the effective date of this act, and the first day of October each year thereafter, the department shall provide to the budget committee of the house of representatives and the appropriations committee of the senate a request for an appropriation for the tax credits authorized under this subsection. Appropriations made pursuant to the provisions of this subsection shall provide the amount of tax credits which may be authorized during the fiscal year immediately following the fiscal year in which such appropriation is made. Appropriations provided under this subsection shall only be made in the annual appropriation bill relating to public debt.

(6) No tax credits shall be authorized under the provisions of this subsection, unless an appropriation is made pursuant to the provisions of subdivision (5) of this subsection. In any fiscal year for which an appropriation is made pursuant to the provisions of subdivision (5) of this subsection, no more than the amount of tax credits so appropriated shall be authorized. There is hereby created in the state treasury the "Compete Missouri Job Creation Tax Credit Program Fund", which shall consist of money appropriated under this subsection. The state treasurer shall be custodian of the fund and may approve disbursements from the fund in accordance with sections 30.170 and 30.180. Upon appropriation, money in the fund shall be used solely for the administration of this subsection. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund for tax credits which have been authorized but not yet redeemed at the end of the fiscal year shall not revert to the credit of the general revenue fund. Any moneys remaining in the fund at the end of the fiscal year for any tax credits which remain unauthorized at the end of the fiscal year shall revert to the credit of the general revenue fund. Provisions of section 32.057 to the contrary notwithstanding, the department of revenue shall notify the director of the department upon redemption of each tax credit authorized under

the provisions of this subdivision. Upon such notification, an amount equal to the tax credits redeemed shall be transferred from the fund created in this subdivision to the general revenue fund. In the event the department determines that any tax credit authorized under this subsection is precluded from being redeemed due to contractual agreement entered into by the department and the tax credit applicant or is otherwise precluded by law from being redeemed, an amount equal to such tax credit shall be transferred from the fund created in this subdivision to the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the general revenue fund at the end of each fiscal year.

620.2015. 1. In exchange for the consideration provided by the tax revenues and other economic stimuli that will be generated by the retention of jobs and the making of new capital investment in this state, a qualified company may be eligible to receive the benefits described in this section if the department determines that there is a significant probability that the qualified company would relocate to another state in the absence of the benefits authorized under this section. In no event shall the total amount of benefits available to all qualified companies under subsection 2 of this section exceed six million dollars in any fiscal year.

2. A qualified company meeting the requirements of this section may be authorized to retain an amount not to exceed one hundred percent of the withholding tax from full-time jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265, for a period of ten years if the average wage of the retained jobs equals or exceeds the county average wage. In order to receive benefits under this section, a qualified company shall enter into written agreement with the department containing detailed performance requirements and repayment penalties in event of nonperformance. The amount of benefits awarded to a qualified company under this section shall not exceed the projected net fiscal benefit and shall not exceed the least amount necessary to obtain the qualified company's commitment to retain the necessary number of jobs and make the required new capital investment.

3. In order to be eligible to receive benefits under this section,

the qualified company shall meet each of the following conditions:

(1) The qualified company shall agree to retain, for a period of ten years from the date of approval of the notice of intent, at least one hundred and twenty-five retained jobs; and

(2) The qualified company shall agree to make a new capital investment at the project facility within two years of the approval of the notice of intent in an amount equal to at least one half the amount of the benefits, available under this section, which are offered to the qualified company by the department.

4. In awarding benefits under this section, the department shall consider the factors set forth in subsection 2 of section 620.2010.

5. Upon approval of a notice of intent to request benefits under this section, the department and the qualified company shall enter into a written agreement covering the applicable project period. The agreement shall specify, at a minimum:

(1) The committed number of retained jobs, payroll, and new capital investment for each year during the project period;

(2) Clawback provisions, as may be required by the department; and

(3) Any other provisions the department may require.

6. In lieu of all other benefits provided under this program, the department may award a qualified company meeting the requirements of this subsection tax credits in an amount not to exceed eighty percent of the amount the qualified company may otherwise be eligible to retain for a period of ten years under subsection 2 of this section.

