SECOND REGULAR SESSION

---

**TWENTY-FOURTH DAY—WEDNESDAY, FEBRUARY 15, 2012**

---

The Senate met pursuant to adjournment.

Senator Ridgeway in the Chair.

Reverend Carl Gauck offered the following prayer:

“The fear of the Lord is the beginning of wisdom.” (Psalm 111:10)

Creator God, we know that we live in a time of ever expanding knowledge at even faster rates. But we have also learned that knowledge is certainly different than wisdom. Wisdom comes from learning from our mistakes and doing better in our lives. So grant us humility to acknowledge before You our failures and in our repentance learn from them. Grant us Your guidance as we deal with complex facts and bills that come before us so we may do what is wise and helpful. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

#### SENATE CONCURRENT RESOLUTION NO. 22

Relating to the ratification of the Equal Rights Amendment to the United States Constitution.

WHEREAS, three years after women won the right to vote, the Equal Rights Amendment to the United States Constitution, authored by Alice Paul, head of the National Women's Party, was introduced in Congress by Senator Curtis and Representative Anthony, both Republicans; and

WHEREAS, the Equal Rights Amendment to the United States Constitution passed the United States Senate and then the United States House of Representatives, and on March 22, 1972, the proposed Amendment to the United States Constitution was sent to the states for ratification; and

WHEREAS, the Equal Rights Amendment to the United States Constitution states:

“Section 1. Equality of rights under the law shall not be denied or abridged by the United States or by any state on account of sex.

Section 2. The Congress shall have the power to enforce, by appropriate legislation, the provisions of this article.

Section 3. This amendment shall take effect two years after the date of ratification.”; and

WHEREAS, Congress placed a deadline of June 30, 1982, on the ratification process and thirty-five states ratified the proposed Amendment before the deadline; and

WHEREAS, Congress may not have the constitutional authority to place a deadline on the ratification process; and

WHEREAS, Article V of the United States Constitution allows the General Assembly of the State of Missouri to ratify this proposed Amendment to the Constitution of the United States; and

WHEREAS, the General Assembly of the State of Missouri finds that the proposed Amendment is meaningful and needed as part of the United States Constitution and that the present political, social and economic conditions are the same as or are even more demanding today than they were when the proposed Amendment was first submitted for adoption:

NOW, THEREFORE, BE IT RESOLVED that the members of the Missouri Senate, Ninety-sixth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby ratify the Equal Rights Amendment to the United States Constitution; and

BE IT FURTHER RESOLVED that the Secretary of the Senate be instructed to prepare a properly inscribed copy of this resolution for the Archivist of the United States, Washington, D.C.; the Vice President of the United States; the Speaker of the United States House of Representatives; and each member of the Missouri Congressional delegation with request that it be printed in the Congressional Record.

Read 1st time.

Senator Munzlinger offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 23

WHEREAS, Missouri ranks as one of the highest livestock and poultry producing states in the country and the support of this industry is of vital interest to our state; and

WHEREAS, livestock and poultry production play an important role in Missouri's economy, not only for the direct purchase of the products themselves, but also for the economic ripple effects from the purchase of agricultural inputs required to produce the meat and poultry products like grain and hay; and

WHEREAS, the processing and shipping of the meat and poultry is an integral and necessary part of the complete production process; and

WHEREAS, the Federal Meat Inspection Act of 1967 and the Poultry Products Inspection Act of 1968 required all state meat and poultry inspection programs to be equivalent to federal standards; and

WHEREAS, twenty-eight states have adopted state meat inspection programs that equal or exceed federal standards and several more are considering the same; and

WHEREAS, other commodities, such as milk, dairy products, fruit, vegetables, fish, shellfish, and complex canned products, which are inspected under state jurisdiction, are allowed to be marketed freely throughout the U.S.; and

WHEREAS, foreign-inspected meat can be shipped to and sold anywhere in the U.S. as long as that country's foreign inspection program is equivalent to U.S. federal standards, which, in practice, is the same standard that state-inspected programs must meet; and

WHEREAS, Congress, in the 2008 Farm Bill directed the U.S. Department of Agriculture to develop regulations to allow state-inspected meat to cross state lines; and

WHEREAS, the new U.S. Department of Agriculture regulations have implemented standards that require state-inspected meat programs to be "the same as" rather than "equal to", thereby requiring states to use the same computer programs and other provisions that provide states with no flexibility; and

WHEREAS, the new regulations limit a processor participating in the program to that which has 25 or fewer employees, disregarding the temporary or part-time nature of employees; and

WHEREAS, the small and mid-sized meat and poultry producers are finding a high consumer demand for locally grown and processed meat and poultry products that is not limited to within a state's border; and

WHEREAS, the ban on interstate shipping does not improve food safety and only serves to slow the growth of small businesses such as farms and processors, limit purchasing options for consumers, impede rural economic development, slow rural job growth, and further encourage the concentration of the meat processing industry:

NOW, THEREFORE, BE IT RESOLVED that the members of the Missouri Senate, Ninety-sixth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby wish to thank the members of Congress who supported the interstate shipment of state-inspected meat in the 2008 Farm Bill and given that the barriers to such sales now reside in regulation not legislation, hereby urge Congress to:

(1) Again address the issue either in the 2012 Farm Bill or as stand-alone legislation or guidance to the U.S. Department of Agriculture to ensure regulations are enacted that will allow the intent of the law to be satisfied and finally allow the interstate sale of state-inspected meat and poultry;

(2) Modify language regarding interstate commerce to allow states to exercise their prerogative to regulate meat sold within their borders regardless of where it originates; and

(3) Specifically allow states to develop their own processes and procedures for the interstate sale and distribution of meat grown and processed within their state borders; and

BE IT FURTHER RESOLVED that state legislators, state veterinarians, and state departments of agriculture are encouraged to work

collaboratively to develop memorandums of understanding that deem meat, inspected under state law equal to or exceeding the USDA standards, to be eligible for sale in another state; and

BE IT FURTHER RESOLVED that upon its passage by the General Assembly, the director of the Missouri Department of Agriculture shall distribute a copy of this resolution to all state departments of agriculture in the nation and the State Agriculture and Rural Leaders Association; and

BE IT FURTHER RESOLVED that the Secretary of the Senate be instructed to prepare a properly inscribed copy of this resolution for the director of the Missouri Department of Agriculture, the U.S. Secretary of Agriculture, the chairpersons of the U.S. Senate Committee on Agriculture, Nutrition and Forestry and the U.S. House Committee on Agriculture, and Missouri's Congressional delegation.
