AN ACT

To repeal section 386.370, RSMo, and to enact in lieu thereof one new section relating to the public service commission assessment of water and sewer corporations.

Be it enacted by the General Assembly of the State of Missouri, as follows:

Section A. Section 386.370, RSMo, is repealed and one new section
2 enacted in lieu thereof, to be known as section 386.370, to read as follows:

386.370. 1. The commission shall, prior to the beginning of each fiscal
2 year beginning with the fiscal year commencing on July 1, 1947, make an
3 estimate of the expenses to be incurred by it during such fiscal year reasonably
4 attributable to the regulation of public utilities as provided in chapters 386, 392
5 and 393 and shall also separately estimate the amount of such expenses directly
6 attributable to such regulation of each of the following groups of public utilities:
7 Electrical corporations, gas corporations, water corporations, heating companies
8 and telephone corporations, telegraph corporations, sewer corporations, and any
9 other public utility as defined in section 386.020, as well as the amount of such
10 expenses not directly attributable to any such group. **For purposes of this
11 section, water corporations and sewer corporations will be combined
12 and considered one group of public utilities.**

13 2. The commission shall allocate to each such group of public utilities the
14 estimated expenses directly attributable to the regulation of such group and an
15 amount equal to such proportion of the estimated expenses not directly
16 attributable to any group as the gross intrastate operating revenues of such group
17 during the preceding calendar year bears to the total gross intrastate operating
18 revenues of all public utilities subject to the jurisdiction of the commission, as
19 aforesaid, during such calendar year. The commission shall then assess the
20 amount so allocated to each group of public utilities, subject to reduction as
21 herein provided, to the public utilities in such group in proportion to their

22 respective gross intrastate operating revenues during the preceding calendar
23 year, except that the total amount so assessed to all such public utilities shall not
24 exceed one-fourth of one percent of the total gross intrastate operating revenues
25 of all utilities subject to the jurisdiction of the commission.

26 3. The commission shall render a statement of such assessment to each
27 such public utility on or before July first and the amount so assessed to each such
28 public utility shall be paid by it to the director of revenue in full on or before July
29 fifteenth next following the rendition of such statement, except that any such
30 public utility may at its election pay such assessment in four equal installments
31 not later than the following dates next following the rendition of said statement,
32 to wit: July fifteenth, October fifteenth, January fifteenth and April
33 fifteenth. The director of revenue shall remit such payments to the state
34 treasurer.

35 4. The state treasurer shall credit such payments to a special fund, which
36 is hereby created, to be known as "The Public Service Commission Fund", which
37 fund, or its successor fund created pursuant to section 33.571, shall be devoted
38 solely to the payment of expenditures actually incurred by the commission and
39 attributable to the regulation of such public utilities subject to the jurisdiction of
40 the commission, as aforesaid. Any amount remaining in such special fund or its
41 successor fund at the end of any fiscal year shall not revert to the general
42 revenue fund, but shall be applicable by appropriation of the general assembly
43 to the payment of such expenditures of the commission in the succeeding fiscal
44 year and shall be applied by the commission to the reduction of the amount to be
45 assessed to such public utilities in such succeeding fiscal year, such reduction to
46 be allocated to each group of public utilities in proportion to the respective gross
47 intrastate operating revenues of the respective groups during the preceding
48 calendar year.

49 5. In order to enable the commission to make the allocations and
50 assessments herein provided for, each public utility subject to the jurisdiction of
51 the commission as aforesaid shall file with the commission, within ten days after
52 August 28, 1996, and thereafter on or before March thirty-first of each year, a
53 statement under oath showing its gross intrastate operating revenues for the
54 preceding calendar year, and if any public utility shall fail to file such statement
55 within the time aforesaid the commission shall estimate such revenue which
56 estimate shall be binding on such public utility for the purpose of this section.