(1) In addition to satisfying each of the requirements of subsection 3 of this section, a qualified company requesting tax credits under this subsection shall provide to the department, prior to approval, evidence of commitments for the financing of any applicable new capital investment. The new capital investment shall be made at the project facility within two years of the date of approval of the notice of intent.

(2) Upon approval of a notice of intent to request tax credits under this subsection, the department and the qualified company shall enter into a written agreement covering the applicable project period. The agreement shall specify, at a minimum:

(a) The committed number of jobs, payroll, and new capital

investment for each year during the project period;

(b) The date or time period during which the tax credits shall be issued, which may be immediately or over a period not to exceed two years from the date of approval of the notice of intent;

(c) Clawback provisions, provided under subsection 3 of section 620.2010; and

(d) Any other provisions the department may require.

(3) By no later than thirty days following the effective date of this act, and the first day of October each year thereafter, the department shall provide to the budget committee of the house of representatives and the appropriations committee of the senate a request for an appropriation for the tax credits authorized under this subsection. Appropriations made pursuant to the provisions of this subsection shall provide the amount of tax credits which may be authorized during the fiscal year immediately following the fiscal year in which such appropriation is made. Appropriations provided under this subsection shall only be made in the annual appropriation bill relating to public debt.

(4) No tax credits shall be authorized under the provisions of this subsection, unless an appropriation is made pursuant to the provisions of subdivision (3) of this subsection. In any fiscal year for which an appropriation is made pursuant to the provisions of subdivision (3) of this subsection, no more than the amount of tax credits so appropriated shall be authorized. There is hereby created in the state treasury the "Compete Missouri Job Retention Tax Credit Program Fund", which shall consist of money appropriated under this subsection. The state treasurer shall be custodian of the fund and may approve disbursements from the fund in accordance with sections 30.170 and 30.180. Upon appropriation, money in the fund shall be used solely for the administration of this subsection. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund for tax credits which have been authorized but not yet redeemed at the end of the fiscal year shall not revert to the credit of the general revenue fund. Any moneys remaining in the fund at the end of the fiscal year for any tax credits which remain unauthorized at the end of the fiscal year shall revert to the credit of the general revenue fund. Provisions of section 32.057 to the contrary

notwithstanding, the department of revenue shall notify the director of the department upon redemption of each tax credit authorized under the provisions of this subdivision. Upon such notification, an amount equal to the tax credits redeemed shall be transferred from the fund created in this subdivision to the general revenue fund. In the event the department determines that any tax credit authorized under this subsection is precluded from being redeemed due to contractual agreement entered into by the department and the tax credit applicant or is otherwise precluded by law from being redeemed, an amount equal to such tax credit shall be transferred from the fund created in this subdivision to the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the general revenue fund at the end of each fiscal year.

7. Any tax credits awarded under this section shall be included in determining compliance with the annual limitation on tax credit awards set forth in subsection 7 of section 620.2020.

620.2020. 1. The department shall respond to a written request, by or on behalf of a qualified company, for a proposed benefit award under the provisions of this program within five business days of receipt of such request. Such response shall contain either a proposal of benefits for the qualified company, or a written response refusing to provide such a proposal and stating the reasons for such refusal. A qualified company that intends to seek benefits under the program shall submit to the department a notice of intent. The department shall respond within thirty days to a notice of intent with an approval or a rejection, provided that the department may withhold approval or provide a contingent approval until it is satisfied that proper documentation of eligibility has been provided. Failure to respond on behalf of the department shall result in the notice of intent being deemed approved. A qualified company receiving approval for program benefits may receive additional benefits for subsequent new jobs at the same facility after the full initial project period if the applicable minimum job requirements are met. There shall be no limit on the number of project periods a qualified company may participate in the program, and a qualified company may elect to file a notice of intent to begin a new project period concurrent with an existing project period

if the applicable minimum job requirements are achieved, the qualified company provides the department with the required annual reporting, and the qualified company is in compliance with this program and any other state programs in which the qualified company is currently or has previously participated. However, the qualified company shall not receive any further program benefits under the original approval for any new jobs created after the date of the new notice of intent, and any jobs created before the new notice of intent shall not be included as new jobs for purposes of the benefit calculation for the new approval. When a qualified company has filed and received approval of a notice of intent and subsequently files another notice of intent, the department shall apply the definition of project facility under subdivision (18) of section 620.2005 to the new notice of intent as well as all previously approved notices of intent and shall determine the application of the definitions of new job, new payroll, project facility base employment, and project facility base payroll accordingly.

