The Senate met pursuant to adjournment.

Reverend Carl Gauck offered the following prayer:

“Days are scrolls: write on them what you want to be remembered.” (Bahya ibn Pakuda)

Gracious God, we recognize the gift of each day and often the importance of it. Help us to use each day as if it were a day that would be recorded in history; let it say about us what we want to be known for and remembered by others. So help us use this day as is keeping with what is truly important to You and needed by others. In Your Holy Name we pray. Amen.

### MESSAGES FROM THE HOUSE

The following messages were received from the House of Representatives through its Chief Clerk:

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and adopted **HCS** for **HCR 38**.

#### HOUSE COMMITTEE SUBSTITUTE FOR HOUSE CONCURRENT RESOLUTION NO. 38

WHEREAS, the United States Environmental Protection Agency (EPA) is overstepping its jurisdictional boundaries regarding the regulation of water quality and the use of coal and wood as energy sources in Missouri; and

WHEREAS, the EPA refuses to allow the practice of blending as related to municipal waste water treatment plants in 55 of Missouri's municipalities, which is estimated to cost our state \$650 to \$700 million dollars; and

WHEREAS, on August 22, 2013, the EPA finalized water quality criteria for ammonia as a result of toxicity studies of mussels; and

WHEREAS, only 2 of the 69 species of mussels in Missouri would be affected by the new criteria, yet the EPA forces the extreme ammonia standards on the state anyway; and

WHEREAS, nearly all discharging domestic waste water treatment facilities as well as certain industrial and storm water dischargers with ammonia in their effluent cannot meet the new ammonia standards with current, reasonably priced technology; and

WHEREAS, the estimated cost to Missourians to comply with the new ammonia standards is \$1 billion dollars; and

WHEREAS, a reliable, affordable energy supply is vital to the nation's future economic growth, security, and quality of life; and

WHEREAS, domestically produced coal has been and continues to be used as a fuel to produce over 80 percent of the electricity generated

by the state's investor-owned electric utilities, municipally owned utilities, and rural electric cooperatives; and

WHEREAS, the state's heavy reliance on coal as a fuel source for Missouri's base-load electric generation is due primarily to coal being abundant, available, reliable, and comparatively much less expensive than virtually all other available fuels; and

WHEREAS, the EPA has issued proposed rules and regulations for new fossil fuel-fired power plants and is expected to issue its proposed rules and regulations for existing fossil fuel-fired power plants by June 1, 2014, with implementation by June 2015; and

WHEREAS, the EPA's proposed regulations for new power plants would require all new coal-fired power plants to utilize carbon capture and storage (CCS) technology, otherwise known as "sequestration", to capture and store carbon dioxide underground in order to meet the EPA's new stringent emission limits, even though such sequestration technology is not yet economical or even widely commercially available; and

WHEREAS, stricter emission standards imposed by the EPA on Missouri's coal-fired electric power plants will translate into higher electric costs that necessarily must be paid for by all Missouri consumers, either directly in higher electric rates or indirectly through higher costs for other goods and services; and

WHEREAS, the recent spike in propane gas prices should remind us that we need to safeguard our readily available and cost-effective resources; and

WHEREAS, the use of other forms of renewable energy should be encouraged, but not demanded and not by eliminating proven, time-tested resources; and

WHEREAS, the EPA is also proposing new source performance standards for residential wood heaters by reducing maximum fine particulate emissions from 15 micrograms per cubic meter of air to 12 micrograms per cubic meter of air; and

WHEREAS, the proposed new source performance standards would apply to new wood stoves and other wood heaters, requiring manufacturers, many of which are small businesses, to implement costly changes to their manufacturing process and products; and

WHEREAS, most wood stoves and other wood heaters are sold for use in rural, cold climate areas where wood is readily available and the consumption of wood for residential purposes is highest in the Midwest; and

WHEREAS, over 97,000 homes in Missouri used wood as their home heating fuel in 2012; and

WHEREAS, wood is the most accessible and affordable renewable energy resource for home heating; and

WHEREAS, the net carbon dioxide emissions from wood are far below those of all other fuels; and

WHEREAS, wood heating strengthens local economies, including providing jobs and incomes, since wood can be purchased locally and the money stays in the community versus purchasing natural gas or petroleum fuels from outside the community; and

WHEREAS, the cost of a new wood stove or other wood heater, which would meet the EPA's proposed new source performance standards, would be cost-prohibitive for many rural Missourians who rely on wood stoves as their residential heating source; and

WHEREAS, each state has different resources and needs and should be permitted the maximum flexibility and discretion in implementing policies and regulations regarding its natural resources:

NOW, THEREFORE, BE IT RESOLVED that the members of the House of Representatives of the Ninety-seventh General Assembly, Second Regular Session, the Senate concurring therein, hereby urge the United States Congress to decrease the EPA's authority to regulate water quality and the use of coal and wood as energy sources; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copy of this resolution for the Majority and Minority Leaders of the United States Senate and House of Representatives, the Administrator of the Environmental Protection Agency, and each member of the Missouri Congressional delegation.

