FOUNDATION FORMULA
SECTION 2.015**

BOOK 1, PG. 41

The state’s education funding formula was changed in SB 287 (2005) with the changes becoming effective in FY 2007. The previous formula was a tax rate driven formula which provided a certain amount of money per student for each penny of property tax rate of the school district. The formula adopted in SB 287 (2005) follows a student needs philosophy. The new formula is weighted average daily attendance x state adequacy target x dollar value modifier – local effort = state funding. The new formula combines funding from FY 2006 for Equity, Line-14, Exceptional Pupil Aid, Remedial Reading, Gifted, Fair Share and County Foreign Insurance.

BOOK 1, PG. 211

SECTION 2.055

SB 1170 (2008) created this program to assist districts in paying the costs of emergency projects to replace or repair facilities destroyed or damaged due to acts of God or extreme weather events. The amount of the grant is not to exceed the cost of the project less any insurance proceeds or other moneys received by the eligible districts. The district is to repay the interest free loan over not more than 20 years. These funds were disbursed FY2010 and statute states that all repayments will be made to this fund; however this fund is subject to the biannual fund sweep.

Funds flow through a contract to the Parents As Teachers National Center for parent educator training, also Child Care Development Block Grants that provide technical assistance to child care centers. The remaining federal capacity is for the Child Development Associate (CDA) program that increases, enhances and improves the quality of child care and education programs by providing students enrolled in secondary, postsecondary and adult career education programs the opportunity to obtain entry level CDA certification and/or advanced degrees. The largest program in this Section is the Missouri Preschool Program funded through the Early Childhood Education and Care Fund which derives its funds through the Tobacco Settlement moneys.

This section provides grants for diagnosis, physical restoration, training, placement and related services to bring disabled individuals into the competitive labor market. The state provides a 20% match for these federal funds. This section also contains the Supported Employment Services program, which was funded under a separate section in FY 1996. This portion provides capacity to receive federal funds to move to competitive employment those MRDD or CMI persons who presently are employed in sheltered workshops but could operate in an integrated workplace. This program will provide on-the-job services to those individuals who are eligible, and will free up sheltered workshops slots for those on waiting lists that are unable to work competitively.

Increase in funding request was based on expenditure and revenue trends over the past three years - Medicaid and Family Cost Participation revenues will remain somewhat consistent; The number of insurance carriers that elect bulk claims as opposed to direct service claims will decrease, which will result in decreased revenue; Federal Part C funding will decrease; and Expenditures will increase relative to child count increases.