2. Notwithstanding any provision of law to the contrary, the benefits available to the qualified company under any other state programs for which the company is eligible and which utilize withholding tax from the new or retained jobs of the company shall first be credited to the other state program before the withholding retention level applicable under this program will begin to accrue. If any qualified company also participates in a job training program utilizing withholding tax, the company shall retain no withholding tax under this program, but the department shall issue a refundable tax credit for the full amount of benefit allowed under this program. The calendar year annual maximum amount of tax credits which may be issued to a qualifying company that also participates in the new job training program shall be increased by an amount equivalent to the withholding tax retained by that company under the new jobs training program.

3. A qualified company receiving benefits under this program shall provide an annual report of the number of jobs and such other information as may be required by the department to document the basis for program benefits available, including any exemption from state sales and use taxes pursuant to section 140.540. In such annual report, if the average wage is below the applicable percentage of the

county average wage, the qualified company has not maintained the employee insurance as required, or if the number of jobs is below the number required, the qualified company shall not receive tax credits or retain the withholding tax for the balance of the project period.

4. Except as provided in subsection 3 of section 620.2010, the department may withhold the approval of any benefits provided under this program until it is satisfied that proper documentation has been provided, and shall reduce the benefits to reflect any reduction in full-time employees or payroll. Upon approval by the department, the qualified company may begin the retention of the withholding taxes when it reaches the required number of jobs and the average wage meets or exceeds the applicable percentage of county average wage. Tax credits, if any, may be issued upon satisfaction by the department that the qualified company has met or exceeded the applicable percentage of county average wage and the required number of jobs.

5. Any qualified company approved for benefits under this program shall provide to the department, upon request, any and all information and records reasonably required to monitor compliance with program requirements. This program shall be considered a business recruitment tax credit under subdivision (4) of subsection 2 of section 135.800, and any qualified company approved for benefits under this program shall be subject to the provisions of sections 135.800 to 135.830.

6. Any taxpayer who is awarded benefits under this program who knowingly hires individuals who are not allowed to work legally in the United States shall immediately forfeit such benefits and shall repay the state an amount equal to any state tax credits already redeemed and any withholding taxes already retained.

7. The maximum amount of tax credits that may be authorized under this program for any fiscal year shall be limited as follows, less the amount of any tax credits previously obligated for that fiscal year under any of the tax credit programs referenced in subsection 13 of this section:

(1) For the fiscal year beginning on July 1, 2011, but ending on or before June 30, 2012, no more than one hundred and eleven million dollars in tax credits may be authorized;

(2) For the fiscal year beginning on July 1, 2012, but ending on or before June 30, 2013, no more than one hundred and twenty-six million dollars in tax credits may be authorized; and

(3) For any fiscal year beginning on or after July 1, 2013, no more than one hundred and forty-one million dollars in tax credits may be authorized for each fiscal year.

8. For tax credits for the creation of new jobs under section 620.2010, the department shall allocate the annual tax credits based on the date of the approval, reserving such tax credits based on the department's best estimate of new jobs and new payroll of the project, and any other applicable factors in determining the amount of benefits available to the qualified company under this program. However, the annual issuance of tax credits shall be subject to annual verification of actual payroll by the department. Except with respect to tax credits provided pursuant to subsection 3 of section 620.2010:

(1) Any authorization of tax credits shall expire if, within two years from the date of commencement of operations, or approval if applicable, the qualified company has failed to meet the applicable minimum job requirements;

(2) The qualified company may retain authorized amounts from the withholding tax under the project once the applicable minimum job requirements have been met for the duration of the project period; and

(3) No benefits shall be provided under this program until the qualified company meets the applicable minimum new job requirements.

In the event the qualified company does not meet the applicable minimum new job requirements, the qualified company may submit a new notice of intent or the department may provide a new approval for a new project of the qualified company at the project facility or other facilities.