In which the concurrence of the Senate is respectfully requested.

Also,

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and adopted **HCS** for **HCR 45**.

HOUSE COMMITTEE SUBSTITUTE FOR  
HOUSE CONCURRENT RESOLUTION NO. 45

WHEREAS, the Joint Interim Committee on State Employee Wages was established under HCR 32 by the Ninety-Sixth General

Assembly, First Regular Session, and was reauthorized under HCR 33 by the Ninety-Sixth General Assembly, Second Regular Session, and was charged with studying and developing strategies for increasing the wages of Missouri's state employees so Missouri will become competitive with its peer states in regard to state employee wages; and

WHEREAS, Missouri state employees are ranked 50th out of 50 states for the wages paid to state employees; and

WHEREAS, Missouri state employees provide excellent service to Missourians; and

WHEREAS, Missouri state employees have had to do more with less resources for the past several years; and

WHEREAS, Missouri state employee salary increases have not kept pace with inflation; and

WHEREAS, Missouri state employee insurance costs have steadily increased; and

WHEREAS, the Missouri state employees deferred compensation state match of state employee contributions made up to \$35 has not been funded for several years; and

WHEREAS, new Missouri state employees who are first employed by the state after January 1, 2011, are required to contribute 4 percent of their pay to their retirement plan; and

WHEREAS, the State of Missouri does not have comprehensive data on state employee compensation or total compensation; and

WHEREAS, the State of Missouri does not have a long-term or strategic plan for increasing the wages of state employees; and

WHEREAS, the State of Kansas undertook a similar initiative and has learned many lessons that could benefit the State of Missouri; and

WHEREAS, the three poorest states in the nation - West Virginia, Mississippi, and Arkansas - all rank ahead of Missouri in state employee annual compensation:

NOW, THEREFORE, BE IT RESOLVED, that the members of the House of Representatives of the Ninety-seventh General Assembly, Second Regular Session, the Senate concurring therein, hereby re-authorize the "Joint Interim Committee on State Employee Wages" to function in the legislative interims and during regular legislative sessions upon approval of the Speaker of the House of Representatives and the President Pro Tempore of the Senate through December 31, 2016, upon passage and approval of this resolution for the purpose of further study and development of strategies for increasing the wages of Missouri's state employees so Missouri will become competitive with its peer states in regard to state employee wages; and

BE IT FURTHER RESOLVED, that upon re-establishment, the Joint Interim Committee shall:

(1) Devise a focused and concise mission statement to guide actions of the Joint Interim Committee;

(2) Request the State Office of Administration to invest in a consultant to conduct salary and total compensation surveys to comprehensively review and analyze the state classification and compensation structures, similar to what other states have done;

(3) Request the State Office of Administration, with the advice and consent of the Joint Interim Committee, to use the data from the comprehensive study to produce a long-term strategic plan for increasing state employee wages and to present such plan to the Governor, the House Budget Committee, and the Senate Appropriations Committee by January 31, 2017; and

(4) Such other matters as the Joint Interim Committee may deem necessary in order to determine the proper course of future legislative and budgetary action regarding these issues; and

BE IT FURTHER RESOLVED, that the Joint Interim Committee be composed of the following members:

(1) Two majority party members and one minority party member of the House of Representatives to be appointed by the Speaker and Minority Leader of the House;

(2) Two majority party members and one minority party member of the Senate to be appointed by the President Pro Tem and Minority Leader of the Senate;

(3) One representative from the Governor's Office;

(4) One representative from the State Personnel Advisory Board; and

(5) Two members of the public, with one to be appointed by the Speaker of the House and one to be appointed by the President Pro Tem of the Senate; and

BE IT FURTHER RESOLVED, that the Joint Interim Committee may solicit input and information necessary to fulfill its obligations including, but not limited to, soliciting input and information from any state department or agency the Joint Interim Committee deems relevant

and the general public; and

BE IT FURTHER RESOLVED, that the staff of House Appropriations, Senate Appropriations, House Research, Senate Research, and the Joint Committee on Legislative Research shall provide such legal, research, clerical, technical, and bill drafting services as the Joint Interim Committee may require in the performance of its duties; and

BE IT FURTHER RESOLVED, that the actual and necessary expenses of the Joint Interim Committee, its members, and any staff assigned to the Joint Interim Committee incurred by the Joint Interim Committee shall be paid by the Senate's Joint Contingent Expenses appropriation.

In which the concurrence of the Senate is respectfully requested.
