**(2) Students who attend private school;**

**(3) Students who pursue their education through the virtual public school established in section 161.670; and**

**(4) Students who complete their education through a program of home schooling.**

22           5. Each school that offers interscholastic athletics shall identify  
23 and make public, by July first of each year, the individual sports and  
24 athletic programs that it shall provide to students. When providing  
25 such information, each school shall identify an approximate number of  
26 athletes that may participate on each sports team at such time.

27           6. To be eligible to participate in interscholastic athletics, a