9. Tax credits provided under this program may be claimed against taxes otherwise imposed by chapters 143 and 148, and may not be carried forward, but shall be claimed within one year of the close of the taxable year for which they were issued. Tax credits provided under this program may be transferred, sold, or assigned by filing a notarized endorsement thereof with the department that names the transferee, the amount of tax credit transferred, and the value received

for the credit, as well as any other information reasonably requested by the department. For a qualified company with flow-through tax treatment to its members, partners, or shareholders, the tax credit shall be allowed to members, partners, or shareholders in proportion to their share of ownership on the last day of the qualified company's tax period.

10. Prior to the issuance of tax credits or the qualified company beginning to retain withholding taxes, the department shall verify through the department of revenue and any other applicable state department, that the tax credit applicant does not owe any delinquent income, sales, or use tax or interest or penalties on such taxes, or any delinquent fees or assessments levied by any state department and through the department of insurance, financial institutions and professional registration that the applicant does not owe any delinquent insurance taxes or other fees. Such delinquency shall not affect the approval, except that any tax credits issued shall be first applied to the delinquency and any amount issued shall be reduced by the applicant's tax delinquency. If the department of revenue, the department of insurance, financial institutions and professional registration, or any other state department concludes that a taxpayer is delinquent after June fifteenth but before July first of any year and the application of tax credits to such delinquency causes a tax deficiency on behalf of the taxpayer to arise, then the taxpayer shall be granted thirty days to satisfy the deficiency in which interest, penalties, and additions to tax shall be tolled. After applying all available credits toward a tax delinquency, the administering agency shall notify the appropriate department and that department shall update the amount of outstanding delinquent tax owed by the applicant. If any credits remain after satisfying all insurance, income, sales, and use tax delinquencies, the remaining credits shall be issued to the applicant, subject to the restrictions of other provisions of law.

11. The director of revenue shall issue a refund to the qualified company to the extent that the amount of tax credits allowed under this program exceeds the amount of the qualified company's tax liability under chapters 143 or 148.

12. An employee of a qualified company shall receive full credit for the amount of tax withheld as provided in section 143.211.

13. Notwithstanding any provision of law to the contrary, beginning on the effective date of this act, no new projects shall be approved under the business facility tax credit program created pursuant to sections 135.110 to 135.150 and section 135.258, the business use incentives for large scale development program created pursuant to sections 100.700 to 100.850, the development tax credit program created pursuant to sections 32.100 to 32.125, the rebuilding communities tax credit program created pursuant to section 135.535, the enhanced enterprise zone tax credit program created pursuant to sections 135.950 to 135.973, and the Missouri quality jobs program created pursuant to sections 620.1875 to 620.1890. The provisions of this subsection shall not be construed to limit or impair the ability of any administering agency to authorize or issue benefits for any project that had received an approval or a proposal from the department for benefits under any of the programs referenced in this subsection prior to the effective date of this act, or the ability of any taxpayer to redeem any such tax credits or to retain any withholding tax under an approval issued prior to that date. The provisions of this subsection shall not be construed to limit or in any way impair the ability of any governing authority to provide any local abatement or designate a new zone under the enhanced enterprise zone program created by sections 135.950 to 135.963.

14. If any provision of sections 620.2000 to 620.2020 or application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or application of these sections which can be given effect without the invalid provisions or application, and to this end, the provisions of sections 620.2000 to 620.2020 are hereby declared severable.

15. By no later than January 1, 2012, and the first day of each calendar quarter thereafter, the department shall present a quarterly report to the general assembly detailing the benefits authorized under this program during the immediately preceding calendar quarter to the extent such information may be disclosed under state and federal law. The report shall include, at a minimum:

(1) A list of all approved and disapproved applicants for each tax credit;

(2) A list of the aggregate amount of new or retained jobs that

are directly attributable to the tax credits authorized;

(3) A statement of the aggregate amount of new capital investment directly attributable to the tax credits authorized;

(4) Documentation of the estimated net state fiscal benefit for each authorized project and, to the extent available, the actual benefit realized upon completion of such project or activity; and

(5) The department's response time for each request for a proposed benefit award under this program.

