Cost to implement SB 749 (2012). Due to the passage of SB 749, there will be an increase in the number of health insurance form filings. Due to the liability provisions in SB 749, for government agencies and employees, the complexity of insurance forms, and the need to determine that policies comply with Missouri law, the department will have to limit the amount of variability in policy form filings to ensure compliance with SB 749. The department estimates an additional 2,260 filings in a year, for the roughly 452 companies with an active license to write accident and health insurance coverage. FTE requested are 3 insurance product analysts and one senior legal counsel.

It requires individuals selling such contracts to become licensed with the department prior to selling, soliciting, or negotiating such contracts/products. Applicants disclosing or found to have a criminal history or some other event for which the department may seek refusal will be reviewed by the Investigations Section. Increase to handle expanding Captive Insurance Regulation. The number of captive insurance companies has grown significantly from two in 2007 to 28 in 2012. The workload related to licensing and regulating captive insurance companies has expanded as well. An additional FTE is needed to provide appropriate regulation of the Missouri captive industry. Currently, there is only one financial analyst for the 28 licensed Missouri captives. The captive program manager has frequently needed to assist the financial analyst with the workload, which takes away from that position's time to promote the program.

To replace the current licensure system to allow for future updates. The existing PR licensure system (PROMO) is 12 years old. Due to the age of the system, the lack of support for the system, the lack of customization options and the substantial timeframes required for adding new and necessary functionality, the division is requesting this funding to replace PROMO with a purchased software package. The replacement is projected to cost \$1,900,000 in total over two years.