16. The department may adopt such rules, statements of policy, procedures, forms, and guidelines as may be necessary to carry out the provisions of sections 620.2000 to 620.2020. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2011, shall be invalid and void.

17. Under section 23.253 of the Missouri sunset act:

(1) The provisions of the new program authorized under sections 620.2000 to 620.2020 shall automatically sunset six years after the effective date of this section unless reauthorized by an act of the general assembly; and

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset twelve years after the effective date of this reauthorization of sections 620.2000 to 620.2020; and

(3) Sections 620.2000 to 620.2020 shall terminate on September first if the calendar year immediately following the calendar year in which the program authorized under sections 620.2000 to 620.2020 is sunset.

All rulemaking authority delegated prior to August 28, 1999, is of no force and effect and repealed. Nothing in this section shall be interpreted to repeal or affect the validity of any rule filed or adopted prior to August 28, 1999, if it fully complied with all applicable provisions of law. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking

authority and any rule proposed or adopted after August 28, 1999, shall be invalid and void.

4. Any person who knowingly falsifies any document required for the shared care tax credit shall be subject to the same penalties for falsifying other tax documents as provided in chapter 143.

5. Notwithstanding any provision of law to the contrary, no tax credits provided under this section shall be authorized on or after August 28, 2015. The provisions of this subsection shall not be construed to limit or in any way impair the department's ability to issue tax credits authorized prior to August 28, 2015, or a taxpayer's ability to redeem such tax credits.

The tax credit amount shall be equal to one-half of the total donation made, but shall not exceed twenty-five thousand dollars per taxpayer claiming the credit. If the amount of the tax credit issued exceeds the amount of the taxpayer's state tax

liability for the tax year for which the credit is claimed, the difference shall not be refundable but may be carried forward to any of the taxpayer's next four taxable years. No tax credit granted under this section shall be transferred, sold, or assigned. To provide funds for the present payment of the costs of retained jobs training programs, a community college district may borrow money and issue and sell certificates payable from a sufficient portion of the future receipts of payments authorized by the agreement including disbursements from the Missouri community college job retention training program to the special fund established by the district for each project. The total amount of outstanding certificates sold by all community college districts shall not exceed fifteen million dollars, unless an increased amount is authorized in writing by a majority of members of the Missouri job training joint legislative oversight committee. The refunding certificates may be exchanged in payment and discharge of the certificates being refunded, in installments at different times or an entire issue or series at one time. Refunding certificates may be sold or exchanged at any time on, before, or after the maturity of the outstanding certificates to be refunded. 3. Before certificates are issued, the board of trustees shall publish once a notice of its intention to issue the certificates, stating the amount, the purpose, and the project or projects for which the certificates are to be issued. A person may, within fifteen days after the publication of the notice, by action in the circuit court of a county in the district, appeal the decision of the board of trustees to issue the certificates. The action of the board of trustees in determining to issue the certificates is final and conclusive unless the circuit court finds that the board of trustees has exceeded its legal authority. An action shall not be brought which questions the legality of the certificates, the power of the board of trustees to issue the certificates, the effectiveness of any proceedings relating to the authorization of the project, or the authorization and issuance of the certificates from and after fifteen days from the publication of the notice of intention to issue.

4. The board of trustees shall make a finding based on information supplied by the employer that revenues provided in the agreement are sufficient to secure the faithful performance of obligations in the agreement.

5. Certificates issued under this section shall not be deemed to be an indebtedness of the state or the community college district or of any other political subdivision of the state, and the principal and interest on such certificates shall be payable only from the

sources provided in subdivision (1) of section 178.761 which are pledged in the agreement.

6. The department of economic development shall coordinate the retained jobs training program, and may promulgate rules that districts will use in developing projects with industrial retained jobs training proposals which shall include rules providing for the coordination of such proposals with the service delivery areas established in the state to administer federal funds pursuant to the federal Workforce Investment Act. No rule or portion of a rule promulgated pursuant to the authority of this section shall become effective unless it has been promulgated pursuant to chapter 536.

7. No community college district may sell certificates as described in this section after July 1, 2014.]

The fund shall also consist of any gifts, contributions, grants, or bequests received from federal, private, or other sources. The general assembly, however, shall not provide for any transfer of general revenue funds into the community college job retention training program fund. Moneys in the Missouri community college job retention training program fund shall be disbursed to the division of workforce development pursuant to regular appropriations by the general assembly. The division shall disburse such appropriated funds in a timely manner into the special funds established by community college districts for projects, which funds shall be used to pay program costs, including the principal, premium, and interest on certificates issued by the district to finance or refinance, in whole or in part, a project. Such disbursements by the division of workforce development shall be made to the special fund for each project in the same proportion as the retained jobs credit from withholding remitted by the employer participating in such project bears to the total retained jobs credit from withholding remitted by all employers participating in projects during the period for which the disbursement is made. Moneys for retained jobs training programs established under sections 178.760 to 178.764 shall be obtained from appropriations made by the general assembly from the Missouri community college job retention training program fund. All moneys remaining in the Missouri community college job retention training program fund at the end of any fiscal year shall not lapse to the general revenue fund, as provided in section 33.080, but shall remain in the Missouri community college job retention training program fund.

2. The department of revenue shall develop such forms as are necessary to demonstrate accurately each employer's retained jobs credit from withholding paid into the Missouri community college job retention training program fund.

The retained jobs credit from withholding shall be accounted as separate from the normal withholding tax paid to the department of revenue by the employer.

Reimbursements made by all employers to the Missouri community college job retention training program fund shall be no less than all allocations made by the division of workforce development to all community college districts for all job retention projects. The employer shall remit the amount of the retained job credit to the department of revenue in the same manner as provided in sections 143.191 to 143.265.**]**

[178.893. A community college district, with the approval of the department of economic development in consultation with the office of administration, may enter into an agreement to establish a project and provide program services to an employer. As soon as possible after initial contact between a community college district and a potential employer regarding the possibility of entering into an agreement, the district shall inform the division of job development and training of the department of economic development and the office of administration about the potential project. The division of job development and training shall evaluate the proposed project within the overall job training efforts of the state to ensure that the project will not duplicate other job training programs. The department of economic development shall have fourteen days from receipt of the application to approve or disapprove projects. If no response is received by the community college within fourteen days the projects are approved. Any project that is disapproved must be in writing stating the reasons for the disapproval. If an agreement is entered into, the district and the employer shall notify the department of revenue within fifteen calendar days. An agreement may provide, but is not limited to:

The purchasers at tax sale obtain the property subject to the remaining payments.]

[178.894. If an agreement provides that all or part of program costs are to be met by receipt of new jobs credit from withholding, such new jobs credit from withholding shall be determined and paid as follows:

(1) New jobs credit from withholding shall be based upon the wages paid to the employees in the new jobs;

(2) A portion of the total payments made by the employer pursuant to section 143.221 shall be designated as the new jobs credit from withholding. Such portion shall be an amount equal to two and one-half percent of the gross wages paid by the employer for each of the first one hundred jobs included in the project and one and one-half percent of the gross wages paid by the employer

for each of the remaining jobs included in the project. If business or employment conditions cause the amount of the new jobs credit from withholding to be less than the amount projected in the agreement for any time period, then other withholding tax paid by the employer pursuant to section 143.221 shall be credited to the Missouri community college job training fund by the amount of such difference. The employer shall remit the amount of the new jobs credit to the department of revenue in the manner prescribed in section 178.896. When all program costs, including the principal of, premium, if any, and interest on the certificates have been paid, the employer credits shall cease;

(3) The community college district participating in a project shall establish a special fund for and in the name of the project. All funds appropriated by the general assembly from the Missouri community college job training program fund and disbursed by the division of job development and training for the project and other amounts received by the district in respect of the project and required by the agreement to be used to pay program costs for the project shall be deposited in the special fund. Amounts held in the special fund may be used and disbursed by the district only to pay program costs for the project. The special fund may be divided into such accounts and subaccounts as shall be provided in the agreement, and amounts held therein may be invested in investments which are legal for the investment of the district's other funds;

(4) Any disbursement in respect of a project received from the division of job development and training under the provisions of sections 178.892 to 178.896 and the special fund into which it is paid may be irrevocably pledged by a community college district for the payment of the principal of, premium, if any, and interest on the certificate issued by a community college district to finance or refinance, in whole or in part, the project;

(5) The employer shall certify to the department of revenue that the credit from withholding is in accordance with an agreement and shall provide other information the department may require;

(7) If an agreement provides that all or part of program costs are to be met by receipt of new jobs credit from withholding, the provisions of this subsection shall also apply to any successor to the original employer until such time as the principal and interest on the certificates have been paid.**]**

[178.895. 1. To provide funds for the present payment of the costs of new jobs training programs, a community college district may borrow money and issue and sell certificates payable from a sufficient portion of the future receipts of payments authorized by the agreement including disbursements from the Missouri community college job training program to the special fund established by the district for each project. The total amount of outstanding certificates sold by all community college districts shall not exceed twenty million dollars, unless an increased amount is authorized in writing by a majority of members of the Missouri job training joint legislative oversight committee. The certificates shall be marketed through financial institutions authorized to do business in Missouri. The receipts shall be pledged to the payment of principal of and interest on the certificates. Certificates may be sold at public sale or at private sale at par, premium, or discount of not less than ninety-five percent of the par value thereof, at the discretion of the board of trustees, and may bear interest at such rate or rates as the board of trustees shall determine, notwithstanding the provisions of section 108.170 to the contrary. However, chapter 176 does not apply to the issuance of these certificates. Certificates may be issued with respect to a single project or multiple projects and may contain terms or conditions as the board of trustees may provide by resolution authorizing the issuance of the certificates.

2. Certificates issued to refund other certificates may be sold at public sale or at private sale as provided in this section with the proceeds from the sale to be used for the payment of the certificates being refunded. The refunding certificates may be

exchanged in payment and discharge of the certificates being refunded, in installments at different times or an entire issue or series at one time. Refunding certificates may be sold or exchanged at any time on, before, or after the maturity of the outstanding certificates to be refunded. They may be issued for the purpose of refunding a like, greater, or lesser principal amount of certificates and may bear a higher, lower, or equivalent rate of interest than the certificates being renewed or refunded.

3. Before certificates are issued, the board of trustees shall publish once a notice of its intention to issue the certificates, stating the amount, the purpose, and the project or projects for which the certificates are to be issued. A person may, within fifteen days after the publication of the notice, by action in the circuit court of a county in the district, appeal the decision of the board of trustees to issue the certificates. The action of the board of trustees in determining to issue the certificates is final and conclusive unless the circuit court finds that the board of trustees has exceeded its legal authority. An action shall not be brought which questions the legality of the certificates, the power of the board of trustees to issue the certificates, the effectiveness of any proceedings relating to the authorization of the project, or the authorization and issuance of the certificates from and after fifteen days from the publication of the notice of intention to issue.

4. The board of trustees shall determine if revenues provided in the agreement are sufficient to secure the faithful performance of obligations in the agreement.

5. Certificates issued under this section shall not be deemed to be an indebtedness of the state or the community college district or of any other political subdivision of the state and the principal and interest on such certificates shall be payable only from the sources provided in subdivision (1) of section 178.893 which are pledged in the agreement.

6. The department of economic development shall coordinate the new jobs training program, and may promulgate rules that districts will use in developing projects with new and expanding industrial new jobs training proposals which shall

include rules providing for the coordination of such proposals with the service delivery areas established in the state to administer federal funds pursuant to the federal Job Training Partnership Act. No rule or portion of a rule promulgated under the authority of sections 178.892 to 178.896 shall become effective unless it has been promulgated pursuant to the provisions of chapter 536. All rulemaking authority delegated prior to June 27, 1997, is of no force and effect and repealed; however, nothing in this section shall be interpreted to repeal or affect the validity of any rule filed or adopted prior to June 27, 1997, if such rule complied with the provisions of chapter 536. The provisions of this section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, including the ability to review, to delay the effective date, or to disapprove and annul a rule or portion of a rule, are subsequently held unconstitutional, then the purported grant of rulemaking authority and any rule so proposed and contained in the order of rulemaking shall be invalid and void.

7. No community college district may sell certificates as described in this section after July 1, 2018.]
